NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1 – Organization and Description of Business

Grow Condos, Inc. ("GCI" or the "Company") (f/k/a Fanatic Fans Inc. and Calibrus, Inc.) was incorporated on October 22, 1999, in the State of Nevada.

Our wholly owned subsidiary, WCS Enterprises, Inc. ("WCS") is an Oregon limited liability company which was formed on September 9, 2013 with operations beginning in October 2013. WCS is a real estate purchaser, developer and manager of specific use industrial properties providing "Condo" style turn-key aeroponics grow facilities to support cannabis farmers. WCS intends to own, lease, sell and manage multi-tenant properties so as to reduce the risk of ownership and reduce costs to tenants and owners.

Our wholly owned subsidiary, Smoke on the Water, Inc. was incorporated on October 21, 2016, in the State of Nevada. Smoke on the Water is focused on acquiring properties in the RV and campground rental industry.

On March 7, 2017, Smoke on the Water, Inc. executed a Real Estate Purchase Agreement to acquire the Lake Selmac Resort located at 2700 Lakeshore Drive, Selma, Oregon.

On June 22, 2018, the Board of Directors of the Company approved an amendment to our articles of incorporation to increase our authorized capital to 180,000,000 shares, consisting of 175,000,000 shares of common stock and 5,000,000 shares of preferred stock (the "Recapitalization") and to change the name of the Company to Grow Capital Inc. The Company filed articles of amendment with the State of Nevada to effect the aforementioned changes on July 10, 2018 and August 28, 2018, respectively. The Company is in the process of seeking approval from the Financial Industry Regulatory Authority ("FINRA") for the above noted corporate actions.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation:

The interim unaudited financial information referred to above has been prepared and presented in conformity with accounting principles generally accepted in the United States applicable to interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. The interim financial information has been prepared on a condensed basis, such that certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted in accordance with rules and regulations of the Securities and Exchange Commission. These interim financial statements include all adjustments that, in the opinion of management, are necessary in order to make the financial statements not misleading.

This report on Form 10-Q should be read in conjunction with the Company's financial statements and notes thereto included in the Company's Form 10-K for the fiscal year ended June 30, 2018 filed on October 12, 2018. Results of the three and six months ended December 31, 2018 are not necessarily indicative of the results that may be expected for the year ended June 30, 2019 and any other future periods.

Reclassifications

Certain amounts in the Company's consolidated financial statements for prior periods have been reclassified to conform to the current period presentation. These reclassifications have not changed the results of operations of prior periods.

GROW CONDOS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Consolidation

These consolidated financial statements include the accounts of Grow Condos, Inc. and its wholly-owned subsidiaries, WCS, Enterprises, LLC and Smoke on the Water, Inc., as of December 31, 2018. All significant intercompany accounting transactions have been eliminated as a result of consolidation.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. We believe that it is at least reasonably possible that the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events and the effect of the change would be material to the financial statements.

Going Concern

During the three- and six-month periods ended December 31, 2018, the Company reported a net loss of \$196,492 and \$461,937, respectively. During the three- and six-month periods ended December 31, 2017, the Company reported a net loss of \$1,288,178 and \$2,052,217, respectively. The Company believes that its existing capital resources are not adequate to enable it to fully execute its business plan. These conditions raise substantial doubt as to the Company's ability to continue as a going concern. The Company estimates that it will require additional cash resources during fiscal year 2019 and beyond based on its current operating plan and condition. In July and August 2018, the Company began a private placement of its common shares and raised gross proceeds of approximately \$1,165,000. The Company used approximately \$900,000 of the proceeds from the private placements to retire the two mortgages held on the WCS condo property (see Note 7 to the unaudited financial statements contained herein). In addition, in September 2018, the Company completed the sale of its land held in the Pioneer Business Park (see Note 3 to the unaudited financial statements contained herein). The Company received proceeds of approximately \$74,000 after payment of expenses of the sale and full retirement of the attached mortgage of approximately \$250,000. These actions have reduced the working capital deficit below \$300,000 in the current period ended December 31, 2018. The Company expects cash flows from operating activities to improve marginally in the short term, primarily as a result of an increase in cash received from tenants and a decrease in certain operating expenses, although there can be no assurance thereof. In addition, there can be no assurance that new tenants will become available after 2019 when the remaining leases expire for the Eagle Point condominium. If the Company fails to

generate positive cash flow or obtain additional financing, when required, the Company may have to modify, delay, or abandon some or all of its business and expansion plans, and potentially cease operations altogether. The accompanying unaudited consolidated financial statements do not include any adjustments that might be necessary should we be unable to continue as a going concern.

