Proxy Statement

GENERAL

This Proxy Statement of Lydall, Inc. ("Lydall" or the "Company"), a Delaware corporation, is being mailed or otherwise furnished to stockholders on or about March 23, 2001 in connection with the solicitation by the Board of Directors of Lydall of proxies to be voted at the Annual Meeting of Stockholders. The Annual Meeting will be held on Wednesday, May 9, 2001 at 11:00 a.m. at The Hartford Club located at 46 Prospect Street in Hartford, Connecticut.

Enclosed with this Proxy Statement and Notice of Annual Meeting is a proxy card on which the Board of Directors requests that you vote in favor of the election of all nominees for Directors of the Company to serve for terms of one year until the next Annual Meeting of stockholders to be held in 2002. We would appreciate the return of your completed proxy card as soon as possible for use at the Annual Meeting or at any adjournments of the Annual Meeting. Properly executed proxies received by Lydall's Secretary before the meeting will be voted as directed unless revoked. A proxy may be revoked at any time before it is exercised by (a) notifying Lydall's Secretary in writing, (b) delivering a proxy with a later date or (c) by attending the meeting and voting in person. Unless you indicate on your proxy otherwise, shares represented by proxies properly signed and returned to the Company will be voted "FOR" the nominees for the Board of Directors named in the proxy.

Under the applicable provisions of the Company's By-laws, the presence, either in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

The election of Directors requires the affirmative vote of a plurality of the votes cast by the holders of shares who are present in person or represented by proxy at the Annual Meeting and are entitled to vote on the matter. With respect to all other matters, the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote and voting thereon shall be the act of the stockholders. Except that if the question is one upon which, by express provision of an applicable

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

stat ute, the Certificate of Incorp-

oration or the By-laws of the Company, a different vote is required, such express provision shall govern. For purposes of determining the number of votes cast with respect to the election of Directors, only those votes cast "FOR all nominees," "WITHHELD for all nominees," specifying that votes be withheld from one or more designated nominees, or providing the designated proxies with the right to vote in their discretion are counted. For purposes of determining the number of votes cast with respect to any other matter submitted to stockholders, only those votes cast "FOR" or "AGAINST" the matter or providing the designated proxies with the right to vote in their discretion are counted. Abstentions will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum but will not be considered as votes cast in determining whether a matter has been approved by stockholders. Abstentions, therefore, will not have any effect on the outcome of the voting. If a broker or other holder of record or nominee indicates on a proxy that it does not have authority, as to certain shares, to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter. As a result, these so-called "broker non-votes" will not have any effect on the outcome of the voting.

All costs of solicitation of proxies will be borne by the Company. Lydall has engaged the services of the outside proxy solicitation firm of Morrow & Co. Inc. in the interest of increasing the number of shares represented at the meeting. The anticipated cost of the engagement is approximately \$4,000. The contract provides for consultation regarding the written solicitation materials as well as written and other personal solicitation of proxies. Other costs anticipated are those ordinarily incurred in connection with the preparation and mailing of proxy material. In addition to solicitations by mail and the outside soliciting firm, the Company's directors, officers and other employees, without additional remuneration, may solicit proxies by telephone and in person.

Only holders of record of Lydall's Common Stock, par value \$.10 per share ("Common Stock"), at the close of business on March 12, 2001 (the "Record Date") are entitled to vote at the meeting. On that date there were 15,865,137 shares of Common Stock outstanding, the holders of which are entitled to one vote per share.

2

ELECTION OF LYDALL DIRECTORS

The Board of Directors has nominated Ms. Suzanne Hammett and Messrs. Lee A. Asseo, Samuel P. Cooley, W. Leslie Duffy, David Freeman, Robert E. McGill, III, Christopher R. Skomorowski, Elliott F. Whitely, Roger M. Widmann, and Albert E. Wolf for re-election as Directors of the Company for a term of one year until the next Annual Meeting to be held in 2002.

