to ratify the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2017.

The Board of Directors knows of no other matters to be presented for action at the annual meeting. If any other matters properly come before the annual meeting, however, the persons named in the proxy will vote on such other matters in accordance with their best judgment.

#### Internet Availability of Proxy Materials

Proxy materials are being furnished to shareholders via the Internet on or about June 10, 2016 rather than mailing printed copies of those materials to each stockholder. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. By e-mail: send an email message to [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com). Please send a blank e-mail and put the 12 digit control number located in your Notice of Internet Availability of Proxy Materials in the subject line.

#### Solicitation and Voting of Proxies

Only shareholders of record at the close of business on May 27, 2016 (the "Record Date") will be entitled to notice of and to vote at the annual meeting or any adjournment thereof. At the close of business on the Record Date, there were 21,899,370 outstanding shares of our Class A common stock, par value \$.01 per share, and 2,260,954 outstanding shares of our Class B common stock, par value \$.01 per share. At the annual meeting, each share of Class A common stock is entitled to one vote (whether in person or by proxy or pursuant to a shareholders' consent) and each share of Class B common stock is entitled to ten votes (whether in person or by proxy or pursuant to a shareholders' consent).

Class A directors are elected by the affirmative vote of a plurality of the votes of the Class A shares present in person or represented by proxy at the annual meeting and entitled to vote on the election of directors. The Class A and B directors are elected by the Class A and Class B shareholders voting together. The ratification of the appointment of the independent registered public accounting firm must be approved by holders of a majority of the Class A and B shares of common stock present in person or represented by proxy at the annual meeting and entitled to vote thereon.

Mr. John J. Shalam, our Chairman of the Board, controls in excess of 50% of all outstanding votes and he intends to vote his shares to approve all of the matters to be voted upon at the meeting that are described in this proxy statement.

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to shareholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their name shares of Common Stock beneficially owned by others to forward to such beneficial owners. In addition, the Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners.

#### Quorum Requirement and Votes Required

The presence in person or by proxy of the holders of a majority of the issued and outstanding shares of common stock entitled to vote as of the record date is necessary to constitute a quorum at the annual meeting. If your shares of VOXX Class A Common Stock are held by a broker, bank or other nominee, you will receive instruction from them on how to vote your shares. Abstentions and broker non-votes are treated as present at the meeting and are therefore counted to determine a quorum. The annual meeting may be adjourned by a majority of the votes cast upon the question, whether or not a quorum is present. If a quorum is not present, the Chairman of the meeting may adjourn the meeting to another place, date or time, without notice other than announcement at the meeting. At any adjourned meeting, any business may be transacted that might have been transacted at the annual meeting as originally notified.

If you hold shares of VOXX Class A Common Stock in your own name, you may give instructions on how your shares are to be voted by following the telephone or internet voting procedures described on the proxy card, or, if you received a printed copy of the proxy materials, by marking, signing, dating, and returning the enclosed proxy card in the accompanying postage paid envelope.

A proxy, when properly completed and not revoked, will be voted in accordance with its instructions. If no voting instructions on a particular matter are given on a properly submitted and unrevoked proxy, the shares represented by the proxy will be voted on that particular matter as follows:

- FOR the election as directors of the seven nominees named in this proxy statement under the caption "Nominees";
- and,
- FOR the ratification of the appointment by the Audit Committee of Grant Thornton LLP as the Company's Independent Registered Public Accounting Firm for the fiscal year ending February 28, 2017.

#### Board Recommendation

The Board of Directors recommends that an affirmative vote be cast in favor of each of the proposals listed in the proxy card and described in this proxy statement.

#### Voting Your Shares

The Board of Directors is soliciting proxies from our shareholders. By completing and returning the accompanying proxy, you will be authorizing Patrick M. Lavelle and Charles M. Stoehr to vote your shares. If your proxy is properly signed and dated it will be voted as you direct. If you attend the annual meeting in person, you may vote your shares by completing a ballot at the meeting. You may also vote your shares by mail, telephone or by the Internet as described on your proxy card.

#### Changing Your Vote By Revoking Your Proxy

Your proxy may be revoked at any time before it is voted at the annual meeting by giving notice of revocation to us, in writing, by execution of a later dated proxy or by attending and voting at the annual meeting. Simply attending the annual meeting, however, will not revoke your proxy; you must vote at the annual meeting.

Shareholder Proposals and Director Nominations at Future Meetings

Proposals intended to be presented by shareholders at the Company's 2017 annual meeting must be received by the Secretary of the Company at its New York offices no later than February 11, 2017, which is 120 calendar days prior to the anniversary of this year's mailing date. The proposals must comply with all applicable statutes and regulations.

Diversity is one of the factors that the Board of Directors considers in identifying nominees for director. This means that the Board of Directors seeks nominees who bring a variety of business backgrounds, experiences and perspectives to the Board. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a broad diversity of experience, professions, skills, knowledge and abilities that will allow the Board to fulfill its responsibilities. In selecting director nominees, the Board of Directors considers all aspects of a potential nominee's background, including leadership skills, integrity, educational background, business and professional experience, business acumen, diversity of viewpoints, and other qualities. The Board's goal is to identify individuals who will enhance and add valuable perspective to the Board and who will help us capitalize on business opportunities in a challenging and highly competitive market. The Board of Directors has not adopted a formal diversity policy with regard to the selection of director nominees.

