NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended January 30, 2011, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and subsidiaries (the "Company") operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet in size. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers and professional customers.

Valuation Reserves

As of October 30, 2011 and January 30, 2011, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

2. LONG-TERM DEBT

In March 2011, the Company issued \$1.0 billion of 4.40% Senior Notes due April 1, 2021 at a discount of \$2 million and \$1.0 billion of 5.95% Senior Notes due April 1, 2041 at a discount of \$4 million (together, the "March 2011 issuance"). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2011. The net proceeds of the March 2011 issuance were used to repurchase \$1.0 billion of the Company's common stock through an Accelerated Share Repurchase ("ASR") agreement, and the balance of the net proceeds were used to repay the Company's 5.20% Senior Notes that matured March 1, 2011 in the aggregate principal amount of \$1.0 billion. The \$6 million discount associated with the March 2011 issuance is being amortized over the term of the Senior Notes using the effective interest rate method. Issuance costs were approximately \$15 million and are being amortized over the term of the Senior Notes.

The Senior Notes may be redeemed by the Company at any time, in whole or in part, at the redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the Senior Notes to be redeemed, and (2) the sum of the present values of the remaining scheduled payments of principal and interest to maturity. Additionally, if a Change in Control Triggering Event occurs, as defined by the terms of the March 2011 issuance, holders of the March 2011 issuance have the right to require the Company to redeem those notes at 101% of the aggregate principal amount of the notes plus accrued interest up to the redemption date. The Company is generally not limited under the indenture governing the Senior Notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. Further, while the indenture governing the Senior Notes contains various restrictive covenants, none is expected to impact the Company's liquidity or capital resources.

In May 2010, the Company entered into a forward starting interest rate swap agreement with a notional amount of \$500 million, which was accounted for as a cash flow hedge, to hedge interest rate fluctuations in anticipation of the March 2011 issuance. Upon the March 2011 issuance, the Company settled this forward starting interest rate swap agreement for an immaterial amount.

3. ACCELERATED SHARE REPURCHASE

In March 2011, the Company entered into an ASR agreement with a third-party financial institution to repurchase \$1.0 billion of the Company's common stock. Under the agreement, the Company paid \$1.0 billion to the financial institution, using a portion of the proceeds from the March 2011 issuance, and received an initial delivery of approximately 21 million shares in the first quarter of fiscal 2011. The transaction was completed in the second quarter of fiscal 2011, with the Company receiving an additional 6 million shares. The \$1.0 billion of shares repurchased are included in Treasury Stock in the accompanying Consolidated Balance Sheets as of October 30, 2011. The final number of shares delivered upon settlement of the agreement was determined with reference to the average price of the Company's common stock over the term of the ASR agreement.

4. DEBT GUARANTEE EXTENSION

In connection with the sale of HD Supply, Inc. (“HD Supply”) on August 30, 2007, the Company guaranteed a \$1.0 billion senior secured amortizing term loan of HD Supply. The Company is responsible for up to \$1.0 billion and any unpaid interest in the event of nonpayment by HD Supply. As reported in the quarterly report on Form 10-Q of HD Supply for the period ended July 31, 2011, the outstanding balance of this term loan as of July 31, 2011 was \$933 million. The guaranteed loan is collateralized by certain assets of HD Supply. The original expiration date of the guarantee was August 30, 2012. On March 19, 2010, the Company amended the guarantee to extend the expiration date to April 1, 2014. The fair value of the guarantee at August 30, 2007 was \$16 million and was recorded as a liability of the Company in Other Long-Term Liabilities. The extension of the guarantee increased the fair value of the guarantee to \$67 million, resulting in a \$51 million charge to Interest and Other, net, for the first quarter and first nine months of fiscal 2010.

5. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability’s fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 – Observable inputs that reflect quoted prices in active markets
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs in which little or no market data exists, therefore requiring the Company to develop its own assumptions

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of October 30, 2011 and January 30, 2011 were as follows (amounts in millions):

	Fair Value at October 30, 2011 Using			Fair Value at January 30, 2011 Using		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$—	\$98	\$—	\$—	\$47	\$—
Derivative agreements - liabilities	—	(38) —	—	(40) —
Total	\$—	\$60	\$—	\$—	\$7	\$—

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company’s derivative financial instruments was measured using level 2 inputs.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The assets and liabilities of the Company that were measured at fair value on a nonrecurring basis during the nine months ended October 30, 2011 and October 31, 2010 were as follows (amounts in millions):

	Fair Value Measured During the Nine Months Ended October 30, 2011 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(145) \$(7
Total for the first nine months of fiscal 2011		\$(7

	Fair Value Measured During the Nine Months Ended October 31, 2010 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(169) \$(10)
Guarantee of HD Supply loan	\$(67) (51)
Total for the first nine months of fiscal 2010		\$(61)

Lease obligation costs were related to certain store closings and the exit of certain businesses in fiscal 2009 and 2008. These charges were measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3).

The guarantee of the HD Supply loan was measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3), as further discussed in Note 4.

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first nine months of fiscal 2011 and 2010 were not material.

The Company completed assessments on the recoverability of Goodwill and indefinite-lived intangible assets in the first nine months of fiscal 2011. The fair values of the Company's reporting units and indefinite-lived intangible assets were estimated using the present value of expected future discounted cash flows through unobservable inputs or, for one reporting unit subsequently sold, the estimated selling price of the unit. Impairment charges related to Goodwill and indefinite-lived intangible assets were not material.

The aggregate fair value of the Company's Senior Notes, based on quoted market prices, was \$11.7 billion and \$9.8 billion at October 30, 2011 and January 30, 2011, respectively, compared to a carrying value of \$10.3 billion and \$9.3 billion at October 30, 2011 and January 30, 2011, respectively.

6. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three and nine months ended October 30, 2011 and October 31, 2010 was as follows (amounts in millions):

	Three Months Ended		Nine Months Ended	
	October 30, 2011	October 31, 2010	October 30, 2011	October 31, 2010
Weighted average common shares	1,540	1,637	1,572	1,657
Effect of potentially dilutive securities:				
Stock plans	8	9	9	10
Diluted weighted average common shares	1,548	1,646	1,581	1,667

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 31 million and 41 million shares of common stock for the three months ended October 30, 2011 and October 31, 2010, respectively, and options to purchase 27 million and 40 million shares of common stock for the nine months ended October 30, 2011 and October 31, 2010, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheets of The Home Depot, Inc. and subsidiaries as of October 30, 2011, the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and nine-month periods ended October 30, 2011 and October 31, 2010, and the related Consolidated Statements of Cash Flows for the nine-month periods ended October 30, 2011 and October 31, 2010. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole.

Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 30, 2011, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 24, 2011, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 30, 2011, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the third quarter of fiscal 2011, we reported Net Earnings of \$934 million and Diluted Earnings per Share of \$0.60 compared to Net Earnings of \$834 million and Diluted Earnings per Share of \$0.51 for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, we reported Net Earnings of \$3.1 billion and Diluted Earnings per Share of \$1.97 compared to Net Earnings of \$2.8 billion and Diluted Earnings per Share of \$1.65 for the first nine months of fiscal 2010.

Net Sales increased 4.4% to \$17.3 billion for the third quarter of fiscal 2011 from \$16.6 billion for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, Net Sales increased 2.9% to \$54.4 billion from \$52.9 billion for the first nine months of fiscal 2010. Our comparable store sales increased 4.2% in the third quarter of fiscal 2011, driven primarily by a 3.0% increase in our comparable store average ticket. Comparable store sales for our U.S. stores increased 3.8% in the third quarter of fiscal 2011.

In the first nine months of fiscal 2011, we continued to focus on the following four key initiatives:

Customer Service – Our focus on customer service is anchored on the principles of taking care of our associates, putting customers first and simplifying the business. In the third quarter of fiscal 2011, we rolled out a new scheduling system for our associates and a new centralized return to vendor process. Both the new scheduling system and the new return to vendor process are allowing us to increase customer facing hours in our stores at the same time that we are improving overall labor productivity.

