Directors who attend a Westcorp and WFS Financial board meeting on the same day are compensated for only one of the two meetings.

PROPOSAL 2

APPROVAL OF THE WESTCORP LONG TERM INCENTIVE PLAN

The Board of Directors has adopted the Westcorp Long Term Incentive Plan (the Plan). The Plan consists of a series of essentially identical agreements entered into between Westcorp and selected associates of Westcorp. A copy of the form of agreement used for the Plan is attached to this Proxy Statement as Appendix B. You are being asked to vote to approve the Plan at the annual meeting. The following is a brief

Table of Contents

summary of the material terms and conditions of the Plan, but is qualified in its entirety by reference to the full text of the Plan. You are urged to review the Plan in connection with casting your vote on this proposal. Approval of this proposal requires an affirmative vote of a majority of the shares voting at the annual meeting.

The Board of Directors believes that it is important for Westcorp to have a variety of incentive plans to attract and retain the most qualified associates. The Plan is one of the incentive plans we have created for that purpose. The Plan is designed to induce those who are covered by the Plan to work to achieve the long-term growth objectives desired by the Board of Directors. The Plan generally authorizes the payment of a cash award to selected associates if Westcorp has achieved a per share tangible net book valuation of \$28.08 by December 31, 2004 and the associate entitled to an award remains employed by Westcorp or one of its subsidiaries on April 30, 2005. The Plan further provides that no payment may be made under the Plan unless that payment will be deductible by Westcorp. Under the applicable Internal Revenue Service rules, shareholder approval of the Plan is required for the payment to be deductible by Westcorp.

The Plan is administered by the Board of Directors. The Board of Directors determines which associates are to be offered an award under the Plan, the amount of the award, and whether any adjustments are to be made to the terms of the Plan, including specifically the per share target valuation of Westcorp.

To date, the Board of Directors has offered awards under the Plan to the following named Executive Officers and other associates in the following amounts:

Thomas A. Wolfe	\$ 1,000,000
Lee A. Whatcott	\$ 405,000
David W. Prescher	\$ 277,500
Dawn M. Martin	\$ 300,000
All others	\$ 1,993,553

In all cases, no incentive award will be paid unless the Plan is approved by the shareholders. In addition, no incentive award will be paid to any associate if Westcorp has not achieved a per share tangible net book valuation of \$28.08 by December 31, 2004 and that associate is still employed by Westcorp or a subsidiary of Westcorp on April 30, 2005. The Plan does provide that if an associate covered by the Plan is terminated for reasons other than for cause after June 30, 2004, then the associate will receive a partial payment if all other conditions are met. The amount of this partial payment will be based upon the percentage of time the associate is employed between the date that associate executed a Plan agreement and April 30, 2005. As of the date of this Proxy Statement, none of the associates covered by the Plan are subject to the termination without cause provision. If an associate covered by the Plan is terminated for cause, (such as dishonesty, breach of fiduciary duty, violation of law or material violation of company policy) or resigns, retires, is disabled for more than six months as of April 30, 2005 or dies prior to that date, no payment will be made under the Plan.

The term tangible net book value is defined in the Plan and means Westcorp's shareholder's equity, as determined in accordance with generally accepted accounting principles and disclosed in the financial statements filed by Westcorp with the Securities and Exchange Commission, reduced by all intangible assets of Westcorp (including but not limited to goodwill). At December 31, 2003, the tangible net book value of Westcorp was \$23.00. The Board of Directors has the authority, in its sole and absolute discretion, to adjust the target valuation of \$28.08 per share. The Plan provides that the participation by Westcorp or one or more of its subsidiaries in a merger, reorganization or consolidation, or the acquisition or disposition of assets or securities may result in an adjustment. However, the Board of Directors is not obligated to make an adjustment notwithstanding that one or more of such events may have occurred prior to December 31, 2004. As of the date of this proxy statement, the Board of Directors has not indicated that it has any intention of adjusting the target valuation.

