Item 11. Executive Compensation

Overview

This section describes the material elements of the compensation awarded to, earned by or paid to our Chief Executive Officer and the two most highly compensated executive officers as determined in accordance with SEC rules, who are collectively referred to as the named executive officers. This discussion focuses primarily on the fiscal 2009 information contained in the Summary Compensation Table and related footnotes following this section but also describes compensation actions taken during other periods to the extent it enhances the understanding of our executive compensation disclosure for fiscal 2009. For example, although our fiscal year ends on June 30 of each year, our compensation programs were previously established on a calendar year basis and, therefore, the discussion below includes information regarding periods before the fiscal year. To align the period for our compensation program with the June 30th fiscal year end, our Board adopted an interim compensation plan for the six-month period ended June 30, 2009. Beginning with fiscal 2010, compensation programs for executive officers are established on a fiscal year basis.

Executive Compensation Components for Fiscal 2009

Base Salary

Base salary is an important element of our executive compensation program as it provides executives with a fixed, regular, non-contingent earnings stream to support annual living and other expenses. As a component of

Table of Contents

total compensation, we generally set base salaries at levels believed to attract and retain an experienced management team that will successfully grow our business and create stockholder value. We also utilize base salaries to reward individual performance and contributions to our overall business objectives, but seek to do so in a manner that does not detract from the executives' incentive to realize additional compensation through our performance-based compensation programs, stock options and restricted stock awards.

The Compensation Committee reviews the Chief Executive Officer's salary annually at the end of each calendar year. The Compensation Committee may recommend adjustments to the Chief Executive Officer's base salary based upon the Compensation Committee's review of his current base salary, incentive cash compensation and equity-based compensation, as well as his performance and comparative market data. The Compensation Committee reviews other executives' salaries throughout the year, with input from the Chief Executive Officer. The Compensation Committee may recommend adjustments to other executive's base salary based upon the Chief Executive Officer's recommendation and the reviewed executive's responsibilities, experience and performance, as well as comparative market data.

In utilizing comparative data, the Compensation Committee seeks to recommend salaries for each executive at a level that is appropriate after giving consideration to experience for the relevant position and the executive's performance. The Compensation Committee reviews performance for both our company (based upon achievement of strategic initiatives) and each individual executive. Based upon these factors, the Compensation Committee may recommend adjustments to base salaries to better align individual compensation with comparative market compensation, to provide merit-based increases based upon individual or company achievement, or to account for changes in roles and responsibilities.

Our employment agreement with David L. Martin, President and Chief Executive Officer, provides that his annual base salary for calendar 2008 would be \$370,000 and that his base salary for subsequent years is to be determined by the Board. We offered this amount as part of a package of compensation for Mr. Martin sufficient to induce him to join our company. The compensation package for Mr. Martin is designed to provide annual cash compensation, including both base salary and potential cash incentive earnings, sufficient to induce him to join CSI combined with the equity compensation described below, although less than the annual cash compensation Mr. Martin received at his previous employer and, we believe, less than Mr. Martin likely could have obtained with other, more established employers. The equity portion of Mr. Martin's compensation package, as described below, was designed to provide sufficient potential growth in value to induce Mr. Martin to join us despite the lower cash compensation. Based on the recommendation of the Compensation Committee, the Board approved an increase to Mr. Martin's base salary rate from \$370,000 to \$395,000 for calendar 2009.

Laurence Betterley commenced employment as our Chief Financial Officer on April 14, 2008. Our employment agreement with Mr. Betterley provides that his initial annual base salary was \$225,000, and that his base salary is to be subsequently adjusted at the discretion of the Board. This base salary was negotiated with Mr. Betterley as part of the compensation package offered to induce him to join our company. The base salary was set at an amount that we believed to be generally consistent with the base salaries paid by other growth stage medical device companies for similar positions. Effective January 1, 2009, the Board approved an increase to Mr. Betterley's base salary rate from \$225,000 to \$250,000.

Scott Kraus had been a senior sales director and was promoted to Vice President of Sales in April 2009, at which time the Board set his annual base salary at \$190,000. Mr. Kraus is a party to our standard employment agreement, which was not amended in connection with his promotion.

