☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended November 2, 2018

or

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 1-7898

LOWE'S COMPANIES, INC.

(Exact name of registrant as specified in its charter)

North Carolina

56-0578072

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

1000 Lowe's Blvd., Mooresville, NC

28117

(Address of principal executive offices)

(Zip Code)

Registrant's telephone number, including area code

(704) 758-1000

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. ☒ Yes ☐ No

Indicate by check mark whether the registrant has submitted electronically, every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). ☒ Yes ☐ No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒ Accelerated filer ☐

Non-accelerated filer ☐ Smaller reporting company ☐

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). ☐ Yes ☒ No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Notes to Consolidated Financial Statements (Unaudited)

Note 1: Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) are presented in accordance with the rules and regulations of the Securities and Exchange Commission and do not include all the disclosures normally required in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). During the first quarter of fiscal year 2018, the Company conformed the financial reporting calendar of a subsidiary, which did not have a significant effect on the consolidated financial statements. The consolidated financial statements (unaudited), in the opinion of management, contain all adjustments necessary to present fairly the financial position as of November 2, 2018, and November 3, 2017, and the results of operations and comprehensive income for the three and nine months ended November 2, 2018, and November 3, 2017, and cash flows for the nine months ended November 2, 2018 and November 3, 2017.

These interim consolidated financial statements (unaudited) should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Lowe's Companies, Inc. (the Company) Annual Report on Form 10-K for the fiscal year ended February 2, 2018 (the Annual Report). The financial results for the interim periods may not be indicative of the financial results for the entire fiscal year.

Accounting Pronouncements Recently Adopted

Effective February 3, 2018, the Company adopted Accounting Standards Update 2014-09 (ASU 2014-09), Revenue from Contracts with Customers (Topic 606), and all the related amendments, using the modified retrospective method. ASU 2014-09 requires a company to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Upon adoption of ASU 2014-09, the Company recorded an immaterial adjustment to the opening balance of retained earnings as of February 3, 2018, with related adjustments to other current assets, deferred revenue, accounts payable, other current liabilities, and related tax effects. The adjustment to retained earnings primarily relates to the change in revenue recognition related to gift card breakage. The adoption of the guidance also required a change in the timing of when installation services are recognized, the presentation of sales return reserve on the consolidated balance sheet, and a change in the presentation of the Company's profit sharing income from its proprietary credit program. We applied ASU 2014-09 only to contracts that were not completed prior to fiscal 2018. Results for reporting periods beginning after February 2, 2018 are presented under ASU 2014-09, while comparative prior period amounts have not been restated and continue to be presented under accounting standards in effect in those periods. See Note 2 for additional details of the Company's revenues.

Table of Contents

The impact of adopting the new revenue recognition guidance on our consolidated statement of earnings is as follows:

Three Months Ended November 2, 2018			
Consolidated Statement of Earnings (in millions)	As Reported	Under Historical Guidance	Impact of Adopting ASU 2014-09
Net sales	\$17,415	\$ 17,176	\$ 239
Cost of sales	11,755	11,777	(22)
Gross margin	5,660	5,399	261
Selling, general and administrative	4,270	4,009	261
Operating income	957	957	—
Pre-tax earnings	804	804	—
Net earnings	629	629	—

Nine Months Ended November 2, 2018			
Consolidated Statement of Earnings (in millions)	As Reported	Under Historical Guidance	Impact of Adopting ASU 2014-09
Net sales	\$55,662	\$ 55,150	\$ 512
Cost of sales	36,791	36,849	(58)
Gross margin	18,871	18,301	570
Selling, general and administrative	13,147	12,578	569
Operating income	4,586	4,585	1
Pre-tax earnings	4,119	4,118	1
Net earnings	3,138	3,137	1

The impacts of adopting the new revenue recognition guidance to assets and liabilities on our consolidated balance sheet are as follows:

Balance at November 2, 2018			
Consolidated Balance Sheet (in millions)	As Reported	Under Historical Guidance	Impact of Adopting ASU 2014-09
Assets			
Other current assets	\$897	\$ 746	\$ 151
Liabilities			
Accounts payable	9,283	9,272	11
Deferred revenue	1,356	1,433	(77)
Other current liabilities	2,507	2,339	168

Accounting Pronouncements Not Yet Adopted

In January 2017, the Financial Accounting Standards Board (FASB) issued ASU 2017-04, Intangibles-Goodwill and Other (Topic 350). The ASU eliminates Step 2 of the goodwill impairment test, which requires a hypothetical

purchase price allocation to the identified assets and liabilities of the reporting unit to measure goodwill impairment. Under the amendments in this update, a goodwill impairment test is performed by comparing the fair value of the reporting unit with its carrying amount. An impairment charge is recognized for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. This ASU is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years, with early adoption permitted. The adoption of this guidance by the Company is not expected to have a material impact on its consolidated financial statements.

Table of Contents

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for those leases previously classified as operating leases. In July 2018, the FASB issued ASU 2018-11, which allows a transition election to not restate comparative periods for the effects of applying the new standard. This transition election permits entities to change the date of initial application of the standard to the beginning of the year of adoption and to recognize the effects of applying Topic 842 as a cumulative-effect adjustment to the opening balance of retained earnings. Certain qualitative and quantitative disclosures are also required. The Company will adopt this ASU and related amendments on February 2, 2019. The Company also expects to elect the optional transition approach and recognize the cumulative impact of adoption in the opening balance of retained earnings to beginning fiscal year 2019. Management is implementing a new lease software to assist in complying with the ASU. The Company is currently evaluating the impact of adopting Topic 842 on its consolidated financial statements but expects the ASU to have a material impact on its consolidated balance sheet, as a result of the requirement to recognize right-of-use assets and lease liabilities for operating leases. The Company does not expect a material impact to the Company's Consolidated Statements of Current and Retained Earnings or Consolidated Statements of Cash Flows.

Note 2: Net Sales - Net sales consists primarily of revenue, net of sales tax, associated with contracts with customers for the sale of goods and services in amounts that reflect consideration the Company is entitled to in exchange for those goods and services.

The following table presents the Company's sources of revenue:

	Three Months Ended		Nine Months Ended	
(In millions)	November 2, 2018	November 3, 2017	November 2, 2018	November 3, 2017
Products	\$16,293	\$15,903	\$52,527	\$50,720
Services	665	657	1,999	1,915
Other	457	210	1,136	490
Net sales	\$17,415	\$16,770	\$55,662	\$53,125

Revenue from products primarily relates to in-store and online merchandise purchases, which are recognized at the point in time when the customer obtains control of the merchandise, which is at the time of in-store purchase or delivery of the product to the customer. A provision for anticipated merchandise returns is provided through a reduction of sales and cost of sales in the period that the related sales are recorded. Under ASU 2014-09, the merchandise return reserve is presented on a gross basis, with a separate asset and liability included in the consolidated balance sheets as of reporting periods after February 2, 2018. Reporting periods prior to the adoption of ASU 2014-09 reflect merchandise return reserves on a net basis. As of November 2, 2018, anticipated sales returns of \$229 million are reflected in other current liabilities, and the associated right of return assets of \$151 million are reflected in other current assets. As of November 3, 2017, the merchandise return reserve, net of the associated asset, was \$85 million reflected in other current liabilities.

Revenues from services primarily relate to professional installation services the Company provides through subcontractors related to merchandise purchased by a customer. In certain instances, installation services include materials provided by the subcontractor, and both product and installation are included in service revenue. The Company recognizes revenue associated with services as they are rendered, and the majority of services are completed within one week from initiation.

Deferred revenue is presented for merchandise that has not yet transferred control to the customer and for services that have not yet been provided, but for which tender has been accepted. Deferred revenue is recognized in sales either at a point in time when the customer obtains control of merchandise through pickup or delivery, or over time as services are provided to the customer. Deferred revenues associated with amounts received for which customers have not taken possession of the merchandise or for which installation has not yet been completed were \$945 million at November 2,

2018 and \$952 million at November 3, 2017. The majority of revenue for goods and services is recognized in the quarter following revenue deferral.

Stored-value cards

In addition, the Company defers revenues from stored-value cards, which include gift cards and returned merchandise credits, and recognizes revenue into sales when the cards are redeemed. The liability associated with outstanding stored-value cards was \$411 million and \$452 million at November 2, 2018, and November 3, 2017, respectively, and these amounts are included in deferred revenue on the consolidated balance sheets. Upon adoption of ASU 2014-09, the Company recognizes income from unredeemed stored-value cards in proportion to the pattern of rights exercised by the customer. Amounts recognized as breakage were insignificant for the three and nine months ended November 2, 2018 and November 3, 2017.

Table of Contents

Extended protection plans

The Company also defers revenues for its separately-priced extended protection plan contracts, which is a Lowe's-branded program for which the Company is ultimately self-insured. The Company recognizes revenue from extended protection plan sales on a straight-line basis over the respective contract term. Extended protection plan contract terms primarily range from one to five years from the date of purchase or the end of the manufacturer's warranty, as applicable. Deferred revenue from extended protection plans recognized into sales were \$97 million and \$293 million for the three and nine months ended November 2, 2018, respectively, and \$92 million and \$273 million for the three and nine months ended November 3, 2017, respectively. Incremental direct acquisition costs associated with the sale of extended protection plans are also deferred and recognized as expense on a straight-line basis over the respective contract term and were insignificant at November 2, 2018 and November 3, 2017, respectively. The Company's extended protection plan deferred costs are included in other assets (noncurrent) on the consolidated balance sheets. All other costs, such as costs of services performed under the contract, general and administrative expenses, and advertising expenses are expensed as incurred.

