EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (this Amendment) amends our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, originally filed with the Securities and Exchange Commission (the SEC) on February 12, 2009 (the Original Filing). We are filing this Amendment to include the information required by Part III and not included in the Original Filing as we will not file our definitive proxy statement within 120 days of the end of our fiscal year ended December 31, 2008. The reference on the cover of the Original Filing to the incorporation by reference of our definitive proxy statement into Part III of the Original Filing is hereby deleted. In addition, as required by Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the Exchange Act), new certifications by our principal executive officer and principal financial officer are filed as exhibits to this Amendment No. 1 on Form 10-K/A under Item 15 of Part IV hereof.

For purposes of this Amendment No. 1 on Form 10-K/A, and in accordance with Rule 12b-15 under the Exchange Act, Items 10 through 14 and 15(a)(3) of our Original Filing have been amended and restated in their entirety. Except as described above, no other changes have been made to the Original Filing. The Original Filing continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing. Accordingly, this Amendment No. 1 on Form 10-K/A should be read in conjunction with our filings with the SEC subsequent to the date of the Original Filing.

Audit Committee

The Audit Committee represents and provides assistance to the Board with respect to matters involving the accounting, auditing, financial reporting, internal controls, and legal compliance functions of the Company and its subsidiaries, including assisting the Board in its oversight of the integrity of the Company's financial statements, compliance with legal and regulatory requirements, the qualifications, independence, and performance of the Company's independent auditors, the performance of the Company's internal audit function, and effectiveness of the Company's financial risk management. Among other things, the Audit Committee:

Appoints, retains, oversees, evaluates, and compensates the independent auditors;

Reviews the annual audited and quarterly consolidated financial statements;

Reviews major issues regarding accounting principles and financial statement presentations;

Reviews earnings press releases and earnings guidance provided to analysts and rating agencies;

Reviews with the independent auditors the scope of the annual audit, and approves all audit and permitted nonaudit services provided by the independent auditors;

Considers the adequacy and effectiveness of the Company's internal control and reporting system;

Discusses policies with respect to risk assessment and risk management, including the Company's major financial risk exposures and the effectiveness of the Company's system for monitoring compliance with laws and regulations, and reviews the Company's tax policies and findings of regulatory agencies and independent auditors;

Reports regularly to the Board regarding its activities and prepares and publishes required annual committee reports;

Establishes procedures for the receipt, retention, and treatment of complaints and concerns regarding accounting, internal accounting controls, or auditing matters; and

Annually evaluates the performance of the Audit Committee and the adequacy of its charter.

The Board has determined that all Audit Committee members are independent under the New York Stock Exchange definition of independence for directors and audit committee members, and that all members of the Audit Committee are financially literate. In addition, the Board has determined that Walter Young, William Hantke and Gerald Luterman qualify as audit committee financial experts within the meaning of SEC regulations. In calendar year 2008, the Audit Committee held seven meetings. In calendar year 2009, the Audit Committee has held two meetings through March 30, 2009.

Compensation Committee

The Compensation Committee oversees the Company's overall compensation structure, policies, and programs. Among other things, the Compensation Committee:

Reviews and recommends to the Board annual and long-term goals and objectives relevant to the compensation of the President and the Chief Executive Officer, evaluates the performance of the President and Chief Executive Officer in light of those goals and objectives, and either as a committee or together with the other independent directors, determines and approves the President and the Chief Executive Officer's compensation;

Reports to the Board on the review of annual and long-term goals and objectives relevant to the compensation of the Chief Financial Officer, the Executive Vice Presidents and any other officer designated by the Board, the evaluation of those officers' performance in light of those goals and objectives, the determination and approval

of compensation levels based on such evaluations and the review and approval of employment arrangements, severance arrangements and benefits plans;

The Compensation Committee may delegate to one or more subcommittees such power and authority as the Compensation Committee deems appropriate. No subcommittee shall consist of fewer than two members, and the Compensation Committee shall not delegate to a subcommittee any power or authority that is required by any law, regulation or listing standard to be exercised by the Compensation Committee as a whole.

From 2004 to July 2008, Mercer Consulting provided advice to the Committee. On July 30, 2008, the Committee ended its arrangement with Mercer Consulting and commenced a new relationship with Frederic W. Cook (Cook) to assist with executive pay decisions. In their new role, Cook has and will work with the Committee independent of any Company management to formulate 2009 compensation decisions.

The Board has determined that all Compensation Committee members are independent under the listing standards of the New York Stock Exchange, or NYSE, and that they are nonemployee directors for purposes of Rule 16b-3 under the Exchange Act and outside directors for purposes of Section 162(m) of the Internal Revenue Code (the Code). In calendar year 2008, the Compensation Committee held four meetings. In calendar year 2009, the Compensation Committee has held one meeting through March 30, 2009.

Governance and Nominating Committee

The Governance and Nominating Committee recommends director candidates to the Board for election at the Annual Meeting of Stockholders, and periodically reviews the Company's Corporate Governance Guidelines and recommends changes to the Board. Among other things, the Governance and Nominating Committee also:

Identifies and reviews the qualifications of potential nominees to the Board consistent with criteria approved by the Board, and assesses the contributions and independence of incumbent directors in determining whether to recommend them for re-election;

Establishes and reviews procedures for the consideration of Board candidates recommended by the Company's stockholders;

Makes recommendations to the Board concerning the structure, composition, and functioning of the Board and its committees;

Reviews and reports to the Board regarding potential conflicts of interests of directors;

Recommends to the Board director candidates for the annual meeting of stockholders, and candidates to be elected by the Board as necessary to fill vacancies and newly created directorships;

Oversees the evaluation of the Board, its committees and management and annually reviews the Company's senior management succession plans;

Monitors directorships in other public companies held by directors and senior officers of the Company; and

Annually evaluates the performance of the Governance and Nominating Committee and the appropriateness of its charter.

The Governance and Nominating Committee is responsible for identifying individuals that the Committee believes are qualified to become Board members in accordance with criteria set forth in the Company's Corporate Governance Guidelines. These criteria include an individual's business experience and skills, independence, judgment, integrity, and ability to commit sufficient time and attention to the activities of the Board. The Guidelines provide that the Committee will consider these criteria in the context of the perceived needs of the Board as a whole and seek to achieve a diversity of backgrounds and perspectives on the Board. The Governance and Nominating Committee's process for identifying and evaluating director nominees also includes consultation with all directors, solicitation of proposed nominees from all directors, the engagement of one or more professional search firms, if deemed appropriate, interviews with prospective nominees by the Committee (and other directors, if deemed appropriate) and recommendations regarding qualified candidates to the full Board.

The Governance and Nominating Committee will consider nominations by stockholders who recommend candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Committee's consideration may do so by writing to the Corporate Secretary, NRG Energy, Inc., 211 Carnegie Center, Princeton, New Jersey 08540. Recommendations submitted for consideration by the Committee in preparation for the 2010 Annual Meeting of Stockholders must be timely received and must contain the following information: (a) the name and address of the stockholder; (b) the name and address of the person to be nominated; (c) a representation that the stockholder is a holder of the Company's stock entitled to vote at the meeting; (d) a statement in support of the stockholder's recommendation, including a description of the candidate's qualifications; (e) information regarding the candidate that would be required to be included in a proxy statement filed in accordance with the rules of the SEC; and (f) the candidate's written, signed consent to serve if elected. The Governance and Nominating Committee will follow the process described above in considering nominees proposed by stockholders in accordance with the foregoing requirements.

