Form 10-Q
May 08, 2013

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 30, 2013
Commission file number 1-12551

CENVEO, INC.
(Exact name of Registrant as specified in its charter.)
COLORADO
(State or other jurisdiction of
incorporation or organization)

84-1250533
(I.R.S. Employer Identification No.)

ONE CANTERBURY GREEN
201 BROAD STREET
STAMFORD, CT
(Address of principal executive offices)

06901
(Zip Code)

203-595-3000
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer", "accelerated filer", and "smaller reporting company" in Rule 12b-2 of the Exchange Act. Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of May 1, 2013, the registrant had 63,885,125 shares of common stock, par value \$0.01 per share, outstanding.

CENVEO, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements (“financial statements”) of Cenveo, Inc. and its subsidiaries (collectively, “Cenveo” or the “Company”) have been prepared in accordance with Rule 10-01 of Regulation S-X promulgated by the Securities and Exchange Commission (“SEC”) and, in the Company’s opinion, include all adjustments, consisting of normal recurring accruals, necessary for a fair presentation of financial position as of March 30, 2013, and the results of operations and cash flows as of and for the three months ended March 30, 2013 and March 31, 2012. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) have been condensed or omitted pursuant to SEC rules. The results of operations for the three months ended March 30, 2013 are generally not indicative of the results to be expected for any interim period or for the full year, primarily due to restructuring, acquisition and debt related activities or transactions. The December 29, 2012 consolidated balance sheet has been derived from the audited consolidated financial statements at that date. These financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 29, 2012 filed with the SEC.

It is the Company’s practice to close its fiscal quarters on the Saturday closest to the last day of the calendar quarter. The reporting periods for the three months ended March 30, 2013 and March 31, 2012, each consisted of 13 weeks.

New Accounting Pronouncements. Effective for the first quarter of 2013, the Company adopted an accounting pronouncement relating to the presentation of accumulated other comprehensive income (loss). This pronouncement does not change the current requirements, however, the Company is required to provide information about the amounts reclassified out of accumulated other comprehensive income (loss) by component. In addition, the Company is required to present, either on the face of the statement where net income (loss) is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income (loss) by the respective line items of net income (loss), but only if the amount is required under GAAP to be reclassified to net income (loss) in its entirety in the same reporting period. For other amounts that are not required under GAAP to be reclassified in their entirety to net income (loss), the Company is required to cross-reference to other disclosures required under GAAP that provide additional detail on these amounts. The adoption of this pronouncement did not have a material impact to the Company's condensed consolidated financial statements.

2. Acquisitions

The Company accounts for business combinations under the provisions of the Business Combination Topic of the Financial Accounting Standards Board’s Accounting Standards Codification (“ASC”) 805. Acquisitions are accounted for by the purchase method, and accordingly, the assets and liabilities of the acquired businesses have been recorded at their estimated fair value on the acquisition date with the excess of the purchase price over their estimated fair value recorded as goodwill. In the event the estimated fair value of the assets and liabilities acquired exceeds the purchase price paid, a bargain purchase gain is recorded in the condensed consolidated statement of operations and comprehensive income (loss) (“statement of operations”).

Acquisition-related costs are expensed as incurred. Acquisition-related costs including integration costs, are included in selling, general and administrative expenses in the Company’s condensed consolidated statement of operations and were \$0.4 million and \$0.1 million for the three months ended March 30, 2013 and March 31, 2012, respectively.

2013

Express Label

On December 31, 2012, the Company acquired certain assets and assumed certain liabilities of Express Label Company (“Express Label”), which had annual net sales of approximately \$5.4 million prior to the acquisition by the Company. The total purchase price was approximately \$5.1 million, and was preliminarily allocated to the tangible and identifiable intangible assets acquired and liabilities assumed based on their estimated fair values at their acquisition date. The Express Label acquisition resulted in \$0.1 million of goodwill, all of which is deductible for income tax purposes, and was assigned to the Company's label and packaging segment. The Company believes that the recognized goodwill related to Express Label is due to expected synergies and a reasonable market premium. The acquired identifiable intangible assets relate to (i) customer relationships of \$3.0 million, which are being amortized over their estimated useful life of 10 years and (ii) a trade name of \$0.3 million, which is being amortized over its estimated useful life of 10 years.

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Express Label's results of operations and cash flows are included in the Company's condensed consolidated statements of operations and cash flows from December 31, 2012. Pro forma results for the three months ended March 31, 2012, assuming the acquisition of Express Label had been made on January 1, 2012, have not been presented since the effect would not be material.

3. Discontinued Operations

On February 10, 2012, the Company completed the sale of its documents and forms business ("Documents Group"). Net cash proceeds were approximately \$35.5 million. The original sale price of \$40.0 million was subject to customary working capital settlement negotiations, which were completed during the third quarter of 2012, pursuant to the purchase and sale agreement. The operating results of the Documents Group are reported in discontinued operations in the Company's condensed consolidated financial statements for all periods presented herein.

On January 27, 2012, the Company completed the sale of its wide format business, for cash proceeds of approximately \$4.7 million. The operating results of the wide-format business are reported in discontinued operations in the Company's condensed consolidated financial statements for all periods presented herein.

The following table summarizes certain statement of operations information for discontinued operations (in thousands, except per share data):

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
Net sales	\$—	\$9,190
Income from discontinued operations before income taxes (1)	11	623
Income tax expense on discontinued operations	—	242
Loss on sale of discontinued operations, net of taxes of \$3.2 million	—	(5,015)
Income (loss) from discontinued operations, net of taxes	\$11	\$(4,634)
Income (loss) per share - basic and diluted	\$—	\$(0.07)

(1) Income (loss) from discontinued operations, net of taxes for the first quarter of 2012 also includes the reduction of a liability of \$1.8 million, net of tax expense of \$1.2 million, due to the expiration of certain statutes of limitations related to a previous divestiture.

	734,526	735,963
Accumulated depreciation	(458,513) (453,363
	\$276,013	\$282,600

Sale Leaseback Transaction

During the first quarter of 2013, the Company sold one manufacturing facility related to its print and envelope segment, which had a net book value of \$3.7 million for net proceeds of \$6.3 million and entered into a seven-year operating lease for the same facility. In connection with the sale, the Company recorded a deferred gain of \$2.6 million, which will be amortized on a straight-line basis over the term of the lease as a reduction to rent expense in cost of sales.

6. Goodwill and Other Intangible Assets

The changes in the carrying amount of goodwill as of March 30, 2013 by reportable segment are as follows (in thousands):

	Print and Envelope	Label and Packaging	Total
Balance as of December 29, 2012	\$79,450	\$111,965	\$191,415
Acquisitions, net	—	92	92

7% senior exchangeable notes, due 2017	86,250	86,250
11.5% senior notes, due 2017 (\$225.0 million outstanding principal amount as of March 30, 2013 and December 29, 2012)	218,007	217,675
15% unsecured term loan, due 2017 (\$43.0 million outstanding principal amount as of March 30, 2013)	40,570	—
8.875% senior second lien notes, due 2018 (\$400.0 million outstanding principal amount as of March 30, 2013 and December 29, 2012)	398,079	398,001
Other debt including capital leases	9,407	10,297
	1,197,336	1,183,618
Less current maturities	(19,008) (11,748
Long-term debt	\$ 1,178,328	\$ 1,171,870

The estimated fair value of the Company's long-term debt was approximately \$1.2 billion as of March 30, 2013 and December 29, 2012. The fair value was determined by the Company to be Level 2 under the fair value hierarchy and was based upon review of observable pricing in secondary markets for each debt instrument.

As of March 30, 2013, the Company was in compliance with all debt agreement covenants.