## CORPORATE GOVERNANCE

### Corporate Governance Guidelines and Code of Business Conduct

The Company operates in accordance with a plan of corporate governance that is designed to define responsibilities, set high standards of professionalism and personal conduct, and assure compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance and modifies its corporate governance plan accordingly.

It is the policy of the Company that it maintain a standard Code of Business Conduct, Ethics and a Whistleblower or Complaint Procedure that clearly define the organization's expectations of its employees regarding ethical and honest business conduct and actions that represent a conflict of interest. The aforementioned Code of Conduct and Whistleblower policy aids management in preventing and identifying possible fraudulent acts within the Company. The Company's Code of Business Conduct and Ethics for Officers and Directors (the "Code of Ethics") prohibits our directors, named executive officers ("NEOs"), other officers and key accounting and finance personnel from buying or selling our common stock for at least three business days after material nonpublic information is released to the public or fifteen days prior to the end of each fiscal quarter through three business days after the Company's quarterly and annual earnings release. The Company communicates to all of its employees its Code of Conduct and Ethics and maintains a posting of such policies on its corporate website. The Company does not have a formal written compensation recovery policy. However, it reserves the right to create such a policy in the future.

### Board Leadership Structure

The offices of the Chairman of the Board and Chief Executive Officer are currently separate. Mr. Shalam serves as the Company's Chairman and Mr. Lavelle serves as the Company's Chief Executive Officer. The Board believes that this structure is the most appropriate structure at this time. Mr. Shalam is not an independent director, but is the former President and CEO of the Company. The directors of the Board believe that Mr. Shalam's in-depth knowledge of and former management responsibility for the Company's business make him the best qualified director to serve as our Chairman.

### Board's Role in Risk Oversight

Our Board of Directors is responsible for consideration and oversight of risks facing the Company. In order to ensure that material risks are identified and managed appropriately, the Board and its committees regularly review material financial and other risks with management. The Audit Committee reviews and discusses with management the Company's processes and policies with respect to risk assessment and risk management. The Audit Committee also discusses major areas of financial risks with our independent registered accounting firm. In addition, the Company's risk oversight process involves the Board receiving information from management on a variety of matters, including operations, finance, regulatory, and strategy, as well as information regarding any material risks associated with each matter. The full Board, or the appropriate Board committee, receives this information through updates from the appropriate members of management to enable it to understand and monitor the Company's risk management practices. Information brought to the attention of one of the committees can then be shared with management or the full Board, as appropriate.

### Board of Directors

The Board of Directors has standing audit, compensation and affiliate transaction committees, and may also, in accordance with the Company's Bylaws, appoint other committees from time to time. Inasmuch as the Company is a "Controlled Company" under Rule 4350(c)(5) of the NASD Manual, the Board does not have a standing nominating

committee. Each committee has a written charter. Any of these documents will be provided in print to any shareholder who submits a request in writing to the Company's Corporate Secretary at its New York office location, VOXX International Corporation, 180 Marcus Blvd., Hauppauge, NY 11788.

The Board of Directors held eight (8) meetings and acted by consent six (6) times during the fiscal year ended February 29, 2016. Each member of the Board of Directors is expected to make a reasonable effort to attend all meetings of the Board and its committees, as well as the annual meeting of shareholders. All board members attended last year's annual meeting of shareholders. Each director attended 75% or more of the aggregate number of board and related committee meetings during the year.

Mr. Paul C. Kreuch, Jr., meets the current standard of "audit committee financial expert" as defined in Item 407 of Regulation S-K.

The Audit Committee operates pursuant to the VOXX International Corporation Audit Committee Charter. The Company's independent auditors report directly to the Audit Committee. The Audit Committee, consistent with the SEC rules, meets with management and the auditors prior to the filing of the officer certifications with the SEC to receive information concerning, among other things, any significant deficiencies in the design or operation of internal controls.

#### Compensation Committee

The Compensation Committee, which held three (3) meetings and acted by consent one (1) time during the fiscal year ended February 29, 2016, currently consists of three members, namely, Messrs. Lesser, Chairman and Kreuch, and Ms. Gibson, each of whom qualify as "independent directors" under the Nasdaq corporate governance rules and as "outside directors" under the Internal Revenue Code of 1986. The Compensation Committee has the responsibility for establishing, implementing and monitoring adherence to the Company's executive compensation policies and practices; overseeing and administering the Company's stock option plan and restricted stock plans; and approving equity awards and non-equity awards for all employees. The Committee's responsibilities are further defined in the Committee's charter.

#### Affiliate Transaction Committee

The Affiliate Transaction Committee, which did not meet during the fiscal year ended February 29, 2016, currently consists of three members, namely, Ms. Gibson, Chairwoman, and Messrs. Kreuch and Lesser.

The Affiliate Transaction Committee has the authority to negotiate, review and approve or disapprove of any transaction involving consideration of more than \$1 million between the Company and any director, officer or controlling shareholder of the Company.

#### Stock Ownership Guidelines

The Company does not have any, nor does it plan to adopt in the near future, equity ownership targets for its NEOs or other executives to maintain a personal ownership position in the Company.

#### Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently comprised of three independent directors, Peter A. Lesser, Paul C. Kreuch, Jr. and Denise Waund Gibson.