Cash and Cash Equivalents

For financial accounting purposes, cash and cash equivalents are considered to be all highly liquid investments with a maturity of three (3) months or less at the time of purchase.

Lease Receivables and deferred rent

Lease receivables are recognized when rents are due, and for the straight-line adjustment to rents over the term of the lease less an allowance for expected uncollectible amounts. Inherent in the assessment of the allowance for doubtful accounts are certain judgments and estimates including, among others, the customer's willingness or ability to pay, the Company's compliance with lease terms, the effect of general economic conditions and the ongoing relationship with the customer. Accounts with outstanding balances longer than the payment terms are considered past due. We do not charge interest on past due balances. The Company writes off lease receivables when it determines that they have become uncollectible after all reasonable collection efforts have been made. If we record

GROW CONDOS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

bad debt expense, the amount is reflected as a component of operating expenses in the statements of operations. As of December 31, 2018, and June 30, 2018, an allowance for doubtful accounts was recorded in the amount of \$2,861. As of December 31, 2018, and June 30, 2018, the Company had recorded deferred rent for the straight-line value of rental income of \$6,150 as part of other assets.

Investment In and Valuation of Real Estate Assets

Real estate assets are stated at cost, less accumulated depreciation and amortization. Amounts capitalized to real estate assets consist of the cost of acquisition (excluding acquisition related expenses), construction costs, and mortgage interest during the period the facilities are under construction and prior to readiness for occupancy, and any tenant improvements, major improvements and betterments that extend the useful life of the real estate assets and leasing costs. All repairs and maintenance are expensed as incurred.

The Company is required to make subjective assessments as to the useful lives of its depreciable assets. The Company considers the period of future benefit of each respective asset to determine the appropriate useful life of the assets. Real estate assets, other than land, are depreciated on a straight-line basis over the estimated useful life of the asset.

The estimated useful lives of the Company's real estate assets by class are generally as follows:

Land	Indefinite
Buildings	40 years
Tenant improvements	Lesser of useful life or lease term
Intangible lease assets	Lease term

Revenue Recognition

We recognize revenue only when all of the following criteria have been met:

- o persuasive evidence of an arrangement exists;

- o use of the real property has taken place or services have been rendered;

- o the fee for the arrangement is fixed or determinable; and

- o collectability is reasonably assured.

Persuasive Evidence of an Arrangement – We document all terms of an arrangement in a real property lease signed by the tenant, for leases with a term greater than 30 days, prior to recognizing revenue.

Our real property lease agreements, which are governed by the laws of the state of Oregon, usually are non-cancellable and range from six to thirty-six months with a cash security deposit and personal guarantee required. We account for our leases in accordance with Accounting Standard Codification ("ASC") Topic 840, *Leases*, as operating leases. Leases may include escalating rental rates, an option to extend the term of the lease at a fixed rental rate, and an option to purchase the portion of the building being leased at the end of the lease term. Leases may be assigned with our approval. Common area maintenance and water are paid by the Company with the tenant responsible for maintenance, repairs and liability insurance associated with their specific unit within the building. Cash received for purchase options is recorded as deferred option revenue in the accompanying consolidated financial statements. These amounts are recorded to revenue upon the exercise of the option by the tenant or the expiration of the unused option.

Advertising Costs

GROW CONDOS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Advertising costs are expensed as incurred. Advertising expense was \$341 and \$359 for the three months ended December 31, 2018 and 2017, respectively, and \$5,951 and \$359 for the six months ended December 31, 2018 and 2017, respectively.