The only nominee for Director who is a current employee of the Company is the President and Chief Executive Officer, Christopher R. Skomorowski. The Company intends to maintain its Board with a majority of outside Directors.

Under the Certificate of Incorporation of the Company, the Board of Directors is empowered to establish the number of directorships between 3 and 15. The Board of Directors has currently fixed the number of directorships at 10. As of the Record Date, there were no vacancies.

Additional nominations for Directors may be made from the floor by stock-

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

holders who have complied fully with the advance notice procedures set forth in the By-laws of the Company. See "Stockholder Proposals and Nominations for Director" below. It is the intention of the Proxy Committee of the Board of Directors to vote only for the Director nominees described on pages 4 through 6 of this Proxy Statement. Proxies cannot be voted for a greater number of persons than the number of nominees named.

All nominees have indicated that they are willing and able to serve as Directors if elected. If any of such nominees should become unable or unwilling to serve, the Proxy Committee intends to vote for the replacement or replacements nominated by the Company's management.

Vote Required for Adoption

In order to be elected, the nominees must be approved by the affirmative vote of a plurality of the votes cast by the holders of shares of Common Stock represented, and entitled to vote, at the Annual Meeting.

The Board of Directors recommends that stockholders vote FOR the election of nominees referred to in this section.

ACTIVITIES OF THE BOARD OF DIRECTORS AND CERTAIN COMMITTEES OF THE BOARD

The Board of Directors held six meetings during 2000 and acted by unanimous consent on three occasions. All Directors attended at least 75 percent of the meetings of the Board held while they were Directors. All Directors attended all meetings of any committees on which they served.

The Company's Board of Directors has six standing committees: Audit Review, Development, Compensation and Stock Option, Pension, Nominating and Executive. The Audit Review Committee considers and reviews all matters connected with internal and external audit reports, the external auditors' management report, and similar matters. See "Report of the Audit Review Committee" below and the Audit Review Charter attached as Appendix A to this Proxy Statement. The Development Committee reviews management proposals for possible mergers and, in certain circumstances, acquisitions and joint ventures. The Compensation and Stock Option Committee: (i) reviews the executive compensation of senior officers of the Company; (ii) approves various contracts with officers; and (iii) approves the granting of restricted stock awards, stock options and stock bonus awards to key employees pursuant to the Lydall, Inc. 1992 Stock In-

6

centive Compensation Plan (the "1992 Plan"). The Pension Committee considers matters concerning the pension and profit sharing plans of the Company. The Nominating Committee recommends persons to be nominated as Directors and considers nominees recommended by stockholders. See "Stockholder Proposals and Nominations for Director" below. The Executive Committee acts on behalf of the Board of Directors in the intervals between its meetings on all matters other than those that are specifically reserved to the full Board under the applicable provisions of the Delaware General Corporation Law and those specifically assigned by the Board of Directors to its other committees.

During 2000, the Audit Review Committee held three meetings; the Development Committee held no meetings; the Compensation and Stock Option Committee held two meetings and acted by unanimous consent on two occasions; the Pension Committee held one meeting and acted by unanimous consent on two occasions; the Nominating Committee held no meetings, and the Executive Committee held no meetings and acted by unanimous written consent on one occasion.

Report of the Audit Review Committee

The Audit Review Committee focuses on three primary areas:

- . the performance of the Company's internal auditors and the independence and performance of the Company's independent auditors;
- . the Company's compliance with applicable legal and regulatory requirements; and
- . the Company's internal controls and financial reporting process and the Company's financial statements.

Periodically, we meet with management to consider the adequacy of the

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Company's internal controls and the objectivity of its financial reporting. We discuss these matters with the Company's independent auditors and with appropriate Company financial personnel and internal auditors, with whom we meet privately. Independent and internal auditors of the Company have unrestricted access to the Audit Review Committee.

