1. To elect three Class II directors to hold office for three-year terms; and
2. To transact such other business as may properly come before the meeting or any adjournment or adjournments thereof.

The Board of Directors of the Company has fixed the close of business on November 2, 2004, as the record date for the determination of shareholders entitled to notice of and to vote at this meeting and at any and all adjournments thereof.

By Order of the Board of Directors

A prompt response is helpful and your cooperation is appreciated.

WINNEBAGO INDUSTRIES, INC.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Winnebago Industries, Inc., an Iowa corporation (the *Company*), P.O. Box 152, Forest City, Iowa 50436, of proxies to be used at the Annual Meeting of Shareholders of the Company to be held at Friendship Hall, Highway 69 South, Forest City, Iowa on January 11, 2005, at 7:30 p.m., Central Standard Time, and at any and all adjournments thereof. This Proxy Statement was first mailed to shareholders on or about November 12, 2004.

Only holders of Common Stock of record at the close of business on November 2, 2004, will be entitled to vote at the Annual Meeting of Shareholders. At such date, the Company had outstanding 33,611,648 shares of Common Stock, par value \$.50 per share (*Common Stock*). Each share of Common Stock entitles the holder to one vote upon each matter to be voted upon at the meeting. A majority of the outstanding shares of Common Stock will constitute a quorum for the Annual Meeting of Shareholders. Election of each director (Item 1) and approval of any other matters that may properly come before the Annual Meeting require the affirmative vote of the holders of a majority of the shares of the Company's Common Stock present or represented by proxy and voted at the meeting. Abstentions and broker non-votes (*i.e.*, shares held by a broker for its customers that are not voted because the broker does not receive instructions from the customer or because the broker does not have discretionary voting power with respect to the item under consideration) will be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not have any effect on any matters at the Annual Meeting of Shareholders.

A form of proxy is enclosed for use at the meeting. Before the Annual Meeting of Shareholders, you can appoint a proxy to vote your shares of Common Stock (i) by completing and signing the enclosed proxy card and mailing it in time to be received before the Annual Meeting of Shareholders, (ii) by using the Internet (<http://www.eproxy.com/wgo/>) or (iii) by calling the toll-free telephone number (1-800-560-1965).

The electronic proxy appointment procedures are designed to confirm your identity and to allow you to give your proxy your voting instructions. If you wish to vote by the Internet or telephone, please follow the enclosed instructions.

If the enclosed proxy card is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised. A person may revoke a proxy electronically by entering a new vote via the Internet or by telephone or the enclosed proxy may be revoked by (i) giving written notice to the Secretary, (ii) subsequently granting a later-dated proxy or (iii) attending the annual meeting and voting in person. You may also be represented by another person at the annual meeting by executing a proper proxy designating that person. Unless revoked, the shares represented by validly executed proxies will be voted at the meeting in accordance with the instructions indicated thereon. To revoke a proxy by telephone or the Internet, you must do so by 12:00 P.M. Central Time on January 10, 2005 (following the directions on the enclosed instructions). Attendance at the Annual Meeting of Shareholders will not cause your previously granted proxy to be revoked unless you specifically so request. Withholding authority to vote on a director nominee will in effect count as a vote against the director nominee.

If no instructions are indicated on a proxy that is signed and mailed to the Company, it will be voted: (i) for the election of the three nominees for director named below (Item 1) and (ii) in the discretion of the named proxies upon such other matters as may properly come before the meeting.

BOARD OF DIRECTORS, COMMITTEES OF THE BOARD AND CORPORATE GOVERNANCE

The Board has established standing Audit, Human Resources and Nominating and Governance Committees to assist it in the discharge of its responsibilities. Each of such committees is governed by a written charter, each of which is available for review on the Company's website at <http://www.winnebagoind.com/html/company/corpgovern.html>. The principal responsibilities of each of these committees are described below.

Audit Committee. The current members of the Audit Committee are Messrs. England, Currie and Zimmerman, all of whom are independent directors under criteria established by the SEC and the listing standards of the New York Stock Exchange. Based on the attributes, education and experience requirements set forth in Section 407 of the Sarbanes-Oxley Act of 2002 and associated regulations, the Board of Directors has determined that Joseph W. England qualifies as an Audit Committee Financial Expert. Each year, the committee appoints independent public accountants to examine the books of the Company. It reviews with representatives of the independent public accountants the auditing arrangements and scope of the independent public accountants' examination of the books, results of those audits, any non-audit services, their fees for all such services and any problems identified by and recommendations of the independent public accountants regarding internal controls. The Audit Committee is also prepared to meet privately at any time at the request of the independent public accountants or members of management to review any special situation arising on any of the above subjects. The Audit Committee also performs the duties set forth in its written charter which was adopted by the Board of Directors. The Audit Committee regularly reviews its written charter and recommends to the Board changes to the charter. The Board adopted changes to the charter on October 13, 2004, principally to take into account recently applicable rules of the SEC and the New York Stock Exchange. A copy of the revised written charter of the Audit Committee is attached hereto as Appendix A. Reference is made to the Report of the Audit Committee. The committee met nine times in fiscal 2004.