Alternatively, stockholders intending to appear at the 2009 Annual Meeting of Stockholders in order to nominate a candidate for election by the stockholders at the meeting (in cases where the Board does not intend to nominate the candidate or where the Governance and Nominating Committee was not requested to consider his or her candidacy) must comply with the procedures in the Company's Bylaws, a copy of which is available upon request to the Company's Corporate Secretary.

The Board has determined that all Governance and Nominating Committee members are independent under the listing standards of the NYSE. In calendar year 2008, the Governance and Nominating Committee held five meetings. In calendar year 2009, the Governance and Nominating Committee has held two meetings through March 30, 2009.

The Board and each of the Audit Committee, Compensation Committee, Commercial Operations Oversight Committee, Nuclear Oversight Subcommittee and Finance Committee conduct annual self-evaluations to assess their effectiveness and review their Charters. Individual directors are also evaluated by the Board. The Governance and Nominating Committee coordinates each of these annual evaluations.

Table of Contents

Commercial Operations Oversight Committee

The Commercial Operations Oversight Committee assists the Board in fulfilling its responsibilities with respect to the oversight of trading, power marketing and risk management issues at the Company. The Commercial Operations Oversight Committee consists of at least three directors, a majority of which are independent as defined under the listing standards of the NYSE and as affirmatively determined by the Board. No member of the Commercial Operations Oversight Committee may be removed except by majority vote of the independent directors then in office.

The Commercial Operations Oversight Committee's duties and responsibilities consist of the following:

Providing Board oversight of the trading and power marketing of the Company;

Reviewing, advising and consulting with management and the Audit Committee regarding the Company's risk management policies, practices and procedures;

Approving as appropriate, the Company's power marketing and trading transactions, limits, policies, practices and procedures, and counterparty credit limit and policies, and approving exceptions to policies, as necessary;

Annually evaluating the performance of the Committee and the appropriateness of the Committee's charter; and

Performing such other responsibilities as may be delegated to it by the Board from time to time that are consistent with its purpose.

In calendar year 2008, the Commercial Operations Oversight Committee held seven meetings. In calendar year 2009, the Commercial Operations Oversight Committee has held one meeting through March 30, 2009.

Nuclear Oversight Committee

The Nuclear Oversight Committee assists the Board in fulfilling its responsibilities with respect to the oversight of the Company's ownership and operation, directly or indirectly, of its interests in nuclear power plant facilities. The Nuclear Oversight Committee consists of all of the members of the Board who are citizens of the United States of America and who otherwise meet the requirements of applicable law to serve on the Committee, a majority of which are independent as defined under the listing standards of the NYSE and as affirmatively determined by the Board. The Nuclear Oversight Committee formed the Nuclear Oversight Subcommittee in April 2006 to review and report to the Board and the Nuclear Oversight Committee on matters not expressly reserved for review by the Board. The Nuclear Oversight Subcommittee currently consists of Herbert Tate (Chair of the subcommittee), Paul Hobby and Anne Schaumburg.

In calendar year 2008, the Nuclear Oversight Committee held one meeting. In calendar year 2009, the Nuclear Oversight Committee has not held a meeting through March 30, 2009.

Finance Committee

The Finance Committee reviews and approves certain financial development transactions, and provides leadership and guidance to the Board and the Company on matters related to such transactions. The Finance Committee consists of at least three directors, a majority of which are independent as defined under the listing standards of the NYSE and as affirmatively determined by the Board. No member of the Finance Committee may be removed except by majority vote of the independent directors in office.

The Finance Committee's duties and responsibilities consist of the following:

Review, report and make recommendations to the Board on management recommendations or proposals regarding the Company's and its subsidiaries (i) capital structure, (ii) liquidity, (iii) need for credit or debt or equity financing, (iv) amounts, timing and sources of capital market transactions, and (v) financial hedging and derivative activities;

Review and approve, or authorize officers to approve, equity investments, sales of equity interests, joint venture arrangements, commercial and construction arrangements, financing transactions, provision of guarantees or other credit or liquidity support, and other arrangements related to the development, construction and operation of new power generation facilities and the repowering of or addition of new units to existing power generation, thermal or other energy producing facilities, in each case which have been discussed with or reviewed by the Board;

Review and approve, or authorize officers to approve, repurchases, early redemption or other similar actions with respect to the Company's securities;

Review and approve, or authorize officers to approve, the pricing and other terms and conditions of financing transactions related to mergers, acquisitions, tender offers, and reorganizations which have been reviewed and approved by the Board;

Review and approve, or authorize officers to approve, the pricing and other terms and conditions of securities offerings which have been reviewed and approved by the Board;

Approve determinations of the fair market value of assets and investments of the Company for purposes of the Company's note indentures, senior secured credit agreement or other similar financing documents where fair market value is required to be determined by the Board or by a committee of the Board;

Review and approve other matters that may be delegated by the Board; and

Perform such other duties and responsibilities as are consistent with the purpose of the Committee and as the Board deems appropriate.

The Finance Committee was formed in February 2008 and held seven meetings in calendar year 2008. In calendar year 2009, the Finance Committee has held three meetings through March 30, 2009.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that, along with the Amended and Restated Certificate of Incorporation, the Bylaws and the charters of the Board committees, provide the framework for the governance of the Company. The Board's Governance and Nominating Committee is responsible for periodically reviewing the Guidelines and recommending any proposed changes to the Board for approval. The Corporate Governance Guidelines are available on the Company's website at <http://www.nrgenergy.com/investor/corpgov.htm>, along with the charters of the Audit, Compensation, and Governance and Nominating Committees and the Code of Conduct. The Corporate Governance Guidelines, the charters of all of the NRG's Board committees and the Code of Conduct are available in print to any stockholder who requests them.

Code of Conduct

NRG has adopted a code of ethics entitled "NRG Code of Conduct" that applies to directors, officers and employees, including the chief executive officer and senior financial officers of NRG Energy, Inc. It may be accessed through the Corporate Governance section of NRG Energy Inc.'s website at <http://www.nrgenergy.com/investor/corpgov.htm>. NRG Energy, Inc. also elects to disclose the information required by Form 8-K, Item 5.05, "Amendments to the registrant's code of ethics, or waiver of a provision of the code of ethics," through the Company's website, and such information will remain available on this website for at least a 12-month period. A copy of the "NRG Energy, Inc. Code of Conduct" is available in print to any shareholder who requests it.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers to file with the SEC reports regarding their ownership and changes in ownership of our stock. Based on a review of these reports and the written representations of its directors and executive officers, NRG believes that during 2008, its directors and executive officers complied with all Section 16(a) filing requirements, except for a late Section 16 filing filed on behalf of Stephen Hoffmann, an officer of NRG.

Item 11 *Executive Compensation*

Compensation Discussion and Analysis

The following discussion and analysis is focused on our executive compensation program as it relates to NRG's Named Executive Officers (NEOs). The NEOs are the Chief Executive Officer, the Chief Financial Officer and the three most highly compensated executive officers other than the Chief Executive Officer and Chief Financial Officer serving as executive officers at the end of the 2008 fiscal year. For 2008, our NEOs were:

Name:	2008 Title:
David Crane	President and Chief Executive Officer
Robert C. Flexon	Executive Vice President and Chief Operating Officer
Kevin T. Howell	Executive Vice President and Regional President, Texas
J. Andrew Murphy	Executive Vice President and General Counsel
Clint Freeland	Senior Vice President and Chief Financial Officer

From January 1 to March 1, 2008, Mr. Flexon served as Executive Vice President and Chief Financial Officer, Mr. Freeland served as Vice President and Treasurer, and Mr. Howell served as Executive Vice President, Commercial Operations. Mr. Howell also served as Executive Vice President and Chief Administrative Officer during 2008. In February 2009, Mr. Flexon was renamed Chief Financial Officer, Mr. Murphy was named Regional President, Northeast, and Mr. Freeland was named Senior Vice President, Strategy, Financial Structure.

