Item 8.01. Other Events

Settlement of Certain Litigation

As previously disclosed on page 63 of the definitive proxy statement dated October 22, 2014 (the “Definitive Proxy Statement”) under the heading “Litigation Relating to the Merger”, certain actions were filed by putative shareholders of Multimedia Games Holding Company, Inc. (“Multimedia Games”) in the United States District Court for the Western District of Texas (the “Texas Federal Action”) and the District Court of Travis County, Texas (the “Texas State Court Action”). In both the Texas Federal Action and the Texas State Court Action, plaintiffs allege that Multimedia Games’ directors breached their fiduciary duties to Multimedia Games and/or its shareholders because, among other things, the proposed merger in which Global Cash Access Holdings, Inc. (“GCA”) will acquire Multimedia Games allegedly involves an unfair price, an inadequate sales process, self-dealing and unreasonable deal protection devices. The complaints further allege that GCA and Movie Merger Sub, Inc. aided and abetted those purported breaches of fiduciary duty.

On November 20, 2014, the defendants in the Texas Federal Action reached an agreement in principle with the plaintiffs in the Texas Federal Action regarding settlement of all claims asserted on behalf of the alleged class of Multimedia Games stockholders and on behalf of Multimedia Games, and that agreement is reflected in a memorandum of understanding. In connection with the settlement contemplated by the memorandum of understanding, Multimedia Games agreed to make certain additional disclosures related to the proposed transaction with GCA, which are contained in this Form 8-K. The memorandum of understanding contemplates that the parties will enter into a stipulation of settlement.

The stipulation of settlement will be subject to customary conditions, including court approval. In the event that the parties enter into a stipulation of settlement, a hearing will be scheduled at which the United States District Court for the Western District of Texas will consider the fairness, reasonableness, and adequacy of the settlement. If the settlement is approved by the court in the form contemplated by the parties, it will resolve and release all claims in the Texas Federal Action that were or could have been brought challenging any aspect of the proposed transaction, the Agreement and Plan of Merger, dated as of September 8, 2014 by and among Multimedia Games, GCA and Movie Merger Sub, Inc., and any disclosure made in connection therewith, including in the Definitive Proxy Statement, pursuant to terms that will be disclosed to shareholders prior to final approval of the settlement. In addition, in connection with the settlement, the defendants in the Texas Federal Action agreed not to oppose an application by plaintiffs in the Texas Federal Action for an attorneys’ fee award from the United States District Court for the Western District of Texas of up to \$310,000, with such fee award to be paid by GCA. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the United States District Court for the Western District of Texas will approve the settlement even if the parties were to enter into such stipulation. In such event, the proposed settlement as contemplated by the memorandum of understanding may be terminated.

The Texas State Court Action remains pending.
