PROXY STATEMENT

The Board of Directors of TechTeam, Inc. is soliciting proxies for the 2004 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

The Board of Directors of TechTeam, Inc. set March 17, 2004 as the record date for the Annual Meeting. Stockholders of record who owned TechTeam's common stock and preferred stock at the close of business on that date are entitled to vote at and attend the Annual Meeting, with each share entitled to one vote. There were approximately 8,527,500 shares of TechTeam's common stock outstanding and 689,656 shares of TechTeam's Series A Senior Convertible Preferred Stock ("Preferred Stock") outstanding on the record date.

QUESTIONS AND ANSWERS

Q: WHEN AND WHERE IS THE ANNUAL MEETING?

A: TechTeam's 2004 Annual Meeting of Stockholders is being held on Wednesday, May 12, 2004 at 10:00 a.m. at the Hilton Inn, 26000 American Drive, Southfield, Michigan. Please visit www.techteam.com for a map to the meeting.

Q: DO I NEED A TICKET TO ATTEND THE ANNUAL MEETING?

A: No, you will not need a ticket to attend the Annual Meeting. However, we ask that you bring evidence that you are a stockholder of record, such as your most recent account statement prior to March 17, 2004.

Q: WHY AM I RECEIVING THIS PROXY STATEMENT AND PROXY CARD?

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

A: You are receiving a proxy statement and proxy card from us because you owned shares of common stock of TechTeam, Inc. on the record date. This proxy statement describes proposals on which we would like you, as a stockholder, to vote. It also gives you information on these proposals so that you can make an informed decision. The proxy card is used for voting.

Q: WHAT AM I VOTING ON?

A: You are being asked to vote on:

- The election of nine nominees to serve on our Board of Directors;
- The ratification of the appointment of Ernst & Young LLP to serve as TechTeam's independent accountants for the year 2004;
- The approval of the TechTeam Global, Inc. 2004 Stock Incentive and Awards Plan.

Q: WHAT IS THE EFFECT OF SIGNING AND RETURNING MY PROXY CARD?

A: When you sign and return the proxy card, you appoint William F. Coyro, Jr. and Michael A. Sosin as your representatives at the Annual Meeting. Dr. Coyro and Mr. Sosin will vote your shares at the Annual Meeting as you have instructed them on the proxy card. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance of the Annual Meeting just in case your plans change. You can vote in person at the Annual Meeting, even if you have already sent in your proxy card.

If you sign and return but do not indicate on the proxy card how you want your votes cast, Dr. Coyro and Mr. Sosin will vote your shares FOR all of the nominees for director, FOR the ratification of Ernst & Young LLP as TechTeam's independent accountants for the year 2004, and FOR approval of the TechTeam Global, Inc. 2004 Stock Incentive and Awards Plan.

3

If a matter properly comes up for a vote at the Annual Meeting that is not described in this proxy statement, Dr. Coyro and Mr. Sosin will vote your shares in their discretion.

Q: HOW DO I VOTE?

A: In some cases there are four ways that you may vote, as explained in the detailed instructions on your proxy card. In summary, you may:

- Mail in your completed, signed and dated proxy card.
- If set forth on your proxy card, you may place your vote via the Internet.
- If set forth on your proxy card, you may place your vote by telephone.
- Vote in person by attending our Annual Meeting.

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

We will pass out written ballots to any stockholder wanting to vote in person at the Annual Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Annual Meeting.

If you vote by Internet or telephone, you do not need to mail in your proxy card. The Internet and telephone voting procedures have been designed to verify stockholders' identities and allow stockholders to confirm that their voting instructions have been properly recorded.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

A: It means that you have multiple accounts at the transfer agent and/or with stockbrokers or other nominees. Please complete and provide voting instructions for all proxy cards and voting instruction cards that you receive.

Q: WHAT IF I CHANGE MY MIND AFTER I HAVE VOTED?

A: You may revoke your proxy (that is, cancel it) and change your vote at any time prior to the Annual Meeting by:

- Voting again via the Internet or by telephone (only your latest vote will be counted);
- Completing, signing and returning another proxy card that is dated after the date of your earlier proxy card (again, only your latest vote will be counted);
- Sending written notice to our Corporate Secretary at our principal executive offices in Southfield, Michigan, which notice must be received prior to the date of the Annual Meeting, stating that you would like to revoke your proxy; or
- Voting in person at the Annual Meeting.

If you do not properly revoke your proxy, properly executed proxies will be voted as you specified in your earlier proxy or by the representatives as explained in the proxy statement.

Q: WILL MY SHARES BE VOTED IF I DO NOT SIGN AND RETURN MY PROXY CARD?

A: They could be. If your shares are held in street name and you do not instruct your nominee how to vote your shares, your nominee may either use its discretion to vote your shares on "routine matters" (such as election of directors) or leave your shares unvoted. For the "non-routine matters", such as approval of the 2004 Stock Incentive and Award Plan, being considered at the meeting, your nominee would not be able to vote on such matters.

We encourage you to provide instructions to your nominee by completing the instruction card or proxy that it sends to you. This will ensure that the nominee votes your shares at the Annual Meeting as you direct.

Q: WHAT IS A "BROKER NON-VOTE"?

A: Under the rules that govern brokers who have record ownership of shares that they hold in "street name" for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

routine matters, but not on non-routine matters. Broker non-votes generally occur when shares held by a broker nominee for a beneficial owner are not voted with respect to a proposal because the nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Brokers normally have discretion to vote on "routine matters," such as director elections, but not on non-routine matters, such as approving stock option plans. Because the proposals to be acted upon at the Annual Meeting include both routine and non-routine matters, with respect to uninstructed shares, the broker may turn in a proxy card and vote on the routine matters but not on the non-routine matters.

Q: HOW ARE BROKER NON-VOTES COUNTED?

A: Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal. A broker non-vote will not affect the outcome of any proposal in this proxy statement.

Q: HOW MANY SHARES CAN BE VOTED AT THE ANNUAL MEETING?

A: As of the record date, 8,527,500 shares of common stock were outstanding and 689,656 shares of preferred stock. Each outstanding share of common stock and preferred stock entitles the record holder to one vote on all matters covered in this proxy statement.

Q: HOW DO I VOTE IF I HOLD COMMON STOCK IN MY TECHTEAM 401(k)?

A: If you are a TechTeam employee who is a stockholder through TechTeam's 401(k) Profit-Sharing Plan and Trust (the "Plan"), you will receive a form proxy with respect to all of your shares so registered. You have the right to direct the Trustee of the Plan how to vote the shares allocated to your account. If you do not return a proxy with respect to these shares of common stock held in your account, the trustee will vote your shares in the same proportions as shares held by the Plan trustee for which voting instructions have been received. You will not be able to vote these shares in person at the meeting.