The discussion and analysis below is based on the following outline:
the objectives of the executive compensation program at NRG;

what the executive compensation program is designed to reward;

all elements of compensation provided under the program, including:
the reasons why these elements of compensation have been selected;

how the amounts of each element are determined; and

how and why each element and decision fits into NRG's overall objectives.

Objectives of NRG's executive compensation program

The Compensation Committee of the Board, referred to as the Committee for purposes of this CD&A, is responsible for the development and implementation of NRG's executive compensation program. The objectives of this program are based on the Committee's philosophy that executive compensation should be aligned with stockholder value and improvements in corporate performance.

These objectives are achieved through the use of both short- and long-term incentives. Therefore, the program strives to effectively use elements of compensation under a total reward philosophy that combines annual and multi-year reward opportunities. The intent of NRG's compensation program is to reward the achievement of the Company's annual goals and objectives while supporting the Company's long-term business strategy.

Table of Contents**What NRG's executive compensation program is designed to reward**

Stockholder value and corporate performance are realized through the Company's ongoing business strategy to consistently optimize the value of our generation assets, which results in growth and enhanced financial performance. These results are attained by maintaining and enhancing the Company's position as a leading wholesale independent power generation company in a cost-effective and risk-mitigating manner. This strategy consists of:

pursuing additional growth opportunities at existing sites;

increasing value from existing assets;

maintaining financial strength and flexibility;

positioning the Company's portfolio for success in a period of increasing environmental constraints, particularly with respect to greenhouse gas emissions;

reducing the volatility of cash flows through asset-based commodity hedging activities;

positioning the Company to benefit from industry consolidation; and

optimizing the Company's capital allocation strategy, particularly with respect to the return of capital to stockholders.

Our executive compensation program promotes this strategy by:

attracting, retaining and rewarding top executive talent;

encouraging performance that results in enhanced stockholder value over the long-term and attainment of our business goals and objectives, both financial and non-financial; and

rewarding strong individual performance.

2008 Compensation Approved by the Compensation Committee

The table below identifies each element of compensation approved by the Committee and paid or awarded to the NEOs for 2008. Each element is described in more detail throughout the remainder of the CD&A and as part of the Summary Compensation Table on page 23 that was prepared in accordance with SEC rules. The table below is not intended to replace the summary compensation table required by the SEC.

Elements of compensation provided under NRG's executive compensation program

The Committee is authorized to engage, at the expense of the Company, a compensation consultant to provide independent advice, support, and expertise to support the Committee in overseeing and reviewing the Company's overall compensation strategy, structure, policies and programs, and to assess whether the Company's compensation structure establishes appropriate incentives for management and employees.

From 2004 to July 2008, Mercer Consulting provided advice to the Committee. On July 30, 2008, the Committee ended its arrangement with Mercer Consulting and commenced a new relationship with Frederic W. Cook, or Cook, to assist with executive pay decisions. In their new role, Cook will work with the Committee independent of any Company management to formulate 2009 compensation decisions.

Annually, the Committee reviews all elements of executive compensation individually and in the aggregate against market data for companies with which NRG competes for executive talent. The Committee evaluates NRG's executive compensation based on competitive market information provided by the consultancies via the development of a peer group of 12 to 20 companies. The composition of the peer group is targeted towards publicly-traded, independent power producers and utilities with power generation operations that had revenues of approximately 50% to 200% of NRG's projected revenue, similar generation capacity, or geographic similarity. Each of these characteristics may not be met for every company in the peer group.

The Committee and management review the composition of the peer group on an annual basis. The Company aims to compare its executive compensation program to a consistent peer group year to year, but given the extremely dynamic nature of the industry and the companies in it, the Company occasionally must alter the list to best represent the Company's industry peers from one year to the next. For 2008, the peer group consisted of:

2008 Peer Group

- AES Corporation (NYSE: AES)
- Allegheny Energy, Inc. (NYSE: AYE)
- Calpine Corporation (NYSE: CPN)
- CenterPoint Energy Inc. (NYSE: CNP)
- CMS Energy Corporation (OTC: CMSRL)
- Constellation Energy Group (NYSE: CEG)
- DTE Energy Company (NYSE: DTE)
- Dynegy Inc. (NYSE: DYN)
- El Paso Corporation (NYSE: EP)
- Mirant Corporation (NYSE: MIR)
- PPL Corporation (NYSE: PPL)
- Reliant Energy, Inc. (NYSE: RRI)
- Sempra Energy (NYSE: SRE)
- TXU Corporation (formerly NYSE: TXU)

The various elements of NRG's executive compensation program for 2008 were benchmarked relative to the compensation provided to executives of this peer group, as well as other published survey data. For the survey analysis, the Committee benchmarked NRG's NEOs to survey data based on functional job responsibility, using energy industry data where available and supplementing it with general industry data. NRG's incentive plan design, plan features, and level of participation were also considered during the benchmarking exercise.

In conjunction with the analysis of NRG's peer group, the Committee aims to emphasize performance-based pay while balancing short- and long-term results through the use of an effective mix of cash, equity and other benefits. By implementing this compensation structure, the Committee believes that the interests of the Company are aligned with the interests of the stockholders, while continuing to emphasize the achievement of the Company's business goals and objectives.

Based on the analysis of NRG's peer group and the Company's objectives described above, the Committee affirmed the following six components of NRG's executive compensation program:

Table of Contents

Base salary;

Annual incentive compensation;

Long-term incentive compensation, including restricted stock units, non-qualified stock options and performance units;

Benefits;

Discretionary payments; and

Severance and change in control benefits.

For each element, and in the aggregate, NRG targeted reward values for the Company's NEOs between the median and the 75th percentile based on the results of the competitive analysis for its NEOs for both total cash compensation (base salary plus annual cash incentives) and for total direct compensation (total cash compensation plus expected value of long-term incentives). NRG's size and complexity has grown relative to the industry, and in recent years, NRG's financial and operating performance has been above the median with regard to selected financial business measures as well as significant merger and acquisition activity. As a result, our management team has been subject to competitive career opportunities. Accordingly, we currently target pay levels above the median.

Base Salary

Annual base salary is designed to compensate NEOs for their level of experience and continued expectation of superior performance. Base salary is expected to increase year-on-year in relation to market competitiveness and individual performance. Increases in base salary affect other elements of compensation:

As base salary increases, the resulting Annual Incentive Plan (AIP) dollars will increase (assuming equal percentage participation).

NRG's long term incentive compensation, delivered through the Long Term Incentive Plan (LTIP), is awarded as a multiple of base salary. As base salary increases, the value of the equity award increases.

Certain life insurance benefits, severance benefits, and change in control benefits are valued as a function of base salary and increase in value commensurate with growth in base salary.

In addition to targeting base salary levels above the median, the base salary recommendations also incorporate the NEO's individual performance, the general contributions of the NEO to overall corporate performance, and the level of responsibility of the NEO with respect to his or her specific position. In general, in January 2008, base salary levels for NEOs were increased by 5% to 10% to reflect the criteria discussed above. Certain NEOs' base salary increased by a larger percentage due to a change in the competitive market and as a result of NRG's desire to retain those executives to support planned succession. Salary increases, in the case of certain NEOs, also reflect the fact that such NEOs simultaneously serve in more than one executive capacity. On occasion, it may become necessary to make adjustments to the salary of an NEO based on exceptional individual performance or due to a change in the competitive market. In addition to the annual salary increase, further adjustments were made for certain NEOs, ranging from 9% to 46%, in March 2008 as part of the management restructuring and promotions that expanded officer responsibilities.

