Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of beneficial ownership and reports of changes in beneficial ownership with the Securities and Exchange Commission. Such persons are required by the SEC regulations to furnish the Company with copies of all Section 16(a) forms filed by such persons. Based solely on copies of forms received by it, or written representations from certain reporting persons that no Form 5's were required for those persons, the Company believes that during the fiscal year ended June 30, 2008, its executive officers, directors, and greater than 10% beneficial owners complied with all applicable filing requirements.

Standards of Conduct and Business Ethics

The Company has previously adopted Standards of Conduct for the Company (the Standards). The Board amended the Standards in August 2004. A copy of the Standards was filed as Exhibit 14 to the Company's Form 10-K for the fiscal year ended June 30, 2006. Under the Standards, all directors, officers and employees (Employees) must demonstrate a commitment to ethical business practices and behavior in all business relationships, both within and outside of the Company. All Employees who have access to confidential information are not permitted to use or share that information for stock trading purposes or for any other purpose except the conduct of the Company's business.

Any waivers of or changes to the Standards must be approved by the Board and appropriately disclosed under applicable law and regulation.

posting such waivers or amendments to the website in the manner provided by applicable law.

Basso, McCann and Pettirossi, (Chairman) and the Compensation Committee, which is comprised of Mr. McCann (Chairman), Mr. Basso and Mr. Pettirossi. There is no standing Nominating Committee of the Board. Due to the small size of the Board, during the fiscal year ended June 30, 2008, the full Board performed the functions of a Nominating Committee.

Audit Committee

The Company's Board of Directors maintains an Audit Committee which is currently composed of the following directors: Messrs. Basso, McCann and Pettirossi (Chairman). The functions of the Audit Committee are set forth in its written charter which was most recently amended in July 2004 and which was attached as Appendix A to the Company's Proxy Statement for its 2004 Annual Meeting. The Charter is also posted on the Company's web site, www.magpet.com, under the heading "Corporate Governance". The Audit Committee has the authority to institute special investigations and to retain outside advisors as it deems necessary in order to carry out its responsibilities.

The Board of Directors has determined that all of the members of the Audit Committee are independent, as defined by the rules of the U.S. Securities and Exchange Commission (SEC) and the Nasdaq Stock Market, Inc. Compensation Discussion and Analysis

Overview

In this section, we provide an overview and analysis of our executive officer compensation program and policies. Later in this proxy statement, under the heading *Additional Information Regarding Executive Compensation*, you will find a series of tables containing specific information about the compensation earned or paid in the fiscal year ended June 30, 2008 to the following individuals, whom we refer to as our named executive officers (or *NEOs*): Daniel J. Samela, who serves as our President, Chief Executive Officer and Chief Financial/Accounting Officer; and Dr. T. Gwynn Davies, who serves as the General Manager, Magellan Petroleum Australia Limited, our wholly-owned subsidiary (*MPAL*). For purposes of this *Compensation Discussion and Analysis* only, the term *Company* refers to Magellan Petroleum Corporation and MPAL, collectively, unless the context otherwise requires. Compensation figures for Dr. Davies are expressed below in Australian dollars and denoted with an *A\$*.

Board Oversight of Executive Compensation

The Company's executive compensation guidelines are developed and monitored by our Board of Directors, acting as the Compensation Committee, comprising all five, independent members of the Board. The Board is responsible for determining the types and amounts of compensation paid to Mr. Samela. In fulfilling its role, the Board considers the Company's performance and strategic objectives in determining, on an annual basis, whether any corresponding adjustments to Mr. Samela's compensation levels are warranted, in light of the attainment of these performance objectives. The Board has the authority to retain outside consultants to assist the Board in performing these responsibilities. However, the Board has not to date used any compensation consultant firms to determine and review Mr. Samela's compensation.

The Nominations and Remunerations Committee (*NRC*) of the Board of Directors of MPAL oversees the executive compensation program for Dr. Davies, as part of its ongoing responsibility for the executive compensation program for all of MPAL's senior officers. The NRC is comprised of Walter McCann, Robert Mollah and Norbury Rogers. For purposes of establishing the executive compensation program for Dr. Davies and the other senior officers of MPAL, MPAL retained the services of HR Advantage Consulting Pty Ltd, of Brisbane, Australia during late 2007 to provide the NRC with consulting services related to compensation packages for MPAL senior officers, including Dr. Davies. With respect to executive compensation services, however, HR Advantage also provided direct confidential advice to the NRC and to Mr. Mollah, as Chairman of MPAL Board, as appropriate.