As noted above, an award under the Plan will not be made unless the payment of that award will be deductible by Westcorp. In that event, the payment of the award will be taxable to the associate receiving the award as ordinary income in the year of its receipt. In contemplation that payments may be required under the Plan, Westcorp commenced expensing the amounts that might be due, such that the actual payment of the

Table of Contents

awards, if actually made after April 30, 2005, will not have a material affect on the financial condition of Westcorp.

**The Board of Directors recommends a FOR vote
on the approval of the Westcorp Long Term Incentive Plan.**

PROPOSAL 3

APPROVAL OF THE AMENDMENT OF WESTCORP S

**ARTICLES OF INCORPORATION AND BYLAWS
TO DECLASSIFY THE BOARD OF DIRECTORS**

As part of its review of corporate governance issues during 2003, our Board of Directors decided that all directors should be elected by the shareholders each year. Currently, our Board of Directors is divided into two classes of directors serving staggered two-year terms, so that approximately one-half of our Directors are elected at each annual meeting of shareholders. A board that is divided into classes in this manner is often referred to as a classified board.

Our Board of Directors has unanimously approved and recommended for approval by shareholders an amendment to Article IV, Paragraph C of the Articles of Incorporation and Article III, Section 3 and Section 4 of the Bylaws to eliminate the classification of our Board into two different classes. A copy of the proposed amendment is attached to this Proxy Statement as Appendix C. The proposed amendments to the Articles and Bylaws will be voted on together; they will either both be accepted or both be rejected. If the amendments are approved and become effective, our Board of Directors will not be classified and newly elected members will not serve staggered terms. Instead, all directors, including the directors elected at this annual meeting, will be elected at each annual meeting of shareholders and serve a one-year term and until their successors are elected and qualify or until their earlier resignation, disqualification, disability or removal. The proposed amendments will not, however, shorten the term of any incumbent director whose term does not expire this year.

As is the case for many other corporations, our primary purpose in maintaining a staggered board structure was to promote stability by helping to maintain a greater continuity of experience on our Board of Directors because a significant number of directors on the board at any given time will have at least one year of experience with Westcorp. A classified board has also been viewed as an antitakeover device designed to encourage persons, or groups of persons, seeking control of a company to do so by means of a process that involved voluntary agreements reached through negotiations with our management and Board of Directors.

Many investors believe that staggered boards decrease directors' accountability to shareholders. These investors, including many shareholder activists and significant institutional investors, urge that stockholders should have the opportunity to elect a public company's directors annually. The annual election of the entire Board of Directors affords shareholders the opportunity to consider the performance of the nominees on a yearly basis.

The Board of Directors has approved and is recommending this Proposal 3 to the shareholders as being in the best interests of Westcorp and its shareholders because (i) it enhances accountability of the Board of Directors and provides shareholders with a mechanism to register their views on the performance of the Board collectively and of each director individually for their decisions and policies on an annual basis and (ii) the classification of the Board of Directors is not effective as an antitakeover device because a majority of the shares of Westcorp outstanding are controlled by a single person, our Chairman, Ernest Rady.

Table of Contents

Required Vote

The approval of Proposal 3 requires the affirmative vote of the holders of at least sixty-six and two thirds percent (66 2/3%) of the voting power of all of the then outstanding shares of Westcorp s voting stock.