Annual Cash Incentive Compensation for the First and Second Quarters of Fiscal 2009

In February 2008, the Board adopted an incentive plan for calendar 2008, which included the first two quarters of fiscal 2009. The plan conditioned the payment of incentive compensation to all participants, including Mr. Martin, upon our achievement of revenue and gross margin financial goals. In contrast to previous incentive plans, none of executive officers was subject to individual goals. Under the plan, our executive officers were eligible to receive annual cash incentive compensation with target bonus levels ranging from 50%, in the case of the President and Chief Executive Officer, to 40%, in the case of other executive officers, of their yearly base salaries. Participants were eligible to earn 50% to 150% of their target bonus amount depending upon our performance relative to the plan

criteria; however, in the event of extraordinary revenue performance above the goals set by the Board, all of the executive officers could receive incentive payments greater than 150% of their targets based upon a formula established by the Board, with no maximum payout set under the plan. The plan provided for two separate

Table of Contents

payments to the participants, the first based upon company performance in the first six months of calendar 2008 and the second based upon company performance in the entire calendar year. The plan criteria were the same for all of the named executive officers. The plan was designed to reward the executive officers for achieving and surpassing the financial goals set by the Compensation Committee and Board of Directors. We believed that the financial goals were aggressive but attainable if our performance was strong.

Annual Cash Incentive Compensation for the Third and Fourth Quarters of Fiscal 2009

We adopted a new cash incentive plan for the six months ended June 30, 2009. As described above, our prior cash incentive plans established calendar year incentive periods, and the purpose of the new cash incentive plan was to align the period for our compensation program with our June 30th fiscal year end.

The plan conditioned the payment of incentive compensation to all participants upon our achievement of revenue and adjusted EBITDA financial goals. Target bonus amounts were split evenly between these two goals. None of the executive officers were subject to individual goals under this plan. No plan participant received a bonus unless we achieved certain minimum adjusted EBITDA goals. Target bonus levels as a percentage of base salary for the six-month period were 75% for the President and Chief Executive Officer and 50% for the other named executive officers. Depending upon our performance against the goals, participants were eligible to earn 50% to 200% of their target bonus amount for adjusted EBITDA and 50% to 150% of their target bonus amount for revenue; however, in the event of extraordinary revenue performance above the goals set by the Board, the participants could receive incentive payments greater than 150% of their targets for the revenue goal based upon a formula established by the Board, with no maximum payout set under the plan. The plan criteria were the same for all of the executive officers. The plan was designed to reward the executive officers for achieving and surpassing the financial goals set by the Compensation Committee and Board. In addition to incentives under this plan, Scott Kraus, Vice President of Sales, received monthly sales commissions based on our monthly revenue.

Stock Option and Other Equity Awards

Consistent with our compensation philosophies related to performance-based compensation, long-term stockholder value creation and alignment of executive interests with those of stockholders, we make periodic grants of long-term compensation in the form of stock options or restricted stock to our executive officers and across our organization generally.

Stock options provide executive officers with the opportunity to purchase common stock at a price fixed on the grant date regardless of future market price. A stock option becomes valuable only if the common stock price increases above the option exercise price and the holder of the option remains employed during the period required for the option shares to vest. This provides an incentive for an option holder to remain employed by us. In addition, stock options link a significant portion of an employee's compensation to stockholders' interests by providing an incentive to achieve corporate goals and increase stockholder value. Under our 2007 Equity Incentive Plan, we may also make grants of restricted stock awards, restricted stock units, performance share awards, performance unit awards and stock appreciation rights to officers and other employees. We adopted this plan to give us flexibility in the types of awards that we could grant to our executive officers and other employees.