Human Resources Committee. The current members of the Human Resources Committee members are Messrs. Kitch, Aal and Zimmerman, all of whom are independent directors and the Company's Policy Regarding Nominations of Directors within the meaning of New York Stock Exchange listing requirements. This committee makes recommendations to the Board of Directors as to the salary of the Chief Executive Officer (*CEO*) and sets the salaries and bonus payments, if any, of all other employee-directors and elected officers. It also has responsibility for administration of the Company's Incentive Compensation Plan and certain other employee incentive plans. The committee met four times in fiscal 2004.

Nominating and Governance Committee. The current members of the Nominating and Governance Committee are Messrs. Aal, Kitch and Zimmerman, all of whom are independent directors within the meaning of New York Stock Exchange listing requirements and the Company's Policy Regarding Nominations of Directors. This committee recommended to the Board the director-nominees proposed in this Proxy Statement for election by the shareholders. It reviews the qualifications of, and recommends to the Board, candidates to fill Board vacancies as they may occur during the year. The Nominating and Governance Committee will consider suggestions from all sources, including shareholders, regarding possible candidates for director in accordance with the Company's Policy Regarding

6

Nominations of Directors as discussed below. See also 2006 Shareholder Proposals for a summary of the procedures that shareholders must follow. The committee met three times in fiscal 2004.

The Board of Directors of the Company held six meetings during fiscal 2004. Actions taken by any committee of the Board are reported to the Board of Directors, usually at its next meeting. During fiscal 2004, all of the directors attended more than 75 percent of the aggregate of Board of Directors meetings and meetings of committees of the Board on which they served. The Corporate Governance Policy of the Company, discussed below, encourages, but does not require, Board members to attend the Annual Meeting of Shareholders. At the last annual meeting, all of the then-incumbent directors were in attendance.

Executive Sessions of Non-employee Directors The non-employee directors meet privately in executive sessions to consider such matters as they deem appropriate, without management being present, as a routinely scheduled agenda item for every Board meeting. An executive session including only independent directors, as defined by the New York Stock Exchange listing standards, is held at least once a year. During fiscal 2004, except for Messrs. Hanson and Boman, all other non-employee directors were independent. Director Gerald C. Kitch has been chosen as Lead Director to preside at such executive sessions.

In fiscal 2004, the Board adopted the Corporate Governance Policy to reflect the corporate governance principles by which the Company operates. A copy of the Company's Corporate Governance Policy is available on the Company's website at <http://www.winnebagoind.com/html/company/corpgovern.html>. This assessment will be implemented and administered by the Nominating and Governance Committee through an annual Board self-evaluation survey. The views of individual directors are collected by the Chairman of the Nominating and Governance Committee and then summarized for consideration by the full Board. In addition, in fiscal 2004, the Audit Committee conducted an annual self-evaluation of its performance. In fiscal 2004, each of the Human Resources Committee and the Nominating and Governance Committee adopted charters which provide for an annual self-evaluation.

Policy Regarding Nominations of Directors. The Nominating and Governance Committee will consider director nominations from shareholders in accordance with the Policy Regarding Nominations of Directors, a copy of which is attached hereto as Appendix B. Briefly, the Nominating and Governance Committee will consider as a

candidate any director of the Company who has indicated to the Nominating and Governance Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholder of the Company who provides the required information and certifications within the specified time requirements, as set forth in Section 1 of the Policy Regarding Nominations of Directors. The Nominating and Governance Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees. In connection with the search for nominees to be elected to the Board of Directors at the upcoming Annual Meeting of Shareholders, the Nominating and Governance Committee retained the services of Korn/Ferry International to assist it in the search for and identification of qualified candidates to serve on the Board of Directors.

In considering a potential nominee for the Board, shareholders should note that in recommending candidates, the Nominating and Governance Committee endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the qualifications, skills and independence to effectively represent the best interests of all shareholders. Candidates are selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives. Although the Nominating and Governance Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors will be evaluated using a substantially similar process and under no circumstances will the Nominating and Governance Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

7

The Nominating and Governance Committee considers the following qualifications at a minimum to be required of any Board members in recommending to the Board potential new Board members, or the continued service of existing members:

the highest professional and personal ethics;

broad experience in business, government, education or technology;

ability to provide insights and practical wisdom based on their experience and expertise;

commitment to enhancing shareholder value;

sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;

ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of the Company; and

independence; a majority of the Board shall consist of independent directors, as defined by the Company's Policy Regarding Nominations of Directors. See Corporate Governance Director Independence below.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating and Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules. In addition, the Company's Corporate Governance Policy states that directors will not be nominated for re-election if they would reach the age of seventy (70) years prior to completion of their next term of service.