**The Board of Directors recommends a FOR vote on the amendment of
Westcorp s Articles of Incorporation and Bylaws to declassify the Board of Directors**

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Upon the recommendation of the Audit Committee, the accounting firm of Ernst & Young LLP serves Westcorp and its subsidiaries as their independent auditors at the direction of our Board of Directors. This matter is not required to be submitted for shareholder approval, and although shareholder approval is not binding, the Board and the Audit Committee have elected to seek shareholder ratification of the appointment of Ernst & Young LLP as Westcorp s independent auditors. One or more representatives of Ernst & Young LLP are expected to be present at the annual meeting and will have an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

Audit Fees, Audit Related Fees, Tax Fees, and Other Fees

Consolidated fees paid to the independent auditors for the last fiscal year were as follows: annual audit \$437,000, audit related \$325,972, tax fees \$161,733, and other fees \$19,500. Certain Benefits

Executive Deferral Plan V

The Executive Deferral Plan V (EDP V) is designed for a select group of management or highly compensated associates of Westcorp and its subsidiaries as determined by the Board of Directors. The EDP V is designed to allow participants to defer a portion of their compensation on a pre-tax basis and earn tax-deferred interest on these deferrals. A participant in the EDP V may elect to defer a portion of their compensation from a minimum of \$2,000 a year to a maximum of 50% of their annual base salary and 100% of any bonus, commission, and incentive. The EDP V also provides for an employer match, at the discretion of the Board of Directors. The EDP V provides a trust for the security and protection of participant account balances, except in the case of corporate bankruptcy. In addition, the EDP V contains a change of control

provision, whereby in the event of a termination of employment within 24 months after a change in control, the termination is treated as a retirement and retirement distribution elections will then govern the distribution.

The Westcorp Long Term Incentive Plan

The Westcorp Long Term Incentive Plan, discussed above and the subject of Proposal 2, covers certain key executive officers who will be entitled to receive a fixed incentive amount provided that our tangible net book value per common share as of December 31, 2004 equals or exceeds \$28.08, as adjusted at our sole discretion, and the executive officer remains continuously employed by us or our subsidiaries through April 30, 2005. We expensed \$941,768 in 2000, \$941,772 in 2001, \$449,561 in 2002 and \$869,236 in 2003 related to the Long Term Incentive Plan.

Stock Option Plans

2001 Stock Option Plan. The Westcorp 2001 Stock Option Plan, also known as the 2001 Plan, was adopted by the Board of Directors in February 2001 and approved by our shareholders in May 2001. The 2001 Plan replaced the 1991 Stock Option Plan that expired on April 15, 2001. Our Compensation Committee administers the 2001 Plan. Under the 2001 Plan, we reserved a total of 3,000,000 shares of common stock for future issuance. As of December 31, 2003, a total of 2,185,750 shares were available for future grants. Under the 2001 Plan and as of December 31, 2003, 439,500 options may be exercised within five years after the date of the grant and 353,000 options may be exercised within seven years after the date of the grant.

Options granted under the 2001 Plan may be either incentive stock options or non-qualified stock options within the meaning of the Internal Revenue Code. However, only non-qualified options may be granted to directors who are not also associates. The term of the options may not exceed ten years from the date of the grant under the 2001 Plan. However, optionees who own prior to a grant, directly or indirectly, 10% or more of our outstanding common stock may not be granted incentive stock options with a term greater than five years. Options may be terminated earlier, however, in the event of the death or disability of the optionee or the optionee ceasing to perform services for Westcorp or our subsidiaries as provided in the 2001 Plan. The options also are subject to the terms and conditions of the written stock option agreement between the optionee and us. In 2003, a total of 444,000 options were granted under the 2001 Plan.

In the aggregate, 3,000,000 shares of our common stock may be the subject of options granted under the 2001 Plan. However, the number of shares subject to options granted under the 2001 Plan (and the exercise prices for the options) are subject to adjustment in the event of any change in our outstanding shares as a result of stock dividends, stock splits or conversions of shares. If any option expires or terminates without having been exercised in full, the unpurchased shares become available again for purposes of future incentive and non-qualified stock options to be granted under the 2001 Plan prior to its expiration date.