Fair Value of Financial Instruments:

The Company follows the fair value measurement rules, which provides guidance on the use of fair value in accounting and disclosure for assets and liabilities when such accounting and disclosure is called for by other accounting literature. These rules establish a fair value hierarchy for inputs to be used to measure fair value of financial assets and liabilities. This hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels: Level 1 (highest priority), Level 2, and Level 3 (lowest priority).

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the balance sheet date.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3—Inputs are unobservable and reflect the Company's assumptions as to what market participants would use in pricing the asset or liability. The Company develops these inputs based on the best information available.

Investments are reflected in the accompanying financial statements at fair value. The carrying amount of receivables and accounts payable and accrued expenses approximates fair value due to the short-term nature of those instruments.

The estimated fair values for financial instruments are determined at discrete points in time based on relevant market information. These estimates involve uncertainties and cannot be determined with precision. The carrying amounts

of lease receivables, accounts payable, and accrued liabilities approximate fair value given their short-term nature or effective interest rates, which constitutes level three inputs.

Share-based compensation

The Company measures the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. Restricted stock awards are measured based on the fair market values of the underlying stock on the dates of grant. For service type awards, share-based compensation expense is recognized on a straight-line basis over the period during which the employee is required to provide service in exchange for the entire award. For awards that vest or begin vesting upon achievement of a performance condition, the Company estimates the likelihood of satisfaction of the performance condition and recognizes compensation expense when achievement of the performance condition is deemed probable using an accelerated attribution model.

The fair value of options is calculated using the Black-Scholes option pricing model to determine the fair value of stock options on the date of grant based on key assumptions such as expected volatility and expected term, so long as the option does not contain provisions that require a more complex model to be used.

Convertible debt and beneficial conversion features

The Company evaluates embedded conversion features within convertible debt under ASC 815 "Derivatives and Hedging" to determine whether the embedded conversion feature(s) should be bifurcated from the host instrument and accounted for as a derivative at fair value with changes in fair value recorded in earnings. If the conversion feature does not require derivative treatment under ASC 815, the instrument is evaluated under ASC 470-20 "Debt with Conversion and Other Options" for consideration of any beneficial conversion features.

GROW CONDOS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Stock settled debt

In certain instances, the Company will issue convertible notes which contain a provision in which the price of the conversion feature is priced at a fixed discount to the trading price of the Company's common shares as traded in the over-the-counter market. In these instances, the Company records a liability, in addition to the principal amount of the convertible note, as stock-settled debt for the fixed value transferred to the convertible note holder from the fixed discount conversion feature. As of December 31, 2018, and June 30, 2018, the Company had recorded within convertible notes, net of discount, the amount of \$0 for the value of the stock settled debt for certain convertible notes (see Note 6).

Impairment of long-lived assets

The Company monitors its long-lived assets and finite-lived intangibles for indicators of impairment. If such indicators are present, the Company assesses the recoverability of affected assets by determining whether the carrying value of such assets is less than the sum of the undiscounted future cash flows of the assets. If such assets are found not to be recoverable, the Company measures the amount of such impairment by comparing the carrying value of the assets to the fair value of the assets, with the fair value generally determined based on the present value of the expected future cash flows associated with the assets.

Income taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and net operating loss and credit carryforwards. Deferred tax assets and liabilities are measured at rates expected to apply to taxable income in the years in which those temporary differences and carryforwards are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of operations in the period that includes the enactment date. A valuation allowance is recorded when it is not more likely than not that all or a portion of the net deferred tax assets will be realized.

Net (loss) income per share

Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding for the period and contains no dilutive securities. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of an entity. For the three and six months ended December 31, 2018 and 2017, all potentially dilutive securities are anti-dilutive due to the Company's losses from operations.

All dilutive common stock equivalents are reflected in our earnings (loss) per share calculations. Anti-dilutive common stock equivalents are not included in our earnings (loss) per share calculations.

The following table sets forth the number of dilutive shares as of December 31, 2018:

Options	500,000
Total dilutive shares	500,000

Recent accounting pronouncements

In August 2018, the Securities and Exchange Commission ("SEC") adopted amendments to eliminate, integrate, update or modify certain of its disclosure requirements. The amendments are part of the SEC's efforts to improve disclosure effectiveness and were focused on eliminating disclosure requirements that have become redundant, duplicative, overlapping, outdated, or superseded.

