ELECTION OF DIRECTORS (Item 1)

Pursuant to the Company's By-Laws, five Directors constitute the entire Board of Directors of the Company. A majority of the Board of Directors of the Company are independent directors. The Board of Directors is divided into three classes, as nearly equal in number as possible. Each class serves three years, with the terms of office of the respective classes expiring in successive years. The term of office of the directors in Class II expires at the 2004 Annual Meeting of Stockholders. The Board of Directors proposes that the nominees described below be elected to hold office for a three-year term expiring at the 2007 Annual Meeting of Stockholders, and until the election and qualification of their respective successors. If no other choice is specified in the accompanying proxy, the persons named therein have advised management that it is their present intention to vote the proxy for the election of the nominees set forth below. Each of the members of the Board of Directors of the Company, including the nominees listed below, is presently a director of the Company, and was elected to such office by the stockholders of the Company, or in the case of Victor Keen and Albert Malvino, appointed to such position by the Board of Directors to fill a vacancy. Should any nominee become unable to accept nomination or election, it is intended that the persons named in the accompanying proxy will vote for the election of such other person as management may recommend in the place of such nominee. There is no indication at present that the nominees will be unable to accept nomination.

the Federal Reserve Bank of New York.

Class III - Term Expires at the 2005 Annual Meeting of Stockholders

Robert L. Saxe

Mr. Saxe, age 68, is a founder of the Company and has been Chairman of the Board of Directors of the Company since its inception in 1965, was its President from 1966 to February 2002, and Treasurer since October 1966. He graduated from Harvard College in 1956 with an A.B. degree, Cum Laude in General Studies (with a major in physics). Mr. Saxe also received an M.B.A. degree from Harvard Business School in 1960.

Robert M. Budin

Mr. Budin, age 71, has been a director of the Company since 1987. Mr. Budin was a Senior Vice President of Harold C. Brown & Co., Inc. until his retirement in 1990. Mr. Budin was a stockbroker and had been employed at Harold C. Brown & Co., Inc. since 1963. Mr. Budin serves as Chairman of the Company's Audit Committee.

The Board of Directors has an Executive Committee composed of Robert L. Saxe, Joseph M. Harary and Robert M. Budin. The Board of Directors also has an Audit Committee, a Compensation Committee, and a Nominating Committee. The members of each of these three latter committees, Robert M. Budin, Victor F. Keen, and Albert P. Malvino, consists solely of the three non-management directors, each of whom the Board has determined meets the independence requirements under the applicable listing standards of the NASDAQ National Market governing the independence of directors. During fiscal 2000, the Audit Committee of the Board of Directors developed a written charter for the Committee that was approved by the Board of Directors which was updated in 2004 and attached as an Exhibit to this Proxy Statement. The Compensation Committee and Nominating Committee, are not required to, and do not have, written charters.

The Audit Committee reviews and reports to the Board of Directors with respect to various auditing and accounting matters, including the nomination of the Company's independent public accountants, the scope of audit procedures, general accounting policy matters, and the performance of the Company's independent public accountants.

The Compensation Committee reviews and reports to the Board of Directors its recommendations for compensation of all employees and sets the compensation of the management of the Company.

The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board the director nominees for the next annual meeting of stockholders and candidates to fill vacancies on the Board. Additionally, the committee recommends to the Board the directors to be appointed to Board committees. Because the Board of Directors of the Company has a majority of independent directors, these independent directors control the Board of Directors' selection of nominees for director.

Edgar Filing: RESEARCH FRONTIERS INC - Form DEF 14A

The Nominating Committee considers candidates for Board membership suggested by its members and by other Board members. Additionally, in selecting nominees for directors, the Nominating Committee will review candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the committee and/or recommended by the Board. The Nominating Committee will also consider whether to nominate any person nominated by a shareholder on a timely basis and in accordance with the provisions of the Company's by-laws relating to shareholder nominations and as described in "2005 Stockholder Proposals and Director Nominations" below.

Once the Nominating Committee has identified a prospective nominee, it or a subcommittee of the Nominating Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the information provided to the subcommittee with the recommendation of the prospective candidate, as well as the subcommittee's own knowledge of the prospective candidate, which may be supplemented by inquiries of the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. Based on the recommendation of the subcommittee, the full committee then evaluates the prospective nominee and his or her qualifications, as well as other factors which may include such things as whether the prospective nominee meets the independence requirements and other qualifications or criteria set forth under applicable listing standards of the NASDAQ National Market, or other requirements defined under applicable Securities and Exchange Commission rules and regulations; the extent to which the prospective nominee's skills, experience and perspective add to the range of talent appropriate for the Board and whether such attributes are relevant to the Company's industry; the prospective nominee's ability to dedicate the time and resources sufficient for the diligent performance of Board duties; and the extent to which the prospective nominee holds any position that would conflict with responsibilities to the Company.