Neither Mr. Samela nor Dr. Davies determine or approve any element or component of his own base salary or any other aspects of his compensation. Dr. Davies is paid on the basis of a Total Remuneration Employment Cost (TREC) which includes a 9% compulsory company contribution into an Australian retirement (superannuation) fund of his choice. Through salary sacrifice, Dr Davies also makes additional contributions into his retirement fund.

Objectives of Our Compensation Program

Our executive compensation program is designed to motivate and reward our NEOs in a fiscally responsible manner. The oil and gas exploration and production industry has historically been highly competitive, a trend which has increased significantly in the last few years. As a result, experienced professionals have significant career mobility. We are a smaller company in a highly competitive industry that competes for executive talent with a large number of

exploration and production companies, many of which have significantly larger market capitalization than us. Our ability to motivate and reward our executive officers and other key employees is essential to maintaining a competitive position in the oil and gas business. Our comparatively smaller size and relatively small executive management team pose unique challenges in this industry, and therefore, are substantial factors in the design of our executive compensation program.

In light of the foregoing factors, the Board and the NRC strive to maintain compensation programs that are competitive within the independent oil and gas industry in the United States and in Australia. The award of base salary, annual cash bonuses, equity-based awards and benefit packages to our NEOs are at the complete discretion of the Board and the NRC. Periodically, however, the Board and the NRC review our executive compensation program to assess whether the program remains competitive with those of similar companies, considers the program's effectiveness in creating adequate incentives for our executive officers to find, acquire, develop and produce oil and gas reserves in a cost-effective manner, and determines what changes, if any, are appropriate in light of our overall performance and ability to attract and retain talented executive officers.

The Board and the NRC may, in addition to base salaries, authorize annual cash bonuses and equity-based awards in the future for Messrs. Samela and Davies, based upon the attainment of our operational and strategic goals. We have not adopted specific target or performance levels which would automatically result in increases or decreases in compensation for Messrs. Samela and Davies. Instead, we make compensation determinations based upon a consideration of many factors, including those described below. We have not assigned relative weights or rankings to these factors. Specific elements of company performance and individual performance that we consider in setting compensation policies and making compensation decisions include the following factors:

- the cyclical nature of the oil and gas business and industry trends in Australian oil and gas markets,

- the growth in the quantity and value of our proved oil and natural gas reserves, volumes of oil and natural gas produced by the Company and our executives' ability to replace oil and natural gas produced with new oil and natural gas reserves;

- the Company's oil and gas finding costs and operating costs, cash flow from operations, annual revenues; and earnings per share;

- the market value of the Company's common stock on the Nasdaq and the ASX;

- the extent to which management has been successful in finding and creating opportunities to participate in acquisition, exploitation and drilling ventures having quality prospects;

- management's ability to formulate and maintain sound budgets for our business activities and overall financial condition;

- the success of our acquisition and exploration activities and the achievement by management of specific tasks and goals set by the Board and the MPAL Board of Directors from time to time;

- the effectiveness of our compensation packages in motivating our management to remain in our employment; and

- the ability of management to effectively implement risk management practices.

In addition to considering these performance elements, we have also considered longevity of service of each NEO and the NEOs' individual performance, leadership, and business knowledge.

Elements of Compensation

We seek to achieve our executive compensation objectives by providing our NEOs with the following elements of compensation:

a base salary that represents cash compensation based on internal equity and external industry-based competitiveness;

an opportunity to receive an annual cash bonus award based upon the achievement of goals and objectives attained during the course of a fiscal year;

potential equity-based awards under the Company's 1998 Stock Option Plan;

pension/retirement benefits and other personal benefits under our NEOs' employment contracts, as described below;

benefit programs provided to our U.S. employees, including health care benefits, dental, life, and vision coverage; and

termination payments and other benefits under the NEOs' employment agreements, in the event that the NEO's employment is terminated under specified circumstances.

Each of the material elements of our compensation program is discussed in greater detail below.

Base Salary

The purpose of base salary is to reflect Messrs. Samela and Davies executive's job responsibilities, individual performance and competitive compensation levels. The Board reviews and determines, on an annual basis, the base salary of Mr. Samela which is based upon his years of experience and his individual performance. Mr. Samela's salary amount is not at risk and may be adjusted annually based on merit and external market conditions. His salary was last increased in July 2006 to \$182,000 per year, to account for cost of living increases. For the 2008 fiscal year, Dr. Davies was paid a base salary of A\$369,387 as part of his annual TREC package of A\$432,600.

