**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)**

**DECEMBER 31, 2015 AND 2014**

**NOTE 1 - NATURE OF BUSINESS**

ADM Tronics Unlimited, Inc. ("we", "us", the "Company" or "ADM"), was incorporated under the laws of the state of Delaware on November 24, 1969. We are an engineering and manufacturing concern whose principal lines of business are engineering and manufacturing of electronics, primarily medical electronic devices, and the development, production, and sale of chemical products.

The accompanying condensed consolidated financial statements as of December 31, 2015 (unaudited) and March 31, 2015 and for the three and nine month periods ended December 31, 2015 and 2014 (unaudited) have been prepared by ADM pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") including Form 10-Q and Regulation S-X. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments) which are, in the opinion of management, necessary to fairly present the condensed financial position and operating results for the respective periods. Certain information and footnote disclosures normally present in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations. These condensed consolidated financial statements and the information included under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" should be read in conjunction with the audited financial statements and explanatory notes for the year ended March 31, 2015 as disclosed in our annual report on Form 10-K for that year. The operating results and cash flows for three and nine months ended December 31, 2015 (unaudited) are not necessarily indicative of the results to be expected for the pending full year ending March 31, 2016.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**PRINCIPLES OF CONSOLIDATION**

The condensed consolidated financial statements include the accounts of ADM Tronics Unlimited, Inc. and its subsidiary Sonotron. All significant intercompany balances and transactions have been eliminated in consolidation.

## USE OF ESTIMATES

These unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and, accordingly, require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. Significant estimates made by management include expected economic life and value of our medical devices, reserves, deferred tax assets, valuation allowance, impairment of long lived assets, fair value of equity instruments issued to consultants for services and fair value of equity instruments issued to others, option and warrant expenses related to compensation to employees and directors, consultants and investment banks, allowance for doubtful accounts, and warranty reserves. Actual results could differ from those estimates.

## REVENUE RECOGNITION

### CHEMICAL PRODUCTS:

Revenues are recognized when products are shipped to end users. Shipments to distributors are recognized as revenue when no right of return exists.

## ELECTRONICS:

We recognize revenue from the sale of our electronic products when they are shipped to the purchaser. We offer a limited 90-day warranty on our electronics products and a limited 5-year warranty on our electronic controllers for spas and hot tubs. We have no other post shipment obligations. Based on prior experience, no amounts have been accrued for potential warranty costs and actual costs were less than \$2,000, for each of the fiscal years ended March 31, 2015 and 2014. For contract manufacturing, revenues are recognized after shipment of the completed products.

## ENGINEERING SERVICES:

We provide certain engineering services, including research, development, quality control, and quality assurance services along with regulatory compliance services. We recognize revenue from engineering services as the services are provided.

## NET INCOME PER SHARE

Basic net income per share is calculated based on the weighted average number of common shares outstanding during the periods. Diluted net income per share is computed similar to basic income per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential shares had been issued and if the additional shares were dilutive.

Per share basic and diluted net income amounted to \$0.00 and \$0.02 for the three and nine months ended December 31, 2015, respectively and \$0.00 for both the three and nine months ended December 31, 2014. There were 3,600,000 and 600,000 common stock equivalents at December 31, 2015 and 2014, respectively.

## RECLASSIFICATION

Certain items in the prior financial statements have been reclassified to conform to the current period presentation.

## RECENT ACCOUNTING PRONOUNCEMENTS

Management does not believe that any recently issued, but not yet effective accounting pronouncement, if adopted, would have a material effect on the accompanying condensed consolidated financial statements.

**NOTE 3 - INVENTORIES**

Inventories at December 31, 2015 consisted of the following:

	Current	Long Term	Total
Raw materials	\$207,329	\$64,283	\$271,612
Finished Goods	92,338	311	92,649
	\$299,667	\$64,594	\$364,261

Inventories at March 31, 2015 consisted of the following:

	Current	Long Term	Total
Raw materials	\$95,702	\$87,638	\$183,340
Finished Goods	42,002	619	42,621
	\$137,704	\$88,257	\$225,961

The Company values its inventories on the first in, first out ("FIFO") method at the lower of cost or market.