The liability for extended protection plan claims incurred is included in other current liabilities on the consolidated balance sheets and was not material in any of the periods presented. Expenses for claims are recognized when incurred and totaled \$47 million and \$141 million for the three and nine months ended November 2, 2018, respectively, and \$43 million and \$119 million for the three and nine months ended November 3, 2017, respectively.

Disaggregation of Revenues

The following table presents the Company's net sales disaggregated by merchandise division:

(In millions)	Three Months Ended				Nine Months Ended			
	November 2, 2018		November 3, 2017		November 2, 2018		November 3, 2017	
	Total Sales	%	Total Sales	%	Total Sales	%	Total Sales	%
Building & Maintenance ¹	\$7,322	42	\$7,202	43	\$22,042	40	\$21,069	40

Seasonal ³	2,570	15	2,382	15	10,964	20	10,573	20
Other	564	3	312	1	1,449	3	795	1
Total	\$17,415	100	\$16,770	100	\$55,662	100	\$53,125	100

¹ Building & Maintenance includes the following product categories: Lumber & Building Materials, Millwork, Rough Plumbing & Electrical, and Tools & Hardware

² Home Décor includes the following product categories: Appliances, Fashion Fixtures, Flooring, Kitchens, and Paint

³ Seasonal includes the following product categories: Lawn & Garden and Seasonal & Outdoor Living

The following table presents the Company's net sales disaggregated by geographical area:

(In millions)	Three Months Ended		Nine Months Ended	
	November 2, 2018	November 3, 2017	November 2, 2018	November 3, 2017
United States	\$15,991	\$15,279	\$51,319	\$49,102
International	1,424	1,491	4,343	4,023
Net Sales	\$17,415	\$16,770	\$55,662	\$53,125

Practical Expedients

Sales commissions and selling-related goods or services are considered immaterial and are expensed as incurred because the amortization period of the assets would be one year or less. These costs are reflected within selling, general and administrative expenses.

Note 3: Acquisitions - On June 23, 2017, the Company completed its acquisition of Maintenance Supply Headquarters, a leading distributor of maintenance, repair and operations (MRO) products serving the multifamily housing industry. The acquisition is expected to enable the Company to deepen and broaden its relationship with Pro customers and better serve their needs. The aggregate cash purchase price of this acquisition was \$513 million and is included in the investing section of the

Table of Contents

consolidated statements of cash flows, net of cash acquired. Acquisition-related costs were expensed as incurred and were not significant.

The following table summarizes the aggregate purchase price allocation:

	June
(In millions)	23,
	2017
Allocation:	
Cash acquired	\$4
Merchandise inventory	68
Other current assets	36
Property	12
Goodwill	160
Other assets	260
Accounts payable	(18)
Other current liabilities	(9)
Net assets acquired	\$513

Intangible assets acquired totaled \$259 million, and include a trademark of \$34 million with a useful life of 15 years and a customer list of \$225 million with a useful life of 20 years, each of which are included in other assets in the accompanying consolidated balance sheets. The goodwill of \$160 million is primarily attributable to the synergies expected to arise after the acquisition and is deductible for tax purposes.

Pro forma and historical financial information has not been provided as the acquisition was not material to the consolidated financial statements.

Note 4: Investment in Australian Joint Venture - During the second quarter of fiscal 2017, the Company completed the sale of our interest in the Australian joint venture with Woolworths Limited and received proceeds of \$199 million, which is included in cash flows from investing activities in the accompanying consolidated statements of cash flows. The proceeds from the sale exceeded the carrying value of the investment and resulted in a gain of \$96 million. The carrying value prior to the sale reflected the non-cash impairment charges taken in fiscal years 2015 and 2016. The gain is included in selling, general and administrative expense in the accompanying consolidated statements of current and retained earnings.

Note 5: Fair Value Measurements - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three-level hierarchy, which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the hierarchy are defined as follows:

- Level 1 - inputs to the valuation techniques that are quoted prices in active markets for identical assets or liabilities
- Level 2 - inputs to the valuation techniques that are other than quoted prices but are observable for the assets or liabilities, either directly or indirectly
- Level 3 - inputs to the valuation techniques that are unobservable for the assets or liabilities

Table of Contents

Assets and Liabilities that are Measured at Fair Value on a Recurring Basis

The following table presents the Company's financial assets measured at fair value on a recurring basis as of November 2, 2018, November 3, 2017, and February 2, 2018. The fair values of these instruments approximated amortized costs.

(In millions)	Measurement Level	Fair Value Measurements at		
		November 2, 2018	November 3, 2017	February 2, 2018
Short-term investments:				
Available-for-sale securities				
Money market funds	Level 1	\$181	\$ 70	\$ 86
Certificates of deposit	Level 1	17	15	16
Agency securities	Level 2	10	—	—
Total short-term investments		\$208	\$ 85	\$ 102
Long-term investments:				
Available-for-sale securities				
Corporate debt securities	Level 2	\$224	\$ —	\$ —
Agency securities	Level 2	66	—	—
Municipal floating rate obligations	Level 2	—	368	407
Certificates of deposit	Level 1	—	2	1
Total long-term investments		\$290	\$ 370	\$ 408

There were no transfers between Levels 1, 2 or 3 during any of the periods presented.

When available, quoted prices were used to determine fair value. When quoted prices in active markets were available, investments were classified within Level 1 of the fair value hierarchy. When quoted prices in active markets were not available, fair values were determined using pricing models, and the inputs to those pricing models were based on observable market inputs. The inputs to the pricing models were typically benchmark yields, reported trades, broker-dealer quotes, issuer spreads and benchmark securities, among others.

Assets and Liabilities that are Measured at Fair Value on a Nonrecurring Basis

During the three and nine months ended November 2, 2018, the Company's only significant assets or liabilities measured at fair value on a nonrecurring basis subsequent to their initial recognition were certain long-lived assets. During the three and nine months ended November 3, 2017, the Company had no significant measurements of assets and liabilities at fair value on a nonrecurring basis subsequent to their initial recognition.

The Company reviews the carrying amounts of long-lived assets whenever certain events or changes in circumstances indicate that the carrying amounts may not be recoverable. With input from executive management and retail store operations, the Company's accounting and finance personnel that organizationally report to the chief financial officer assess the performance of retail stores quarterly against historical patterns, projections of future profitability and whether it is more likely than not the assets will be disposed of significantly prior to the end of their estimated useful life for evidence of possible impairment. An impairment loss is recognized when the carrying amount of the asset (disposal) group is not recoverable and exceeds its fair value. The Company estimated the fair values of assets subject to long-lived asset impairment based on the Company's own judgments about the assumptions that market participants would use in pricing the assets and on observable market data, when available. The Company classified these fair value measurements as Level 3.

In the determination of impairment for operating locations, the Company determined the fair values of individual operating locations using an income approach, which required discounting projected future cash flows. When determining the stream of projected future cash flows associated with an individual operating location, management made assumptions, including highest and best use, incorporating local market conditions and inputs from retail store operations where necessary, and about key variables including the following unobservable inputs: sales growth rates, gross margin, controllable and uncontrollable expenses, and asset residual values. In order to calculate the present value of those future cash flows, the Company discounted cash flow estimates at a rate commensurate with the risk that selected market participants would assign to the cash flows. In

Table of Contents

general, the selected market participants represented a group of other retailers with a location footprint similar in size to the Company's.

As part of a strategic reassessment of Orchard Supply Hardware (Orchard), during the three months ended August 3, 2018, it was determined to be more likely than not the assets of Orchard would be sold or otherwise disposed of significantly before the end of their previously estimated useful lives, and therefore, these assets experienced a triggering event and were evaluated for recoverability. Operating locations evaluated for recoverability included all Orchard stores, as well as a distribution facility that services the Orchard stores and a corporate facility. Based on this evaluation of Orchard, certain long-lived assets, including tangible and intangible assets, were written down to their fair value of \$284 million resulting in impairment charges of \$206 million. These non-cash impairment charges are included in selling, general and administrative expense in the accompanying consolidated statements of current and retained earnings.

During the three months ended November 2, 2018, the company committed to closing 20 U.S. home improvement stores and 31 locations in Canada, including 27 stores, as well as exiting certain immaterial non-core activities within its U.S. home improvement business. As a result of these decisions, the related assets experienced a triggering event and were evaluated for recoverability. Based on this evaluation, certain long-lived assets were written down to their fair value of \$81 million resulting in impairment charges of \$99 million, with \$90 million associated with the location closures and \$9 million associated with the exit of non-core activities. These non-cash impairment charges are included in selling, general and administrative expense in the accompanying consolidated statements of current and retained earnings.

In addition, as part of the Company's strategic reassessment process, during the three months ended November 2, 2018, it was determined to be more likely than not the assets of the Mexico retail operations would be sold or otherwise disposed of significantly before the end of their previously estimated useful lives, and therefore, these assets experienced a triggering event and were evaluated for recoverability. Operating locations evaluated for recoverability included all 13 stores in Mexico, as well as a corporate facility. Based on this evaluation of the Mexico retail operations, certain long-lived assets were written down to their fair value of \$107 million resulting in impairment charges of \$22 million. These non-cash impairment charges are included in selling, general and administrative expense in the accompanying consolidated statements of current and retained earnings.

See Note 8 for additional information regarding the Company's decisions to exit its Orchard operations and certain U.S. and Canada locations during the third quarter as part of the Company's ongoing strategic reassessment of the business.

