

GLOWPOINT, INC.
Form 10-Q
October 18, 2011

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

Quarterly report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the quarterly period ended September 30, 2011.

or

Transition report under Section 13 or 15(d) of the Securities Exchange Act of 1934

Commission file number: 0-25940

GLOWPOINT, INC.

(Exact Name of Registrant as Specified in its Charter)

Delaware
(State or Other Jurisdiction of
Incorporation or Organization)

77-0312442
(I.R.S. Employer Identification No.)

430 Mountain Avenue, Suite 301, Murray Hill, NJ, 07974
(Address of Principal Executive Offices, including Zip Code)

(973) 855-3411
(Registrant's Telephone Number, including Area Code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act.)

Yes No

The number of shares outstanding of the registrant's common stock as of October 17, 2011 was 25,143,750.

GLOWPOINT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
September 30, 2011
(Unaudited)

Note 1 - Basis of Presentation

The Business

Glowpoint, Inc. ("Glowpoint" or "we" or "us" or the "Company"), a Delaware corporation, is a provider of cloud managed video services. The Company pursues its recurring revenue business model by delivering service to more than 500 different enterprises in over 35 countries supporting thousands of video endpoints, telepresence rooms, and infrastructure. Glowpoint's managed services solve the challenges associated with achieving consistent high-quality video experiences and controlling the total cost of ownership related to technology and support.

Glowpoint provides wholesale programs and private-labeled (branded) resale options for hardware manufacturers, network operators and system integrators seeking to offer video services as a value-added addition to their collaboration and communications offerings. Today, the Company maintains multiple strategic partnerships that are core to its global sales strategy.

Glowpoint's services, which are accessible from anywhere in the world, enable two-way interactive video communications through our Open Video™ cloud platform. Glowpoint's Open Video service cloud is fully equipped with multi-tenant infrastructure, technology platforms, and applications, much of which is proprietary. Customers simply plug into Open Video to gain access to the services. In this regard, our services are analogous to the "software and infrastructure as a service" industry.

Glowpoint's core service offerings are designed to integrate video into enterprise unified communications environments enabling scalability, security and interoperability for large enterprises and small and medium sized businesses around the world. The four primary components of our managed services consist of help desk and concierge support, open business exchange platform, hosted bridging and remote monitoring. Open Video offers telepresence, video and unified collaboration users a way to meet and communicate across various hardware and software platforms and carrier networks in a secure, open fashion – removing barriers to video collaboration and communications.

Glowpoint operates in one reporting segment. In September 2010, we determined that our Integrated Services Digital Network ("ISDN") resale services no longer fit into our strategic plan. We entered into an agreement with an independent telecommunications service provider to transfer our customers receiving this service to them, and prospectively we now receive a 15% recurring referral fee for those revenues. The transfer of the customers was completed in the third quarter of 2011 (see Note 12).

Liquidity

For the nine months ended September 30, 2011, we had net income attributable to common stockholders of \$85,000 and a positive cash flow from operations of \$117,000. At September 30, 2011, we had \$1,359,000 of cash, negative working capital of \$173,000 and an accumulated deficit of \$164,983,000. We have historically been able to raise capital in private placements, including \$3,000,000 in March 2010 and \$1,000,000 in September 2010, as needed to fund operations and provide growth capital. In June 2011, the Company issued shares of common stock, in lieu of cash, as consideration for the purchase of assets pursuant to the terms of a purchase agreement. In June 2010, the Company entered into a Revolving Loan Facility (as discussed in Note 11) pursuant to which the Company may

borrow up to \$5,000,000 for working capital purposes and under which we had unused borrowing availability of approximately \$1,535,000 as of September 30, 2011. The Revolving Loan Facility matures in June 2012. In addition to our financing activity, we also amended the terms of our Series A-2 Preferred Stock and created a Series B-1 Preferred Stock, which does not pay dividends until January 2013. We also reached settlements regarding a majority of the liability for which we had accrued sales and use taxes and regulatory fees. Based primarily on our efforts to manage costs, the 2010 Private Placements (as defined in Note 3), our new Revolving Loan Facility, the elimination of dividends until January 2013, along with our cash flow projection, the Company believes that it has, and will have, sufficient cash flow to fund its operations through at least the fourth quarter of 2012. There can be no assurances, however, that we will be able to raise additional capital as may be needed or upon acceptable terms, or that current economic conditions will not negatively impact us. If the current economic conditions negatively impact us and we are unable to raise additional capital that may be needed on terms acceptable to us, it could have a material adverse effect on the Company.

Table of Contents

Quarterly Financial Information and Results of Operations

The condensed consolidated financial statements as of September 30, 2011 and for the nine and three months ended September 30, 2011 and 2010 are unaudited and, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) necessary to present fairly the financial position as of September 30, 2011, and the results of operations for the nine and three months ended September 30, 2011 and 2010, the statement of stockholders' equity for the nine months ended September 30, 2011 and the statement of cash flows for the nine months ended September 30, 2011 and 2010. The results for the nine and three months ended September 30, 2011 are not necessarily indicative of the results to be expected for the entire year. While management of the Company believes that the disclosures presented are adequate to make the information not misleading, these condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the footnotes thereto for the fiscal year ended December 31, 2010 as filed with the Securities and Exchange Commission with our Form 10-K on March 16, 2011 (the "Audited 2010 Financial Statements").

Note 2 – Summary of Significant Accounting Policies

Principles of Consolidation

The condensed consolidated financial statements include the accounts of Glowpoint and our wholly-owned subsidiary, GP Communications, LLC. All material inter-company balances and transactions have been eliminated in consolidation.

Reclassifications

The accompanying condensed consolidated financial statements reflect the operating results and balance sheet items of the discontinued operations separately from continuing operations. Prior year financial statements have been restated in conformity with generally accepted accounting principles to present the operations of the ISDN resale services as a discontinued operation.

