We take no responsibility for and can make no assurance as to the reliability of any other information that others may give you. We are not, and the underwriters are not, making an offer to sell any Notes in any jurisdiction where the offer or sale is not permitted. You should not assume that the information contained in this Prospectus Supplement, the accompanying Prospectus, the

ABOUT THIS PROSPECTUS SUPPLEMENT

This document consists of two parts. The first part is this Prospectus Supplement, which describes the specific terms of this offering. The second part, the accompanying Prospectus, gives more general information, some of which may not apply to this offering. If information in this Prospectus Supplement is inconsistent with the accompanying Prospectus, investors should rely on the information in this Prospectus Supplement. This Prospectus Supplement, the accompanying Prospectus and the documents incorporated by reference into each of them include important information about the Bank, the Notes being offered and other information investors should know before investing in the Notes.

Unless otherwise mentioned or unless the context requires otherwise, all references in this Prospectus Supplement to the “Bank,” “we,” “us,” “our” or similar references mean The Bank of Nova Scotia and do not include the subsidiaries of The Bank of Nova Scotia.

The distribution of this Prospectus Supplement, the accompanying Prospectus and any free writing prospectus we have authorized and the offering of the Notes in certain jurisdictions may be restricted by law. Persons who come into possession of this Prospectus Supplement, the accompanying Prospectus or any free writing prospectus we have authorized should inform themselves about and observe any such restrictions. This Prospectus Supplement, the accompanying Prospectus and any free writing prospectus we have authorized do not constitute, and may not be used in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

You should not consider any information in this Prospectus Supplement, the accompanying Prospectus or any free writing prospectus we have authorized to be investment, legal or tax advice. You should consult your own counsel, accountant and other advisors for legal, tax, business, financial and related advice regarding the purchase of the Notes. We are not making any representation to you regarding the legality of an investment in the Notes by you under applicable investment or similar laws.

RISK FACTORS

An investment in the Notes is subject to certain risks. Before deciding whether to invest in the Notes, investors should carefully consider the risks set out herein and incorporated by reference in this Prospectus Supplement (including subsequently filed documents incorporated by reference herein).

The value of the Notes will be affected by the general creditworthiness of the Bank.

Any payment to be made on the Notes depends on the ability of the Bank to satisfy its obligations as they come due. As a result, the actual and perceived creditworthiness of the Bank may affect the market value of the Notes and, in the event the Bank was to default on its obligations, holders of the Notes may not receive the amounts owed to them under the terms of the Notes. Prospective investors should consider the categories of risks identified in the Bank’s most recent Annual Report filed on Form 40-F, which is incorporated by reference herein, including credit risk, market risk, liquidity risk, operational risk, reputational risk, environmental risk, strategic risk and insurance risk.

Ranking of the Notes

The Notes will be unsecured and unsubordinated obligations of the Bank and will rank on a parity with all of the Bank’s other senior unsecured debt including deposit liabilities, other than certain governmental claims in accordance with applicable law. Except to the extent regulatory requirements affect the Bank’s decisions to issue more senior debt, there is no limit on the Bank’s ability to incur additional senior debt.

The value of the Notes may be affected by changes in credit ratings

Real or anticipated changes in credit ratings on the Bank’s deposit liabilities may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which the Bank can transact or obtain funding, and thereby affect the Bank’s liquidity, business, financial condition or results of operations and, therefore, the Bank’s ability to make payments on the Notes could be adversely affected.

The value of the Notes may be affected by market value and interest rate fluctuations

The value of the Notes may be affected by market value fluctuations resulting from factors which influence the Bank's operations, including legal and regulatory developments, competition and global market activity. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Notes.

Prevailing interest rates will affect the market value of the Notes. Assuming all other factors remain unchanged, the market value of the Notes will decline as prevailing interest rates for similar debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

No established trading market

The Notes are a new issue of securities and there may be no market through which the Notes may be sold and purchasers may therefore be unable to resell such Notes. In addition, the Bank does not intend to apply for listing or quotation of the Notes on any securities exchange or automated quotation system. These factors may affect the pricing of the Notes in any secondary market, the transparency and availability of trading prices and the liquidity of the Notes.