Unsecured Credit Facilities

On January 18, 2013, the Company entered into an unsecured credit agreement with Macquarie US Trading LLC, as administrative agent, and the lenders named therein, which provided for an unsecured \$50.0 million aggregate principal amount term loan due March 31, 2017 (the "Unsecured Term Loan"). In connection with the Unsecured Term Loan, the Company capitalized debt issuance costs of \$6.1 million, of which \$2.5 million relates to original issuance discount. In connection with the Unsecured Term Loan, all of the Company's North American subsidiaries as guarantors, entered into a guaranty agreement, dated as of January 18, 2013 (the "Guaranty"), in favor of the administrative agent. Proceeds from the Unsecured Term Loan together with borrowings on its \$170 million revolving credit facility due 2014 ("Revolving Credit Facility") were used to redeem, satisfy and discharge in full the Company's 7.875% senior subordinated notes due 2013, ("7.875% Notes"), and to pay certain fees and expenses incurred in connection with the Unsecured Term Loan and the redemption, satisfaction and discharge of the 7.875% Notes. On January 22, 2013, U.S. Bank National Association, the trustee for the 7.875% Notes officially canceled the 7.875% Notes.

The Unsecured Term Loan bears interest at a rate of 15% per annum, payable quarterly in arrears on the 25th day of each February, May, August and November prior to the maturity of the Unsecured Term Loan and on the maturity

date of the Unsecured Term Loan. If the Company does not pay in full a quarterly excess cash flow mandatory prepayment pursuant to the terms of the Unsecured Term Loan, interest on the outstanding principal amount of the Unsecured Term Loan will instead accrue at 25% per annum until the first prepayment date thereafter when the full excess cash flow mandatory prepayment is made by the Company. In addition, for so long as the increased interest rate pursuant to the previous sentence is not applicable, if on any interest payment date the outstanding principal amount of the Unsecured Term Loan exceeds a specified threshold amount, which threshold amount equals \$43.8 million on May 25, 2013 and decreases by \$6.3 million on each interest payment date thereafter, then on and after each such interest payment date an additional 10% per annum will accrue on such excess. The Unsecured Term Loan is guaranteed by the Company and each existing and future direct and indirect North American subsidiaries of Cenveo on an unsecured basis pursuant to the Guaranty. The Unsecured Term Loan contains customary covenants that, among other things, place limits on the ability of Cenveo, the Company, and/or the other guarantors to incur debt, create liens, make investments and acquisitions, sell

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

assets, pay dividends, prepay debt, merge with other entities or sell all or substantially all their assets, engage in transactions with affiliates, and make capital expenditures. The Unsecured Term Loan also contains customary representations and warranties and events of default.

Extinguishments

In the first quarter of 2013, the Company extinguished all of its 7.875% Notes. In connection with the extinguishment, the Company recorded a loss on early extinguishment of debt of approximately \$0.1 million, all of which relates to the write-off of unamortized debt issuance costs.

In the first quarter of 2012 and in connection with the refinancing of the Company's debt, the Company incurred a loss from early extinguishment of debt of \$12.7 million, of which \$9.6 million related to tender and consent fees paid to consenting lenders of its 7.875% Notes, 10.5% senior notes due 2016 (the "10.5% Notes") and 8.375% senior subordinated notes due 2014 (the "8.375% Notes") and \$3.1 million related to the write-off of previously unamortized debt issuance costs. Prior to the refinancing and in the first quarter of 2012, the Company purchased in the open market approximately \$13.8 million, \$5.0 million and \$2.0 million of its 7.875% Notes, 10.5% Notes and 8.375% Notes, respectively, and retired them for \$12.2 million, \$4.9 million and \$1.6 million, respectively, plus accrued and unpaid interest. In connection with the retirement of these 7.875% Notes, 10.5% Notes and 8.375% Notes, the Company recorded a gain on early extinguishment of debt of approximately \$2.1 million, which included the write-off of \$0.1 million of unamortized debt issuance costs.

The Company may from time to time seek to purchase its outstanding notes in open market purchases, privately negotiated transactions or other means. Such repurchases, if any, will depend on prevailing market conditions, the Company's liquidity requirements, contractual restrictions and other factors.

Subsequent Event

On April 16, 2013, the Company completed the refinancing of its existing term loan B due 2016 and the Revolving Credit Facility (the "Refinanced Facility") by entering into (i) a Second Amended and Restated Credit Agreement providing for a \$360 million secured term loan facility with a syndicate of lenders arranged by Bank of America, N.A., Macquarie Capital (USA) Inc. and Barclays Bank PLC, with Bank of America, N.A. serving as administrative agent, syndication agent and documentation agent (the "Term Loan Facility"), and (ii) a Credit Agreement providing for a \$200 million asset-based revolving credit facility with a syndicate of lenders arranged by Bank of America, N.A., Barclays Bank PLC, General Electric Capital Corporation and Wells Fargo Bank, National Association, with Bank of America, N.A. serving as administrative agent, an issuing bank and swingline lender (the "ABL Facility"; and together with the Term Loan Facility, the "2013 Credit Facilities"). Proceeds from the 2013 Credit Facilities together with available cash on hand were used to refinance the outstanding term loans and revolving loans, and accrued interest thereon, under the Refinanced Facility, and to pay certain fees and expenses incurred in connection with the transactions.

Borrowing rates under each of the 2013 Credit Facilities are selected at the Company's option at the time of each borrowing and are generally based on London Interbank Offered Rate ("LIBOR") or the prime rate publicly announced by Bank of America, N.A. from time to time, in each case plus a specified interest rate margin. With respect to the Term Loan Facility, LIBOR-based borrowings will have an interest rate of not less than 1.25% per annum plus an applicable margin of 5.00% per annum, and prime rate borrowings will have an interest rate of not less than 2.25% per annum plus an applicable margin of 4.00% per annum. With respect to the ABL Facility, LIBOR-based borrowings will have an interest rate margin ranging from 2.00% to 2.50% per annum, and prime rate borrowings will have an interest rate margin ranging from 1.00% to 1.50% per annum, in each case depending on

average availability under the ABL Facility for the most recent fiscal quarter. Under the ABL Facility, the Company pays a commitment fee on unused revolving loan commitments of 0.375% per annum or 0.50% per annum, depending on average usage under the ABL Facility for the most recent fiscal quarter.

Under the Term Loan Facility, the term loan amortizes in quarterly installments equal to 1.00% per year, commencing June 21, 2013, with the remaining principal balance due at maturity on February 13, 2017. Under the ABL Facility, all loans mature on February 13, 2017. Under each of the 2013 Credit Facilities, the Company may elect, in its sole discretion, to extend the maturity date upon the satisfaction of certain conditions related to the refinancing of the Company's outstanding indebtedness under its 11.5% senior notes due 2017 (the "11.5% Notes") and its 8.875% senior second lien notes due 2018 (the "8.875% Notes"). If such conditions are satisfied, the maturity date of the Term Loan Facility may be extended to April 16, 2020 and the maturity date of the ABL Facility may be extended to April 16, 2018.

The obligations under the 2013 Credit Facilities are each guaranteed by the Company and each existing and future direct and indirect North American subsidiary. The 2013 Credit Facilities are secured by a first priority perfected security interest in substantially all assets of the Company and its North American subsidiaries, including: (i) all capital stock of each present and

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

future subsidiary (with certain exclusions of foreign subsidiaries), (ii) all present and future inter-company debt, (iii) all intellectual property rights, including patents, trademarks and copyrights, and (iv) substantially all of the present and future other property and assets, including material real property.

The Term Loan Facility contains a maximum consolidated leverage ratio covenant, and the ABL Facility contains a minimum consolidated fixed charge coverage ratio covenant that applies if availability thereunder falls below a certain level. In addition, each of the 2013 Credit Facilities contains customary covenants that, among other things, place limits on the Company's ability to incur debt, create liens, make investments and acquisitions, sell assets, pay dividends, prepay subordinated debt, merge with other entities, engage in transactions with affiliates, and make capital expenditures. The 2013 Credit Facilities also contain customary events of default.

In connection with the 2013 Credit Facilities, the Company entered into a third supplemental indenture to the indenture dated as of February 5, 2010, among the Company, the guarantors named therein and Wells Fargo Bank, National Association, as trustee, pursuant to which the Company's 8.875% Notes were issued.

Also in connection with the 2013 Credit Facilities, the Company entered into an Amendment No. 1 to its existing Unsecured Term Loan. The Unsecured Term Loan was amended in order to, among other things, permit the refinancing of the Refinanced Facility.