Q: WHAT IS A "QUORUM"?

A: A "quorum" is the number of shares of common stock that must be present, in person or by proxy, in order for business to be transacted at the Annual Meeting. The required quorum for the Annual Meeting is a majority of the shares outstanding and entitled to vote at the Annual Meeting. There must be a quorum present for the Annual Meeting to be held. All stockholders present in person or represented by completed and signed proxy cards, Internet votes, and telephone votes, whether representing a vote for, against, withheld, or abstained or a broker non-vote, will be counted toward the quorum.

Q: WHAT IS THE REQUIRED VOTE FOR A PROPOSAL TO PASS?

A: With regard to the proposal for the election of directors, the required vote is a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. There is no cumulative voting for the election of directors. With regard to each other proposal, the required vote is the affirmative vote of a majority of shares that are (i) present in person

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

or represented by proxy at the Annual Meeting and (ii) entitled to vote on each such proposal.

Q: HOW ARE ABSTENTIONS AND WITHHOLD VOTES COUNTED?

A: Abstentions and withhold votes are counted for the purposes of determining both (i) the presence of a quorum and (ii) the total number of shares entitled to vote with respect to a proposal. Withhold votes will have no effect on the outcome of the election of directors. Abstentions will have the same effect as a vote "AGAINST" all other proposals being presented at this Annual Meeting.

Q: WHO IS SOLICITING MY VOTE?

A: This proxy solicitation is being made and paid for by TechTeam Global, Inc. In addition to this solicitation by mail, proxies may be solicited by our directors, officers and other employees by telephone, Internet, or fax, in person or otherwise. Such persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our common stock. We will reimburse such persons and

5

TechTeam's transfer agent for their reasonable out-of-pocket expenses in forwarding such material.

Q: HOW MAY I OBTAIN A COPY OF TECHTEAM'S 2003 ANNUAL REPORT ON FORM 10-K?

A: Stockholders may request another free copy from TechTeam Global, Inc., Attention: Investor Relations, 27335 W. 11 Mile Road, Southfield, MI 48034, or calling 1-248-357-2866. We will also provide any exhibit to the 2003 Annual Report on Form 10-K if specifically requested.

In the event that vacancies are anticipated, or otherwise arise, the Governance and Nominating Committee considers various potential candidates for director. Candidates may come to the attention of the Governance and Nominating Committee through current Board members, professional search firms, stockholders, or other persons. These candidates are evaluated at meetings of the Governance and Nominating Committee, and may be considered at any point during the year.

THE BOARD OF DIRECTORS RECOMMENDS RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS TECHTEAM'S INDEPENDENT ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004, AND URGES EACH STOCKHOLDER TO VOTE "FOR" RATIFICATION.

PROPOSAL 3. APPROVAL OF THE TECHTEAM GLOBAL, INC. 2004 INCENTIVE STOCK AND AWARDS PLAN

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

On March 17, 2004, the Board approved the TechTeam Global, Inc. 2004 Incentive Stock and Award Plan (the "Stock Plan") to replace the 1990 Non-qualified Stock Option Plan ("1990 Plan"). The Stock Plan will not become effective until TechTeam's stockholders approve it. The Board is asking TechTeam stockholders to approve the Stock Plan to assist (1) TechTeam in achieving its goals of increasing profitability and stockholder value, and (2) TechTeam in fully implementing its compensation strategies as set forth in the Report of the Compensation Committee.

The Company seeks to have 1,200,000 shares of the Company's common stock authorized and registered for issuance under the Stock Plan. As of March 17, 2004, approximately 1,000,000 of the 3,800,000 shares of the Company's common stock originally authorized and registered under the 1990 Plan were available for grant under the 1990 Plan. If approved by the stockholders, the 1,000,000 shares available under the 1990 Plan will be registered for issuance under the Stock Plan, and no new awards may be granted under the 1990 Plan. The Company is seeking to authorize and register the 200,000 additional shares. The 1,200,000 shares represent approximately 14.1% of the outstanding shares of TechTeam's common stock as of March 17, 2004.

11

The Stock Plan has the following significant features:

- Authorizes the grant of restricted stock, performance stock, and stock options (the 1990 Plan only authorized non-qualified options).
- All awards under the plan are granted or valued at fair market value.
- Awards that are canceled, forfeited, or expired are available for re-grant as new awards under the Stock Plan.
- Only 1,000,000 shares of the 1,200,000 shares of the Company's common stock reserved for issuance under the Stock Plan may be granted as restricted stock or performance stock awards.
- No employee may be granted, in any calendar year, options for more than 150,000 shares, restricted stock awards of more than 25,000 shares, and performance stock awards for more than 25,000 shares.

As outlined in the Report of the Compensation Committee on Executive Compensation, TechTeam has updated its strategy for compensation of its executive officers to include the use of (1) restricted stock that vests after 5 years and is focused on retaining high performing executives over a long period of time and (2) performance stock that focuses on rewarding extraordinary performance by individual executives. The approval of the Stock Plan is necessary to permit the award of restricted stock and performance stock under the Company's Long Term Incentive Plan adopted by the Board in December 2003. Since the Company may be required to expense the value of stock options on the date of grant in the near future as a result of certain accounting changes, the Board believes that approval of the Stock Plan is necessary to enable TechTeam's overall compensation package to remain competitive.

Vote Required

Approval of the Stock Plan requires the affirmative vote of a majority

of the shares of TechTeam common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF
THE TECHTEAM GLOBAL, INC. 2004 INCENTIVE STOCK AND AWARD PLAN,
AND URGES EACH STOCKHOLDER TO VOTE "FOR" APPROVAL.

SUMMARY OF THE STOCK PLAN

GENERAL. The purpose of the Stock Plan is to encourage ownership in TechTeam by key personnel whose long-term employment is considered essential to TechTeam's continued progress and thereby align participants' and stockholders' interests. Stock options and stock awards may be granted under the Stock Plan.

ADMINISTRATION. The Compensation Committee of the Board (the "Committee") will administer the Stock Plan.

ELIGIBILITY. Awards may be granted under the Stock Plan to employees, or to individuals who are engaged to become employees, of TechTeam and its affiliates, or to consultants or advisors who provide valuable services to TechTeam or its affiliates. Incentive stock options, however, may be granted only to employees of TechTeam or its subsidiaries. Currently, there are approximately 1,500 employees eligible to receive awards under the Stock Plan. The Compensation Committee selects the individuals to whom awards will be granted, the time or times at which such awards are granted, and the terms of such awards, subject to any limitations imposed by the Stock Plan.

