ITEM 1. AMENDMENT OF THE ARTICLES OF INCORPORATION TO PROVIDE FOR A BOARD OF DIRECTORS WITH STAGGERED TERMS

Description of the Proposed Amendment of Article VII

At a meeting held on February 28, 2002, the Company's Board of Directors unanimously adopted resolutions approving and recommending to shareholders, an amendment of Article VII, Section 1 of the Company's Articles of Incorporation to provide for staggered terms of directors. The proposed amendment sets forth the specific staggered terms and provides for dividing the Company's Board of Directors into three classes, as nearly equal in number as possible, with one class to be originally elected for a term expiring at the Annual Meeting of Shareholders to be held in 2003, another class to be originally elected for a term expiring at the Annual Meeting of Shareholders to be held in 2004 and the final class to be originally elected for a term expiring at the Annual Meeting of Shareholders to be held in 2005, and with each director to hold office until his or her successor is duly elected and qualified. Commencing with the Annual Meeting of Shareholders held in 2003 and at each Annual Meeting of Shareholders thereafter, each director whose term then expires would be elected to hold office for a three-year term, with each director to hold office until his or her successor is duly elected and qualified.

The complete text of Section 1 of Article VII, as amended, reads as follows:

Section 1. Number of Directors; Term of Office; Removal. (a) The number of directors of the Corporation, exclusive of the number of directors who may be elected by the holders of any one or more series of Preferred Stock pursuant to Section 2(B) of Article V hereof (the "Preferred Stock Directors"), shall not be less than seven nor more than twenty-five, with the exact number of directors to be fixed from time to time by the By-Laws of the Corporation.

(b) The Board of Directors of the Corporation shall be divided into three (3) classes, as nearly equal in number as possible, with the term of office of one class expiring each year. The three (3) classes of directors shall be filled such that the directors of the first class (designated as Class I) shall be elected to hold office for a term expiring at the annual meeting of shareholders in 2003, the directors of the second class (designated as Class II) shall be elected to hold office for a term expiring at the annual meeting of shareholders in 2004, and the directors of the third class (designated as Class III) shall be elected to hold office for a term expiring at the annual meeting of shareholders in

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

2005. Commencing with the annual meeting of shareholders in 2003 and at each annual meeting of shareholders thereafter, the directors in the class whose terms shall then expire shall be elected for a term of three (3) years and until their respective successors are duly elected and qualified.

(c) Any or all directors (exclusive of Preferred Stock Directors) may be removed, with or without cause, only by (i) the affirmative vote of the holders of not less than two-thirds (2/3) of the outstanding shares of common stock of the Corporation entitled to vote in the election of directors, at a shareholders' meeting called for that purpose, or (ii) the affirmative vote of not less than two-thirds (2/3) of the actual number of directors elected and qualified and then in office.

(d) This Section 1 of Article VII shall not be altered, amended or repealed except by the affirmative vote of the holders of not less than two-thirds (2/3) of the outstanding shares of common stock of the Corporation, at a shareholders' meeting duly called for that purpose, on a proposal adopted and recommended by the vote of not less than two-thirds (2/3) of the entire Board of Directors of the Corporation.

Discussion of the Proposed Amendment of Article VII

The Board of Directors has concluded that it is in the best interests of the Company to amend the Company's Articles of Incorporation to provide for staggered terms for directors. Because only one-third of the directors will be elected at each Annual Meeting of Shareholders, the Board believes that the staggered terms of directors would tend to promote continuity and stability in the Company's management, business strategies and policies. In addition, by providing for staggered terms, the Company ensures that two-thirds of the directors will have at least one year of experience on the Board and that new directors would have an opportunity to become familiar with the affairs of the Company and to benefit from the experience of other directors. This, in turn, helps to assure that the Board consists of individuals with experience and knowledge of the Company's business strategies and policies. The Board of Directors also believes that staggered terms for directors will enhance the Company's ability to attract and retain well-qualified individuals who are able to commit the time and resources to understand the Company, its business affairs and operations.

Further, in the event of a proxy contest for the election of directors or certain other attempts by a party to gain control of the Company, the staggered terms help give the Company time and bargaining power to negotiate with the party, to consider alternative proposals and to ensure that the best interests of the Company are pursued.

