PROXY STATEMENT

**2011 ANNUAL MEETING OF STOCKHOLDERS
Tuesday, May 24, 2011**

**CORE-MARK HOLDING COMPANY, INC.
395 Oyster Point Blvd., Suite 415
South San Francisco, California 94080**

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being mailed or otherwise sent to stockholders of Core-Mark Holding Company, Inc. (Core-Mark or the Company) on or about April 18, 2011 in connection with the solicitation of proxies by the Board of Directors for Core-Mark's Annual Meeting of Stockholders to be held at 11:00 a.m. PDT on Tuesday, May 24, 2011 at the Sofitel San Francisco Bay Hotel, 223 Twin Dolphin Drive, Redwood City, California 94065. Core-Mark pays the cost of soliciting your proxy. Directors, officers and other Core-Mark employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed by Core-Mark for their reasonable expenses.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 28, 2011 are entitled to notice of and to vote at the meeting. As of such date, there were 11,351,967 shares of Core-Mark common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described below may cast their votes by:

- (1) signing, completing and returning the enclosed proxy card in the enclosed postage-paid envelope;
- (2) calling **1-800-560-1965**;
- (3) accessing the internet at **www.eproxy.com/core**; or
- (4) attending the Annual Meeting and voting in person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the *beneficial owner* of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions form included in the mailing.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Director of Investor Relations of Core-Mark at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Table of Contents

Quorum

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. Abstentions and shares that brokers do not have the discretionary authority to vote on a matter in the absence of timely instructions from the beneficial owners (broker non-votes) are treated as present for the purposes of determining a quorum.

Required Vote

Election of Directors Our bylaws require that each director in an uncontested election be elected by the vote of the majority of the votes cast with respect to such director. A majority of the votes cast means that the number of shares voted for a director must exceed the number of votes cast against that director. Abstentions and broker non-votes will not be counted as votes cast and, accordingly, will have no effect on the outcome of the vote. If the stockholders do not elect a nominee who is serving as a director, Delaware law provides that the director would continue to serve on the Board as a holdover director. In accordance with our bylaws and our Policy Regarding Election of Directors, such a holdover director will be required to tender his or her resignation to the Board of Directors. Our Nominating and Corporate Governance Committee will then make a recommendation to our Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. Our Board of Directors will consider the Nominating and Corporate Governance Committee's recommendation and all other relevant factors, act on the resignation and publicly disclose its decision and the reasons for its decision within 90 days of the date that the results of the election are certified.

Approval of executive compensation Approval of an advisory resolution regarding the compensation of Core-Mark's named executive officers (Proposal 2) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. In determining whether Proposal 2 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 2. Broker non-votes on Proposal 2 are not counted or deemed present or represented for purposes of determining whether stockholders have approved that proposal.

Advisory vote on the frequency of executive compensation advisory vote Approval of one of the options presented regarding the frequency with which shareholders are provided an advisory vote on executive compensation (Proposal 3) will be determined by the affirmative vote for such option of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. In determining whether an option under Proposal 3 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against the one, two and three year frequency options contained in Proposal 3. Broker non-votes on Proposal 3 are not counted or deemed present or represented for purposes of determining whether stockholders have approved that proposal. If none of the options receive a majority vote but one option receives a clear plurality of votes, then the Board of Directors will consider such option to be the frequency for the advisory vote recommended by stockholders.

Ratification of Appointment of Accountants Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 4) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Under Delaware law, in determining whether Proposal 4 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 4. Under New York Stock Exchange (NYSE) rules, which govern brokers even if they hold NASDAQ securities, the ratification of the appointment of an independent registered accounting firm is considered a *routine* matter, and brokers generally

may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms.

Table of Contents**Other Matters**

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2010, which accompanies this Proxy Statement.

Certain Relationships and Related Transactions***Transactions with Directors and Management***

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest (including transactions between the Company and an entity in which an officer, director, employee or family member has more than a 1% interest) must be disclosed to and discussed with the applicable Division President or our Chief Financial Officer. This policy specifically applies without limitation to purchases of goods or services by or from related parties or entities in which the related person has a material interest, indebtedness, or guarantees of indebtedness. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve or disapprove any transactions or courses of dealing between the Company or its subsidiaries and related parties that exceed \$100,000 in any calendar year and any transactions or course of dealing, regardless of amount, between the Company or its

subsidiaries and related parties who are executive officers, directors or significant stockholders. In determining whether to approve or ratify a related party transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Family Relationships

The only family relationship between any of the executive officers or directors is J. Michael Walsh is Christopher L. Walsh's uncle.

Corporate Governance

Core-Mark regularly reviews its policies, processes and procedures in the area of corporate governance to ensure that it is in compliance with all applicable rules and regulations and that it has sound governance policies in place.

Corporate Governance Guidelines and Principles

The Board has adopted Corporate Governance Guidelines and Principles that are posted on our corporate website, www.core-mark.com, under *Investor Relations*. The Corporate Governance Guidelines set forth the practices the Board follows with respect to, among other things, Director qualifications and nominations, Director responsibilities, executive sessions of the Board, committee functions, Director access to senior managers and independent advisors, Director compensation, Director orientation and continuing education, management succession and Board performance evaluations.

The Committee's Role and Responsibilities

Primary responsibility for Core-Mark's corporate governance practices rests with the Nominating and Corporate Governance Committee (the Governance Committee). The Governance Committee is responsible for, among other things, (i) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (ii) overseeing our policies and procedures for the receipt of stockholder suggestions regarding Board composition and recommendations of candidates or nomination of candidates by the Board; (iii) developing, recommending and overseeing implementation of our corporate governance guidelines and principles; and (iv) reviewing on a regular basis our overall corporate governance practices and procedures and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by our Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee reviews the independence of all Directors annually and reports its findings to the full Board. The Governance Committee has determined that the following Directors are independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations: Robert A. Allen,

Stuart W. Booth, Gary F. Colter, L. William Krause, Harvey L. Tepner and Randolph I. Thornton.