WFS Stock Option Plan. In 1996, WFS Financial adopted the WFS Financial 1996 Stock Option Plan, also known as the WFS Plan. In the aggregate, 550,000 shares of common stock were the subject of options which may be granted pursuant to the WFS Plan. In 1997, the WFS Plan was amended to increase the number of WFS Financial shares subject to the plan to 1,100,000. Certain options granted under the WFS Plan are intended to qualify as incentive stock options within the meaning of the Internal Revenue Code with other options to be non-qualified stock options. Options may be granted under the WFS Plan to associates and directors. Options may be granted under the WFS Plan to any WFS Financial optionee who, in the opinion of the Compensation Committee, is or gives promise of becoming of exceptional importance to WFS Financial because of experience and ability. The Compensation Committee has the discretion to determine the amounts and times of exercise of options. In 2003, there were no options granted under the WFS Plan.

REPORT OF THE COMPENSATION COMMITTEE

We apply a consistent philosophy to compensation for all associates, including senior management. This philosophy is based on the premise that our achievements result from the coordinated efforts of all individuals working toward common objectives. Each member of the Compensation Committee is an independent director. The members of our Compensation Committee are the same as the members of Western Financial Bank's Compensation Committee. Accordingly, the Compensation Committee generally sits and deliberates concurrently as the committee for us and Western Financial Bank and considers the performance of both companies and their subsidiaries as a whole in making its compensation determinations.

Compensation Philosophy

Under the supervision of the Compensation Committee, we have developed and implemented compensation policies, plans and programs which seek to enhance our profitability, and thus shareholder value, by aligning closely the financial interests of our senior managers with those of our shareholders. The Compensation Committee endorses the belief that stock ownership by management and the granting of stock options to senior executives and key associates furthers that goal and fosters decision-making by our key associates with our long-term safety and soundness in mind.

The compensation plans and programs are structured to integrate pay with our annual and long-term performance goals. The plans and programs are designed to recognize initiative and achievement and to assist us in attracting and retaining qualified executives. In furtherance of these goals, annual base salaries are generally set at competitive levels so that we rely to a large degree on annual incentive compensation to attract and retain corporate officers and other key associates with outstanding abilities and to motivate them to perform to the full extent of their abilities. For the longer term, incentive stock options are awarded by us, the stock of which is publicly traded. Incentive compensation is variable and closely tied to corporate, business unit and individual performance in a manner that encourages a sharp and continuing focus on building profitability and shareholder value. As a result of the increased emphasis on tying executive compensation to corporate performance, in any particular year the total compensation of our executives may be more or less than the executives of our competitors, depending upon our, or the individual business unit's, performance.

In evaluating the performance and setting the incentive compensation of the Chief Executive Officer and other senior executives, the Compensation Committee takes into account their consistent commitment to our long-term success through conservative management of certain business units and aggressive management of other business units as dictated by existing and anticipated market conditions.

At the beginning of each year, performance goals to determine annual incentive compensation are established for each business unit and for each executive. Financial goals include overall profitability, loan volume growth, operating earnings, loan delinquency levels, return on equity, return on assets, Community Reinvestment Act results, cost controls and productivity. The most weight is given to profitability as it relates to established goals. Management goals were established at the beginning of 2003 for those executives and managers who do not manage production units with direct financial goals. These goals are tied to the strategic goals of the organization and its overall profitability.

Compensation of Chief Executive Officer

In determining the Chief Executive Officer's compensation for 2003, the Compensation Committee discussed and considered all of the factors discussed above. The Compensation Committee also considered the factors stated above in arriving at the award of 2003 bonus compensation for Mr. Ernest Rady as shown in the Summary Compensation Table. The bonus compensation for 2003 reflects the achievement of management objectives, including improved financial performance, efficiencies and productivity.

Stock Option Grants

Westcorp uses stock options as long-term incentives and expects that it will continue to use this compensation alternative in the future. At Westcorp's May 3, 2001 annual meeting, shareholders approved

Table of Contents

and adopted a new ten year 2001 Stock Option Plan, which replaced the previously expired 1991 Stock Option Plan. The Westcorp Compensation Committee grants incentive stock options to associates of Westcorp and its subsidiaries and views such grants less as compensation and more as an incentive mechanism.