Annual Cash Bonus Awards

Our NEOs may receive an award of an annual cash bonus. The purpose of the cash bonus program is to better align executive performance with annual strategic goals while enhancing stockholder value. The Board does not pre-determine performance goals at the beginning of each year for Mr. Samela. Rather, the Board determines whether the award of a bonus has been warranted, in light of the Company's performance during each completed fiscal year, including the Company's operational results, net income, expenses, strategic development and any performance gaps or shortfalls. In light of its consideration of these factors, the Board in July 2006 determined to increase Mr. Samela's base salary to \$182,000 per year. In addition, on November 13, 2007, the Board awarded Mr. Samela an annual cash bonus for the fiscal year ended June 30, 2007 of \$15,000 in recognition of improvements at the Company and with its operations during the past year. In September 2007, the NRC determined to increase Dr. Davies' TREC package to A\$432,600 for fiscal year 2008, but determined not to award Dr. Davies an annual cash bonus for the fiscal year ended June 30, 2008.

Equity-Based Compensation

At the December 1998 annual meeting, our stockholders approved the Company's 1998 Stock Option Plan (the Plan), which permits the granting of stock options (Options) and stock appreciation rights (SARs) to the directors, officers, key employees and consultants. The purpose of the Plan is to provide an incentive for directors, officers, key employees and consultants of the Company to continue their affiliation with the Company and to give them a greater interest in the success of the Company. Other than the Plan, the Company currently does not have any long-term incentive, nonqualified defined contribution, or other nonqualified deferred compensation plans. MPAL does not currently maintain any of its own equity-based compensation plans.

The Plan provides for grants of Options principally at an option price per share of 100% of the fair value of the Company's common stock on the date of the grant. The Plan has 1,000,000 shares authorized for awards. Options are generally granted with a 3-year vesting period and a 10-year term. Options vest in equal annual installments over the vesting period, which is also the requisite service period. As of October 25, 2008, there were 530,000 Options issued and

outstanding under the Plan, and 295,000 shares remain available for future awards. For all Plan awards granted, modified or settled after July 1, 2005, we account for all equity-based awards in accordance with the requirements of SFAS 123(R). We do not have a specific program or plan with regard to the timing or dating of Option grants. Our Options have not been granted at regular intervals or on pre-determined dates. Rather, the Board's practice as to when Options are granted has historically been made at the complete discretion of the Board.

In connection with his employment by the Company, Mr. Samela was granted an award of 30,000 Options under the Plan on July 1, 2004, at an exercise price of \$1.45 per share. As of July 1, 2007, these Options have fully vested. To date, Dr. Davies has not received any Options or other awards under the Plan. However, the Board and the NRC will consider in the future whether to grant Dr. Davies Option awards under the Plan, depending on the attainment of operational or performance objectives of the Company.

Pension/Retirement and other Personal Benefits

Under Mr. Samela's Employment Agreement, we make an annual contribution of 15% of Mr. Samela's salary to a SEP/IRA Plan to provide for Mr. Samela's retirement. In fiscal year 2008, this contribution was \$28,770. In compliance with Australian minimum compulsory superannuation laws, MPAL, as Dr. Davies' employer, makes an annual contribution to a superannuation fund selected by Dr. Davies. During fiscal 2008, this MPAL payment was A\$35,719. Through salary deduction payments, Dr. Davies also made additional personal contributions into his superannuation fund of A\$64,281.

Perquisites and other benefits represent a small part of our overall compensation package. These benefits are reviewed periodically to ensure that they are competitive with industry norms. There are no perquisites for Mr. Samela. The perquisites for Dr. Davies include the provision of a company car and payment of parking and running costs related to Dr. Davies' company car. During fiscal year 2008, these expenses totaled \$34,704 (or A\$38,711). The Company also sponsors Dr. Davies' membership in Australian professional and trade organizations that MPAL deems necessary or desirable to conduct MPAL's business. If greater than \$10,000, the aggregate costs associated with the benefits we provided to Messrs. Samela and Davies are included in the "All Other Compensation" column of the Summary Compensation Table, set forth below.