8. Commitments and Contingencies

The Company is party to various legal actions that are ordinary and incidental to its business. While the outcome of pending legal actions cannot be predicted with certainty, management believes the outcome of these various proceedings will not have a material effect on the Company's financial statements. In January, 2012, the Company reached an agreement with all parties to settle all controversies and disputes with prejudice in connection with certain civil litigations filed in the United States District Court for the Northern District of New York and in the Superior Court of New Jersey, Burlington County. The Company funded this settlement in the first quarter of 2012.

The Company is involved in certain environmental matters and has been designated as a potentially responsible party for certain hazardous waste sites. There have been no material changes related to these environmental matters and, based on information currently available, the Company believes that remediation of these environmental matters will not have a material effect on the Company's financial statements.

The Company's income, sales and use, and other tax returns are routinely subject to audit by various authorities. The Company believes that the resolution of any matters raised during such audits will not have a material effect on the Company's financial statements.

The Company participates in a number of multi-employer pension plans for union employees ("Multi-Employer Plans") and is exposed to significant risks and uncertainties arising from its participation in these Multi-Employer Plans. These risks and uncertainties, including changes in future contributions due to partial or full withdrawal of the Company and other participating employers from these Multi-Employer Plans, could significantly increase the Company's future contributions or the underfunded status of these Multi-Employer Plans. Two of the Multi-Employer Plans are in mass withdrawal status. While it is not possible to quantify the potential impact of future actions of the Company or other participating employers from these Multi-Employer Plans, continued participation in or withdrawal from these multi-employer pension plans could have a material effect on the Company's financial statements.

9. Fair Value Measurements

Certain assets and liabilities of the Company are required to be recorded at fair value on either a recurring or non-recurring basis. Fair value is determined based on the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants.

The fair value of the Company's cash and cash equivalents, accounts receivable, net, current maturities of long-term debt (Note 7) and accounts payable approximate their carrying value due to their short term nature. On a recurring basis, the Company records its pension plan assets at fair value.

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

The table below presents the carrying value and fair value of these assets and liabilities of the Company as of March 30, 2013 and December 29, 2012, respectively (in thousands):

	March 30, 2013		December 29, 2012	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Cash and cash equivalents	\$10,613	\$10,613	\$8,110	\$8,110
Accounts receivable, net	254,840	254,840	261,611	261,611
Current maturities of long-term debt	19,008	19,008	11,748	11,748
Accounts payable	177,011	177,011	185,271	185,271

The Company is required, on a non-recurring basis, to adjust the carrying value of its long-lived assets held (Note 5), goodwill and other intangible assets (Note 6). These assets were determined by the Company to be Level 2 and Level 3 under the fair value hierarchy and are not measured at fair value on an ongoing basis; however, they are subject to fair value adjustments in certain circumstances, such as when there is evidence that impairment may exist. The Company also records the assets and liabilities assumed in its acquisitions (Note 2) at fair value.

10. Retirement Plans

The components of the net periodic expense for the Company's pension plans and other postretirement benefit plans are as follows (in thousands):

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
Service cost	\$—	\$517
Interest cost	3,421	3,633
Expected return on plan assets	(4,618)	(4,258)
Net amortization and deferral	(2)	(1)
Recognized net actuarial loss	1,992	1,628
Net periodic expense	\$793	\$1,519

Interest cost on projected benefit obligation includes \$0.2 million related to the Company's other postretirement plans in each of the three months ended March 30, 2013 and March 31, 2012, respectively.

For the three months ended March 30, 2013, the Company made contributions of \$3.4 million to its pension plans and other postretirement plans. The Company expects to contribute approximately \$13.0 million to its pension plans and other postretirement plans for the remainder of 2013.

11. Stock-Based Compensation

The Company did not issue any form of stock-based compensation in the first quarter of 2013. The only changes to the Company's stock-based compensation awards from the amounts presented as of December 29, 2012 were the vesting of 171,250 restricted stock units ("RSUs") of the Company's common stock and the cancellation or forfeiture of 21,250 stock options and 1,250 RSUs.

Total stock-based compensation expense recognized in selling, general and administrative expenses in the Company's condensed consolidated statements of operations was \$1.0 million and \$1.6 million for the three months ended March 30, 2013 and March 31, 2012, respectively.

As of March 30, 2013, there was approximately \$4.4 million of total unrecognized compensation cost related to unvested share-based compensation grants, which is expected to be amortized over a weighted-average period of 1.4 years.

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

12. Restructuring, Impairment and Other Charges

2013 Plan

During the first quarter of 2013, the Company began implementing a cost savings initiative (the "2013 Plan"), which primarily focuses on overhead cost eliminations including headcount reductions of approximately 100 employees to date. The Company expects to be substantially complete with the 2013 Plan by the end of 2013.

2012 Plan

In 2012, the Company announced the closure and consolidations of a print plant and an envelope plant into its existing print operations. Additionally, the Company began implementing a cost savings initiative (the "2012 Plan"), which primarily focused on the Company's print and envelope segment and corporate expenses. This initiative focused on the consolidation of office and warehouse space and other overhead cost elimination plans, including headcount reductions. The Company substantially completed the 2012 Plan during the first quarter of 2013.

Residual Plans

The Company currently has certain residual cost savings, restructuring and integration plans: (i) the 2011 plan implemented by the print and envelope and the label and packaging segments for further cost savings initiatives ("the Other Restructuring Plans") and (ii) the 2009 Cost Savings and Restructuring Plan, the 2007 Cost Savings and Integration Plan and the 2005 Cost Savings and Restructuring Plan (which collectively with the Other Restructuring Plans the "Residual Plans"). As a result of these cost savings actions, over the last seven years the Company has closed or consolidated a significant amount of manufacturing facilities and has had a significant number of headcount reductions. The Company does not anticipate any significant future expenses related to the Residual Plans, other than modifications to its current assumptions for lease terminations, multi-employer pension withdrawal liabilities and ongoing expenses related to maintaining restructured assets.

Acquisition Integration Plans

Upon the completion of the Envelope Product Group ("EPG") acquisition, the Company developed and implemented its plan to integrate EPG into its existing envelope operations. Since the date of acquisition, activities related to the EPG Plan have included the closure and consolidation of five manufacturing facilities, including the announcement of one during the first quarter of 2013, into the Company's existing operations and the elimination of duplicative headcount. The Company has substantially completed the integration of EPG, but may have additional closure or consolidation of manufacturing facilities and further headcount reductions.

The following tables present the details of the expenses recognized as a result of these plans.

2013 Activity

Restructuring, impairment and other charges for the three months ended March 30, 2013 were as follows (in thousands):

13. Income (Loss) per Share

Basic income (loss) per share is computed based upon the weighted average number of common shares outstanding for the period. When applicable, diluted income (loss) per share is calculated using two approaches. The first approach, the treasury stock method, reflects the potential dilution that could occur if the stock options and RSUs ("Equity Awards") to issue common stock were exercised. The second approach, the if converted method, reflects the potential dilution of the Equity Awards and the 7% senior exchangeable notes due 2017 ("7% Notes") being exchanged for common stock. Under this method, interest expense associated with the 7% Notes, net of tax, is added back to income from continuing operations and the shares outstanding are increased by the underlying 7% Notes equivalent.

For the three months ended March 30, 2013 and March 31, 2012, the effect of approximately 23,006,348 and 26,355,477 shares, respectively, related to the exchange of the 7% Notes for common stock, stock options outstanding and unvested RSUs, which would be calculated using the treasury stock method, were excluded from the calculation of diluted income (loss) per share, as the effect would be anti-dilutive.