Other Compensation Plans

Other compensation benefits have from time to time been established for the benefit of our senior executives and other managers and officers and those of our subsidiaries, each of which is discussed in the above materials. The results of these compensation plans on the most highly compensated executives are reflected in the Summary Compensation Table and in the Long Term Incentive Plans Table.

Policy Regarding Compliance with I.R.C. Sec. 162(m)

Section 162(m) of the Internal Revenue Code, as enacted by the Omnibus Budget Reconciliation Act of 1993, provides in general that, beginning in 1994, compensation paid to certain executives of publicly held corporations will not be deductible for federal income tax purposes to the extent it exceeds \$1,000,000 per year unless certain conditions are met. It is the present policy of the Compensation Committee that individual compensation payable shall not exceed the deductibility requirements of Internal Revenue Code, Section 162(m), and Westcorp intends to take the necessary steps to comply such as by Proposal 2 with respect to the Long Term Incentive Plan, but also reserves the right to enter into incentive and other compensation arrangements that do not so comply when it determines that the benefits to us outweigh the cost of the possible loss of federal income tax deductions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters required to be discussed by SAS 61, including their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors independence from management and Westcorp, including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors independence.

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of our independent auditors.

The Committee is governed by an Audit Committee Charter outlining the responsibilities of the Committee as shown in Appendix A. The Committee held six meetings during fiscal year 2003. The members of the Committee qualify as independent under the standards prescribed by the Securities and Exchange Commission and the New York Stock Exchange.

Organization and Membership

The Board of Directors shall appoint a Committee of at least three members, consisting entirely of independent directors of the Board, and shall designate one member as chairperson. Members shall be appointed for a one year term of office. No member of the Committee shall be removed except by the vote of a majority of the directors of the Company. For purposes hereof, members shall be considered independent as long as they satisfy the independence requirements for Board Members as defined by the applicable stock exchange listing standards and Rule 10A-3 of the Exchange Act. Each member of the Committee shall be financially literate, or become financially literate within a reasonable period of time, and at least one member shall be an audit committee financial expert, as defined by the SEC rules. Members shall not serve on more than three public company audit committees simultaneously.

The Committee shall meet at least quarterly. The Committee shall meet separately and periodically with management, the personnel responsible for the internal audit function, and the independent auditor. The Committee may invite such other persons (e.g., the Chief Executive Officer, Chief Financial Officer, and Director of Audit Services) to its meetings, as it deems necessary. The internal and independent auditors shall be invited to make presentations to the Committee as appropriate. A quorum for any meeting shall be a majority of the members of the Committee present in person or by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other. Internal audit or the independent auditors may convene a meeting if they consider it necessary. The proceedings of all meetings will be recorded in minutes taken by the secretary of the Committee who will be the Company's secretary, or such other person as nominated by the Board.

Duties and Responsibilities

In carrying out its duties and responsibilities, the Committee's policies and procedures should remain flexible, so that it may be in a position to best react or respond to changing circumstances or conditions. The following are within the authority of the Committee:

Prepare and review with the Board an annual performance evaluation of the Committee, which evaluation must compare the performance of the Committee with the requirements of this charter. The evaluation should include a review and assessment of the adequacy of the Committee's charter. The performance evaluation by the Committee shall be conducted in such a manner as the Committee deems appropriate. The report to the Board may take the form of an oral report by the Chairperson of the Committee or any other member of the Committee designated by the Committee to make this report.

Report regularly to the Board on its activities, as appropriate. In connection therewith, the Committee should review with the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, or the performance of the internal audit function.

Perform such additional activities, and consider such other matters, within the scope of its responsibilities, as the Committee or the Board deems necessary or appropriate.

While the Committee has the duties and responsibilities set forth in this charter, the Committee is not responsible for planning or conducting the audit or for determining whether the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing those financial statements and for reviewing the Company's unaudited interim financial statements.