Additional Benefit Programs

Under Mr. Samela's Agreement, the Company agreed in 2004 to purchase a term life insurance policy for Mr. Samela with coverage up to \$400,000 to supplement his existing life insurance coverage. During fiscal year 2008, the Company paid \$1,454 in premiums under this policy on Mr. Samela's behalf. In addition, the Agreement provides that Mr. Samela is reimbursed annually up to \$6,000 per year in disability insurance coverage. During fiscal year 2008, the Company paid \$5,489 for this arrangement. The Agreement also provides that Mr. Samela also receives \$15,000 per year in reimbursements to purchase his own family health insurance coverage, including medical, prescription and dental benefits. During fiscal year 2008, the Company paid \$15,000 under this arrangement. Mr. Samela is also entitled to participate in the broad-based benefit plans offered generally to all of our full-time U.S. employees.

Under his Employment Agreement, Dr. Davies is entitled, through salary deductions, to participate in the broad-based benefit plans offered by MPAL for all full-time MPAL employees, in accordance with the terms of such plans and applicable Australian legal requirements. MPAL has taken out salary continuance insurance for its staff; under this policy Dr. Davies is covered for a maximum of A\$240,000 per annum for two years in the event of a long illness.

Tax Considerations

We operate our executive compensation program in good faith compliance with Section 409A of the Internal Revenue Code, as permitted by the final regulations issued by the Internal Revenue Service. The Company intends to amend Mr. Samela's Employment Agreement prior to December 31, 2007 to conform the Agreement to the requirements of Section 409A. At this time, the Company does not expect that Section 162(m) of the Internal Revenue Code will have any effect on the Company's executive officer compensation because it is not likely that the annual compensation paid to

any executive officer will exceed \$1 million.

Conclusions

The Company's executive compensation program is a critical element in ensuring the Company's continued success. Motivation, attraction, retention and the NEOs' alignment with the interests of the Company's stockholders are the key objectives of the program. The continued improvement in business results and increased stockholder value are driven by the performance of highly motivated executives. In the opinion of the Company's Board and the NRC, the design and operation of the Company's executive compensation programs, along with the monitoring of our executive officers' performance against the factors identified above, reasonably result in compensation levels appropriate to promote the Company's continued success and the best interests of its stockholders.

Additional Information Regarding Executive Compensation

Employment Agreements with Executive Officers

The Company has written employment agreements with each of Messrs. Samela and Davies, which provide certain severance payments and other benefits, in the event that their respective employment with the Company and MPAL are terminated under various circumstances, as described below. We use these provisions to provide some assurance to the Board and the MPAL Board that the Company and MPAL will continue to be able to rely upon Messrs. Samela and Davies continuing in their positions with us, without concern that they might be distracted by the personal uncertainties and risks created by any proposed or threatened change of control of the Company.

Mr. Samela

The Company has entered into an amended and restated employment agreement, effective as of September 28, 2008 (the Agreement), with Daniel J. Samela, the Company's President, Chief Executive Officer and Chief Financial/Accounting Officer. The Agreement replaces Mr. Samela's former employment agreement dated March 1, 2004, and was designed to conform his agreement to the substantive and procedural requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the Code). In order to conform to Section 409A's requirements, Mr. Samela's Employment Agreement was revised to provide that 1) generally, payments made to Mr. Samela following a separation from service from the Company are delayed for a period of six months following such separation; 2) cash payments have been substituted for continuation of various benefits following Mr. Samela separation from service from the Company.

The Agreement has a term of thirty-six (36) months, which automatically renews each 30-day period during Mr. Samela's term of employment, unless he elects to retire or the Agreement is terminated according to its terms. The Agreement provides for him to be employed as the President and Chief Executive Officer of the Company, effective as of July 1, 2004, at a salary of \$175,000 per annum, and an annual contribution of 15% of the salary to a SEP/IRA pension plan for Mr. Samela's benefit, plus other insurance benefits. Currently, Mr. Samela's salary is \$182,000 per year.

The Agreement may be terminated for cause, which is defined under the agreement as (i) misappropriating any funds or property of the Company, (ii) attempting to obtain any personal profit from any transaction in which he has an interest which is adverse to the interest of the Company, unless he shall have first obtained the consent of the Board of Directors; (iii) neglect or unreasonable refusal or continued failure (other than any such failure resulting from incapacity due to physical or mental illness) to perform the duties assigned to Mr. Samela under or pursuant to this Agreement; or (iv) being convicted of any felony or an offense involving moral turpitude.