The Compensation Committee consulted Lyons, Benenson & Company, a third-party compensation consulting firm, to determine competitive levels of stock option grants for officers in comparable positions with companies of comparable size and stage of development. Based on the guidance from Lyons and the experience of the members of the Compensation Committee, the Compensation Committee considered the relative ownership levels of each officer based upon levels before and after becoming a public company and has identified target levels of option grants for each of our officers. Furthermore, the Compensation Committee considered each named executive officer's role and responsibilities, ability to influence long term value creation, retention and incentive factors and current stock and option holdings at the time of grant, as well as individual performance, which is a significant factor in the Compensation Committee's decisions. We granted options in fiscal 2008 to each of our officers to bring the total number of shares subject to options held by each such officer, including shares subject to any previously granted options, closer to the levels identified by the Compensation Committee as appropriate for that position, while also taking into consideration performance of the officer and the limitations imposed by the number of shares authorized for issuance under our stock option plans. The Compensation Committee did not consider specific performance

objectives but generally concluded that each of our executive officers had performed well and deserved option grants intended to move their equity ownership closer to the Compensation Committee's targeted levels.

Table of Contents

In December 2007, we granted stock options to our executive officers at the time, including to Mr. Martin to purchase 242,625 shares of common stock, which were to vest in full on the third anniversary of the grant date, provided that we had completed an initial public offering or a change of control transaction before December 31, 2008. We included this vesting restriction on the grants of stock options in order to provide additional incentives to our executive officers to complete an initial public offering or complete an alternate transaction that would provide stockholder liquidity. In fiscal 2009, these options were amended by the Board of Directors to provide for vesting of 50% of the options on the first anniversary, and 50% of the options on the second anniversary, of the closing of the merger, which occurred on February 25, 2009.

From time to time we may make one-time grants of stock options or restricted stock to recognize promotion or consistent long-term contribution, or for specific incentive purposes. On March 2, 2009, following the closing of the merger, the Board granted 32,350 stock options to Mr. Martin and 14,234 to Mr. Betterley, which provide for vesting of 50% of the options on the first anniversary, and 50% of the options on the second anniversary of the grant date, and on April 29, 2009, following his promotion to Vice President of Sales, the Board granted Mr. Kraus 20,000 shares of restricted stock, which shares vest ratably in three annual installments, beginning on April 29, 2010.

We also grant stock options or other equity awards to executive officers in connection with their initial employment. In connection with our negotiations with Mr. Betterley to join us as Chief Financial Officer, we provided Mr. Betterley with a grant of 48,525 shares of restricted stock under the 2007 Equity Incentive Plan, which shares vest ratably in three annual installments, beginning on April 14, 2009. We have made grants of restricted stock to various employees under the 2007 Equity Incentive Plan. In the future, we intend to grant restricted stock instead of, or in addition to, stock options to our executive officers, because we can typically use fewer shares from our available pool in making restricted stock grants. We believe that restricted stock is as effective as stock options in motivating performance of employees.

Although we do not have any detailed stock retention or ownership guidelines, the Board and Compensation Committee generally encourage our executives to have a financial stake in our company in order to align the interests of our stockholders and management, and view stock options as a means of furthering this goal. We will continue to evaluate whether to implement a stock ownership policy for our officers and directors.

Limited Perquisites; Other Benefits

It is generally our policy not to extend significant perquisites to our executives beyond those that are available to our employees generally, such as 401(k) plan, health, dental and life insurance benefits. We have given car allowances to certain named executives and moving allowances for executives who have relocated. We also pay for housing, commuting and related costs for our Chief Executive Officer.

Potential Payments Upon Termination or Change of Control

The majority of our stock option agreements provide that in the event of a change of control (the sale by us of substantially all of our assets and the consequent discontinuance of our business, or in the event of a merger, exchange or liquidation), the vesting of all options will accelerate and the options will be immediately exercisable as of the effective date of the change of control. Our restricted stock agreements also provide for the acceleration of vesting as of the effective date of a change of control.

Under the terms of the employment agreement with Mr. Martin, we will pay Mr. Martin an amount equal to 12 months of his then current base salary and 12 months of our share of health insurance costs if Mr. Martin is terminated by us without cause, or if Mr. Martin terminates his employment for good reason, as defined in the agreement. Good reason is generally defined as the assignment of job responsibilities to Mr. Martin that are not comparable in status or responsibility to those job responsibilities set forth in the agreement, a reduction in Mr. Martin's base salary without his consent, or our failure to provide Mr. Martin the benefits promised under his employment agreement. As a condition to receiving his severance benefits, Mr. Martin is required to execute a release of claims agreement in favor of us.

