Item 1.01. Entry into a Material Definitive Agreement.

On September 28, 2018, Tyson Foods, Inc. (the “Company”) completed its previously announced public offerings and sale of \$400,000,000 aggregate principal amount of its 3.900% Senior Notes due 2023 (the “2023 Notes”) and \$500,000,000 aggregate principal amount of its 5.100% Senior Notes due 2048 (the “2048 Notes” and, together with the 2023 Notes, the “Notes”), pursuant to an underwriting agreement (the “Underwriting Agreement”), dated September 25, 2018, among the Company and Morgan Stanley & Co. LLC, Barclays Capital Inc. and J.P. Morgan Securities LLC for themselves and as representatives of the several underwriters named therein.

The sale of the Notes was made pursuant to the Company’s Registration Statement on Form S-3 (Registration No. 333-217775), including a prospectus supplement dated September 25, 2018 (the “Prospectus Supplement”) to the prospectus contained therein dated May 8, 2017, filed by the Company with the Securities and Exchange Commission, pursuant to Rule 424(b)(5) under the Securities Act of 1933, as amended.

The Company issued the Notes under an indenture dated as of June 1, 1995 (the “Base Indenture”) between the Company and The Bank of New York Mellon Trust Company, N.A. (as successor to JPMorgan Chase Bank, N.A. (formerly The Chase Manhattan Bank, N.A.)), as trustee, as supplemented by a supplemental indenture dated as of September 28, 2018 for each series of Notes (each, a “Supplemental Indenture” and, together with the Base Indenture, the “Indenture”), each between the Company and The Bank of New York Mellon Trust Company, N.A., as trustee. The Base Indenture and each Supplemental Indenture (including the forms of each series of Notes) are filed as Exhibits 4.1 through 4.5 to this report and are incorporated herein by reference. The following description of the Notes and the Indenture is a summary and is not meant to be a complete description thereof.

The 2023 Notes will bear interest at a fixed rate per annum equal to 3.900%, and the 2048 Notes will bear interest at a fixed rate per annum equal to 5.100%.

Interest on the 2023 Notes and 2048 Notes is payable semi-annually in arrears on March 28 and September 28 of each year, commencing on March 28, 2019. In each case, interest is payable to the persons in whose names such Notes are registered at the close of business on the 14th calendar day immediately preceding the applicable interest payment date (whether or not a business day). Interest that the Company pays on the maturity date will be paid to the person to whom the principal will be payable.

The amount of interest payable on the Notes will be computed on the basis of a 360-day year of twelve 30-day months.

The 2023 Notes and the 2048 Notes will mature on September 28, 2023 and September 28, 2048, respectively.

The Notes are the general senior unsecured obligations of the Company and will rank equally in right of payment with all of the Company's other existing and future senior unsecured indebtedness from time to time outstanding, including all other senior Notes issued under the Indenture.

The Company may redeem the 2023 Notes or 2048 Notes, in whole or in part, at any time prior to August 28, 2023 or March 28, 2048, respectively ("Par Call Date"), at a redemption price equal to the greater of (i) 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest thereon to the date of redemption; and (ii) the sum of the remaining scheduled payments of principal of and interest on such Notes being redeemed (not including any portion of the payments of interest accrued as of the date of redemption), from the redemption date to the Par Call Date, discounted to its present value as of the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Adjusted Treasury Rate (as defined in the Supplemental Indenture), as determined by the Quotation Agent (as defined in the Supplemental Indenture), plus 15 basis points for the 2023 Notes and 30 basis points for the 2048 Notes, plus, accrued and unpaid interest on the principal amount of such Notes being redeemed to the date of redemption.

At any time on or after the Par Call Date for the 2023 Notes or the 2048 Notes but prior to the maturity date of the relevant series of Notes, the Company may redeem such Notes, in whole or in part, at any time at a redemption price equal to 100% of the principal amount of such Notes, plus accrued and unpaid interest thereon to the date of redemption.

The Company intends to use the net proceeds from this offering to repay (i) amounts outstanding under Tranche B due August 2020 of its term loan facility, dated as of April 7, 2015, as amended, between the Company and Bank of America, N.A. as lender (which bore interest at the rate of 2.93% as of June 30, 2018) and (ii) commercial paper obligations. The Company may, however, use a portion of the proceeds to pay down certain other outstanding debt and/or for general corporate purposes.

If the Company experiences a Change of Control Triggering Event (as defined in the relevant Supplemental Indenture) with respect to a series of Notes, each holder of Notes of such series may require the Company to purchase such holder's Notes at a purchase price equal to 101% of the aggregate principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase.

The Indenture includes certain restrictive covenants, including covenants that limit the ability of the Company and certain of its subsidiaries to, among other things, incur secured debt, enter into sale and lease-back transactions and consolidate, merge or transfer substantially all of the Company's assets to another entity. The covenants are subject to a number of important exceptions and qualifications set forth in the Indenture.

The Indenture contains customary terms, including that upon certain events of default occurring and continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may declare the unpaid principal of the Notes and any accrued and unpaid interest thereon immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization relating to the Company, the principal amount of the Notes together with any accrued and unpaid interest thereon will automatically become and be immediately due and payable.

The foregoing description of the Underwriting Agreement, the Indenture and the related instruments and transactions associated therewith does not purport to complete and is subject to, and qualified in its entirety by, the full text of the agreements and instruments, each of which is attached hereto as an Exhibit.