#### Communications with Directors

Shareholders who wish to communicate with our directors to report complaints or concerns may do so by writing to them at the Company's New York office location c/o Corporate Secretary, VOXX International Corporation, 180 Marcus Blvd., New York, NY 11788, or by sending an email to [secretary@voxxintl.com](mailto:secretary@voxxintl.com). Any such communication should contain the security holder's name, number of shares owned, length of period held, proof of ownership, address and any individual director or committee to which the security holder would like to have the written communication sent. Such comments or questions will be referred to members of the Audit Committee. All other questions or comments will be referred to the appropriate director.

Compensation of Directors

PROPOSAL 2

RATIFICATION OF SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On the recommendation of the Audit Committee, the Board has selected Grant Thornton LLP, as the Company's independent registered public accounting firm to examine the financial statements of the Company for the fiscal year ending February 28, 2017 and has further directed that management submit the selection of Grant Thornton LLP for ratification by our shareholders. Grant Thornton LLP has audited the Company's financial statements since Fiscal 2003. Representatives of Grant Thornton LLP are expected to be present at the annual meeting of shareholders, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from shareholders.

The Company has been informed by Grant Thornton LLP that, to the best of their knowledge, neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in the Company or its affiliates.

Stockholder ratification of the selection of Grant Thornton LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Grant Thornton LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its shareholders.

Principal Accounting Fees and Services

For the fiscal years ended February 29, 2016 and February 28, 2015, the Company was billed the following fees by Grant Thornton LLP (and its affiliates) for services rendered during the year or for the audit in respect of that year:

Fee Type	2/29/2016	2/28/2015
	(In thousands)	
Audit Fees (1)	\$2,240	\$ 2,273
Audit-Related Fees (2)	15	40
Tax Fees (3)	47	85
Total	\$2,302	\$ 2,398

Audit Fees comprise fees for professional services necessary to perform an audit or review in accordance with the standards of the Public Company Accounting Oversight Board, including services rendered for the audit of the (1) Company's annual financial statements (including services incurred with rendering an opinion under Section 404 of the Sarbanes-Oxley Act of 2002) and review of quarterly financial statements. It also includes fees for statutory audits of our international subsidiaries for the respective fiscal years.

(2) Audit-Related Fees comprise fees for services that reasonably relate to the performance of the audit or review of the Company's financial statements including the support of business acquisitions.

(3) Tax Fees comprise fees for tax compliance, tax planning and tax consulting.

The Audit Committee of the Board of Directors has considered whether the provision of non-audit services by Grant Thornton LLP is compatible with maintaining auditor independence. In 2003, the Audit Committee adopted a policy concerning approval of audit and non-audit services to be provided by Grant Thornton LLP. The policy requires that

all services Grant Thornton LLP may provide to the Company, including audit services and permitted audit-related and non-audit services, be pre-approved by the Audit Committee. The Chairman of the Audit Committee may approve certain permitted non-audit services in between Committee meetings, which services are subsequently reported to and approved by the Audit Committee. In addition, for particular permitted services, the Chief Financial Officer may approve the engagement of Grant Thornton LLP provided such engagement will amount to fees of less than \$50,000 and such engagement is reported to the Chairman of the Committee and reported to and ratified by the Committee at its next meeting.

All of the services for Audit and Audit-Related Fees, Tax Fees and All Other Fees referenced above were approved by the Audit Committee pursuant to Rule 2-01i(c)(7)(i)(C) of Regulation S-X under the Securities Act of 1933, as amended.

The Audit Committee considered the compatibility of the non-audit services provided to us by Grant Thornton LLP in Fiscal 2016 on the independence of Grant Thornton LLP from us in evaluating whether to appoint Grant Thornton LLP to perform the audit of our financial statements and internal controls for the fiscal year ending February 28, 2017.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP, AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR 2017.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This Compensation Discussion and Analysis ("CDA") describes our compensation philosophy, policies and practices with respect to our Principal Executive Officer ("PEO"), Principal Financial Officer ("PFO") and the other individuals named in the "Summary Compensation Table" below, who are collectively referred to as the Named Executive Officers ("NEOs") for the fiscal year ended February 29, 2016. It includes information regarding the Company's overall compensation objectives and each element of compensation that we provide. The Company's compensation policies and practices were evaluated to ensure that they do not encourage excessive risk taking. It should be noted that performance based compensation plans require participants to take on normal business risks to grow the business and maintain and/or increase its profitability. Management's internal review included consideration of all employees of the Company, based on classification, location and operating unit. We do not structure performance based programs to incent any employee, location or operating unit to exceed that normal level of business risk. Based on this assessment, the Company concluded that it has a balanced pay and performance program.

The principal elements of our executive compensation programs are base salary, annual performance based non-equity incentives and cash bonuses, short-term and long-term equity incentive awards in the form of stock options, a supplemental executive retirement plan, a deferred compensation program, supplemental executive term life insurance and disability plans, certain perquisites and other benefits such as a 401(k) and Profit Sharing Plan with employer matching contributions, a Cash Bonus Profit Sharing Plan and health and welfare plans that are generally available to all of our salaried employees. The Company's objective is that the total compensation paid to executive officers and other employees should be competitive with the compensation provided to other persons with similar levels of responsibility at companies of similar size, complexity, revenue and growth potential. The Company's executive compensation practices recognize the caliber, level of experience and performance of management and include meaningful incentives to maximize long term shareholder value while achieving the Company's short term financial objectives.