The following table sets forth the computation of basic and diluted income (loss) per share for the periods ended (in thousands, except per share data):

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
Numerator for basic and diluted income (loss) per share:		
Loss from continuing operations	\$(19,156)	\$(22,584)
Income (loss) from discontinued operations, net of taxes	11	(4,634)
Net loss	\$(19,145)	\$(27,218)
Denominator for weighted average common shares outstanding:		
Basic shares	63,840	63,407
Dilutive effect of convertible notes	—	—
Dilutive effect of equity awards	—	—
Diluted shares	63,840	63,407
Loss per share – basic:		
Continuing operations	\$(0.30)	\$(0.36)
Discontinued operations	—	(0.07)
Net loss	\$(0.30)	\$(0.43)
Loss per share – diluted:		
Continuing operations	\$(0.30)	\$(0.36)
Discontinued operations	—	(0.07)
Net loss	\$(0.30)	\$(0.43)

14. Segment Information

The Company operates two complementary reportable segments - the print and envelope segment and the label and packaging segment. The print and envelope segment provides a wide array of print offerings such as high-end printed materials including car brochures, advertising literature, corporate identity and brand marketing material, digital

printing and content management; and direct mail offerings and custom and stock envelopes. The label and packaging segment specializes in the design, manufacturing and printing of labels such as, custom labels, overnight packaging labels, pressure-sensitive prescription labels and high quality packaging offerings, full body shrink sleeves, and specialized folded carton packaging.

Operating income (loss) of each segment includes all costs and expenses directly related to the segment's operations. Corporate expenses include corporate general and administrative expenses including stock-based compensation.

CENVEO, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Corporate identifiable assets primarily consist of cash and cash equivalents, miscellaneous receivables, deferred financing fees, deferred tax assets and other assets.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

15. Condensed Consolidating Financial Information

Cenveo, Inc. is a holding company (the “Parent Company”), which is the ultimate parent of all Cenveo subsidiaries. The Parent Company’s wholly owned subsidiary, Cenveo Corporation (the “Subsidiary Issuer”), issued the 7.875% Notes, the 8.875% Notes and the 11.5% Notes (collectively with the 7.875% Notes and the 8.875% Notes, the “Subsidiary Issuer Notes”), which are fully and unconditionally guaranteed, on a joint and several basis, by the Parent Company and substantially all of its wholly-owned subsidiaries (the “Guarantor Subsidiaries”).

Presented below is condensed consolidating financial information for the Parent Company, the Subsidiary Issuer, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries as of March 30, 2013 and December 29, 2012 and for the three months ended March 30, 2013 and March 31, 2012. The condensed consolidating financial information has been presented to show the financial position, results of operations and cash flows of the Parent Company, the Subsidiary Issuer, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries, assuming the guarantee structure of the Subsidiary Issuer Notes was in effect at the beginning of the periods presented.

The supplemental condensed consolidating financial information reflects the investments of the Parent Company in the Subsidiary Issuer, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries using the equity method of accounting. The Company’s primary transactions with its subsidiaries other than the investment account and related equity in net income (loss) of subsidiaries are the intercompany payables and receivables between its subsidiaries.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This Management's Discussion and Analysis of Financial Condition and Results of Operations, which we refer to as MD&A, of Cenveo, Inc. and its subsidiaries, which we refer to as Cenveo, should be read in conjunction with the accompanying condensed consolidated financial statements and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended December 29, 2012, which we refer to as our 2012 Form 10-K. Item 7 of our 2012 Form 10-K describes the application of our critical accounting policies, for which there have been no significant changes as of March 30, 2013.

Forward-Looking Statements

Certain statements in this report may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements generally can be identified by the use of terminology such as "may," "expect," "intend," "estimate," "anticipate," "plan," "foresee," "believe" or "continue" and similar expressions, or as other statements that do not relate solely to historical facts. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that could cause actual results to differ materially from what is expressed or forecasted in these forward-looking statements. In view of such uncertainties, investors should not place undue reliance on our forward-looking statements. Such statements speak only as of the date they were made, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Factors that could cause actual results to differ materially from management's expectations include, without limitation: (i) recent United States and global economic conditions have adversely affected us and could continue to do so; (ii) our substantial level of indebtedness could impair our financial condition and prevent us from fulfilling our business obligations; (iii) our ability to service or refinance our debt; (iv) the terms of our indebtedness imposing significant restrictions on our operating and financial flexibility; (v) additional borrowings are available to us that could further exacerbate our risk exposure from debt; (vi) our ability to successfully integrate acquired businesses into our business; (vii) a decline in our consolidated profitability or profitability within one of our individual reporting units could result in the impairment of our assets, including goodwill, other long-lived assets and deferred tax assets; (viii) intense competition and fragmentation in our industry; (ix) the general absence of long-term customer agreements in our industry, subjecting our business to quarterly and cyclical fluctuations; (x) factors affecting the United States postal services impacting demand for our products; (xi) the availability of the Internet and other electronic media adversely affecting our business; (xii) increases in paper costs and decreases in the availability of raw materials; (xiii) our labor relations; (xiv) our compliance with environmental laws; (xv) our dependence on key management personnel; (xvi) our dependence upon information technology systems; and (xvii) our international operations and the risks associated with operating outside of the United States. This list of factors is not exhaustive, and new factors may emerge or changes to the foregoing factors may occur that would impact our business. Additional information regarding these and other factors can be found elsewhere in this report and in our other filings with the Securities and Exchange Commission, which we refer to as the SEC.

Business Overview

We are a diversified manufacturing company focused on print related products. Our broad portfolio of products includes commercial printing, envelope converting, label manufacturing and specialty packaging. We operate a global network of strategically located manufacturing facilities, serving a diverse base of over 100,000 customers. Our business strategy has been and continues to be focused on pursuing strategic acquisitions, improving our cost structure, providing a diverse quality product offering portfolio to our customers and maintaining reasonable levels of financial flexibility. We believe this strategy has allowed us to diversify our revenue base, maintain our low cost producer focus and deliver quality product offerings to our customers.

We operate our business in two complementary reportable segments: print and envelope and label and packaging.

Print and Envelope. We are one of the leading commercial printers in North America and the largest envelope manufacturer. Our print and envelope segment represented approximately 74.2% of our net sales for the three months ended March 30, 2013.

Our print and envelope segment serves customers ranging from Fortune 50 companies to middle market and small companies operating in niche markets. This segment primarily caters to the consumer products, financial services, travel and leisure and telecommunications industries. We offer direct mail products used for customer solicitations and custom envelopes used for billing and remittance by end users including banks, brokerage firms and insurance and credit card companies. We produce

a broad line of specialty and stock envelopes that are sold through wholesalers, distributors, contract stationers, national catalogs for the office product markets and office product superstores. We provide a wide array of print offerings to our customers including electronic prepress, digital asset archiving, direct-to-plate technology, high-quality color printing on web and sheet-fed presses, digital printing and content management. The broad selection of print products we produce includes annual reports, car brochures, direct mail products, advertising literature, corporate identity materials and brand marketing materials. Our content management business offers complete solutions, including editing, content processing, content management, electronic peer review, production, distribution and reprint marketing.

Label and Packaging. We are a leading label manufacturer and the largest North American prescription label manufacturer for retail pharmacy chains. On December 31, 2012, we added to our label business with the acquisition of Express Label Company, which we refer to as Express Label. Our specialty packaging business currently focuses on specialty folded carton packaging and shrink-sleeve packaging. Our label and packaging segment represented approximately 25.8% of our net sales for the three months ended March 30, 2013.

Our label and packaging segment serves customers ranging from multinational, national, middle market and small companies serving niche markets and resale customers. We produce a diverse line of custom labels for a broad range of industries including manufacturing, warehousing, packaging, food and beverage, and health and beauty, which we sell through extensive networks within the resale channels. We also provide direct mail and overnight packaging labels, food and beverage labels, and shelf and scale labels for national and regional customer accounts. We also produce pressure-sensitive prescription labels for the retail pharmacy chain market. We produce premium high quality promotional packaging offerings including, folded carton and full body shrink sleeves. Our primary customers for our specialty packaging products are pharmaceutical, apparel, tobacco, nutraceutical and other large multinational consumer product companies.

Consolidated Operating Results

This MD&A includes an overview of our condensed consolidated results of operations for the three months ended March 30, 2013 and March 31, 2012 followed by a discussion of the results of operations of each of our reportable segments for the same periods. Our results for the three months ended March 30, 2013 include the operating results of Express Label. Our results for the three months ended March 31, 2012 do not include the operating results of Express Label.