The following table presents the Company's non-financial assets measured at estimated fair value on a nonrecurring basis and the resulting long-lived asset impairment losses included in earnings. Because assets subject to long-lived asset impairment are not measured at fair value on a recurring basis, certain fair value measurements presented in the table may reflect values at earlier measurement dates and may no longer represent the fair values at November 2, 2018.

	Fair Value Measurements	Impairment Losses	
		Three Months Ended November 2, 2018	Nine Months Ended November 2, 2018
(In millions)	November 2, 2018		

Assets-held-for-use:

Operating locations	\$ 473	\$(112)	\$ (329)
Total	\$ 473	\$(112)	\$ (329)

Fair Value of Financial Instruments

The Company's financial instruments not measured at fair value on a recurring basis include cash and cash equivalents, accounts receivable, short-term borrowings, accounts payable, accrued liabilities and long-term debt and are reflected in the financial statements at cost. With the exception of long-term debt, cost approximates fair value for these items due to their short-term nature. The fair values of the Company's unsecured notes were estimated using quoted market prices. The fair values of the Company's mortgage notes were estimated using discounted cash flow analyses, based on the future cash outflows associated with these arrangements and discounted using the applicable incremental borrowing rate.

Table of Contents

Carrying amounts and the related estimated fair value of the Company's long-term debt, excluding capitalized lease obligations, are as follows:

	November 2, 2018		November 3, 2017		February 2, 2018	
(In millions)	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Unsecured notes (Level 1)	\$14,718	\$14,430	\$14,958	\$15,974	\$14,961	\$15,608
Mortgage notes (Level 2)	6	6	7	7	6	7
Long-term debt (excluding capitalized lease obligations)	\$14,724	\$14,436	\$14,965	\$15,981	\$14,967	\$15,615

Note 6: Restricted Investment Balances - Short-term and long-term investments include restricted balances pledged as collateral primarily for the Company's extended protection plan program. Restricted balances included in short-term investments were \$191 million at November 2, 2018, \$70 million at November 3, 2017, and \$86 million at February 2, 2018.

Restricted balances included in long-term investments were \$255 million at November 2, 2018, \$332 million at November 3, 2017, and \$381 million at February 2, 2018.

Note 7: Property - Property is shown net of accumulated depreciation of \$17.7 billion at November 2, 2018, \$17.1 billion at November 3, 2017, and \$17.2 billion at February 2, 2018.

Note 8: Exit Activities - During the second quarter of fiscal year 2018, the Company initiated a strategic reassessment of its business to drive increased focus on its core home improvement operations. As a result of this reassessment, the Company has decided to exit certain activities and close certain locations as further described below.

Orchard Supply Hardware (Orchard)

On August 17, 2018, the Company approved plans to exit its Orchard operations by closing all 99 Orchard stores, which are located in California, Oregon and Florida, as well as the distribution facility that services the Orchard stores, and the Orchard corporate office. To facilitate an orderly wind-down, the Company has partnered with Hilco Merchant Services to help manage the store closing sales process and provide a seamless experience for customers. All stores are expected to be closed before the end of the Company's 2018 fiscal year (February 1, 2019).

During the second quarter ended August 3, 2018, the Company recorded \$230 million of pre-tax charges associated with its Orchard operations. This included \$206 million of impairment of certain long-lived assets, including tangible and intangible assets, due to the determination it was more likely than not the assets of Orchard would be sold or otherwise disposed of significantly before the end of their previously estimated useful lives (see Note 5 to the consolidated financial statements) and \$24 million related primarily to three store projects that were discontinued during the quarter. During the third quarter ended November 2, 2018, the Company recorded \$123 million of pre-tax charges related to the exit of its Orchard operations, including accelerated depreciation and amortization of \$103 million, severance costs of \$11 million, and costs associated with lease obligations of \$9 million. The Company expects additional pre-tax charges associated with the exit of Orchard during the fourth quarter of fiscal 2018, of \$270 to \$350 million, primarily associated with lease obligation costs.

Other Store Closings and Exit of Certain Non-Core Activities

On October 31, 2018, the Company committed to closing 20 U.S. home improvement stores and 31 locations in Canada, including 27 stores. The store closings are estimated to be completed by the end of fiscal 2018. In addition, the Company concurrently decided to no longer pursue a new store project that was in process. As a result of these

decisions, during the third quarter ended November 2, 2018, the Company recorded \$121 million of pre-tax charges, including \$90 million of impairment of certain long-lived assets (see Note 5 to the consolidated financial statements), severance costs of \$21 million, and discontinued project costs of \$10 million. The Company expects additional pre-tax charges associated with these closings during the fourth quarter of fiscal 2018, of \$190 to \$230 million, primarily associated with lease obligation costs and accelerated depreciation.

In addition, during the third quarter ended November 2, 2018, the Company decided to pursue an exit of certain immaterial non-core activities within its U.S. home improvement business. As a result of these decisions, during the third quarter ended November 2, 2018, the Company recorded \$14 million of pre-tax charges, including long-lived asset impairments of \$9 million (see Note 5 to the consolidated financial statements), and the write-down of inventory to net realizable value of \$5 million.

Table of Contents

Mexico Retail Operations

On November 9, 2018, subsequent to the end of the Company's third quarter of fiscal 2018, management and the board of directors decided to pursue an exit of the Company's Mexico retail operations consisting of 13 stores, and the Company is exploring exit alternatives. During the third quarter ended November 2, 2018, the Company recorded \$22 million of pre-tax charges associated with long-lived asset impairment due to the determination it was more likely than not the assets of the Mexico retail operations would be sold or otherwise disposed of significantly before the end of their previously estimated useful lives (see Note 5 to the consolidated financial statements). The amounts, nature and timing of any additional charges associated with the intended exit of the Mexico retail operations will depend on the plan executed and cannot be reasonably estimated.

A summary of the significant components of charges associated with the exit activities discussed above, are as follows:

(In millions)	Costs Incurred	
	Three Months Ended November 2, 2018	Nine Months Ended November 2, 2018
Long-lived asset impairments	\$ 121	\$ 327
Accelerated depreciation and amortization	103	103
Severance costs	32	32
Discontinued project write-offs	10	34
Lease obligation costs for closed locations	9	9
Inventory adjustments to net realizable value	5	5
Total	\$ 280	\$ 510

All estimated amounts are subject to change until finalized. Expenses associated with long-lived asset impairment, discontinued projects, severance, and lease obligations, are included in selling, general and administrative expense in the consolidated statement of current and retained earnings. Inventory adjustments to net realizable value are included in cost of sales in the consolidated statement of current and retained earnings.

Note 9: Short-Term Borrowings - In September 2018, the Company entered into a \$1.75 billion five year unsecured revolving second amended and restated credit agreement (the Second Amended and Restated Credit Agreement) with a syndicate of banks. The Second Amended and Restated Credit Agreement amends and restates the Company's amended and restated credit agreement, dated November 23, 2016 (the Amended and Restated Credit Agreement), to among other things (i) extend the maturity date of the revolving credit facility to September 2023 and (ii) modify the revolving commitments of the existing lenders. The Company may request borrowings under the Second Amended and Restated Credit Agreement that are denominated in U.S. Dollar, Euro, Sterling, Canadian Dollar and other

currencies approved by the administrative agent and the lenders. Borrowings under the Second Amended and Restated Credit Agreement will bear interest calculated according to a Base Rate or a Eurocurrency Rate, plus an applicable margin.

Subject to obtaining commitments from the lenders and satisfying other conditions specified in the Second Amended and Restated Credit Agreement, the Company may increase the aggregate availability by an additional \$500 million.

The Second Amended and Restated Credit Agreement contains customary representations, warranties, and covenants for a transaction of this type. The Company was in compliance with those covenants at November 2, 2018.

In September 2018, the Company entered into a \$250 million unsecured 364-day credit agreement (the 364-Day Credit Agreement) with a syndicate of banks. The Company may request borrowings under the 364-Day Credit Agreement that are denominated in U.S. Dollar, Euro, Sterling, Canadian Dollar and other currencies approved by the administrative agent and the lenders. The Company must repay the aggregate principal amount of loans outstanding under the 364-Day Credit Agreement on the termination date in effect at such time (currently September 9, 2019). The Company may elect to convert all of the loans outstanding under the 364-Day Credit Agreement on the termination date into a term loan which the Company shall repay in full on the first anniversary date of the termination date. Borrowings under the 364-Day Credit Agreement will bear interest calculated according to a Base Rate or a Eurocurrency Rate plus an applicable margin. The 364-Day Credit Agreement contains customary representations, warranties and covenants for a transaction of this type. The Company was in compliance with those covenants at November 2, 2018.

The Second Amended and Restated Credit Agreement and the 364-Day Credit Agreement both support our commercial paper program. The amount available to be drawn under the Second Amended and Restated Credit Agreement and the 364-Day

Table of Contents

Credit Agreement is reduced by the amount of borrowings under our commercial paper program. There were no outstanding borrowings under the Second Amended and Restated Credit Agreement, the 364-Day Credit Agreement, or our commercial paper program as of November 2, 2018. As of November 3, 2017, there were \$171 million of outstanding borrowings under the commercial paper program with a weighted average interest rate of 1.37% and no outstanding borrowings or letters of credit under the Amended and Restated Credit Agreement.

Note 10: Shareholders' Equity - The Company has a share repurchase program that is executed through purchases made from time to time either in the open market, which may be made under pre-set trading plans meeting the requirements of Rule 10b5-1(c) of the Securities Exchange Act of 1934, or through private off-market transactions. Shares purchased under the repurchase program are retired and returned to authorized and unissued status. On January 26, 2018, the Company's Board of Directors authorized a \$5.0 billion share repurchase program with no expiration, which was announced on the same day. As of November 2, 2018, the Company had \$4.5 billion remaining in its share repurchase program.

