Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of
Terreno Realty Corporation
San Francisco, California

We have audited the accompanying statement of revenues and certain expenses (the Historical Summary) of Belleville, located in Kearny, New Jersey (the Property) for the year ended December 31, 2010. This Historical Summary is the responsibility of the Property s management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. The Property is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as it relates the Historical Summary. An audit includes consideration of internal control over financial reporting as it relates to the Historical Summary as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property s internal control over financial reporting as it relates to the Historical Summary. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in this Form 8-K of Terreno Realty Corporation) as discussed in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, such Historical Summary presents fairly, in all material respects, the revenues and certain expenses described in Note 1 to the Historical Summary of the Property for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Belleville
Notes to Statements of Revenues and Certain Expenses
For the Three Months Ended March 31, 2011 (unaudited)
and the Year Ended December 31, 2010

1. Background and Basis of Presentation

The accompanying statements of revenues and certain expenses present the results of operations of Belleville (the Property) for the three months ended March 31, 2011 and the year ended December 31, 2010. On March 31, 2011, a wholly-owned subsidiary of Terreno Realty Corporation entered into an agreement with a third-party seller to acquire the Property for a purchase price of approximately \$32.6 million. As part of this acquisition, Terreno Realty Corporation expects that the subsidiary will assume a mortgage loan with a total principal amount as of the closing of the acquisition of approximately \$14.8 million with a fixed annual interest rate of 5.5%. Completion of this acquisition is expected in the second quarter of 2011. There is no assurance that the Property will be acquired in the second quarter of 2011 or at all because the proposed acquisition is subject to a variety of factors, including lender consent and the satisfaction of customary closing conditions. The Property is located in Kearny, New Jersey and consists of one multi-tenant industrial building containing approximately 211,500 square feet (unaudited), which was 100% leased (unaudited) to one tenant as of December 31, 2010.

The accompanying statements of revenues and certain expenses (Historical Summaries) have been prepared on the accrual basis of accounting. The Historical Summaries have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission and for inclusion in this Current Report on Form 8-K of Terreno Realty Corporation and are not intended to be a complete presentation of the revenues and expenses of the Property for the three months ended March 31, 2011 and for the year ended December 31, 2010 as certain expenses, primarily depreciation and amortization expense and other costs not comparable to the proposed future operations of the Property have been excluded. Management is not aware of any material factors at the Property other than those disclosed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

2. Summary of Significant Accounting Policies

Revenue Recognition

Rental revenues from operating leases are recorded on a straight-line basis over the term of the lease. Tenant reimbursements represent recoveries from tenants for utilities and certain property maintenance expenses. Tenant reimbursements are recognized as revenues in the period the applicable costs are accrued.

Table of Contents

Property Operating Expenses

Property operating expenses represent the direct expenses of operating the Property and include maintenance, utilities, property management fees, repairs, and insurance costs that are expected to continue in the ongoing operations of the Property. Expenditures for maintenance and repairs are charged to operations as incurred.

Use of Estimates

The preparation of the Historical Summaries in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions of the reported amounts of revenues and certain expenses during the reporting periods. Actual results could differ from those estimates used in the preparation of the Historical Summaries.

Interim Statements

The statement for the three months ended March 31, 2011 is unaudited, however, in the opinion of management of Terreno Realty Corporation, all significant adjustments necessary for a fair presentation of the statement for the interim period have been included. The results of operations for the interim period are not necessarily indicative of the results to be expected for the full year of the operation of the Property.

Tenant Concentration

For the year ended December 31, 2010, one tenant accounted for 100% of rental revenues.

Future Minimum Rental Income

Future minimum rents to be received under non-cancelable lease agreements as of December 31, 2010 were as follows (in thousands):

2011	\$ 1,930
2012	1,989
2013	2,049
2014	2,111
2015	2,173
Thereafter	12,729
Total	\$ 22,981

Subsequent Events

Management evaluated subsequent events through May 2, 2011, the date the financial statements were available to be issued.