Roles of the Chairman and the Chief Executive Officer

Although the Governance Committee has not adopted a formal policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer of the Company, the Governance Committee believes that the

Table of Contents

current separation of Chairman and CEO roles is beneficial to the Company as it helps to ensure an independent Board and allows management (including the CEO) to focus on the significant task of running the day to day operations of the Company. While the Governance Committee believes that the CEO should serve as a member of the Board to provide for a direct voice of management during Board deliberations and to serve as an important source of knowledge and experience regarding the Company's operations, the Governance Committee believes the combination of the role of CEO with Chairman could distract the CEO from his primary roles as leader of the Company's nationwide and Canadian business. In addition, the Governance Committee believes a non-management Chairman helps to ensure the independent operation of the Board when conflicts may occur between the interests of the overall Company and the interests of management.

Board Evaluation and Continuing Education

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement a year earlier and develops recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee also assists the Board and its members regarding continuing education initiatives designed to help Board members stay current with developments in corporate governance and director best practices. The Governance Committee has established procedures for a formal orientation program and the continuing education of directors and the tracking of participation in such activities.

Policy Regarding Change in Principal Employment of Director

The Board has adopted a policy providing that when a Director's principal employment or business association changes substantially during his or her tenure as a Director, the Director must offer his or her resignation to the Chairman of the Governance Committee for consideration by the Governance Committee. The Governance Committee will review whether it would be appropriate for the Director to continue serving on the Board and recommend to the Board whether, in light of the circumstances, the Board should accept the proposed resignation or request that the Director continue to serve.

Mandatory Retirement for Directors

The Board has adopted a policy whereby a person may not be nominated or re-nominated to serve as a Director if such person is 72 years of age or older on the date of the proposed meeting for the election of directors. The policy expressly provides that it may be waived with respect to the re-nomination of a Director upon the recommendation of the Governance Committee and approval of the Board.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees to the full Board for approval. In addition, the Governance Committee annually assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Core-Mark to determine if the Board composition adequately meets the current needs of the Company.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Table of Contents

Candidates should possess a team-oriented ethic consistent with Core-Mark's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

In considering candidates for director nominee, the Governance Committee generally assembles all information regarding a candidate's background and qualifications, evaluates a candidate's mix of skills and qualifications and determines the contribution the candidate could be expected to make to the overall functioning of the Board, giving due consideration to the overall Board balance of diversity of perspectives, backgrounds and experiences. With respect to current directors, the Governance Committee considers past attendance at meetings and assesses participation in and contributions to the activities of the Board. The Governance Committee, in its discretion, may designate one or more of its members to interview any candidate. In addition, the Governance Committee may seek input from the Company's management or the Board, who may interview any candidate. The Governance Committee recommends director nominees to the Board based on its assessment of overall suitability to serve on the Board in accordance with the Company's policy regarding nominations and qualifications of directors. The Governance Committee has previously retained an executive search firm to assist it in its efforts to identify and evaluate potential director candidates. To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080.

Director Nominations by Stockholders

Our bylaws require that a stockholder making a proposal must be a holder of record at the time of giving the required notice and must comply with certain other requirements contained in Section 14 of the Bylaws. To be timely, any nomination or other business to be brought before the annual meeting must be in writing and delivered not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting, with certain exceptions.

Our bylaws require that a stockholder making a nomination or proposal must provide the Company with certain information, including the ownership interests in Core-Mark, both direct and indirect, of the stockholder and the beneficial owner, if any, on whose behalf the nomination or proposal is made.

For more information, see the discussion under "Stockholder Proposals for 2012 Annual Meeting" on page 34.

Business Conduct and Compliance

Core-Mark maintains a Code of Business Conduct and Ethics (the Code) that is applicable to all directors, officers and employees of the Company. It sets forth Core-Mark's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practice, and compliance with laws, rules and regulations. A copy of the Code is available on the Company's website at <http://www.core-mark.com/investor-corp.gov.htm>.

Core-Mark also maintains policies regarding insider trading and communications with the public (Insider Trading Policy) and procedures for the Audit Committee regarding complaints about accounting matters (Whistleblower Policy). The Insider Trading Policy sets forth the Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Core-Mark and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters,

including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080. Accounting complaints may also be made anonymously to the Core-Mark Financial Compliance Line. A copy of the Audit Committee's Whistleblower Policy and procedures can be found on Core-Mark's website at <http://www.core-mark.com/investor-corpgov.htm>.

Table of Contents***Executive Sessions***

The Board of Directors believes that regularly scheduled meetings at which only independent directors are present (executive sessions) are an important element of best practice consideration for the corporate governance process. The use of executive sessions provides a forum for open dialogue and frank discussion among non-management directors on matters concerning the Company and its management and encourages and enhances communication among independent directors. The Board of Directors maintains a regular practice of meeting in executive session during its board meetings.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company's operations, relations with employees and results. To alleviate this concern, in consultation with management, the Governance Committee has developed a succession plan for the Company's chief executive officer and other senior executive officers. The Governance Committee and the Board of Directors regularly evaluate and refine this plan.

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors or any individual director may do so by contacting the Chairman of the Board by mail, addressed to Chairman of the Board, Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, California 94080.