In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company, it is not the duty or responsibility of the Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and each member of the Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from which it receives information, (ii) the accuracy of the financial and other information provided to the Committee absent actual knowledge to the contrary (which shall be promptly reported to the Board) and (iii) statements made by management or third parties as to any information technology, internal audit and other non-audit services provided by the auditors to the Company.

4. *Termination without Cause*

(a) The Company may also terminate Executive's employment at any time without cause.

(b) If the Company terminates Executive's employment without cause after June 30, 2004 and the Company thereafter meets the Tangible Net Book Value Per Common Share target established in Section 1 for eligibility for the Incentive Bonus, the Executive will be entitled to a pro rata portion of the Incentive Bonus that the Executive would have received had Executive remained employed through the requisite date set forth in Section 1. If Executive is terminated for any reason on or before June 30, 2004, no bonus is earned.

(c) For purposes of calculating the pro rata share under subparagraph (b), the numerator shall be the number of full calendar months that the Executive was actively employed by the Company in performing the normal responsibilities of his/her job after January 1, 2002, and the denominator shall be the forty (40) months (January 2002 to April 2005).

5. *Termination of Eligibility by Executive; Leave of Absence*

(a) If Executive's employment is terminated by Executive for any reason, such as resignation, retirement, or death, or if Executive is unable to perform Executive's normal job duties for more than six months, Executive shall no longer be eligible for or entitled to any Incentive Bonus under this Agreement or otherwise.

(b) If Executive is on an approved medical leave of absence for less than a total of six months during the period of continuous full-time employment service required to earn the Incentive Bonus, but otherwise satisfies the prerequisites for earning the bonus, the Incentive Bonus to be paid to Executive shall be reduced pro rata by the number of months on such leave divided by a total of 40 months (January 2002 to April 2005).

6. *Disputes and Disagreement*

(a) Any and all disputes between the parties regarding the terms of this Agreement or any aspect of the Incentive Bonus shall be resolved in accordance with the provisions contained in this Section 6 as the exclusive remedy for such disputes.

(1) Such disputes shall be submitted to the Company's Board of Directors or, in the Board of Directors' discretion, by a committee of the Board consisting of two or more directors. The Board or the committee (as the case may be) shall resolve any dispute in accordance with its judgment and discretion.

(2) If either party disagrees with the exercise of discretion by the Board of Directors or the committee (as the case might be), then the dispute shall be submitted to an experienced

Table of Contents

employment arbitrator in accordance with the rules applicable to employment arbitration of the American Arbitration Association. Once the matter is submitted to arbitration, the arbitrator shall determine if either the Board of Directors or the committee had a reasonable basis for its exercise of discretion. In assessing whether there was a reasonable basis the arbitrator shall not have authority to substitute his or her judgment for the judgment of the Board or committee.

(3) Should either party pursue any other legal or administrative action against the other party regarding any dispute involving this Agreement or the Incentive Bonus, the other party shall be entitled to recover all costs, expenses and attorneys' fees it incurs as a result of such action. The parties agree that the arbitration shall be conducted in Orange County, California.

(b) The parties recognize that during the term of this Agreement, the Company and both subsidiaries will be required from time to time to make business judgments which they believe to be in the best interest of the Company and/or its subsidiaries. This Agreement is not intended and will not be interpreted to limit the ability of the Company or subsidiary to make those judgments, even if such decisions result in a decrease in the Company's Tangible Net Book Value Per Common Share. Accordingly, Executive will not and cannot claim that the Company would have accomplished the targeted Tangible Net Book Value Per Common Share but for business decision(s) in which Executive disagreed with at the time or thereafter.

7. *Successors*

Company will require any successor (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business and/or assets of the WFB, WFS or Company, as the case may be, expressly to assume and agree to perform the Agreement in the same manner and to the same extent that would be required to perform it if no such succession had taken place. Neither the rights nor obligations under the Agreement may be assigned, transferred, pledged or hypothecated by any party hereto, except as provided for in this Section.