Corporate Governance. *Corporate Governance Policies and Codes of Conduct* The Board of Directors has adopted a Corporate Governance Policy, a Policy Regarding Nominations of Directors, a Shareholder Communications Policy and written charters for its Audit Committee, Human Resources Committee and Nominating and Governance Committee. The Board of Directors also has adopted the Company's Code of Ethics applicable to all of the Company's directors, officers and employees and the Code of Ethics for CEO and Senior Financial Officers. These documents and other items relating to the governance of the Company can be found on the Company's website at <http://www.winnebagoind.com/html/company/corpgovern.html>. These documents are also available in print free of charge to any shareholder who requests it in writing from: Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436. Information contained on the Company's website is not incorporated into this Proxy Statement or other securities filings.

Director Independence The Board of Directors has determined, after careful review and upon consideration of the following, that all Class II director nominees except Mr. Erickson, and all incumbent directors in Classes I and III except Messrs. Hanson and Hertzke, are independent as defined by the relevant provisions of applicable law, the New York Stock Exchange listing standards and the Company's Policy Regarding Nominations of Directors and that each independent director has no material relationship with the Company, determined in accordance with the standards disclosed below.

Under the Company's Policy Regarding Nominations of Directors, an independent director is one who:

has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;

is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;

has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;

has not received and no member of his or her immediate family has received more than \$100,000 per year in direct compensation from the Company in any capacity other than as a director during the past three years;

8

is not and no member of his or her immediate family is currently, and for the past three years has not, and no member of his or her immediate family has, been affiliated with or employed in a professional capacity by a present or former internal auditor or external auditor (or an affiliate of such auditor) of the Company;

is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;

is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or 2% of such other company's consolidated revenues during any of the past three years;

is free of any relationships with the Company that may impair, or appear to impair his or her ability to make independent judgments; and

is not and no member of his or her immediate family is employed by or serves as a director, officer or trustee of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or 2% of such charitable organization's total annual receipts.

This policy may be modified temporarily if, due to unforeseen circumstances, strict adherence would be detrimental to the Board's performance.

For purposes of determining a material relationship, the following standards are utilized:

any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and

the aggregate amount of such payments must not exceed 2% of the Company's consolidated gross revenues.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director is a principal/executive officer or in which the director holds at least a 5% equity interest.

Mr. Erickson is not considered independent under the New York Stock Exchange listing standards and the Company's Policy Regarding Nominations of Directors solely because his son, Thad Erickson, is employed by the Company's independent accountants as an auditor. Thad Erickson has not personally worked on any audits of the Company.

Shareholder Communications with Directors The Nominating and Governance Committee has adopted a policy for shareholders to send communications to the Board. Shareholders who desire to communicate with the Company's directors or a particular director may write to: Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436. Communications received from shareholders to the Board of Directors will be reviewed by the Vice President-General Counsel and Secretary, or such other person designated by all non-management members of the Board, and if they are relevant to, and consistent with, the Company's operations and policies that are approved by all non-management members of the Board, they will be forwarded to the Lead Director or applicable Board member or members as expeditiously as reasonably practicable.

Director Compensation. Employee directors receive no additional compensation for serving on the Board or its Committees. Non-employee directors receive a retainer of \$1,667 per month, a \$750 per day attendance fee for Board and Committee meetings and a \$500 fee for participation in any Board meetings held telephonically. Committee Chairmen receive a \$1,000 per day attendance fee. In addition, each Non-employee Director under the Incentive Compensation Plan (as those terms are defined below) and its predecessor, the Winnebago Industries, Inc. 1997 Stock Option Plan (the *1997 Stock Option Plan*) has annually received options for 4,000 shares, as adjusted to reflect the 2 for 1 split of the Company's Common Stock effective March 5, 2004. Directors are also reimbursed for customary and usual travel expenses.

Effective April 1, 1997, the Board of Directors adopted the Winnebago Industries, Inc. Directors' Deferred Compensation Plan (the *Directors' Deferred Compensation Plan*). The purpose of the Directors' Deferred Compensation Plan is to enable non-employee directors (the *Participants*) to receive their fees and retainers as members of the Board of Directors and Committees of the Board (the *Deferred Compensation*) in a form other than as direct payments. A Participant may elect to apply 100% of his or her Deferred Compensation to either, but not both, of the following forms: Money Credits or Winnebago Stock Units. Money Credits are units credited in the form of dollars in accordance with the Participant's election to such Participant's account established by the Company. The Money Credits accrue interest from the credit date. The interest rate to be applied to the Participant's Money Credits is the 30 year Treasury bond yield as of the first business day of the plan year. The Board of Directors may from time to time prescribe additional methods for the accrual of interest on Money Credits with respect to Deferred Compensation. Winnebago Stock Units are units credited in the form of Common Stock of the Company in accordance with the Participant's election to such Participant's account established by the Company. The Common Stock utilized for purposes of the Directors' Deferred Compensation Plan will be treasury shares of the Company. Winnebago Stock Units will be recorded in such Participant's account on the basis of the mean between the high and the low prices of the Common Stock of the Company on the date upon which the account is to be credited, as officially reported by the New York Stock Exchange. Any Participant investing Deferred Compensation in Winnebago Stock Units will receive a matching contribution in the form of Winnebago Common Stock from the Company equal to 25% of the Deferred Compensation so invested.