Certain other prior year amounts have been reclassified to conform to the current period presentation and the impact of the reverse stock split on January 14, 2011.

Use of Estimates

Preparation of the condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from the estimates made. We continually evaluate estimates used in the preparation of the condensed consolidated financial statements for reasonableness. Appropriate adjustments, if any, to the estimates used are made prospectively based upon such periodic evaluation. The significant areas of estimation include determining the allowance for doubtful accounts, deferred tax valuation allowance, accrued sales taxes, the estimated life of customer relationships and the estimated lives and recoverability of property and equipment.

See "Summary of Significant Accounting Policies" in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for a discussion on the estimates and judgments necessary in the Company's accounting for the allowance for doubtful accounts, financial instruments, concentration of credit risk, property and equipment, income taxes, stock-based compensation, and accrued sales taxes and regulatory fees.

Table of Contents

Accounting Standards Updates

There have been no recent accounting pronouncements or changes in accounting pronouncements during the three months ended September 30, 2011, as compared to the recent accounting pronouncements described in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, that are of material significance, or have potential material significance to the Company.

Revenue Recognition

We recognize subscription revenue when the related services have been performed. Revenue billed in advance is deferred until the revenue has been earned. Other service revenue, including amounts passed through based on surcharges from our telecom carriers, related to the Glowpoint managed network service and the multi-point video and audio conferencing services are recognized as service is provided. As the non-refundable, upfront activation fees charged to the subscribers do not meet the criteria as a separate unit of accounting, they are deferred and recognized over the 12 to 24 month period estimated life of the customer relationship. Revenue related to integration services is recognized at the time the services are performed, and presented as required by ASC Topic 605 "Revenue Recognition." Revenues derived from other sources are recognized when services are provided or events occur.

Taxes Billed to Customers and Remitted to Taxing Authorities

We recognize taxes billed to customers in revenues and taxes remitted to taxing authorities in our operating costs, network and infrastructure. For the nine and three months ended September 30, 2011, we included taxes of \$1,237,000 and \$391,000, respectively, in revenues and we included taxes of \$1,129,000 and \$328,000, respectively, in network and infrastructure costs. For the nine and three months ended September 30, 2010, we included taxes of \$1,463,000 and \$478,000, respectively, in revenues and we included taxes of \$1,354,000 and \$458,000, respectively, in network and infrastructure costs.

Long-Lived Assets

We evaluate impairment losses on long-lived assets used in operations, primarily fixed assets, when events and circumstances indicate that the carrying value of the assets might not be recoverable as required by ASC topic 360 "Property, Plant and Equipment." For purposes of evaluating the recoverability of long-lived assets, the undiscounted cash flows estimated to be generated by those assets are compared to the carrying amounts of those assets. If and when the carrying values of the assets exceed their fair values, then the related assets will be written down to fair value. In the nine and three months ended September 30, 2011 and 2010, no impairment losses were recorded except for the amount discussed below under capitalized software costs.

Capitalized Software Costs

The Company capitalizes certain costs incurred in connection with developing or obtaining internal-use software. All software development costs have been appropriately accounted for as required by ASC Topic 350.40 "Intangible – Goodwill and Other – Internal-Use Software." Capitalized software costs are included in "Property and Equipment" on our consolidated balance sheets and are amortized over three to four years. Software costs that do not meet capitalization criteria are expensed as incurred. For the nine and three months ended September 30, 2011, we capitalized internal use software costs of \$387,000 (which includes a \$103,000 reclass from network equipment to network software related to software purchased in the second quarter) and \$87,000, respectively, and we amortized \$206,000 and \$79,000, respectively, of these costs. During the three months ended September 30, 2011, we recorded an impairment loss of \$23,000 for certain costs previously capitalized. For the nine and three months ended September 30, 2010, we capitalized internal use software costs of \$216,000 and \$105,000, respectively, and we

amortized \$177,000 and \$64,000, respectively, of these costs. In the nine and three months ended September 30, 2010 no impairment losses were recorded.

-7-

Table of Contents

Income Taxes

The Company has completed a preliminary study in accordance with Section 382 of the Internal Revenue Code (“Section 382”) and has determined that the ownership changes it has undergone will significantly impair the Company’s ability to utilize its net operating carryforwards before their expiration. As a result of this study, approximately \$89,250,000 of federal net operating loss carryforwards will expire without being able to be utilized. This would reduce the Company’s deferred tax asset as well as the valuation allowance by approximately \$89,250,000 with no effect on the consolidated balance sheet or statement of operations. The Company continues to maintain a full valuation allowance against its deferred tax assets. Due to the ownership changes, the Company is subject to an annual limitation of approximately \$3,400,000 through 2013 and approximately \$1,200,000 from 2014 to 2028.

Note 3 – 2010 Private Placements

In March and September 2010, the Company entered into transactions to raise further growth capital (the “2010 Private Placements”). As required by ASC topic 260 “Earnings Per Share,” we recognized a \$934,000 “Loss on Redemption of Preferred Stock” in our condensed consolidated statements of operations, which is added to our net loss to arrive at the net loss attributable to common stockholders.

Note 4 – Stock Options

We periodically grant stock options to employees and directors in accordance with the provisions of our stock option plans, with the exercise price of the stock options being set at the closing market price of the common stock on the date of grant. The intrinsic value of options outstanding and exercisable at September 30, 2011 and 2010 was \$185,000 and \$118,000, respectively. Options exercised during the nine and three months ended September 30, 2011 were 154,000 and 30,000, respectively. Options exercised during the nine and three months ended September 30, 2010 were 10,500 and 5,500, respectively.