We have audited the accompanying statement of revenues and certain expenses (the Historical Summary) of Warm Springs I and II, located in Fremont, California (the Property) for the year ended December 31, 2009. This Historical Summary is the responsibility of the Property s management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. The Property is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as it relates the Historical Summary. An audit includes consideration of internal control over financial reporting as it relates to the Historical Summary as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property s internal control over financial reporting as it relates to the Historical Summary. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in this Form 8-K of Terreno Realty Corporation) as discussed in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, such Historical Summary presents fairly, in all material respects, the revenues and certain expenses described in Note 1 to the Historical Summary of the Property for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

The Board of Directors and Stockholders of
Terreno Realty Corporation
San Francisco, California

We have audited the accompanying statement of revenues and certain expenses (the Historical Summary) of Maltese, located in Totowa, New Jersey (the Property) for the year ended December 31, 2009. This Historical Summary is the responsibility of the Property s management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. The Property is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as it relates the Historical Summary. An audit includes consideration of internal control over financial reporting as it relates to the Historical Summary as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property s internal control over financial reporting as it relates to the Historical Summary. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in this Form 8-K of Terreno Realty Corporation) as discussed in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, such Historical Summary presents fairly, in all material respects, the revenues and certain expenses described in Note 1 to the Historical Summary of the Property for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

For the Period from January 1, 2010 to September 20, 2010 (unaudited)
and the Year Ended December 31, 2009

1. Background and Basis of Presentation

The accompanying statements of revenues and certain expenses present the results of operations of Maltese (the Property) for the period from January 1, 2010 to September 20, 2010 and the year ended December 31, 2009. The Property was acquired by a wholly-owned subsidiary of Terreno Realty Corporation from a third-party seller, FR Totowa, LLC, on September 21, 2010 for a purchase price of approximately \$16.5 million. The Property is located in Totowa, New Jersey and consists of one multi-tenant industrial building containing approximately 208,000 square feet (unaudited), which was 100% leased (unaudited) at the time of acquisition.

The accompanying statements of revenues and certain expenses (Historical Summaries) have been prepared on the accrual basis of accounting. The Historical Summaries have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission and for inclusion in this Current Report on Form 8-K of Terreno Realty Corporation and are not intended to be a complete presentation of the revenues and expenses of the Property for the period from January 1, 2010 to September 20, 2010 and for the year ended December 31, 2009 as certain expenses, primarily depreciation and amortization expense, interest expense and other costs not comparable to the proposed future operations of the Property have been excluded. Management is not aware of any material factors at the Property other than those disclosed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

2. Summary of Significant Accounting Policies

Revenue Recognition

Rental revenues from operating leases are recorded on a straight-line basis over the term of the lease. Tenant reimbursements represent recoveries from tenants for utilities and certain property maintenance expenses. Tenant reimbursements are recognized as revenues in the period the applicable costs are accrued.

Property Operating Expenses

Property operating expenses represent the direct expenses of operating the Property and include maintenance, utilities, property management fees, repairs, and insurance costs that are expected to continue in the ongoing operations of the Property. Expenditures for maintenance and repairs are charged to operations as incurred.

Table of Contents

Use of Estimates

The preparation of the Historical Summaries in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions of the reported amounts of revenues and certain expenses during the reporting periods. Actual results could differ from those estimates used in the preparation of the Historical Summaries.

Interim Statements

The statement for the period from January 1, 2010 to September 20, 2010 is unaudited, however, in the opinion of management of Terreno Realty Corporation, all significant adjustments necessary for a fair presentation of the statement for the interim period have been included. The results of operations for the interim period are not necessarily indicative of the results to be expected for the full year of the operation of the Property.

Tenant Concentration

For the year ended December 31, 2009, one tenant accounted for 100% of rental revenues.

