CARECENTRIC ANNOUNCES SIGNING OF MERGER AGREEMENT WITH
AN INVESTOR GROUP LED BY ITS MAJOR STOCKHOLDER

ATLANTA, GA (JUNE 5, 2003) - CARECENTRIC, INC. (OTC BULLETIN BOARD: CURA), a leading provider of management information systems to the home health care community, announced today that, based on the recommendation of the Independent Committee of the Board and following the unanimous agreement of the full Board (with the interested Directors abstaining), it has signed a merger agreement with an investor group (Borden Associates, Inc.) led by its major stockholder, John Reed, and his son, Stewart Reed, that could have the effect of taking the company private. The independent Committee made its recommendation after evaluating the original and subsequently amended proposal by Borden, engaging Suntrust Robinson Humphrey to render a fairness opinion on the amended proposal and renegotiating certain merger terms based on the results of the evaluation process.

The merger agreement, negotiated by the Independent Special Committee of CareCentric's Board of Directors and representatives of the investor group led by John Reed, provides that each share of CareCentric common stock held beneficially by a person who holds fewer than 4,000 shares (other than any dissenting shares) will be converted into the right to receive \$0.75. Each share of CareCentric common stock (other than any dissenting shares) held beneficially by a person who holds 4,000 or more shares will continue to represent one share of CareCentric common stock.

The merger transaction could have the following potential effects:

- o The number of record holders could be reduced from approximately 5,500 to less than 150 record holders;

Edgar Filing: CARECENTRIC INC - Form DEFA14A

- o CareCentric would be eligible to terminate the registration of its common stock under the Securities Exchange Act of 1934, as amended;
- o If the termination of the registration of the common stock was completed, the common stock would no longer be quoted on the OTC Bulletin Board.

The closing of the merger is subject to a number of conditions, including clearance by the Securities and Exchange Commission of the form of proxy statement to be sent to CareCentric's stockholders for their approval of the merger, obtaining required third party consents and having the total amount of cash consideration required to purchase the shares of those CareCentric stockholders owning fewer than 4,000 shares not exceed \$600,000.

CareCentric provides information technology systems and services to over 1,500 customers. CareCentric provides freestanding, hospital-based and multi-office home health care providers (including skilled nursing, private duty, home medical equipment and supplies, IV pharmacy and hospice) complete information solutions that enable these home care operations to generate and utilize comprehensive and integrated financial, operational and clinical information. With offices nationwide, CareCentric is headquartered in Atlanta, Georgia.