In May 2018, the Company entered into an Accelerated Share Repurchase (ASR) agreement with a third-party financial institution to repurchase \$550 million of the Company's common stock. At inception, pursuant to the agreement, the Company paid \$550 million to the financial institution using cash on hand, and took delivery of 4.8 million shares. The Company finalized the transaction and received an additional 0.8 million shares prior to the end of the second quarter.

In August 2018, the Company entered into an ASR agreement with a third-party financial institution to repurchase \$310 million of the Company's common stock. At inception, pursuant to the agreement, the Company paid \$310 million to the financial institution using cash on hand, and took delivery of 2.5 million shares. The Company finalized the transaction and received an additional 0.3 million shares prior to the end of the third quarter.

Under the terms of the ASR agreements, upon settlement, the Company would either receive additional shares from the applicable financial institution or be required to deliver additional shares or cash to such financial institution. The Company controlled its election to either deliver additional shares or cash to the financial institution and was subject to provisions which limited the number of shares the Company would be required to deliver.

The final number of shares received upon settlement of each of the ASR agreements was determined with reference to the volume-weighted average price of the Company's common stock over the term of the applicable ASR agreement. The initial repurchase of shares under the agreement resulted in an immediate reduction of the outstanding shares used to calculate the weighted-average common shares outstanding for basic and diluted earnings per share.

The ASR agreements were accounted for as a treasury stock transaction and forward stock purchase contract. The par value of the shares received was recorded as a reduction to common stock with the remainder recorded as a reduction to capital in excess of par value and retained earnings. The forward stock purchase contract was considered indexed to the Company's own stock and was classified as an equity instrument.

During the three and nine months ended November 2, 2018, the Company repurchased shares of its common stock through the open market totaling 2.9 million and 17.5 million shares, respectively, for a cost of \$310 million and \$1.6 billion, respectively.

The Company also withholds shares from employees to satisfy either the exercise price of stock options exercised or the statutory withholding tax liability resulting from the vesting of share-based awards.

Shares repurchased for the three and nine months ended November 2, 2018 and November 3, 2017 were as follows:

Three Months Ended

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

	November 2, 2018		November 3, 2017	
	Shares	Cost ₁	Shares	Cost ₁
(In millions)				
Share repurchase program	5.7	\$620	6.4	\$500
Shares withheld from employees	0.2	25	0.4	27
Total share repurchases	5.9	\$645	6.8	\$527
₁ Reductions of \$603 million and \$495 million were recorded to retained earnings, after capital in excess of par value was depleted, for the three months ended November 2, 2018 and November 3, 2017, respectively.				

Table of Contents

	Nine Months Ended			
	November 2, 2018		November 3, 2017	
(In millions)	Shares	Cost ²	Shares	Cost ²
Share repurchase program	25.9	\$2,470	37.5	\$3,000
Shares withheld from employees	0.3	38	0.5	41
Total share repurchases	26.2	\$2,508	38.0	\$3,041

² Reductions of \$2.3 billion and \$2.9 billion were recorded to retained earnings, after capital in excess of par value was depleted, for the nine months ended November 2, 2018 and November 3, 2017, respectively.

Note 11: Earnings Per Share - The Company calculates basic and diluted earnings per common share using the two-class method. Under the two-class method, net earnings are allocated to each class of common stock and participating security as if all of the net earnings for the period had been distributed. The Company's participating securities consist of share-based payment awards that contain a non-forfeitable right to receive dividends and, therefore, are considered to participate in undistributed earnings with common shareholders.

Basic earnings per common share excludes dilution and is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares outstanding for the period. Diluted earnings per common share is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares as of the balance sheet date, as adjusted for the potential dilutive effect of non-participating share-based awards. The following table reconciles earnings per common share for the three and nine months ended November 2, 2018 and November 3, 2017:

	Three Months Ended		Nine Months Ended	
(In millions, except per share data)	November 2, 2018	November 3, 2017	November 2, 2018	November 3, 2017
Basic earnings per common share:				
Net earnings	\$629	\$ 872	\$3,138	\$ 2,893
Less: Net earnings allocable to participating securities	(1)	(2)	(10)	(10)
Net earnings allocable to common shares, basic	628	\$ 870	\$3,128	\$ 2,883
Weighted-average common shares outstanding	806	831	815	843
Basic earnings per common share	\$0.78	\$ 1.05	\$3.84	\$ 3.42
Diluted earnings per common share:				
Net earnings	\$629	\$ 872	\$3,138	\$ 2,893
Less: Net earnings allocable to participating securities	(1)	(2)	(10)	(10)
Net earnings allocable to common shares, diluted	\$628	\$ 870	\$3,128	\$ 2,883
Weighted-average common shares outstanding	806	831	815	843
Dilutive effect of non-participating share-based awards	1	1	1	1
Weighted-average common shares, as adjusted	807	832	816	844
Diluted earnings per common share	\$0.78	\$ 1.05	\$3.83	\$ 3.42

Stock options to purchase 0.2 million and 0.4 million shares of common stock were anti-dilutive for the three and nine months ended November 2, 2018, respectively. Stock options to purchase 1.0 million shares of common stock were anti-dilutive for the three and nine months ended November 3, 2017, respectively.

Note 12: Income Taxes - The Company's effective income tax rates were 21.8% and 23.8% for the three and nine months ended November 2, 2018, respectively, and 37.1% and 36.3% for the three and nine months ended November 3, 2017, respectively. The lower effective income tax rate for the three and nine months ended November 2, 2018 was primarily due to

Table of Contents

the enactment of the Tax Cuts and Jobs Act (Tax Act) during fiscal 2017, which lowered the corporate federal income tax rate from 35% to 21%.

Based on the Company's interpretation of the Tax Act, the Company made reasonable estimates to record provisional adjustments during the fourth quarter of fiscal 2017. However, the final impact may differ due to subsequent legislative action, changes in interpretations and assumptions, as well as the issuance of additional guidance from the Internal Revenue Service and state taxing authorities. We have not made any measurement-period adjustments related to these items during the nine months ended November 2, 2018, because we have not finalized the following items: the earnings and profits of the relevant subsidiaries, deemed repatriation of deferred foreign income, and prior year deferred tax activity. The Company will continue to evaluate the Tax Act and gather additional information within the measurement period allowed, which will be completed no later than the fourth quarter of fiscal 2018.

Note 13: Supplemental Disclosure

Net interest expense is comprised of the following:

(In millions)	Three Months Ended		Nine Months Ended	
	November 2, 2018	November 3, 2017	November 2, 2018	November 3, 2017

Interest capitalized	—	(2)	(2)	(4)
Interest on tax uncertainties	—	—	—	(1)
Other	2	4	9	15
Interest - net	\$153	\$ 160	\$467	\$ 479

Supplemental disclosures of cash flow information:

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Cash paid for interest, net of amount capitalized	\$555	\$ 610
Cash paid for income taxes - net	\$1,069	\$ 1,322
Non-cash investing and financing activities:		
Non-cash property acquisitions, including assets acquired under capital lease	\$42	\$ 91
Cash dividends declared but not paid	\$387	\$ 341

Note 14: Subsequent Events - As part of a strategic reassessment, on November 9, 2018, subsequent to the end of the Company's third quarter of fiscal 2018, management and the board of directors decided to pursue an exit of the Company's Mexico retail operations consisting of 13 stores, and the Company is exploring exit alternatives. The amounts, nature and timing of any future charges associated with the intended exit of the Mexico retail operations will depend on the plan executed and cannot be reasonably estimated. As of November 2, 2018, the total net book value of the Company's Mexico retail operation is \$294 million, including a cumulative translation adjustment of \$100 million.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of Lowe's Companies, Inc.

Results of Review of Interim Financial Information

We have reviewed the accompanying consolidated balance sheets of Lowe's Companies, Inc. and subsidiaries (the "Company") as of November 2, 2018 and November 3, 2017, the related consolidated statements of current and retained earnings and comprehensive income for the fiscal three-month and nine-month periods ended November 2, 2018 and November 3, 2017, and of cash flows for the nine-month periods ended November 2, 2018 and November 3, 2017, and the related notes (collectively referred to as the "interim financial information"). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheet of the Company as of February 2, 2018, and the related consolidated statements of earnings, comprehensive income, shareholders' equity, and cash flows for the fiscal year then ended (not presented herein); and in our report dated April 2, 2018, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of February 2, 2018, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Basis for Review Results

This interim financial information is the responsibility of the Company's management. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our reviews in accordance with standards of the PCAOB. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Item 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion and analysis summarizes the significant factors affecting our consolidated operating results, liquidity and capital resources during the three and nine months ended November 2, 2018, and November 3, 2017. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are included in our Annual Report on Form 10-K for the fiscal year ended February 2, 2018 (the Annual Report), as well as the consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) contained in this report. Unless otherwise specified, all comparisons made are to the corresponding period of 2017. This discussion and analysis is presented in six sections:

Executive Overview

Operations

Financial Condition, Liquidity and Capital Resources

Contractual Obligations and Commercial Commitments

Critical Accounting Policies and Estimates

EXECUTIVE OVERVIEW

Our top priority during the quarter was taking necessary steps to build a sustainable foundation to position the Company for long-term success through a continued strategic reassessment of our business. As part of this, early in the third quarter of 2018, the Company committed to exit its Orchard Supply Hardware (Orchard) operations and plans to have all stores closed before the end of the Company's 2018 fiscal year (February 1, 2019). In addition, during the third quarter, we committed to close 20 underperforming stores across the U.S. and 31 locations in Canada, including 27 stores and 4 other Canadian locations. We expect these store closings to be completed by the end of the 2018 fiscal year as well. We also made the decision during the quarter to pursue an exit of certain non-core activities within our U.S. home improvement business, specifically Alacrity Renovation Services and Iris Smart Home, and intend to complete these exits before fiscal year-end. In addition, based on the strategic reassessment during the quarter, management and the board of directors decided on November 9, 2018, to pursue an exit of the Company's Mexico retail operations consisting of 13 stores. As a result of these assessments and decisions, the Company recorded \$280 million of pre-tax charges during the third quarter of 2018, primarily related to long-lived asset impairments, accelerated depreciation and amortization, severance and lease obligations. The Company expects additional pre-tax charges associated with these decisions during the fourth quarter of fiscal 2018, of \$460 to \$580 million, primarily associated with lease obligation costs and accelerated depreciation and amortization.