Future Minimum Rental Income

Future minimum rents to be received under non-cancelable lease agreements as of December 31, 2009 were as follows (in thousands):

2010	\$ 1,584
2011	1,614
2012	1,645
2013	1,676
2014	1,275
Total	\$ 7,794

Subsequent Events

Management evaluated subsequent events through May 2, 2011, the date the financial statements were available to be issued.

Table of Contents**UNAUDITED PRO FORMA FINANCIAL INFORMATION OF TERRENO REALTY CORPORATION**

Terreno Realty Corporation (the Company) commenced operations with the completion of its initial public offering (IPO) of 8,750,000 shares of common stock and a concurrent private placement of an aggregate of 350,000 shares of common stock to its executive officers at a price per share of \$20.00 on February 16, 2010. The net proceeds of the initial public offering and concurrent private placement were approximately \$169.8 million after deducting the full underwriting discount of approximately \$10.5 million and other estimated offering expenses of approximately \$1.7 million.

On March 31, 2011, a wholly-owned subsidiary (the Subsidiary) of the Company entered into an agreement with a third-party seller to acquire an industrial property located in Kearny, New Jersey consisting of one building, aggregating approximately 211,500 square feet for a purchase price of approximately \$32.6 million. As part of this acquisition, the Company expects that the Subsidiary will assume a mortgage loan with a total principal amount as of the closing of the acquisition of approximately \$14.8 million with a fixed annual interest rate of 5.49%. The mortgage loan requires equal payments of interest and principal payable based on a 30-year amortization schedule with a maturity date of March 31, 2021. The Company expects to utilize cash on hand to fund the acquisition, net of the assumed mortgage loan. Completion of this acquisition, which is considered a probable acquisition for purposes of Regulation S-X, is expected in the second quarter of 2011, subject to lender approval and the satisfaction of customary closing conditions, and as a result, there is no assurance that the Company will acquire the property in the second quarter of 2011 or at all.

The unaudited pro forma condensed consolidated balance sheet as of December 31, 2010 is based on the Company's audited consolidated balance sheet and reflects the probable acquisition of Belleville and the related mortgage loan assumption as if such transaction had occurred on December 31, 2010. The unaudited pro forma condensed consolidated statement of operations for the year ended December 31, 2010 has been prepared to reflect the incremental effect of the IPO and the acquisition of properties by the Company during the period from February 16, 2010 (commencement of operations) to December 31, 2010 (the 2010 Acquisitions) as if such transactions had occurred on January 1, 2010 and the probable acquisition of Belleville and the related mortgage loan assumption as if such transaction had occurred on January 1, 2010. The following table summarizes the 2010 Acquisitions:

The unaudited pro forma financial information is not necessarily indicative of what the Company's results of operations or financial condition would have been assuming the completion of the IPO or the acquisition of properties had occurred at the beginning of the periods presented, nor is it indicative of the Company's results of operations or financial condition for future periods. In management's opinion, all adjustments necessary to reflect the effects of these transactions have been made. The unaudited pro forma financial information and accompanying notes should be read in conjunction with the Company's audited financial statements included in the 2010 Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on February 24, 2011.

Rental revenues set forth above include adjustments for straight-line rents and amortization of lease intangibles.

Depreciation and amortization represent adjustments using the new basis based on the allocation of the respective purchase price.

Interest expense includes monthly interest expense paid, the amortization of deferred financing costs and the amortization of premiums/discounts on assumed debt.

Rialto was acquired from an unrelated third-party after a sale/leaseback transaction was consummated and did not have historical revenues and expenses as the property was owned and operated by the tenant prior to June 30, 2010. As such, no property operations have been reflected in the accompanying unaudited pro forma condensed consolidated statement of operations related to this acquisition.

- (3) The following table sets forth the incremental rental revenues, operating expenses, depreciation and amortization and interest expense of the Probable Acquisition of Property for the year ended December 31, 2010 based on the historical operations of such property for the period prior to acquisition by the Company as if the property was acquired on January 1, 2010 (dollars in thousands).