8. *Non-Transferability*

No right to or any interest in any potential Incentive Bonus shall be sold, assigned, transferred, encumbered or otherwise hypothecated and any attempt to do so by Executive shall be void and shall not be recognized or given effect by the Company.

9. *Internal Revenue Code Section 162(m)*

To the extent any payments of the Incentive Bonus under this Agreement would not be deductible under Section 162(m) of the Internal Revenue Code (Code) if made or provided when otherwise due under this Agreement, such payments shall be made or provided later, immediately after Section 162(m) ceases to preclude the deduction, with interest thereon at the rate provided in the Code Section 127(b)(2)(B).

10. *Miscellaneous*

(a) This Agreement contains the entire agreement of the parties hereto with respect to the subject matters hereof and no party shall be liable or bound except as expressly provided for herein. This Agreement may only be modified or amended by an agreement signed by the parties.

(b) This Agreement shall be governed by and construed under the laws of the state of California.

(c) A waiver by any party hereto of a breach of any provisions of the Agreement by the other party shall not operate or be construed as a waiver of any subsequent breach hereof by such party.

(d) This Agreement does not create or shall be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and Executive or any other person.

TEXT OF THE AMENDMENTS TO THE WESTCORP

ARTICLES OF INCORPORATION AND BYLAWS

Italicized text indicates text to be deleted upon effectiveness of amendments.

Underlined bold text indicates text to be added upon effectiveness of amendments.

The following Section of Westcorp's Articles of Incorporation shall be amended and restated in their entirety to read as set forth below.

Article IV, Paragraph C

C. Election of Directors. The Directors of the Corporation shall **each be elected at the annual meeting of shareholders to serve for a term of one year. Notwithstanding the foregoing provisions of this Article, each Director shall serve until his successor is duly elected and qualified or until his death, resignation or removal. No decrease in the number of Directors constituting the Board of Directors, nor any change from a classified board to a nonclassified board, shall shorten the term of any incumbent Director whose term has not expired on the date at which this paragraph is approved by the shareholders of Westcorp, but shall be applicable to Directors elected on the date at which this paragraph is approved by the shareholders of Westcorp.** *be divided into two classes, as nearly equal in number as possible. The classes shall be denominated Class I and Class II. Each director shall serve for a term ending on the second annual meeting following the annual meeting at which such director was elected, provided, however, that the directors first elected to Class I shall serve for a term ending upon the election of directors at the first annual meeting following and the directors first elected to Class II shall serve for a term ending upon the election of directors at the second annual meeting following.*

*Notwithstanding the requirement that the two classes of directors shall be as nearly equal in number of directors as possible, in the event of any change in the authorized number of directors, each director then continuing to serve as such shall nevertheless continue as a director of the class of which he is a member. **Once duly elected and qualified, such Director shall serve** until the expiration of his current term, or his prior resignation, disqualification, disability or removal. **No decrease in the number of Directors constituting the Board of Directors, nor any change from a classified board to a nonclassified board, shall shorten the term of any incumbent Director whose term has not expired on the date at which this paragraph is approved by the shareholders of Westcorp, but shall be applicable to directors elected on the date at which this paragraph is approved by the shareholders of Westcorp.***

This provision shall become effective only when the Corporation becomes a listed corporation within the meaning of Section 301.5 of the Corporations Code.