GROW CONDOS, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

(Unaudited)

Management has considered all recent accounting pronouncements issued and their potential effect on our financial statements. The Company's management believes that these recent pronouncements will not have a material effect on the Company's financial statements.

Note 3 – Assets Held for Sale

In April 2016, the Company purchased a parcel of land near Eugene, Oregon within the Pioneer Business Park from a private seller in the amount of \$326,629 plus closing costs. As part of the purchase, the Seller financed through a note payable \$267,129 of the purchase price (see Note 6). The intent of the Company was to build an industrial condominium building on the parcel, akin to the WCS property. The Company was unable to secure additional funding via debt or equity and due to the hostility of the local county government towards the intended operations of the tenants, the Company in late calendar 2017 abandoned those plans.

In December 2017, the Company made the decision to put the property up for sale. The Company has retained a sales agent and has listed the property for sale at a purchase price of \$399,000. The financial statements show the value of the land and the related mortgage under Assets Held for Sale and Liabilities Held for Sale on the balance sheet, respectively. In September 2018, the Company completed the sale of the property for a gross sales price of \$349,000 (See Note 6). After payment of all closing costs, the Company recorded a loss on sale of approximately \$5,400.

Note 8 – Related Party Transactions

The Company is currently leasing units located in Eagle Point Oregon. The building has approximately 15,000 square feet and is divided into four 1,500 square foot condo style grow rooms which are being leased to four tenants, 1,500 square feet of office space for Grow Condos, Inc., and one 7,500 square foot grow facility. Four units are currently under lease to three different unrelated companies and the 7,500 square foot unit is under lease to a company controlled by our Chairman. The agreement to the lease 7,500 square feet to a company controlled by our Chairman was entered into by the owner prior to purchase of the facility by WCS in 2013. The lease term begins once the tenant improvements are completed and the premises are occupied and continues for a period of 36 months. Four-unit lease terms began in the fiscal year ended June 30, 2016, with cash payments commencing on all four unit leases in the fiscal year ended June 30, 2017. The lease on the 7,500 grow facility commenced in fiscal 2017.

As of December 31, 2018, and June 30, 2018, a related party had advanced the Company, on an unsecured basis, \$105,000.

On July 1, 2018, Wayne Zallen resigned as the President and CEO of the Company and David Tobias resigned his position as a member of the Board of Directors. On the same day, Jonathan Bonnette was elected to the Board of Directors filling the vacancy created by the resignation of David Tobias. Mr. Bonnette was also appointed the President and CEO of the Company. Wayne Zallen will remain the Chairman of the Board of Directors and will

In July 2018, the Company entered into an employment agreement with its CEO and President having an initial term of one year including compensation for the first year at \$240,000 payable in restricted stock at the valuation rate of \$0.08 per share or 3,000,000 shares which have been issued.

During the three months ended September 30, 2018, the Company negotiated a sublease agreement to lease approximately 1,500 square feet of office space at a business center known as Green Valley Corporate Center South located in Henderson, Nevada, effective February 19, 2019, which the Company will use as its new headquarters. The sublease includes a four-month abatement of monthly base rent. Appreciation, LLC holds the master lease from which the Company derives its sublease for its headquarters. Terry Kennedy, the President of Appreciation, provides consulting services to the Company and is also a 10% shareholder. The sublease includes a four-month abatement of monthly base rent. (See Note 9)

In fiscal 2018, the Company was notified by its primary banks that these banks would no longer accept the Company as a client for its banking services. As of June 30, 2018, the Company's wholly owned subsidiary, WCS, was notified that its bank, which also holds both of its mortgages, would no longer continue to accept WCS as a customer shortly after its fiscal year end. Because the Company rents its properties to those who engage in a federal crime under the Controlled Substances Act, most banks subject to any federal oversight (the Office of the Comptroller of the Currency or any of the Federal Reserve Bank's of the United States) have declined to do business with any entity that is related in any way to cannabis operations. The Company's management and directors have as of June 30, 2018 transferred the Company's cash and its banking operations to an entity owned and controlled by them. The Company has treated the cash transferred as amounts due from this related entity and the cash expended from these accounts on behalf of the Company as reductions of the amounts due from these entities. As of

Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results, later events or circumstances or to reflect the occurrence of unanticipated events.