There can be no assurance that an active trading market will develop for the Notes after this offering, or if developed, that such a market will be sustained at the offering price of the Notes. While certain of the underwriters intend to make a market in the Notes, the underwriters will not be obligated to do so and may stop their market-making at any time. In addition, any market-making activities will be subject to limits of the U.S. Securities Act of 1933, as amended (the "Securities Act"), and the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act").

If any of the Notes are traded after their initial issuance, they may trade at a discount from their initial offering price. Future trading prices of the Notes will depend on many factors, including prevailing interest rates, the market for similar securities, general economic conditions and our financial condition, performance, prospects and other factors. Accordingly, you may be required to bear the financial risk of an investment in the Notes for an indefinite period of time.

No limitation on issuing additional indebtedness

The senior debt indenture governing the Notes does not contain any financial covenants and contains only limited restrictive covenants. In addition, the senior debt indenture will not limit the Bank's or its subsidiaries' ability to incur additional indebtedness, issue or repurchase securities, pay dividends or engage in transactions with affiliates. The Bank's ability to incur additional indebtedness and use its funds for any purpose in the Bank's discretion may increase the risk that the Bank may be unable to service its debt, including paying its obligations under the Notes.

The Notes are governed by New York law

The Notes and the related senior debt indenture will be governed by, and construed in accordance with, the laws of the State of New York (other than certain limited provisions that will be governed by the laws of the Province of Ontario and applicable laws of Canada). Generally, in an action commenced in a Canadian court for the enforcement of the senior debt indenture or the Notes, a plaintiff will be required to prove those non-Canadian laws as a matter of fact by the evidence of persons who are experts in those laws.

Fiduciaries of certain plans should consult with counsel

This paragraph is relevant only if you are a fiduciary of a plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA") or Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code"), or a governmental, church or non-U.S. plan subject to similar laws. Fiduciaries of such plans should consult with their counsel regarding their proposed investment in the Notes and the deemed representations they are required to make. See "Employee Retirement Income Security Act" in the accompanying Prospectus.

The Notes are denominated in U.S. dollars and may have tax consequences for investors

The Notes will be denominated in U.S. dollars. If you are a non-U.S. investor who purchases the Notes with a currency other than U.S. dollars, changes in rates of exchange may have an adverse effect on the value, price or returns of your investment. This Prospectus Supplement contains a general description of certain U.S. tax

considerations and certain Canadian tax considerations relevant to Non-Resident Holders (as defined) relating to the Notes. If you are a non-U.S. investor, you should consult your tax advisors as to the consequences, under the tax laws of the country where you are resident for tax purposes, of acquiring, holding and disposing of the Notes and receiving the payments that might be due under the Notes.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This Prospectus Supplement and the accompanying prospectus, including those documents incorporated by reference, may contain forward-looking information or forward-looking statements (collectively, “forward-looking statements”). All such statements are made pursuant to the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements may include, but are not limited to, statements made in this Prospectus Supplement, the “Management’s Discussion and Analysis” in the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2015 under the headings “Overview — Outlook,” for Group Financial Performance “Outlook,” for each business segment “Outlook” and in other statements regarding the Bank’s objectives, strategies to achieve those objectives, the regulatory environment in which the Bank operates, anticipated financial results (including those in the area of risk management), and the outlook for the Bank’s businesses and for the Canadian, U.S. and global economies. Such statements are typically identified by words or phrases such as “believe,” “expect,” “anticipate,” “intent,” “estimate,” “plan,” “may increase,” “may fluctuate,” and similar expressions or future or conditional verbs, such as “will,” “may,” “should,” “would” and “could.”