SECTION 162(m) LIMITATIONS. Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid annually to TechTeam's Chief Executive Officer or any of the four other most highly compensated officers who are in office at the end of the tax year. Certain performance-based compensation is specifically exempt from the deduction limit if it otherwise meets the requirements of Section 162(m). One of the requirements for equity compensation plans is that there must be a limit to the number of shares granted to any one individual under the plan. Accordingly, the Stock Plan provides that no employee may be granted more than 150,000 options, 25,000 shares of restricted stock or 25,000 shares of performance stock in any calendar year.

12

OTHER LIMITATIONS. No more than 1,200,000 shares may be issued under the Stock Plan pursuant to incentive stock options. No more than 1,000,000 shares may be granted under the Stock Plan as restricted stock and performance stock awards.

TERMS AND CONDITIONS OF OPTIONS. An option entitles the holder to purchase a share of TechTeam's common stock at the price and during the period specified by the Committee. Options granted under the Stock Plan may be either "incentive stock options," as defined in Section 422 of the Code, or non-statutory stock options. Each option is evidenced by a stock option agreement between TechTeam and the optionee and is subject to the following additional terms and conditions.

Exercise Price. The exercise price of an option may not be less than 100% of the fair market value of a share of the TechTeam common stock on the date such option is granted. The fair market value of the common stock is the closing price on date the option is granted. No option may be amended or changed to reduce the exercise price of such option.

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

Exercise of Option; Form of Consideration. The Committee determines when options become exercisable and in its discretion may accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option are specified in each option agreement. The Stock Plan permits payment to be made by cash, check, wire transfer, other shares of common stock of TechTeam (with some restrictions), broker assisted same-day sales, any other form of consideration permitted by applicable law, or any combination thereof.

Term of Option. The term of an option may be no more than ten years from the date of grant.

Termination of Employment or Service. If an optionee's employment or service terminates for any reason (other than as described below), then all options held by the optionee under the Stock Plan generally will terminate immediately upon the optionee's termination, unless the Committee provides otherwise in the option agreement. The Committee will specify in each option agreement whether the option will remain outstanding for a specified period following the optionee's termination of employment or service as a result of death, disability or retirement.

TERMS AND CONDITIONS OF STOCK AWARDS. The Stock Plan permits two types of stock awards to be granted under the plan -- restricted stock and performance stock. Restricted stock are shares of TechTeam's common stock that are issued to a participant but that are subject to a risk of forfeiture and are non-transferable for a specified period of time and/or until specified performance goals are met. An award of performance stock gives the participant the right to receive shares of TechTeam common stock to the extent certain performance goals are met. Each award of restricted stock or performance stock is evidenced by an award agreement between TechTeam and the recipient and is subject to such terms and conditions as the Committee specifies, subject to any limitations imposed by the Stock Plan. The Committee is given discretion to accelerate the restrictions imposed on restricted stock, and provide that all or a portion of the performance goals imposed on performance stock are deemed achieved, upon the participant's termination of employment or service as a result of death, disability or retirement.

PERFORMANCE GOALS. The Committee may condition the vesting of restricted stock, and the delivery of performance stock to a participant, on the attainment of certain performance goals by the individual or the Company. The performance criteria will be selected by the Committee from among the following, which may relate to TechTeam, its subsidiaries or any business unit: operating income, cash flow, earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings), earnings per share, growth in earnings or earnings per share, stock price, or for awards that are not intended to meet the performance-based compensation exception under Code Section 162(m), another measurement deemed appropriate by the Committee.

NONTRANSFERABILITY. Awards granted under the Stock Plan are not transferable other than by will or the laws of descent and distribution except as allowed by the Committee.

ADJUSTMENT PROVISION; CHANGE OF CONTROL. The Committee may adjust the number of shares available for grant under the Stock Plan, the annual participant award limits, the number of shares subject to outstanding awards, and the exercise price of outstanding awards, if the Committee determines that (a) a dividend, other distribution, recapitalization, merger, or other similar event, affects the shares granted and (b) an adjustment is appropriate to prevent dilution or enlargement of the benefits of the award grant. In the event of a change of control of TechTeam, as defined in the Stock Plan and determined by the Board, (1) each outstanding

option will become exercisable in full and the holder of an option may, within 60 days after the change of control, receive in exchange for surrendering the option an amount of cash equal to the excess of the change of control price over the exercise price of the option; (2) the holder of unvested restricted stock may, within 60 days after the change of control, elect to receive an amount of cash equal to the change of control price of such restricted stock in exchange for surrendering such restricted stock; and (3) the holder of a performance stock award for which the performance period has not expired may, within 60 days after the change of control, elect to receive amount of cash equal to the value of the performance share award (prorated to take into account the period of time that has elapsed during the performance period). The "change of control price" is the highest of the fair market value of a share of Company common stock on the date of the change of control, the highest per share price for a share of Company common stock paid in the change of control transaction, or the fair market value of a share of Company common stock on the date the award is cashed out. The Committee has discretion to provide a more favorable result to a participant if so specified in the award agreement.

AMENDMENT AND TERMINATION OF THE PLAN. The Board may amend, alter, suspend or terminate the Stock Plan, or any part thereof, at any time and for any reason. However, TechTeam will obtain stockholder approval for any amendment to the Stock Plan (1) to the extent required by applicable laws or stock exchange rules and (2) which increases the maximum number of shares for which awards may be granted under the Stock Plan or increases the annual participant award limits. No such action by the Board or stockholders may alter or impair any award previously granted under the Stock Plan without the written consent of the awardee. Unless terminated earlier, no awards may be granted ten years after approval of the Stock Plan, and the Stock Plan shall terminate as soon as all shares subject to it have been purchase or acquired according the terms of the Stock Plan.

FEDERAL INCOME TAX CONSEQUENCES.

Non-Statutory Stock Options. An optionee does not recognize any taxable income at the time a non-statutory stock option is granted. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of TechTeam is subject to tax withholding by TechTeam. Unless limited by Section 162(m) of the Code, TechTeam is entitled to a deduction in the same amount as and at the time the optionee recognizes ordinary income. Upon a disposition of such shares by the optionee, any difference between the sale price and fair market value of the shares at the time of exercise is treated as long-term or short-term capital gain or loss, depending on the period of time the optionee has held the shares.

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, the optionee will recognize long-term capital gain or loss equal to the difference between the sale price and the exercise price. The Company is not entitled to a deduction.

If the holding periods are not satisfied, then (1) the optionee will recognize ordinary income equal to the difference, if any, between the lesser of the sale price or the fair market value of the shares on the exercise date and the exercise price, and will recognize capital gain to the extent the sales price exceeds the fair market value of the shares on the exercise date; or (2)

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

if the sale price is less than the exercise price, the optionee will recognize a capital loss equal to the difference between the exercise price and the sale price. Unless limited by Section 162(m) of the Code, TechTeam is entitled to a deduction in the same amount as and at the time the optionee recognizes ordinary income.