All communications to the Board will remain unopened and be promptly forwarded to Chairman of the Board, who shall in turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director's duties and responsibilities as a Board member may be excluded by the Chairman of the Board, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. The director(s) to whom such information is addressed is informed that the information has been removed, and that it will be made available to such director(s) upon request.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and beneficial owners of more than 10% of Core-Mark's equity securities ("10% Owners") to file initial reports of their ownership of Core-Mark's equity securities and reports of changes in such ownership with the SEC. The Company prepares and files the Section 16(a) reports for its directors and executive officers. We believe that for 2010, all of our directors, executive officers and 10% Owners were in compliance with the disclosure requirements of Section 16(a).

PROPOSAL 2. APPROVAL OF AN ADVISORY RESOLUTION REGARDING EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act we are providing our stockholders with the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our executive officers as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission's rules.

As described in detail under the heading *Compensation Discussion and Analysis*, our executive compensation program is designed to attract, motivate, and retain our executive officers, who are critical to our success. Under this program our executive officers are rewarded for the achievement of specific short-term, long-term and strategic goals, as well as increased stockholder value. Conversely our executives face reduced compensation when performance goals are not met. We believe our compensation program achieves the important goal of attracting and retaining talented professionals, while at the same time tying a substantial portion of potential compensation for such executives to the achievement of Company goals. In addition, we believe that through the use of a blend of different elements of compensation, such as an annual performance bonus and equity incentive awards, our compensation program balances incentives for both short- and long-term Company performance. Overall we believe our compensation program is fair to both the Company and our executives, appropriate for our industry and competitive with what our executives could otherwise receive elsewhere. Please read the *Compensation Discussion and Analysis* in this Proxy Statement for additional details about our executive compensation program, including information about the Fiscal Year 2010 compensation of our named executive officers.

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of our named executive officers.

We are asking our stockholders to indicate their support for our executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our executive officers' compensation. This vote is not intended to address any specific item of compensation or any single compensation philosophy, policy or practice, but rather the overall compensation of our executive officers as described in this Proxy Statement. Accordingly, we are asking our stockholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2011 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table and the other related compensation tables and disclosure.

The say-on-pay vote is advisory, and therefore not binding on Core-Mark, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy

Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**PROPOSAL 3. ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE
ON EXECUTIVE COMPENSATION**

Section 14A of the Securities Exchange Act also requires us to include, at least once every six years, an advisory vote regarding how often stockholders wish to cast the advisory (nonbinding) vote on executive compensation. By voting on this Proposal 3, stockholders may indicate whether they would prefer an advisory vote on executive officer compensation every year, every two years, or every three years.

After careful consideration, our Board of Directors has decided not to make a recommendation regarding the frequency of advisory votes on executive compensation because it has decided to consider the views of the Company's shareholders before making a determination.

The Board of Directors makes no recommendation regarding the frequency with which shareholders are provided an advisory vote on executive compensation.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below.

The option of one year, two years or three years that receives the majority of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. If none of the options receive a majority vote but one option receives a clear plurality of votes, then the Board of Directors will consider such option to be the frequency for the advisory vote recommended by stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion provides an overview and analysis of our compensation program and policies and the major factors that shape the creation and implementation of those policies. In this discussion and analysis, and in the more detailed tables and narrative that follow, we will discuss compensation and compensation decisions relating to the following persons, whom we refer to as our named executive officers (NEO):

J. Michael Walsh, our President and Chief Executive Officer (CEO);

Stacy Loretz-Congdon, our Senior Vice President and Chief Financial Officer (CFO);

Thomas B. Perkins, our Senior Vice President Resources;

Christopher M. Murray, our Senior Vice President U.S. Distribution (East); and

Scott E. McPherson, our Senior Vice President Corporate Development.

Objectives of Our Compensation Program

Our compensation program for executive officers is structured around the following objectives:

Attract and retain talented professionals, while emphasizing the challenges and rewards associated with a fast paced, stimulating, entrepreneurial environment.

Align individual and organizational goals with those of our stakeholders and customers. We believe that it is primarily the dedication, creativity, competence and experience of our entire workforce that enables us to compete, given the realities of the industry in which we operate. History has shown that our business is neither easily nor quickly mastered by people attempting to migrate from other industries. We attempt to retain our experienced, long-term employees, avoid employee turnover, create a cadre of dedicated professionals focused on increasing stockholder value, align the interests of our employees and stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive and cash bonus programs.

Achieve meaningful results and add value to the Company through a results-oriented reward structure. Since we operate on low margins we cannot afford to over-pay, and for this reason we attempt to link compensation closely to performance by structuring a significant portion of potential executive compensation as a results-based bonus.

Tailor individual incentives within different segments of the organization depending on the priorities and needs existing at the time. This facilitates individual focus to capitalize on opportunities and to correct weaknesses in a particular segment of the organization. We view our Divisions as stand-alone businesses that require empowered, capable, local management expertise to operate effectively. We encourage an entrepreneurial approach in our division-level executives by using bonus targets tied to divisional or regional results and other, individually tailored, objectives.

Integrate strategic goals and objectives throughout all facets of the organization. This enables quicker, more effective execution of strategic corporate objectives. Our ability to modify and tailor the components of our cash bonus program allows us to revise these components from year to year and executive to executive as our strategic goals evolve.

Make proportionality and common sense the rule. We do not believe in a formulaic approach to compensation based on job classification. This means that compensation should be proportionate to the impact that an executive can have on the organization, that equal contributors should be treated equally, that we respect the low margin nature of our business by linking pay to performance, and that we avoid excessive disparity between CEO or other senior level compensation and the compensation of the balance of our management team.