The Audit Review Committee also recommends to the Board the appointment of the

7

independent auditors and reviews their performance and independence from management.

The Directors who serve on the committee are all "independent" for purposes of the New York Stock Exchange listing standards. The Board of Directors has determined that none of the Committee members have a relationship to Lydall that may interfere with their independence from Lydall and its management.

The Board has adopted a written charter setting out the functions the Committee is to perform. You can find a copy of that charter attached to this Proxy Statement as Appendix A.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America and discuss with us any issues they believe should be raised with us.

This year, the Audit Review Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2000 and met with both management and PricewaterhouseCoopers LLP, the Company's independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

We have received from, and discussed with, PricewaterhouseCoopers LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Review Committees), relating to that firm's independence from the Company. We also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

Based on these reviews and discussions, we have recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

Robert E. McGill, III

In addition, the Lydall, Inc. 1992 Stock Incentive Compensation Plan ("the 1992 Plan") provides for the automatic grant of nonqualified stock options covering the lesser of 9,000 shares of Common Stock, or a number of shares of Common Stock having an aggregate Fair Market Value on the date of grant equal to \$100,000, to each person serving as a Director on May 7, 2002. From 1991 through 1996, the Company maintained a Deferred Compensation Plan for outside Directors and the Chairman (the "Deferred Compensation Plan"). The Deferred Compensation Plan was discontinued in 1996, and no further benefits will accrue thereunder. All Directors who participated in this plan will receive a lump-sum cash payment upon the later of the date they cease to serve as a Director or their attaining 62 years of age. For each of those Directors, the total amount of the payment will be equal to \$3,000 for each full or partial calendar year of

EXECUTIVE COMPENSATION

COMPENSATION AND STOCK OPTION COMMITTEE REPORT TO STOCKHOLDERS

Based on proposals by management, the Compensation and Stock Option Committee (the "Committee") approves the compensation levels of Lydall's executives at the subsidiary president level and above, subject to ratification by the Board of Directors. The Committee also administers the Company's Stock Incentive Compensation Plans. Each of the three members of the Committee is a non-employee Director. All decisions by the Committee relating to the compensation of the Company's senior executives are reviewed by the full Board except for decisions about awards under the Company's stock-based compensation plans.

The Committee has been guided by the following principles in determining the compensation levels of the senior executives, including those named in the Summary Compensation Table -- Messrs. Skomorowski, Carolan, Ruschmeyer, Lanzi, and Lynch.

PHILOSOPHY

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Lydall relates its executive compensation to the long-term goals and strategy of the Company, which are to improve the strength and profitability of Lydall and to protect and increase stockholder value through above-average, consistent corporate performance. In 2000, bonus compensation was based 70 percent on the performance of the employee's EVA Center and 30 percent on the performance of the Company as a whole. Bonus compensation of those individuals at the corporate level was based entirely on the performance of the Company as a whole.

The Committee's executive compensation policies are designed to provide competitive levels of compensation that are closely integrated with the Company's annual and long-term strategic goals. Lydall seeks to attract and retain the highest qualified executives by offering competitive levels of base compensation as well as cash and stock-based incentive plans closely tied to the interests of its stockholders.

Senior executives' compensation packages are intended to be consistent with those of executives in comparable positions with diversified manufacturers similar in size to Lydall. However, since Lydall directly ties a large portion of its execu-

15

tive compensation to corporate performance, executives may be paid more in a particular year of good results and less in a year of disappointing results.

The Committee believes that stock ownership by management serves to align management and stockholder interests. Therefore, the Company's stock-based incentive plans are an important component of its executive compensation and are intended to retain and motivate executives to improve the long-term performance of the Company. The Committee also believes in aligning the cash bonus plan of the Company directly with the creation of stockholder value. In furtherance of this goal, during 2000, the Company adopted a new EVA Incentive Bonus Plan, which is described in more detail below.