For 2008, the base salary earnings for each NEO were as follows:

Named Executive Officer:	2008 Base Salary Earnings
	(\$):
David Crane	1,097,693
Robert C. Flexon	648,154
Kevin T. Howell	468,846

Table of Contents**Annual Incentive Compensation**

Overview Annual incentive compensation is designed to compensate NEOs for meeting specific individual and Company goals, and to reward individuals for meeting financial and non-financial goals and objectives established as part of the Company's annual business plan. Annual incentive compensation is determined as a percentage of each NEO's annual base salary. The AIP design is based on best practices and market competitiveness as benchmarked with NRG's peer group.

The AIP is calculated using actual performance results from a weighted percentage of performance criteria. These criteria are chosen to align each NEO's responsibilities with available quantitative financial measures and qualitative measures that NRG values in the leadership of the business, such as safety, budget control, staff development, and individual performance compared to the Company's goals. Annually, quantitative and qualitative performance goals are recommended by the NRG Senior Management Team for approval by the Committee. These criteria were chosen as the primary short-term benchmarks with respect to the strategies chosen for attaining the Company's business objectives of increasing stockholder value and the improvement in corporate performance.

AIP Performance Criteria - The following tables provide the 2008 performance criteria established for the NEOs and, for each NEO, the weight each criterion is given with respect to individual NEO performance. The criteria are used in determining the AIP payment as described in more detail below and are designed to achieve the Company's primary short-term goals and long-term business objectives, such as maintaining financial strength and stability, reducing the volatility of cash flows, increasing value at existing sites, positioning the Company for success under increasing environmental constraints, and optimizing the Company's capital allocation strategy.

2008 Performance Criteria**Performance Criteria**

Consolidated Adjusted EBITDA

AIP Incentive Opportunity - The Chief Executive Officer is accountable for developing the goals for all other NEOs, while the Committee, with input from the Chief Executive Officer, determines the goals for the Chief Executive Officer. These goals are established at the beginning of each fiscal year. For the fiscal year 2008, these goals were reviewed and approved by the Committee on February 25, 2008. Based on the targeted benchmarks for the fiscal year 2008, the target annual incentive opportunity for NEOs ranged from 75 percent to 100 percent of base salary and an additional maximum opportunity was established for each NEO ranging from 37.5 percent to 100 percent of base salary above the target opportunity. The AIP plan design, as displayed in the table below, is consistent with market practice both in terms of target percentages and range of opportunity.

The threshold, target and maximum incentive opportunities for the NEOs for 2008 were as follows:

Named Executive Officer	Threshold	Target	Maximum
David Crane	50.0%	100.0%	200.0%
Robert C. Flexon	50.0%	100.0%	150.0%
Kevin T. Howell	50.0%	100.0%	150.0%
J. Andrew Murphy	37.5%	75.0%	112.5%
Clint C. Freeland	37.5%	75.0%	112.5%

AIP Targets and Calculation - Payment of the AIP is contingent on attaining the AIP Threshold, which is based on the Company's Adjusted Free Cash Flow. For fiscal year 2008, the AIP Threshold was set at \$700M of Adjusted Free Cash Flow, a level appropriate for an acceptable level of Company financial performance. If the AIP Threshold was not achieved, no annual incentives would have been paid for 2008 performance. If the AIP Threshold is met or exceeded, the annual incentive payment is calculated in two steps:

Step 1: A percentage up to the Target level based on the weight of each performance criterion identified in the table above. If all elements are achieved at the Target level, an NEO will realize Target level participation.

Step 2: A percentage above the Target level based on an equal 50/50 weighting of Adjusted Free Cash Flow and Consolidated Adjusted EBITDA. This second calculation is only performed in the event Adjusted Free Cash Flow or Consolidated Adjusted EBITDA exceeds its respective Target level.

The sum of the two pieces (the Threshold to the Target components (Step 1) + the Target to the Maximum components (Step 2)) equals the incentive earned under the AIP. For fiscal year 2008, the AIP Target was set at \$850M of Consolidated Adjusted Free

Table of Contents

Cash Flow and \$2,200M of Consolidated Adjusted EBITDA. Payments above the AIP Target will only be possible if the Adjusted Free Cash Flow or the Consolidated Adjusted EBITDA Targets are surpassed, in which case the NEO is eligible to receive a portion of the incentive opportunity between Target and Maximum.

The AIP Maximum percent payout can only be achieved if the Maximum level of Adjusted Free Cash Flow and Consolidated Adjusted EBITDA are met or surpassed. In the event that these financial performance criteria exceed maximum levels, the NEOs are still capped at their maximum. The Company has established the Maximum at a level that can only be achieved with exceptional Company performance. While the Company strives for this level of performance every year, the Company expects that over time the Maximum level will not be reached a significant percentage of the time. For example, despite very strong Company performance in 2007 and record Company performance in 2008, the Company did not reach the Maximum compensation level in either year.

Results for 2008 AIP - As defined, the Company's AIP Threshold and AIP Target levels are based on the Company's audited financial statements. The achievement towards the threshold and targets described in the table above is calculated beginning with the Company's audited financial statements and is adjusted based on the impact of non-recurring events that may impact Adjusted Free Cash Flow and/or Consolidated Adjusted EBITDA, but have a positive impact on the Company's business objectives of increasing stockholder value and improving corporate performance. Alternatively, transactions may occur throughout the year that may impact Adjusted Free Cash Flow and/or Consolidated Adjusted EBITDA positively or negatively but were not due to direct Company management. The Committee approved adjustments to ensure the composition of the asset portfolio is consistent with AIP targets. These portfolio adjustments consist of the announcement of the ITISA sale for \$43 million and \$38 million to increase the calculation of Adjusted Free Cash Flow (FCF) and Consolidated Adjusted EBITDA criteria, respectively. The Committee also approved an adjustment to increase the Adjusted Free Cash Flow Target by \$147 million to reflect the delay in budgeted environmental capital expenditures due to changes in regulations. The Committee further approved a \$267 million reduction in the 2008 Adjusted Free Cash Flow computation to align the cash movements on option premiums with the 2009 settlements of related transactions, along with an increase in 2008 Adjusted Free Cash Flow for \$35 million to offset a partial prefunding of the pension trusts for payments due by March 2009. The net impact of these four Adjusted Free Cash Flow adjustments decreased 2008 performance compared to the AIP Target level by \$336 million.

Based on the calculations described above, both the Adjusted Free Cash Flow and Consolidated Adjusted EBITDA AIP Targets were exceeded for 2008. The Chief Executive Officer provided documentation to the Committee and the Board regarding the qualitative and quantitative achievement for each NEO. The Committee evaluated the performance of the Chief Executive Officer based on his achievement compared to goals established for him for 2008. Subsequently, the Committee reviewed and approved the annual incentive awards for the NEOs based on individual performance goals along with the Adjusted Free Cash Flow and Consolidated Adjusted EBITDA criteria. Bonus payments were paid after the release of the Company's audited financial results for 2008. The annual incentives awarded to each of the NEOs for 2008, expressed as a percentage of base salary and in dollars, were as follows:

Named Executive Officer:	Percentage of Base Salary (%)	Annual Incentive Payment (\$)
David Crane	175.3%	1,923,706
Robert Flexon	140.1%	908,226
Kevin T. Howell	132.1%	619,463
J. Andrew Murphy	94.6%	396,857
Clint C. Freeland	87.1%	286,940

Long-Term Incentive Compensation

The Long-Term Incentive Plan, or LTIP, is designed to align compensation of NEOs with long-term stockholder value. The value of an LTIP award depends exclusively on NRG's stock price and, in the case of Performance Units, the share price movement over time.