Article IV, Paragraph D

D. Newly Created Directorships and Vacancies. Any vacancies on the Board of Directors resulting from the death, resignation, retirement, disqualification, removal from office, an increase in the number of authorized Directors, or other cause shall be filled by affirmative vote of a majority of the Directors, although less than a quorum, or by the sole remaining Director, or, in the event of the failure of the Directors or sole remaining Director so to act, by the shareholders at the next election of Directors. Directors so chosen shall hold office for a term expiring at the **next** annual meeting of shareholders, *at which the term of the class to which they have been elected expires.* A Director elected to fill a vacancy by reason of an increase in the number of directorships shall be elected by a majority vote of the Directors then in office although less than a quorum of the Board of Directors, to serve until the next election of *the class for which such Directors shall have been chosen.* *If the number of directors is changed, any increase or decrease shall be apportioned among the two classes so as to make all classes as nearly equal in number as possible if, consistent with the preceding requirement, the increase or decrease may be allocated to more than one class, the increase or decrease may be allocated to any such class as the majority of the continuing directors selects in its discretion.* No decrease in the number of Directors constituting the Board of Directors shall shorten the term of any incumbent Director.

Table of Contents

The following sections of the Company's Bylaws shall be amended and restated in their entirety to read as set forth below.

Article III, Section 3, Paragraphs Two, Three and Four

Directors need not be shareholders, and except as provided in Section 4 of this Article III, shall be elected at the annual meeting of shareholders and shall serve until their respective successors shall be duly elected and qualified. The Directors shall serve for a one year term, *except that, upon the listing of the Common Stock of the Corporation on the New York Stock Exchange, the Directors of the Corporation shall be divided into two classes, as nearly equal in number as possible: the first class and the second class. Each Director shall serve for a term ending on the second annual meeting following the annual meeting at which such Director was elected.*

At each annual election, commencing at the first annual meeting of shareholders, the successors to the class of Directors whose term expires at that time shall be elected by the shareholders to hold office for a term of two years to succeed those Directors whose term expires, so that the term of one class of Directors, shall expire each year, unless, by reason of any intervening changes in the authorized number of Directors, the Board of Directors, shall have designated one or more directorships whose term then expires as directorships of another class in order more nearly to achieve equality of number of Directors among the classes of Directors.

*Notwithstanding the requirement that the two classes of Directors shall be as nearly equal in number of Directors as possible, in the event of any change in the authorized number of Directors, each Director then continuing to serve as such shall nevertheless continue as a Director of the class of which he is a member **Once duly elected and qualified, such Director shall serve** until the expiration of his current term, or his prior resignation, disqualification, disability or removal. **No decrease in the number of Directors constituting the Board of Directors, nor any change from a classified board to a nonclassified board, shall shorten the term of any incumbent director whose term has not expired on the date at which this section is approved by the shareholders of the Corporation, but shall be applicable to directors elected on the date at which this section is approved by the shareholders of the Corporation.***

Article III, Section 4

Any vacancies on the Board of Directors resulting from the death, resignation, retirement, disqualification, removal from office, an increase in the number of authorized Directors, or other cause shall be filled by affirmative vote of a majority of the Directors, although less than a quorum, or by the sole remaining Director, or, in the event of the failure of the Directors or sole remaining Director so to act, by the shareholders at the next election of Directors; provided, that if the holders of any class or classes of stock or series thereof of the Corporation, voting separately, are entitled to elect one or more Directors, vacancies and newly created directorships of such class or classes or series may be filled by a majority of the Directors elected by such class or classes or series thereof then in office, or by a sole remaining Director so elected. Directors so chosen shall hold office for a term expiring at the **next** annual meeting of shareholders, *at which the term of the class to which they have been elected expires.* A Director elected to fill a vacancy by reason of an increase in the number of directorships shall be elected by a majority vote of the Directors then in office although less than a quorum of the Board of Directors, to serve until the next election of *the class for which such Directors shall have been chosen. If the number of directors is changed, any increase or decrease shall be apportioned among the two classes so as to make all classes as nearly equal in number as possible if, consistent with the preceding requirement, the increase or decrease may be allocated to more than one class, the increase or decrease may be allocated to any such class the Board of Directors selects in its discretion.* No decrease in the number of Directors constituting the Board of Directors shall shorten the term of any incumbent Director.