The matching contribution to a Participant's Winnebago Stock Unit account will vest at the rate of 33-1/3% for each of the first three complete 12 month periods of service as a director following the time such Winnebago Stock Units are credited to the director's Winnebago Stock Unit Account. Notwithstanding the above, the Participant's Winnebago Stock Unit account will become fully vested upon his or her attainment of age 69-1/2 while serving as a director. In the event that a Participant terminates his or her service as a director, any unvested Winnebago Stock Units will be forfeited by the director and applied to future Company matching contributions. The Winnebago Stock Units credited to Participant's accounts are included in the Common Stock ownership table under VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF.

In the event of any change in the outstanding shares of Common Stock of the Company by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares or other similar corporate change, then if the Directors' Deferred Compensation Plan administrator determines, in its sole discretion, that such change equitably requires an adjustment in the number of Winnebago Stock Units then held in the Participant's Winnebago Stock Unit account, such adjustments will be made by the Directors' Deferred Compensation Plan administrator and will be conclusive and binding for all purposes of said plan.

In the event of a change in the control of the Company, as defined in the Directors' Deferred Compensation Plan, the Participant will receive a lump sum distribution of his or her accounts within 30 days following his or her termination of service as a director after such change in control. Notwithstanding the above, in no event will a Participant's receipt of a distribution of Winnebago Stock Units from his or her accounts precede the six-month anniversary of his or her election to convert Deferred Compensation into Winnebago Stock Units.

Unless terminated earlier by the Board of Directors, the Directors' Deferred Compensation Plan terminates on June 30, 2013.

Stock Awards, Performance Awards or Non-qualified Stock Options each as defined under the Incentive Compensation Plan (collectively, *Director Awards*) and may not be granted incentive stock options. Terms, conditions and limitations applicable to any Stock Awards or Performance Awards granted to a Non-employee Director pursuant to this Plan shall be determined by the Board. On the grant date, the grant price of a Non-qualified Stock Option shall be not less than the fair market value of the Common Stock subject to such Option. The term of the Non-qualified Stock Option shall extend no more than 10 years after the grant date. Non-qualified Stock Options may not include provisions that reload the option upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Non-qualified Stock Options awarded to directors pursuant to the Incentive Compensation Plan, including the grant price, the term of the Non-qualified Stock Options, the number of shares of Common Stock subject to the Non-qualified Stock Option and the date or dates upon which they become exercisable, shall be determined by the Human Resources Committee. No participant may be granted, during any fiscal year, Director Awards consisting of Stock Awards or Performance Awards covering or relating to more than 10,000 shares of Common Stock or Non-qualified Stock Options for more than 20,000 shares of Common Stock during any fiscal year. The Board of Directors intends to provide that Non-employee Directors will, at the time such director is so elected or appointed and duly qualified, be granted automatically a Non-qualified Stock Option to purchase 20,000 shares of Common Stock at a per share price equal to the fair market value of a share of Common Stock on the date of grant.

Long-Term Incentive Plan Awards in Fiscal 2004

The following table provides information concerning the participation of the named executive officers in a long-term compensation plan called the Officers' Long-Term Incentive Plan, fiscal three-year period 2004, 2005 and 2006. Under this plan, they were awarded the right to cash compensation payable in fiscal 2007 based upon the achievement of long-term performance results as measured at the end of the three-year fiscal period. Actual payouts of cash compensation, if any, will be determined based upon the financial performance of the Company as established by a three-year plan approved by the Human Resources Committee, as administrator of this Plan. Under the Plan, the

13

financial performance measurements are earnings per share and return on equity of the Company for the three-year period. Reference is made to the description of the plan under the caption Report of the Human Resources Committee on Executive Compensation below.

Name	Cash Compensation (1)	Performance Period (or Other Period Until Maturation of Payment) (2)	Estimated Future Payouts Under Non-Stock Price-Based Plans (3)		
			Threshold (%)	Target (%)	Maximum (%)
Bruce D. Hertzke		Fiscal 2004-2006	1.6	25	37.5
Edwin F. Barker		Fiscal 2004-2006	1.6	25	37.5
Raymond M. Beebe		Fiscal 2004-2006	1.6	25	37.5

Robert J. Olson		Fiscal 2004-2006	1.6	25	37.5

(1) The actual cash compensation, if any, that will be paid out after the conclusion of the three-year period cannot be determined because the cash compensation earned by the named executive officers will be based on the Company's future performance. The cash compensation will be a percentage of the officer's annualized base salary as of January 2004. The annualized base salary as of January 2004 for each of the named officers is as follows: Mr. Hertzke \$486,450; Mr. Barker \$258,336; Mr. Beebe \$227,700; Mr. O'Leary \$212,000; and Mr. Olson \$227,700.