Product Authority – Our focus on product authority is facilitated by our merchandising transformation and portfolio strategy, including innovation, assortment and value. As part of a multi-phased project to improve our special order performance, we completed digitizing our vendor catalogs in the third quarter of fiscal 2011. When completed, the new system will make the special order process both simpler and more accurate for our associates.

Productivity and Efficiency – Our approach to driving productivity and efficiency starts with disciplined capital allocation focused on building best-in-class competitive advantages in information technology and supply chain, as well as building shareholder value through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. Since the completion of the roll out of our Rapid Deployment Centers (“RDCs”) in fiscal 2010, we have

Table of Contents

been adding mechanization to the RDCs and have seen benefits in capacity, efficiency and accuracy. By the end of fiscal 2012, we expect 18 of the 19 RDCs will be mechanized. In terms of building shareholder value, during the first nine months of fiscal 2011, we repurchased a total of 87 million shares through open market purchases and our \$1.0 billion Accelerated Share Repurchase ("ASR") agreement. In addition, on November 15, 2011 we announced a 16% increase in our quarterly cash dividend to 29 cents per share.

Interconnected Retail – Our focus on interconnected retail is based on the view that providing a seamless shopping experience across multiple channels will be a critical enabler for future success. Our multiple channel focus is allowing us to greatly expand our assortment of merchandise, and we are making the investment to build these capabilities, including the roll out of Buy On-Line, Pick-up in Store, which was completed in the third quarter of fiscal 2011. We are also upgrading our online platform and expect to complete the upgrade by the end of fiscal 2011.

We opened one new store in Mexico and one new store in St. Croix in the U.S. Virgin Islands during the third quarter of fiscal 2011. We also temporarily closed one store due to flooding damage during the third quarter of fiscal 2011, for a total store count of 2,246 at the end of the third quarter of fiscal 2011. As of the end of the third quarter of fiscal 2011, a total of 274 of these stores, or 12.2%, were located in Canada, Mexico and China compared to 268 stores, or 11.9%, as of the end of the third quarter of fiscal 2010.

We generated \$5.7 billion of cash flow from operations in the first nine months of fiscal 2011. We used a portion of this cash flow to fund \$2.1 billion of share repurchases in addition to shares purchased under the ASR agreement, pay \$1.2 billion of dividends, and fund \$820 million in capital expenditures.

At the end of the third quarter of fiscal 2011, our long-term debt-to-equity ratio increased to 60.4% from 45.8% at the end of the third quarter of fiscal 2010 driven primarily by higher debt levels in the current year. Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 14.1% for the third quarter of fiscal 2011 compared to 12.0% for the third quarter of fiscal 2010.

RESULTS OF OPERATIONS

Net Sales for the third quarter of fiscal 2011 increased 4.4% to \$17.3 billion from \$16.6 billion for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, Net Sales increased 2.9% to \$54.4 billion from \$52.9 billion for the comparable period in fiscal 2010. The increase in Net Sales for the third quarter and first nine months of fiscal 2011 reflects the impact of positive comparable store sales. Total comparable store sales increased 4.2% for the third quarter of fiscal 2011 compared to an increase of 1.4% for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, total comparable store sales increased 2.7% compared to an increase of 2.6% for the same period of fiscal 2010.

The positive comparable store sales for the third quarter and first nine months of fiscal 2011 reflect a number of factors. Our performance in the third quarter of fiscal 2011 was driven by storm related sales arising from Hurricane Irene and early winter weather, as well as strength in our core departments. The majority of our departments posted positive comparable store sales for the third quarter and first nine months of fiscal 2011, and comparable store average ticket increased 3.0% and 2.6% for the third quarter and first nine months of fiscal 2011, respectively. Comparable store sales for our Tools, Electrical, Indoor Garden, Building Materials, Plumbing and Hardware product categories were above the Company average for the third quarter of fiscal 2011. Comparable store sales for our Paint, Flooring, Lighting and Kitchen product categories were positive for the third quarter of fiscal 2011. Comparable store sales for our Lumber, Outdoor Garden, Bath and Millwork product categories were negative for the third quarter of 2011.