ELEMENTS OF COMPENSATION

The following describes each of the three components of Lydall's executive compensation packages.

Base Salary. Base salary is compared with the competitive median for diversified manufacturers of similar size, as determined by independently published compensation surveys. Annual salaries for executives at \$200,000 and above are reviewed by the Committee every two years. Adjustments are based on changes in competitive pay levels and the Committee's assessment of the Executive's overall performance.

When Mr. Skomorowski became Chief Operating Officer, effective October 1, 1998, his salary was increased by 40 percent to reflect a salary commensurate with his new role and responsibilities. Effective January 1, 2001, Mr. Skomorowski's salary was increased 14.3 percent. Mr. Carolan's salary was increased on May 16, 1998 by 8.6 percent when he was promoted to Executive Vice President. Mr. Carolan's salary will be reviewed again at the end of 2001.

Similar considerations were given to setting the salaries of Messrs. Ruschmeyer, Lanzi and Lynch.

Bonus Compensation. The bonus portion of Lydall's executive compensation is a key component of its management's total compensation packages.

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Effective January 1, 2000, Lydall adopted Economic Value Added ("EVA") as the framework for its financial management and incentive compensation system. EVA is a measure of financial performance that is closely correlated with changes in stock market value. EVA equals the profit achieved after subtracting a charge for the use

16

of capital (including debt and equity) from the Company's net operating profit after taxes.

Lydall's EVA Incentive Bonus Program (the "Program"), is based on incremental EVA improvements year over year. It rewards sound decision-making based on long-term sustainable growth. The objective of the Program is to create a strong incentive for Lydall's employees to increase stockholder value by allowing them to share a portion of the increase.

Most full-time salaried and hourly employees of the Company are eligible to participate in the Program. Salaried employees of EVA Centers, which are either individual operations or groups of related businesses of Lydall, will receive bonuses based 70 percent on the performance of their specific EVA Center and 30 percent based on the performance of Lydall on a consolidated basis. Hourly employees will receive bonuses based entirely on the performance of their specific EVA Center. Bonuses for employees of Lydall World Headquarters will be based solely on the performance of Lydall on a consolidated basis.

Companywide, the amounts for individual awards range from 5 percent to 70 percent of base salary ("target percentage") if pre-determined targets are met. The amount of the award, however, can be more or less if targets are exceeded or not met, respectively. In 2000, the senior executives named in the Summary Compensation Table other than Mr. Skomorowski had target percentages of 50%. As a result of above-target performance of their specific EVA centers, Messrs. Carolan, Ruschmeyer, and Lynch received bonuses in excess of 50% of base salary. Mr. Lanzi's bonus was less than 50% because his specific EVA Center did not meet its target.

In 2000, Mr. Skomorowski was eligible to receive a bonus of 60 percent of his base salary provided that Lydall's consolidated performance reached the EVA target. Since that target was exceeded, Mr. Skomorowski's bonus is slightly in excess of 60% of his base salary.

Stock Option Awards. The Committee has granted stock options for the purpose of further linking executive compensation to long-term performance by facilitating appropriate levels of stock ownership by its executives. Option grants are based on comparison studies of executive stock ownership in other public companies similar in size to Lydall and individual performance. In addition to the

17

senior executives named in the Summary Compensation Table, a significant number of Lydall's managers participate in the Company's stock option program.

Stock options are granted at the prevailing market price on the grant date and will only accrete value if the Company's stock price increases above the grant price. Generally, option grants vest over four years and individuals must be employed by the Company at the time of vesting in order to exercise the options.

Mr. Skomorowski received two option grants covering 80,000 shares of Lydall,

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Inc. Common Stock in 2000. He now holds options covering a total of 223,551 shares of Common Stock, 129,125 of which were vested as of the Record Date. Mr. Skomorowski's option holdings are reviewed annually by the Committee. Option grants to Mr. Skomorowski are also tied to his level of base salary and to the long-term performance of the Company.