2013 Overview

We believe that the mild recovery of the general economy experienced in 2012 will continue into 2013. We believe our efforts to reduce our operating cost structure, which we began implementing at the beginning of the economic downturn, allowed us to mitigate significant impacts to our operating performance and to our business over the past three years. The print-related industries are highly fragmented and extremely competitive. We believe these factors combined with a slow general economic recovery will continue to impact our results of operations due to over capacity and pricing pressures.

Our management focus for 2013 is on driving net sales through focused initiatives, investing in our e-commerce technology to support expansion across our platform and reducing our debt by maintaining or improving our cash flow.

Our sales focus will be on our top accounts across each of our businesses ensuring we meet our customer demands and work to expand our relationship with them through cross-selling initiatives across our platform. We have implemented a customer relationship management tool within our label and packaging segment and are looking to expand that into our other business lines. We began these initiatives as well as a few others in 2012 and experienced success within our envelope, label and packaging operations as a result of their implementation. We believe these focus points, along with our current customer experience, may allow us to experience modest sales growth despite

operating in challenging industries and an uncertain economy.

Our e-commerce platform is in its infancy and, with minimal investments over the past several years, was in need of enhancement. We began small yet accurate enhancements of this platform in 2011. With a focused approach and small successes to date we have experienced positive results. For example, our e-commerce sales within our label group grew 10% in 2012 as compared to 2011. In 2013, we are looking to expand our investment, through both capital investments and incremental support headcount, and believe in the future of this platform with our label and packaging operations as well as potential opportunities that may lie within our print and envelope operations.

Our deleveraging strategy is still a primary focus. We believe that despite the industry and economic challenges we experience on a routine basis, we can maintain similar debt repayment trends for the foreseeable future by managing our cash flow and investing strategically in our businesses. Along with debt reduction, we have reduced our average interest rate through

a refinancing of our first lien debt that was completed in April 2013. As a result, we expect to have lower cash interest, which will further improve our cash flow over the next several years as we will not encounter another sizeable debt maturity until 2017.

Lastly, we will continue to monitor our cost structure as marketplace conditions warrant and expect to further reduce our cost structure, as necessary. We will also continue to focus on strategic investments, capital expenditures and acquisitions, in areas that further strengthen our manufacturing platform and product offerings while reviewing strategic alternatives for business lines we believe are underperforming or non-strategic to our future operations. In the first quarter of 2013, as a result of margin pressures from rising input costs and price pressures experienced within our print and envelope segment, we initiated a plan to further reduce our cost structure by \$10 million to \$20 million. In addition, we expect to continue to seek out opportunities to lower our cost structure through negotiations within our supportive vendor base.

Discontinued Operations

In February of 2012, we completed the sale of our documents and forms business. Net cash proceeds were approximately \$35.5 million. In January of 2012, we completed the sale of our wide-format papers business and received proceeds of approximately \$4.7 million. These divestitures resulted in our historical consolidated balance sheets, statement of operations and comprehensive income (loss) and statement of cash flows being reclassified to reflect these discontinued operations separately from our continuing operations.

Reportable Segments

We operate two complementary reportable segments: the print and envelope segment and the label and packaging segment.

See below for a summary of net sales and operating income of our reportable segments that we use internally to assess our operating performance. Our fiscal quarters end on the Saturday closest to the last day of the calendar month. Our reporting periods for the three month periods ended March 30, 2013 and March 31, 2012 each consisted of 13 weeks.

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
	(in thousands, except per share amounts)	
Net sales	\$432,344	\$455,583
Operating income (loss):		
Print and envelope	\$12,951	\$9,621
Label and packaging	10,830	12,203
Corporate	(9,881) (7,585
Total operating income	13,900	14,239
Interest expense, net	29,575	27,852

Loss per share – diluted:		
Continuing operations	\$(0.30) \$(0.36
Discontinued operations	—	(0.07
Net loss	\$(0.30) \$(0.43

Net Sales

Net sales decreased \$23.2 million, or 5.1%, in the first quarter of 2013, as compared to the first quarter of 2012, due to lower sales from our print and envelope segment of \$22.2 million and our label and packaging segment of \$1.0 million. See Segment Operations below for a detailed discussion of the primary factors affecting the change in our net sales by reportable segment.

Operating Income

Operating income decreased \$0.3 million, or 2.4%, in the first quarter of 2013, as compared to the first quarter of 2012. This decrease was primarily due to a decrease from (i) our label and packaging segment of \$1.4 million, and (ii) higher corporate expenses of \$2.3 million. This was partially offset by an increase in operating income from our print and envelope segment of \$3.3 million. See Segment Operations below for a more detailed discussion of the primary factors for the changes in operating income by reportable segment.

Interest Expense

Interest expense increased \$1.7 million to \$29.6 million in the first quarter of 2013, as compared to \$27.9 million in the first quarter of 2012. The increase was primarily due to higher interest rates related to our refinancing of debt in the first quarter of 2013, offset in part by lower average outstanding debt balances primarily as a result of debt repayments using cash flow from operations and the proceeds from our divestitures. Interest expense in the first quarter of 2013, reflected average outstanding debt of approximately \$1.2 billion and a weighted average interest rate of 8.7%, as compared to average outstanding debt of \$1.3 billion and a weighted average interest rate of 7.9%, in the first quarter 2012. We expect interest expense for the remainder of 2013 will be lower than the same period in 2012 primarily due to the refinancing completed in April 2013.

Loss on Early Extinguishment of Debt

In the first quarter of 2013, in connection with refinancing activities, we incurred a loss on early extinguishment of debt of \$0.1 million, which related to unamortized debt issuance costs associated with the extinguishment of our 7.875% senior subordinated notes due 2013, which we refer to as the 7.875% Notes.

In the first quarter of 2012, in connection with a refinancing of our debt, we incurred a loss on early extinguishment of debt of \$12.7 million, of which \$9.6 million relates to tender and consent fees paid to consenting lenders and \$3.1 million relates to the write-off of previously unamortized debt issuance costs. The loss on early extinguishment of debt related to the refinancing is partially offset by the gains on early extinguishment of debt of \$2.1 million related to the repurchase of \$13.8 million of our 7.875% Notes, \$5.0 million of our 10.5% senior notes due 2016, which we refer to as the 10.5% Notes, and \$2.0 million of our 8.375% senior subordinated notes due 2014, which we refer to as the 8.375% Notes, plus accrued and unpaid interest thereon.

We may from time to time seek to purchase our outstanding notes in open market purchases, privately negotiated transactions or other means. Such repurchases, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

Income Taxes

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
	(in thousands)	
Income tax expense (benefit) from U.S. operations	\$2,932	\$(2,123)

Edgar Filing: GENVEO, INC - Form 10-Q

Income tax expense from foreign operations	126	167	
Income tax expense (benefit)	\$3,058	\$(1,956)
Effective income tax rate	(19.0)%	8.0 %

In the first quarter of 2013, we had an income tax expense of \$3.1 million, compared to an income tax benefit of \$2.0 million in the first quarter of 2012. The tax expense for the first quarter of 2013 primarily relates to income taxes on our domestic operations. The tax benefit for the first quarter of 2012 primarily relates to income tax benefits on our domestic operations. Our

effective tax rate for both periods was lower than the federal statutory rate, primarily due to non-deductible expenses and state income taxes.

We assess the recoverability of our deferred tax assets and, to the extent recoverability does not satisfy the “more likely than not” recognition criteria, record a valuation allowance against our deferred tax assets. We consider all positive and negative evidence in evaluating our ability to realize our net deferred tax assets, including our operating results, ongoing tax planning, and forecast of future taxable income, on a jurisdiction by jurisdiction basis. Significant judgment is required with respect to the determination of whether or not a valuation allowance is required for certain of our deferred tax assets. As of March 30, 2013, the total valuation allowance on our net United States deferred tax assets was approximately \$69.2 million. There was no change in the first quarter of 2013 to the balance of our valuation allowance.