If the amendment is adopted by the shareholders, the directors elected at this Annual Meeting would be divided into classes as follows: Class I, consisting of David L. Barning, Larry E. Dunigan, Phelps L. Lambert, Louis L. Mervis, and Marjorie Z. Soyugenc, whose term would expire at the 2003 Annual Meeting of Shareholders; Class II, consisting of Richard J. Bond, David E. Eckerle, Ronald B. Lankford, James A. Risinger, and Kelly N. Stanley, whose term would expire at the 2004 Annual Meeting of Shareholders; and Class III, consisting of Alan W. Braun, Andrew E. Goebel, Lucien H. Meis, John N. Royse, and Charles D. Storms, whose term would expire at the 2005 Annual Meeting of Shareholders. If the amendment is not adopted by the shareholders, the directors elected at this Annual Meeting would serve only until the 2003 Annual Meeting of Shareholders.

The Board of Directors in the manner set forth in the Company's By-Laws

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

will fill vacancies on the Board of Directors, including any vacancies created by an increase in the number of directors. In accordance with the By-Laws, the term of a director chosen to fill a vacancy will expire at the end of the term for which the director's predecessor was elected or, in the event of an increase in the number of directors, the term of the director chosen to fill the vacancy created thereby, will expire at the end of the term of the class to which that director is assigned.

The amendment is not in response to any effort, of which the Company is aware, to obtain control of the Company. As a result, although the amendment may have an anti-takeover effect, the amendment is not intended solely as an anti-takeover provision. The amendment would preclude a third party from electing the entire Board of Directors at a single Annual Meeting of Shareholders and simultaneously gaining control of the Company's Board. With the staggered terms of directors as set forth above, it would take at least two elections of directors for any individual or group to gain control of the Board. The overall effect of the amendment is to render more difficult the accomplishment of undesired mergers, tender offers or proxy contests, the assumption of control of the Board of Directors by an undesired shareholder or other party and/or the removal of current management and the Board of Directors.

A principal function of the amendment, in conjunction with the Company's existing anti-takeover devices described below, is to encourage persons seeking to acquire control of the Company to initiate such an acquisition through arm's length negotiations with the Board of Directors rather than through a hostile takeover bid.

Existing Anti-Takeover Devices

Articles of Incorporation. The Company's Articles of Incorporation currently authorize the issuance of 150,000,000 shares of common stock and 2,000,000 shares of preferred stock. Within the limits of applicable law and the rules of The New York Stock Exchange, these shares are available to be issued, without prior shareholder approval, in classes with relative rights, privileges and preferences determined for each class by the Board of Directors.

The Board of Directors has authorized a series of preferred stock designated as Series A preferred stock, and designated 200,000 shares of Series A preferred stock in connection with the Company's shareholder rights plan. The Series A preferred stock may not be issued except upon exercise of certain rights pursuant to such shareholder rights plan. No shares of Series A preferred stock have been issued as of the date hereof. On January 25, 1990, the Board of Directors declared a dividend of one (1) right for each issued and outstanding share of common stock. The dividend was payable on March 15, 1990 to holders of record of common stock at the close of business on March 1, 1990. Each right entitles the registered holder, upon the occurrence of certain events involving a change in control, to purchase from the Company one-hundredth (1/100) of a share of Series A preferred stock at an initial purchase price of \$60.00, subject to adjustment. The terms and conditions of the rights are contained in a Rights Agreement between the Company and Old National Bank in Evansville, as Rights Agent.

The Company's Articles of Incorporation provide that certain business combinations may, under certain circumstances, require approval of more than a simple majority of its issued and outstanding shares, and require a super-majority shareholder vote of not less than eighty percent (80%) of the outstanding shares of common stock for the amendment of certain significant provisions.

The Company's Articles of Incorporation also provide that the Board of

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

Directors will consider non-financial factors that it deems relevant when evaluating a business combination. Any amendment of this provision requires a super-majority shareholder vote of not less than eighty percent (80%) of the outstanding shares of common stock.

Finally, the Company's Articles of Incorporation provide that any person or group of persons who acquires 15% of the Company's then outstanding common stock must pay an amount at least equal to the highest percent over market value paid for shares already held by such person or group when acquiring additional shares. Any amendment of this provision requires a super-majority shareholder vote of not less than eighty percent (80%) of the outstanding shares of common stock.