In 2000, Messrs. Carolan, Ruschmeyer and Lynch each received two option grants covering a total of 17,500, 67,500, and 35,000 shares respectively.

LIMITATION ON DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The Omnibus Budget Reconciliation Act of 1993 added Section 162(m) to the Internal Revenue Code of 1986, as amended. Section 162(m) generally denies a publicly held corporation, such as the Company, a federal income tax deduction for compensation in excess of \$1 million per year paid or accrued for each of its chief executive officer and four other most highly compensated executive officers. Certain "performance-based" compensation is not subject to the limitation on deductibility provided that certain stockholder approval and independent director requirements are met.

As no Company executive officer's compensation exceeded \$1 million per year, the Committee does not believe that the deductibility limitation is applicable. The Committee will continue to review the situation in light of the regulations and future events with the objective of achieving deductibility to the extent appropriate.

The following graph compares the cumulative total return on the Company's shares over the past five years with the cumulative total return on shares of companies comprising the Standard & Poor's Small Cap 600 Index and the Russell 2000 Index. Cumulative total return is measured assuming an initial investment of \$100 on December 31, 1995, including reinvestment of dividends.

Due to the diversity of niche businesses that Lydall participates in, it is difficult to identify a reasonable peer group or one line-of-business index for comparison purposes. Thus, Lydall has chosen to compare its performance to the Standard & Poor's Small Cap 600 Index of which it is a constituent, and the Russell 2000 Index, which is comprised of companies with similar market capitalizations.

PLAN DESCRIPTIONS

While not required by the Securities and Exchange Commission rules in every case, the Company believes a brief description of each compensation plan will enable stockholders to better understand the information presented in the tables.

Defined Benefit Pension Plan

The Company provides a noncontributory, "career average" defined benefit pension plan (the "Pension Plan") to most salaried employees. The Pension Plan provides that benefits, in the amount of 2 percent of the participant's annual eligible earnings, (subject to limitations imposed by the Internal Revenue Code) will accrue annually. The Pension Plan benefits are not determined primarily by final or average final compensation. The Company pays the entire cost of the Pension Plan which is administered by a committee appointed by the Board of Directors.

A participant's compensation for purposes of determining pension benefits is the participant's W-2 compensation (less bonus and other similar compensation

payments) plus

pretax employee contributions to the pretax plans of Lydall.

The normal retirement age under the Pension Plan is 65 and actuarially reduced benefits are available at age 55 if the participant has ten years of service. Messrs. Skomorowski, Carolan, Lanzi, Ruschmeyer and Lynch are expected to receive annual benefits upon retirement at normal retirement age (assuming they work until age 65 and receive salary increases of 5 percent per year except for Mr. Lanzi whose earned benefits end upon his February 4, 2001 termination date) in the amounts of \$128,408, \$69,042, \$55,494, \$73,200, and \$105,998 respectively. The aforementioned amounts are not subject to any further reductions for Social Security benefits or for any other offset amounts.

Stock Incentive Plan

The Company maintains the 1992 Plan, which expires on May 12, 2002. The 1992 Plan presently authorizes an aggregate of 2,420,000 shares of Common Stock for issuance under the terms of incentive awards that may be granted to Directors, officers and other key employees of the Company. Incentive awards granted under the 1992 Plan may take the form of nonqualified stock options, incentive stock options, restricted stock awards, or stock bonus awards.

STOCK OPTION TABLES

The following table provides information regarding stock options granted during 2000 to the executive officers named in the Summary Compensation Table. In accordance with Securities and Exchange Commission rules, the values assigned to each reported option are shown using gains based on assumed rates of annual compound stock price appreciation of 5 percent and 10 percent from the date the options were granted over the full option term.

In assessing these values, it should be kept in mind that no matter what theoretical value is placed on a stock option on the date of grant, its ultimate value will be dependent on the market value of the Company's stock at a future date, and that value will depend on the efforts of such executives to foster the future success of the Company for the benefit of not only the executives, but all stockholders.