Stock Awards. A restricted stock award that is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code will not be considered taxable income to the recipient at the time the stock is issued, unless the recipient makes a "Section 83(b) election." Instead, the recipient will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The recipient's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date the stock is no longer subject to forfeiture. Thereafter any gain or loss will be considered a capital gain or loss, depending on how long the individual has held the stock.

14

The recipient may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of award, and the capital gain holding period commences on such date. The ordinary income recognized by an employee will be subject to tax withholding by TechTeam. Unless limited by Section 162(m) of the Code, TechTeam is entitled to a deduction in the same amount as and at the time the employee recognizes ordinary income.

The recipient of performance stock will be taxed on the fair market value of such shares at the time of receipt, and the Company will be entitled to a corresponding tax deduction at the same time, unless such shares are restricted stock in which event the tax consequences described above apply.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON AWARDEES AND TECHTEAM WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE STOCK PLAN. IT DOES NOT PURPORT TO BE COMPLETE AND DOES NOT DISCUSS THE TAX CONSEQUENCES ARISING IN THE CONTEXT OF THE EMPLOYEE'S DEATH OR THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR FOREIGN COUNTRY IN WHICH THE EMPLOYEE'S INCOME OR GAIN MAY BE TAXABLE.

ACCOUNTING TREATMENT. TechTeam accounts for stock-based compensation awards granted to employees using the intrinsic value method prescribed in Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As a result, option awards granted to employees under the Stock Plan that have a fixed exercise price equal to or greater than the fair market value of our common stock on the date of grant, consist of a fixed number of shares, and have a time-based vesting schedule will not result in any charge to TechTeam's reported earnings. However, the Company is required to disclose the effect on net income and earnings per share had compensation expense been recognized over the life of the award based on the fair value method prescribed by Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation." Option awards granted to non-employees under the Stock Plan are accounted for based on the fair value method prescribed by SFAS 123 with the resulting compensation expense recognized in net income and earnings per share over the vesting period.

Awards of restricted stock under the Stock Plan that do not have any

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

conditions for future performance will result in compensation expense charged to TechTeam's reported earnings over the vesting period in an amount equal to the fair market value of our common stock on the date of grant (stock price multiplied by number of shares granted). Awards of performance stock or restricted stock under the Stock Plan that are contingent upon future performance will result in compensation expense charged to TechTeam's reported earnings over the vesting period with the final amount of compensation expense measured at the date the performance criteria are met. Estimates of compensation expense will be recorded during the period of performance with any change in estimate recorded in the period in which it becomes evident.

Currently, companies may elect to account for stock-based compensation granted to employees under APB 25 or SFAS 123. The Financial Accounting Standards Board has initiated a project to consider the appropriate accounting treatment for employee stock options and may require all companies to account for stock-based compensation granted to employees under SFAS 123. Accordingly, the foregoing summary of the applicable accounting treatment for the Stock Plan may change substantially.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL AGREEMENTS

Dr. Coyro has entered into an employment and non-competition agreement (the "Agreement") with TechTeam that provides for his employment as President and Chief Executive Officer of TechTeam. The Agreement was executed on March 13, 2003 and provides for a base annual salary of \$330,000. Should TechTeam terminate Dr. Coyro's employment without cause prior to December 31, 2004, Dr. Coyro would be entitled to payment through that date. After December 31, 2004, the Agreement is terminable without cause by either party with 60 days prior notice. The Agreement also provides that Dr. Coyro is entitled to a bonus at the discretion of the Compensation Committee of the Board or under the Company's bonus plan for senior management, if implemented. Under the Agreement, Dr. Coyro is entitled to receive medical insurance as well as other benefits made available to other employees and management of TechTeam. In the event of a change of control, he would be entitled to payment of one year's salary and other benefits as set forth below. The Agreement also provides certain covenants by Dr. Coyro not to compete with TechTeam during the term of the Agreement and two years thereafter.

Christoph Neut, Vice President of Sales and Marketing for Europe, Africa, and the Middle East, is an employee of TechTeam Global NV/SA, the Company's Belgian subsidiary. Mr. Neut has an employment contract with TechTeam Global NV/SA that is similar in material aspects to the employment contracts for other employees of TechTeam Global NV/SA.

Effective March 17, 2004, all executive officers of TechTeam have entered into Employment Agreements Relating to Change of Control with TechTeam. These agreements provide these executives, in the event of their involuntary termination after a change-in-control, with (i) payments by TechTeam of 100% of his/her base annual salary, (ii) accelerated vesting of all unvested options to purchase common stock of TechTeam, (iii) employee benefits for a one-year period, and (iv) one year of company-paid outplacement services. "Change of Control" is defined in the agreement as (1) the sale of (a) all then outstanding shares of common stock of TechTeam or (b) 51% of outstanding voting securities of TechTeam entitled to vote generally in the election of the directors; or (2)

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board establishes the compensation plans and specific compensation levels of all executive officers TechTeam. Our philosophy for total compensation and equity incentive package for the Chief Executive Officer and the members of our executive team is to promote the achievement of TechTeam's performance objectives, ensure that the executive's interests are aligned with stockholders in promoting the success of TechTeam, and to provide compensation that attracts, retains and motivates superior executive personnel. We believe that compensation and equity incentives should be significantly influenced by performance.

During 2003, the Compensation Committee worked with an independent outside consulting firm and TechTeam's Human Resources department to review executive total compensation data and the existing incentive plans to determine their ability to meet the overall compensation objectives. It was determined that changes to the incentive plans were required in order to meet the Company's objectives. As a result, the Compensation Committee developed and the Board approved a new Annual Incentive Plan and a new Long Term Incentive Plan.

Executive Compensation Program. TechTeam's executive compensation program consists of base salary, the Annual Incentive Plan, and Long Term Incentive Plan.

BASE SALARY. The base salaries for executives are targeted at levels competitive market levels for their respective positions, levels of responsibility, their impact on TechTeam, and their knowledge and experience. Base salaries for executives are maintained at levels that the Compensation Committee believes, based upon its own judgment and external data, are competitive with other companies of comparable size and complexity.