The weighted average fair value of each option granted is estimated on the date of grant using the Black-Scholes option valuation model with the following weighted average assumptions during the nine and three months ended September 30, 2011 and 2010:

	Nine Months Ended September 30,				Three Months Ended September 30,			
	2011		2010		2011		2010	
Risk free interest rate	2.0	%	2.3	%	1.5	%	0.3	%
Expected option lives	5 Years		5 Years		5 Years		5 Years	
Expected volatility	117.3	%	112.2	%	116.1	%	99.0	%
Estimated forfeiture rate	10	%	10	%	10	%	10	%
Expected dividend yields	None		None		None		None	
Weighted average grant date fair value of options	\$	1.84	\$	1.92	\$	1.67	\$	0.88

Table of Contents

The Company calculates expected volatility for a stock-based grant based on historic daily stock price observations of its common stock during the period immediately preceding the grant that is equal in length to the expected term of the grant. The expected term of the options and forfeiture rates are estimated based on the Company's exercise and employment termination experience. The risk free interest rate is based on U.S. Treasury yields for securities in effect at the time of grants with terms approximating the expected life of the grants. The assumptions used in the Black-Scholes option valuation model are highly subjective and can materially affect the resulting valuations.

A summary of options granted, exercised, expired and forfeited under our plans and options outstanding as of, and changes made during, the nine months ended September 30, 2011 (in thousands):

	Outstanding		Exercisable	
	Number of	Weighted	Number of	Weighted
	Options	Average	Options	Average
		Exercise		Exercise
		Price		Price
Options outstanding, January 1, 2011	1,260	\$ 3.19	848	\$ 3.72
Granted	14	2.25		
Exercised (1)	(154)	1.62		
Expired	(31)	16.29		
Forfeited	(258)	2.94		
Options outstanding, September 30, 2011	831	\$ 3.05	627	\$ 3.35

(1) 39 common shares were issued in cashless exercises of 154 options.

In the third quarter of 2011, certain options were forfeited resulting in negative stock option compensation of \$5,000 for the period. Stock option compensation expense is allocated as follows for the nine and three months ended September 30, 2011 and 2010 (in thousands):

	Nine Months Ended September 30,		Three Months Ended September 30,	
	2011	2010	2011	2010
Global managed services	\$ 35	\$ 94	\$ (3)	\$ 28
Sales and marketing	8	33	(2)	12
General and administrative	16	67	—	28
	\$ 59	\$ 194	\$ (5)	\$ 68

The remaining unrecognized stock-based compensation expense for options at September 30, 2011 was \$229,000, of which \$197,000, representing 95,000 options, will only be expensed upon a "change in control" and the remaining \$32,000 will be amortized over a weighted average period of approximately six months.

The tax benefit recognized for stock-based compensation for the nine and three months ended September 30, 2011 was diminimus. There was no tax benefit recognized for the stock-based compensation for the nine and three months ended September 30, 2010. No compensation costs were capitalized as part of the cost of an asset.

Table of Contents

Note 5 - Restricted Stock

A summary of restricted stock granted, vested, forfeited and unvested outstanding as of, and changes made during, the nine and three months ended September 30, 2011, is presented below (in thousands):

	Restricted Shares	Weighted Average Grant Price
Unvested restricted shares outstanding, January 1, 2011	689	\$ 2.13
Granted	299	2.15
Vested	(94)	1.68
Forfeited	(90)	2.52
Unvested restricted shares outstanding, September 30, 2011	804	\$ 2.15

Restricted stock shares granted and compensation expense is allocated as follows for the nine and three months ended September 30, 2011 and 2010 (in thousands):

	Nine Months Ended September 30,		Three Months Ended September 30,	
	2011	2010	2011	2010
Restricted stock shares granted	299	532	130	172
Global managed services	\$ 23	\$ 16	\$ 5	\$ 5
Sales and marketing	16	7	7	5
General and administrative	83	228	27	136
	\$ 122	\$ 251	\$ 39	\$ 146

The remaining unrecognized stock-based compensation expense for restricted stock at September 30, 2011 was \$1,409,000, of which \$330,000, representing 130,000 shares, will only be expensed upon a “change in control” and the remaining \$1,079,000 will be amortized over a weighted average period of 7.7 years.

The tax benefit recognized for stock-based compensation for the nine and three months ended September 30, 2011 was diminimus. There was no tax benefit recognized for stock-based compensation for the nine and three months ended September 30, 2010. No compensation costs were capitalized as part of the cost of an asset.

Note 6 – Warrants

In August 2011, certain holders of the Company’s warrants elected to convert 679,000 warrants into 360,000 shares of common stock of the Company (the “Warrant Conversion”).

A summary of warrants granted, exercised, exchanged, forfeited and outstanding as of, and changes made during, the nine months ended September 30, 2011, is presented below (in thousands):

	Warrants	Weighted Average Exercise Price
Warrants outstanding, January 1, 2011	712	\$ 1.98
Granted	—	
Exercised	(679)	
Forfeited	—	
Warrants outstanding, September 30, 2011	33	\$ 1.60

All of our outstanding warrants as of September 30, 2011 are exercisable with an exercise price of \$1.60 and have an expiration date of November 25, 2013.

-10-

Table of Contents

Note 7 – Earnings or Loss Per Share

Earnings or loss per share is calculated by dividing net earnings (loss) attributable to common stockholders by the weighted average number of shares of common shares outstanding during the period. Diluted loss per share for the nine and three months ended September 30, 2010 is the same as basic loss per share due to the net loss in each of the respective periods. For the nine and three months ended September 30, 2011 diluted earnings per share includes 90,000 and 82,000, respectively, shares of common stock associated with outstanding options and warrants, and 235,000 and 235,000, respectively, shares issuable upon conversion of our convertible preferred stock calculated using the treasury stock method.