Types of Awards NRG's LTIP is comprised of the following types of awards:

Non-qualified Stock Option (NQSOs) Each NQSO represents the right to purchase one share of Common Stock at a price equal to the closing market price of the Common Stock on the date of grant. Options vest and become exercisable equally over a three-year vesting schedule and have a term of six years. Grants prior to August 1, 2005 have ten-year terms. Vesting schedules and term lengths for new grants are reviewed periodically by the Committee.

Table of Contents

Performance Units (PUs) Each PU represents the right to receive a certain number of shares of Common Stock after the completion of three years of service from the date of grant, provided the price per share of the Company's Common Stock equals or exceeds the target price set under the award as of the date of vesting. The number of shares of Common Stock to be paid as of the vesting date for each performance unit is equal to: (i) one share of Common Stock, if the target price is met; (ii) a prorated amount in between one and two shares of Common Stock, if the target price is exceeded but is less than the maximum price set under the award, and (iii) two shares if the maximum price is met or exceeded. If the target price is not met, no shares will be awarded.

The design of PUs is intended to reward NEOs based on total stockholder return over the three-year vesting period relative to the Company's total cost of equity over this period. The target price of the award is based on an annual projected cost of equity established at the start of each three-year vesting period. The Committee will approve a target stock price based on a compounding share price growth factor over the vesting period. The maximum share price growth factor represents 150% of the compounded target share price growth factor. PUs granted on January 2, 2008 held a target price of \$60.16 per share, which represents an approximate 40% growth rate, and the maximum price of \$73.35 per share, which represents an approximate 64% growth rate.

In December 2008, the Committee approved a threshold price for PUs effective for grants starting in January 2009, which represents an approximate 30% growth rate.

Restricted Stock Units (RSUs) Each RSU represents the right to receive one share of Common Stock after the completion of three years of service from the date of grant. From time-to-time, the Committee will use alternate RSU vesting periods, but only on an exception-basis, such as for a new-hire with a specific skill set or to serve as an enhanced retention tool.

Deferred Stock Units (DSUs) Each deferred stock unit represents the right of a participant to be paid one share of NRG's Common Stock at the end of a deferral period established under the award by the Committee or elected by the participant under the terms of an award and the tax rules applicable to nonqualified deferred compensation plans under Section 409A of the Code. Unless otherwise provided under an award, during the applicable deferral period, a participant will not have any rights as a stockholder of the Company. However, unless otherwise provided, once the deferral period ends, the participant will be entitled to receive accumulated dividends and distributions with respect to the corresponding number of shares of Common Stock underlying each deferred stock unit. Except in cases of death where DSUs convert immediately to Common Stock, DSUs convert to Common Stock six months following termination. While certain NEOs currently hold DSUs, there have not been any DSUs awarded to an executive officer of the Company since 2005.

Range of LTIP compensation The aggregate expected value of equity awards granted to each NEO for the fiscal year 2008 was based on a review of the expected value of equity grants made to NEOs in NRG's peer group, expressed as a percentage of base salary. Mercer Consulting provided equity benchmark data for the peer group and provided recommendations as a percentage of base salary to the Committee. For grants in January 2008, these percentages were 400% of base salary for Mr. Crane, 225% of base salary for Mr. Flexon, 150% of base salary for Mr. Murphy, and 65% of base salary for Mr. Freeland. The Company's practice is to issue annual equity awards on the first business day of the calendar year. For fiscal year 2008, the grant date was January 2, 2008. The price per share of the Company's stock on the grant date was \$42.82 per share. As part of the management restructuring in March 2008 certain NEOs received additional equity awards equal to 300% of base salary for Mr. Flexon and 150% of base salary for Mr. Freeland. The grant date was March 3, 2008 and the price per share of the Company's stock on the grant date was \$41.63 per share. In lieu of receiving LTIP equity awards, on March 3, 2008 Mr. Howell received a grant of Phantom Non-Qualified Units and Phantom Restricted Stock Units from the Company, each as described below under Phantom Equity Plan.

Blended annual allocation The Company employs a blended allocation of award type, with a heavier weighting to PUs and NQSOs in order to align the NEOs with stockholders through share price appreciation. NQSOs and PUs

directly align the NEOs' interests with the performance of NRG's Common Stock reflecting the importance of share price appreciation to the Company's total stockholder return. Allocation of RSUs reflects market trends favoring increased usage of restricted stock over stock options as a retention incentive. The allocation by equity type is reviewed annually by the Committee based on the Company's overall strategy and existing market best practices.

For fiscal year 2008, the Committee approved equity compensation grants allocated among the types of awards as follows:

50 percent of the target expected value in the form of NQSOs;

19

33 percent of the target expected value in the form of PUs; and

17 percent of the target expected value in the form of RSUs.

The types of equity awards made to the NEOs in January and March 2008 and the total grant date fair value for such awards are shown below.

Phantom Equity Plan

As previously disclosed, the Compensation Committee approved, effective March 1, 2008, a cash-based phantom-equity program (the Phantom Plan) for Mr. Howell that vests in full for all grants on August 1, 2010. This arrangement is designed to retain Mr. Howell through August 1, 2010, at a minimum, while continuing to align Mr. Howell's compensation with stockholder value and improvements in corporate performance.

The Phantom Plan contains two elements:

Phantom Non-Qualified Units (PNQUs) that track the performance of the NRG stock listed on the New York Stock Exchange and reward Mr. Howell in a similar manner as would a Non-Qualified Stock Option granted under the Company's LTIP. Each of the first and second grants of PNQUs was valued at the time of award, March 3, 2008 and March 3, 2009, at \$41.63 and \$17.45, respectively. Each valuation price will be compared to the average closing price of the NRG stock for the 20 trading days prior to August 1, 2010. The gain in the stock price (if any) will be multiplied by the number of PNQUs and paid in the form of cash as soon as practicable after August 1, 2010.

Phantom Restricted Stock Units (PRSUs) will also track the performance of the NRG stock listed on the New York Stock Exchange. A cash award will be made as soon as practicable after August 1, 2010 that reflects the number of PRSUs multiplied by the average closing price for the 20 trading days prior to August 1, 2010.

Mr. Howell's participation in the Phantom Plan precludes him from receiving additional equity awards under the LTIP that is otherwise in effect for the Company's other executive officers. The Company anticipates awarding Mr. Howell with additional grants under the Phantom Program on March 3, 2010 at a level of 2x base salary multiple. This multiple equals what would otherwise be his participation level in the LTIP. The value of all awards will be divided equally between PNQUs and PRSUs.

Benefits

Benefits NEOs participate in the same retirement, life insurance, health and welfare plans as other salaried employees of the Company. To generally support more complicated financial planning and estate planning matters, NEOs are provided personal financial services up to \$10,300 each year to assist with financial planning and tax counseling. Survey data indicates that participation in this form of benefit is consistent with market practice at the executive level and that \$10,300 is a reasonable level of benefit for this type of service.

Pursuant to the terms of his negotiated employment agreement which allows for the continuation of previously awarded personal life and disability insurance, in 2008, Mr. Crane received additional benefits in the form of a \$12,000 life insurance premium reimbursement and \$10,120 disability insurance premium reimbursement. NRG paid Mr. Crane a tax gross-up of these amounts totaling \$12,147.

Table of Contents***Discretionary Payments***

From time-to-time, the Committee will make off-cycle cash and/or equity awards to reward key personnel for reasons such as extraordinary achievement, the hiring of a new executive, promotion, or recognition. Such rewards are rarely made at the NEO level and all such discretionary payments are subject to review and approval by the Chief Executive Officer. In cases of discretionary payments for certain designated officers, both Chief Executive Officer and Committee approval is required.