- (2) Payouts will be made in cash in fiscal 2007 depending on the level of attainment of the Plan approved by the Human Resources Committee for achievement of return on equity and earnings per share for the three-year period.
- (3) Shown in these columns are the percentages of the named executive officers' annualized base salary as of January 2004 that would be payable under the Plan if the Company attains the threshold, target or maximum achievement of financial objectives of earnings per share and return on equity. If actual Company performance falls below an established level, no payments are made.

Pension Plans

The Company does not provide pension benefits for its employees, including executive officers.

Report of the Human Resources Committee on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this Proxy Statement in whole or in part, the following report and the Performance Graph which follows shall not be deemed to be incorporated by reference into any such filings.

The Human Resources Committee of the Board is the compensation committee of the Company. This Committee reviews and approves compensation plans for all corporate officers, including salaries, profit sharing awards and stock option grants.

In designing its compensation programs, the Company follows its belief that compensation should reflect the value created for shareholders while furthering the Company's strategic goals. In doing so, the compensation programs reflect the following goals:

- align the interests of management with those of shareholders;
- provide fair and competitive compensation;
- integrate compensation with the Company's business plans;
- reward both business and individual performance; and
- attract and retain key executives critical to the success of the Company.

The Company's executive compensation is primarily based on the following three components, each of which is intended to help achieve the overall compensation philosophy: base salary, quarterly incentive awards and long-term incentives.

Base salary levels for the Company's executive officers are set by the Committee and approved by the Board of Directors. In determining base salary levels and annual salary adjustments for executive

officers, including the CEO, the Committee considers market compensation levels of similarly sized manufacturing companies as well as individual performance and contributions.

The base salary of Mr. Hertzke, as the CEO, was \$470,000 for the period from the beginning of fiscal 2004 until January 1, 2004 and \$486,450 thereafter and in fiscal 2003 was \$437,750 for the period from the beginning of fiscal 2003 until January 1, 2003 and \$470,000 thereafter. The CEO participates in the quarterly incentive award program for officers and other key management personnel described below. The Committee has not found it practicable to, and has not attempted to, assign relative weights to the specific factors considered in determining the CEO's compensation.

The Company's officers including the CEO are eligible for quarterly incentive awards under the Company's Officers Incentive Compensation Plan for the Fiscal Period 2003-2004 (the *Officers Incentive Compensation Plan*). Under the Officers Incentive Compensation Plan, the incentive awards are based upon financial performance of the Company, as established by the Board of Directors. The Officers Incentive Compensation Plan is an annual program that provides for quarterly cumulative measurements of financial performance and an opportunity for quarterly incentive payments based on financial results measured against the management plan adopted by the Board of Directors (the *Management Plan*).

The financial performance measurements for the Officers Incentive Compensation Plan are earnings per share (*EPS*) and return on equity (*ROE*) of the Company. The Board of Directors believes that these financial performance measurements provide an appropriate balance between quantity and quality of earnings. Stockholders' equity at the start of the Company's fiscal year is used as the base figure for the calculation of ROE. The Committee believes that the Officers Incentive Compensation Plan provides an excellent link between the value created for shareholders and incentives paid to participants.

Under the Officers Incentive Compensation Plan, the amount of the participants' incentive compensation for the quarter shall be in direct proportion to the Company's financial performance expressed as a percentage (Financial Factor) against the base salary bonus (Target) for each participant as determined by the Board of Directors prior to the commencement of the fiscal year.

The Officers Incentive Compensation Plan provides for a cash bonus (Target) of 60% of base salary, at 100% achievement of the financial objectives of EPS and ROE for participating officers, except the CEO. The Officers Incentive Compensation Plan provides for a cash bonus (Target) of 105% of base salary, at 100% achievement of the financial objectives of EPS and ROE for the CEO. Fifty percent (50%) of the quarterly calculated incentive is paid within 45 days after the close of each quarter. The remaining fifty percent (50%) of the quarterly calculated incentive is held back and carried forward into the next quarter on a cumulative basis. At the end of the fourth fiscal quarter (fiscal year end), a final year-end accounting is made prior to the payment of any remaining incentive holdback for the year. Fifty percent (50%) of a participant's cash incentive compensation earned for the year, as described above, is matched annually. The annual supplementary cash payment is paid as soon as practical after the final fiscal year-end compensation accounting and payment of any remaining incentive compensation holdback for the fiscal year.

The Committee reserves the right to modify the Financial Factor used in determining the incentive compensation by plus or minus 20% based upon strategic organizational priorities. Strategic performance is measured only at the end of the fiscal year. Strategic measurements may focus on one or more of the following strategic factors, but are not limited to those stated:

Revenue Growth	Customer Satisfaction
Market Share	Inventory Management
Product Quality	Technical Innovation
Product Introductions	Ethical Business Practices

In the event of a Change in Control (as defined in the Officers Incentive Compensation Plan) participants are entitled to receive awards (including the annual supplementary cash match payment described above) within 15 days of the Effective Date (as defined in the Officers Incentive Compensation

Plan) based on the Committee's estimate of the Company's financial performance through the end of the fiscal year in which such Change in Control occurs.

Financial performance of less than 80% of the Management Plan for both EPS and ROE results in no bonus and the maximum bonus will be paid at attainment of 125% of the Management Plan for both elements.