Impacted by the charges associated with the strategic actions discussed above, net earnings for the third quarter of 2018 decreased 27.9% to \$629 million. Diluted earnings per common share decreased 25.7% in the third quarter of 2018 to \$0.78 from \$1.05 in the third quarter of the prior year. The pre-tax charges totaling \$280 million decreased diluted earnings per share by \$0.26. Excluding the impact of these items, adjusted diluted earnings per common share decreased 1.0% to \$1.04 in the third quarter of 2018 from adjusted diluted earnings per common share of \$1.05 in the same period of the prior year (see discussion of non-GAAP financial measures beginning on page 22).

Net sales for the third quarter of 2018 increased by 3.8% to \$17.4 billion, and comparable sales increased 1.5%. During the quarter, 11 of 14 U.S. regions generated comparable sales increases with the Tampa, Florida and Houston, Texas markets experiencing the weakest comparable sales, primarily due to comparisons to prior year Hurricanes Harvey and Irma. Seven of 11 product categories generated positive comparable sales with particular strength in Seasonal & Outdoor Living, Appliances, Lawn & Garden, Kitchens, and Rough Plumbing & Electrical. While we

drove strong traffic to our stores during the quarter, we continued to experience challenges with out-of-stocks, reset execution, and assortments in certain categories, which put pressure on our ability to turn those visits into transactions. We experienced pressure in Millwork, Paint, Fashion Fixtures, and Flooring, primarily due to reset execution.

With the substantial completion of our strategic reassessment of the business, we can now intensify our attention on improving execution in our retail stores and online. With our new leadership team, we have begun to design and implement store operations and merchandising strategies to address some of the issues we experienced during the third quarter, such as reset execution and out-of-stocks, and have developed plans to drive sustainable improvements. This is reflective of our priority of building a foundation for sustainable long-term success.

Table of Contents

Although interest rates have ticked up and housing turnover has been pressured, the home improvement backdrop remains strong, driven by robust real residential investment and home price appreciation which continues to encourage homeowners to engage in discretionary projects. Consumer confidence continues to hover at high levels as consumers remain upbeat about their employment and income prospects, suggesting that we should see continued gains in consumer spending supported by stronger real disposable personal income growth. In addition, we operate in a fragmented \$900 billion marketplace and believe we have a compelling opportunity to improve our performance and increase our market share as we address certain process and system issues.

OPERATIONS

The following tables set forth the percentage relationship to net sales of each line item of the consolidated statements of current and retained earnings (unaudited), as well as the percentage change in dollar amounts from the prior period. These tables should be read in conjunction with the following discussion and analysis and the consolidated financial statements (unaudited), including the related notes to the consolidated financial statements (unaudited).

	Three Months Ended			Basis Point Increase / (Decrease) in Percentage of Net Sales from Prior Period	Percentage Increase / (Decrease) in Dollar Amounts from Prior Period	
	November 2018	November 2017	%	2018 vs. 2017	2018 vs. 2017

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

Pre-tax earnings	7.40	8.55	(115) (9.4)
Income tax provision	1.76	3.10	(134) (40.6)
Net earnings	5.64	% 5.45	% 19	8.5	%

Note: The Company adopted ASU 2014-09 and all the related amendments using the modified retrospective method, effective February 3, 2018. Prior period results have not been restated, which affects comparability.

Table of Contents

Other Metrics	Three Months Ended		Nine Months Ended	
	November 2018	November 3, 2017	November 2018	November 3, 2017
Comparable sales increase ¹	1.5 %	5.7 %	2.6 %	4.0 %
Total customer transactions (in millions)	229	231	738	742
Average ticket ²	\$75.89	\$ 72.63	\$75.47	\$ 71.59
At end of period:				
Number of stores	2,133	2,144		
Sales floor square feet (in millions)	215	214		
Average store size selling square feet (in thousands) ³	101	100		
Return on invested capital ⁴	19.0 %	19.5 %		

A comparable location is defined as a location that has been open longer than 13 months. A location that is identified for relocation is no longer considered comparable in the month of its relocation. The relocated location must then remain open longer than 13 months to be considered comparable. A location we have decided to close is no longer considered comparable as of the beginning of the month in which we announce its closing. Acquired

¹ locations are included in the comparable sales calculation beginning in the first full month following the first anniversary of the date of the acquisition. Comparable sales include online sales, which positively impacted third quarter fiscal 2018 comparable sales by approximately 60 basis points and fiscal 2018 comparable sales by approximately 85 basis points. The comparable store sales calculation included in the preceding table was calculated using comparable 13-week and 39-week periods.

² Average ticket is defined as net sales divided by the total number of customer transactions.

Average store size selling square feet is defined as sales floor square feet divided by the number of stores open at the end of the period. The average Lowe's-branded home improvement store has approximately 112,000 square feet of retail selling space.

³ Return on invested capital is a non-GAAP financial measure. See below for additional information and a reconciliation to the most comparable GAAP measure.

Non-GAAP Financial Measures

Adjusted Diluted Earnings Per Share

Adjusted diluted earnings per share is considered a non-GAAP financial measure. The Company believes this non-GAAP financial measure provides useful insight for analysts and investors in evaluating what management considers the Company's core financial performance. Adjusted diluted earnings per share excludes the impact of certain discrete items, as further described below, not contemplated in the Company's original business outlooks for fiscal 2018 and 2017. Unless otherwise noted, the income tax effect of these adjustments is calculated using the marginal rates for the respective periods.

During the nine months ended November 3, 2017, the Company recognized the following pre-tax charges:

In the first quarter of 2017, the Company recognized a \$464 million loss on extinguishment of debt in connection with a \$1.6 billion cash tender offer.

In the second quarter of 2017, the Company recognized a \$96 million gain from the sale of the Company's interest in its Australian joint venture. This gain had no impact on the Company's income tax provision due to the reduction of a previously established deferred tax valuation allowance.

During the nine months ended November 2, 2018, the Company recognized the following pre-tax charges resulting from its strategic reassessment of the business:

In the second quarter of 2018, the Company recognized \$230 million of pre-tax charges, consisting of long-lived asset impairments and discontinued projects, associated with Orchard. In addition, during the third quarter of 2018, the Company recorded \$123 million of pre-tax charges, consisting of accelerated depreciation and amortization, severance, and lease obligations related to the decision to close all Orchard locations (Orchard Supply Hardware charges).

Table of Contents

In the third quarter of 2018, the Company recognized \$121 million of pre-tax charges, consisting of long-lived asset impairment and severance associated with the decision to close 20 U.S. stores and 31 stores and other locations in Canada (U.S. and Canada closing charges).

In the third quarter of 2018, the Company recognized \$22 million of pre-tax charges, consisting of long-lived asset impairments, associated with its Mexico retail operations (Mexico impairment charge).

In the third quarter of 2018, the Company recognized \$14 million of pre-tax charges associated with the exit of certain immaterial non-core activities within its U.S. home improvement business (Non-core activities charges).

Adjusted diluted earnings per share should not be considered an alternative to, or more meaningful indicator of, the Company's diluted earnings per common share as prepared in accordance with GAAP. The Company's methods of determining this non-GAAP financial measure may differ from the method used by other companies for this or similar non-GAAP financial measures. Accordingly, these non-GAAP measures may not be comparable to the measures used by other companies.

	Three Months Ended

Adjusted diluted earnings per share		\$ 4.30		\$ 3.64

Return on Invested Capital

Return on Invested Capital (ROIC) is calculated using a non-GAAP financial measure. We believe ROIC is a meaningful metric for investors because it represents management's measure of how effectively the Company is using

capital to generate profits. Although ROIC is a common financial metric, numerous methods exist for calculating ROIC. Accordingly, the method used by our management to calculate ROIC may differ from the methods other companies use to calculate their ROIC. We encourage you to understand the methods used by another company to calculate its ROIC before comparing its ROIC to ours.

Table of Contents

We define ROIC as trailing four quarters' net operating profit after tax (NOPAT) divided by the average of ending debt and equity for the last five quarters. NOPAT is a non-GAAP financial measure, and net earnings is considered to be the most comparable GAAP financial measure to NOPAT. The calculation of ROIC, together with a reconciliation of NOPAT to net earnings, the most comparable GAAP financial measure, is as follows:

(In millions, except percentage data)	For the Periods Ended	
	November 2, 2018	November 3, 2017
Calculation of Return on Invested Capital		
Numerator		
Net earnings	\$3,692	\$ 3,556
Plus:		
Interest expense - net	620	639
Loss on extinguishment of debt	—	464
Provision for income taxes	1,371	2,099
Net operating profit	5,683	6,758
Less:		
Income tax adjustment ¹	1,539	2,509
Net operating profit after tax	\$4,144	\$ 4,249
Denominator		
Average debt and equity ²	\$21,764	\$ 21,806
Return on invested capital	19.0 %	19.5 %

¹ Income tax adjustment is defined as net operating profit multiplied by the effective tax rate, which was 27.1% and 37.1% for the periods ended November 2, 2018 and November 3, 2017, respectively.