For the nine months ended September 30, 2010, the following potential shares of common stock that could have been issuable have been excluded from the calculation of diluted loss per share because the effects, as a result of our net loss, would be anti-dilutive (in thousands):

	September 30, 2010
Series A-2 Preferred Stock	2,742
Warrants	712
Options	1,289
Unvested restricted stock	601
	5,344

Note 8 – Preferred Stock

In August 2011, certain holders of the Company's Series A-2 Preferred Stock elected to convert 965 shares of Series A-2 Preferred Stock into 2,413,000 shares of common stock of the Company (the "A-2 Conversion") at the original conversion price. Each of the Series A-2 Preferred Stock shares was exchanged for 2,500 shares of common stock, pursuant to the terms of the Series A-2 Preferred Stock Certificate of Designation.

In connection with the A-2 Conversion, the Company and the holders of the Series B-1 Preferred Stock entered into a Stockholders Agreement dated August 3, 2011 (the "Stockholders Agreement"), which provides for a mandatory redemption of the Series B-1 Preferred Stock upon the completion of a "public offering" (as such term is defined in the Stockholders Agreement) that satisfies certain conditions. As the circumstances under which the series B-1 Preferred Stock becomes redeemable are solely within the control and decision of the Company, these shares have been accounted for as permanent equity.

Each share of Series B-1 Preferred Stock has a stated value of \$100,000 per share (the "Series B-1 Stated Value"), and a liquidation preference equal to the Series B-1 Stated Value plus all accrued and unpaid dividends (the "Series B-1 Liquidation Preference"). The Series B-1 Preferred Stock is not convertible into common stock. The Series B-1 Preferred Stock is senior to all other classes of equity and, commencing on January 1, 2013, is entitled to cumulative dividends from January 1, 2013, at a rate of 4% per annum, payable quarterly, based on the Series B-1 Stated Value. Commencing January 1, 2014, the cumulative dividend rate increases to 6% per annum, payable quarterly, based on the Series B-1 Stated Value. The Company may, at its option at any time, redeem all or a portion of the outstanding shares of Series B-1 Preferred Stock by paying the Series B-1 Liquidation Preference.

Each share of Series A-2 Preferred Stock has a stated value of \$7,500 per share (the "A-2 Stated Value"), a liquidation preference equal to the Series A-2 Stated Value, and is convertible at the holder's election into common stock at a conversion price per share of \$3.00. Therefore, each share of Series A-2 Preferred Stock is convertible into 2,500 shares of common stock. The Series A-2 Preferred Stock is subordinate to the Series B-1 Preferred Stock but senior to all other classes of equity, has weighted average anti-dilution protection and, commencing on January 1, 2013, is

entitled to cumulative dividends at a rate of 5% per annum, payable quarterly, based on the Series A-2 Stated Value. Once dividend payments commence, all dividends are payable at the option of the holder in cash or through the issuance of a number of additional shares of Series A-2 Preferred Stock with an aggregate liquidation preference equal to the dividend amount payable on the applicable dividend payment date.

Table of Contents

Our Certificate of Incorporation authorizes the issuance of up to 5,000,000 shares of preferred stock. As of September 30, 2011, there are: 100 shares of Series B-1 Preferred Stock authorized, issued and outstanding; 7,500 shares of Series A-2 Preferred Stock authorized and 94 shares issued and outstanding; and 4,000 shares of Series D Preferred Stock authorized and no shares issued or outstanding.

In accordance with ASC Topic 815, we evaluated whether our convertible preferred stock contains provisions that protect holders from declines in our stock price or otherwise could result in modification of the exercise price and/or shares to be issued under the respective preferred stock agreements based on a variable that is not an input to the fair value of a “fixed-for-fixed” option and require a derivative liability. The Company determined no derivative liability is required under ASC Topic 815 with respect to our convertible preferred stock. A contingent beneficial conversion amount is required to be calculated and recognized when and if the adjusted conversion price of the convertible preferred stock, currently \$3.00, is adjusted to reflect a down round stock issuance that reduces the conversion price below the \$1.16 fair value of the common stock on the issuance date of the convertible preferred stock.

Note 9 - Commitments and Contingencies

Operating Leases

We lease several facilities under operating leases expiring through 2014. Certain leases require us to pay increases in real estate taxes, operating costs and repairs over certain base year amounts. Lease payments for the nine and three months ended September 30, 2011 were \$371,000 and \$124,000, respectively. Lease payments for the nine and three months ended September 30, 2010 were \$289,000 and \$96,000, respectively.

Capital Lease Obligation

We lease certain equipment under a non-cancelable lease agreement at a fixed interest rate of 6%. The lease is accounted for as capital lease. Future minimum commitments under all non-cancelable capital leases are as follows (in thousands):

	Total	Interest	Principal
2011	\$ 62	\$ 9	\$ 53
2012	185	21	164
2013	186	12	174
2014	124	3	121
	\$ 557	\$ 45	\$ 512

Commercial Commitments

We have entered into a number of agreements with telecommunications companies to purchase communications services. Some of the agreements require a minimum amount of services to be purchased over the life of the agreement, or during a specified period of time.

Glowpoint believes that it will meet its commercial commitments. In certain instances where Glowpoint did not meet the minimum commitments, no penalties for minimum commitments have been assessed and the Company has entered into new agreements. It has been our experience that the prices and terms of successor agreements are similar to those offered by other carriers.

Glowpoint does not believe that any loss contingency related to a potential shortfall should be recorded in the condensed consolidated financial statements because it is not probable, from the information available and from prior

experience, that Glowpoint has incurred a liability.

-12-

Table of Contents

Letter of Credit

In November 2010, the Company entered into an irrevocable standby letter of credit (the “LOC”) for \$115,000 to secure our security deposit for the sublease of our corporate headquarters. The LOC was obtained from Silicon Valley Bank (“SVB”) and will be renewed yearly until January 2014, the expiration date of our sublease.

