**Item 7.01 Regulation FD Disclosure**

On July 29, 2009, Symantec Corporation (the Company ) furnished certain modifications to the historical revenue information of its operating segments, as described below. The modified revenue information by segment is furnished as Exhibit 99.01 to this Current Report and is incorporated herein by reference.

During the first quarter of fiscal year 2010, the company modified its segment reporting structure to more readily match its operating structure. The following modifications were made to the segment reporting structure: Enterprise Vault products were moved to the Storage and Server Management segment from the Security and Compliance segment; and the Software-as-a-Service ( SaaS ) offerings were moved to either the Security and Compliance or the Storage and Server Management segment from the Services segment based on the nature of the service delivered. Fiscal year 2009 Enterprise Vault revenue of \$197 million and fiscal year 2008 revenue of \$168 million was moved, and fiscal year 2009 SaaS revenue of \$51 million was moved. The predominant amount of SaaS revenue went to the Security and Compliance segment. The historical periods have been adjusted to reflect the modified reporting structure. There were no changes to the Consumer or Other segments.