ANNUAL INCENTIVE PLAN. The Committee believes executives should receive cash bonus incentives based upon the attainment of high levels of corporate performance during a fiscal year. The Annual Incentive Plan (the "AIP") for executive management (including named executive officers and others). The AIP provides incentives for attaining and exceeding the Company's operating income (operating income, as reported in the Company's periodic reports filed with the SEC) target, revenue target, and each individual officer's individual objectives. No bonus is paid unless the Company achieves its operating income target. If the operating income target is achieved, a bonus pool of 25% of the adjusted net income of the Company (reported net income before recognition of the expense and associated tax benefit of the bonus pool, less net interest income or expense and the associated tax effect of net interest income) is created. Each executive's bonus is based on a percentage of the executive's annual salary, which varies from 45% for the President and Chief Executive Officer, 40% for the Chief Operating Officer, Vice Presidents of Sales and Operations and the Chief Financial Officer, and 25% for other corporate officers. The cumulative amount of bonuses paid under the AIP cannot exceed the bonus pool. No bonus was paid under the AIP for 2003 performance because the Company did not achieve its operating income target.

LONG TERM INCENTIVE PLAN. In December 2003, the Board approved a Long Term Incentive Plan (the "LTIP"). Subject to stockholder approval of the 2004 Incentive Stock and Awards Plan as set forth under Proposal 3 above, the LTIP provides the Committee with the ability to award restricted stock, performance

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

stock, and non-qualified stock options.

Under the LTIP, awards of restricted stock are based upon the attainment of the Company's operating income (operating income, as reported in the Company's periodic reports filed with the SEC) targets for a rolling three-year period. If the operating income goals have been met over the measured period, restricted stock will be granted to the executive in a percentage of base salary ranging from 30% for the President and Chief Executive Officer, 25% for the Chief Operating Officer, 20% for Vice Presidents of Sales and Operations and the Chief Financial Officer, and 15% for other corporate officers. The restricted stock granted under the LTIP cannot be transferred and is subject to forfeiture unless the participant remains employed by the Company for five (5) years after the date of issuance. The amount of restricted stock awarded is determined by dividing the percentage of the executive's salary by the fair market value of the Company's common stock, as determined by the average closing price for the thirty (30) day period prior to issuance.

Awards of performance stock are awarded to participants for extraordinary individual achievement during the year, regardless of the company's achievement of its annual goals. The performance stock granted under the LTIP cannot be transferred and is subject to forfeiture unless the participant remains employed by the Company

21

for one (1) year after the date of issuance. The Committee can also award non-qualified stock options under the LTIP for extraordinary achievements or as an employment incentive.

CHIEF EXECUTIVE COMPENSATION. The Compensation Committee annually reviews and approves the compensation of TechTeam's Chief Executive Officer. In January 2003, the Committee negotiated a two-year employment contract with Dr. Coyro, the current Chief Executive Officer. The Committee reviewed Dr. Coyro's compensation for 2004 and determined that his pay remains appropriate based upon the Company's performance, his skills and experience, and the competitive salaries for comparable positions paid by companies of similar size. The Committee also conducts a formal annual evaluation of the Chief Executive Officer, which serves as a basis for evaluating the Chief Executive Officer's compensation. The employment agreement of Dr. Coyro is described above.

COMPENSATION NOT QUALIFYING FOR TAX DEDUCTIBILITY. Section 162(m) of the Internal Revenue Code provides, in general, that compensation to certain individual executives during any year in excess of \$1 million is not deductible by a public company. The Committee believes that, given the range of salaries and number of stock options of executive officers, the \$1 million threshold will not be reached by an executive officer of TechTeam in the near future. Accordingly, the Committee has not considered what its policy regarding compensation not qualifying for tax deductibility might be. The Committee will assess this issue when it appears the threshold may be reached.

Respectfully Submitted,

G. Ted Derwa
Gregory C. Smith
Wallace D. Riley

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for providing independent, objective oversight of the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee acts under a written charter adopted by the Board

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

of Directors in June 2000, and modified effective March 20, 2001 and March 11, 2003. In accordance with the Audit Committee Charter, the Committee has sole authority to appoint, retain, fix the compensation of, and oversee the work of TechTeam's independent auditors.

Management has the primary responsibility for the financial statements and reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. The Committee is responsible to monitor and oversee these processes. During fiscal 2003, the Audit Committee held seven meetings.

In fulfilling its oversight responsibilities, the Committee has reviewed the audited financial statements in the Annual Report on Form 10-K, and held discussions with both management and with the independent auditors regarding the audited financial statements. Management has represented to the Audit Committee that TechTeam's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States.

The Committee has discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, and other professional standards, including the propriety of the independent auditors providing non-audit related services to the Company. These discussions included a review of the quality, not just the acceptability of accounting principles used, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee also reviewed with the independent auditor, their judgments as to the quality, not just the acceptability, of accounting principles used. The Audit Committee received written disclosures from the independent auditors as required by Independence Standard No. 1 (Independence Discussions with Audit Committees). The Committee also discussed with the independent auditors the auditor's independence from management and TechTeam. The Audit Committee also considered the compatibility of non-audit services with the auditor's independence.

22

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003, as filed with the Securities and Exchange Commission.

The foregoing report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates such report by reference therein.

INFORMATION ABOUT OUR INDEPENDENT AUDITORS

Ernst & Young LLP (Ernst & Young), or its predecessors, have audited our consolidated financial statements since TechTeam became a public company in

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

1987. As our independent auditors, Ernst & Young will audit our consolidated financial statements for fiscal 2004 and perform audit-related services in connection with various accounting and financial reporting matters. Ernst & Young also performs for TechTeam certain non-audit services that are permitted under the Sarbanes-Oxley Act of 2002 and related rules of the SEC. The Audit Committee has determined that the provision of audit-related and permitted non-audit services provided by Ernst & Young is compatible with maintaining Ernst & Young's independence pursuant to the auditor independence rule of the SEC.

FEES OF ERNST & YOUNG FOR 2003

The aggregate fees for professional services by Ernst & Young in 2003 and 2002 were as follows:

TYPE OF FEES	2003	2002
-----	----	----
	(\$ in thousands)	
Audit Fees.....	\$310	\$252
Audit-Related Fees.....	95	28
Tax Fees.....	236	10
	----	----
Total.....	\$641	\$290
	=====	=====

In the above table, in accordance with new SEC definitions and rules, "audit fees" are fees for professional services for the audit of the Company's consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, or for services that are normally provided by the independent auditor in connection with statutory and regulatory filings; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit of the Company's financial statements such as audits of employee benefit plans, accounting consultation, and pre-acquisition financial due diligence; and "tax fees" are fees for tax compliance and tax planning and consulting, including expatriate tax services.

PRE-APPROVAL POLICIES AND PROCEDURES

All audit and non-audit services to be performed by TechTeam's independent auditor must be approved in advance by the Audit Committee. As permitted by the SEC's rules, the Audit Committee adopted a policy that provides for pre-approval by the Audit Committee of specifically defined audit, non-audit and tax-related services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services provided that the Chairman reports any decisions to the Committee at its next scheduled meeting.