Note 10 – Major Customers

Major customers are those customers that account for more than 10% of revenues. For the nine and three months ended September 30, 2011, 24.9% and 23.5% of revenues, respectively, were derived from two major customers and the accounts receivable from these major customers represented 19.1% of total accounts receivable as of September 30, 2011. For the nine and three months ended September 30, 2010, 18.4% and 19.4% of revenues, respectively, were derived from one major customer and the accounts receivable from this major customer represented 20.2% of total accounts receivable as of September 30, 2010. The loss of these customers would have a material adverse affect on the Company’s operations.

Note 11 – Revolving Loan Facility

On June 16, 2010, the Company entered into a Loan and Security Agreement (the “Revolving Loan Facility”) with SVB pursuant to which the Company may borrow up to \$5,000,000 for working capital purposes. The Revolving Loan Facility matures on June 15, 2012. The amounts that can be borrowed at any given time are equal to the lesser of \$5,000,000 or 80% of the eligible accounts receivable, as defined. As of September 30, 2011, we had unused borrowing availability of \$1,535,000. Outstanding principal amounts under the Revolving Loan Facility bear interest at a floating rate per annum equal to Prime Rate as announced by SVB plus two percent (2%), payable monthly in arrears, subject to a minimum interest rate of 6%. The Company is also obligated to pay minimum monthly interest of \$3,750 regardless of the amount borrowed. The SVB Prime Rate was 4% as of September 30, 2011. The Revolving Loan Facility is secured by a first priority security interest in all the Company’s assets, including, without limitation, its intellectual property. The Revolving Loan Facility contains a number of financial covenants, including without its limitation, covenants relating to minimum unrestricted cash balances and minimum monthly Adjusted EBITDA, as defined, in the Revolving Loan Facility. At September 30, 2011, we were in compliance with the covenants, as defined, set forth in the Revolving Loan Facility and there was \$750,000 outstanding under the Revolving Loan Facility.

The Revolving Loan Facility financing costs, net of accumulated amortization, which are included in other assets in the accompanying consolidated balance sheets, were \$44,000 as of September 30, 2011. The financing costs for the Revolving Loan Facility are being amortized over the 12- to 24-month period through the maturity date of the Revolving Loan Facility. During the quarter ended September 30, 2011, the amortization of financing costs was \$15,000 and was included as “Amortization of Deferred Financing Costs” in the consolidated statement of operations in Interest and Other Expense.

Note 12 – Discontinued Operations

Our ISDN resale services no longer fit into our overall strategic plan. In September 2010, we entered into an agreement with an independent telecommunications service provider to transfer these services and the related customers, and going forward the Company will receive a 15% monthly recurring referral fee for those revenues for as long as the customers maintain service. The only remaining assets of the ISDN resale services are the receivables for services provided prior to the transfer, and the Company will retain and collect these accounts. The transfer of the customers was completed in the third quarter of 2011, and the Company will have no continuing involvement with the ISDN product line.

The Company accordingly classified these ISDN related revenues and expenses as discontinued operations in accordance with ASC 205.20 "Discontinued Operations." The accompanying condensed consolidated financial statements reflect the operating results and balance sheet items of the discontinued operations separately from continuing operations. Prior year financial statements have been restated in conformity with generally accepted accounting principles to present the operations of the ISDN resale services as a discontinued operation.

-13-

Table of Contents

Revenues from the ISDN resale services, reported as discontinued operations, for the nine months ended September 30, 2011 and 2010 were \$81,000 and \$563,000, respectively, and for the three months ended September 30, 2011 and 2010 were \$0 and \$174,000, respectively. Net income from the ISDN resale services, reported as discontinued operations, for the nine months ended September 30, 2011 and 2010 were \$29,000 and \$180,000, respectively, and for the three months ended September 30, 2011 and 2010 were \$11,000 and \$68,000, respectively. The assets and liabilities from the ISDN resale services, reported as net current (liabilities)/assets of discontinued operations, as of September 30, 2011 and 2010 were (\$50,000) and \$169,000, respectively. No income tax provision was required to be recognized by the Company against income from the ISDN resale services over the related periods.

Note 13 – Related Party Transactions

The Company provides cloud-managed video services (the “Video Services”) to a company in which one of our directors is an officer. Management believes that such transactions contain terms that would have been obtained from unaffiliated third parties.

Related party Video Services revenue for the nine months ended September 30, 2011 and 2010 were \$230,000 and \$238,000, respectively, and for the three months ended September 30, 2011 and 2010 were \$69,000 and \$79,000, respectively. The accounts receivable for this company was \$46,000 as of September 30, 2011.

Also, the Company receives financial advisory services from a firm where one of the principals is a shareholder of Glowpoint. Management believes that such transactions contain terms that would have been obtained from unaffiliated third parties.

Related party financial advisory fees for the nine months ended September 30, 2011 and 2010 were \$108,000 and \$210,000, respectively, and for the three months ended September 30, 2011 and 2010 were \$36,000 and \$0, respectively. As of September 30, 2011, there was no accounts payable for this firm.

Note 14 – Asset Purchase Agreement

On June 30, 2011, the Company issued 769,000 shares of common stock as consideration for the purchase of assets pursuant to the terms of a purchase agreement. The assets acquired are equipment primarily used in the delivery and management of hosted video bridging and help desk and concierge services and are classified as property and equipment on the accompanying consolidated balance sheet. The total number of shares was based on consideration equal to \$1,581,000 using the common stock’s 30-day trailing volume-weighted average price for the period ended June 28, 2011 (the “VWAP”). This transaction did not meet the requirements of a business combination and therefore was accounted for as an asset purchase with the fair value of the assets purchased equal to the consideration given. The equipment will be depreciated on a straight line basis over five years.

