The information set forth under Item 2.03 of this Current Report on Form 8-K with respect to the Credit Agreement (as defined herein) is hereby incorporated into this Item 1.01 by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.

On September 30, 2011, Forestar Group Inc. (the Company) and certain of its affiliates entered into an amendment to our Amended and Restated Revolving and Term Credit Agreement with KeyBank National Association and other financial institutions party thereto (as amended, the Credit Agreement). The principal purposes of the amendment were to provide us with additional flexibility with respect to the borrowing base and collateral coverage and leverage requirements and to make certain technical changes. The borrowing base was changed to increase the advance rate for timberland from 35% to 45%, to increase the advance rate for high value timberland from 25% to 35%, and to increase the percentage of the overall borrowing base that may be comprised of high value timberland from 15% to 25%. We were required to pledge additional raw entitled land having a value of at least \$68,180,270 as collateral. The amendment effected a reduction from 1.60x to 1.50x in the value to commitment ratio (the ratio of (i) the sum of the values of our timberland, mortgaged raw entitled land and minerals business to (ii) the aggregate commitments under our credit facility). The amendment also eliminated a required decrease in our maximum leverage ratio to 30% in the event that we exercised our right to extend the revolving credit maturity date for one year.

This summary is qualified in its entirety by reference to the amendment, which is attached as Exhibit 10.1 and incorporated by reference.

Separately, on September 30, 2011, the Company exercised its option to extend the maturity date of the revolving credit facility by one year to August 6, 2014.