The management's discussion and analysis of our financial condition and results of operations are based upon our condensed financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The following discussion of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements for the three and six months ended December 31, 2018 and the notes thereto appearing elsewhere in this Report and the Company's audited financial statements for the fiscal year ended June 30, 2018, as filed with the Securities and Exchange Commission in our Form 10-K on October 12, 2018, along with the accompanying notes. As used in this quarterly report, the terms "we", "us", "our", and the "Company" means Grow Condos, Inc.

Overview

Grow Condos offers professional services to cannabis growers and other participants in the cannabis industry. These services include helping them optimize their growing process, creating public facing and back end technology solutions for participants in the cannabis industry and working with cannabis related companies without access to the traditional banking system on banking and lending solutions. Additionally, we continue to conduct operations through our two wholly-owned subsidiaries, WCS Enterprises, Inc. ("WCS") and Smoke on the Water, Inc.

In connection with changing our business focus to professional solutions for cannabis companies, on June 22, 2018, the Board of Directors of the Company approved an amendment to our articles of incorporation to increase our authorized capital to 180,000,000 shares, consisting of 175,000,000 shares of common stock and 5,000,000 shares of preferred stock (the "Recapitalization") and to change the name of the Company to Grow Capital Inc. The Company filed articles of amendment with the State of Nevada to effect the aforementioned changes on July 10, 2018 and August 28, 2018 respectively. The Company is in the process of seeking approval from the Financial Industry Regulatory Authority ("FINRA") for the above noted corporate actions.

WCS Business Operations

Through WCS, we are a real estate purchaser, developer and manager of specific use industrial properties providing "Condo" style turn-key grow facilities to support cannabis growers in the United States cannabis industry. We intend to own, lease, sell and manage multi-tenant properties so as to reduce the risk of ownership and reduce costs to the tenants and owners. We offer tenants the option to lease, lease to purchase or buy their condo warehouse space that is divided into comparable 1,500- 2,500 square foot condominium units. Each Condo unit will be uniquely designed and have all necessary resources as an optimum stand-alone grow facility. We believe that Cannabis farmers will pay an above market rate to lease or buy our condo grow facility. We will purchase and develop buildings that are

divisible into separate units to attract multiple farmers and reduce the risk of single tenant leases. In addition to our "Condo" turn-key growing facilities we intend to provide marijuana grow consulting services and equipment and supplies as part of our turn-key offerings. The Company is not directly involved in the growing, distribution or sale of cannabis.

Smoke on the Water, Inc.

Smoke on the Water, Inc., was incorporated on October 21, 2016, in the State of Nevada and is a wholly owned subsidiary.

Smoke on the Water Business Operations

Smoke on the Water is designed to capitalize on the country's growing level of recreational marijuana acceptance. The company plans to engage in a roll up strategy for this highly-fragmented industry and provide turn-key solutions for Marijuana-friendly campgrounds and resorts. The company has strategized to initially develop the property through acquisition, subsequently rebranding the existing RV business to represent the Smoke on The Water brand. Upon project launch, the Company plans to provide fully functional vacationing solutions to campground operators and owners seeking to fill the growing demand for stress free and acceptable vacationing for the pro-personal choice and marijuana smoking community.

On March 7, 2017, Smoke on the Water, Inc. executed a Real Estate Purchase Agreement to acquire the Lake Selmac Resort located at 2700 Lakeshore Drive, Selma, Oregon.

