(1) The interests are payable based on the net asset value of Common Shares of the Issuer.

Interests are held through a deferred compensation plan. The amount and values above are treated as notional investments in Common Shares of the Issuer under the deferred compensation plan. The number of shares represented by each notional investment is determined by reference to the net asset value of the Issuer determined as of a particular date. The date used for that purpose is shown in column 3 above. The actual transaction date may be a different date.

(3) Interests are settled at the end of a deferral period in accordance with the terms of a deferred compensation plan.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, see Instruction 6 for procedure.

Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