The Compensation Committee, which we refer to in this discussion as the "Committee," reviews and approves compensation for the Company's PEO, PFO, other NEOs and directors, subject to Board of Director approval. Periodically, the Committee reviews relevant competitive data provided by third party compensation professionals, the internal human resource department and the observations and recommendations of the Company's executive management. In addition, the PEO submits recommended compensation levels for other executive officers of the Company to the Committee for its review and approval. The Committee has the discretion to modify any compensation recommendations by management.

### The Role of Company Executives in the Compensation Process

Although the compensation process is managed and driven by, and decisions are made by the Committee, the recommendations of certain Company executive officers are taken into account in connection with setting the compensation of other executive officers. As described above, the PEO makes initial recommendations with respect to executive officers other than himself. Executive officers also participate in the preparation of materials requested by the Committee for use and consideration at the Compensation Committee meetings. The Company bases its compensation plan on the Company's performance. The Company conducted an internal study of the compensation plans for each of its PEO, PFO, NEOs and other senior vice presidents and vice presidents to determine whether its compensation plans created risks that would be reasonably likely to have material adverse effects on the Company. In a report submitted to the Compensation Committee, the Company concluded that the compensation plans and the Company's framework of internal controls ensure that the compensation policies and practices will not create risks that are reasonably likely to have a material adverse effect on the Company.

## Compensation Philosophy and Policies

The Committee has designed the Company's compensation program to promote individual performance and to be competitive with market practices in order to attract, retain, and motivate talented individuals in the consumer electronics industry, taking into account relative size, performance and geographic location as well as individual responsibilities and performance. The Company's compensation program also seeks to hold our executives accountable and reward them appropriately for the success of the Company. Accordingly, the Committee strives to create an executive compensation program that is competitive, as well as reflective of Company-wide strategic objectives and individual performance.

The Committee recognizes that certain elements of compensation are better suited to achieving different compensation objectives. The Committee believes that: (i) base salaries, which are based on market practices of similar companies, are designed to attract and retain our executives; (ii) bonuses are designed to motivate our executives to achieve specific corporate and personal performance goals and to share in the Company profits; (iii) equity incentive awards are designed to align the interest of our executive officers and shareholders by (a) motivating and rewarding the executive officer when shareholder value increases, and (b) reward the executive officer for continued future service; (iv) deferred compensation plans are designed to provide our executives with supplemental retirement benefits by permitting the deferral of additional salary and bonuses with a limited employer matching contribution; (v) supplemental executive term life insurance and disability plans are designed to provide our executives and their families with supplemental benefits in accordance with market practices, and; (vi) other elements of compensation are primarily based on market practices.

The Committee's philosophy for other benefits, such as general retirement and health and welfare benefits, is to make these benefits available to employees on a non-discriminatory basis. The Company's compensation philosophy is designed to structure its compensation policy so that executive compensation is dependent on the achievement of corporate objectives and on the long-term increases in shareholder value.

The Company's executive compensation programs are designed to achieve the following objectives:

- Offer a total compensation package that is competitive with the compensation levels and practices of peer companies;
- Motivate and reward executives whose performance is important to the Company's continued growth, profitability and success;
- Align a portion of executive compensation to the Company's financial strategic objectives and the executive's individual contributions toward those objectives;
- Align the interest of the Company's executives with the long term interests of its shareholders;
- Motivate executives to work together to achieve corporate goals by linking the annual cash incentives to the achievement of those corporate goals and;
- Provide incentives that promote executive retention.

The Company has engaged performance compensation consultants in the past to assist the Committee in reviewing the compensation programs for its executive officers and other officers of the Company. The consultants provided the Committee with relevant market data and alternatives to consider when making compensation decisions regarding the CEO, CFO and the Company's other executives. The review encompassed total compensation components, peer compensation levels and the link between cash incentive compensation, plan results and Company performance and

included executive compensation trends and developments which were reviewed by the Company's Board of Directors. One of the recommendations considered was to continue to utilize stock-based compensation, profit sharing and other forms of equity and non-equity awards to motivate and retain its executives.

#### Principal Elements of our Executive Compensation Programs

This section describes the various elements of our compensation programs for our NEOs, with a discussion of the Committee's reasons for including a particular item in the compensation program. The Company's executive compensation program has six principal components that are discussed below.

## Executive Base Salary

The Company provides our NEOs and other employees with a base salary to compensate them for services rendered during the fiscal year. Annual base salary ranges are determined for each executive, on a case-by-case basis, based on the position, the individual level of responsibility and performance, and the unique value and historical contributions made to the Company's success. The Committee reviews salaries each year as part of the Company's annual performance review process as well as upon a promotion or other change in job responsibility. In addition, the base salaries of our NEOs and other employees are periodically reviewed and measured against market data provided by outside consultants and the Company's internal human resources group. The Committee reviews base salary recommendations from the PEO for our other executive officers other than the PEO. Based upon this review process, the Committee approves base salaries for our executive officers. The Committee believes that the base salaries for our executive officers are based on levels commensurate with competitive amounts paid to executives with comparable qualifications at companies engaged in similar businesses or in the same region and of similar size.

## 2016 Executive Incentive Bonus Plan

Executive bonuses are used to motivate individuals and to reward our executives for the achievement of the Company's financial objectives and their individual performance goals. Bonus formulas are approved by the Committee at the beginning of the fiscal year and are paid on an annual basis after the completion of the fiscal bonus year, with the exception of the put options earned by KGI executives as described below, which are deferred in accordance with their employment contracts. Under our bonus programs, the Chairman of the Board and the Chief Financial Officer's bonuses are based upon the Company's pre-tax earnings, except for extraordinary items.

