**Item 5. Other Events and Regulation FD Disclosure**

On January 16, 2003, El Paso Electric Company (the Company ) was served with a complaint on behalf of a purported class of shareholders alleging violations of the federal securities laws. The complaint was filed in the United States District Court for the Western District of Texas by a holder of 100 common shares of the Company. The allegations arise out of an investigation by the Federal Energy Regulatory Commission ( FERC ) of the power markets in the Western United States during 2000 and 2001. The Company and the trial staff of the FERC reached a settlement of the FERC investigation on December 5, 2002. The Company believes the lawsuit is without merit and intends to defend itself vigorously.