Potential Severance and Change in Control Benefits

Mr. Crane, pursuant to his employment agreement, and the other NEOs, pursuant to the Company's Executive and Key Management Change-in-Control and General Severance Plan, also referred to as the CIC Plan, are entitled to severance payments and benefits in the event of termination of employment under certain circumstances, including following a change-in-control. NRG chooses to pay severance and change-in-control benefits to assist with career transitions of executives of the Company as well as to create an environment that provides for adequate business transition and knowledge transfer during times of change.

Change-in-control agreements are considered market practice among publicly-held companies. Most often, agreements are utilized to encourage executives to remain with the Company during periods of extreme job uncertainty. In order to enable a smooth transition during the interim period, change-in-control agreements provide a defined level of security for the executive, and the Company, to follow through on the implementation of a particular acquisition, asset sale/purchase, and integration.

For a more detailed discussion, including the quantification of potential payments, please see the section entitled Severance and Change-in-Control following the executive compensation tables below.

Stock Ownership Guidelines

The Committee and the Board require the Chief Executive Officer to hold Company stock with a value equal to six times his base salary until termination from the Company. The Chief Operating Officer is encouraged to hold equity instruments with a value equal to three times his base salary until termination from the Company. Other NEOs are encouraged to hold equity instruments with a value equal to 2.5 times their base salary, or in the case of Mr. Freeland, 2.0 times his base salary, until termination from the Company. Only vested shares count towards the ownership multiple. As NRG has experienced a limited number of LTIP grant opportunities, many NEOs have not yet achieved expected stock ownership multiples. It is anticipated, however, that NEOs will achieve expected ownership multiple thresholds over the course of a series of upcoming LTIP grants. The current stock ownership for NEOs as of March 30, 2009 is shown below:

	Target Ownership Multiple	Actual Ownership Multiple
Named Executive Officer		
David Crane	6.0	11.2
Robert Flexon	3.0	3.3
Kevin T. Howell	3.0	8.2
J. Andrew Murphy	2.5	0.1
Clint C. Freeland	2.0	0.4

Dilution concerns and other limitations

NRG and the Committee work to ensure that NRG's equity awards balance both the interests of stockholders in controlling dilution and NRG's business need to attract, motivate, and retain the level of executive talent needed to execute its business strategy. Observing established dilution rates help stockholders preserve anticipated share ownership percentages in NRG. The dilution interests are tracked by way of:

Dilution rate = $\frac{\text{NQSOs already awarded plus additional shares reserved for potential distribution}}{\text{shares outstanding}}$; and

Run rate = amount of NQSOs and RSUs actually distributed in 2008.

Table of Contents

The Committee remains focused on maintaining market prevailing dilution rates of less than 15%, as well as a three-year average run rate at or below 2%. NRG's potential dilution rate at the end of 2008 was approximately 7.2%, with an actual dilution rate of 4.3% reflecting shares granted at year-end. The run rate was less than 1%.

Tax and Accounting Considerations

The Committee has considered the implications of Section 162(m) of the Code, which precludes the Company (as a public company) from taking a tax deduction for individual compensation in excess of \$1 million for any of the NEOs, subject to certain exemptions. The Committee has also considered the exemptions to such limitation, which are also provided in Section 162(m) and specifically the exemption for compensation that is performance based within the meaning of Section 162(m). The Committee believes tax deductibility of compensation is an important consideration and, where possible and considered appropriate, intends to preserve the deductibility of compensation to NEOs under Section 162(m). However, the Committee also believes that it is important to retain flexibility in designing compensation programs, and as a result, has not adopted a policy that any particular amount of compensation must be deductible to NRG under Section 162(m). The Committee also takes into account tax consequences to NEOs in designing the various elements of the Company's compensation program, such as designing the terms of awards to defer immediate income recognition in accordance with Section 409A of the Code. The Committee remains informed of the accounting implications of its compensation programs, however, and approves programs based on their total alignment with the Company's strategy and long-term goals.

Compensation Committee Report on Executive Compensation

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement required by Item 402(b) of Regulation S-K with management and, based upon such review and discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The amounts provided in the Non-Equity Incentive Plan Compensation column represent values earned under NRG's 2008, 2007 and 2006 AIP payable in March 2009, March 2008 and March 2007, respectively. NEOs were provided the opportunity to earn a cash incentive payment based on the attainment of certain pre-established Company and individual goals for fiscal years 2008, 2007 and 2006. The performance criteria and weight given to each NEO are described in detail in the CD&A above. The dollar amounts in the Table represent payouts for actual 2008, 2007 and 2006 Company performance.

Only one NEO, David Crane, participates in the NRG Pension Plan, which was closed to new employees hired on, or after, December 5, 2003. The values shown in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column represent the 2008, 2007 and 2006 year-on-year increases in the value of the defined benefit pension plan.

The amounts provided in the All Other Compensation column represent the additional benefits payable by NRG and include insurance benefits, the employer match under the 401(k) plan, relocation expenses, financial counseling services up to \$10,300, and the amount payable under NRG's all-employee discretionary match to the 401(k) plan. The following table identifies the additional compensation for each NEO.

(1) Total Taxable Grossed Up Expenses includes gross ups on life insurance premium reimbursements and disability insurance premium reimbursements for the Chief Executive Officer, and gross ups for financial services for all executive officers of the Company.

Employment Agreements

Mr. Crane serves as the President and Chief Executive Officer of the Company pursuant to the terms of an employment agreement with the Company that was amended and restated in order to ensure compliance with Section 409A of the Code, effective December 4, 2008. The initial term of the amended and restated employment agreement will end on December 31, 2009. The agreement will be renewed automatically for successive one-year terms on the same terms and conditions unless either party provides the other with notice to the contrary at least 90 days prior to the end of the initial term or any subsequent one-year term.

Effective December 4, 2008 through December 31, 2009, the amended and restated employment agreement provides for an annual base salary of \$1,100,000. For each one-year period thereafter, Mr. Crane's base salary will be reviewed and may be increased by the Board. Beginning with the 2008 fiscal year, Mr. Crane is entitled to an annual bonus with a target amount of up to 100 percent of his base salary, based upon the achievement of criteria determined at the beginning of the fiscal year by the Board, with input from

Table of Contents

Mr. Crane, for that fiscal year. In addition, beginning with the 2008 fiscal year, Mr. Crane is also entitled to a maximum annual bonus up to an additional 100 percent of his base salary, based upon the achievement of Adjusted Free Cash Flow and Adjusted EBITDA criteria for that fiscal year.

In addition to salary and bonuses, the employment agreement provides that Mr. Crane is eligible to participate in the Company's LTIP in accordance with its terms. Mr. Crane is also entitled to health, welfare and retirement benefits, term life insurance of \$7.75 million, five weeks paid vacation, and coverage under the Company's director and officer liability insurance coverage, in addition to reimbursement of reasonable business expenses and reimbursement of reasonable expenses for financial planning. Mr. Crane's employment agreement also entitles him to certain severance payments and benefits in the event his employment terminates under certain circumstances. These severance payments and benefits are described and quantified under the section "Severance and Change-in-Control" below.

The Company has not entered into employment agreements with NEOs other than Mr. Crane.

Table of Contents

2008 Annual Incentive Plan

NEOs were provided the opportunity to earn an AIP payment based on the attainment of certain pre-established Company and individual goals for fiscal year 2008. The performance criteria and weight given to each are described in detail in the CD&A above. The dollar amount of the possible payouts for achieving the threshold, target or maximum levels of performance during 2008 are shown in the above table.