For Fiscal 2016, Mr. Shalam's bonus was 3%, or \$171,843, of consolidated pre-tax earnings of the Company (including certain adjustments) and Mr. Stoehr's bonus was .75%, or \$41,546, of consolidated pre-tax earnings (including certain adjustments). Mr. Lavelle's bonus required attainment of targeted pre-tax earnings of the Company, and amounted to two hundred and fifty thousand dollars (\$250,000) for each and every five million dollars (\$5,000,000) for Fiscal 2016. As the Company earned pre-tax profits in excess of \$5,000,000 (including certain adjustments), the first pre-tax bonus target was met. Accordingly, Mr. Lavelle received a bonus of \$250,000 for Fiscal 2016.

For Fiscal 2016, Mr. Malone's bonus was determined by multiplying the return on sales percentage by pre-tax income (if applicable) of VOXX Electronics Corporation by fifty percent (50%). The resulting percentage is capped at five (5%) percent with a guaranteed minimum annual aggregate salary and bonus. For Fiscal 2016, Mr. Malone earned a bonus of \$725,000.

Mr. Jacobs', Mr. Kelley's and Mr. Klipsch's bonuses are determined by the achievement of performance goals (as determined by the PEO and the Committee), plus an EBITDA target for the Klipsch subsidiary (as determined by the PEO and the Committee). Mr. Jacobs, Mr. Kelley and Mr. Klipsch are also entitled to a put option, which is determined by multiplying the cumulative after tax net profit or loss of KGI (commencing March 1, 2011 ("Commencement Date")) by 1.6% for Mr. Jacobs and Mr. Kelley, and 0.65% for Mr. Klipsch, and bearing interest at the same per annum rate the Company receives from its lead bank. For Fiscal 2016, Mr. Jacobs earned \$18,816 for the put option and Mr. Kelley and Mr. Klipsch were charged deductions of \$(29,525) and \$(11,945), respectively, due to overaccruals at the time of discontinuance of their employment relationships on October 2, 2015. Neither Mr. Jacobs', Mr. Kelley, nor Mr. Klipsch earned a bonus for Fiscal 2016.

Mr. Geis' bonus was determined based on the achievement of target percentages of net sales, gross profit and net income before taxes (as determined by the PEO and the Committee) for both Hirschmann and VOXXHirschmann. For Fiscal 2016, Mr. Geis' total bonus was \$403,080.

Non-equity incentives or bonuses for other executive officers are based upon targets considering various pre-tax profit or EBITDA thresholds and/or individual performance goals. Targets achieved may result in payments of specific dollar amounts awarded or up to 20% of the executive's base salary. For those executives whose bonuses are based on 20% of his or her base salary, the Committee bases 50% of the executive officers' bonus on the achievement of corporate profitability targets during the fiscal year and 50% of the bonus is based on achievement of individual performance targets. The Committee believes that incentive cash bonuses should have an individual component that an executive directly contributes to and a corporate component that an executive indirectly contributes to. Individual performance objectives are determined by the executive officer to which the potential bonus recipient reports. At times, the Committee will approve additional discretionary cash bonus awards that the PEO recommends for certain executives based on individual performance levels that exceed expectations or for the successful completion of special strategic projects or events.

The Committee also reviews the unique circumstances involved in the recruitment of the Company's executive officers and will approve the payment of hiring bonuses if, in the judgment of the Committee, such payments are necessary to successfully recruit certain executives.

#### Executive Stock Based Compensation Awards

The Company's Stock Based Compensation Incentive Plan (the "Stock Based Incentive Plan") encourages participants to focus on long-term Company performance and provides an opportunity for our executives and designated key employees to increase their ownership in the Company through grants of the Company's common stock or grants of stock options. The Stock Based Incentive Plan provides for restricted stock grants and option grants to executive officers, employees and outside directors. The purpose of the Company's Stock Based Incentive Plan is to provide additional incentive to our executives, directors, and other employees whose substantial contributions are essential to the continued growth and success of the Company's business. Grants of stock or options are designed to strengthen their commitment to the Company, to motivate such persons to faithfully and diligently perform their responsibilities and to attract and retain competent and dedicated individuals whose efforts will result in the long-term growth and profitability of the Company. Additionally, the purpose of the Stock Based Incentive Plan is to secure, for the Company and its shareholders, the benefits of the incentive inherent in increased common stock ownership by our executives and the members of the Board who are not employees of the Company who drive, direct and execute the Company's strategic objectives.

The Committee administers the Company's Stock Based Incentive Plan for our executive officers, employees, and outside directors. Stock based compensation is primarily composed of stock option grants and restricted stock and is intended to focus our executives on creating long-term shareholder value. The Committee will periodically grant stock options and stock awards to executives who are responsible for designing and implementing the Company's long-range strategic plan. At its discretion, the Committee also grants options and stock awards based on individual and corporate achievements. Under these plans, the Committee grants options to purchase common stock, with an exercise price equal to or above the fair market value of the common stock on the date of grant. To date, the Committee has never elected to re-price outstanding options. For grants of stock awards, shares are issued to the executive on the vesting date of the awards at the closing price of the stock on the vesting date. The Committee believes that providing stock options and stock awards to the executive officers, who are responsible for the Company's management and growth, gives them an opportunity to own the Company's stock and better aligns their interests with the interests of our shareholders. The Stock Based Incentive Plan also promotes the retention of our executives due to the vesting provisions of the option and stock award grants and the potential upside for stock price appreciation. Recent option and award grants vest over a pre-determined period and options expire two years from vesting date.