The Agreement may also be terminated on written notice by the Company without cause, by Mr. Samela's resignation or upon a change in control of the Company. A change in control is defined under the agreement as (i) the acquisition by any individual, entity or group (as defined under the Securities Exchange Act of 1934) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of either the then outstanding shares of common stock of the Company or the combined voting power of the then outstanding voting

securities of the Company (with certain exceptions) (ii) individuals who, as of September 28, 2008, constitute the Board cease for any reason to constitute at least a majority of the Board; (iii) consummation of certain reorganizations, mergers or consolidations or sales or other dispositions of all or substantially all of the assets of the Company; or (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

If Mr. Samela's employment is terminated by reason of death or disability at any time, he will be paid only the amount of his annual base salary through the date of termination to the extent not yet paid, plus any compensation amounts previously deferred. If Mr. Samela's employment is terminated for cause as defined above at any time, or by Mr. Samela voluntarily following a change in control of the Company, he will be paid only the amount of his annual base salary through the date of termination to the extent not yet paid, plus any compensation amounts previously deferred.

Upon a termination by the Company without cause prior to a change in control of the Company, Mr. Samela will be entitled to payment of an amount equal to three times his annual base salary and three-year average bonus payment and any then-unvested options will be accelerated so as to become fully exercisable. These amounts will be paid to Mr. Samela in two lump sums, in accordance with the Agreement and Section 409A.

If, during the two-year period following a change in control, Mr. Samela terminates his employment for good reason or the Company terminates his employment other than for cause or disability (as defined in the agreement), then Mr. Samela will be paid an amount equal to three times his annual base salary and three-year average bonus payment, plus any previously deferred compensation, accrued vacation pay, and \$15,000 per year for three years in lieu of medical coverage and insurance benefits. In addition, any then-unvested options will be accelerated so as to become fully exercisable. Under the Agreement, the term good reason is defined as the Company (A) a material negative change resulting from the assignment to Mr. Samela of any duties inconsistent in any respect with his current position (including status, offices, titles and reporting requirements), authority, duties or responsibilities, or any other Company action which results in a material diminution in such position, authority, duties or responsibilities; (B) any failure by the Company to comply with the terms of Mr. Samela's Agreement; (C) the Company materially changing the geographic location in which Mr. Samela must perform services from Hartford, Connecticut, or (D) any purported termination by the Company of his employment otherwise than as expressly permitted by Mr. Samela's agreement.

If, at any time after the two-year period following a change in control, Mr. Samela terminates his employment for good reason or the Company terminates his employment other than for cause of disability, then he will be paid an amount equal to his then-current annual salary and a three-year average bonus payment. In addition, any then-unvested options will be accelerated so as to become fully exercisable. For a quantification of the payments to be made to Mr. Samela under these various circumstances, please see the table for Mr. Samela below.

Dr. Davies

Dr. Davies commenced employment with MPAL on October 6, 1997. On May 29, 1998, MPAL entered into a service agreement with Dr. Davies for a period of 3 years, 2 months and 25 days which continued until he entered into a new contract of employment (the contract) with MPAL, effective November 1, 2007. The contract provides for him being employed as MPAL's Chief Executive Officer. The contract may be terminated by MPAL should Dr. Davies commit any act of serious misconduct which includes, but is not limited to:

failing or refusing to comply with any lawful direction given by MPAL;

committing any act (whether in the course of employment or not) which in the reasonable opinion of MPAL brings Dr. Davies into disrepute or may cause serious damage to the reputation of Dr. Davies, the MPAL Board, or any MPAL Group company, or otherwise affect adversely the interests of MPAL or any MPAL Group company; and

being precluded by the provisions of the Australian Corporations Act 2001 from taking part in the management of a corporation, or being disqualified for any reason from holding an office of MPAL or of a MPAL Group company.

Dr. Davies' contract of employment may also be terminated on notice by MPAL as follows:

MPAL may terminate his employment at any time giving him three months' written notice. MPAL may provide payment in lieu of all or part of this notice period which will be calculated in accordance with the contract.

MPAL may terminate his employment by giving one month's written notice to Dr. Davies, if in the reasonable opinion of MPAL, he is unable properly to perform his duties due to physical or mental illness, accident or any other circumstances beyond his control for a total period of 180 days or more in the preceding 12 month period and has no remaining sick leave entitlements. MPAL may provide payment in lieu of all or part of this notice period which will be calculated in accordance with the contract.

Dr. Davies may terminate his employment at any time giving one month's written notice to MPAL. MPAL may elect to make the termination take effect immediately or part way through the notice period, in which case Dr. Davies will be entitled to payment calculated on his total remuneration package (TR) in respect of the period after the date of termination to the end of the notice period.

