Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995.

Statements made in this filing that relate to future events are made pursuant to the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based upon current expectations and PNM assumes no obligation to update this information. Because actual results may differ materially from expectations, PNM cautions readers not to place undue reliance on these statements. A number of factors, including weather, fuel costs, changes in supply and demand in the market for electric power, the performance of generating units and transmission systems, and state and federal regulatory and legislative decisions and actions, including the wholesale electric power pricing mitigation plan ordered by the Federal Energy Regulatory Commission (FERC) on June 18, 2001, rulings issued by the New Mexico Public Regulation Commission (NMPRC) pursuant to the Electric Utility Industry Restructuring Act of 1999 (as amended), and in other cases now pending or which may be brought before the FERC or the NMPRC, or other actions relating to utility restructuring or stranded cost recovery, could cause PNM results to differ from results forecast in this news release. For a detailed discussion of the important factors affecting PNM, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the company's Form 10-K (as amended) for the year ended December 31, 2000, Form 10-Q for the quarter ended March 31, 2001, and Form 8-K filings with the Securities and Exchange Commission.