If the Nominating Committee's internal evaluation is positive, the subcommittee and possibly others will interview the candidate. Upon completion of this evaluation and interview process, the Nominating Committee makes a recommendation and report to the full Board as to whether the candidate should be nominated by the Board and the Board determines whether to approve the nominee after considering this recommendation and report.

During 2003, the Company's Board of Directors had four formal meetings and also met ten additional times informally as a Board, the Board's Audit Committee met four times, and the Board's Compensation Committee met twice. The Company's Nominating Committee did not meet in 2003 as it was formed in 2004. No incumbent director failed to attend any meetings of the Board of Directors during 2003. The Company encourages and expects all of its directors to attend its Annual Meeting of Stockholders, and all directors attended last year's Annual Meeting of Stockholders.

Edgar Filing: RESEARCH FRONTIERS INC - Form DEF 14A

In addition to Robert L. Saxe and Joseph M. Harary, whose biographical information is provided above, the only other executive officer of the Company is Michael R. LaPointe, age 45, who is the Company's Vice President - Marketing since March 2002, joined the Company as its Director of Marketing for Architectural Windows and Displays in March 2000. Mr. LaPointe, a graduate of Brown University with a B.A. in Organizational Behavior & Management and a B.A. in Psychology, worked in a marketing capacity for IBM Corporation in the early 1980s. He subsequently founded and developed several companies involved in the application and licensing of new technologies for various consumer products. During that period Mr. LaPointe also worked as a management consultant, where in 1994 he began his relationship with Research Frontiers, assisting the Company with its marketing strategy.

The Board of Directors recommends a vote FOR election of the nominees listed above and it is intended that proxies not marked to the contrary will be so voted. Election of such nominees requires the affirmative vote of the holders of a plurality of the shares of the Company's Common Stock present, or represented, and entitled to vote at the Annual Meeting.

INDEPENDENT PUBLIC ACCOUNTANTS (Item 2)

The Audit Committee has selected the firm of KPMG LLP to serve as our independent accountants for the fiscal year ending December 31, 2004. KPMG LLP has served as the Company's independent auditors for many years and is considered by management to be well-qualified. We expect that representatives of KPMG LLP will attend the meeting, have the opportunity to make a statement if they so desire, and be available to respond to appropriate questions.

Audit and Other Fees

The following table presents fees paid or accrued for professional audit services rendered by KPMG LLP for the audit of our annual financial statements for the years ended December 31, 2003 and 2002, and fees billed to us for other services rendered by KPMG during those periods:

	2003	2002
Audit fees (1)	\$ 60,000	\$ 52,000
Audit related fees	7,500	0
Tax fees (2)	12,500	12,500
All other fees	0	0
Total	\$ 80,000	\$ 64,500

(1) Audit fees includes the audit of Research Frontiers Incorporated annual financial statements, review of financial statements included in Research Frontiers Incorporated's Form 10-Q Quarterly Reports and services that are normally provided by the independent auditors in connection with regulatory filings for those fiscal years.

(2) Tax fees include fees for all services performed by the independent auditor's tax personnel except those services

Edgar Filing: RESEARCH FRONTIERS INC - Form DEF 14A

specifically related to the audit of the financial statements, and includes fees for tax compliance and tax advice.

The Audit Committee has approved the above-listed fees by KPMG LLP, has considered whether the provision of the non-audit services described above is compatible with maintaining KPMG LLPs' independence, and has determined that the provision of such services is compatible with maintaining KPMG LLPs' independence.

The Board of Directors unanimously recommends a vote FOR ratification of the selection of the accounting firm of KPMG LLP as independent auditors of the Company for the fiscal year ending December 31, 2004. The ratification requires a majority vote of those shares of Common Stock represented and eligible to vote at the 2004 Annual Meeting of Stockholders.

Audit Committee Report

The following Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

During fiscal 2000, the Audit Committee of the Board of Directors developed a written charter for the Committee that was approved by the Board of Directors which was updated in 2004. The complete text of the current charter is reproduced in the appendix to this Proxy Statement.

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is comprised of the independent directors of the Company: Robert M. Budin, who serves as the Audit Committee's Chairman, Victor F. Keen and Albert P. Malvino. The Company is not required to have a "financial expert" (as such term is defined by applicable rules) on its Audit Committee, and does not have one because of the simple nature of accounting for the Company's operations as a licensing company. The Company believes that all of the members of its Audit Committee, due to their background and business experience, have a sufficient understanding of generally accepted accounting principles and financial statements, the ability to assess the general application of such principles, an understanding of internal controls over financial reporting, and of audit committee functions to perform their duties as an Audit Committee. Part of the Audit Committee's duties specifically include the appointment, compensation and supervision of the Company's auditors, as well as pre-approval of all auditing and non-auditing services provided by the Company's accounting firm. Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. As set forth in more detail in the charter, the Audit Committee's responsibility is to monitor and oversee the processes.