2008 Long-Term Equity Incentives

For 2008, the NEOs were provided long-term incentives through grants of the following types of equity awards as indicated in the above table: (i) NQSOs; (ii) RSUs; and (iii) PUs. Consistent with our policy, these awards were granted to NEOs as of the first business day of the fiscal year, *i.e.* January 2, 2008.

Each NQSO represents the right to purchase one share of Common Stock at a price equal to the fair market value of the stock determined as of the date of grant. NQSOs granted in 2008 have a term of six years and vest in equal annual installments over a three year vesting schedule. Upon termination of service by reason of death, the NQSO shall vest in full and shall be exercisable by the executor or administrator of participant's estate (or any person to whom the NQSO is transferred by will or the laws of descent and distribution) until the earlier of the expiration date or 12 months after the date of such termination of service, and thereafter the NQSO shall terminate and cease to be exercisable. Upon termination of service by reason of disability, the participant shall have the right until the earlier of the expiration date or 12 months after the date of such termination of service to exercise only that portion of the NQSO that was exercisable as of the date of such termination of service, and thereafter the option shall terminate and cease to be exercisable.

Each RSU represents the right to receive one share of Common Stock as of the vesting date for the award. RSUs granted in 2008 will become 100% vested as of the third anniversary of the date of grant provided the NEO is still employed with the company as of that date. Upon termination of service by reason of death, the RSU shall vest in full and the Common Stock underlying the RSU shall be issued and delivered to the participant's legal representatives, heirs, legatees, or distributees.

Each PU represents the right to receive a certain number of shares of Common Stock after the completion of three years of service from the date of grant, provided the price per share of Common Stock as of the date of vesting equals or exceeds the target price set under the award. The number of shares of Common Stock to be paid as of the vesting date is equal to: (i) one share if the target price is met; (ii) a pro rata amount between one and two shares if the target price is exceeded but the maximum price set under the award is not met; and (iii) two shares if the maximum price is met or exceeded. For PUs granted on January 2, 2008 the target price is \$60.16 and the maximum price is \$70.35. Upon termination of service by reason of death, the PU shall vest in full and the Common Stock underlying the PU shall be issued and delivered to the participant's legal representatives, heirs, legatees, or distributees.

The pay out value of unearned shares, or Units (i.e. PUs), is based on the market price for NRG Common Stock as of December 31, 2008. If a value is shown in this column, the PU grant is considered in the money, meaning the price of NRG's Common Stock exceeds the target price of the PU grant. Where values do not appear in this column, then that particular PU grant has not exceeded the target price and no value is represented.

The NRG Pension Plan for Non-Bargaining Employees provides qualified retirement income benefits to most NRG employees who were hired prior to December 5, 2003. The plan was closed to new employees not covered by a bargaining agreement on that date as required by the creditors during the financial restructuring of the Company. Mr. Crane is the only NEO eligible to receive benefits under this plan. He is covered under the pension equity formula under the plan which provides a lump sum benefit equal to 10% of the participant's four-year final average pay times years of credited service. Annual pension earnings include base pay and incentives but are capped by the Internal Revenue Service, or IRS, qualified plan pay limit each year. For example, the 2008 pay limit was \$225,000. Pension benefits become 100% vested after five years of service and a participant may retire as early as age 55. At termination or retirement, the participant may receive his pension equity lump sum balance as a one-time lump sum payment or as an

actuarial equivalent monthly annuity. Actuarial equivalent annuities are determined using the 30-year Treasury rate and an IRS mortality table. None of the NEOs are covered by any non-qualified pension program.

**Non-Qualified Deferred Compensation

Non-qualified deferred compensation reported in the above table was awarded in 2005 in the form of DSUs. No additional deferred compensation awards have been made since 2005. The DSUs reflected above are fully vested and, in general, will be paid in the form of stock six months following the NEO's termination of employment. While no further non-qualified deferred compensation awards are anticipated, the Committee may choose to revisit this approach in the future.

Severance and Change in Control

Mr. Crane, pursuant to his employment agreement, and the other NEOs, pursuant to the Company's Executive and Key Management Change in Control and General Severance Plan, or CIC Plan, are entitled to certain severance payments and benefits in the event of termination of employment under certain circumstances.

In the event Mr. Crane's employment with the Company is terminated by the Company without cause, by Mr. Crane for good reason (including a reduction on his base salary) or if the Company notifies Mr. Crane it has elected not to renew his employment agreement after the initial term or any subsequent one-year term, Mr. Crane will be entitled to two times his base salary (without regard for any reduction on base salary); 50 percent of the bonus he would have received upon actual satisfaction of the underlying performance conditions, prorated for the number of days he was employed with the Company in the year of termination; immediate vesting of all restricted stock and stock options; reimbursement for COBRA benefits continuation cost for 18 months; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay, and retirement benefits.

In the event Mr. Crane's employment with the Company is terminated by the Company without cause or by Mr. Crane for good reason (including a reduction on his base salary) or if the Company notifies Mr. Crane it has elected not to renew his employment agreement after the initial term or any subsequent one-year term, within 24 months following a change-in-control, in lieu of the above severance benefits, Mr. Crane will be entitled to 2.99 times the sum of his base salary (without regard for any reduction in base salary) plus his annual target bonus for the year of termination. Mr. Crane will also be entitled to a payment equal to the bonus he would have received upon actual satisfaction of the underlying performance conditions, prorated for the number of days he was employed with the Company in the year of termination; immediate vesting of all restricted stock and stock options; reimbursement for COBRA benefits continuation cost for 18 months; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay, and retirement benefits.

In the event Mr. Crane's employment with the Company is terminated due to his death or disability, Mr. Crane (or his estate) will be entitled to 50 percent of the target annual bonus, prorated for the number of days he was employed with the Company in the year of termination; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay and retirement benefits.

In the event that the payments under Mr. Crane's employment agreement subject him to an excise tax under Section 4999 of the Code, he will be entitled to a gross-up payment so that the net amount received by Mr. Crane after imposition of the excise tax equals the amount he would have received under the employment agreement absent the imposition of the excise tax. In addition, under the employment agreement, the Company has agreed to indemnify Mr. Crane against any claims arising as a result of his position with the Company to the maximum extent permitted by

law.

Under each of the Crane employment agreement and the CIC Plan, the applicable executive agrees not to divulge confidential information or, during and for a period of one year after the termination of the employment agreement, compete with, or solicit the customers or employees of the Company.

Table of Contents

Under the CIC Plan, the NEOs other than Mr. Crane are entitled to a general severance benefit equal to 1.5 times base salary in the event of involuntary termination without cause payable in a lump sum amount and reimbursement for COBRA benefits continuation cost for a period of 18 months.

The CIC Plan also provides a change-in-control benefit in the event that within twenty-four months following a change-in-control, NEO employment is either involuntarily terminated by the Company without cause or voluntarily terminated by the executive for good reason. This change-in-control benefit is equal to the executive's base salary plus annual target incentive times 2.99 payable in a lump sum amount, an amount equal to the NEO's target bonus for the year of termination, prorated from the number of days during the performance period the NEO was employed by the Company and reimbursement for COBRA benefits continuation cost for a period of 18 months.

In the event of a change-in-control, all equity granted to the NEOs will become fully vested, consistent with market-competitive practices.