By their very nature, forward-looking statements involve numerous assumptions, inherent risks and uncertainties, both general and specific, and the risk that predictions and other forward-looking statements will not prove to be accurate. Do not unduly rely on forward-looking statements, as a number of important factors, many of which are beyond the Bank’s control and the effects of which can be difficult to predict, could cause actual results to differ materially from the estimates and intentions expressed in such forward-looking statements. These factors include, but are not limited to: the economic and financial conditions in Canada and globally; fluctuations in interest rates and currency values; liquidity and funding; significant market volatility and interruptions; the failure of third parties to comply with their obligations to the Bank and its affiliates; changes in monetary policy; legislative and regulatory developments in Canada and elsewhere, including changes to, and interpretations of tax laws and risk-based capital guidelines and reporting instructions and liquidity regulatory guidance; changes to the Bank’s credit ratings; operational (including technology) and infrastructure risks; reputational risks; the risk that the Bank’s risk management models may not take into account all relevant factors; the accuracy and completeness of information the Bank receives on customers and counterparties; the timely development and introduction of new products and services in receptive markets; the Bank’s ability to expand existing distribution channels and to develop and realize revenues from new distribution channels; the Bank’s ability to complete and integrate acquisitions and its other growth strategies; critical accounting estimates and the effects of changes in accounting policies and methods used by the Bank (see “Controls and Accounting Policies — Critical accounting estimates” in the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2015, as updated by quarterly reports); global capital markets activity; the Bank’s ability to attract and retain key executives; reliance on third parties to provide components of the Bank’s business infrastructure; unexpected changes in consumer spending and saving habits; technological developments; fraud by internal or external parties, including the use of new technologies in unprecedented ways to defraud the Bank or its customers; increasing cyber security risks, which may include theft of assets, unauthorized access to sensitive information or operational disruption; consolidation in the Canadian financial services sector; competition, both from new entrants and established competitors; judicial and regulatory proceedings; natural disasters, including, but not limited to, earthquakes and hurricanes, and disruptions to public infrastructure, such as transportation, communication, power or water supply; the possible impact of international conflicts and other developments, including terrorist activities and war; the effects of disease or illness on local, national or international economies; and the Bank’s anticipation of and success in managing the risks implied by the foregoing. A substantial amount of the Bank’s business involves making loans or otherwise committing resources to specific companies, industries or countries. Unforeseen events affecting such borrowers, industries or countries could have a material adverse effect on the Bank’s financial results, businesses, financial condition or liquidity. These and other factors may cause the Bank’s actual performance to differ

materially from that contemplated by forward-looking statements. For more information, see the “Risk Management” section starting on page 66 of the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2015.

Material economic assumptions underlying the forward-looking statements are set out in the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2015 under the heading “Overview — Outlook,” as updated by quarterly reports; and for each business segment “Outlook.” The “Outlook” sections are based on the Bank’s views and the actual outcome is uncertain. Readers should consider the above-noted factors when reviewing these sections.

The preceding list of factors is not exhaustive of all possible risk factors and other factors could also adversely affect the Bank’s results. When relying on forward-looking statements to make decisions with respect to the Bank and its securities, investors and others should carefully consider the preceding factors, other uncertainties and potential events. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf.

INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC allows us to “incorporate by reference” into this Prospectus Supplement and the accompanying Prospectus the information in certain documents we file with it. This means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this Prospectus Supplement and the accompanying Prospectus and should be read with the same care. When we update the information contained in documents that have been incorporated by reference by making future filings with the SEC the information incorporated by reference is considered to be automatically updated and superseded. USE OF PROCEEDS

The net proceeds to the Bank from the sale of the Notes, after deducting the estimated expenses payable by the Bank and the underwriters' discounts and commissions, will amount to approximately US\$. Such net proceeds will be added to the Bank's funds and will be used for general business purposes.

DETAILS OF THE OFFERING

The following description of the terms of the Notes supplements, and to the extent inconsistent therewith replaces, the description set forth under the heading "Description of the Debt Securities We May Offer" in the accompanying Prospectus and should be read in conjunction with such description. As used in this description, the terms the "Bank," "we," "us" and "our" refer only to The Bank of Nova Scotia and not to any of its subsidiaries. All capitalized terms used under this heading "Details of the Offering" that are not defined herein have the meanings ascribed thereto in the accompanying Prospectus.

General

The following is a description of the terms of the US\$ aggregate principal amount of % Senior Notes due offered by this Prospectus Supplement (which are referred to in this Prospectus Supplement as the "Notes" and in the accompanying Prospectus as "Debt Securities"). The Notes are part of the Debt Securities registered by us with the SEC and which are to be issued on terms that will be determined at the time of sale. The Notes will constitute our unsecured and unsubordinated obligations and will constitute deposit liabilities of the Bank for purposes of the Bank Act and will rank on a parity with all of our other senior unsecured debt including deposit liabilities, other than certain governmental claims in accordance with applicable law, and prior to all of our subordinated debt. The Notes are to be issued under a senior debt indenture among us, Computershare Trust Company, N.A., as United States trustee, and Computershare Trust Company of Canada, as Canadian trustee, which is more fully described in the Prospectus under the heading "Description of the Debt Securities We May Offer."