Plan of Operations

The Company believes that its existing capital resources may not be adequate to satisfy its cash requirements for the next twelve months and further funding will be required to fully execute our business plans. Through the date of this report we have been able to rely on bank and non-bank financing in the form of mortgages, convertible notes with third parties, sales of common stock, and advances from related parties to continue to fund shortfalls in our operations. The Company estimates that it will require additional cash resources during fiscal 2019 and beyond based on its current operating plan and condition. The Company expects cash flows from operating activities to improve, primarily as a result of the reduction in interest expense going forward, however we do not presently have enough revenue to meet our overhead. We will continue to rely on funding from our officers, directors and third parties to meet our operational shortfalls. While we expect to continue to have these resources available to us, there is no guarantee we will be able to continue to meet our obligations in the normal course. If we fail to generate positive cash flow or obtain additional financing, when required, we may have to modify, delay, or abandon some or all of our

business and expansion plans.

There is substantial doubt that we can continue as an on-going business after the next twelve months unless we obtain additional capital to pay our expenditures.

RESULTS OF OPERATIONS

Three Months Ended December 31, 2018 compared to Three Months ended December 31, 2017

Revenue

During the three months ended December 31, 2018 and 2017, respectively, we generated net revenues of \$91,715 and \$66,289. We do not yet have sufficient revenues to meet our ongoing operational overhead. The increase in revenue in 2018 was due to the ongoing leasing fees paid by a related party from our condominium property and increased revenues from our Lake Selmac RV campground property.

Operating expenses

Our operating expenses for the three-month periods ended December 31, 2018 and 2017 are as follows:

	Three Months Ended

Net revenues	\$ 91,715	\$ 66,289
Operating expenses		
Cost of revenues	19,684	8,153

Sales and marketing	341	359
Professional fees	29,452	(16,847)
Stock based compensation	118,504	955,389
Depreciation, amortization and impairment	7,526	9,012
Total operating expenses	279,063	1,078,458

Three months ended December 31, 2018 and 2017

Our general and administrative expenses include rent, telephone, internet services, banking charges, salaries, consulting fees and miscellaneous office costs.

The Company experienced a substantial decrease in operating expenses from \$1,078,458 during the three months ended December 31, 2017 compared to \$279,063 during the three months ended December 31, 2018. The decrease in operating expenses is predominantly attributable to a reduction in stock-based compensation in the current period. During fiscal 2017, the Company issued common stock to pay accrued payroll for certain board members and consultants at rates below market, as well as issued common stock as board compensation, the total combined value of which was \$955,389 compared to \$118,504 recorded for issuances of common stock in the three-months ended December 31, 2018 as board compensation, and no comparative transactions to settle prior accrued payroll.

Professional fees also increased substantially during the three months ended December 31, 2018 to \$29,452 as compared to a credit balance reported in the prior comparative period. In the three months ended December 31, 2017, the Company recovered legal deposits previously advanced for services prior expensed resulting in a net credit to professional fees of \$16,847. Costs of revenues in the current period totaled \$19,684 as compared to \$8,153 in the

prior comparative three months ended December 31, 2017. The increase in costs of revenue were attributable to our acquisition of the RV campground near Lake Selmac, Oregon and were comprised of costs associated with concession items sold at the campground and other associated expenses. Depreciation, amortization and impairment decreased to \$7,526 in the current three-month period, as compared to \$9,012 in the three months ended December 31, 2017. During the three months ended December 31, 2018 and 2017 we recorded sales and marketing costs of \$341 and \$359, respectively.

We expect operating expenses to increase in future periods as we continue to expand our holdings and our revenue base.

Other Expenses

Other expenses recorded in the three months ended December 31, 2018 and 2017 totaled \$9,144 and \$276,009 respectively. The Company experienced a substantial decrease in interest expenses in the three months ended December 31, 2018 due to the fact that during the period ended December 31, 2017 the Company recorded interest expense relative to the issuance of certain convertible notes and their conversion through issuance of our common stock, with no similar transactions during the current three-month period ended December 31, 2018.

Net losses in the three months ended December 31, 2018 and 2017 totaled \$196,492 and \$1,288,178, respectively.

Six Months Ended December 31, 2018 compared to Six Months ended December 31, 2017

Revenue

During the six months ended December 31, 2018 and 2017, respectively, we generated net revenues of \$200,188 and \$153,394. We do not yet have sufficient revenues to meet our ongoing operational overhead. The increase in revenue in 2018 was due to the ongoing leasing fees paid by a related party from our condominium property and increased revenues from our Lake Selmac RV campground property.