Under the terms of the employment agreement with Mr. Betterley, we will pay Mr. Betterley an amount equal to 12 months of his then current base salary and 12 months of our share of health insurance costs if Mr. Betterley is terminated by us without cause, or if Mr. Betterley terminates his employment for good reason, as defined in the agreement. Good reason is generally defined as the assignment of job responsibilities to Mr. Betterley that are not

agreement, a reduction in Mr. Betterley's base salary without his consent, or our failure to provide Mr. Betterley the benefits promised under his employment agreement. As a condition to receiving his severance benefits, Mr. Betterley is required to execute a release of claims agreement in favor of us.

We agreed to the payment of severance benefits in the employment agreements with Mr. Martin and Mr. Betterley because they each requested these severance benefits and we believed it was necessary to provide such benefits in order to obtain the agreements with them. We believe that other medical device manufacturers provide substantially similar severance benefits to their senior officers and that providing severance benefits to our Chief Executive Officer and Chief Financial Officer is therefore consistent with market practices. We believe that such benefits are reasonable to protect the Chief Executive Officer and Chief Financial Officer against the risk of having no compensation while they seek alternative employment following a termination of their employment with us.

DIRECTOR COMPENSATION

The non-employee members of the Board are reimbursed for travel, lodging and other reasonable expenses incurred in attending board or committee meetings. Prior to the merger, upon initial election to the Board, the non-employee directors of CSI-MN were granted an option to purchase 60,000 shares of common stock, and in subsequent years, each non-employee director received an annual stock option grant to purchase a quantity of common stock that is determined by the Board on an annual basis. Prior to January 1, 2009, the directors of CSI-MN were not compensated for service as board and committee members or for attending meetings.

The Board adopted a director compensation plan that became effective upon the completion of the merger. For the six month period ended June 30, 2009, each director received the following compensation:

- \$20,000 for service as a board member;
- \$10,000 for service as a chairman of a board committee;
- \$5,000 for service as a member of a board committee;

\$1,200 per board or committee meeting attended in the event more than six of each such meetings are held during the period; and

a restricted stock unit award with a value of \$50,000, granted following the completion of the merger, and payable in cash beginning six months after the termination of the director's board membership.

The former directors of Replidyne who continued as directors of the combined company, Edward Brown and Augustine Lawlor, received the amounts stated above on a prorated basis for the period from February 25, 2009 through June 30, 2009.

For the twelve month period ending June 30, 2010, each non-employee director will receive the following compensation:

\$40,000 for service as a board member;

\$20,000 for service as a chairman of a board committee;

\$10,000 for service as a member of a board committee;

\$1,200 per board or committee meeting attended in the event more than 12 of each such meeting are held during the period; and

a restricted stock unit award with a value of \$100,000, to be granted following completion of the audit of the Company's financial statements for the fiscal year ending June 30, 2010, and payable in cash beginning six months after the termination of the director's board membership.

In addition, the Chairman of the Board receives an annual retainer of \$40,000, which may, at the election of the Chairman, be paid in shares of common stock based on the fair market value of the Company's common stock on the date of payment.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth as of October 16, 2009 certain information regarding beneficial ownership of our common stock by:

Each person known to us to beneficially own 5% or more of our common stock;

Each executive officer named in the Summary Compensation Table on page 9, who in this Report are collectively referred to as the named executive officers;

Each of our directors; and

All of our executive officers (as that term is defined under the rules and regulations of the SEC) and directors as a group.

Beneficial ownership generally means having sole or shared voting or investment power with respect to securities. Unless otherwise indicated in the footnotes to the table, each stockholder named in the table has sole voting and investment power with respect to the shares of common stock set forth opposite the stockholder's name. We have based our calculation of the percentage of beneficial ownership on 14,598,225 shares of CSI common stock outstanding on October 16, 2009. Unless otherwise noted below, the address for each person or entity listed in the table is c/o Cardiovascular Systems, Inc., 651 Campus Drive, St. Paul, Minnesota 55112.