Payment of the principal and interest on the Notes will be made in U.S. dollars. We will pay interest, principal and any other money due on the Notes in immediately available funds to The Depository Trust Company, as depository, or its nominee as the registered owner of the global notes representing the book-entry Notes.

The Notes are not entitled to the benefits of any sinking fund.

S-5

The provisions of the senior debt indenture relating to defeasance and covenant defeasance (described under the heading “Description of the Debt Securities We May Offer — Defeasance” in the accompanying Prospectus) will apply to the Notes.

The Notes will be issued in denominations of US\$2,000 and integral multiples of US\$1,000 in excess of such amount. Upon issuance, the Notes will be represented by one or more fully registered global notes. Each global note will be deposited with, or on behalf of, The Depository Trust Company, as depository. You may elect to hold interests in the global notes through either the depository (in the United States), Euroclear Bank S.A./N.V. or Clearstream Banking, *société anonyme*, or indirectly through organizations that are participants in such systems. See “Description of the Debt Securities We May Offer — Legal Ownership and Book-Entry Issuance” in the accompanying Prospectus.

Maturity

The Notes will mature on _____.

Interest

The Notes will bear interest from and including _____, 2016 at a rate equal to ____%. We will pay interest semi-annually in arrears on _____ and _____ of each year, beginning _____, 2016 (each, an “Interest Payment Date”), and on the maturity date. Interest will be payable on each Interest Payment Date to the persons in whose name the Notes are registered at the close of business on the preceding _____ or _____, whether or not a business day. However, we will pay interest on the maturity date to the same persons to whom the principal will be payable. If any Interest Payment Date or the maturity date falls on a day that is not a business day, we will postpone the making of such interest payment to the next succeeding business day (and no interest will be paid in respect of the delay). A “business day” means each Monday, Tuesday, Wednesday, Thursday or Friday that is not a day on which banking institutions are authorized or required by law or executive order to close in The City of New York, New York or Toronto, Ontario.

Interest on the Notes will accrue from and including _____, 2016 to but excluding the first Interest Payment Date and then from and including each Interest Payment Date to which interest has been paid or duly provided for to, but excluding, the next Interest Payment Date or the maturity date, as the case may be.

Interest on the Notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Payment of Additional Amounts

All payments made by or on behalf of the Bank under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereafter “Canadian taxes”), unless the Bank is required to withhold or deduct Canadian taxes by law or by the interpretation or administration thereof. If the Bank is so required to withhold or deduct any amount for or on account of Canadian taxes from any payment made under or with respect to the Notes, we will pay to each holder of Notes as additional interest such additional amounts (“additional amounts”) as may be necessary so that the net amount received by each such holder after such withholding or deduction (and after deducting any Canadian taxes on such additional amounts) will not be less than the amount such holder would have received if such Canadian taxes had not been withheld or deducted, except as described below. However, no additional amounts will be payable with respect to a payment made to a holder (such holder, an “excluded holder”) in respect of the beneficial owner thereof:

- with which the Bank does not deal at arm’s length (for the purposes of the Income Tax Act (Canada)) at the time of the making of such payment;
- which is subject to such Canadian taxes by reason of the holder being a resident, domiciliary or national of, engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of the Notes or the receipt of payments thereunder;

which is subject to such Canadian taxes by reason of the holder's failure to comply with any certification, identification, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian taxes (provided that the Bank advises the trustees and the holders of the Notes then outstanding of any change in such requirements);

- with respect to any estate, inheritance, gift, sale, transfer, personal property or similar tax or other governmental charge; or
- which is a fiduciary or partnership or person other than the sole beneficial owner of such payment to the extent that the Canadian taxes would not have been imposed on such payment had such holder been the sole beneficial owner of such Notes.

The Bank will also:

- make such withholding or deduction; and
- remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

The Bank will furnish to the holders of the Notes, within 60 days after the date the payment of any Canadian taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by such person.

The Bank will indemnify and hold harmless each holder of Notes (other than an excluded holder) from and against, and upon written request reimburse each such holder for the amount (excluding any additional amounts that have previously been paid by the Bank with respect thereto) of:

- any Canadian taxes so levied or imposed and paid by such holder as a result of payments made by or on behalf of the Bank under or with respect to the Notes;
- any liability (including penalties, interest and expenses) arising therefrom or with respect thereto; and
- any Canadian taxes imposed with respect to any reimbursement under the preceding two bullet points, but excluding any such Canadian taxes on such holder's net income.