What We Reward

The results we attempt to reward may vary from executive to executive and from year to year. However, we always attempt to maximize stockholders' value by adhering to the following principles when determining our executive compensation package:

Emphasize Stockholder Value As an incentive to create value for stockholders, a substantial portion of executive compensation should be tied to the value of our common stock, specifically those financial measures that correlate closely with total stockholders' return, such as pre-tax net profit (PTNP) and revenues. For example, we seek to reward our executives based on our consolidated Company operating results or operating results of the relevant region meeting a pre-determined level of adjusted first-in, first-out (FIFO) PTNP, which is related to our bottom line performance measured by net income and earnings per share.

Align Executive and Stockholder Long-Term Interests We should reward business performance that puts our stockholders' long-term interests at the forefront by compensating our executives based on increases in our stock price over a longer period of time. For instance, equity awards under our equity incentive plans may consist of restricted stock units, stock options and performance shares that vest over a longer period of time than our cash bonus program.

Tie a Substantial Portion of Pay to Performance Our total executive compensation package should be strongly linked to measured performance. In tying a substantial portion of pay to performance against Company and individual goals, we provide tangible incentives for our executives to maximize their efforts for the benefit of the Company and ultimately its stockholders.

Elements of Executive Compensation, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Total compensation for our executive officers consists of the following elements of pay:

- I. *Base salary*. Our base salaries are designed to attract and retain qualified and dedicated professionals by providing a base standard that is competitive in the markets in which we operate, and are intended to compensate for performing the basic functions of an executive position. Base salaries are not intended to provide the total compensation potential for an executive who has the capacity and opportunity to advance our business.
- II. *Annual cash incentive bonus* conditioned on our financial performance and achievement of individual objectives. Annual cash incentive bonuses allow us to tailor individual incentives to our strategic goals at not only a Company-wide level, but also a regional, departmental or individual level. We consider the achievement of these objectives to be above and beyond the basic functions of the job or set them to complement the Company's overall business objectives.
- III. *Long-term equity incentive compensation* through annual grants of equity-based awards that vest over time. Our awards of restricted stock units and/or stock options generally vest over a three year period which not only helps to retain our executives over time, but also aligns our executives' compensation with the long-term appreciation of our stock and therefore the interests of our stockholders. Our awards of Performance Shares serve similar purposes, but also add the ability to tie such compensation to the achievement of specific organizational and personal goals.

- IV. An executive severance plan providing for severance payments upon involuntary termination of an executive other than for cause. We believe that job security is an important factor in attracting and retaining talented executives. While we do not generally enter into employment agreements with our executives, we believe it is important to provide them with a level of job security through the use of an executive severance policy.
- V. Group life, accidental death & dismemberment and short- and long-term disability insurance is also provided to our executive officers and non-executive employees. Executive officers, other senior officers and managers are also provided with additional group life insurance, determined as a percentage of base

Table of Contents

salary, subject to a cap. We view such benefits as industry standard and necessary to attract and retain talented professionals.

How We Determine and What We Paid our Named Executive Officers***I. Base Salary***

In setting, reviewing and adjusting base salaries and the levels and scope of our benefits programs, we consider a number of factors, including both external factors such as market conditions, as well as other factors that are not readily measured by performance goals. Such factors include: the specific expertise, capabilities and potential of the individual; our perception of market wage conditions and the amounts required to attract and retain capable executives; and our experience in attracting and keeping executives with similar responsibilities.

We do not ascribe to rigid, formulaic, mandated salary brackets. Our Compensation Committee evaluates and establishes the base salary of our Chief Executive Officer (CEO) on an annual basis by taking into consideration his overall performance and value to the organization. Our CEO recommends base salaries for our executive management team (including our named executive officers) based on the CEO's evaluation of each executive's general level of performance and contribution to the Company over the prior year. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee. The Compensation Committee's review and approval occurs at the regularly scheduled meeting of the Compensation Committee held in January of each year.

Base salaries for 2010 were set by our Compensation Committee in January 2010. In January 2011, the Compensation Committee approved new base salaries for 2011. The increases in base salaries for 2011 were attributable to cost-of-living and market adjustments based on the level of responsibility for each named executive.

Base salaries of our named executive officers for 2010 and 2011 are disclosed in the table below.

Officer	2010 Base	2011 Base	Percentage Increase
J. Michael Walsh	\$ 495,474	\$ 507,860	2.5%
Stacy Loretz-Congdon	\$ 289,170	\$ 296,399	2.5%
Thomas B. Perkins	\$ 253,380	\$ 259,714	2.5%
Christopher M. Murray	\$ 226,986	\$ 232,661	2.5%
Scott E. McPherson	\$ 232,265	\$ 238,072	2.5%

II. Annual Cash Incentive Bonus***Management-By-Objectives Evaluation***

We have established an annual bonus program that is designed around achieving Company, or relevant region, financial goals supplemented by a management-by-objectives format. This means an executive's bonus potential is based on the Company's, or region's, actual performance against specified financial goals and on the executive achieving certain individual objectives that are above and beyond the basic functions of the job or that complement the Company's overall business objectives.

Bonus Compensation is Contingent on Company's Performance

Bonus payments are contingent and depend on both the results of the Company, or applicable region, and the executive's department and/or division results, as well as the executive's own, specific contribution to reaching such objectives. Overall Company-wide bonus levels are designed to provide an appropriate level of results-based incentives to our executive team while considering that our Company is a low-margin business that must control costs.