For these reasons, the Committee considers stock options and awards as an important element of compensation when it reviews our executive officer compensation programs.

The Committee approves grants made to the PEO, PFO, directors and other executive officers and, in certain cases, recommends grants to the entire Board for its approval. The Committee determines the number of shares underlying each stock option grant or stock award based upon the executive level and years of service, the Company's performance and the executives' individual roles and responsibilities. As discussed above, the Company typically reviews salaries, bonuses, other benefits, stock option grants and stock awards on an annual basis. This process typically begins during the fourth quarter and is completed before the fiscal year end or shortly thereafter. The Committee determined that options or awards would typically be granted annually in each fiscal year. In addition, in the event that an executive officer or a designated key employee is hired during the year, the Committee may make a discretionary grant at the commencement of employment.

During Fiscal 2015, the Committee awarded stock options to executive officers with an incentive price of \$7.76 per share, with all shares vesting on October 16, 2015. The Chairman of VOXX and named executive officers did not receive stock options under this award, but were awarded restricted stock in accordance with the 2014 Equity Plan discussed below. No stock options were awarded by the Company in Fiscal 2016. During Fiscal 2016, no stock option awards expired unexercised. The number of outstanding awards for the Chairman and each named executive officer is set forth in the Outstanding Equity Awards at 2016 Fiscal Year End table below.

For these reasons, the Committee considers stock options and awards as an important element of compensation when it reviews our executive officer compensation programs.

#### Supplemental Executive Retirement Plan

The Company's Board of Directors adopted the 2014 Equity Plan, which was approved by the Company's stockholders, pursuant to which the Company may provide supplemental retirement income to the Chairman and select executive officers of the Company.

Subject to certain performance criteria, service requirements and age restrictions, eligible employees will receive restricted stock awards. The restricted stock awards vest on the later of three years from the date of grant, or the grantee reaching the age of 65 years. Pursuant to the 2014 Equity Plan, 84,588 shares of restricted stock were granted to the participating executives during Fiscal 2014. An additional 118,058 and 79,268 shares of restricted stock were granted in Fiscal 2015 and Fiscal 2016, respectively. The number of outstanding restricted stock awards for the Chairman and each named executive officer is set forth in the Outstanding Equity Awards at 2016 Fiscal Year End table below.

#### Executive Deferred Compensation Plan

The Company has a non-qualified Deferred Compensation Plan ("the Plan") for a select group of executives, including the NEOs. The Plan is intended to provide certain executives the ability to defer additional salary and bonuses, in addition to those amounts that are permitted to be deferred under the Company's 401(k) and Profit Sharing Plan. The Deferred Compensation Plan provides for an employer matching contribution equal to 25% of the employee deferrals up to \$20,000 or a maximum employer matching contribution of \$5,000 per year, which vests immediately. For Fiscal 2016, the Company continued its suspension of employer matching contributions to the Plan in connection with the Overhead Reduction Program outlined below. Except for Mr. Lavelle's compensation arrangement, the Company is under no obligation to set aside any additional funds for the purpose of making payments under the Plan. In accordance with Mr. Lavelle's Fiscal 2016 compensation arrangement, the Company is required to contribute \$250,000 annually into a separate deferred compensation account (the "Lavelle Account") on his behalf and for his benefit. The employer contributions into this account are invested by the Company in certain mutual funds. All earnings and losses are allocated directly to this account and all employer contributions and earnings thereon vest immediately. Contributions and earnings and the total account balance on this account as of the end of the 2016 fiscal year are shown in the Nonqualified Deferred Compensation table for Mr. Lavelle on page 29 of this proxy statement.

The Deferred Compensation Plan is not intended to be a qualified plan under the provisions of the Internal Revenue Code. All compensation deferred under the Plan is held by the Company in a "Rabbi" investment trust and invested by the participant among a number of mutual funds. Earnings and losses are allocated to the participant's individual account. Company contributions are vested immediately. The Committee has the option of amending or terminating the Plan at any time. Contributions and earnings on those contributions and total account balances as of the end of the 2016 fiscal year are shown for our NEOs in the Nonqualified Deferred Compensation table on page 29 of this proxy statement.

#### Prerequisites and Other Benefits

Our executives are eligible to participate in all of our employee benefit plans, such as medical, dental, group life and disability insurance plans, our 401(k) and profit sharing plan, the Cash Bonus Profit Sharing Plan, in each case on the same basis as our other employees. In addition, certain executives, including our NEOs, receive additional benefits, including supplemental life insurance, supplemental short-term and long-term disability benefits, car allowances or mileage reimbursements, and reimbursement of business related expenses.

#### Tax and Accounting Implications of the Executive Compensation Program

It is the Committee's goal that the Company's executive compensation programs maximize the benefit of tax laws and accounting requirements, while meeting the Company's compensation policies and objectives. Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's CEO or other NEOs. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualified performance based" compensation. The Committee believes it is desirable and in the Company's best interest to deduct compensation payable to our executive officers. Accordingly,

the Committee considers the anticipated tax treatment to our Company and our executive officers in the review and establishment of compensation programs and payments. The Committee will continue to monitor the executive compensation programs to preserve the related Federal income tax deductions.