In any event, no additional amounts or indemnity amounts will be payable under the provisions described above in respect of any Note in excess of the additional amounts and the indemnity amounts which would be required if, at all relevant times, the holder of such Note were a resident of the United States for purposes of and was entitled to the benefits of the Canada-U.S. Income Tax Convention (1980), as amended, including any protocols thereto. As a result of the limitation on the payment of additional amounts and indemnity amounts discussed in the preceding sentence, the additional amounts or indemnity amounts received by certain holders of Notes may be less than the amount of Canadian taxes withheld or deducted or the amount of Canadian taxes (and related amounts) levied or imposed giving rise to the obligation to pay the indemnity amounts, as the case may be, and, accordingly, the net amount received by such holders of the Notes will be less than the amount such holders would have received had there been no such withholding or deduction in respect of Canadian taxes or had such Canadian taxes (and related amounts) not been levied or imposed.

Wherever in the senior debt indenture governing the terms of the Notes there is mentioned, in any context, the payment of principal, interest, if any, or any other amount payable under or with respect to a Note, such mention shall be deemed to include mention of the payment of additional amounts to the extent that, in such context, additional amounts are, were or would be payable in respect thereof.

In the event of the occurrence of any transaction or event resulting in a successor to the Bank, all references to Canada in the preceding paragraphs of this subsection shall be deemed to be references to the jurisdiction of organization of the successor entity.

Payments of principal and interest in respect of the Notes are subject in all cases to any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto.

Tax Redemption

The Bank (or its successor) may redeem the Notes, in whole but not in part, at a redemption price equal to the principal amount thereof together with accrued and unpaid interest to the date fixed for redemption, upon the giving of a notice as described below, if:

as a result of any change (including any announced prospective change) in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada (or the jurisdiction of organization of the successor to the Bank) or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced or becomes effective on or after the date of this Prospectus Supplement (or, in the case of a successor to the Bank, after the date of succession), and which in the written opinion to the Bank (or its successor) of legal counsel of recognized standing has resulted or will result (assuming, in the case of any announced prospective change, that such announced change will become effective as of the date specified in such announcement and in the form announced) in the Bank (or its successor) becoming obligated to pay, on the next succeeding date on which interest is due, additional amounts with respect to the Notes as described under “ — Payment of Additional Amounts;” or on or after the date of this Prospectus Supplement (or, in the case of a successor to the Bank, after the date of succession), any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, Canada (or the jurisdiction of organization of the successor to the Bank) or any political subdivision or taxing authority thereof or therein, including any of those actions specified in the paragraph immediately above, whether or not such action was taken or decision was rendered with respect to the Bank (or its successor), or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to the Bank (or its successor) of legal counsel of recognized standing, will result (assuming that such change, amendment, application, interpretation or action is applied to the Notes by the taxing authority and that, in the case of any announced prospective change, such announced change will become effective as of the date specified in such announcement and in the form announced) in the Bank (or its successor) becoming obligated to pay, on the next succeeding date on which interest is due, additional amounts with respect to the Notes; and, in any such case, the Bank (or its successor), in its business judgment, determines that such obligation cannot be avoided by the use of reasonable measures available to it (or its successor).

In the event the Bank elects to redeem the Notes pursuant to the provisions set forth in the preceding paragraph, it shall deliver to the trustees a certificate, signed by an authorized officer, stating (i) that the Bank is entitled to redeem such Notes pursuant to their terms and (ii) the principal amount of the Notes to be redeemed.

Notice of intention to redeem such Notes will be given to holders of the Notes not more than 45 nor less than 30 days prior to the date fixed for redemption and such notice will specify, among other things, the date fixed for redemption and the redemption price.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the Notes, create and issue further notes ranking pari passu with the Notes in all respects (or in all respects except for the payment of interest accruing prior to the issue date of such further Notes or except for the first payment of interest following the issue date of such further notes) and so that such further Notes may be consolidated and form a single series with the Notes and have the same terms as to status or otherwise as the Notes.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

Prospective investors should refer to the section “United States Taxation” in the Prospectus for a discussion of the material United States federal income tax consequences to a United States holder (as defined therein).