There is no corresponding income tax benefit recognized with respect to losses incurred in jurisdictions with a valuation allowance. This causes variability in our effective tax rate. We intend to maintain the valuation allowances until it is more likely than not that the net deferred tax assets will be realized. If operating results significantly improve or deteriorate on a sustained basis, or if certain tax planning strategies are implemented, our conclusions regarding the need for valuation allowances could change, resulting in either a decrease or increase to the valuation allowances in the future, which could have a significant impact on income tax expense in the period recognized and subsequent periods.

Income (Loss) from Discontinued Operations, net of taxes

The results for the first quarter of 2012, include the loss on sale of our document and forms business and our wide-format paper business of \$5.0 million, net of a tax benefit of \$3.2 million. Income from discontinued operations of \$0.4 million, net of taxes of \$0.2 million for the first quarter of 2012, includes the reduction of a liability of \$1.8 million, net of tax expense of \$1.2 million, due to the expiration of certain statutes of limitations related to a previous divestiture.

Segment Operations

Our Chief Executive Officer monitors the performance of the ongoing operations of our two reportable segments. We assess performance based on net sales and operating income.

Print and Envelope

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
	(in thousands)	
Segment net sales	\$320,659	\$342,853
Segment operating income	\$12,951	\$9,621
Operating income margin	4.0	% 2.8
Restructuring, impairment and other charges	\$2,237	\$13,486

Segment Net Sales

Segment net sales for our print and envelope segment decreased \$22.2 million, or 6.5%, in the first quarter of 2013, as compared to the first quarter of 2012. Net sales for our commercial printing operations declined \$19.6 million, primarily due to: (i) lower sales volumes due to timing of production schedules from our customers versus prior year and a journal plant closure occurring in the first quarter of 2012, and (ii) lower sales due to price pressures that

continue to exist within the print industry. Net sales of our envelope operations decreased \$2.6 million primarily due to: (i) lower sales volumes from our office product customers due to our decision to exit certain lower margin business, and (ii) lower sales due to pricing pressures and product mix changes. This decrease was partially offset by higher sales volumes from our initiatives to obtain further market share within the more generic envelope products along with increased demand from certain direct mail customers.

Segment Operating Income

30

Segment operating income for our print and envelope segment increased \$3.3 million, or 34.6%, in the first quarter of 2013, as compared to the first quarter of 2012. This increase was primarily due to: (i) lower restructuring, impairment and other charges of \$11.3 million, primarily due to the closure and consolidation of a print plant into our existing operations in the first quarter of 2012, and (ii) lower selling, general and administrative expenses of \$1.5 million, primarily due to lower commission expense and a lower cost structure resulting from our continued cost reduction actions. This was partially offset by lower gross margins of \$9.5 million primarily due to lower sales volumes and higher input costs from our commercial printing operations along with continued pricing pressures, product mix changes and higher input costs within our envelope operations. Due to the competitiveness and industry trends, we have not had the ability to pass along material price increases to our envelope customers over the past two years.

Label and Packaging

	For the Three Months Ended	
	March 30, 2013	March 31, 2012
	(in thousands)	
Segment net sales	\$ 111,685	\$ 112,730
Segment operating income	\$ 10,830	\$ 12,203
Operating income margin	9.7	% 10.8
Restructuring, impairment and other charges	\$ 159	\$ 447

Segment Net Sales

Segment net sales for our label and packaging segment decreased \$1.0 million, or 0.9%, in the first quarter of 2013, as compared to the first quarter of 2012. Net sales from our packaging operations declined \$2.9 million, primarily due to lower sales volumes resulting from the run out of lower margin accounts that we exited in prior years and disruption due to a press fire in one of our packaging plants. Net sales from our labels operations increased \$1.8 million, primarily due to: (i) the acquisition of Express Label in the first quarter of 2013, as Express Label was not included in our results in the first quarter of 2012 and (ii) increases in sales volume from our specialty and custom products businesses due to market share gains and our e-commerce initiatives, respectively; offset in part by lower sales volumes from our long-run label business, primarily due to lower customer demand.

Segment Operating Income

Segment operating income for our label and packaging segment decreased \$1.4 million, or 11.3%, in the first quarter of 2013, as compared to the first quarter of 2012. This decrease was due to (i) lower gross margins of \$0.9 million, primarily due to margin decline in our packaging operations due to higher input costs; offset in part by increased margins in our labels operations primarily due to the acquisition of Express Label and (ii) higher selling, general and administrative expenses of \$0.7 million.

Corporate Expenses

Corporate expenses include the costs of running our corporate headquarters. Corporate expenses were higher by \$2.3 million, or 30.3%, in the first quarter of 2013, as compared to the first quarter of 2012, primarily due to higher restructuring expenses.

Restructuring, Impairment and Other Charges

During the first quarter of 2013, we continued the integration of our acquisition of Envelope Product Group, which we refer to as EPG, with the closure and consolidation of an envelope facility. We also implemented the additional cost savings actions in the first quarter of 2013, which is focused on overhead cost elimination, including targeted headcount reductions of approximately 100 employees to date.

During the first quarter of 2013, as a result of our restructuring and integration activities, we incurred \$4.2 million of restructuring, impairment and other charges, which included \$3.2 million of employee separation costs, asset impairments, net of \$0.1 million, equipment moving expenses of \$0.3 million, lease termination expenses of \$0.1 million, multi-employer pension withdrawal expenses of \$0.1 million and building clean-up and other expenses of \$0.4 million. During the first quarter of 2012,

as a result of our restructuring and integration activities, we incurred \$14.0 million of restructuring, impairment and other charges, which included \$1.8 million of employee separation costs, asset impairments, net of \$6.3 million, equipment moving expenses of \$0.1 million, lease termination expenses of \$0.3 million, multi-employer pension withdrawal expenses of \$4.8 million and building clean-up and other expenses of \$0.6 million.

As of March 30, 2013, our total restructuring liability was \$30.4 million, of which \$8.5 million is included in other current liabilities and \$21.9 million, which is expected to be paid through 2032, is included in other liabilities in our condensed consolidated balance sheet. Our multi-employer pension withdrawal liabilities are \$24.2 million of our remaining restructuring liabilities. We believe these liabilities represent our anticipated ultimate withdrawal liabilities; however, we are exposed to significant risks and uncertainties arising from our participation in these multi-employer pension plans. While it is not possible to quantify the potential impact of our future actions or the future actions of other participating employers from the multi-employer pension plans for which we have exited, our anticipated ultimate withdrawal liabilities may be significantly impacted in the future due to lower future contributions or increased withdrawals from other participating employers.

Liquidity and Capital Resources

Net Cash Provided By (Used in) Operating Activities of Continuing Operations. Net cash provided by operating activities of continuing operations was \$3.3 million in the first quarter of 2013, which was primarily due to our net loss adjusted for non-cash items of \$3.7 million, and a source of cash of \$3.0 million from working capital, primarily offset by pension and post-retirement plan contributions, net of pension expense, of \$2.6 million. The source of working capital primarily resulted from: (i) a source of cash from accounts receivables due to the timing of collections from and sales to our customers, and (ii) a source of cash from other working capital changes primarily due to the timing of interest payments on our outstanding debt. These sources of cash were offset in part by: (i) a use of cash from inventory, and (ii) a use of cash from accounts payable due to the timing of vendor payments.

Cash provided by operating activities is generally sufficient to meet daily disbursement needs. On days when our cash receipts exceed disbursements, we reduce our revolving credit balance or place excess funds in conservative, short-term investments until there is an opportunity to pay down debt. On days when our cash disbursements exceed cash receipts, we use invested cash balances and/or our revolving credit to fund the difference. As a result, our daily revolving credit balance fluctuates depending on working capital needs. Regardless, at all times we believe we have sufficient liquidity available to us to fund our cash needs.

Net cash used in operating activities of continuing operations was \$16.9 million in the first quarter of 2012, which was primarily due to a use of working capital of \$30.7 million, offset by our net loss adjusted for non-cash items of \$16.5 million. The use of working capital primarily resulted from: (i) a decrease in other working capital changes primarily due to the timing of interest payments on our outstanding debt and a payment of a litigation settlement, (ii) a decrease in accounts payable due to the timing of vendor payments, and (iii) an increase in our inventories primarily due to the purchase of paper in advance of a price increase and the need to maintain finished good inventory levels to meet customer contract requirements. These increases were offset in part by a decrease in accounts receivables due to the timing of collections from and sales to our customers.