The Board and the Compensation Committee reserve the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the Company's efforts, that compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

We adopted ASC 718 (formerly SFAS No. 123R) ("ASC 718") effective December 1, 2005. In determining equity compensation awards for Fiscal 2016, we generally considered the potential expense of our compensation awards under ASC 718 and the impact on earnings per share. We concluded that the award levels are in the best interests of our shareholders given competitive compensation practices among our peer companies, the awards' potential expense, our performance and the impact of the awards on executive motivation and retention.

### Severance and Termination Benefits

With the exception of a select number of individuals, including Mr. Lavelle, Mr. Jacobs, Mr. Kelley, Mr. Klipsch and Mr. Geis (as defined below), we do not have a formal written severance plan or severance agreement with any executive, including our NEOs. However, we have in the past and may in the future provide severance benefits to our executives on a case-by-case basis, after taking into consideration the reason for termination and other factors present at the time of separation. The Company does not have any formal written agreements with any of our executive officers as it relates to change in control benefits or payments. However, the Committee reserves the right to enter into such arrangements with our NEOs. Mr. Kelley and Mr. Klipsch discontinued their employment relationships with the Company on October 2, 2015 and pursuant to the terms of their respective employment contracts, each were entitled to receive certain payments.

### Employment Agreements

On June 11, 2007, the Company's Board of Directors authorized and approved a three-year employment contract effective March 1, 2007 with Mr. Patrick M. Lavelle (the "Employment Agreement"). A copy of the Employment Agreement was filed as Exhibit 10 to the Company's Report on Form 8-K filed on June 15, 2007 with the Securities and Exchange Commission.

The Employment Agreement will be automatically renewed for successive one year periods unless either party notifies the other of his or its intention not to renew the Employment Agreement not less than one hundred eighty (180) days prior to the expiration of the initial or any renewal term, as the case may be. On March 1, 2016, the contract automatically renewed for another one year.

During the term of the Employment Agreement, the Company will pay Mr. Lavelle an annual base salary of Seven Hundred Fifty Thousand Dollars (\$750,000) per annum. Pursuant to the Employment Agreement, Mr. Lavelle, effective as of the first fiscal year the Company achieves any year-end pre-tax profit, and for each fiscal year thereafter during the employment period, shall have credited to the Lavelle Account Two Hundred Fifty Thousand Dollars (\$250,000) for Mr. Lavelle's benefit, which sum shall be in addition to any other amounts that the Company may be required to pay for Mr. Lavelle's benefit under any deferred compensation plan established for the benefit of Mr. Lavelle and/or any other key executives of the Company.

In addition, the Company will pay Mr. Lavelle an annual bonus of Two Hundred Fifty Thousand Dollars (\$250,000) for each and every Five Million Dollars (\$5,000,000) of pre-tax profit earned by the Company during the fiscal year (including certain adjustments). In addition, the Employment Agreement provides for an annual discretionary merit based bonus, at the sole discretion of the Board, based on the Company's performance.

In the event of the termination of Mr. Lavelle's employment by the Company, with or without cause, by Mr. Lavelle with or without good reason, or by virtue of Mr. Lavelle's death or disability, Mr. Lavelle will be entitled to certain payments, continuation of benefits and vesting of stock based compensation depending on the reason for termination as more specifically set forth in the Employment Agreement.

Mr. Lavelle is subject to a confidentiality restriction during his employment and thereafter, and to non-compete, non-solicitation and non-disparagement restrictions during his employment and for 24 months following termination.

The above is a summary of the terms of the Employment Agreement and is qualified in its entirety by reference to the Employment Agreement.

On February 3, 2011, KGI entered into an employment agreement with Mr. Jacobs, Mr. Kelley and Mr. Klipsch, which agreements were authorized and approved by the Company's Board of Directors in conjunction with the Company's acquisition of KGI (the "KGI Agreements"). Copies of the KGI Agreements were filed as Exhibit 10.5 to the Company's Report on Form 10-K filed on May 16, 2011 with the Securities and Exchange Commission. The KGI Agreements are effective until any of the parties notifies the other of his or its intention to terminate employment with the Company according to the terms outlined in the agreements.

During the term of the KGI Agreements, the Company will pay Mr. Jacobs, Mr. Kelley and Mr. Klipsch an annual base salary, subject to review and potential upward adjustment annually as authorized and approved by the PEO and the Committee.

In addition, the Company will pay Mr. Jacobs, Mr. Kelley and Mr. Klipsch an annual bonus equal to a maximum of fifty percent (50%) of each individual's respective base salary based on achievement of EBITDA goals (as determined by the PEO) and other goals established at the beginning of each year, which are designed to promote the growth of the Company. In addition, the KGI Agreements provide for a put option for Mr. Jacobs, Mr. Kelley and Mr. Klipsch, determined by multiplying the cumulative after tax net profit or loss of KGI (commencing March 1, 2011 ("Commencement Date")) by 1.6% for Mr. Jacobs and Kelley, and 0.65%

for Mr. Klipsch, and bearing interest at the same per annum rate the Company receives from its lead bank. Mr. Jacobs, Mr. Kelley and Mr. Klipsch were entitled to begin requesting cash payment of their accumulated put option balances beginning 30 months from the Commencement Date and at no less than 60 month intervals, thereafter, at each request.