Edgar Filing: RESEARCH FRONTIERS INC - Form DEF 14A

In connection with these responsibilities, the Audit Committee met with management and the Company's independent auditors, KPMG LLP, to review and discuss all financial statements included in the Company's quarterly and annual reports for the fiscal year ended December 31, 2003 (the "Financial Statements") prior to their issuance and to discuss significant accounting issues. Management has advised us that the Financial Statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the Financial Statements with both management and the independent auditors. Our review included discussions with the independent auditors of matters required to be discussed by the Statement on Auditing Standards No. 61 (communication with Audit Committees).

The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Finally, the Audit Committee continued to monitor the integrity of the Company's financial reporting processes and its internal procedures and controls.

Based upon the Audit Committee's discussions with management and the independent accountants and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

Report on Executive Compensation

The compensation of executive officers of the Company, including the Company's chief executive officer, is determined by the Compensation Committee of the Company's Board of Directors, whose names are listed below at the end of this report. The salaries of all executive officers are reviewed at least twice annually by the Board. Numerous factors are reviewed in determining compensation levels. These factors include: the compensation levels of executive officers with comparable experience and qualifications, compensation levels at comparable companies, individual and Company performance, past compensation levels, years of service, performance of the Company's stock, and other relevant considerations. The Company's goal is to set salary levels somewhat below those received by executives at other companies with comparable experience and qualifications, and to supplement such compensation with the grant of stock options and performance-based bonuses. This approach is designed to more closely align total executive compensation with the long-term performance of the Company and enable all employees of the Company to participate in the Company's growth. Through ownership of stock options, the executive is rewarded if the Company's stockholders receive the benefit of appreciation of the price of the Company's Common Stock. Because the Company believes that its success is dependent upon the coordinated efforts of all of its employees, and that teamwork is essential in further developing the Company's technology and meeting the expectations of the Company's licensees and stockholders, all current employees of the Company (other than Robert L. Saxe and Joseph M. Harary) were granted stock options since the beginning of the past fiscal year.

The Board of Directors and the stockholders have adopted a stock option plan which remains in effect. The purpose of this stock option plan is to attract key employees, officers and directors and to encourage their continued employment and services and their increased stock ownership in the Company. The Board of Directors believes that the granting of stock options under this stock option plan will promote continuity of management, and will result in the increased incentive and personal interest in the welfare of the Company by those who are or may become primarily responsible for shaping and carrying out the long range plans of the Company and securing its continued growth, development and financial success. Currently awards for 514,822 shares of common stock were available for issuance under the Company's stock option plan. If any options expire or terminate for any reason without having been exercised in full, the unpurchased shares subject thereto will again be available for issuance under this stock option plan.

The Company's stock option plan is administered by a committee of at least two directors who are not officers and employees of the Company (the "Administrators"). Currently the Administrators consist of Mr. Budin, Mr. Keen and Dr. Malvino, who serve as members of the Company's Stock Option Committee. Options which qualify as Incentive Stock Options ("ISO's") under the Internal Revenue Code of 1986, as amended

Edgar Filing: RESEARCH FRONTIERS INC - Form DEF 14A

(the "Code"), and non-qualifying options ("NQSO's") may be issued under the Company's 1998 Stock Option Plan. Also stock appreciation rights and restricted stock may be awarded under the Company's 1998 Stock Option Plan, although there have been no awards of stock appreciation rights and restricted stock under such plan to date. The number of options to be granted under these stock option plans are determined by the Administrators in their discretion.

The purchase price of Common Stock subject to each option issued under this stock option plan will be determined by the Board of Directors or the Administrators, as the case may be, but in the case of an ISO may not be less than (i) the fair market value of the Common Stock subject to the option on the date of grant or (ii) in the case of an option granted to an employee who, at the time the option is granted, owns (within the meaning of the Code) more than 10% of the total combined voting power of all classes of stock of the Company, 110% of the fair market value of the Common Stock subject to the option on the date of grant. Options under this stock option plan may be exercised in the manner and at such times fixed by the Board of Directors, but may not be exercised for a term of more than 10 years, or for a term of five years in the case of an employee who, at the time an ISO is granted, owns (within the meaning of the Code) more than 10% of the total combined voting power of all classes of stock of the Company. In no event may ISO's exercisable for stock having an aggregate fair market value determined on the date of grant of \$100,000 (together with all ISO's granted under any other stock option) be granted which first become exercisable in any one calendar year. Options are not transferable except by will or intestacy on the death of the optionee. In general, ISOs terminate when an optionee ceases to be employed by the Company or within a specified period after the termination of such employment depending upon the reason for such termination.

Employment Arrangements

The Company entered into an employment agreement with Mr. Robert L. Saxe which automatically renews itself for successive one-year terms unless either the Company or Mr. Saxe gives the other at least 90 days prior written notice of the intention not to renew the employment agreement. Pursuant to that agreement, Mr. Saxe received an annual base salary from the Company of \$424,200 during 2003 and will receive an annual base salary of \$436,968 through December 31, 2004. The Compensation Committee of the Board of Directors may, in its discretion, authorize a higher salary for Mr. Saxe.