**NOTE 4 – CONCENTRATIONS**

During the three month period ended December 31, 2015, one customer accounted for 42% of our revenue.

During the three month period ended December 31, 2014, one customer accounted for 45% of our revenue.

During the nine month period ended December 31, 2015, one customer accounted for 42% of our revenue. As of December 31, 2015, two customers represented approximately 45% of our accounts receivable.

During the nine month period ended December 31, 2014, two customers accounted for 34% of our revenue. As of December 31, 2014, two customers represented approximately 43% of our accounts receivable.

The Company's customer base is comprised of foreign and domestic entities with diverse demographics. Revenues from foreign customers represented \$103,783 of net revenue or 10.2% for the three months ended December 31, 2015 and \$61,166 of net revenue or 9% for the three months ended December 31, 2014.

Revenues from foreign customers represented \$302,780 of net revenue or 9% for the nine months ended December 31, 2015 and \$191,801 of net revenue or 9% for the nine months ended December 31, 2014.

As of December 31, 2015 and 2014, accounts receivable included \$58,353 and \$3,110, respectively, from foreign customers.

**NOTE 6 - OPTIONS OUTSTANDING**

During 2013, ADM granted an aggregate of 5,600,000 stock options to employees and consultants expiring at various dates through March 2016. During 2014, 5,000,000 of the outstanding stock options were exercised.

On September 2, 2015, ADM granted an additional 3,000,000 stock options to employees at an exercise price of \$0.20 per option and with a term of three years. The options were valued at \$598,699 using the Black Scholes option pricing model with the following assumptions: risk free interest rate of 2.03%, volatility of 353%, estimated useful life of 3 years and dividend rate of 0%.

The following table summarizes information on all common share purchase options issued by us as of December 31, 2015 and 2014.

	2015		2014	
	# of Shares	Weighted Average Exercise Price	# of Shares	Weighted Average Exercise Price

Exercisable, end of year	3,600,000	\$ 0.17	600,000	\$ 0.02

**NOTE 7 - COMMITMENTS AND CONTINGENCIES**

We lease our office and manufacturing facility under a non-cancelable operating lease, which expires on June 30, 2019. The Company's future minimum lease commitment at December 31, 2015 is as follows:

For the twelve month period ended December 31,	Amount
2016	\$104,625
2017	104,625
2018	52,313
	\$261,563

Rent and real estate tax expense for all facilities for the nine months ended December 31, 2015 and 2014 was approximately \$95,000 for each period.

**MASTER SERVICES AGREEMENT**

On February 12, 2010, ADM agreed to provide certain services to Ivivi Health Sciences, LLC (IHS) pursuant to a Master Services Agreement, as described below:

We provided IHS with engineering services, including quality control and quality assurance services along with regulatory compliance services, warehouse fulfillment services and network administrative services including hardware and software services;

Effective October 1, 2013 the monthly amount to be paid by IHS for these services was \$3,000 plus additional amounts for individual projects requested from time to time by IHS. Pursuant to this agreement, revenues from engineering services to IHS were \$9,000 and \$27,000 for the three and nine months ended December 31, 2015, respectively.

**NOTE 8 - INCOME TAXES**

At December 31, 2015, the Company had federal and state net operating loss carry-forwards ("NOL")'s of approximately \$3,455,000, which are due to expire through fiscal 2034. These NOLs may be used to offset future taxable income through their respective expiration dates and thereby reduce or eliminate our federal and state income taxes otherwise payable. A valuation allowance is provided when it is more likely than not that some portion or all of the deferred tax assets will not be realized. Ultimate utilization of such NOL's and credits is dependent upon the Company's ability to generate taxable income in future periods and may be significantly curtailed if a significant change in ownership occurs.

