FOR IMMEDIATE RELEASE

TrustCo Announces Second Quarter 2007 Results

Glenville, New York - July 17, 2007

TrustCo Bank Corp NY (TrustCo, Nasdaq: TRST) today announced that net income for the second quarter of 2007 was \$8.1 million compared to \$12.4 million for the comparable 2006 quarter. As previously announced, the results included net trading portfolio losses of \$2.8 million related to the change in value during the second quarter of 2007 of this portfolio. Diluted earnings per share were \$0.108 for the second quarter of 2007, compared to \$0.165 for the same period in 2006. Return on average equity and return on average assets were 14.13% and 0.98%, respectively for the second quarter of 2007 compared to 20.59% and 1.69% for the second quarter of 2006.

Edgar Filing: TRUSTCO BANK CORP N Y - Form 8-K

For the first half of 2007 net income was \$20.4 million and resulted in diluted earnings per share of \$0.272, as compared to the comparable period of 2006 which resulted in net income of \$24.8 million and diluted earnings per share of \$0.330. Return on average assets and return on average equity was 1.27% and 17.88%, respectively, for the first six months of 2007 and 1.71% and 20.67% for the comparable period in 2006.

As noted, second quarter results included net trading portfolio losses of \$2.8 million. After adoption of fair value accounting under Statement of Financial Accounting Standards No. 159 "The Fair Value Option for Financial Assets and Liabilities" (SFAS 159) in the first quarter, \$517 million of longer duration securities were sold in the second quarter of 2007. The appreciation in fair value of the trading portfolio during the first quarter of 2007 resulted in an unrealized gain of \$3.4 million, which was included in first quarter results. The actual sales of the securities resulted in the \$2.8 million loss recorded in the current period. The securities sold had an average remaining life of approximately nine years. The proceeds were primarily invested in securities with maturities of six months and continue to be recorded at fair value. The transaction

allowed the Company to significantly reduce its exposure to rising rates on its securities portfolio while maintaining the yield at about the same level and increasing flexibility going forward.

The growth of TrustCo's deposits and loans continue to show impressive results. For the quarter ended June 30, 2007, average deposits were up \$353 million or 13.6% compared to second quarter of 2006. Average loans showed similar results, rising \$253 million or 16.2% compared to the same period in 2006. Much of the success can be attributed to the branch growth initiative. During the second quarter of 2007, TrustCo opened nine offices to bring the total to 101. Current plans call for the expansion program to continue into 2008 with new branches planned in the markets currently served. Robert J. McCormick, President and Chief Executive Officer noted that, "We are pleased with the early results of our expansion program but are mindful that achieving our profit goals will take time and continued hard work."

TrustCo has again been nationally recognized. In its April 2007 edition, US Banker Magazine, a leading industry publication, ranked TrustCo 6th among the top 200 mid-tier banks in the country. In May, SNL Financial ranked TrustCo as the 5th best performing thrift institution of the nation's 100 largest public thrifts. This marks the third consecutive year in which the Company has ranked in the top seven in this study. Commenting on these achievements, Mr. McCormick stated "In a difficult market environment for banks, TrustCo continues to be ranked as one of the top institutions in its peer group in the nation. We have accomplished this through diligent expense controls and being ever mindful of asset quality."

Mr. McCormick also noted "Press reports continue to cover the fallout related to the subprime mortgage lending area. Subprime loans are mortgage loans to borrowers who do not qualify for conventional loans due to poor credit, employment issues, etc. TrustCo has never been involved in this type of lending. We have always believed that mortgage loans are our most important asset and growth is never an excuse to sacrifice credit quality."

Nonperforming loans continue at low levels. At the end of the second quarter nonperforming loans were 0.50% of total loans outstanding, compared to 0.32% in

Edgar Filing: TRUSTCO BANK CORP N Y - Form 8-K

the prior year. In addition, the allowance for loan losses is 3.8 times nonperforming loans, compared to 6.8 times in the prior year.

On May 15th the Board of Directors declared a quarterly cash dividend of \$0.16 per share, which shareholders received in early July. This dividend equates to an annualized yield of 6.48% based on the June 30, 2007 closing stock price.

TrustCo Bank Corp is a \$3.4 billion bank holding company and through its subsidiary, Trustco Bank, operates 101 offices in New York, New Jersey, Vermont, Massachusetts, and Florida.

In addition, the Bank operates a full service Trust Department. The common shares of TrustCo are traded on The NASDAQ Global Select Market under the symbol TRST.