APPENDIX D

TECHTEAM GLOBAL, INC. 2004 INCENTIVE STOCK AND AWARDS PLAN

1. PURPOSE

- (a) The TechTeam Global, Inc. 2004 Incentive Stock and Awards Plan has two complementary purposes: (i) to attract and retain outstanding individuals to serve as officers, employees, consultants, and advisors and (ii) to increase shareholder value. The Plan will provide participants' incentives to increase shareholder value by offering the opportunity to acquire shares of the Company's common stock, receive monetary payments based on the value of such common stock, or receive other incentive compensation, on the potentially favorable terms that this Plan provides.
- (b) History. Prior to the effective date of this Plan, the Company had in effect the 1990 Non-Qualified Stock Option Plan. Upon shareholder approval of this Plan, no new awards will be granted under the prior plan.

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

2. DEFINITIONS

Capitalized terms used in this Plan have the following meanings:

- (a) "Affiliate" means any corporation, partnership, joint venture, or other entity during any period in which the Company owns, directly or indirectly, at least twenty percent (20%) of the equity, voting or profits interest, and any other business venture that the Committee designates in which the Company has a significant interest, as the Committee determines in its discretion.
- (b) "Award" means grants of Options, Performance Shares or Restricted Stock under this Plan.
- (c) "Board" means the Board of Directors of the Company.
- (d) "Change of Control" means the occurrence of any one of the following events:

 - (ii) The consummation of the sale or other disposition of all or substantially all of the assets or operations of the Company.

Notwithstanding the foregoing, no "Change of Control" shall be deemed to have occurred if there is consummated any transaction or series of integrated transactions immediately following which the record holders of the common stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions.

- (e) "Change of Control Price" means the highest of the following: (i) the Fair Market Value of the Shares, as determined on the date of the Change of Control; (ii) the highest price per Share paid in the Change of Control transaction; or (iii) the Fair Market Value of the Shares, calculated on the date of surrender of the relevant Award in accordance with Section 13(c), but this clause (iv) shall not apply if in the Change of Control transaction, or pursuant to an agreement to which the Company is a party governing the Change of Control transaction, all of the Shares are purchased for and/or converted into the right to receive a current payment of cash and no other securities or other property.

If the Shares are not listed on a national securities exchange, but are traded in an over-the-counter market, the last sales price (or, if there is no last sales price reported, the average of the closing bid and asked prices) for the Shares on the particular date, or on the last preceding date on which there was a sale of Shares on that market, will be used. If the Shares are neither listed on a national securities exchange nor traded in an over-the-counter market, the price determined by the Committee, in its discretion, will be used.

3. ADMINISTRATION

- (a) Committee Administration. The Committee has full authority to administer this Plan, including the authority to (i) interpret the provisions of this Plan, (ii) prescribe, amend, and rescind rules and regulations relating to this Plan, (iii) correct any defect, supply any omission, or reconcile any inconsistency in any Award or agreement covering an Award in the manner and to the extent it deems desirable to carry this Plan into effect, and (iv) make all other determinations necessary or advisable for the administration of this Plan. A majority of the members of the Committee will constitute a quorum, and a majority of the Committee's members must make all determinations of the Committee. The Committee may make any determination under this Plan without notice or meeting of the Committee by a writing that a majority of the Committee members have signed. All Committee determinations are final and binding.
- (b) Delegation to Other Committees or Officers. To the extent applicable law permits, the Board may delegate to another committee of the Board or to one or more officers of the Company any or all of the authority and responsibility of the Committee. However, no such delegation is permitted with respect to Awards made to individuals who are Section 16 Participants at the time any such delegated authority or responsibility is exercised. The Board also may delegate to another committee of the Board consisting entirely of non-employee directors any or all of the authority and responsibility of the Committee with respect to individuals who are Section 16 Participants. If the Board has made such a delegation, then all references to the Committee in this Plan include such other committee or one or more officers to the extent of such delegation.
- (c) No Liability. No member of the Committee, and no officer to whom a delegation under subsection (b) has been made, will be liable for any act done, or determination made, by the individual in good faith with respect to the Plan or any Award. The Company will indemnify and hold harmless such individual to the maximum extent that the law and the Company's bylaws permit.

4. ELIGIBILITY

The Committee may designate from time to time the Participants to receive Awards under this Plan. The Committee's designation of a Participant in any year will

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

not require the Committee to designate such person to receive an Award in any other year.

5. DISCRETIONARY GRANTS OF AWARDS

Subject to the terms of this Plan, the Committee has full power and authority to (a) determine the type or types of Awards to be granted to each Participant; (b) determine the number of Shares with respect to which an Award is granted to a Participant; and (c) determine any terms and conditions of any Award granted to a Participant. Awards under this Plan may be granted either alone or in addition to, in tandem with, or in substitution for any other Award (or any other award granted under another plan of the Company or any Affiliate).

D-3

6. SHARES RESERVED UNDER THIS PLAN

- (a) Plan Reserve. An aggregate of 1,200,000 Shares are reserved for issuance under this Plan. These Shares represent the 1,000,000 Shares that were authorized for issuance under the 1990 Non-Qualified Stock Option Plan, but that are not the subject of any awards outstanding under such plan as of the Effective Date, and an additional 200,000 shares. Not more than 1,000,000 of the reserved Shares may be issued pursuant to incentive stock options. The number of Shares reserved for issuance under this Plan shall be reduced only by the number of Shares delivered in payment or settlement of Awards. The limitations of this subsection are subject to adjustments as provided in Section 12.
- (b) Replenishment of Shares Under this Plan. If an Award lapses, expires, terminates, or is cancelled without the issuance of Shares or payment of cash under the Award, then the Shares subject to or reserved for in respect of such Award, or the Shares to which such Award relates, may again be used for new Awards under this Plan as determined under subsection (a), including issuance as Restricted Stock or pursuant to incentive stock options. If Shares are issued under any Award and the Company subsequently reacquires them pursuant to rights reserved upon the issuance of the Shares, or if Shares are delivered to (or withheld by) the Company in payment of the exercise price or withholding taxes of an Award, then such Shares may be used for new Awards under this Plan as determined under subsection (a), including issuance as Restricted Stock, but such shares may not be issued pursuant to incentive stock options.
- (c) Participant Limitations. Subject to adjustment as provided in Section 12, no Participant may be granted Awards under this Plan that could result in such Participant (i) receiving in any single fiscal year of the Company Options for more than 150,000 Shares, (ii) receiving Awards of Restricted Stock in any single fiscal year of the Company relating to more than 25,000 Shares, and (iii) receiving Performance Shares in any single fiscal year of the Company relating to more than 25,000 Shares. In all cases, determinations under this Section 6 should be made in a manner that is consistent with the exemption for performance-based compensation that Code Section 162(m) provides.