Equity compensation plans not approved by security holders	3,161,415 ⁽²⁾	\$ 8.87

The 2007 Plan includes a renewal provision whereby the

number of shares shall automatically be increased on the first day of each fiscal year beginning July 1, 2008, and ending July 1, 2017, by the lesser of (i) 970,500 shares, (ii) 5% of the outstanding common shares on such date, or (iii) a lesser amount determined by the Board. On July 1, 2009 the number of shares available for grant was increased by 705,695 under the 2007 Plan's renewal provision.

The ESPP allows for an annual increase in reserved shares on July 1 equal to the lesser of (i) one percent of the outstanding common shares outstanding (ii) 180,000 shares, provided that the Board may designate a smaller amount of shares to be reserved. On July 1, 2009, 141,139 shares

were added to ESPP.

- (2) Represents outstanding warrants to selling agents and investors issued in connection with financing transactions, warrants issued to former preferred stockholders in connection with the merger, and non-qualified stock options granted to employees, directors and consultants outside of the 2007 Plan and our other equity incentive plans. For information regarding these warrants and options, refer to our consolidated financial statements for the years ended June 30, 2009 and 2008.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Pursuant to its written charter adopted as of the closing of the merger (and subsequently amended), the Audit Committee has the responsibility to review and approve all transactions to which a related party and we may be a party prior to their implementation to assess whether such transactions meet applicable legal requirements. Except as described in this Report, since the beginning of fiscal 2009, there were no related party transactions arising or existing requiring disclosure under applicable Nasdaq listing standards, SEC rules and regulations or the Company's policy and procedures.

Loan Guarantees

On September 12, 2008, we entered into a loan and security agreement with Silicon Valley Bank. The agreement originally included a \$3.0 million term loan, a \$5.0 million accounts receivable line of credit, and two term loans for an aggregate of \$5.5 million that were guaranteed by certain of our affiliates. One of our directors and one entity affiliated with one of our directors agreed to act as guarantors of these term loans. Those guarantors are director Glen D. Nelson, M.D., who guaranteed \$1.0 million, and Easton Capital Investment Group, which guaranteed \$2.0 million.

Our director John H. Friedman is the Managing Partner of Easton Capital Investment Group. In consideration for guaranteeing the term loans, we issued the guarantors warrants to purchase shares of our

Table of Contents

common stock at an exercise price of \$9.28 per share in the following amounts: Easton Capital Investment Group, 107,833 shares, and Dr. Nelson, 53,916 shares. These warrants are immediately exercisable and have terms of five years from the date of grant. The guarantees were released on April 30, 2009.

The issuance of the warrants to the guarantors was approved by the Board and not separately by the Audit Committee, but Dr. Nelson and Mr. Friedman recused themselves from the Board discussions relating to this matter and did not vote on it.

Preferred Stockholder Conversion Agreement

Concurrently with the execution of the merger agreement with Replidyne, the holders of approximately 68% of CSI-MN's outstanding preferred stock, calculated on an as-converted to common stock basis, entered into an agreement pursuant to which all outstanding shares of CSI-MN preferred stock were automatically converted into shares of common stock, effective as of immediately prior to the effective time of the merger. Parties to this agreement included entities affiliated with John H. Friedman and Glen D. Nelson, M.D., who are directors of the Company. In consideration for entering into such agreement, we issued to the holders of preferred stock warrants to purchase 2,264,264 shares of common stock at an exercise price of \$8.83 per share, pro rata to each such holder based on its percentage of the outstanding shares of preferred stock on an as-converted to common stock basis.

The preferred stockholder conversion agreement was approved by the Board and not separately by the Audit Committee. The directors who were not holders of preferred stock or affiliated with entities that held preferred stock formed a special committee to negotiate this agreement with representatives of the preferred stockholders, including Dr. Nelson and Mr. Friedman.