Due to the uncertainty related to future taxable income, the Company provides a partial valuation allowance for the deferred tax benefit resulting from the NOL's and depreciation and amortization. During the nine months ended December 31, 2015, the Company utilized approximately \$900,000 in net operating losses and expects to utilize \$3,000,000 before expiration. For the nine months ended December 31, 2015, the \$857,000 benefit for deferred income taxes results from a reduction in the valuation allowance.

#### **NOTE 9 – DUE TO SHAREHOLDER**

The Company's President has been deferring his salary and bonuses periodically to assist the Company's cash flow. There are no repayment terms or interest accruing on this liability.

#### **NOTE 10 – SUBSEQUENT EVENTS**

We evaluated all subsequent events from the date of the condensed consolidated balance sheet through the issuance date of this report and determined that there are no events or transactions occurring during the subsequent event reporting period which require recognition or disclosure in the condensed consolidated financial statements.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion of our operations and financial condition should be read in conjunction with the condensed consolidated financial statements and notes thereto included elsewhere in this Quarterly Report on Form 10-Q.

### **FORWARD-LOOKING STATEMENTS**

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the "safe harbor" provisions under section 21E of the Securities and Exchange Act of 1934 and the Private Securities Litigation Act of 1995. We use forward-looking statements in our description of our plans and objectives for future operations and assumptions underlying these plans and objectives. Forward-looking terminology includes the words "may", "expects", "believes", "anticipates", "intends", "forecasts", "projects", or similar terms, variations of such terms or the negative of such terms. These forward-looking statements are based on management's current expectations and are subject to factors and uncertainties which could cause actual results to differ materially from those described in such forward-looking statements. We expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained in this Form 10-Q to reflect any change in our expectations or any changes in events, conditions or circumstances on which any forward-looking statement is based. Factors which could cause such results to differ materially from those described in the forward-looking statements include those set forth under "Item. 1 Description of Business – Risk Factors" and elsewhere in or incorporated by reference into our Annual Report on Form 10-K for the year ended March 31, 2015.

### **CRITICAL ACCOUNTING POLICIES**

#### **REVENUE RECOGNITION**

We recognize revenue from engineering services on a project or monthly basis and contract manufacturing revenues are recognized after shipment of completed products. For the sale of our electronic products, revenues are recognized when they are shipped to the purchaser. Shipping and handling charges and costs are de minimis. We offer a limited 90-day warranty on our electronics products and a limited 5-year warranty on our electronic controllers for spas and hot tubs. Historically, the amount of warranty revenue included in the sales of our electronic products have been de minimis. We have no other post shipment obligations and sales returns have been de minimis.

Revenues from sales of chemical products are recognized when products are shipped to end users. Shipments to distributors are recognized as sales where no right of return exists.

## **USE OF ESTIMATES**

Our discussion and analysis of our financial condition and results of operations is based upon our condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these condensed consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to reserves, deferred tax assets and valuation allowance, impairment of long-lived assets, fair value of equity instruments issued to consultants for services and fair value of equity instruments issued to others. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions; however, we believe that our estimates, including those for the above described items, are reasonable.

**BUSINESS OVERVIEW**

ADM is a corporation that was organized under the laws of the State of Delaware on November 24, 1969. During the nine months ended December 31, 2015 and 2014, our operations are conducted through ADM Tronics Unlimited, Inc. ("ADM") and its subsidiary, Sonotron Medical Systems, Inc. ("SMI"). In addition, the Company owns a minority interest in Montvale Technologies, Inc. (formerly known as Ivivi Technologies, Inc.) ("ITI"), which until October 18, 2006 was operated as a subsidiary of the Company. ITI was deconsolidated as of October 18, 2006 upon the consummation of ITI's initial public offering.