Pursuant to the agreement, if at any time between the first anniversary of the closing date and the date that is 18 months following the closing date (the “repurchase period”) the closing price of the Company’s common stock shall fall below the VWAP, then the seller has the right to demand that the Company repurchase from it, in a single transaction, not more than 50% of the shares delivered to such seller at closing at a price equal to the VWAP. This will result in a derivative liability and will be accounted for with changes in fair value during the repurchase period recorded in earnings. As of September 30, 2011, there was no derivative liability.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Certain statements in this Quarterly Report on Form 10-Q (the "Report") are "forward-looking statements." These forward-looking statements include, but are not limited to, statements about the plans, objectives, expectations and intentions of Glowpoint, Inc. ("Glowpoint" or "we" or "us" or the "Company"), a Delaware corporation, and other statements contained in this Report that are not historical facts. Forward-looking statements in this Report or hereafter included in other publicly available documents filed with the Securities and Exchange Commission (the "Commission") reports to our stockholders and other publicly available statements issued or released by us involve known and unknown risks, uncertainties and other factors that could cause our actual results, performance (financial or operating) or achievements to differ from the future results, performance (financial or operating) or achievements expressed or implied by such forward-looking statements. Such future results are based upon management's best estimates based upon current conditions and the most recent results of operations. When used in this Report, the words "expect," "anticipate," "intend," "plan," "believe," "seek," "estimate" and similar expressions are generally intended to identify forward-looking statements, because these forward-looking statements involve risks and uncertainties. There are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements, including our plans, objectives, expectations and intentions and other factors that are discussed under the section entitled "Risk Factors," and discussed in Item 7, as well as our of our consolidated financial statements and the footnotes thereto, for the fiscal year ended December 31, 2010 as filed with the Commission with our Annual Report on Form 10-K filed on March 16, 2011.

The following discussion and analysis should be read in conjunction with the condensed consolidated financial statements and related notes included elsewhere in this Report.

Overview

Glowpoint, Inc. ("Glowpoint" or "we" or "us" or the "Company"), a Delaware corporation, is a leading provider of cloud managed video services. The Company pursues its recurring revenue business model by delivering service to more than 500 different enterprises in over 35 countries supporting thousands of video endpoints, telepresence rooms, and infrastructure. Glowpoint's managed services solve the challenges associated with achieving consistent high-quality video experiences and controlling the total cost of ownership related to technology and support. As one of the only "pure play" video service providers in the world, Glowpoint is uniquely positioned in a growing market to benefit from the network effect created by the proliferation of video communications.

Glowpoint provides wholesale programs and private-labeled (branded) resale options for hardware manufacturers, network operators and system integrators seeking to offer video services as a value-added addition to their collaboration and communications offerings. Today, the Company maintains multiple strategic partnerships that are core to its global sales strategy.

Glowpoint's services, which are accessible from anywhere in the world, enable two-way interactive video communications through our Open Video™ cloud platform. Glowpoint's Open Video service cloud is fully equipped with multi-tenant infrastructure, technology platforms, and applications, much of which is proprietary. Customers simply plug into Open Video to gain access to the services. In this regard, our services are analogous to the "software and infrastructure as a service" industry.

Table of Contents

Glowpoint's core service offerings are designed to integrate video into enterprise unified communications environments enabling scalability, security and interoperability for large enterprises and small and medium sized businesses around the world. The four primary components of our managed services consist of help desk and concierge support, open business exchange platform, hosted bridging and remote monitoring. Open Video offers telepresence, video and unified collaboration users a way to meet and communicate across various hardware and software platforms and carrier networks in a secure, open fashion – removing all barriers to video collaboration and communications. Open Video services are delivered in three unique product categories:

- OV Connect – Providing business exchange services by enabling customers to connect to other video users through peering arrangements with Metro Private Line Service carriers, mobile provider networks, ethernet exchanges, the public Internet, and cross connects at co-location facilities. Glowpoint supports the convergence of voice, data and video using the customer's existing network connection or a dedicated private network if required.
- OV Collaborate – Providing collaboration services such as hosted bridging by offering comprehensive conferencing services, including scalable, pre-scheduled and “ad-hoc” conferencing resources, using hosted infrastructure in the cloud or a client's infrastructure. In addition to connecting virtually any device to a call, our conference producers can manage, record, and stream video events to the Internet.
- OV Manage – Providing help desk and concierge and endpoint monitoring by offering video operations management services with complete solutions for end-to-end management of immersive and non-immersive telepresence rooms. OV Manage offers flexible options, including a complete cloud-based infrastructure that offers customers the opportunity to purchase only the endpoints themselves, as well as packages that cater to customers who elect to purchase their own video infrastructure.

Critical Accounting Policies and Estimates

There have been no changes to our critical accounting policies in the three months ended September 30, 2011. Critical accounting policies and the significant estimates made in accordance with them are regularly discussed with our Audit Committee. Those policies are discussed under “Critical Accounting Policies” in our “Management's Discussion and Analysis of Financial Condition and Results of Operations” included in Item 7, as well as in our consolidated financial statements and the footnotes thereto for the fiscal year ended December 31, 2010, as filed with the Commission with our Annual Report on Form 10-K filed on March 16, 2011.