Annual bonus objectives for our executive officers (other than the CEO) are developed through discussions between our CEO and the executives in conjunction with the annual business planning process. The proposed objectives for our named executive officers resulting from these discussions are then reviewed, adjusted if necessary and ultimately approved by our Compensation Committee after discussion with our CEO. Bonus objectives for our

Table of Contents

CEO are established through discussions between the CEO and the Compensation Committee. The applicable bonus criteria change to some degree each year to fit the current needs of the Company and/or region. The level of an executive's total maximum bonus opportunity is structured as a percentage of base salary.

A. Threshold Funding Requirement for Bonus Payment

There is a threshold funding requirement that must be satisfied each year as a precondition to the payment of any annual bonuses for corporate executives. To satisfy this threshold funding requirement, a certain percentage of the Company's planned adjusted FIFO pre-tax net profit on a Company-wide basis for corporate level executives or a similar financial metric for a particular region (for executives whose responsibilities related primarily to a certain region) must be achieved. Adjusted FIFO pre-tax net profit is defined as pre-tax net profit calculated using the First-In, First-Out method of accounting in determining cost of goods sold, subject to other adjustments, and resulting income. In the discussion that follows, we refer to this adjusted FIFO pre-tax net profit measure as Adjusted FIFO PTNP. For 2010, the applicable funding requirement was 75% of planned Adjusted FIFO PTNP. The threshold percentage requirement will be 80% in 2011. For executives whose responsibilities are considered to be Company-wide (including our Chief Executive Officer and Chief Financial Officer), the Adjusted FIFO PTNP threshold is based on overall Company results. For executives whose responsibilities in 2010 related primarily to a particular region, such as Christopher Murray (U.S. Distribution - East), this threshold is based on regional results. In 2010, the Company met the threshold funding level required to pay bonuses on a Company-wide basis and in the U.S. Distribution - East region.

B. Company and Individual Objective Bonus Requirements

Bonus Objectives and Requirements for 2010

In 2010, total maximum bonus opportunities for our named executive officers were 150% of base salary for our CEO and 80% of base salary for our other named executive officers. These percentages will continue to apply for 2011.

The total maximum bonus for each executive is allocated among several bonus objectives. Each executive was given a set of company and individual objectives, each of which was assigned a weight, or percentage of the maximum available bonus (based on the importance of the objective for the year and the ability of the executive to influence the result). Specific bonus objectives and the range of relative weights for the named executive officers follow.

Adjusted FIFO PTNP Please see ***Threshold Funding Requirement for Bonus Payment*** above for the definition of this objective. Adjusted FIFO PTNP was based on Company-wide results, except for Mr. C. Murray, which was based upon U.S. Distribution - East. The relative weight for each named executive ranged from 25% to 50% of the maximum available bonus.

Revenues As reported in our 2010 Annual Report on Form 10-K for all persons except Mr. C. Murray, which was based upon U.S. Distribution - East, the relative weight for each named executive ranged from zero to 20% of the maximum available bonus.

Vendor consolidation and fresh product program This component is based on a combination of incremental VCI/Fresh sales over prior year levels and maintenance or growth of gross profit percentages in certain fresh food categories, as well as incremental number of stores enrolled in selling fresh products. The relative weight for each named executive ranged from zero to 25% of the maximum available bonus.

Operating expenses This component was only applicable to Thomas B. Perkins and was limited to the warehousing and distribution expenses as reported in our 2010 Annual Report on Form 10-K. The relative weight was 15% of his

maximum available bonus.

Various individual objectives Each of our named executive officers have various individual objectives that are tailored to the responsibilities of the executive and vary based upon their roles within the Company. For fiscal 2010, the individual objective for our President and Chief Executive Officer, J. Michael Walsh, was to increase the Company's overall market share through the acquisition of like businesses. The individual

Table of Contents

objectives for our other named executive officers included one or more of the following: effective management of the finance organization, company-wide cost control, compliance with public company reporting requirements, increasing the Company's overall market share through the acquisition of like businesses and marketing and sales initiatives, effective management and planning for certain human resources and information technology initiatives, effective allocation of resources to support acquisitions and growth in the organization and increasing regional cigarette carton volume recovery. The relative weight for each named executive, for their respective individual objectives, ranged from 15% to 65% of the maximum available bonus.

C. Performance Levels for Each Objective

Our bonus plans provide for three levels of possible performance and a resulting bonus payout for each objective as follows:

(1) Performance at the **Exceptional** level for any objective entitles an executive to the maximum amount allocated to that objective. In general, this level represents achievement of an aggressive operating plan for the Company or the relevant region. The Compensation Committee considers performance at this level to be **Exceptional** due to the difficulty of attaining the high levels of achievement necessary to meet such plan.

(2) Performance at the **Outstanding** level for any objective entitles the executive to two-thirds of the maximum amount allocated to that objective. This level generally represents strong achievement under the operating plan for the Company or the relevant region.

(3) Performance at the **Threshold** level for any objective entitles the executive to one-third of the maximum amount allocated to that objective. This level represents the minimal level of performance deemed worthy of a bonus.

The CEO has the authority, with the approval of the Compensation Committee, to establish different target levels for the named executive officers based on his subjective evaluation of a region or the Company's operating plan. For example, if the CEO views a component of a plan as exceptionally aggressive or challenging, that plan, or amounts close to that plan, may be set as the Exceptional performance level for that component of the bonus, and the Outstanding and Threshold levels would be adjusted accordingly. Bonus payments are generally conditioned on an executive's continued employment as of December 31 of the relevant year, although this requirement may be waived at the discretion of the Compensation Committee.