These provisions in the Company's Articles of Incorporation are designed to encourage potential acquirers to negotiate with the Company's Board of Directors to preserve for shareholders the value of the Company in the event of a takeover attempt. These provisions reduce the likelihood that a potential acquirer who is unwilling to pay a market premium determined by the Company's Board of Directors to be sufficient will attempt to acquire shares of the Company's stock by means of an open market accumulation, front-end loaded tender offer or other coercive or unfair takeover tactic. The current proposed amendment, together with the already existing anti-takeover provisions in the Company's Articles of Incorporation, would ensure that the Company, its shareholders and other stakeholders would be protected from certain takeover attempts, or the acquisition of a substantial block of equity, on terms which may be less favorable generally than would be available in transactions negotiated with and approved by the Board of Directors.

Indiana Law. Chapters 42 and 43 of the Indiana Business Corporation Law, which are applicable to the Company, may be deemed to have certain anti-takeover effects by prescribing, in the case of Chapter 42, certain voting requirements in instances in which a person acquires shares of the Company in excess of certain thresholds or proscribing, in the case of Chapter 43, certain transactions between the Company and an "interested stockholder" (defined generally as a person beneficially owning 10% or more of a corporation's outstanding voting stock) during the five year period following the time such person became an interested stockholder.

In addition, Chapter 35 of the Indiana Business Corporation Law provides that in taking or declining to take any action, or in making or declining to make any recommendation to the shareholders of the corporation with respect to any matter, a board of directors may, in its discretion, consider both the short term and long term best interests of the corporation, taking into account, and weighing as the directors deem appropriate, the effects thereof on the corporation's shareholders and the other corporate constituent groups and interests, as well as any other factors deemed pertinent by the directors. As a result, by expanding the factors that may be considered relevant by the directors in assessing a takeover proposal, this provision could be deemed to have certain anti-takeover effects.

Recommendation of the Board of Directors

The Board of Directors has carefully considered the proposed amendment to the Company's Articles of Incorporation and unanimously recommends that shareholders vote "FOR" approval of the amendment. Assuming a quorum is present at the Annual Meeting, the amendment will be approved by the shareholders if the votes cast at the Annual Meeting in favor of the amendment exceed the votes cast against it. If sufficient votes are received, the amendment will become effective upon the filing of the Articles of Amendment or the Articles of Restatement to the Company's Articles of Incorporation with the Secretary of

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

State of the State of Indiana.

ITEM 2. AMENDMENT OF THE ARTICLES OF INCORPORATION TO UPDATE THE PURPOSE AND GENERAL POWERS OF THE COMPANY

At a meeting held on February 28, 2002, the Company's Board of Directors unanimously adopted resolutions approving and recommending to shareholders the amendment of Article II of the Company's Articles of Incorporation to update the Company's purpose and general powers. The complete text of Article II, as amended, reads as follows:

Section 1. Purpose. The purpose of the Corporation is to engage in any lawful business.

Section 2. Powers. The Corporation shall possess, exercise and enjoy all lawful rights, powers and privileges necessary or convenient to carry out its business and affairs.

Discussion of the Proposed Amendment of Article II

The Board of Directors has concluded that it is in the best interests of the Company to amend the Company's Articles of Incorporation to update the Company's corporate purpose and general powers. As a result of recent changes to federal laws governing bank holding companies, the Board believes that the amendment would provide the Company with the necessary flexibility and authority to engage in such activities.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that shareholders vote "FOR" approval of the amendment. Assuming a quorum is present at the Annual Meeting, the amendment will be approved by the shareholders if the votes cast at the Annual Meeting in favor of the amendment exceed the votes cast against it. If sufficient votes are received, the amendment will become effective upon the filing of the Articles of Amendment or the Articles of Restatement to the Company's Articles of Incorporation with the Secretary of State of the State of Indiana.

ITEM 3. ELECTION OF DIRECTORS

The third item to be acted upon at the Annual Meeting of Shareholders will be the election of fifteen Directors to the Board of Directors of the Company in the classes indicated below to serve until the election and qualification of his or her successor. Provided the Amendments to the Articles of Incorporation are approved, those nominees designated as Class I will be elected to serve for a one year term expiring at the 2003 Annual Meeting of Shareholders, those nominees designated as Class II will be elected for a two year term expiring at the 2004 Annual Meeting of Shareholders, and those nominees designated as Class III will be elected to serve for a three year term expiring at the 2005 Annual Meeting of Shareholders.

If any Director nominee named in this proxy statement shall become unable or decline to serve (an event which the Board of Directors does not anticipate), the persons named as proxies will have discretionary authority to vote for a substitute

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

nominee named by the Board of Directors, if the Board determines to fill such nominee's position. Unless authorization is withheld, the enclosed proxy, when properly signed and returned, will be voted "FOR" the election as Directors of all of the nominees listed in this proxy statement.