Results of Operations

Nine and Three Months Ended September 30, 2011 (the “2011 Period” and the “2011 Quarter,” respectively) compared to Nine and Three Months Ended September 30, 2010 (the “2010 Period” and the “2010 Quarter,” respectively)

Revenue – Revenue increased \$223,000, or 1.1%, in the 2011 Period and decreased \$115,000, or 1.7% in the 2011 Quarter. The following are the changes in the components of our revenue:

- Managed video services combined, which represents subscription OV Managed video services generally tied to contracts of 12 months or more and OV Collaborate usage based services increased 23.8% and 20.3% in the 2011 Period and 2011 Quarter, respectively. These revenues accounted for 45.0% of total current revenue in the 2011 Period, compared to 36.7% in the 2010 Period and continue to represent the core focus of the company's growth strategy. The increases in these revenues were primarily attributed to increased customer usage of our cloud-based video managed services by existing customers, as well as new customers.
-

Network and related services, represented as OV Connect, which are generally tied to contracts of 12 months or more, decreased 16.5% and 17.6% in the 2011 Period and 2011 Quarter, respectively. These revenues accounted for 48.9% of total current revenue in the 2011 Period, compared to 59.2% in the 2010 Period.

- Professional and other services, which include broadcast and webcast events, increased 51.7% and 15.7% in the 2011 Period and 2011 Quarter, respectively. These revenues accounted for 6.1% of total current revenue in the 2011 Period, compared to 4.0% in the 2010 Period. The increase in these revenues was primarily attributed to a greater number of broadcast and webcast events.

Table of Contents

	Nine Months Ended September 30,				Three Months Ended September 30,				
	2011	2010	Increase (Decrease)	% Change	2011	2010	Increase (Decrease)	% Change	
Revenue									
Managed video services combined	\$9,344	\$7,547	\$ 1,797	23.8 %	\$3,164	\$2,629	\$ 535	20.3 %	
OV Connect (Network services)	10,162	12,165	(2,003)	(16.5)	3,282	3,984	(702)	(17.6)	
Professional and other services	1,258	829	429	51.7	383	331	52	15.7	
Total revenue	\$20,764	\$20,541	\$ 223	1.1 %	\$6,829	\$6,944	\$ (115)	(1.7 %)	

Network and infrastructure – Network and infrastructure expenses decreased 18.4% to \$7,156,000 in the 2011 Period and 21.5% to \$2,273,000 in the 2011 Quarter. Network and infrastructure expenses include all external costs, exclusive of depreciation and amortization, related to the Glowpoint network and hosting facilities for our cloud-based infrastructure. The network is for high-quality, two-way video transport built and managed by Glowpoint exclusively and dedicated to IP-based video communications globally. This operating expense category also includes the cost for taxes which have been billed to customers. The decrease was primarily attributed to the decline in volume of OV Connect revenues and the achievement of cost efficiencies.

Global managed services – Global managed services expenses decreased 8.6% to \$5,671,000 in the 2011 Period and 12.3% to \$1,798,000 in the 2011 Quarter. Global managed services expenses include all costs for delivering and servicing our managed services, such as delivering customer service operations, internal costs of maintaining the network and infrastructure, and the development and implementation of operating support systems and associated hardware enhancements. The decrease was primarily attributed to further investments in automation and efficiencies of processes.

Sales and marketing - Sales and marketing expenses decreased 17.6% to \$2,627,000 in the 2011 Period and 26.1% to \$803,000 in the 2011 Quarter primarily attributed to reduction in certain trade show expenses.

General and administrative - General and administrative expenses, which include direct corporate expenses related to costs of personnel in the various corporate support categories, including executive, finance, human resources and information technology, increased 8.3% to \$4,180,000 in the 2011 Period and decreased 0.8% to \$1,492,000 in the 2011 Quarter. The primary component of the 2011 Period increase was due to expenses related to severance related charges of \$351,000 and the move to a new headquarter's location during the first and second quarters of 2011.

Depreciation and amortization – Depreciation and amortization expenses increased by \$169,000, or 20.8%, to \$981,000 in the 2011 Period and 51.1% to \$408,000 in the 2011 Quarter due to purchases of property and equipment (as discussed in Note 14) exceeding the retirements of these assets.

Income from continuing operations – Income from operations increased by \$2,438,000 to \$149,000 in the 2011 Period and by \$916,000 to \$55,000 in the 2011 Quarter. The primary drivers of the increase were due to continued efforts to reduce operating expenses afforded from efficiencies in the managed service business.

Interest and other expense – Interest and other expense in the 2011 Period principally reflected \$47,000 of interest charges from vendors and \$46,000 of the amortization of financing charges related to the Revolving Loan Facility. Interest and other expense in the 2010 Period consisted of \$89,000 interest charges from vendors and \$18,000 for the amortization of financing charges.

In the 2011 Quarter there were \$15,000 of interest expense and \$15,000 for the amortization of financing charges. In the 2010 Quarter there were \$35,000 of interest expense and \$16,000 for the amortization of financing charges.

Table of Contents

Income taxes - As a result of our historical losses, we recorded no provision for incomes taxes in the three and nine months ended September 30, 2011 and 2010. Any deferred tax asset that would be related to our losses has been fully reserved under a valuation allowance, reflecting the uncertainties as to realization evidenced by our historical results and restrictions on the usage of the net operating loss carry forwards.

Net income (loss) from continuing operations – Net income from continuing operations increased by \$2,452,000, or 102.3%, to \$56,000 in the 2011 Period and \$937,000, or 102.7%, to \$25,000 in the 2011 Quarter.

Income from discontinued operations – Income from discontinued operations decreased by 83.9% to \$29,000 in the 2011 Period and 83.8% to \$11,000 in the 2011 Quarter. This decrease was a result of the transfer of our ISDN resale business completed in the third quarter of 2011.

Net income - Net income increased by \$2,301,000, or 103.8%, to \$85,000 in the 2011 Period and by \$880,000, or 104.3%, to \$36,000 in the 2011 Quarter.