As provided by the Officers Incentive Compensation Plan, the Committee has the discretion and authority to make any and all determinations necessary or advisable for administration of the Officers Incentive Compensation Plan.

Mr. Hertzke received \$1,179,400 in cash in fiscal 2004 and \$321,682 in cash in fiscal 2003 pursuant to the Officers Incentive Compensation Plan. In addition, Mr. Hertzke was awarded a discretionary bonus of \$100,000 in fiscal 2003 in restricted Common Stock based on the Committee's positive assessment of his performance and contributions as CEO.

The Company's officers (including the CEO) are eligible for annual incentive awards under the Company's Officers Long-Term Incentive Plan (the *Long-Term Incentive Plan*). The purpose of the Long-Term Incentive Plan is to promote the long-term growth and profitability of the Company and to attract and retain officers by providing the officers of the Company an opportunity for an incentive award consisting of cash compensation based on the achievement of long-term performance results as measured at the end of a three year fiscal period.

The awards under the Long-Term Incentive Plan are based upon the Company's financial performance as measured against the three year management plan approved by the Board of Directors. The financial performance measurements for the Long-Term Incentive Plan are EPS and ROE of the Company. Stockholders' equity at the start of the Company's first fiscal year of the applicable plan period is used as the base figure for the calculation of ROE.

Under the Long-Term Incentive Plan, the amount of the participants' long-term incentive award for the three year fiscal period is in direct proportion to the Company's financial performance expressed as a percentage (Financial Factor) against award targets for each participant determined by the Board of Directors prior to the commencement of the three fiscal year period. The Company's financial results for the three fiscal year period are used in determining the Financial Factor to be used for that plan period when calculating the participants' long-term incentive awards.

The long-term incentive for the officers provides for an opportunity of 25% of the annualized base salary (Target) to be awarded in cash at 100% achievement of the financial long-term objectives of EPS and ROE. The annualized base salary figure used is the salary in place for each participant as of January 2004. The resultant cash award (at 100% of the three fiscal year management plan) will be adjusted up or down as determined by actual financial performance expressed as a percentage (Financial Factor) at the end of the three fiscal year period.

In the event of a Change in Control (as defined in the Long-Term Incentive Plan) participants are entitled to receive awards within 15 days of the Effective Date (as defined in the Long-Term Incentive Plan) based on the Committee's estimate of the Company's financial performance through the end of the Long-Term Incentive Plan three fiscal year period in which such Change in Control occurs.

A participant must be employed by the Company at the end of the three fiscal year period to be eligible for any long-term incentive award except for a Change in Control as described above or as waived by the Committee for normal retirement and disability.

Mr. Hertzke received \$368,630 in cash in fiscal 2004 and \$539,698 in fiscal 2003 in restricted Common Stock pursuant to the Long-Term Incentive Plans for the three-year fiscal periods ended August 28, 2004 and August 30, 2003, respectively. These Long-Term Incentive Plans provided for incentive awards consisting of stock grants made in restricted shares of the Company's Common Stock, or at the election of a participating officer, in cash. The Board of Directors amended the Long-Term Incentive Plans three-year fiscal periods 2003, 2004 and 2005 and 2004, 2005 and 2006 to provide that all awards payable under such Plans shall be made in cash. Awards under the Long-Term

16

Incentive Plan three-year fiscal period 2005, 2006 and 2007 are payable in restricted shares of the Company's Common Stock or in cash upon the election of the participant.

Other long-term incentives, provided through grants of stock options to the named executives and others, are intended to retain and motivate executives to seek to improve long-term stock market performance. Stock options are granted at the prevailing market price and will only have value if the Company's stock price increases. No option is exercisable until six months after the date such option is granted. Thereafter, options are exercisable during the period thereof at such time or times and in such amount or amounts as determined by the Committee. No option may be exercised more than ten years from the date of its grant. Executives must be employed by the Company at the time of vesting in order to exercise options. The Committee awarded Mr. Hertzke stock options for 60,000 shares of the Company's Common Stock in both fiscal 2004 and fiscal 2003 under the Incentive Compensation Plan and the 1997 Stock Option Plan, respectively, adjusted to reflect the 2 for 1 split of the Company's Common Stock effective March 5, 2004.

Since all options are granted at the then-current market price, the value of an option bears a direct relationship to the Company's stock price and is an effective incentive for executives to create value for shareholders. The Committee, therefore, views stock options as an important component of its long-term performance-based compensation philosophy, but does not believe that granting options every year is necessary to achieve such goals.

No member of the Human Resources Committee is a current or former officer or employee of the Company or any of its subsidiaries.