Pages 8 through 10 contain the following information regarding each Director nominee of the Company: name; principal occupation or business experience for the last five years (for principal occupation for the last five years of Directors who are also Executive Officers, see pages 11 and 12; age; the year in which the nominee first became a Director of the Company; the number of shares of common stock of the Company beneficially owned by the nominee as of February 11, 2002; and the percentage that the shares beneficially owned represent of the total outstanding shares of the Company as of February 11, 2002. The number of shares of common stock of the Company shown as being beneficially owned by each Director nominee includes those over which he or she has either sole or shared voting or investment power.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for services rendered to the Company, other than the services described above under "Audit Fees" for the fiscal year ended December 31, 2001, were \$566,318. The vast majority of these fees relate to regulatory compliance (\$342,560), tax activities (\$82,563) and other audit related services (\$141,195) in support of the Company.

REPORT OF THE AUDIT COMMITTEE

This disclosure statement is being provided to inform shareholders of the Audit Committee oversight with respect to the Company's financial reporting.

Independence of Audit Committee Members

The Audit Committee is comprised of four members of the Board of Directors of the Company. All of the members of the Audit Committee are independent (as independence is defined in the New York Stock Exchange's listing requirements) from management and the Company.

Review with Management and Independent Accountants

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2001, and the footnotes thereto with management and the independent accountants (PricewaterhouseCoopers LLP). In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the Statement of Auditing Standards No. 61.

The Audit Committee discussed with PricewaterhouseCoopers LLP the independence of such accountants from management and the Company, and received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1. The Audit Committee has also considered whether PricewaterhouseCoopers LLP's provision of non-audit services is compatible with maintaining their independence.

The Audit Committee members do not have vested interests in the Company either through financial, family or other material ties to management which would hamper or influence their ability to evaluate objectively the propriety of management's accounting, internal control and reporting practices.

Conclusion

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

The Compensation Committee of the Board of Directors is currently composed of four non-employee Directors who are not eligible to participate in any management compensation programs. The Committee is responsible for establishing all compensation for the Company's Executive Officers and for setting and administering the terms, policies and agreements related to other compensation components for the Company's Executive Officers. An independent compensation consulting firm, Hay Group, Inc., has been retained by the Company since 1982 to advise the Compensation Committee on all compensation matters.

Compensation Principles

The Company's executive compensation program is structured to help the Company achieve its business objectives by

- o setting levels of compensation designed to attract and retain superior executives in a highly competitive environment;
- o providing incentive compensation that ties directly with both Company financial performance and individual contribution to that performance; and
- o linking compensation to elements that affect short- and long-term stock performance.

The Committee believes the most effective executive compensation program is one that provides incentives to achieve both current and long-term strategic management goals of the Company, with the ultimate objective of enhancing shareholder value. In this regard, the Committee believes executive compensation should be comprised of cash and equity-based programs which reward performance not only as measured against the Company's specific annual and long-term goals, but also which recognize that the Company operates in a competitive environment and that performance should be evaluated as compared to industry peers. In April 1999, the Company's shareholders adopted an Equity Incentive Plan, which authorizes the Compensation Committee to grant incentive and non-qualified stock options in addition to other forms of equity compensation. The Committee issued 1,400,000 stock option grants to employees of the Company in 2001. The equity-based compensation plans ensure that employees have a meaningful stake in the Company, the ultimate value of which is dependent on the Company's continued long-term success, and that the interests of employees are thereby aligned with those of the shareholders.

Salaries

The Compensation Committee establishes the salary of the Chairman, President and CEO (hereinafter the "Chairman"). The base salaries of the Company's next four highest paid Executive Officers are determined by the Compensation Committee with recommendations from the Chairman. The same compensation principles are applied in setting the salaries of all employees, including the Chairman, to ensure that salaries are fairly and competitively established. Salary ranges are determined for each executive position based upon survey data that is obtained from a relevant peer group and from the Hay Group, Inc. The Company uses the Hay Job Evaluation System to establish salary grades and ranges for each position based on the knowledge and problem-solving ability required to satisfactorily fulfill the position's assigned duties and responsibilities, its accountability and the impact on the operations and profitability of the Company. The Company's peer group consists of reasonably comparable regional bank holding companies. Relevant peer group data is used rather than the NYSE Financial Index because the peer group companies resemble more closely the asset size and operations of the Company. The peer group data is also used to validate and affirm recommendations presented by the Hay Group, Inc.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

From survey data, salary ranges are established each year for the Chairman and all other executive positions within the organization. These ranges are designed so that the mid-point of the salary range is approximately the 50th percentile of base salaries paid to comparable positions across a broad spectrum of comparable financial services companies. Within these established ranges, actual base salary adjustments are made periodically in accordance with the guidelines of the Company's salary administration program and performance review system. In 2001, the base salaries for the

Executive Officers as a group and the Chairman were within the established salary ranges. Continuous outstanding performance over an extended period of time could result in a salary at the top end of the established range whereas undistinguished performance could result in compensation at the lower end of the range.