7. OPTIONS

- (a) Eligibility. The Committee may grant Options to any Participant it selects. The Committee must specify whether the Option is an incentive stock option or a nonqualified stock option, but only employees of the Company or a Subsidiary may receive grants of incentive stock options.

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

- (b) Exercise Price. The Committee will establish the exercise price for an Option, which may not be less than the Fair Market Value of the Shares subject to the Option as determined on the date of grant.
- (c) Terms and Conditions of Options. An option will be exercisable at such times and subject to such conditions as the Committee specifies, except that the Option must terminate no later than 10 years after the date of grant. In all other respects, the terms of any incentive stock option should comply with the provisions of Code section 422 except to the extent the Committee determines otherwise.

8. PERFORMANCE AND STOCK AWARDS

- (a) Eligibility for Performance and Stock Awards. The Committee may grant awards of Restricted Stock or Performance Shares to Participants the Committee selects.
- (b) Terms and Conditions. Each award of Restricted Stock or Performance Shares may be subject to such terms and conditions as the Committee determines appropriate, including, without limitation, a condition that one or more Performance Goals be achieved for the Participant to realize all or a portion of the benefit provided under the Award. However, an award of Restricted Stock must have a restriction period of at least one year. Notwithstanding the foregoing, the Committee may provide that the restrictions imposed on Restricted Stock are accelerated, and that all or a portion of the Performance Goals subject to an Award are deemed achieved, upon a Participant's death, disability, or retirement.

D-4

9. TRANSFERABILITY

Each Award granted under this Plan is not transferable other than by will or the laws of descent and distribution, except that a Participant may, to the extent the Committee allows and in a manner the Committee specifies: (a) designate in writing a beneficiary to exercise the Award after the Participant's death; or (b) transfer any award.

10. TERMINATION AND AMENDMENT OF PLAN; AMENDMENT, MODIFICATION, OR CANCELLATION OF AWARDS

- (a) Term. Subject to the right of the Board to terminate the Plan pursuant to Section 10(b), the Plan shall remain in effect until all Shares subject to it shall have been purchased or acquired according to the Plan's provisions; provided that no incentive stock option may be issued under the Plan after the tenth (10th) anniversary of the Plan's effective date.
- (b) Termination and Amendment. The Board may amend, alter, suspend, discontinue, or terminate this Plan at any time, subject to the following limitations:
 - (i) Shareholders must approve any amendment of this Plan if required by law or stock exchange rules, including but not limited to: (A) the rules and/or regulations promulgated under Section 16 of the Exchange Act, (B) the Code or any rules promulgated thereunder, or (C) the listing requirements of the Nasdaq, New York Stock Exchange or any principal securities exchange or market on which the Shares are then traded; and

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

- (ii) Shareholders must approve any of the following Plan amendments:
 - (A) an amendment to materially increase any number of Shares specified in Section 6(a) or 6(c) (except as permitted by Section 12) or (B) an amendment to shorten the restriction periods specified in Section 8(b); or (C) an amendment pursuant to the provisions of Section 10(e).
- (c) Amendment, Modification, or Cancellation of Awards. Except as provided in subsection (e) and subject to the requirements of this Plan, the Committee may modify or amend any Award or waive any restrictions or conditions applicable to any Award or the exercise of the Award, and the terms and conditions applicable to any Awards may at any time be amended, modified or canceled by mutual agreement between the Committee and the Participant or any other persons as may then have an interest in the Agreement, so long as any amendment or modification does not increase the number of Shares issuable under this Plan (except as permitted by Section 12), but the Committee need not obtain Participant (or other interested party) consent for the cancellation of an Award pursuant to the provisions of Section 12.
- (d) Survival of Committee Authority and Awards. Notwithstanding the foregoing, the authority of the Committee to administer this Plan and modify or amend an Award may extend beyond the date of this Plan's termination. In addition, termination of this Plan will not affect the rights of Participants with respect to Awards previously granted to them, and all unexpired Awards will continue in force and effect after termination of this Plan except as they may lapse or be terminated by their own terms and conditions.
- (e) Repricing Prohibited. Notwithstanding anything in this Plan to the contrary, and except for the adjustments provided in Section 12, neither the Committee nor any other person may decrease the exercise price for any outstanding Option granted under this Plan after the date of grant nor allow a Participant to surrender an outstanding Option granted under this Plan to the Company as consideration for the grant of a new Option with a lower exercise price.
- (f) Foreign Participation. To assure the viability of Awards granted to Participants employed in foreign countries, the Committee may provide for such special terms, as it may consider necessary or appropriate to accommodate differences in local law, tax policy, or custom. Moreover, the Committee may approve such supplements to, or amendments, restatements, or alternative versions of this Plan as it determines is necessary or appropriate for such purposes. Any such amendment, restatement or alternative versions that the Committee approves for purposes of using this Plan in a foreign country will not affect the terms of this Plan for any other country.

D-5

11. TAXES

The Company is entitled to withhold the amount of any tax attributable to any amount payable or Shares deliverable under this Plan after giving the person entitled to receive such amount or Shares notice as far in advance as practicable, and the Company may defer making payment or delivery if any such tax may be pending unless and until indemnified to its satisfaction. The Committee may permit a Participant to pay all or a portion of the federal, state and local withholding taxes arising in connection with (a) the exercise of a nonqualified stock option, (b) a disqualifying disposition of Shares received upon the exercise of an incentive stock option, or (c) the lapse of restrictions

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

on Restricted Stock, by electing to (i) have the Company withhold Shares otherwise issuable under the Award, (ii) tender back Shares received in connection with such Award, or (iii) deliver other previously owned Shares, in each case having a Fair Market Value equal to the amount to be withheld. However, the amount to be withheld may not exceed the total minimum federal, state and local tax withholding obligations associated with the transaction. The election must be made on or before the date as of which the amount of tax to be withheld is determined and otherwise, as the Committee requires. The Fair Market Value of fractional Shares remaining after payment of the withholding taxes may be paid to the Participant in cash.