ECONOMIC VALUE ADDED INCENTIVE PROGRAM

The company provides a bonus compensation program called the EVA Incentive Program to most salaried employees, and has included most of its hourly employees in the 2001 program year. Bonuses are based on incremental improvements made year over year as compared to the EVA objectives that have been approved by the Board of Directors.

Stock Purchase Plan

The Lydall Employee Stock Purchase Plan (the "Stock Purchase Plan") gives certain full-time, nonunion and union (if negotiated) Lydall employees the opportunity to purchase Common Stock through regular payroll deductions. Lydall contributes 33 1/3 percent of each employee's contribution up to \$150 a month. Purchases are made on the open market by a brokerage firm.

401(k) Plan

The Lydall, Inc. Profit Sharing Plan No. 1 was merged into the Lydall, Inc. 401(k) Plan effective December 31, 1999. The Profit Sharing component of the Plan is considered a stock bonus feature. The Company provides this benefit to most salaried and full-time, non-union hourly employees. The Board of Directors has discretionary authority to determine the amount of contributions (if any) to be made each year by the Company. Each employee receives a percentage of his or her W-2 compensation, as determined by the Board of Directors, (subject to the limitations imposed by the Internal Revenue Code) less bonus and other similar compensation. Contributions are made either in shares of Common Stock or in cash. If cash, the trustee of the Plan uses it to purchase Common Stock, so that the Profit Sharing component of the Plan is invested primarily in Lydall Common Stock. The Plan provides that an employee's Profit Sharing account balance shall be distributed to an employee who terminates employment with a vested benefit, or who retires at normal retirement age.

The 401(k) component of the Plan is available to most full-time, non-union employees with at least three months of service and all domestic union employees. In accordance with Section 401(k) of the Internal Revenue Code, the 401(k) Plan provides participants with the option to reduce their gross income for federal income tax

purposes to the extent of their pretax contributions. Generally, participants may contribute up to 15 percent of their total compensation on a pretax basis (subject to limitations imposed by the Internal Revenue Code). Lydall matches the nonunion employees' pretax contributions up to 4 percent of each employee's annual compensation. The first 2 percent is matched dollar for dollar, and the next 2 percent is matched by 50 cents for every dollar. Lydall's matching contribution is immediately fully vested. Union employees, if negotiated, have varying 401(k) matching employer contributions.

Other Employee Benefit Plans Remuneration

Lydall provides group life insurance of two times salary, and Accidental

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Death & Dismemberment Insurance for most eligible salaried employees. With respect to all executive officers named in the Summary Compensation Table and certain other officers of the Company, such life insurance coverage is three to four times salary and consists of an individual Universal Life Policy which is owned by the individual.

Lydall provides, under a group plan, long-term disability coverage of 60 percent of base salary to most eligible salaried and full-time, non-union hourly employees. The Company provides all executive officers named in the Summary Compensation Table and certain other officers of the Company with long-term disability coverage equal to their base salary to the extent available.

Supplemental Executive Retirement Plan

The Company has a supplemental retirement plan intended to provide retirement benefits supplementing those provided under other Company-related retirement plans to certain officers and key employees. Most of the officers named in the Summary Compensation Table are participants. Upon retirement, and for a period of up to 15 years, a participant is entitled to receive a monthly retirement benefit. That benefit is limited to a maximum of 60 percent of the participant's final average pay less the participant's benefits (attributable to Company contributions) under all of the Company's qualified plans.

A participant is deemed vested in the supplemental benefits when they have attained age 55 and the sum of their age and service equals or exceeds 70. Mr. Carolan and Mr. Lanzi are the only participants named in

27

the Summary Compensation Table who are fully vested. Messrs. Skomorowski and Carolan are estimated to receive annual benefits upon retirement at normal retirement age in the amount of \$258,000 and \$110,000 respectively. As of Mr. Lanzi's termination date of February 4, 2001, he has earned an estimated annual benefit of \$33,500 payable at his normal retirement age.