We are a technology-based engineering and manufacturing company with diversified lines of products in the following four areas: (1) electronic products for numerous industries, including therapeutic non-invasive electronic medical devices and electronic controllers for spas and hot tubs, (2) environmentally safe chemical products for industrial use, (3) cosmetic and topical dermatological products and (4) antistatic paint and coatings products.

Revenues for the three months ended December 31, 2015 increased by \$367,705, or 54% due to an increase in engineering revenue of \$147,267 coupled with an increase in sales in our chemical division of \$184,178 and our electronic segment in the amount of \$36,260. The increase in engineering services is primarily the result of several projects for one customer. The increase in the chemical division is primarily the result of increased sales volume from one customer.

Revenues for the nine months ended December 31, 2015 increased by \$1,304,247 or 64% due to an increase in engineering revenue of \$1,153,232 coupled with an increase in sales in our chemical division of \$297,565 offset by a decrease in our electronic segment in the amount of \$146,550. The increase in engineering services is primarily the result of several projects for one customer. The increase in the chemical division is primarily the result of increased sales volume from one customer.

Gross profit for the three months ended December 31, 2015 increased by \$299,174. Gross profit for the nine months ended December 31, 2014 increased by \$1,041,248. The increase in gross profit in the electronics and chemical segments for the three months ended December 31, 2015 resulted from changes in the mix of products sold. The increase in gross profit in the engineering segment resulted from better utilization of labor due to the increased revenue from new projects from one customer.

We are highly dependent upon certain customers. During the three and nine months ended December 31, 2015 one customer accounted for 42% of our revenue. During the three months ended December 31, 2014, one customer accounted for 45% of our revenue and for the nine months ended December 31, 2014, two customers accounted for 34% of our revenue. The complete loss of or significant reduction in business from, or a material adverse change in the financial condition of any of our customers could cause a material and adverse change in our revenues and operating results.

Income from operations for the three months ended December 31, 2015 increased by \$123,410. Selling, general, and administrative expenses increased by \$189,430 or 97%, from \$195,796 to \$385,226 mainly due to the following increases: \$95,854 in engineering services, \$22,523 in professional fees, \$27,111 in wages and \$16,589 in computer expenses.

Income from operations for the nine months ended December 31, 2015 increased by \$45,520. Selling, general, and administrative expenses increased by \$387,518 or 50% from \$768,119 to \$1,155,637 mainly due to an increase of \$67,132 in wages, \$65,870 in commission and royalty fees, \$150,237 in engineering services, \$74,309 in professional fees and \$13,449 in computer expenses.

During the nine months ended December 31, 2015, we had \$598,699 of stock based compensation related to 3,000,000 options granted to employees. There was no stock based compensation for the nine months ended December 31, 2014.

Interest income decreased \$904 to \$88 in the three months ended December 31, 2015, from \$992 in the three months ended December 31, 2014 and interest income decreased \$2,707 to \$657 in the nine months ended December 31, 2015 from \$3,364 for the nine months ended December 31, 2014 due to decreased funds invested in a money market account.

For the three and nine months ended December 31, 2015, the \$857,000 credit for deferred income taxes results from a reduction in the valuation allowance.

The foregoing resulted in net income for the nine months ended December 31, 2015 of \$1,179,802, or \$0.02 per share, compared to net income for the nine months ended December 31, 2014 of \$279,851 or \$0.00 per share.

## **LIQUIDITY AND CAPITAL RESOURCES**

At December 31, 2015, we had cash and cash equivalents of \$1,360,804 as compared to \$216,395 at March 31, 2015. The \$1,144,409 increase was primarily the result of cash provided in operations during the nine month period in the amount of \$863,846 and cash provided in financing activities in the amount of \$281,000 offset by cash used in investing activities of \$437. Our cash will continue to be used for increased marketing costs, and the related administrative expenses, in order to attempt to increase our revenue. We expect to have enough cash to fund operations for the next twelve months. Our note payable of \$102,966 at December 31, 2015, is secured and collateralized by restricted cash of \$232,962. This note bears an interest rate of 2% above the rate of the savings account. The interest rate at December 31, 2015 was 2.15% and is payable upon demand.