Loss on redemption of preferred stock – There was no loss on the redemption of Preferred Stock in the 2011 Period. For the nine and three months ended September 30, 2010, we had a loss on the redemption of Preferred Stock of \$934,000 and \$156,000, respectively, in connection with the 2010 Private Placements. For loss per share calculations, this loss, though charged to Additional Paid in Capital, increases the net loss attributable to common stockholders.

Net income attributable to common stockholders – Based on the above, net income attributable to common stockholders was \$85,000 or \$0.00 per basic and diluted share in the 2011 Period. For the 2010 Period, the net loss attributable to common stockholders was \$3,150,000, or (\$0.16) per basic and diluted share.

Liquidity and Capital Resources

For the nine months ended September 30, 2011, we had net income attributable to common stockholders of \$85,000, a positive cash flow from operations of \$117,000 and cash used in investing activities of \$793,000 related primarily to capital expenditures for the corporate headquarters and software development. At September 30, 2011, we had \$1,359,000 of cash, negative working capital of \$173,000 and an accumulated deficit of \$164,983,000. We have historically been able to raise capital in private placements, including \$3,000,000 in March 2010 and \$1,000,000 in September 2010, as needed to fund operations and provide growth capital. We previously amended the terms of our Series A-2 Preferred Stock and created a Series B-1 Preferred Stock, which does not pay any dividends until January 2013. We also reached settlements regarding a majority of the liability for which we had accrued sales and use taxes and regulatory fees. In June 2011, the Company issued shares of common stock, in lieu of cash, as consideration for the purchase of assets pursuant to the terms of a purchase agreement (as discussed in Note 14 of Item 1). Based primarily on our effort to manage costs, the 2010 Private Placements, our new Revolving Loan Facility, along with our cash flow projection, the Company believes that it has, and will have, sufficient cash flow to fund its operations through at least November 30, 2012. There can be no assurances, however, that we will be able to raise additional capital as may be needed or upon acceptable terms, nor that current economic conditions will not negatively impact us. If the current economic conditions negatively impact us and we are unable to raise additional capital that may be needed on terms acceptable to us, it could have a material adverse effect on the Company.

The Company gained access of up to \$5,000,000 for working capital purposes pursuant to the Revolving Loan Facility with SVB dated June 16, 2010 (as discussed in Note 11 of Item 1). The amounts that can be borrowed at any given time are equal to the lesser of \$5,000,000 or 80% of the eligible accounts receivable. Outstanding principal amounts under the Revolving Loan Facility bear interest at a floating rate per annum equal to Prime Rate as announced by SVB plus two percent (2%), payable monthly in arrears, subject to a minimum interest rate of 6%. The

Revolving Loan Facility is secured by a first priority security interest in all the Company's assets, including, without limitation, intellectual property. The Revolving Loan Facility matures in June 2012 and contains a number of financial covenants, including without its limitation, covenants relating to minimum unrestricted cash balances and minimum monthly Adjusted EBITDA, as defined. Based on our current projections the Company believes that we will be able to remain in compliance with these covenants.

Off-Balance Sheet Arrangements

As of September 30, 2011, we had no off-balance sheet arrangements.

Fully Diluted Common Shares

The Company's outstanding capital stock following the previous private placement transactions consists of shares of (i) common stock, (ii) Series B-1 Preferred Stock, (iii) Series A-2 Preferred Stock, (iv) options to acquire common stock, and (v) warrants to acquire common stock. As of September 30, 2011 and December 31, 2010, the Company had 27,047,000 and 26,126,000 shares, respectively, of common stock outstanding on a fully-diluted basis, which assumes the exercise of all outstanding options and warrants and conversion of preferred stock.

Adjusted EBITDA

Adjusted EBITDA is defined as net income or loss before depreciation, amortization, interest expense, interest income, sales taxes and regulatory fee expense or benefit, severance and stock-based compensation. Adjusted EBITDA is not intended to replace operating income (loss), net income (loss), cash flow or other measures of financial performance reported in accordance with generally accepted accounting principles. Rather, Adjusted EBITDA is an important measure used by management to assess the operating performance of the Company. Adjusted EBITDA as defined here may not be comparable to similarly titled measures reported by other companies due to differences in accounting policies. A reconciliation of Adjusted EBITDA to net loss is shown below:

	Nine Months Ended September 30,		Three Months Ended September 30,	
	2011	2010	2011	2010
Net income (loss) from continuing operations	\$56	\$(2,396)	\$25	\$(912)
Depreciation and amortization	981	812	408	270
Amortization of financing costs	46	18	15	16
Interest expense	47	89	15	35
EBITDA	1,130	(1,477)	463	(591)
Stock-based compensation	181	445	34	216
Severance	351	—	340	—
Adjusted EBITDA	\$1,662	\$(1,032)	\$837	\$(375)

Inflation

Management does not believe inflation had a material adverse effect on the condensed consolidated financial statements for the periods presented.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Not Applicable.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by Glowpoint in the reports it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified by the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to provide reasonable assurance that information required to be disclosed by Glowpoint in the reports it files or submits under the Exchange Act is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, Glowpoint has evaluated the effectiveness of its disclosure controls and procedures (as such term is defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) as of September 30, 2011, and, based upon this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these controls and procedures are effective in providing reasonable assurance of compliance.

Changes in Internal Control over Financial Reporting

No change in our internal control over financial reporting occurred during the three months ended September 30, 2011 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

Not Applicable.

Item 1A. Risk Factors

A description of the risks associated with our business, financial conditions and results of operations is set forth in Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and filed with the Commission on March 16, 2011. There have been no material changes to these risks during the quarter.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

There have been no unregistered sales of securities during the period covered by this Quarterly Report that have not been previously reported in a Quarterly Report on Form 10-Q or in a Current Report on Form 8-K.

Item 3. Defaults upon Senior Securities

None.

Item 4. [Removed and Reserved.]

Item 5. Other Information

None.

Item 6. Exhibits