CHANGE IN CONTROL ARRANGEMENTS

During fiscal 2001, the Board of Directors approved Executive Change of Control Agreements (the *Agreements*) for each of the named executive officers in the Summary Compensation Table as well as certain other executive officers. The purpose of the Agreements is to reinforce and encourage such executives to maintain objectivity and a high level of attention to their duties without distraction from the possibility of a change of control of the Company. These Agreements provide that in the event of a Change of Control of the Company, as that term is defined in the Agreements and summarized below, each such executive (*provided* such Change of Control occurs when the executive is in the employ of the Company) would receive, in the event he ceases to be employed by the Company within three years following a Change of Control of the Company (for a reason other than death, disability, willful misconduct, normal retirement or under certain circumstances a voluntary termination of employment by the executive), a lump sum equal to three times the average of the aggregate annual compensation paid to the executive during the three fiscal years preceding the Change of Control.

In addition, under the Agreements, if an executive's employment is terminated (other than as described above) within three years following a Change of Control (*provided* the Change of Control occurs when the executive is in the employ of the Company) the executive would be entitled to (i) life, dental, vision, long term disability and health insurance benefits for three years following such Change of Control (*provided* that in the case of the dental, vision and health insurance benefits, such benefits shall be extended to the time the executive reaches age 65), (ii) transfer of title to the company car, if any, then utilized by such executive to such executive, (iii) continued coverage, at the Company's

expense, in the Executive Split Dollar Life Insurance Program, under certain circumstances until the later of the time the executive reaches age 55 or three years following the executive's termination, (iv) immediate vesting under the Company's Deferred Compensation and Deferred Bonus Plans and immediate vesting of all stock options and rights, (v) purchase by the Company, at the option of the executive, of any restricted stock then owned by the executive at the fair market value thereof and (vi) a cash payment of the amount necessary to ensure that the payments or value of the benefits listed in this paragraph and the immediately preceding paragraph are not subject to net reduction due to the imposition of federal excise taxes.

Under the Agreements, a Change of Control occurs when (i) any person or other entity (except for the Company and certain Hanson family members or certain related persons or entities to the Company or such Hanson family members) acquires 20% or more of the outstanding stock of the Company or (ii) individuals who shall qualify as Continuing Directors (as defined below) shall have ceased for any reason to constitute at least a majority of the Board of Directors of the Company; *provided, however*, that in the case of either clause (i) or (ii) a Change of Control shall not be deemed to have occurred if the event shall have been approved prior to the occurrence thereof by a majority of the Continuing Directors who shall then be members of such Board of Directors. *Continuing Director* means (i) any member of the Company's Board of Directors, while such person is a member of the Board, who is not an affiliate or associate of any person or group described in clause (i) of the preceding sentence (an *acquiring person*) or of any such acquiring person's affiliate or associate and was a member of the Board prior to the time when such acquiring person shall have become an acquiring person and (ii) any successor of a Continuing Director, while such successor is a member of the Board, who is not an acquiring person or any affiliate or associate of any acquiring person or a representative or nominee of an acquiring person or of any affiliate or associate of such acquiring person and is recommended or elected to succeed the Continuing Director by a majority of the Continuing Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*) requires the Company's officers and directors and persons who own more than ten percent of the Company's Common Stock (collectively, *Reporting Persons*) to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Reporting Persons are required by the SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received or written representations from certain Reporting Persons that no Forms 5 were required for those persons, the Company believes that, during fiscal year 2004, all the Reporting Persons complied with all applicable filing requirements, with the exception of Robert Olson who filed one late report reporting two transactions.

2006 SHAREHOLDER PROPOSALS

This notice must be delivered to or mailed and received at the Company's principal executive offices not less than 90 days nor more than 120 days before the anniversary of the preceding year's annual meeting of shareholders. As to any proposal that a shareholder intends to present to shareholders without inclusion in the Company's proxy statement for the Company's January 2006 Annual Meeting of Shareholders, the proxies named in management's proxy for that meeting will be entitled to exercise their discretionary authority on that proposal by advising shareholders of such proposal and how they intend to exercise their discretion to vote on such matter, unless the shareholder making the proposal solicits proxies with respect to the proposal to the extent required by Rule 14a-4(c)(2) under the Exchange Act. The specific procedures to be used by shareholders, including those to be used by shareholders of more than 5% of the Common Stock, to recommend nominees for director are set forth in the Company's Policy Regarding Nominations of Directors, a copy of which is attached hereto as Appendix B, and the Company's By-Laws. The Audit Committee is expected to maintain free and open communication (including separate private executive sessions at least annually) with the independent auditors, the internal auditors and the management of the Company. In discharging this oversight role, the Audit Committee is empowered to investigate any matter brought to its attention, with full power to retain external auditors, outside counsel or other experts for this purpose. The Company shall at all times make adequate provisions for the payment of all fees and other compensation approved by the Audit Committee to the independent auditors in connection with the issuance of their audit report or to any consultants or experts employed by the Audit Committee. The Audit Committee shall review this Charter annually and recommend any proposed changes to the Board for approval.