Registration Rights Agreement

Effective as of March 16, 2009, we entered into a registration rights agreement with certain stockholders, including the following stockholders who are directors or entities affiliated with directors: Easton Hunt Capital Partners, L.P.; Easton Capital Partners, LP; GDN Holdings LLC; Glen D. Nelson; Brent G. Blackey; Gary M. Petrucci; Healthcare Ventures VI, L.P.; Healthcare Ventures VIII, L.P.; TPG Biotechnology Partners, L.P.; TPG Ventures, L.P.; and Edward Brown. In addition, the following parties to the registration rights agreement are officers: Paul Koehn and Robert J. Thatcher. The registration rights agreement provides the stockholders who are parties with the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing, as follows:

Demand Rights. At any time after six months after the closing of the merger, which occurred on February 25, 2009, the holders of an aggregate of at least 20% of the stock subject to the agreement may demand that we file a registration statement on up to three occasions, covering those securities held by the demanding holders.

Piggyback Rights. Parties to the registration rights agreement are also entitled to piggyback registration rights that entitle them to participate in any registration undertaken by us (except registrations for business combinations or employee benefit plans) subject to the right of an underwriter to cut back participation of the parties.

Shelf Registration Rights. In addition, when we are a registrant entitled to use Form S-3, the parties to the registration rights agreement may demand that we file a registration statement on Form S-3, provided that at least \$1 million of stock is included in the registration.

The registration rights agreement was approved by the Board immediately following the closing of the merger and not separately by the Audit Committee. The registration rights agreement was intended to continue the registration rights previously granted to certain significant stockholders of Replidyne and to certain significant and management shareholders of CSI-MN who would continue to hold shares subject to restrictions on transfer under the federal securities laws following the merger. All of our other stockholders held or received registered shares immediately following the closing of the merger and therefore were not subject to restrictions under the securities laws with respect to those shares.

Table of Contents**Item 14. Principal Accountant Fees and Services****ACCOUNTANT FEES**

In connection with the audit of the fiscal 2009 financial statements, the Company entered into an engagement agreement with PricewaterhouseCoopers LLP, which sets forth the terms by which PricewaterhouseCoopers LLP will perform audit services for the Company.

The following table represents aggregate fees billed to the Company for the fiscal years ended June 30, 2009 and June 30, 2008, by PricewaterhouseCoopers LLP, the Company's principal accountant. All fees described below were approved by the Audit Committee.

	2009	2008

All Other Fees ⁽⁴⁾	11,000	1,500

(1) Audit Fees were principally for services rendered for the audit and/or review of our consolidated financial statements. Also includes fees for services rendered in connection with the filing of registration statements and other documents with the SEC, the issuance of accountant consents and comfort letters and assistance in responding to SEC comment letters.

(2) Audit-Related Fees were for due diligence and consulting related to the merger.

(3) Tax Fees consist of fees billed in the indicated year for professional services performed by PricewaterhouseCoopers LLP with respect to tax compliance, tax advice and tax planning.

(4)

All Other Fees consist of fees billed in the indicated year for other permissible work performed by PricewaterhouseCoopers LLP that is not included within the above category descriptions.

PRE-APPROVAL POLICIES AND PROCEDURES

Pursuant to its written charter, the Audit Committee is required to pre-approve the audit and non-audit services performed by our independent auditors. The Audit Committee may not approve non-audit services prohibited by applicable regulations of the Securities and Exchange Commission if such services are to be provided contemporaneously while serving as independent auditors. The Audit Committee has delegated authority to the Chairman of the Audit Committee to approve the commencement of permissible non-audit related services to be performed by the independent auditors and the fees payable for such services, provided that the full Audit Committee subsequently ratifies and approves all such services. The Audit Committee has determined that the rendering of the services other than audit services by PricewaterhouseCoopers LLP is compatible with maintaining the principal accountant's independence.

DIRECTOR INDEPENDENCE

As required under the Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board of Directors consults with the Company's counsel to ensure that the Board of Directors' determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board of Directors, following the determination of the Governance/Nominating Committee, has affirmatively determined that the following directors are independent directors within the meaning of the applicable Nasdaq listing standards: Messrs. Blackey, Brown, Friedman, Lawlor

Table of Contents

and Petrucci and Drs. Hartzler, Howe and Nelson. In making this determination, the Board of Directors found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company. Mr. Martin, the Company's President and Chief Executive Officer, is not an independent director by virtue of his employment with the Company.