² Average debt and equity is defined as average debt, including current maturities and short-term borrowings, plus total equity for the last five quarters.

Results of Operations

Net Sales – Net sales in the third quarter of 2018 increased 3.8% to \$17.4 billion. Comparable sales increased 1.5% over the same period, driven by a 2.3% increase in comparable average ticket and a 0.8% decrease in comparable customer transactions. The adoption of the revenue recognition accounting standard ASU 2014-09 contributed 1.4% to sales growth, primarily due to the reclassification of profit sharing income associated with the proprietary credit program from SG&A to sales. New stores also contributed to sales growth during the third quarter.

During the third quarter of 2018, we experienced comparable sales increases in seven of 11 product categories. Comparable sales were above the company average in Seasonal & Outdoor Living, Appliances, Lawn & Garden, Kitchens, and Rough Plumbing & Electrical. We experienced low-digit negative comparable sales in Flooring, Fashion Fixtures, Paint, and Millwork primarily due to inventory out-of-stocks, poor reset execution, and assortment misalignment. We achieved comparable sales in Seasonal & Outdoor Living driven by strong demand for grills and lawn mowers, as well as strong demand from inventory rationalization activity. In addition, Seasonal & Outdoor Living benefited from hurricane related demand for generators, air conditioners, and dehumidifiers. Strong brand and service advantages in Appliances, as well as Labor Day and Columbus Day holiday events, drove strong comparable sales during the quarter. Strong comparable sales in Lawn & Garden were the result of capitalizing on the extended growing season and fall preparation activity in our grass seed, fall fertilizer, live goods, and watering programs. Strength in organization and shelving, as well as cabinets and countertops, drove strong comparable sales in Kitchens. We achieved strong comparable sales in Rough Plumbing & Electrical driven by demand from the Pro customer.

Net sales increased 4.8% to \$55.7 billion for the first nine months of 2018 compared to 2017. Comparable sales increased 2.6% over the same period, primarily driven by a 3.8% increase in comparable average ticket and a 1.2%

decrease in customer transactions. The adoption of the revenue recognition standard ASU 2014-09 represented 1.0% of the sales growth. New stores and the addition of Maintenance Supply Headquarters also contributed to sales growth during the first nine months of 2018.

Table of Contents

Gross Margin – For the third quarter of 2018, gross margin decreased 157 basis points as a percentage of sales. Gross margin was negatively impacted by approximately 180 basis points by our inventory rationalization efforts to eliminate less productive SKUs and reduce clutter in our stores. We also experienced approximately 35 basis points of deleverage from reset-related clearance activity and 25 basis points from the wind-down of the Orchard operations. In addition, we experienced approximately 10 basis points of deleverage due to product mix shifts. This was partially offset by approximately 107 basis points due to the adoption of the revenue recognition accounting standard ASU 2014-09, which primarily resulted in a reclassification of profit sharing income associated with the proprietary credit program from SG&A to sales.

Gross margin as a percentage of sales decreased 33 basis points in the first nine months of 2018 compared to 2017. Gross margin was negatively impacted by approximately 60 basis points due to our efforts to rationalize inventory, as well as approximately 15 basis points of deleverage from reset-related clearance activity. Additionally, we experienced 15 basis points of deleverage due to mix of products sold. This was partially offset by approximately 72 basis points due to the adoption of the revenue recognition accounting standard ASU 2014-09.

SG&A – For the third quarter of 2018, SG&A expense deleveraged 180 basis points as a percentage of sales compared to the third quarter of 2017. This was primarily driven by 118 basis points of deleverage due to the adoption of the revenue recognition accounting standard ASU 2014-09, which primarily resulted in the reclassification of profit sharing income associated with the proprietary credit program from SG&A to sales. In addition, we experienced 105 basis points of deleverage due to long-lived asset impairments, severance and lease obligation costs associated with the Company's strategic reassessment previously discussed. These were partially offset by 20 basis points of leverage in incentive compensation due to lower attainment levels and 15 basis points of leverage in employee insurance.

SG&A expense as a percentage of sales deleveraged 175 basis points in the first nine months of 2018 compared to 2017. This was driven primarily by 81 basis points of deleverage due to the adoption of the revenue recognition accounting standard ASU 2014-09, 75 basis points of deleverage due to the Company's strategic reassessment, 18 basis points of deleverage due primarily to the prior year sale of our interest in the Australian joint venture, 11 basis points of deleverage in customer delivery to meet increased demand in Appliances, and 11 basis points of deleverage in external labor. These were partially offset by 18 basis points of leverage in employee insurance.

Depreciation and Amortization – Depreciation and amortization deleveraged 36 basis points for the third quarter of 2018 compared to the prior year primarily due to accelerated depreciation related to the exit of Orchard. Property, less accumulated depreciation, decreased to \$18.9 billion at November 2, 2018, compared to \$19.8 billion at November 3, 2017. As of November 2, 2018 and November 3, 2017, we owned 80% and 78% of our stores, respectively, which included stores on leased land.

Depreciation and amortization deleveraged 1 basis point for the first nine months of 2018 compared to 2017 primarily due to accelerated depreciation related to the exit of Orchard partially offset by assets becoming fully depreciated.

Interest – Net – Interest expense for the third quarter of 2018 decreased primarily as a result of the payoff of scheduled debts at maturity. In addition, interest income increased over the prior year due to higher average interest rates associated with the Company's cash balances.

Interest expense for the first nine months of 2018 decreased primarily as a result of the prior year cash tender offer to purchase and retire \$1.6 billion aggregate principal amount of our outstanding notes in the first quarter of 2017 and the payoff of scheduled debts at maturity. In addition, interest income increased over the prior year due to higher average interest rates associated with the Company's cash balances. These were partially offset by the issuance of unsecured notes in May 2017.

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

Income Tax Provision – Our effective income tax rates were 21.8% and 37.1% for the three months ended November 2, 2018 and November 3, 2017, respectively. The decrease in the effective income tax rate is primarily due to the enactment of the Tax Act, effective January 1, 2018, which lowered the federal tax rate from 35% to 21%.

Our effective income tax rates were 23.8% and 36.3% for the nine months ended November 2, 2018 and November 3, 2017, respectively. The decrease in the effective tax rate is due to the same factor that impacted the effective income tax rate in the third quarter.

Table of Contents

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

Sources of Liquidity

Cash flows from operations, supplemented with our short-term and long-term borrowings, have been sufficient to fund our operations while allowing us to make strategic investments that will grow our business, and to return excess cash to shareholders in the form of dividends and share repurchases. We believe that our sources of liquidity will continue to be adequate to fund our operations and investments to grow our business, repay our debt as it becomes due, pay dividends, and fund our share repurchases over the next 12 months.

Cash Flows Provided by Operating Activities

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Net cash provided by operating activities	\$6,798	\$ 5,372

Cash flows from operating activities continued to provide the primary source of our liquidity. The increase in net cash provided by operating activities for the nine months ended November 2, 2018, versus the nine months ended November 3, 2017, was driven primarily by changes in operating assets and liabilities and an increase in net earnings adjusted for non-cash expenses.

Cash Flows Used in Investing Activities

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Net cash used in investing activities	\$(788)	\$ (1,072)

Net cash used in investing activities primarily consist of transactions related to capital expenditures and business acquisitions.

Capital expenditures

Our capital expenditures generally consist of investments in our strategic initiatives to enhance our ability to serve customers, existing stores, and expansion plans. The following table provides our capital expenditures for the nine months ended November 2, 2018, and November 3, 2017:

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Existing store investments ¹	\$ 324	\$ 220
Strategic initiatives ²	69	216
New stores	453	351
Total capital expenditures	\$ 846	\$ 787

¹ Includes store equipment for existing stores, facility repairs, enhancements to existing information technology assets, and remerchandising.

² Represents investments to support our omnichannel strategy as well as information technology investments to enhance customer experience.

During the second quarter, we lowered our 2018 capital expenditures forecast by \$500 million, to approximately \$1.2 billion, as a result of the elimination of certain planned capital projects that were not focused on improving our core business, delivering productivity for our associates, or meeting our internal hurdle rate.

Business Acquisitions

During the second quarter of 2017, we paid \$505 million, inclusive of cash acquired and \$4 million of deferred components, to acquire Maintenance Supply Headquarters, which is expected to enable us to deepen and broaden our relationship with the Pro

Table of Contents

customer and better serve their needs. See Note 3 to the consolidated financial statements included herein for additional information regarding our business acquisitions.

Cash Flows Used in Financing Activities

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Net cash used in financing activities	\$(4,921)	\$ (4,130)

Net cash used in financing activities primarily consist of transactions related to our short-term borrowings, long-term debt, share repurchases, and cash dividend payments.