12. ADJUSTMENT PROVISIONS; CHANGE OF CONTROL

- (a) Adjustment of Shares. If the Committee determines that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that the Committee determines an adjustment to be appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan, then, subject to Participants' rights under subsection (c), the Committee may, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares subject to this Plan (including the number and type of Shares that may be granted as Restricted Stock or issued pursuant to incentive stock options, or that may be granted to a Participant in any fiscal year, and which may after the event be made the subject of Awards under this Plan, (ii) the number and type of Shares subject to outstanding Awards, and (iii) the grant, purchase, or exercise price with respect to any Award. In any such case, the Committee may also make provision for a cash payment in an amount determined by the Committee to the holder of an outstanding Award in exchange for the cancellation of all or a portion of the Award (without the consent of the holder of an Award) effective at such time as the Committee specifies (which may be the time such transaction or event is effective), but if such transaction or event constitutes a Change of Control, then (A) such payment shall be at least as favorable to the holder as the greatest amount the holder could have received in respect of such Award under subsection (c) and (B) from and after the Change of Control, the Committee may make such a provision only if the Committee determines that doing so is necessary to substitute, for each Share then subject to an Award, the number and kind of shares of stock, other securities, cash or other property to which holders of common stock are or will be entitled in respect of each Share pursuant to the transaction or event in accordance with the last sentence of this subsection (a). However, in each case, with respect to Awards of incentive stock options, no such adjustment may be authorized to the extent that such authority would cause this Plan to violate Code section 422(b). Further, the number of Shares subject to any Award payable or denominated in Shares must always be a whole number. Without limitation, subject to Participants' rights under subsection (c), in the event of any reorganization, merger, consolidation, combination, or other similar corporate transaction or event, whether or not constituting a Change of Control, other than any such transaction in which the Company is the continuing corporation and in which the outstanding common stock is not being converted into or exchanged for different securities, cash or other property, or any combination thereof, the Committee may substitute, on an equitable basis as the Committee determines, for each Share then subject to an

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

Award, the number and kind of shares of stock, other securities, cash or other property to which holders of common stock are or will be entitled in respect of each Share pursuant to the transaction.

- (b) Issuance or Assumption. Notwithstanding any other provision of this Plan, and without affecting the number of Shares otherwise reserved or available under this Plan, in connection with any merger, consolidation, acquisition of property or stock, or reorganization, the Committee may

D-6

authorize the issuance or assumption of awards upon such terms and conditions as it may deem appropriate.

- (c) Change of Control. Except to the extent the Committee provides a result more favorable to holders of Awards, in the event of a Change of Control:
 - (i) each holder of an Option (A) shall have the right at any time thereafter to exercise the Option in full whether or not the Option was theretofore exercisable; and (B) shall have the right, exercisable by written notice to the Company within 60 days after the Change of Control, to receive, in exchange for the surrender of the Option, an amount of cash equal to the excess of the Change of Control Price of the Shares covered by the Option that is so surrendered over the purchase or grant price of such Shares under the Award;
 - (ii) Restricted Stock that is not then vested shall vest upon the date of the Change of Control and each holder of such Restricted Stock shall have the right, exercisable by written notice to the Company within 60 days after the Change of Control, to receive, in exchange for the surrender of such Restricted Stock, an amount of cash equal to the Change of Control Price of such Restricted Stock;
 - (iii) each holder of a Performance Share for which the performance period has not expired shall have the right, exercisable by written notice to the Company within 60 days after the Change of Control, to receive, in exchange for the surrender of the Performance Share, an amount of cash equal to the product of the value of the Performance Share and a fraction the numerator of which is the number of whole months which have elapsed from the beginning of the performance period to the date of the Change of Control and the denominator of which is the number of whole months in the performance period;
 - (iv) each holder of a Performance Share that has been earned but not yet paid shall receive an amount of cash equal to the value of the Performance Share.

For purposes of this Section 12, the "value" of a Performance Share shall be based on the Change of Control Price.

13. MISCELLANEOUS

- (a) Other Terms and Conditions. The grant of any Award under this Plan may also be subject to other provisions (whether or not applicable to the Award awarded to any other Participant) as the Committee determines appropriate, including, without limitation, provisions for:

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

- (i) the payment of the purchase price of Options by delivery of cash or other Shares or other securities of the Company (including by attestation) having a then Fair Market Value equal to the purchase price of such Shares, or by delivery (including by fax) to the Company or its designated agent, of an executed irrevocable option exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the Shares and deliver the sale or margin loan proceeds directly to the Company to pay for the exercise price;
 - (ii) provisions giving the Participant the right to receive dividend payments or dividend equivalent payments with respect to the Shares subject to the Award (both before and after the Shares subject to the Award are earned, vested or acquired), which payments may be either made currently or credited to an account for the Participant, and may be settled in cash or Shares, as the Committee determines;
 - (iii) restrictions on resale or other disposition; and
 - (iv) compliance with federal or state securities laws and stock exchange requirements.
- (b) No Fractional Shares. No fractional Shares or other securities may be issued or delivered pursuant to this Plan, and the Committee may determine whether cash, other securities or other property will be paid or transferred in lieu of any fractional Shares or other securities, or whether such fractional Shares or other securities or any rights to fractional Shares or other securities will be canceled, terminated or otherwise eliminated.

D-7

- (c) Unfunded Plan. This Plan is unfunded and does not create, and should not be construed to create, a trust or separate fund with respect to this Plan's benefits. This Plan does not establish any fiduciary relationship between the Company and any Participant. To the extent any person holds any rights by virtue of an Award granted under this Plan, such rights are no greater than the rights of the Company's general unsecured creditors.
- (d) Requirements of Law. The granting of Awards under this Plan and the issuance of Shares in connection with an Award are subject to all applicable laws, rules, and regulations and to such approvals by any governmental agencies or national securities exchanges as may be required. Notwithstanding any other provision of this Plan or any award agreement, the Company has no liability to deliver any Shares under this Plan or make any payment unless such delivery or payment would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity.
- (e) Governing Law. This Plan, and all agreements under this Plan, should be construed in accordance with and governed by the laws of the State of Michigan, without reference to any conflict of law principles, except for corporate law matters that are governed by the laws of the State of Delaware. Any legal action or proceeding with respect to this Plan, any Award or any award agreement, or for recognition and enforcement of any judgment in respect of this Plan, any Award or any award agreement, may only be brought and determined in a court sitting in the County of Oakland, or the Federal District Court for the

Edgar Filing: TECHTEAM GLOBAL INC - Form PRE 14A

Eastern District of Michigan in the State of Michigan.

- (f) Construction. Whenever any words are used herein in the masculine, they shall be construed as though they were used in the feminine in all cases where they would so apply; and wherever any words are used in the singular or plural, they shall be construed as though they were used in the plural or singular, as the case may be, in all cases where they would so apply. Titles of sections are for general information only, and the Plan is not to be construed with reference to such titles.
- (g) Severability. If any provision of this Plan or any award agreement or any Award (i) is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any person or Award, or (ii) would disqualify this Plan, any award agreement or any Award under any law the Committee deems applicable, then such provision should be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of this Plan, award agreement or Award, then such provision should be stricken as to such jurisdiction, person, or Award, and the remainder of this Plan, such award agreement and such Award will remain in full force and effect.