Termination Payments

Upon termination of Dr. Davies' employment by MPAL for any reason other than for poor performance, he will be entitled to a termination payment, calculated on the basis of his TR, and comprising one year of his TR together with three weeks for each full year of continuous service with MPAL, up to a maximum of 78 weeks, or such other more generous scale as may be adopted as MPAL policy in the future.

Termination because of significant diminution in remuneration, authority, status, duties or responsibilities

Where there is a change in the control or management of MPAL that results in a significant diminution in Dr. Davies' remuneration, authority, status, duties or responsibilities, Dr. Davies may give notice of termination in which case MPAL will provide him with a payment equivalent to:

- (a) remuneration in lieu of three months' notice; and
- (b) a termination payment (as described above); and
- (c) the amount of TR payable to him up to and including the date of termination; and
- (d) pay in lieu of any accrued annual leave and long service leave to which Dr. Davies is entitled up to and including the date of termination, calculated on the basis of his TR; and
- (e) any pro-rata At Risk Bonus to which Dr. Davies is entitled. (Note at this stage MPAL has not adopted a Company Performance Plan and thus Dr. Davies' TR does not include any At Risk component.)

Calculation of TR for the purposes of payments on termination

- (a) For the purposes of any pay in lieu of any accrued annual leave and long service leave to which Dr. Davies is entitled to be paid on termination of employment, his TR will be calculated based on his full entitlement to his At Risk Bonus.
- (b) For the purposes of any payment in lieu of notice to which Dr. Davies is entitled or any termination payment to which he is entitled, his TR will be calculated based on his full entitlement to his At Risk Bonus except where the termination of his employment is due to:
 - (i) summary termination by MPAL where Dr. Davies has committed an act of serious misconduct (as described above); or
 - (ii) resignation by Dr. Davies in circumstances where MPAL would have otherwise had a right to summarily terminate his employment due to him committing an act of serious misconduct or otherwise terminate his employment for poor performance.

- (c) In circumstances where Dr. Davies' employment with MPAL ends due to:
- (i) summary termination by MPAL where Dr. Davies has committed an act of serious misconduct or termination by MPAL for poor performance; or
 - (ii) resignation by Dr. Davies in circumstances where MPAL would have otherwise had a right to summarily terminate his employment due to him committing an act of serious misconduct or otherwise terminate his employment for poor performance, his TR will be calculated as if his entitlement to an At Risk Bonus is nil.

Post Termination Payments and Benefits

The tables below reflect the amount of compensation payable to each of Mr. Samela and Dr. Davies in the event of termination of their respective employment by the Company and MPAL under various circumstances. The amount of compensation payable upon resignation, retirement, disability, death, termination for cause and termination without cause (and in the case of Mr. Samela, for good reason following a change in control of the Company), of each NEO is estimated below. In each case, the amounts shown assume that the employment of Mr. Samela and Dr. Davies with the Company and MPAL, respectively, were terminated as of June 30, 2008.

Item 13. *Certain Relationships and Related Transactions, and Director Independence***Certain Relationships and Related Person Transactions**

The Board is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest. Accordingly, as a general matter, it is the Company's preference to avoid conflicts of interest and related person transactions. The Company has adopted Standards of Conduct, a copy of which is located on the Company's website, www.magpet.com, under the heading "Corporate Governance", which addresses conflicts of interest and related person transaction matters. It is the Company's policy for the Board to review and approve any related person transactions involving members of the Board and executive officers. In addition, annually, the Corporate Secretary obtains responses of the Directors and executive officers to questions regarding the employment of family and other relationships to assist the Board with its review of these matters. Based on these reviews, the Board has determined that the Company did not engage in any transactions during the fiscal year ended June 30, 2008 with related persons which would require disclosure under Item 404 of Regulation S-K adopted by the SEC.

Director Independence

The Company's Common Stock is listed on the NASDAQ Capital Market under the trading symbol "MPET". NASDAQ listing rules require that a majority of the Company's directors be independent directors as defined by NASDAQ corporate governance standards. Generally, a director does not qualify as an independent director if the director has, or in the past three years has had, certain material relationships or affiliations with the Company, its external or internal auditors, or is an employee of the Company.

The Board has made its annual determination, concluding that each of Messrs. Basso, Largay, McCann, Mollah and Pettrossi are independent for purposes of Nasdaq listing standards, and that each of the three members of the Audit Committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The Board based these determinations primarily on a review of Company records and the responses of the Directors and executive officers to questions regarding employment and compensation history, affiliations, family and other relationships, together with an examination of those companies with whom the Company transacts business.