Short-term Borrowing Facilities

In September 2018, the Company entered into a \$1.75 billion five year unsecured revolving second amended and restated credit agreement (the “Second Amended and Restated Credit Agreement”) with a syndicate of banks. The Second Amended and Restated Credit Agreement amends and restates the Company’s amended and restated credit agreement, dated November 23, 2016 (the Amended and Restated Credit Agreement), to among other things (i) extend the maturity date of the revolving credit facility to September 2023 and (ii) modify the revolving commitments of the existing lenders. In September 2018, the Company entered into a \$250 million unsecured 364-day credit agreement (the 364-Day Credit Agreement) with a syndicate of banks. The Company may request borrowings under the 364-Day Credit Agreement that are denominated in U.S. Dollar, Euro, Sterling, Canadian Dollar and other currencies approved by the administrative agent and the lenders. The Company must repay the aggregate principal amount of loans outstanding under the 364-Day Credit Agreement on the termination date in effect at such time (currently September 9, 2019). The Company may elect to convert all of the loans outstanding under the 364-Day Credit Agreement on the termination date into a term loan which the Company shall repay in full on the first anniversary date of the termination date. The Second Amended and Restated Credit Agreement and the 364-Day Credit Agreement both support our commercial paper program. The amount available to be drawn under the Second Amended and Restated Credit Agreement and the 364-Day Credit Agreement is reduced by the amount of borrowings under our commercial paper program. All of our short-term borrowings during the nine months ended November 2, 2018, and November 3, 2017, were under the commercial paper program. The following table includes additional information related to our short-term borrowings for the nine months ended November 2, 2018, and November 3, 2017:

(In millions, except for interest rate data)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Net change in short-term borrowings	\$(1,137)	\$ (340)
Amount outstanding at quarter-end	\$—	\$ 171
Maximum amount outstanding at any month-end	\$892	\$ 878
Weighted-average interest rate of short-term borrowings outstanding	—	% 1.37 %

The Second Amended and Restated Credit Agreement and the 364-Day Credit Agreement contains customary representations, warranties, and covenants. We were in compliance with those covenants at November 2, 2018. Subject to obtaining commitments from the lenders and satisfying other conditions specified in the Second Amended and Restated Credit Agreement, the Company may increase the aggregate availability by an additional \$500 million.

Long-term Debt

The following table includes additional information related to the Company’s long-term debt for the nine months ended November 2, 2018, and November 3, 2017:

Edgar Filing: LOWES COMPANIES INC - Form 10-Q

(In millions)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Net proceeds from issuance of long-term debt	\$—	\$ 2,968
Repayment of long-term debt	\$(288)	\$(2,836)

During the nine months ended November 2, 2018, we paid \$250 million to retire scheduled debts at maturity.

Table of Contents

During the nine months ended November 3, 2017, we paid approximately \$2.0 billion to purchase \$1.6 billion of our higher coupon notes prior to maturity in connection with a cash tender offer. We issued \$3.0 billion of unsecured notes to fund the tender offer, finance current year maturities, and for other general corporate purposes, which included share repurchases, capital expenditures, strategic investments, and working capital needs.

Share Repurchases

We have an ongoing share repurchase program, authorized by the Company's Board of Directors, that is executed through purchases made from time to time either in the open market or through private off-market transactions. We also withhold shares from employees to satisfy tax withholding liabilities. Shares repurchased are retired and returned to authorized and unissued status. The following table provides, on a settlement date basis, the total number of shares repurchased, average price paid per share, and the total amount paid for share repurchases for the nine months ended November 2, 2018, and November 3, 2017:

(In millions, except per share data)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Total amount paid for share repurchases	\$2,498	\$ 3,054
Total number of shares repurchased	26.1	38.1
Average price paid per share	\$95.67	\$ 80.05

As of November 2, 2018, we had \$4.5 billion remaining available under our share repurchase program with no expiration date. We expect to repurchase shares totaling \$3.0 billion in 2018 (including the amount repurchased during the first nine months of fiscal year 2018). See Note 10 to the consolidated financial statements included herein for additional information regarding share repurchases.

Dividends

Our dividend payment dates are established such that dividends are paid in the quarter immediately following the quarter in which they are declared. The following table provides additional information related to our dividend payments for the nine months ended November 2, 2018, and November 3, 2017:

(In millions, except per share data)	Nine Months Ended	
	November 2, 2018	November 3, 2017
Total cash dividend payments	\$1,068	\$ 947
Dividends paid per share	\$1.30	\$ 1.11

Capital Resources

We expect to continue to have access to the capital markets on both short-term and long-term bases when needed for liquidity purposes by issuing commercial paper or new long-term debt. The availability and the borrowing costs of these funds could be adversely affected, however, by a downgrade of our debt ratings or a deterioration of certain financial ratios. The table below reflects our debt ratings by Standard & Poor's (S&P) and Moody's as of December 5, 2018, which we are disclosing to enhance understanding of our sources of liquidity and the effect of our ratings on our cost of funds. Our debt ratings have enabled, and should continue to enable, us to refinance our debt as it becomes due at favorable rates in capital markets. Our commercial paper and senior debt ratings may be subject to revision or withdrawal at any time by the assigning rating organization, and each rating should be evaluated independently of any other rating.

Debt Ratings	S&P	Moody's
Commercial Paper	A-2	P-2

Senior Debt A- A3
Senior Debt Outlook Stable Stable

There are no provisions in any agreements that would require early cash settlement of existing debt or leases as a result of a downgrade in our debt rating or a decrease in our stock price. In addition, we do not believe it will be necessary to repatriate significant cash and cash equivalents and short-term investments held in foreign affiliates to fund domestic operations.

Table of Contents

OFF-BALANCE SHEET ARRANGEMENTS

Other than in connection with executing operating leases, we do not have any off-balance sheet financing that has, or is reasonably likely to have, a material, current or future effect on our financial condition, cash flows, results of operations, liquidity, capital expenditures or capital resources.

CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

As of November 2, 2018, there were no material changes to our contractual obligations and commercial commitments outside the ordinary course of business since the end of 2017. Refer to the Annual Report on Form 10-K for additional information regarding our contractual obligations and commercial commitments.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our significant accounting policies are described in Note 1 to the consolidated financial statements presented in the Annual Report. Our critical accounting policies and estimates are described in “Item 7 - Management’s Discussion and Analysis of Financial Condition and Results of Operations” in the Annual Report. Our significant and critical accounting policies have not changed significantly since the filing of the Annual Report. However, given the estimates made this quarter regarding the evaluation of long-lived asset impairment, we have elected to provide additional disclosure related to our critical accounting policy for long-lived asset impairment.

Long-Lived Asset Impairment

Description

We review the carrying amounts of locations whenever certain events or changes in circumstances indicate that the carrying amounts may not be recoverable. When evaluating locations for impairment, our asset group is at an individual location level, as that is the lowest level for which cash flows are identifiable. Cash flows for individual locations do not include an allocation of corporate overhead.

We evaluate locations for triggering events relating to long-lived asset impairment on a quarterly basis to determine when a location’s assets may not be recoverable. For operating locations, our primary indicator that assets may not be recoverable is consistently negative cash flow for a 12-month period for those locations that have been open in the same location for a sufficient period of time to allow for meaningful analysis of ongoing operating results. Management also monitors other factors when evaluating operating locations for impairment, including individual locations’ execution of their operating plans and local market conditions, including incursion, which is the opening of either other Lowe’s locations or those of a direct competitor within the same market. We also consider there to be a triggering event when there is a current expectation that it is more likely than not that a given location will be closed significantly before the end of its previously estimated useful life.

A potential impairment has occurred if projected future undiscounted cash flows expected to result from the use and eventual disposition of the location’s assets are less than the carrying amount of the assets. When determining the stream of projected future cash flows associated with an individual operating location, management makes assumptions, incorporating local market conditions, about key store variables including sales growth rates, gross margin and controllable expenses, such as store payroll and occupancy expense, as well as asset residual values or lease rates. An impairment loss is recognized when the carrying amount of the operating location is not recoverable and exceeds its fair value.

We use an income approach to determine the fair value of our individual operating locations, which requires discounting projected future cash flows. This involves making assumptions regarding both a location’s future cash

flows, as described above, and an appropriate discount rate to determine the present value of those future cash flows. We discount our cash flow estimates at a rate commensurate with the risk that selected market participants would assign to the cash flows. The selected market participants represent a group of other retailers with a market footprint similar in size to ours.

We use a market approach to determine the fair value of our individual locations identified for closure. This involves making assumptions regarding the estimated selling prices or estimated lease rates by obtaining information from property brokers or appraisers in the specific markets being evaluated. The information includes comparable sales of similar assets and assumptions about demand in the market for purchase or lease of these assets.

Table of Contents

Judgments and uncertainties involved in the estimate

Our impairment evaluations require us to apply judgment in determining whether a triggering event has occurred, including the evaluation of whether it is more likely than not that a location will be closed significantly before the end of its previously estimated useful life. Our impairment loss calculations require us to apply judgment in estimating expected future cash flows, including estimated sales, margin and controllable expenses, and assumptions about market performance for operating locations and estimated selling prices or lease rates for locations identified for closure. We also apply judgment in estimating asset fair values, including the selection of an appropriate discount rate for fair values determined using an income approach.

Effect if actual results differ from assumptions

During the first nine months of 2018, the Company recorded impairment charges totaling \$329 million within selling, general and administrative expenses in the consolidated statements of current and retained earnings. We have not made any material changes in the methodology used to estimate the future cash flows of operating locations or locations identified for closure during the past three fiscal years. If the actual results are not consistent with the assumptions and judgments we have made in determining whether it is more likely than not that a location will be closed significantly before the end of its useful life or in estimating future cash flows and determining asset fair values, our actual impairment losses could vary positively or negatively from our estimated impairment losses. In the event that our estimates vary from actual results, we may record additional impairment losses, which could be material to our results of operations.