Transactions with Management

The Company has entered into employment agreements with Messrs. Skomorowski, Carolan, Franks, Grupinski, Lynch, and Ruschmeyer, and Mses. Butenas, Estey, Krallis-Nixon, and Tremblay. All agreements, with the exception of that belonging to Mr. Ruschmeyer, are dated March 1, 2000 and were amended on August 1, 2000. Mr. Ruschmeyer's agreement is dated March 16, 2000 and was amended on August 1, 2000. These agreements provide, among other things, for benefits in the event of termination of the employee's employment by the Company other than for "cause" (as defined in the agreements) or by the employee for "good reason" (as defined in the agreements). If such a termination without "cause" or for "good reason" does not occur within 12 months following a "Change of Control" of the Company, such termination benefits would include (i) a severance benefit equal to one times (two times in the case of Mr. Skomorowski) the sum of the employee's annual base salary rate and average annual incentive bonus (payable in a lump sum in the case of Mr. Skomorowski and spread over 12 months in the case of the other employees); (ii) continued coverage under the Company's medical, dental and life insurance plans, and in the case of Mr. Skomorowski the Company's long-term disability plan (if reasonably commercially available), for up to 12 months (18 months in the case of Mr. Skomorowski), subject to any required employee contributions; (iii) for Mr. Skomorowski only, supplemental benefits under the Company's tax-qualified pension plan and supplemental executive retirement plan as if he had 18 additional months of service; and (iv) certain other benefits. If such a termination without "cause" or for "good reason" occurs within 12 months following a

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

"Change of Control" of the Company, such termination benefits would include: (i) a severance benefit equal to two times (three times in the case of Mr. Skomorowski)

28

the sum of the employee's annual base salary rate and average annual incentive bonus (payable in a lump sum); (ii) a pro-rata portion of the employee's maximum bonus opportunity for the year of termination of employment; (iii) continued coverage under the Company's medical, dental, life insurance and (if reasonably commercially available) long-term disability plans for up to 24 months (36 months for Mr. Skomorowski), subject to any required employee contributions; (iv) supplemental benefits under the Company's tax-qualified pension plan and supplemental executive retirement plan as if the employee had two additional years of service (three additional years in the case of Mr. Skomorowski); (v) vesting in stock options and restricted stock; and (vi) certain other benefits. If any payments or benefits for Mr. Skomorowski are subject to the federal excise tax on "excess parachute payments," Mr. Skomorowski will receive, under his employment agreement, an additional payment in an amount designed to put him in the same after-tax position as if the excise tax had not been imposed. The employment agreements define a "Change of Control" to mean (i) the acquisition of 25 percent or more of the voting power of all classes of the Company's stock by a person, entity or group other than the Company or any subsidiary thereof, (ii) the directors on the date of the employment agreement and their successors whose election or nomination for election was approved by at least a majority of such directors and successors cease to constitute a majority of the Board of Directors of the Company, or (iii) the shareholders of the Company approve a plan of complete liquidation, an agreement for the sale or other disposition of all or substantially all of the assets of the Company, or an agreement for the merger or consolidation of the Company (other than a merger or consolidation in which holders of the Company's common stock before the merger or consolidation have a majority of the common stock of the surviving corporation immediately after the merger or consolidation or the Board of Directors before the merger or consolidation would constitute a majority of the Board of Directors of the surviving corporation immediately after the merger or consolidation).