Operating expenses

Our operating expenses for the six-month periods ended December 31, 2018 and 2017 are as follows:

	Six Months Ended	
	December 31,

Professional fees	63,056	(5,280)
Stock based compensation	328,504	955,389
Depreciation, amortization and impairment	14,949	35,689
Total operating expenses	626,009	1,229,969

Six months ended December 31, 2018 and 2017

Our general and administrative expenses include rent, telephone, internet services, banking charges, salaries, consulting fees and miscellaneous office costs.

The Company experienced a substantial decrease in operating expenses from \$1,229,969 during the six months ended December 31, 2017 to \$626,009 during the six months ended December 31, 2018. The decrease to expenses is predominantly attributable to a reduction in stock-based compensation in the current period. During fiscal 2017, the Company converted accrued payroll for certain board members and consultants at rates below market, as well as issued board compensation the total value of which was \$955,389 with only \$148,504 recorded relative to certain issued board compensation in the current comparative six-month period ended December 31, 2018, and no comparative transactions to settle prior accrued payroll. In the six months ended December 31, 2017, the Company recovered legal deposits previously advanced for services prior expensed resulting in a net credit to professional fees of \$5,280. Costs of revenues in the current period totaled \$47,914 as compared to \$20,659 in the prior comparative six months ended December 31, 2017. The increase in costs of revenue were attributable to our acquisition of the RV campground near Lake Selmac, Oregon and were comprised of costs associated with concession items sold at the campground and other associated expenses.

Depreciation, amortization and impairment decreased to \$14,949 in the current six-month period, as compared to \$35,689 in the six months ended December 31, 2017 due to prior period impairment of construction deposits and other costs associated with the land purchased in April 2016 near Eugene Oregon in the amount of \$14,486, as we determined subsequent to quarter end to put the land up. During the six months ended December 31, 2018 and 2017 we recorded marketing costs of \$5,951 and \$359, respectively.

We expect operating expenses to increase in future periods as we continue to expand our holdings and our revenue base.

Further, the Company recorded a loss on disposal of property of \$5,412 during the current six-month period, with no comparative expense in the comparative six months in 2017.

Current Liabilities	675,545	1,883,555
Working Capital Deficit	\$ (278,293)	\$ (1,494,646)

As of December 31, 2018, the Company had total current assets of \$397,252 and a working capital deficit of \$278,293 compared to total current assets of \$388,909 and a working capital deficit of \$1,494,646 as of June 30, 2018. The decrease in our working capital deficit was primarily a result of the sale of certain owned properties during the current period and proceeds from financings of \$1,165,000 which allowed us to retire the two mortgages held on the WCS condo property.

During the six months ended December 31, 2018, cash provided by operating activities totaled \$193,797, primarily as a result of a net loss from operations of \$461,937, offset by stock-based compensation of \$328,504, loss on disposal of property of \$5,412 and depreciation, amortization and impairment expenses of \$14,949. Further during the six months ended December 31, 2018, we reduced our accrued expenses by \$64,185, partially offset by an increase in our accounts payable of \$6,797. In the six months ended December 31, 2017, cash provided by operating activities totaled \$50,487 with a net loss from operations of \$2,052,217 offset by non-cash interest of \$930,540, stock-based compensation of \$955,389 and depreciation, amortization and impairment expenses of \$35,689. During the six months ended December 31, 2017, the Company's accrued expenses increased by \$75,505, partially offset by a reduction to accounts payable of \$9,917.

Net cash provided by investing activities in the six months ended December 31, 2017 was \$1,513, as compared to cash used of \$34,039 in 2018. Cash due from related party in the current six-month period is a result of the loss of certain banking facilities in fiscal 2018 due to the nature of our area of operations which required us to transfer the Company's cash and its banking operations to an entity owned and controlled by management while sourcing other banking solutions. Further, in the six months ended December 31, 2017, we received \$27,000 under option agreements for certain units at our Eagle Creek condominium compared to \$Nil received in the six months ended December 31, 2018. The Company purchased certain property and equipment during fiscal 2017 in the amount of \$25,487 as compared to \$6,160 during fiscal 2018.