FORWARD-LOOKING STATEMENTS

This Form 10-Q includes “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Statements including words such as “believe,” “expect,” “anticipate,” “plan,” “desire,” “project,” “estimate,” “intend,” “will,” “should,” “could,” “would,” “may,” “strategy,” “potential,” “opportunity,” and similar expressions are forward-looking statements. Forward-looking statements involve estimates, expectations, projections, goals, forecasts, assumptions, risks and uncertainties. Forward-looking statements include, but are not limited to, statements about future financial and operating results, Lowe’s plans, objectives, business outlook, priorities, expectations and intentions, expectations for sales growth, comparable sales, earnings and performance, shareholder value, capital expenditures, cash flows, the housing market, the home improvement industry, demand for services, share repurchases, Lowe’s strategic initiatives, including those relating to acquisitions and dispositions by Lowe’s and the expected impact of such transactions on our strategic and operational plans and financial results, and any statement of an assumption underlying any of the foregoing and other statements that are not historical facts. Although we believe that the expectations, opinions, projections and comments reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and we can give no assurance that such statements will prove to be correct. Actual results may differ materially from those expressed or implied in such statements.

A wide variety of potential risks, uncertainties and other factors could materially affect our ability to achieve the results either expressed or implied by these forward-looking statements including, but not limited to, changes in general economic conditions, such as the rate of unemployment, interest rate and currency fluctuations, fuel and other energy costs, slower growth in personal income, changes in consumer spending, changes in the rate of housing turnover, the availability of consumer credit and of mortgage financing, inflation or deflation of commodity prices, recently enacted or proposed tariffs and disruptions caused by our management changes, and other factors that can negatively affect our customers, as well as our ability to: (i) respond to adverse trends in the housing industry, a reduced rate of growth in household formation, and slower rates of growth in housing renovation and repair activity, as well as uneven recovery in commercial building activity; (ii) secure, develop, and otherwise implement new technologies and processes necessary to realize the benefits of our strategic initiatives focused on omni-channel sales and marketing presence and enhance our efficiency, and otherwise successfully execute on our strategy and implement our strategic initiatives including acquisitions, dispositions and the closing of certain stores and facilities; (iii) attract,

train, and retain highly-qualified associates; (iv) manage our business effectively as we adapt our operating model to meet the changing expectations of our customers; (v) maintain, improve, upgrade and protect our critical information systems from data security breaches, ransomware and other cyber threats; (vi) respond to fluctuations in the prices and availability of services, supplies, and products; (vii) respond to the growth and impact of competition; (viii) address changes in existing or new laws or regulations that affect consumer credit, employment/labor, trade, product safety, transportation/logistics, energy costs, health care, tax, environmental issues or privacy and data protection; (ix) positively and effectively manage our public image and reputation and respond appropriately to unanticipated failures to maintain a high level of product and service quality that could result in a negative impact on customer confidence and adversely affect sales; and (x) effectively manage our relationships with selected suppliers of brand name products and key vendors and service providers, including third-party installers. In addition, we could experience impairment losses and other charges if either the actual results of our operating stores are not consistent with the assumptions and judgments we have made in estimating future cash flows and determining asset fair values, or we are required to reduce the carrying amount of our investment in certain unconsolidated entities. With respect to acquisitions and dispositions, potential risks include the effect of such transactions on Lowe's and the target company's or operating business's strategic relationships, operating results and businesses generally; our ability to

Table of Contents

integrate or divest personnel, labor models, financial, IT and other systems successfully; disruption of our ongoing business and distraction of management; hiring additional management and other critical personnel; increasing or decreasing the scope, geographic diversity, and complexity of our operations; significant integration or disposition costs or unknown liabilities; and failure to realize the expected benefits of the transaction. For more information about these and other risks and uncertainties that we are exposed to, you should read “Item 1A - Risk Factors” and “Item 7 - Management’s Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Policies and Estimates” included in our most recent Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission (the SEC) and the description of material changes thereto, if any, included in our Quarterly Reports on Form 10-Q or subsequent filings with the SEC.

The forward-looking statements contained in this Form 10-Q are expressly qualified in their entirety by the foregoing cautionary statements. The foregoing list of important factors that may affect future results is not exhaustive. When relying on forward-looking statements to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. All such forward-looking statements are based upon data available as of the date of this Form 10-Q or other specified date and speak only as of such date. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf about any of the matters covered in this Form 10-Q are qualified by these cautionary statements and the risk factors disclosed in “Item 1A - Risk Factors” in the Annual Report and the description of material changes thereto, if any, included in our Quarterly Reports on Form 10-Q or subsequent filings with the SEC. We expressly disclaim any obligation to update or revise any forward-looking statement, whether as a result of new information, change in circumstances, future events or otherwise, except as may be required by law.

Item 3. - Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to certain market risks, including changes in foreign currency exchange rates related to our international operations, interest rates, and commodity prices. The Company’s market risks have not changed materially from that disclosed in the Annual Report for the fiscal year ended February 2, 2018.

Item 4. - Controls and Procedures

The Company’s management, with the participation of the Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of the Company’s “disclosure controls and procedures,” (as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act)). Based upon their evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that, as of November 2, 2018, the Company’s disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the SEC (1) is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms, and (2) is accumulated and communicated to the Company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

In addition, no change in the Company’s internal control over financial reporting occurred during the quarter ended November 2, 2018, that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting.

Table of Contents

Part II – OTHER INFORMATION

Item 1. - Legal Proceedings

The Company is from time to time a party to various lawsuits, claims and other legal proceedings that arise in the ordinary course of business. With respect to such lawsuits, claims and proceedings, the Company records reserves when it is probable a liability has been incurred and the amount of loss can be reasonably estimated. The Company does not believe that any of these proceedings, individually or in the aggregate, would be expected to have a material adverse effect on its results of operations, financial position or cash flows. The Company maintains liability insurance for certain risks that are subject to certain self-insurance limits.

Item 1A. - Risk Factors

There have been no material changes in the Company's risk factors from those disclosed in "Item 1A - Risk Factors" in the Annual Report, except with respect to the risk factor regarding the retirement of our Chief Executive Officer and the appointment of a new Chief Executive Officer and other members of our leadership team, which has been amended and restated as follows:

If we do not successfully manage the transitions associated with the retirement of our Chief Financial Officer and the appointment of a new Chairman and a new Chief Executive Officer and Chief Financial Officer and other members of our leadership team as part of a new leadership structure, it could have an adverse impact on our business operations as well as be viewed negatively by our customers and shareholders.

On May 20, 2018, the Board of Directors of the Company appointed Marvin R. Ellison as President and Chief Executive Officer and Richard R. Dreiling as Chairman of the Board of Directors, in each case, effective as of July 2, 2018. On July 2, 2018, Mr. Ellison assumed the office of President and Chief Executive Officer and joined the Board of Directors, and Mr. Dreiling became Chairman of the Board of Directors. Mr. Ellison and Mr. Dreiling succeeded Robert A. Niblock, who retired as Chairman, President and Chief Executive Officer of the Company and member of the Board of Directors effective July 2, 2018. On June 4, 2018, we announced that Marshall A. Croom plans to retire from the Company, effective October 5, 2018, and on August 22, 2018, we named David M. Denton as Executive Vice President, Chief Financial Officer, which appointment became effective on November 19, 2018. On October 2, 2018, the Board of Directors of the Company appointed Tiffany L. Mason as Interim Chief Financial Officer, in addition to her duties as Senior Vice President, Corporate Finance and Treasurer, effective from October 5, 2018 until Mr. Denton joined the Company on November 19, 2018. On October 5, 2018, Marshall A. Croom retired as Chief Financial Officer of the Company. In addition, on July 9, 2018, we announced the implementation of a new leadership structure and named William P. Boltz as Executive Vice President, Merchandising effective August 15, 2018. On July 20, 2018, we named Joseph M. MacFarland III as Executive Vice President, Stores effective August 15, 2018. On August 7, 2018, we named Donald E. Frieson as Executive Vice President, Supply Chain effective August 8, 2018. On November 2, 2018, the Company announced the appointment of Seemantini Godbole as Chief Information Officer, effective November 12, 2018. Such leadership transitions can be inherently difficult to manage, and an inadequate transition may cause disruption to our business, including to our relationships with our customers, suppliers, vendors and employees. It may also make it more difficult to hire and retain key employees.

Table of Contents

Item 2. - Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

The following table sets forth information with respect to purchases of the Company's common stock made during the third quarter of fiscal 2018:

	Total Number of Shares Purchased ¹	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ²	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs ²
August 4, 2018 - August 31, 2018 ³	3,305,025	\$ 109.02	3,304,298	\$4,696,523,850
September 1, 2018 - October 5, 2018	1,658,249	112.96	1,441,668	4,570,177,217
October 6, 2018 - November 2, 2018 ³	963,730	100.69	962,300	4,473,280,600
As of November 2, 2018	5,927,004	\$ 108.77	5,708,266	\$4,473,280,600

¹ The total number of shares repurchased includes shares withheld from employees to satisfy either the exercise price of stock options or the statutory withholding tax liability upon the vesting of share-based awards.

² On January 26, 2018, the Company's Board of Directors authorized a \$5.0 billion share repurchase program with no expiration, which was announced on the same day.

In August 2018, the Company entered into an Accelerated Share Repurchase (ASR) agreement with a third-party financial institution to repurchase \$310 million of the Company's common stock. Pursuant to the agreement, the Company paid \$310 million to the financial institution and received an initial delivery of 2.5 million shares. In October 2018, prior to the end of the third quarter, the Company finalized the transaction and received an additional 0.3 million shares. The average price paid per share in settlement of the ASR agreement included in the table above was determined with reference to the volume-weighted average price of the Company's common stock over the term of the ASR agreement. See Note 10 to the consolidated financial statements included herein for additional information regarding share repurchases.