S-8

In addition, the following sections replace the corresponding sections in the Prospectus:

Information with Respect to Foreign Financial Assets

Certain holders that own “specified foreign financial assets” with an aggregate value in excess of US\$50,000 on the last day of the taxable year (or an aggregate value in excess of US\$75,000 at any time during the taxable year) will generally be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” include any financial accounts maintained by foreign financial institutions, as well as any of the following, but only if they are not held in accounts maintained by financial institutions: (i) stock or securities issued by non–United States persons, (ii) financial instruments and contracts held for investment that have non–United States issuers or counterparties, and (iii) interests in foreign entities. The Notes may be subject to these rules. United States holders are urged to consult their tax advisors regarding the application of this legislation to their ownership of the Notes.

Foreign Account Tax Compliance Act Withholding

Sections 1471 through 1474 of the Code (which are commonly referred to as “FATCA”) generally impose a 30% withholding tax on certain payments, including “pass-thru” payments to certain persons if the payments are attributable to assets that give rise to U.S.-source income or gain. Pursuant to Treasury regulations, this withholding tax would not be imposed on payments made pursuant to obligations that are executed on or before the date that is six months after the date on which final Treasury regulations defining “foreign passthru payments” (a term not yet defined) are published and are not materially modified thereafter. Accordingly, FATCA withholding generally is not expected to be required on the Notes. If, however, withholding is required as a result of future guidance, we (and any paying agent) will not be required to pay additional amounts with respect to the amounts so withheld.

Significant aspects of the application of FATCA are not currently clear and Investors should consult their own advisors about the application of FATCA, in particular if they may be classified as financial institutions under the FATCA rules.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires, as beneficial owner, Notes, including entitlements to all payments thereunder, pursuant to this offering and who, at all relevant times, for purposes of the application of the *Income Tax Act* (Canada) and the Income Tax Regulations (collectively, the “Act”) is not, and is not deemed to be, resident in Canada, deals at arm’s length with the Bank and with any transferee resident (or deemed to be resident) in Canada to whom the purchaser disposes of the Notes, does not use or hold the Notes in a business carried on in Canada, is not a “specified shareholder” and is not a person who does not deal at arm’s length with a “specified shareholder” (as defined for purposes of subsection 18(5) of the Act) of the Bank and does not receive any payment of interest on the Notes in respect of a debt or other obligation to pay an amount to a person with whom the Bank does not deal at arm’s length (a “Non-Resident Holder”). Special rules, which are not discussed in this summary, may apply to a Non-Resident Holder that is an insurer that carries on an insurance business in Canada and elsewhere.

This summary is based upon the current provisions of the Act and an understanding of the current administrative practices and assessing policies of the Canada Revenue Agency published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Act publicly announced by or on behalf of the Minister of Finance prior to the date hereof (the “Proposals”) and assumes that all Proposals will be enacted in the form proposed. However, no assurance can be given that the Proposals will be enacted as proposed or at all. This summary does not otherwise take into account any changes in law or in administrative practices or assessing policies, whether by legislative, administrative or judicial action, nor does it take into account any provincial, territorial or foreign income tax considerations, which may differ from those discussed herein.

This summary is of a general nature only and is not intended to be legal or tax advice to any particular purchaser. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective purchasers of Notes should consult their own tax advisors with respect to their particular circumstances.

Edgar Filing: BANK OF NOVA SCOTIA - Form 424B5

No Canadian withholding tax will apply to interest or principal paid or credited to a Non-Resident Holder by the Bank or to proceeds received by a Non-Resident Holder on the disposition of a Note, including on a redemption, payment on maturity, repurchase or purchase for cancellation.

No other tax on income or gains will be payable by a Non-Resident Holder on interest or principal, or on proceeds received by a Non-Resident Holder on the disposition of a Note, including on a redemption, payment on maturity, repurchase or purchase for cancellation.

PLAN OF DISTRIBUTION (CONFLICTS OF INTEREST)

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this Prospectus Supplement (the “underwriting agreement”), the underwriters listed in the table below have severally agreed to purchase, and we have agreed to sell to them, the principal amount of the Notes set forth opposite each underwriter’s name below.

<u>Underwriter</u>	Principal Amount of Notes
Scotia Capital (USA) Inc.	US\$
Citigroup Global Markets Inc.	
J.P. Morgan Securities LLC	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Morgan Stanley & Co. LLC	
Total	US\$

The Notes are being offered by the underwriters subject to approval of legal matters by counsel for the underwriters and other conditions. The underwriting agreement provides that the underwriters are obligated to purchase all of the Notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of the non-defaulting underwriters may also be increased or the offering may be terminated.