29

The Company has also entered into agreements with Messrs. Kopp and Smith dated April 1, 2000 and May 1, 2000 respectively. The agreements are intended to provide for continuity of management in the event of a change in control of the Company. The agreements generally provide for severance benefits in the event that Mr. Kopp or Mr. Smith is terminated within 12 months following a Change in Control, unless the termination is for "cause", as defined in the agreements). The agreements define a change of control of the Company as: (a) beneficial ownership of at least 25% of total voting power of all classes of stock of the Company; or (b) the election to the Board of a majority of directors who were not approved by a majority of current directors; or (c) a shareholder approved liquidation of the Company; or (d) a merger or consolidation of the Company or (e) a sale or disposition of the assets of the Company.

The benefits which Messrs. Kopp and Smith would receive under the agreement include severance equal to two times the sum of their base salary and the average of the three highest annual bonuses in the previous five years; the maximum bonus for which each was eligible in the year of termination, and two years of medical, dental, life and long-term disability insurance coverage.

Section 16(a) Beneficial Ownership Reporting Compliance

Edgar Filing: LYDALL INC /DE/ - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors, executive officers and persons who beneficially own more than 10 percent of the Company's stock to file certain reports with the Securities and Exchange Commission ("SEC") and the New York Stock Exchange concerning their beneficial ownership of the Company's equity securities. Applicable SEC regulations also require such persons to furnish the Company with copies of all such reports. Based solely on a review of the copies of such reports furnished to the Company as of the date of this Proxy Statement, or written representations that no reports were required, the Company believes that, during 2000, all filing requirements applicable to its Directors, officers and greater than 10 percent stockholders were satisfied, except that four Form 4s, each covering a single stock option exercise by Directors Asseo, Cooley, Widmann and Wolf respectively, were not filed at the time of the transactions. The error was corrected by

the subsequent disclosure in Form 5s, filed after the end of the year.

Representatives of PricewaterhouseCoopers LLP, will be present at the Annual Meeting and will be available to respond to questions.

Other Matters

The Board of Directors does not know of other matters which may come before the meeting. However, if other matters are properly presented at the meeting, it is the intention of the Proxy Committee to vote or otherwise to act in accordance with their judgment on such matters.

Stockholder Proposals and Nominations for Director

Proposals of stockholders of the Company that are intended to be presented at the Annual Meeting to be held in 2002, and which stockholders desire to have included in the Company's proxy materials relating to such meeting must be received by the Company no later than November 23, 2001, which is 120 calendar days prior to the anniversary of the mailing date for this year's Proxy Statement, and must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the Proxy Statement and form of proxy for that meeting.

Under the Company's By-laws, no business, including the nomination of persons for election to the Board of Directors of the Company, may be brought before an Annual Meeting of Stockholders, except as set forth in the notice of the meeting or as otherwise brought before the meeting by, or at the direction of, the Board of Directors or by a stockholder who has delivered a written notice to the Company containing certain specified information. may be. These requirements are separate and distinct from, and are in addition to, the Securities and Exchange Commission requirements (described above) that a stockholder must meet in order to have a stockholder proposal included in the Company's Proxy Statement. To be timely under the Company's By-laws, a stockholder's notice must be received by the Company on or before March 11, 2002, but no earlier than February 9, 2002 (the "By-law Deadline"), which is the period not less than 60 days nor more than 90 days prior to the first anniversary of this year's Annual Meeting.

APPENDIX A

AUDIT REVIEW COMMITTEE CHARTER

Purpose

The primary purpose of the Audit Review Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including the Company's systems of internal accounting and financial controls, and the Company's process for monitoring compliance with applicable law and ethics programs, and the annual independent audit of the Company's financial statements.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. Additionally, the Committee recognizes that financial management, including the internal audit staff, as well as the outside auditors, has more time, knowledge and more detailed information on the Company than do Committee members.

Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

- . The Committee shall review with management and the outside auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K) and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61.
- . As a whole, or through the Committee Chair, the Committee shall review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with Securities and Exchange Commission and the matters required to be discussed by SAS No. 61; this review will occur prior to the Company's filing of the Form 10-Q.
- . The Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls.
- . The Committee shall:
 - . request from the outside auditors annually, a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1;