Net Cash Used in Operating Activities of Discontinued Operations. Represents the net cash used in operating activities of our divestitures.

Net Cash Used in Investing Activities of Continuing Operations. Net cash used in investing activities of continuing operations was \$11.2 million in the first quarter of 2013, primarily resulting from: (i) capital expenditures of \$10.3 million, (ii) \$5.1 million of cash consideration for the acquisition of Express Label, and (iii) a purchase of an investment of \$1.7 million. These uses of cash were offset in part by proceeds received from the sale of property, plant and equipment of \$5.9 million.

Our debt agreements limit capital expenditures to \$45.0 million in 2013 plus any proceeds received from the sale of property, plant and equipment and, if certain conditions are satisfied, any unused permitted amounts from 2012. We estimate that we will spend approximately \$25.0 million on capital expenditures in 2013, before considering proceeds from the sale of property, plant and equipment. Our primary sources for our capital expenditures are cash generated from operations, proceeds from the sale of property, plant and equipment, and financing capacity within our current debt arrangements. These sources of funding are consistent with prior years' funding of our capital expenditures.

Net cash used in investing activities of continuing operations was \$5.7 million in the first quarter of 2012 , primarily resulting from capital expenditures of \$5.3 million and \$0.6 million of cash consideration for an acquisition related to working capital settlement provisions. These uses of cash were offset in part by proceeds received from the sale of property, plant and equipment of \$0.2 million.

Net Cash Provided by (Used in) Investing Activities of Discontinued Operations. Represents the net cash provided by (used in) discontinued operations related to investing activities. In the first quarter of 2012, the cash provided by discontinued investing activities relates to net cash proceeds of approximately \$39.9 million from the sale of our documents and forms business and our wide-format paper business.

Net Cash Provided By (Used In) Financing Activities of Continuing Operations. Net cash provided by financing activities of continuing operations was \$10.3 million in the first quarter of 2013, primarily due to: (i) proceeds from the issuance of our 15% unsecured term loan, due 2017, which we refer to as our Unsecured Term Loan of \$50.0 million, and (ii) borrowings under our revolving credit facility. These sources of cash were offset by: (i) the repayment of our 7.875% Notes of \$67.8 million, (ii) the repayment of our Unsecured Term Loan of \$7.0 million, (iii) the payment of \$5.1 million of financing related costs and expenses including an original issuance discount of \$2.5 million on the issuance of our Unsecured Term Loan, (iv) repayment of our Term Loan B due 2016, and (v) repayment of other long-term debt.

Net cash used in financing activities of continuing operations was \$20.2 million in the first quarter of 2012, primarily due to the refinancing activities, repayment of \$45.1 million of term loans primarily as a result of the excess cash flow sweep feature and the open market repurchases and retirements of our 7.875% Notes, 10.5% Notes and 8.375% Notes, of approximately \$13.8 million, \$5.0 million and \$2.0 million, respectively, for \$12.2 million, \$4.9 million and \$1.6 million, respectively, plus accrued and unpaid interest thereon. The refinancing activities included in the first quarter of 2012 were: (i) the repayment of \$165.0 million of our 10.5% Notes, \$118.4 million of our 7.875% Notes and \$23.2 million of our 8.375% Notes, (ii) the payment of \$23.0 million of tender and consent fees and related transaction costs, (iii) the issuance of our \$225.0 million 11.5% senior notes due 2017, which we refer to as the 11.5% Notes with an original issuance discount of \$8.3 million, and (iv) the issuance of our \$86.3 million 7% senior exchangeable notes due 2017, which we refer to as the 7% Notes. These decreases were offset by increases in borrowings under our revolving credit facility in connection with these refinancing activities.

Net Cash Used in Financing Activities of Discontinued Operations. Represents the net cash used in discontinued operations related to financing activities. In the first quarter of 2012, the cash used in discontinued financing activities relates to fees paid by us to amend our credit facilities of \$1.7 million.

Long-Term Debt. Our total outstanding long-term debt, including current maturities, was approximately \$1.2 billion as of March 30, 2013, an increase of \$13.7 million from December 29, 2012. This increase was primarily due to fees associated with the Unsecured Term Loan, the acquisition of Express Label and net capital expenditures, partially offset by cash flows from operations. As of March 30, 2013, approximately 63% of our debt outstanding was subject to fixed interest rates. As of May 1, 2013, we had approximately \$35.0 million borrowing availability under our \$200 million asset-based revolving credit facility due 2017, which we refer to as our ABL Facility. From time to time we may refinance our debt obligations as business needs and market conditions warrant.

On January 18, 2013, we entered into the Unsecured Term Loan. In connection with the Unsecured Term Loan, we capitalized debt issuance costs of \$6.1 million, of which \$2.5 million relates to original issuance discount. Proceeds from the Unsecured Term Loan together with borrowings on our \$170 million revolving credit facility due 2014, which we refer to as our Revolving Credit Facility, were used to redeem, satisfy and discharge in full our 7.875% Notes, and to pay certain fees and expenses incurred in connection with the Unsecured Term Loan and the redemption, satisfaction and discharge of the 7.875% Notes. On January 22, 2013, U.S. Bank National Association, the trustee for the 7.875% Notes, officially canceled the 7.875% Notes.

The Unsecured Term Loan bears interest at a rate of 15% per annum, payable quarterly in arrears on the 25th day of each February, May, August and November prior to the maturity of the Unsecured Term Loan and on the maturity date of the Unsecured Term Loan. If we do not pay in full a quarterly excess cash flow mandatory prepayment pursuant to the terms of the Unsecured Term Loan, interest on the outstanding principal amount of the Unsecured

Term Loan will instead accrue at 25% per annum until the first prepayment date thereafter when the full excess cash flow mandatory prepayment is made. In addition, for so long as the increased interest rate pursuant to the previous sentence is not applicable, if on any interest payment date the outstanding principal amount of the Unsecured Term Loan exceeds a specified threshold amount, which threshold amount equals \$43.8 million on May 25, 2013 and decreases by \$6.3 million on each interest payment date thereafter, then on and after each such interest payment date an additional 10% per annum will accrue on such excess. The Unsecured Term Loan is guaranteed by the Company and each existing and future direct and indirect North American subsidiaries of Cenveo on an unsecured basis. The Unsecured Term Loan contains customary covenants that, among other things, place limits on the ability of the Company and/or the other guarantors to incur debt, create liens, make investments and acquisitions, sell assets, pay dividends, prepay debt, merge with other entities or sell all or substantially all their assets, engage in transactions with affiliates, and make capital expenditures. The Unsecured Term Loan also contains customary representations and warranties and events of default.

On April 16, 2013, we completed the refinancing of our existing Term Loan B due 2016 and Revolving Credit Facility, which we refer to as the Refinanced Facility, by entering into (i) a Second Amended and Restated Credit Agreement providing for a \$360 million secured term loan facility with a syndicate of lenders arranged by Bank of America, N.A., Macquarie Capital (USA) Inc. and Barclays Bank PLC, with Bank of America, N.A. serving as administrative agent, syndication agent and documentation agent, which we refer to as the Term Loan Facility, and (ii) a Credit Agreement providing for a \$200 million asset-based revolving credit facility with a syndicate of lenders arranged by Bank of America, N.A., Barclays Bank PLC, General Electric Capital Corporation and Wells Fargo Bank, National Association, with Bank of America, N.A. serving as administrative agent, an issuing bank and swingline lender, which we refer to as the ABL Facility; and together with the Term Loan Facility, we refer to as the 2013 Credit Facilities. Proceeds from the 2013 Credit Facilities together with available cash on hand were used to refinance the outstanding term loans and revolving loans, and accrued interest thereon, under the Refinanced Facility, and to pay certain fees and expenses incurred in connection with the transactions.