In the event of the termination of Mr. Jacobs', Mr. Kelley's or Mr. Klipsch's employments by the Company, without cause, by Mr. Jacobs, Mr. Kelley or Mr. Klipsch with good reason, or by virtue of Mr. Jacobs', Mr. Kelley's or Mr. Klipsch's death or disability, the executives are entitled to certain payments and continuation of benefits depending on the reason for termination as more specifically set forth in the KGI Agreements. Mr. Kelley and Mr. Klipsch discontinued their employment relationships with the Company on October 2, 2015.

Mr. Jacobs, Mr. Kelley and Mr. Klipsch are subject to confidentiality restrictions during their employment and thereafter, and to non-compete, non-solicitation and non-disparagement restrictions during their employment and for 12 months following termination.

The above is a summary of the terms of the KGI Agreements and are qualified in their entirety by reference to the KGI Agreements.

In March 2013, concurrent with VOXX's acquisition of Car Communication Holding GmbH ("CCH"), the Company assumed the obligations of an employment agreement between Hirschmann Car Communication GmbH (a subsidiary of CCH) and Mr. Geis, which assumption was authorized and approved by the Company's Board of Directors in conjunction with the Company's acquisition of CCH (the "Hirschmann Employment Agreement"). The Hirschmann Employment Agreement has a term of three years and automatically renews for an additional three years if notice of termination is not given by one of the parties at least one year before the renewal date. The Hirschmann Employment Agreement was last renewed on April 1, 2016.

In accordance with the Hirschmann Employment Agreement, CCH will pay Mr. Geis an annual base salary, subject to review and potential upward adjustment annually as authorized and approved by the PEO and the Committee. In addition, Mr. Geis will be paid a bonus calculated based upon targets agreed annually by the PEO and approved by the BOD. These salary and bonus amounts are converted to U.S. Dollars using the month-end rates as of February 29th or February 28th of each respective fiscal year, as applicable.

In the event of the termination of Mr. Geis' employment by CCH, without cause, by Mr. Geis with cause, or by virtue of Mr. Geis' death or disability, the executive will be entitled to certain payments and continuation of benefits depending on the reason for termination as more specifically set forth in the Hirschmann Employment Agreement.

Mr. Geis is subject to confidentiality restrictions during his employment and thereafter, following termination.

The above is a summary of the terms of the Hirschmann Employment Agreement and is qualified in its entirety by reference to the Hirschmann Employment Agreement.

#### 401(k) and Profit Sharing Plan

The Company has a 401(k) plan for eligible employees. The Company matches a portion of the participant's contributions in the amount of 50% of elective deferrals up to a maximum of 6% of eligible compensation after three months of service. Shares of the Company's common stock are not an investment option in the Savings Plan and the Company does not use such shares to match participants' contributions. The Company contributed approximately \$623,000 to the 401(k) plan during Fiscal 2016.

The Company also has a Profit Sharing Plan that allows the Company to make discretionary profit sharing contributions for the benefit of participating employees, including the NEOs, for any fiscal year in an amount determined by the Board of Directors. Whether or not the Board of Directors makes a discretionary contribution, the size of the contribution is dependent upon the performance of the Company. A participant's share of the discretionary contribution is determined pursuant to the participant's eligible wages for the fiscal year as a percentage of eligible wages for all participants for the fiscal year. During Fiscal 2016, the Board did not make a discretionary profit sharing contribution to the Plan.

#### Cash Bonus Profit Sharing Plan

The Company has a Cash Bonus Profit Sharing Plan that allows the Company to make profit sharing contributions for the benefit of eligible employees, including NEOs, for any fiscal year in an amount not to exceed 3.5% of pre-tax profits or \$2.5 million. If pre-tax profits in any given fiscal year do not exceed \$3 million, there will be no contribution to the Cash Bonus Profit Sharing Plan for that fiscal year. The size of the contribution is dependent upon the performance of the Company. A participant's share of

the contribution is determined pursuant to the participant's eligible wages for the fiscal year as a percentage of eligible wages for all participants for the fiscal year. The Company elected not to make a cash bonus profit sharing contribution for Fiscal 2016.

#### Measuring Company Performance for Compensation Purposes

The value of our stock options is based upon the Company's performance, as reflected in the price of its stock and is believed to best reflect the longer-term performance of the Company. Bonuses and other performance-based incentives are based on revenue, operating income targets or pre-tax profits established in connection with the annual budgeting process, or achieving certain strategic goals and are believed to best reflect the short-term performance of the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities ("Reporting Persons") to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the "SEC") and the Nasdaq Stock Market (the "Nasdaq"). These Reporting Persons are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file with the SEC and Nasdaq. To the Company's knowledge, based solely upon a review of the copies of the forms received by the Company with respect to the fiscal year ended February 29, 2016, or written representations from reporting persons, we believe that our directors and executive officers have complied on a timely basis with all filing requirements applicable to them, except for Patrick M. Lavelle, who filed a Form 5 on April 12, 2016 to report the vesting of 707 shares on August 16, 2000, which vesting had inadvertently not been previously reported. However, these shares were acquired pursuant to the vesting of a restricted stock grant made in August 1995, which grant was previously reported on a Form 5 filed in February 1996.

## OTHER MATTERS

At the time of preparation of this Proxy Statement, neither the Board of Directors nor management know of any matters to be presented for action at the meeting other than as set forth in Proposals 1 and 2 of the Notice of Annual meeting and this Proxy Statement. However, if any other matters come before the meeting, it is intended that the holders of the proxies will vote thereon according to their best judgment.