Gross Profit increased 4.9% to \$6.0 billion for the third quarter of fiscal 2011 from \$5.7 billion for the third quarter of fiscal 2010. Gross Profit increased 3.3% to \$18.7 billion for the first nine months of fiscal 2011 from \$18.1 billion for the first nine months of fiscal 2010. Gross Profit as a percent of Net Sales increased 15 basis points to 34.4% for the third quarter of fiscal 2011 compared to 34.3% for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, Gross Profit as a percent of Net Sales was 34.3% compared with 34.2% for the comparable period of fiscal 2010, an increase of 16 basis points. The increase in gross profit margin in the third quarter and first nine months of fiscal 2011 was driven by benefits arising from our supply chain transformation in the U.S., which was partially offset by a change in the mix of products and services sold as well as higher shrink compared to last year.

Selling, General and Administrative Expense ("SG&A") increased 3.1% to \$4.0 billion for the third quarter of fiscal 2011 from \$3.8 billion for the third quarter of fiscal 2010, and increased 0.9% to \$12.2 billion for the first nine months of fiscal 2011 from \$12.0 billion for the first nine months of fiscal 2010. As a percent of Net Sales, SG&A was 22.8% for the third quarter of fiscal 2011 compared to 23.1% for the third quarter of fiscal 2010. For the first nine months of fiscal 2011, SG&A as a percent of Net Sales was 22.3% compared to 22.8% for the same period last year. The decrease in SG&A as a percent of Net Sales for the third quarter and first nine months of fiscal 2011 reflects expense leverage in the positive comparable store sales environment partially offset by expenses related to natural disasters. Additionally, SG&A for the first nine months of fiscal 2011 was negatively impacted by a \$32 million impairment charge in the second quarter of fiscal 2011 for a non-core carpet cleaning and cabinet refinishing business that was subsequently sold in the third quarter of fiscal 2011.

Depreciation and Amortization decreased 2.5% to \$390 million for the third quarter of fiscal 2011 from \$400 million for the third quarter of fiscal 2010. Depreciation and Amortization was \$1.2 billion for the first nine months of both fiscal 2011 and 2010. Depreciation and Amortization as a percent of Net Sales was 2.3% for the third quarter of fiscal 2011 compared to 2.4% for the third quarter of fiscal 2010, and was 2.2% for the first nine months of fiscal 2011 compared to 2.3% for the same period in fiscal 2010. The decrease in Depreciation and Amortization as a percent of Net Sales for the third quarter and first nine months of fiscal 2011 was a function of an increased number of fully depreciated assets.

Operating Income increased 11.5% to \$1.6 billion for the third quarter of fiscal 2011 from \$1.4 billion for the third quarter of fiscal 2010. Operating Income increased 11.0% to \$5.3 billion for the first nine months of fiscal 2011 from \$4.8 billion for the first nine months of fiscal 2010.

In the third quarter of fiscal 2011, we recognized \$158 million of Interest and Other, net, compared to \$142 million in the third quarter of fiscal 2010. We recognized \$443 million of Interest and Other, net, in the first nine months of fiscal 2011 compared to \$479 million for the same period last year. Interest and Other, net, as a percent of Net Sales was 0.9% for the third quarter of both fiscal 2011 and 2010. For the first nine months of fiscal 2011, Interest and

Other, net, as a percent of Net Sales was 0.8% compared to 0.9% for the same period last year. Interest and Other, net, for the first nine months of fiscal 2010 reflects a \$51 million pretax charge taken in the first quarter of fiscal 2010 related to the extension of our guarantee of a senior secured loan of HD Supply, Inc.

Our combined effective income tax rate was 36.4% for the first nine months of both fiscal 2011 and 2010.