Short Term Incentive Plan

The Company implemented a Short Term Incentive Plan (the "STIP") for certain key officers in 1996. The STIP provides for the payment of additional compensation in the form of an annual cash incentive payment contingent upon the achievement of certain corporate goals and the achievement of certain business performance goals. The STIP uses various scorecards based on specific corporate and shareholder-related performance goals relating to earnings per share and operating income. Participants were assigned to one of the incentive scorecards based upon their area of responsibility and expected level of contribution to the Company's achievement of its corporate goals. The incentive award levels, based upon the Company's and an individual participant's performances, range from 7.5% to 82.5% of a participant's base salary. The STIP incentive award opportunity for the Chairman ranges from 27.5% to 82.5% of base salary.

Each fiscal year the Compensation Committee establishes threshold (minimum), target and maximum performance levels under the STIP. If threshold performance is not achieved, there is no payment from the STIP for that period, and if performance exceeds the threshold, actual incentive payments to participants are in proportion to the actual financial performance achieved compared to the performance goals. For 2001, the Company exceeded the earnings per share target resulting in a payout to participating officers above the "target" level under the STIP. (See Summary Compensation Table on page 17.)

1999 Equity Incentive Plan

The Company maintains the 1999 Equity Incentive Plan (the "Plan"). The Board and the Compensation Committee believe that this flexible long-term, stock-based incentive plan enhances the Company's ability to attract, retain and reward management with exceptional talent and provides the Company with the ability to develop incentive programs which are responsive to the demands of the marketplace. The Compensation Committee also believes that the stock option grants afford a desirable long-term compensation method because they closely align the interests of management with those of shareholders. Three hundred sixty officers, including those listed in the Summary Compensation Table, participate in the Plan. During 2001, the Compensation Committee granted stock options to eligible Plan participants. In determining the grants of stock options to the Chief Executive Officer, as well as other named officers in the Summary Compensation Table, the Compensation Committee took into account the respective scope of responsibility, performance requirements and recent and expected contributions of the Plan participants to the Company's achievement of its long-term performance objectives.

Discussion of 2001 Compensation for the Chairman

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

Annually, the Compensation Committee receives an analysis from the Company's Senior Vice President, Director of Human Resources, on all aspects of the Chairman's remuneration, including base salary, incentive opportunity and the relationship of total compensation to the comparative survey data. When appropriate, the Compensation Committee may direct the Senior Vice President, Director of Human Resources, to compile additional compensation information and comparisons. The Committee considers several factors in establishing the Chairman's compensation package. These include the Company's overall performance as measured by total shareholder return, adherence to the Company's strategic plan, and the development of sound management practices. The Committee in evaluating an increase in the Chairman's base salary in 2001 considered these factors.

Summary

The Committee has determined that the Company's executive total compensation programs, plans and awards for 2001 are well within conventional standards of reasonableness and competitive necessity and are clearly within industry norms and practices.

In establishing executive compensation programs in the future, the Compensation Committee will continue to

focus on specific corporate goals designed to promote the overall financial success of the Company, such as earnings per share, operating income, credit quality and expense control, which are expected to improve the return on shareholders' equity.

Retirement Plan

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

The Old National Bancorp Employees' Retirement Plan (the "Retirement Plan") is a qualified, defined benefit, non-contributory pension plan covering substantially all employees of the Company and its subsidiaries and affiliates with one or more years of service with the Company or its subsidiaries and affiliates, and with credited service accruing from the date of employment, provided that the employee has not less than 1,000 hours of service (as defined in the plan) during such period.

The amount of annual contribution attributable to specific individuals cannot be determined in a meaningful manner. The following table shows the estimated annual pensions payable to eligible employees upon retirement at age 65. The amounts shown do not reflect any reduction related to Social Security earnings or for the survivor benefit features of the Retirement Plan, the application of which would reduce the amount of pension payable.