In general, under Mr. Crane's employment agreement and the CIC Plan, a change-in-control occurs in the event (1) any person or entity becoming the direct or indirect beneficial owner of 50% or more of the Company's voting stock, (2) directors serving on the Board as of a specified date cease to constitute at least a majority of the Board unless such directors are approved by a vote of at least two-thirds (2/3) of the incumbent directors, provided that a person whose assumption of office is in connection with an actual or threatened election contest or actual or threatened solicitation of proxies including by reason of agreement intended to avoid or settle such contest shall not be considered to be an incumbent director, (3) any reorganization, merger, consolidation, sale of all or substantially all of the assets of the Company or other transaction is consummated and the previous stockholders of the Company fail to own at least 50% of the combined voting power of the resulting entity or (4) the stockholders approve a plan or proposal to liquidate or dissolve the Company. An involuntary termination without cause means the NEO's termination by the Company for any reason other than the NEO's conviction of, or agreement to a plea of nolo contendere to, a felony or other crime involving moral turpitude, willful failure to perform his duties or willful gross neglect or willful gross misconduct. A voluntary termination for good reason means the resignation of the NEO in the event of a material reduction in his compensation or benefits, a material diminution in his title, authority, duties or responsibilities or the failure of a successor to the Company to assume the CIC Plan or in the case of Mr. Crane, his employment agreement. In the case of Mr. Crane only, good reason also includes any failure by the Company to comply with his employment agreement, his removal from the Board, the failure to elect him to the Board during any regular election as well as a change in reporting structure of the Company requiring Mr. Crane to report to anyone other than the Board. The amount of compensation payable to each NEO in each circumstance is shown in the table below, assuming that termination of employment occurred as of December 31, 2008, and including payments that would have been earned as of such date. The amounts shown below do not include benefits payable under the NRG Pension Plan, the NRG 401(k) plan or DSUs.

Non-employee directors other than the Chairman, receive total annual compensation of \$180,000 for their service as a Board member. Mr. Cosgrove, as Chairman, receives \$325,000 in total annual compensation. Additional annual compensation is provided to the Chairs of Board Committees. As Chair of the Audit Committee, Mr. Hantke receives an additional \$35,000 per year. The Chairs of Board Committees other than ad hoc committees and the Audit Committee, i.e., Mr. Weidemeyer (Compensation Committee), Mr. Coben (Governance and Nominating Committee), Mr. Hobby (Commercial Operations and Oversight Committee), Mr. Tate

Table of Contents

(Nuclear Oversight Subcommittee) and Ms. Schaumburg (Finance Committee), receive an additional \$20,000 per year. Mr. Crane, as an employee director, does not receive additional separate compensation for his Board service.

Unless otherwise elected by the director, directors receive 50 percent of their total annual compensation in the form of cash and the remaining 50 percent in the form of vested DSUs. Each DSU is equivalent in value to one share of NRG's Common Stock and represents the right to receive one such share of Common Stock payable at the earlier of a change in control or the time elected by the director, or in the event the director does not make an election with respect to payment, when the director ceases to be a member of the Board. Similar to the competitive assessment performed by Mercer Consulting on behalf of the NEO population, Mercer Consulting performed a review of Director compensation. Results of the review were shared with the Committee who made a recommendation to the full Board for final approval. Competitive pay levels are necessary in order for NRG to secure the desired Board-level talent necessary to provide short- and long-term strategic direction to the Company.

Directors are required to retain all stock received as compensation for the duration of their service on the Board, although they may sell shares as necessary to cover tax liability associated with the conversion of DSUs to Common Stock. Exceptions to these requirements may be made by the Board under special circumstances.

Item 13 *Certain Relationships and Related Transactions, and Director Independence*
Review, Approval or Ratification of Transactions with Related Persons

The Board has adopted written policies and procedures to address potential or actual conflicts of interest and the appearance that decisions are based on considerations other than the best interests of NRG that may arise in connection with transactions with certain persons or entities (the Policy). The Policy operates in conjunction with NRG's Code of Conduct and is applicable to all transactions, arrangements or relationships in which: (a) the aggregate amount involved will or may be expected to exceed \$50,000 in

Table of Contents

any calendar year; (b) the Company is a participant; and (c) any Related Person (as that term is defined in Item 404 under Regulation S-K of the Securities Act of 1933, as amended) has or will have a direct or indirect interest (a Related Person Transaction).

A Related Person Transaction is subject to review and approval or ratification by the Governance and Nominating Committee. If the aggregate amount involved is expected to be less than \$500,000, the transaction may be approved or ratified by the Chair of the Committee. As part of its review of each Related Person Transaction, the Governance and Nominating Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. This Policy also provides that certain transactions, based on their nature and/or monetary amount, are deemed to be pre-approved or ratified by the Committee and do not require separate approval or ratification.

Transactions involving ongoing relationships with a Related Person will be reviewed and assessed at least annually by the Committee to ensure that such Related Person Transactions remain appropriate and in compliance with the Committee's guidelines. The Committee's activities with respect to the review and approval or ratification of all Related Person Transactions are reported periodically to the Board of Directors.

There were no Related Person Transactions for the year ended December 31, 2008.

Director Independence

The Board is made up of a majority of independent directors. An independent director is a director who meets the criteria for independence as required by the applicable law and the NYSE listing standards and is affirmatively determined to be independent by the Board. The Board has determined that each of the current directors is independent under the listing standards of the NYSE, with the exception of David Crane, President and Chief Executive Officer, and Paul Hobby, whose sister-in-law is a current partner at KPMG LLP, the Company's independent registered public accounting firm. William Hantke served as director of Process Energy Solutions until March 31, 2008, which was one of many advisors to the Company on development projects; and Thomas Weidemeyer serves as a director of Waste Management, Inc., a service provider to the Company in the ordinary course of business. The Board has evaluated the business relationships between the Company and each of these companies and has concluded that each business relationship is immaterial and does not interfere with Mr. Hantke's or Mr. Weidemeyer's exercise of independent judgment on the Board or, in the case of Mr. Hantke, on the Audit Committee. Each of the Audit, Compensation, and Governance and Nominating Committees is made up solely of independent directors. In accordance with the Company's Corporate Governance Guidelines (available on the Company's website) and NYSE listing standards, all members of the Audit Committee meet additional independence standards applicable to audit committee members.

Item 14 Principal Accountant Fees and Services**Audit and Nonaudit Fees**

Table of Contents

Audit Fees

For 2008 and 2007 audit services, KPMG LLP billed us approximately \$6,961,000 and \$7,020,000, respectively, for the audit of our financial statements, which includes services performed related to the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements. All of the work was performed by full-time, permanent employees of KPMG LLP.

Audit-Related Fees

Audit-related fees in 2008 and 2007 primarily consist of fees incurred for financing transactions. For 2008 and 2007, audit-related fees billed to us by KPMG LLP totaled approximately \$234,000 and \$108,000, respectively.

Tax Fees

Tax fees relate to services provided for tax compliance, tax planning and advice on both domestic and international matters. For 2008 and 2007 tax services, KPMG LLP billed us approximately \$832,000 and \$1,136,000, respectively.

Policy on Audit Committee Pre-approval of Audit and Permissible Nonaudit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible nonaudit services provided by the independent registered public accounting firm.

The Audit Committee will annually review and pre-approve services that are expected to be provided by the independent registered public accounting firm. The term of the pre-approval will be 12 months from the date of the pre-approval, unless the Audit Committee approves a shorter time period. The Audit Committee may periodically amend and/or supplement the pre-approved services based on subsequent determinations.

Unless the Audit Committee has pre-approved Audit Services or a specified category of nonaudit services, any engagement to provide such services must be pre-approved by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee must also pre-approve any proposed services exceeding the pre-approved budgeted fee levels for a specified type of service.

The Audit Committee has authorized its Chair to pre-approve services in amounts up to \$500,000 per engagement. Engagements exceeding \$500,000 must be approved by the full Audit Committee. Engagements pre-approved by the Chair are reported to the Audit Committee at its next scheduled meeting.