Borrowing rates under each of the 2013 Credit Facilities are selected at our option at the time of each borrowing and are generally based on LIBOR or the prime rate publicly announced by Bank of America, N.A. from time to time, in each case plus a specified interest rate margin. With respect to the Term Loan Facility, LIBOR-based borrowings will have an interest rate of not less than 1.25% per annum plus an applicable margin of 5.00% per annum, and prime rate borrowings will have an interest rate of not less than 2.25% per annum plus an applicable margin of 4.00% per annum. With respect to the ABL Facility, LIBOR-based borrowings will have an interest rate margin ranging from 2.00% to 2.50% per annum, and prime rate borrowings will have an interest rate margin ranging from 1.00% to 1.50% per annum, in each case depending on average availability under the ABL Facility for the most recent fiscal quarter. Under the ABL Facility, we pay a commitment fee on unused revolving loan commitments of 0.375% per annum or 0.50% per annum, depending on average usage under the ABL Facility for the most recent fiscal quarter.

Under the Term Loan Facility, the term loan amortizes in quarterly installments equal to 1% per year, commencing June 21, 2013, with the remaining principal balance due at maturity on February 13, 2017. Under the ABL Facility, all loans mature on February 13, 2017. Under each of the 2013 Credit Facilities, we may elect, in our sole discretion, to extend the maturity date upon the satisfaction of certain conditions related to the refinancing of outstanding indebtedness under our 11.5% Notes and our 8.875% Notes. If such conditions are satisfied, the maturity date of the Term Loan Facility may be extended to April 16, 2020 and the maturity date of the ABL Facility may be extended to April 16, 2018.

The obligations under the 2013 Credit Facilities are each guaranteed by Cenveo and each existing and future direct and indirect North American subsidiaries. The 2013 Credit Facilities are secured by a first priority perfected security interest in substantially all assets of Cenveo and our North American subsidiaries, including: (i) all capital stock of each present and future subsidiary (with certain exclusions of foreign subsidiaries), (ii) all present and future inter-company debt, (iii) all intellectual property rights, including patents, trademarks and copyrights, and (iv) substantially all of the present and future other property and assets, including material real property.

The Term Loan Facility contains a maximum consolidated leverage ratio covenant, and the ABL Facility contains a minimum consolidated fixed charge coverage ratio covenant that applies if availability thereunder falls below a certain level. In addition, each of the 2013 Credit Facilities contains customary covenants that, among other things, place limits on our ability to incur debt, create liens, make investments and acquisitions, sell assets, pay dividends, prepay subordinated debt, merge with other entities, engage in transactions with affiliates, and make capital expenditures. The 2013 Credit Facilities also contain customary events of default.

In connection with the 2013 Credit Facilities, we entered into a third supplemental indenture to the indenture dated as of February 5, 2010, among Cenveo, the guarantors named therein and Wells Fargo Bank, National Association, as trustee, pursuant to which the 8.875% Notes were issued.

Also in connection with the 2013 Credit Facilities, we entered into an Amendment No. 1 to our existing Unsecured Term Loan. The Unsecured Term Loan was amended in order to, among other things, permit the refinancing of the Refinanced Facility.

Letters of Credit

As of March 30, 2013, we had outstanding letters of credit of approximately \$22.0 million related to performance and payment guarantees. Based on our experience with these arrangements, we do not believe that any obligations that may arise will be significant.

Credit Ratings

Our current credit ratings are as follows:

Rating Agency	Corporate Rating	Term Loan Facility	8.875% Notes	11.5% Notes	Outlook	Last Update
Moody's	B3	Ba3	B3	Caa2	Negative	March 2013
Standard & Poor's	B	BB-	B-	CCC+	Negative	March 2013

In March 2013, Moody's Investors Services, which we refer to as Moody's, and Standard & Poor's Ratings Services, which we refer to as Standard & Poor's, reaffirmed our Corporate Rating and the ratings on our 8.875% Notes and 11.5% Notes. As part of the refinancing that closed in April 2013, both Moody's and Standard & Poor's initiated ratings on the 2013 Term Loan as outlined above. The detail of all current ratings have been provided in the table above.

The terms of our existing debt do not have any rating triggers that impact our funding availability or influence our daily operations, including planned capital expenditures. We do not believe that our current ratings will unduly influence our ability to raise additional capital if and/or when needed. Some of our constituents closely track rating agency actions and would note any raising or lowering of our credit ratings; however, we believe that along with reviewing our credit ratings, additional quantitative and qualitative analysis must be performed to accurately judge our financial condition.

We expect that our internally generated cash flows and financing available under our ABL Facility will be sufficient to fund our working capital needs for the next twelve months; however, this cannot be assured.

Seasonality

Our print plants also experience seasonal variations. Revenues associated with consumer publications, such as holiday catalogs and automobile brochures tend to be concentrated from July through October. Revenues from annual reports are generally concentrated from February through April. Revenues associated with the educational and scholastic market and promotional materials tend to decline in the summer. As a result of these seasonal variations, some of our print operations operate at or near capacity at certain times throughout the year. Our envelope market and certain segments of the direct mail market have historically experienced seasonality with a higher percentage of volume of products sold to these markets occurring during the fourth quarter of the year primarily related to holiday purchases. Our general label business has historically experienced a seasonal increase to net sales during the first and second quarters of the year primarily resulting from the release of our product catalogs to the trade channel customers and our customers' spring advertising campaigns. Our prescription label business has historically experienced seasonality in net sales due to cold and flu seasons generally concentrated in the fourth and first quarters of the year. As a result of these seasonal variations, some of our label operations operate at or near capacity at certain times throughout the year.

New Accounting Pronouncements

We are required to adopt certain new accounting pronouncements. See Note 1 to our condensed consolidated financial statements included herein.

Available Information

Our internet address is: www.cenveo.com. We make available free of charge through our website our Annual Report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 as soon as reasonably practicable after such documents are filed electronically with the SEC. In addition, our earnings conference calls are archived for replay on our website.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks such as changes in interest and foreign currency exchange rates, which may adversely affect our results of operations and financial position.

35

As of March 30, 2013, we had variable rate debt outstanding of \$446.3 million. Our term loan was subject to a LIBOR floor of 1.5% and after our April 2013 refinancing, is now subject to a LIBOR floor of 1.25%. As such, a change of 1% to current LIBOR rates would have a minimal impact to our interest expense.

Our changes in foreign currency exchange rates are managed through normal operating and financing activities. We have foreign operations, primarily in Canada and India, and thus are exposed to market risk for changes in foreign currency exchange rates. For the three months ended March 30, 2013, a uniform 10% strengthening of the United States dollar relative to the local currency of our foreign operations would have resulted in a decrease in sales and operating income of approximately \$1.9 million, and \$0.1 million, respectively.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (“Exchange Act”)) as of March 30, 2013. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of March 30, 2013 in order to provide reasonable assurance that information required to be disclosed by the Company in its filings under the Exchange Act was recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in the Exchange Act Rule 13a-15(f) and 15d-15(f)) during the quarter ended March 30, 2013 that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including our Chief Executive Officer and our Chief Financial Officer, does not expect that our disclosure controls or our internal control over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system’s objectives will be met. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives. The design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.

PART II

Item 1. Legal Proceedings

From time to time we may be involved in claims or lawsuits that arise in the ordinary course of business. Accruals for claims or lawsuits have been provided for to the extent that losses are deemed probable and estimable. Although the ultimate outcome of these claims or lawsuits cannot be ascertained, on the basis of present information and advice received from counsel, it is our opinion that the disposition or ultimate determination of such claims or lawsuits will not have a material effect on our consolidated financial statements.

In the case of administrative proceedings related to environmental matters involving governmental authorities, we do not believe that any imposition of monetary damages or fines would be material.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, “Item 1A. Risk factors” in our Annual Report on Form 10-K for the year ended December 29, 2012, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 6. Exhibits

Exhibit
Number

Description

- | | |
|-----|--|
| 2.1 | Stock Purchase Agreement dated as of July 17, 2007 among Cenveo Corporation, Commercial Envelope Manufacturing Co. Inc. and its shareholders—incorporated by reference to Exhibit 2.1 to registrant’s current report on Form 8-K filed July 20, 2007. |