Audit Committee Composition and Meetings:

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall satisfy the independence requirements of the New York Stock Exchange (*NYSE*) and Section 10A of the Securities Exchange Act of 1934, as amended by the Sarbanes-Oxley Act of 2002, and the rules promulgated thereunder. The members of the Audit Committee shall meet the applicable requirements of the Securities and Exchange Commission (*SEC*) and NYSE. At least one member of the Audit Committee shall (i) qualify as a financial expert within the meaning of the rules of the SEC and (ii) have accounting or related financial management expertise within the meaning of the rules of the NYSE. Audit Committee members shall not simultaneously serve on the audit committees of more than three public companies. Directors' fees (including fees for attendance at meetings of committees of the Board) are the only compensation that an Audit Committee member may receive from the Company.

Audit Committee members shall be appointed by the Board on recommendation of the Nominating and Governance Committee. If an Audit Committee Chair is not designated or present, the members of the Audit Committee may designate a Chair by majority vote of the Audit Committee membership.

The Chair shall be responsible for leadership of the Audit Committee, including overseeing the agenda, presiding over the meetings and reporting to the Board. The Audit Committee shall meet at least four times each year (or more frequently if circumstances require) and hold such other meetings from time to time as may be called by its Chair, the Chief Executive Officer or any two members of the Committee. Meetings may also be held telephonically or actions may be taken by unanimous written consent. A majority of the members of the Audit Committee shall constitute a quorum of the Committee. The vote of a majority of the members of the full Audit Committee shall be the act of the Committee. Except as expressly provided in this Charter or the By-Laws of the Company or as required by law, regulations or NYSE listing standards, the Audit Committee shall fix its own rules of procedure.

The Audit Committee shall report its activities to the Board of Directors on a regular basis and make such recommendations as the Audit Committee may deem necessary or appropriate.

The review shall include the resolution of any significant problems and material disputes between management and the independent auditors and a discussion with the independent auditors out of management's presence of the quality of the Company's accounting principles as applied in its financial reporting, the clarity of the Company's financial disclosures and a discussion of other significant decisions made by management in preparing the financial disclosures.

Obtain and review disclosures made by the Company's principal executive officer and principal financial officer regarding compliance with their certification obligations as required under the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder, including the Company's disclosure controls and procedures and internal controls for financial reporting and evaluations thereof.

Review with the Company's General Counsel legal matters that may have a material impact on the financial statements, the Company's compliance policies and any material reports or inquiries received from regulators or governmental agencies.

Meet at least annually with the Chief Financial Officer, the internal auditors and the independent auditors in separate executive sessions.

Ensure that the lead audit partner of the independent auditors and the concurring audit partner responsible for reviewing the audit are rotated at least every five years as required by the Sarbanes-Oxley Act of 2002.

Recommend to the Board policies for the Company's hiring of employees or former employees of the independent auditors who were engaged on the Company's account (recognizing that the Sarbanes-Oxley Act of 2002 does not permit the CEO, CFO, controller or chief accounting officer to have participated in the Company's audit as an

employee of the independent auditors during the preceding one-year period).

Discuss with the independent auditors any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement.

Annually (i) review the appointment, replacement, reassignment or dismissal of the internal audit manager (if any) or approve the retention of, and engagement terms for, any third party provider of internal audit services, (ii) review the performance of the Company's internal audit function and (iii) ensure that the Company maintains an internal audit function.

Annually prepare a report to shareholders as required by the Securities and Exchange Commission. The report should be included in the Company's annual proxy statement.

Annually conduct a self-evaluation of the Audit Committee.

A-3

While the Audit Committee has the responsibilities and powers set forth in this Charter, the Audit Committee's function is one of oversight. The Company's management is responsible for preparing the Company's financial statements and, along with the internal auditors, for developing and maintaining systems of internal accounting and financial controls, while the independent auditors will assist the Audit Committee and the Board in fulfilling their responsibilities for their review of these financial statements and internal controls. The Audit Committee expects the independent auditors to call to its attention any accounting, auditing, internal accounting control, regulatory or other related matters that they believe warrant consideration or action. The Audit Committee recognizes that the financial management and the internal and independent auditors have more knowledge and information about the Company than do Audit Committee members. Consequently, in carrying out its oversight responsibilities, the Audit Committee does not provide any expert or special assurance as to the Company's financial statements or internal controls or any professional certification as to the independent auditors' work.

Any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.
2. The aggregate amount of such payments must not exceed 2% of the Company's consolidated gross revenues.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director is a principal/executive officer or in which the director holds at least a 5% equity interest.

5. *Nominee Evaluation Process.* The Committee will consider as a candidate any director of the Company who has indicated to the Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholders of the Company in accordance with the procedures described under Recommended Candidates in Section 1 and under 5% Shareholder Recommendations in Section 2. The Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees and, if fees are paid to such persons in any year, such fees shall be disclosed in the next annual Proxy Statement relating to such year. The Committee may use any process it deems appropriate for the purpose of evaluating candidates which is consistent with the policies set forth in the Charter, Corporate Governance Policy and this Director Nomination Policy, which process may include, without limitation, personal interviews, background checks, written submissions by the candidates and third party references. Although the Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors shall be evaluated using a substantially similar process and under no circumstances shall the Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.
6. *Categorize Recommendations.* For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify and organize the