Diluted Earnings per Share were \$0.60 and \$1.97 for the third quarter and first nine months of fiscal 2011, respectively, compared to \$0.51 and \$1.65 for the third quarter and first nine months of fiscal 2010, respectively.

for the third quarter and first nine months of fiscal 2011 reflect \$0.03 and \$0.10, respectively, of benefit from repurchases of our common stock in the twelve months ended October 30, 2011.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. During the first nine months of fiscal 2011, Net Cash Provided by Operating Activities was \$5.7 billion compared to \$4.0 billion for the same period of fiscal 2010. This increase was primarily a result of an increase in Net Earnings, changes in inventory levels and other net working capital items.

Net Cash Used in Investing Activities for the first nine months of fiscal 2011 was \$683 million compared to \$624 million for the same period of fiscal 2010. This change was primarily due to increased Capital Expenditures partially offset by Proceeds from Sale of Business, net, related to the sale of a non-core carpet cleaning and cabinet refinishing business in the third quarter of fiscal 2011.

Net Cash Used in Financing Activities for the first nine months of fiscal 2011 was \$3.3 billion compared to \$3.4 billion for the same period of fiscal 2010. In March 2011, we issued \$1.0 billion of 4.40% Senior Notes due April 1, 2021 at a discount of \$2 million and \$1.0 billion of 5.95% Senior Notes due April 1, 2041 at a discount of \$4 million (together, the "March 2011 issuance"). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2011. The net proceeds of the March 2011 issuance were used to repurchase \$1.0 billion of our common stock, and the balance of the net proceeds were used to repay our 5.20% Senior Notes that matured March 1, 2011 in the aggregate principal amount of \$1.0 billion.

In connection with the March 2011 issuance, we entered into an ASR agreement with a third-party financial institution to repurchase \$1.0 billion of our common stock. Under the agreement, we paid \$1.0 billion to the financial institution and received a total of 27 million shares during the first nine months of fiscal 2011. Also during the first nine months of fiscal 2011, we repurchased an additional 60 million shares of our common stock for \$2.1 billion through the open market. As of the end of the third quarter of fiscal 2011, \$6.8 billion remained under our share repurchase authorization.

In May 2010, we entered into a forward starting interest rate swap agreement with a notional amount of \$500 million, which was accounted for as a cash flow hedge, to hedge interest rate fluctuations in anticipation of the March 2011 issuance. Upon the March 2011 issuance, we settled this forward starting interest rate swap agreement for an immaterial amount.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with the programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. As of October 30, 2011, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The credit facility expires in July 2013 and contains various restrictive covenants. As of October 30, 2011, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources.

As of October 30, 2011, we had \$2.2 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

There have been no material changes in the risk factors discussed in our Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) During the third quarter of fiscal 2011, the Company issued 591 deferred stock units under The Home Depot, Inc. NonEmployee Directors’ Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended. The deferred stock units were credited to the accounts of such nonemployee directors during the third quarter of fiscal 2011 who elected to receive board retainers in the form of deferred stock units instead of cash. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

(b) During the third quarter of fiscal 2011, the Company credited 1,393 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act of 1933 for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in this plan.

(c) Since the inception of the Company’s share repurchase program in fiscal 2002 through the end of the third quarter of fiscal 2011, the Company has repurchased shares of its common stock having a value of approximately \$33.2 billion. The number and average price of shares purchased in each fiscal month of the third quarter of fiscal 2011 are set forth in the table below:

September 26, 2011 – October 30, 2011	11,315,059	\$34.60	11,312,054	\$6,810,021,267

(1) These amounts include repurchases pursuant to the Company’s 1997 and 2005 Omnibus Stock Incentive Plans (the “Plans”). Under the Plans, participants may exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Participants in the Plans may also surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) The Company’s common stock repurchase program was initially announced on July 15, 2002. As of the end of the third quarter of fiscal 2011, the Board had approved purchases up to \$40.0 billion. The program does not have a prescribed expiration date.