Net cash provided by financing activities was \$254,073 in the six months ended December 31, 2018 as compared to \$59,774 in 2017. During the current six-month period ended December 31, 2018, the Company closed private placements for total proceeds of \$1,165,000, compared to total proceeds of \$57,000 from private placements during the comparable period ended December 31, 2017. The amounts raised during the current six month period were

offset by the repayment of mortgages in the amount of \$910,927. During the six months ended December 31, 2017 the Company received proceeds from the sale of convertible notes of \$40,000 offset by mortgage repayments of \$37,226.

Going Concern

During the three- and six-months period ended December 31, 2018, the Company reported a net loss of \$196,492 and \$461,937, respectively. During the three- and six-months period ended December 31, 2017, the Company reported a net loss of \$1,288,178 and \$2,052,217, respectively. The Company believes that its existing capital resources are not adequate to enable it to fully execute its business plan. These conditions raise substantial doubt as to the Company's ability to continue as a going concern. The Company estimates that it will require additional cash resources during fiscal year 2019 and beyond based on its current operating plan and condition. In July and August 2018, the Company conducted a private placement of its common shares and raised gross proceeds of approximately \$1,165,000. The Company used approximately \$900,000 of the proceeds from the private placements to retire the two mortgages held on the WCS condo property (see Note 6 to the unaudited financial statements contained herein). In addition, in September 2018, the Company completed the sale of its land held in the Pioneer Business Park (see Note 3 to the unaudited financial statements contained herein). The Company received proceeds of approximately \$74,000 after payment of expenses of the sale and full retirement of the attached mortgage of approximately \$250,000. These actions have reduced the working capital deficit below \$300,000 in the current period ended December 31, 2018. The Company expects cash flows from operating activities to improve marginally in the short term, primarily as a result of an increase in cash received from tenants and a decrease in certain operating expenses, although there can be no assurance thereof. In addition, there can be no assurance that new tenants will become available after 2019 when the remaining leases expire for the Eagle Point condominium. If we fail to generate positive cash flow or obtain additional financing, when required, we may have to modify, delay, or abandon some or all of our business and expansion plans, and potentially cease operations altogether. The accompanying unaudited consolidated financial statements do not include any adjustments that might be necessary should we be unable to continue as a going concern.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Critical Accounting Policies and Estimates

The preparation of our financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, management evaluates its estimates and judgments which are based on historical experience and on various

other factors that are believed to be reasonable under the circumstances. The results of their evaluation form the basis for making judgments about the carrying values of assets and liabilities. Actual results may differ from these estimates under different assumptions and circumstances. Our significant accounting policies are more fully discussed in the Notes to our Financial Statements. Refer to Note 2 of the Unaudited Consolidated Financial Statements included herein.

Recent Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material effect on the Company's operations, financial position or cash flows.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of December 31, 2018, our disclosure controls and procedures were not effective, for the reasons discussed below, to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is (i) recorded, processed, summarized, and reported within the time periods specified in the SEC rules and forms, and (ii) is accumulated and communicated to our management, including our Chief Executive Officer, as appropriate to allow timely decisions regarding required disclosure.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with GAAP.

A material weakness is a deficiency, or combination of deficiencies, that creates a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected in a timely manner.

The material weakness related to our company was due to not having the adequate personnel to address the reporting requirements of a public company and to fully analyze and account for our transactions.

Accordingly, while we identified a material weakness in our system of internal control over financial reporting as of December 31, 2018, we believe that we have taken reasonable steps to ascertain that the financial information contained in this report is in accordance with GAAP. We are committed to remediating the control deficiencies that constitute the material weaknesses by implementing changes to our internal control over financial reporting.

Management is responsible for implementing changes and improvements in the internal control over financial reporting and for remediating the control deficiencies that gave rise to the material weaknesses.

Going forward, we intend to evaluate our processes and procedures and, where practicable and resources permit, implement changes in order to have more effective controls over financial reporting.