The table below discloses the 2010 bonus performance levels achieved for the named executive officers and approved by the Compensation Committee:

Measure	2010 Level Achieved	
Adjusted FIFO PTNP not achieved	
Revenues (Company) ^[1]	\$ >7,099	Outstanding
Revenues (U.S. Distribution East) ^[2]	>6.5%	Outstanding
VCI/Fresh (Company / U.S. Distribution East) Sales ^{[1],[3]}	\$ >85 / >25	Threshold
VCI/Fresh (Company / U.S. Distribution East) Stores ^[3]	>2,000 / >800	Exceptional
Operating expenses ^[4]	<98.15%	Threshold

[1] Dollars in millions.

- [2] The Revenues targets for U.S. Distribution East are based on the percent increase over the 2009 Revenues run rates.
- [3] The objectives represent the increase over 2009 for VCI/Fresh sales and for the number of stores enrolled in buying certain Fresh products. Additionally, the incremental VCI/Fresh sales in 2010 had to yield the same or better gross margins compared with 2009. On a total company basis and in our U.S. Distribution East region, we achieved incremental VCI sales of \$100 million and \$40 million, respectively, and the incremental stores buying our Fresh products exceeded 2,000 stores and 800 stores, respectively.
- [4] The Operating expenses targets are based on the percent of 2009 warehousing and distribution expenses.

Table of Contents**2010 Annual Incentive Cash Bonus Awarded Based on Achieved Performance**

Based on the Company's results for 2010 and after review and adjustments, the Compensation Committee approved cash bonus payments to our NEOs as disclosed in the following table:

Officer	Approved Bonus
J. Michael Walsh ^[1]	\$ 193,355
Stacy Loretz-Congdon ^[2]	\$ 109,969
Thomas B. Perkins ^[3]	\$ 86,149
Christopher M. Murray ^[4]	\$ 82,320
Scott E. McPherson ^[5]	\$ 92,900

- [1] Mr. Walsh's approved bonus payment was based upon achievement of two-thirds of the maximum bonus applicable to the Revenues objective, 60% of the maximum bonus for the VCI/Fresh product program objective and one-third of the maximum bonus applicable to his individual objectives. Mr. J. Walsh did not qualify for any bonus related to the Adjusted FIFO PTNP objective.
- [2] Ms. Loretz-Congdon's approved bonus payment was based upon achievement of two-thirds of the maximum bonus applicable to the Revenues objective, approximately 59% for the VCI/Fresh product program objective and approximately 88% of the maximum bonus applicable to her individual objectives. Ms. Loretz-Congdon did not qualify for any bonus related to the Adjusted FIFO PTNP objective.
- [3] Mr. Perkins' approved bonus payment was based upon achievement of one-third of the maximum bonus applicable to the Operating expenses objective and approximately 94% of the maximum bonus applicable to his individual objectives. Mr. Perkins did not qualify for any bonus related to the Adjusted FIFO PTNP objective.
- [4] Mr. Murray's approved bonus payment was based upon achievement of two-thirds of the maximum bonus applicable to the Revenues (U.S. Distribution - East) objective, 60% of the maximum bonus applicable to the VCI/Fresh product program (U.S. Distribution - East) objective and 100% of the maximum bonus applicable to his individual objectives. Mr. Murray did not qualify for any bonus related to the Adjusted FIFO PTNP (U.S. Distribution - East) objective.
- [5] Mr. McPherson's approved bonus payment was based upon achievement of two-thirds of the maximum bonus applicable to the Revenues objective and approximately 43% of the maximum bonus applicable to his individual objectives. Mr. McPherson did not qualify for any bonus related to the Adjusted FIFO PTNP objective.

For fiscal 2010, following the end of the fiscal year, our CEO evaluated the level of achievement for each executive's individual objectives and made a recommendation to our Compensation Committee regarding the appropriate level of bonus percentage earned. These recommendations were then evaluated, discussed, modified as appropriate and ultimately approved by our Compensation Committee.

D. Compensation Committee Review

All elements of our bonus program are subject to review and, where appropriate, waiver and adjustment at the discretion of our Compensation Committee. The Compensation Committee has waived certain requirements when in

its judgment such a waiver was appropriate and in the Company's best interests. No waivers were requested or approved for 2010.

III. Long-Term Equity Incentive Compensation

We believe that the best way of assuring that management's interests are aligned with the interests of our stockholders is to provide sufficiently meaningful stock ownership opportunities to management. Our Long-Term Equity Incentive Program provides incentives necessary to retain executive officers and reward them for both short-term and long-term Company performance.

In July 2007, we adopted the 2007 Long-Term Incentive Plan (2007 LTIP). The plan was intended to provide compensation objectives focusing on achieving the Company's long-term business goals. The 2010 grants to

Table of Contents

executive officers under the 2007 LTIP consisted solely of restricted stock units, or RSUs. In prior years, the Company also made grants of performance shares under the 2007 LTIP. However, due to a limited number of shares available under the Company's burn rate commitment for the 2007 LTIP, the Compensation Committee determined that a grant of restricted stock units was the most appropriate use of such shares. The Company intends to resume the use of performance share grants in addition to grants of RSUs in fiscal 2011.

RSUs are the equivalent in value to one share of common stock and entitle the employee to receive one common share for each RSU at the end of a specified vesting period. RSUs are awards subject to certain restrictions and risk of forfeiture. RSUs generally vest over three years: one-third of the restricted stock units cliff vest on the first anniversary of the vesting commencement date, with the remainder vesting in equal quarterly installments over the following two years.

On January 20, 2010, each of our NEOs received the following equity awards under the 2007 LTIP:

Officer	Number of Restricted Stock Units^[1]
J. Michael Walsh	9,000
Stacy Loretz-Congdon	9,000
Thomas B. Perkins	9,000
Christopher M. Murray	9,000
Scott E. McPherson	9,000

[1] One-third of the restricted stock units granted vested on February 1, 2011, with the remaining two-thirds vesting in equal quarterly installments based upon a regular calendar period over the following two years of 2011 and 2012.

