-

Item 1.01 Entry into a Material Definitive Agreement.

On September 13, 2016, Ocean Power Technologies, Inc. (the “Company”) entered into an agreement (the “ONR Agreement”) with the U.S. Office of Naval Research (the “ONR”) to, among other things, design and develop a Mass on Spring Power Takeoff and associated Mass-Spring Oscillating PowerBuoy that will power a new kind of PowerBuoy in support of defense mission critical sensor deployment. The initial phase of the project will be for the Company to deliver a comprehensive design report to the ONR in early June 2017. The funding of the initial phase of the work is for approximately \$250,000. Additional phases of research and development would be completed for an aggregate fee of approximately \$750,000 pending a successful completion of the initial phase and ONR funding availability.

The ONR Agreement includes a number of other standard contract terms and conditions, including without limitation, provisions relating to inspection and testing, warranties, indemnities and limit of liabilities, and risk of loss and insurance.

The foregoing description of the ONR Agreement is not complete and is qualified in its entirety by reference to the full text of such agreement, a copy of which is filed herewith as Exhibit 10.1 to this Form 8-K and is incorporated herein by reference.

Item 8.01 Other Events.

On September 14, 2016, the Company issued a press release announcing the execution of the ONR Agreement. A copy of the press release is filed herewith as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

Exhibits

*10.1 Agreement by and between the Company and the U.S. Office of Naval Research dated September 13, 2016.