600,000	43,500	87,000	136,500	186,000	244,500

(1) The law in effect at December 31, 2001 prohibited the distribution of benefits from the Retirement Plan in excess of \$135,000 per year expressed as a straight life annuity. It also prohibited compensation in excess of \$170,000 to be used in the computation of the retirement benefit. Both amounts are indexed for inflation.

The Retirement Plan provides for the payment of monthly benefits in a fixed amount upon attainment of age 65. As a normal form of benefit, each eligible participant is entitled to receive a monthly pension for his or her life based on years of service and "average monthly compensation" (which excludes bonuses). In general, the formula for determining the amount of a participant's monthly pension is average monthly compensation multiplied by 1.45% for the first ten years of service, 1.65% for the next ten years of service, and 1.95% for the next fifteen years of service, less any amount related to Social Security earnings. In general, the amount of the reduction is .59% of average monthly compensation (up to a maximum of 125% of covered compensation) multiplied by all years of service up to 35 years of service. The standard retirement benefit for married participants is payable in the form of a joint and survivor annuity in an amount which is actuarially equivalent to the normal form of benefit. Instead of an annuity, participants may elect to receive a single sum cash settlement upon retirement in an amount that is actuarially equivalent to the participant's normal form of benefit.

2001 base salary figures for the Chairman and the next four most highly

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form PRE 14A

compensated Executive Officers of the Company are set forth in column (a) in the Summary Compensation Table on page 17. The Retirement Plan was frozen as of December 31, 2001, except to employees who were at least age 50 or who had 20 years of vesting service as of December 31, 2001. Mr. Risinger had 24 years of credited service; Mr. Hinton 22 years; Mr. Clayton 14 years; and Mr.

Moore 23 years. Mr. Poelker is not accruing benefits under this Plan but does continue to accrue service for eligibility of an immediate early retirement benefit.

For certain employees, in addition to the persons listed in the Summary Compensation Table, whose annual retirement income benefit under the Retirement Plan exceeds the limitations imposed by the Internal Revenue Code of 1986, as amended, and the regulations thereunder (including, among others, the limitation that annual benefits paid under qualified defined benefit pension plans may not exceed \$135,000) such excess benefits will be paid from the Company's non-qualified, unfunded, non-contributory supplemental retirement plan.

Agreements with Certain Officers

The Company has entered into change of control severance agreements with Messrs. James A. Risinger, Thomas F. Clayton, Michael R. Hinton, Daryl D. Moore and John S. Poelker. Each executive is entitled to benefits under his severance agreement upon any termination of the executive's employment by the Company (except for, and as is more specifically described in each severance agreement, termination for cause, disability, voluntary retirement or death), or upon a termination of employment by the executive under certain circumstances specified in his severance agreement, during the one-year period following a change in control (as defined in the severance agreements) of the Company which occurs during the term of the severance agreement.

In the event of a termination of employment, the executive will be entitled to receive a lump sum cash payment equal to the aggregate of: his then-effective base salary through the date of termination; all amounts due to the executive under the Company's accrued vacation program through the date of termination; and a certain amount under the Retirement Plan, as specified in his severance agreement. In addition, the Company must pay to the executive in a lump sum cash payment an amount equal to two times the average annual base salary paid to him by the Company in the three years preceding the date of termination. The severance agreements further require the Company to cause to be vested in each executive's name those awarded but unvested shares held in the executive's account in the Restricted Stock Plan, all amounts due the executive under the Company's Short Term Incentive Plan and to maintain in force for two years following the date of termination all employee welfare plans and programs in which the executive was entitled to participate immediately prior to such termination.

The change of control severance agreements provide for one year extensions by mutual agreement of the Company and the respective executives. With respect to Messrs. Risinger, Clayton, Hinton, Moore and Poelker, each of their severance agreements was extended by the Board of Directors in 2001 through December 31, 2003.

The Company's common stock began trading on the New York Stock Exchange on February 15, 2002. Because 2002 will be the first year during which that the Company's common stock will have traded on the New York Stock Exchange, for comparative purposes, both the NYSE Financial Index and the Nasdaq Bank Index are reflected in the stock performance graph.

The comparison of shareholder returns (change in December year end stock price plus reinvested dividends) for each of the periods assumes that \$100 was invested on December 31, 1996, in common stock of each of the Company, the Russell 1000 Index, the NASDAQ Bank Index, and the NYSE Financials Index with investment weighted on the basis of market capitalization.