Compensation Committee Review of Long-Term Equity Incentive Program

All elements of our Long-Term Equity Incentive program are subject to review and, where appropriate, also subject to waiver and adjustment at the discretion of our Compensation Committee.

For a summary of compensation of our named executive officers, please see the table and discussion under Summary Compensation Table on page 26.

IV. Executive Severance Plan

Under the terms of our Executive Severance Policy, corporate officers and vice presidents, as well as division presidents, are entitled to severance upon their involuntary termination for reasons other than cause, gross misconduct or an insured long-term disability. Severance payments for U.S. based executives are based upon years of service and range from two months base salary for less than two years of service, up to 18 months of base salary for over 20 years of service. In addition, U.S. executives are entitled to a pro-rata bonus for the year terminated and may receive COBRA cost reimbursements during the severance period. Canada-based executives receive severance in accordance with provincial law, which can range up to two years of base salary, bonus and benefits. To receive any benefits under the Executive Severance Policy, an executive must sign a release of liability for the benefit of the Company. See the discussion under Potential Post-Employment Payments to Named Executive Officers on page 31 for a quantification

of the amounts that would have been payable to our named executive officers upon a Board-approved retirement or upon a change of control as of December 31, 2010.

V. Group Life, Accidental Death & Dismemberment and Short- and Long-term Disability Insurance

All of our executive officers are eligible to participate in our group life, accidental death & dismemberment and short- and long-term disability insurance programs, which are also available to our non-executive employees. In addition, our named executive officers and other senior officers and managers are provided with additional group life insurance, at a rate of one and one-half times base salary up to a maximum of \$300,000.

Table of Contents

VI. Other Perquisites

Our named executive officers are entitled to participate in the same retirement and health and welfare benefits that are offered to all employees. We generally do not provide automobile allowances, club memberships or other perquisites to our executives.

Compensation Consultants

Role of Outside Compensation Consultant

The Compensation Committee engaged Compensia as its outside compensation consultant to assist with developing the terms of the 2010 Long-Term Incentive Plan. No compensation consultant was engaged in establishing 2011 executive compensation.

Determination of Outside Consultant's Objectivity

The Compensation Committee recognizes that it is essential to receive objective advice from its outside compensation consultant. The Compensation Committee determines whether Compensia's advice is objective and free from the influence of management or any other party that would compromise the objectivity of its advice. Compensia has not provided services to the Company other than those requested by the Compensation Committee. The Compensation Committee also examines the safeguards Compensia has in place to ensure that executive compensation consulting services are objective. Based on its analysis, the Compensation Committee has determined that Compensia's advice is objective and unbiased.

Change of Control Matters

None of our named executive officers have employment agreements and all are employees at will. However, certain of our equity incentive plans do provide for benefits that could be triggered by a change of control. Under our 2004, 2005 and 2007 Long-Term Incentive Plans (and related grant agreements), in the event we are acquired by a non-public company, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates. In addition, if we are acquired by a public company and a named executive officer is terminated without cause, or resigns with good reason within one year after we are acquired, then generally all such named executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. Under our 2010 Long-Term Incentive Plan, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates if the employee is terminated within one year after a change of control. If a change of control occurs before the completion of the applicable performance period for a performance share awarded under any of our long-term incentive plans, such performance share will vest at the Outstanding target level. (See Change of Control section on page 30 for further discussion).

In addition to the change of control provisions described above, our named executive officers are participants under our severance policies. Refer to the discussion under Potential Post-Employment Payments to Named Executive Officers on page 31 for a discussion of these arrangements and the quantification of the amounts that would have been payable to our named executive officers upon a Board approved retirement or upon a change of control as of December 31, 2010.

Risk

The Compensation Committee has reviewed the Company's incentive plans and does not believe the goals or the underlying philosophy encourage the named executive officers to take excessive risk. By utilizing equity-based awards that are not immediately exercisable, we believe the interests of our named executive officers are aligned with those of our stockholders.

Table of Contents

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of the next four most highly compensated executive officers. The Compensation Committee considers the anticipated tax treatment of Core-Mark and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of the Company and its stockholders.

Other Considerations

We have not adopted policies and procedures designed to reclaim or claw back incentive awards made on the basis of financial results that are later restated. However, our 2004 Long-Term Incentive Plan and 2007 Long-Term Incentive Plans do contain provisions providing for the recovery of gains made by any executive from the exercise of options within one year prior to the executive's termination for Cause, as defined in the plans.

Table of Contents**COMPENSATION COMMITTEE REPORT**

The Compensation Committee administers Core-Mark's compensation program for executive officers. The Compensation Committee's role is to oversee Core-Mark's compensation plans and policies, annually review and approve all such executive officers' compensation, approve annual bonus awards and administer Core-Mark's long-term incentive plans (including reviewing and approving grants to Core-Mark's executive officers).

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board of Directors periodically review and revise the charter. The Board of Directors determines the Compensation Committee's membership, which currently consists of four non-employee directors. All of the Compensation Committee's members are independent under the rules of the NASDAQ Stock Market. The Compensation Committee meets at scheduled times during the year and it also considers and takes action by written consent. The Compensation Committee Chairman, L. William Krause, reports any Compensation Committee actions or recommendations to the full Board of Directors.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on that review and those discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

The Compensation Committee is pleased to submit this report to Core-Mark's stockholders.

We refer to these executive officers as the named executive officers.