The underwriters propose initially to offer the Notes to the public at the public offering price on the cover page of this Prospectus Supplement and may offer the Notes to dealers at that price less a concession not in excess of _____ % of the principal amount per Note. The underwriters may allow, and the dealers may reallow, a discount not in excess of _____ % of the principal amount of the Notes to other dealers. After the initial public offering of the Notes, the underwriters may change the public offering price and discount to broker-dealers.

The expenses of the offering, not including the underwriting commissions, are estimated to be US\$ _____ and are payable by the Bank.

The Notes are a new issue of securities with no established trading market. The underwriters intend to make a secondary market for the Notes. However, they are not obligated to do so and may discontinue making a secondary market for the Notes at any time without notice. If a trading market develops, no assurance can be given as to how liquid that trading market for the Notes will be.

The Bank has agreed to indemnify each of the underwriters against liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in that respect.

In connection with this offering, the underwriters may engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Notes in the open market after pricing that could adversely affect investors who purchase in the offering. Penalty bids permit the underwriters to reclaim a selling concession from a broker-dealer when the Notes originally sold by such broker-dealer are purchased in a stabilizing or covering transaction to cover short positions.

S-10

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the Notes or preventing or retarding a decline in the market price of the Notes. As a result, the price of the Notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

In the ordinary course of business, the underwriters and their affiliates have provided financial advisory, investment banking and general financing and banking services for the Bank for customary fees. The underwriters and/or their affiliates may provide such services to the Bank in the future.

We expect that delivery of the Notes will be made against payment therefor on or about the business day following the date of pricing of the Notes (this settlement cycle being referred to as “T+ ”). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+ , to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Notes who wish to trade their Notes on the date of pricing or the next succeeding business day should consult their own advisor.

We will use this Prospectus Supplement in the initial sale of the Notes. In addition, Scotia Capital (USA) Inc. may use this Prospectus Supplement in market-making transactions in any Notes after their initial sale. **Unless the underwriters or we inform you otherwise in the confirmation of sale, this Prospectus Supplement is being used in a market-making transaction.**

The Bank does not expect to receive any proceeds from market-making transactions. The Bank does not expect that Scotia Capital (USA) Inc. or any other affiliate that engages in these transactions will pay any proceeds from its market-making resales to the Bank. Information about the trade and settlement dates, as well as the purchase price, for a market-making transaction will be provided to the purchaser in a separate confirmation of sale. Unless the Bank or an agent informs you in your confirmation of sale that your Notes are being purchased in its original offering and sale, you may assume that you are purchasing your Notes in a market-making transaction. In this Prospectus Supplement, the term “this offering” means the initial offering of Notes made in connection with their original issuance. This term does not refer to any subsequent resales of Notes in market-making transactions.

Conflicts of Interest

Because Scotia Capital (USA) Inc. is an affiliate of the Bank and is participating in the distribution of the Notes in this offering as an underwriter, Scotia Capital (USA) Inc. has a “conflict of interest” as defined in FINRA Rule 5121. Consequently, this offering is being conducted in compliance with FINRA Rule 5121. Scotia Capital (USA) Inc. is not permitted to sell Notes in this offering to accounts over which discretionary control is exercised without the prior specific written authority of the accountholder.

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Offering Restrictions

With the exception of sales from Scotia Capital (USA) Inc. to Scotia Capital Inc., each underwriter has represented and agreed that it has not offered or sold, directly or indirectly, and that it will not, directly or indirectly, offer, sell or deliver, any of the Notes in or from Canada or to any resident of Canada without the consent of the Bank. Each underwriter has also agreed that it will include a comparable provision in any sub-underwriting, banking group or selling group agreement or similar arrangement with respect to the Notes that may be entered into by such underwriter.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”), it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus Supplement to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive; (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant underwriter nominated by the Bank for any such offer; or (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes referred to in (a) to (c) above shall require the Bank or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each purchaser of Notes described in this Prospectus Supplement located within a Relevant Member State will be deemed to have represented, acknowledged and agreed with each underwriter and the Bank that it is a “qualified investor” within the meaning of Article 2(1)(E) of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.
