Item 2.02. Results of Operation and Financial Condition.

In a press release dated September 16, 2015, a copy of which is attached hereto as Exhibit 99.1, and the text of which is incorporated by reference herein, Post Holdings, Inc. (“Post” or the “Company”) commented on financial guidance for fiscal 2015.

The information contained in Item 2.02 and the Exhibit attached hereto shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, except as expressly set forth by specific reference in such filing.

In the Company’s press release, the Company makes reference to Adjusted EBITDA, a non-GAAP financial measure. Management believes the use of this non-GAAP measures provides increased transparency and assists investors in understanding the underlying operating performance of the Company and its segments and in the analysis of ongoing operating trends. This measure may not be comparable to similarly-titled measures of other companies. The Company has not provided a quantitative reconciliation between Adjusted EBITDA presented in the press release to the most comparable financial measure or measures calculated and presented in accordance with GAAP because it is not reasonably practicable to produce such reconciliation for this prospective financial information.

Item 2.05. Costs Associated With Exit or Disposal Activities.

On September 14, 2015, management decided to permanently close its Dymatize manufacturing facility in Farmers Branch, Texas and permanently transfer production to third party facilities under co-manufacturing agreements. As a result of plant operational and quality issues, the manufacturing facility has ceased production, and final closure of the plant is expected to be completed by December 1, 2015. Production of Dymatize products by third parties has begun.

The closure of the facility will impact approximately 115 employees, and the Company began notifying impacted employees on September 16, 2015. The Company currently expects to incur pre-tax charges of approximately \$11.0 million to \$16.0 million in connection with the closure. Components of these pretax charges include cash charges of approximately \$2.0 million to \$3.0 million related to severance, retention and related expenses; non-cash charges of approximately \$2.0 million to \$3.0 million related to other plant closure expenses; and a reserve of approximately \$7.0 million to \$10.0 million for usable inventory rendered less than fully recoverable by the decision to close the manufacturing facility. The Company estimates that these charges will primarily be incurred in Post’s fourth quarter of fiscal 2015, of which approximately \$2.5 million to \$3.5 million will be incurred in fiscal 2016. This estimate excludes any non-cash impairment charges, which cannot be determined at this time. The Company will file an amendment to this Current Report on Form 8-K providing a good faith estimate of these amounts when available.

A copy of the Company’s press release is attached to this report as Exhibit 99.1 and, except for the discussion under the caption “Confirmation of Fiscal 2015 Adjusted EBITDA Guidance,” is incorporated herein by reference.

Certain matters discussed in this Current Report on Form 8-K are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including the fiscal 2015 Adjusted EBITDA guidance, expected timing of the closure of the plant, the transition of production to co-manufacturing agreements and the amount and timing of the expected charges associated with the closure.