### **Future Sources of Liquidity:**

We expect that growth in profitable revenues and continued focus on new customers will enable us to continue to generate cash flows from operating activities during fiscal 2016.

If we do not generate sufficient cash from operations, face unanticipated cash needs or do not otherwise have sufficient cash, we may need to consider the sale of certain intellectual property which does not support the Company's operations. In addition, we have the ability to reduce certain expenses depending on the level of business operation.

Based on current expectations, we believe that our existing cash of \$1,360,804 as of December 31, 2015 and other potential sources of cash will be sufficient to meet our cash requirements. Our ability to meet these requirements will depend on our ability to generate cash in the future, which is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

## **OPERATING ACTIVITIES**

Net cash provided by operating activities was \$863,846 for the nine months ended December 31, 2015, as compared to net cash provided by operating activities of \$149,840 for the nine months ended December 31, 2014. The cash provided during the nine months ended December 31, 2015 was primarily due to net income of \$1,179,802, stock based compensation of \$598,699, deferred income tax of \$857,000 and decreases in operating liabilities of \$30,087, and net operating assets of \$86,744.

## **INVESTING ACTIVITIES**

Cash was used in investing activities in the amount of \$437 from deposits in the restricted cash in the amount of \$437.

## **FINANCING ACTIVITIES**

For the nine months ended December 31, 2015 and 2014, net cash provided by (used in) in financing activities were \$281,000 and \$(9,024), respectively. For the nine months ended December 31, 2015 and 2014, \$19,000 and \$9,024 respectively, was used for repayments on a note from a commercial bank to facilitate our acquisition of Action Industries Unlimited, Inc. (AIU).

Additionally, during the nine months ended December 31, 2015, \$300,000 was provided for through the sale of common stock to a major customer.

## **OFF BALANCE SHEET ARRANGEMENTS**

We have no off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

### **Concentration of Credit Risk**

Financial instruments that potentially subject us to significant concentrations of credit risk consist primarily of cash and cash equivalents, accounts receivable and our investment in ITI. We have no control over the market value of our investment in ITI.

We maintain cash and cash equivalents with FDIC insured financial institutions.

Our sales are materially dependent on a small group of customers, as noted in Note 4 of our condensed consolidated financial statements. We monitor our credit risk associated with our receivables on a routine basis. We also maintain credit controls for evaluating and granting customer credit.

## **ITEM 4. CONTROLS AND PROCEDURES**

### **EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES**

The Company's management, including the Company's principal executive officer and principal financial officer, have evaluated the effectiveness of the Company's "disclosure controls and procedures," as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). Based upon their evaluation, the principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were not effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the Securities and Exchange Commission (the "SEC") (1) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. During the quarterly period ended December 31, 2015, there were no changes in the Company's internal control over financial reporting which materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

The determination that our disclosure controls and procedures were not effective as of December 31, 2015 are a result of:

a. *Deficiencies in Internal Control Structure Environment.* During the current year, the Company's focus was on expanding their customer base to initiate revenue production.

b. *Inadequate staffing and supervision within the accounting operations of our company.* The relatively small number of employees who are responsible for accounting functions prevents the Company from segregating duties within its internal control system. The inadequate segregation of duties is a weakness because it could lead to the untimely identification and resolution of accounting and disclosure matters or could lead to a failure to perform timely and effective reviews. The Company's plan is to expand its accounting operations as the business of the Company expands.

The Company believes that the financial statements fairly present, in all material respects, the Company's condensed consolidated balance sheets as of December 31, 2015 and March 31, 2015 and the related condensed consolidated statements of operations, and cash flows for the three and nine months ended December 31, 2015 and 2014, in conformity with generally accepted accounting principles, notwithstanding the material weaknesses we identified.

## **CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING**

There were no changes in our internal control over financial reporting that occurred during our last fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
