4. Reduction of share capital by cancellation of shares repurchased on the second trading line

The Board of Directors proposes:

(A) The cancellation of 6,196,337 shares, acquired on the second trading line, and the corresponding reduction of the share capital of the Company from CHF 934,286,047.20 by CHF 51,429,597.10 to CHF 882,856,450.10;

Each share has a par value of CHF 8.30.»

Explanation

The Ordinary General Meeting of 27 April 2004 approved a share repurchase program. As part of this program, a total of 1,696,337 Syngenta shares with a nominal value of CHF 14,079,597.10 were repurchased on a second trading line between 3 May 2004 and 31 December 2004. In addition, on 11 February 2005 Syngenta exercised a call option on 4.5 million Syngenta shares with a nominal value of CHF 37,350,000. That transaction was also arranged via the second trading line. This call option was written as part of an agreement allowing Syngenta to resolve restrictions on the holding of treasury shares under Swiss Law.

The Board of Directors proposes that these shares be cancelled and the share capital reduced accordingly.

In a special audit report for the Ordinary General Meeting, the Auditors Ernst & Young find that the claims of the creditors can be met in full despite the reduction of the share capital according to this agenda item and the reduction of the share capital by means of the nominal value reduction proposed under agenda item 5.

The reduction of share capital by cancellation of shares can only be accomplished after publication of the notice to creditors in accordance with article 733 of the Swiss Code of Obligations. Such notice to creditors will be published after the Ordinary General Meeting in the Swiss Commercial Gazette. The creditors may file their claims and demand payment or security within two months of the date of the third and last publication. The share capital may be reduced only after the two month period has expired and all claims filed have been satisfied or secured. In addition, the reduction may only be registered in the commercial register if it is notarially certified that the above requirements are satisfied.

5. Reduction of share capital by repayment of nominal value of shares

The Board of Directors proposes:

(A) To reduce the Company's share capital from CHF 882,856,450.10 by CHF 287,194,266.90 to CHF 595,662,183.20 by reduction of the nominal value of each of the remaining 106,368,247 shares from CHF 8.30 by CHF 2.70 to CHF 5.60 and to repay to the shareholders CHF 2.70 per share;

(B) To declare, as a result of a special audit report prepared in accordance with article 732 paragraph 2 of the Swiss Code of Obligations, that the claims by the creditors are fully covered notwithstanding the above reduction of the share capital;

(C) To amend article 4, paragraph 1, of the Articles of Incorporation of Syngenta AG on completion of the capital reduction as follows (changes underlined): «The share capital of the Company is CHF 595,662,183.20, fully paid-in and divided into 106,368,247 registered shares. Each share has a par value of CHF 5.60.»

Explanation

The reduction of share capital by repayment of nominal value of shares must comply with the same formal requirements as the capital reduction by cancellation of shares referred to in agenda item 4. Subject to compliance with the legal requirements, the repayment of nominal value is expected to be made on 22 July 2005 to those shareholders who are owners of Syngenta shares on the day before repayment.