- [2] This column represents the aggregate grant date fair value for all awards granted in 2010, 2009 and 2008, respectively. For performance awards we have reported the fair value of the award based upon the probable satisfaction of the performance conditions as of the grant date. The maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$187,005 and \$223,041 for the awards granted in 2009 and 2008, respectively, for each named executive officer. There were no performance awards granted in 2010. These amounts do not reflect the Company's expense for accounting purposes for these awards, and do not represent the actual value that may be realized by the named executive officers. Prior year amounts have been recomputed for consistent year-to-year presentation.

Potential Payments Upon Termination or Change-In-Control**Severance Policy**

Each of our named executive officers and vice presidents are entitled to certain benefits under the Core-Mark Executive Severance Policy. Pursuant to the policy, upon the officer's involuntary termination other than for cause, gross misconduct (each as defined in the policy) or long-term disability and upon our acceptance of an executed separation agreement, the officer is entitled to the following benefits based on the years of service and location of employment:

*U.S. Employees***Number of Years of Service****Benefit**

Less than two years

Two months of base salary

At least two years but less than five years

Four months of base salary

At least five years but less than ten years	Eight months of base salary
At least ten years but less than 20 years	12 months of base salary
More than 20 years	18 months of base salary

All payments under the severance policy are made in one lump sum at the first regularly scheduled payroll issuance following termination. In addition to above payments, such officer shall receive COBRA cost reimbursement for the same number of months of their base salary payment plus payment of a prorated bonus for the year of their termination.

Canadian Employees. The severance benefits paid to any Canadian executive officers are based on the applicable provincial laws.

Accelerated Option Vesting. In addition, an executive officer who has received an option grant under our 2004 Long-Term Incentive Plan and 2007 Long-Term Incentive Plan may be entitled to accelerated vesting of all such options should such executive officer be terminated without cause or resign his employment with good reason.

Retirement

Award grants made to our named executive officers under our 2005 Long-Term Incentive Plan and under our 2007 Long-Term Incentive Plan (during 2010) generally entitle such officers to accelerated vesting of all of their restricted stock units in the event that such executive retires, and the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In addition, certain awards made to our named executive officers under our 2007 Long-Term Incentive Plan generally entitle such officers to accelerated vesting of a pro-rata portion of their options, restricted stock units and/or performance shares in the event that (1) such executive retires prior to the first vesting date of such award and (2) the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In general the pro-rata portion of such award that is vested is based upon the number of months of service of such officer during the applicable vesting period under the award. Performance shares are vested pro-rata at the Outstanding target level.

Change of Control

Award grants made to our named executive officers under our 2004, 2005 and 2007 Long-Term Incentive Plans generally entitle such officers to accelerated vesting of all of their option shares, restricted stock units and earned performance shares in the event that we are acquired by a non-public company (a non-public change of control). In addition, if we are acquired by a public company and the executive officer is terminated without cause or resigns with good reason within one year after we are acquired, then generally all such executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. If the change of control under either scenario occurs before the completion of the applicable performance period under a performance share award, such performance share shall vest at the Outstanding target level. Under our 2010 Long-Term Incentive Plan, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates if the employee is terminated within one year after a change of control.

Table of Contents**Potential Post-Employment Payments to Named Executive Officers**

The table below sets forth potential payments that could be received by our named executive officers upon a Board approved retirement or upon a non-public change in control of Core-Mark, assuming such event took place on December 31, 2010.

[1] Core-Mark Holding Company, Inc. does not have an official retirement age; rather, named executive officers may be approved for retirement by the Board of Directors. The table assumes that all named executive officers would have been so approved if termination occurred on December 31, 2010. Upon retirement, this table assumes unvested performance shares and options are forfeited, vested options remain exercisable for a period of 90 days, and restrictions lapse on all restricted stock units.

[2] Upon termination without cause, terminated executives are eligible for severance cash in accordance with the Core-Mark Executive Severance Policy. Also, options become fully vested and exercisable as of the date of termination and remain exercisable for a period of 90 days thereafter. Options terminate and are forfeited at the end of the 90-day period. Upon termination, all unvested restricted stock units and performance shares are forfeited.

[3] Upon a non-public change in control, executives are eligible for all of the benefits of a without-cause termination. In addition, all restrictions lapse on restricted stock units, all unvested options are accelerated and any earned but unvested performance shares are accelerated.

[4] Executive officers and vice presidents in the U.S. may receive benefits under the Core-Mark Executive Severance Policy. If terminated on December 31, 2010, the following NEOs would receive 12 months' salary and COBRA reimbursements, payable in a lump sum: J. Michael Walsh, Thomas B. Perkins and Scott E. McPherson. As Stacy Loretz-Congdon's service with our Company is more than 20 years as of December 31, 2010, she would receive 18 months' salary and COBRA reimbursements, if terminated on December 31, 2010. As Chris M. Murray's service with our Company is less than ten years, but more than 5 years, as of December 31, 2010, he

would receive 8 months salary and COBRA reimbursements, if terminated on December 31, 2010.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Core-Mark's financial reporting process on behalf of the Board of Directors and reports to the Board of Directors on audit, financial and related matters. Core-Mark's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Deloitte & Touche LLP (the independent registered public accounting firm for year ended December 31, 2010) was responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (U.S.), and to issue its reports thereon. The Audit Committee oversees these processes.

In this context, the Audit Committee has met and held discussions with Core-Mark's management and the independent auditor. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 114, *The Auditor's Communication with Those Charged with Governance*.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and communications required by the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence.

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Core-Mark's internal controls, and the overall quality of Core-Mark's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Core-Mark's Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission.
