The Board of Directors

NewVectors LLC (Formerly Known as Enterprise

Solutions Division of Altarum Institute)

We have audited the accompanying balance sheets of NewVectors LLC (Formerly Known as Enterprise Solutions Division of Altarum Institute) as of September 30, 2006 and 2005, and the related statements of income, changes in equity, and cash flows for each of the three years in the period ended September 30, 2006. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NewVectors LLC (Formerly Known as Enterprise Solutions Division of Altarum Institute) at September 30, 2006 and 2005, and the results of its operations and its cash flows for each of the three years in the period ended September 30, 2006, in conformity with accounting principles generally accepted in the United States.

**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED SEPTEMBER 30, 2006, 2005 AND 2004**

**Note 1 Description of Business**

NewVectors LLC (formerly known as the Enterprise Solutions Division of Altarum Institute) (the Company) is a for-profit limited liability company (LLC), initially owned by its parent company, NewVectors Holding, which in turn is owned by Altarum Supporting Organization, Inc. (ASO) and Altarum Institute (Altarum). The Company was formed on April 1, 2006, as a spin-off from Altarum. Prior to its formation, the Company's employees comprised the former Enterprise Solutions Division of Altarum. With the transaction from a not-for-profit division of Altarum to a for-profit limited liability company, \$10,540,985 of net assets were transferred over as paid-in capital. The Company continues to serve as a long standing provider of independent research, analysis, and consulting services in the government marketplace.

In forming the Company, NewVectors Key Employee Equity LLC (KEE) was also formed. KEE does not have an equity interest in the Company, but does have an income interest. Eight key employees of the Company, Altarum, and ASO share in the income of the Company (the members).

On April 11, 2007, a letter of intent was entered into with TechTeam Government Solutions, Inc. for the sale of NewVectors LLC, which was completed on May 31, 2007.

**Note 2 Significant Accounting Policies**

***Basis of Presentation***

The financial statements have been prepared on the accrual basis of accounting.

***Revenue Recognition***

Contract revenue under fixed-fee and cost-plus-fixed-cost contracts is recognized using the percentage-of-completion method of accounting based on cost incurred to determine percentage of completion. Costs not recoverable under contracts are recognized in the period in which they become evident. Contract revenue under time-and-materials contracts is recognized as the services are performed.

Contract revenue and costs on government contracts are subject to audit by a designated agency of the United States government. Management anticipates no material adjustments for fiscal 2006, 2005, and 2004 for receivables, unbilled costs, and fees recorded.

***Contract Costs***

Contract costs include all direct expenses incurred in performing work under contracts and an allocation of direct fringe expenses.

***Allocation of Expenses***

Prior to April 1, 2006, the majority of general administrative and indirect costs were allocated to the Enterprise Solutions Division based on the percentage of total labor costs. The remaining costs included were direct costs associated to the Enterprise Solutions Division.

**YEARS ENDED SEPTEMBER 30, 2006, 2005 AND 2004**

**Note 2 Significant Accounting Policies (continued)**

***Taxes***

The Company is a single-member LLC formed under Michigan law and is taxed as a division of its parent, NewVectors Holding, LLC for federal and state income tax purposes. NewVectors Holding, LLC is recognized as a partnership for federal income tax purposes and, as such, income is generally recognized by the partners of the parent, income and taxes are paid by the partners and not by the Company. If the Company operated in any state which did not recognize the flow-through nature of federal partnership taxation, income taxes would be recorded. All states in which the Company currently operates require no company-level assessment of taxes against net income; therefore, no such provision has been made within the accompanying financial statements. The Company is subject to Michigan Single Business Taxes and other franchise taxes in certain states in which the Company operates, and provisions for those taxes have been made against the Company's operating income.

Prior to the formation of NewVectors LLC, the Enterprise Solutions Division, as part of Altarum, was recognized by the Internal Revenue Service as exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

***Due To and From Altarum***

At September 30, 2006, Altarum owes the Company \$5,221,723 for receivables billed to the government on the Company's behalf. The Company in turn owes Altarum for accounts payable payments made on its behalf of \$436,692 at September 30, 2006. In 2005, there were no intercompany receivables or payables as the Enterprise Solutions Division was part of Altarum.

***Costs and Fees Not Yet Billed***

Costs and fees not yet billed represent recoverable costs and include allocable indirect expenses to the extent that such costs will be reimbursed, together with fees earned thereon.

***Equipment***

Equipment is stated at cost, if purchased or at the estimated fair market value at date of acquisition, if donated. These assets are depreciated using the straight-line method over estimated useful lives generally ranging from three to seven years for equipment and computers. Capital lease amortization is included in depreciation expense.

Additions to equipment together with major renewals or betterments are capitalized. Maintenance, repairs and minor renewals and betterments are expensed as incurred. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation is removed and any resulting gain or loss is recognized.

Actual results could differ from those estimates.

**NOTES TO PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION**

**Note 1 Pro Forma Adjustments**

Pro forma adjustments for the unaudited pro forma condensed combined statement of financial position as of March 31, 2007, and the condensed combined statements of operations for the year ended December 31, 2006 and three months ended March 31, 2007, are as follows:

- (A) To reflect (i) the payment of the initial purchase price of \$40,161,000, including acquisition costs of \$279,000, for the acquisition of all of the outstanding membership interest in NewVectors LLC with \$5,161,000 in cash and \$35,000,000 in long-term debt borrowings, (ii) the fair value of identifiable intangible assets acquired less cash retained by NewVectors, and (iii) goodwill as the excess of the purchase price paid over the estimated fair value of the identified net assets acquired.
- (B) To reflect the estimated amortization of identifiable intangible assets resulting from the acquisition, which are amortized on a straight-line basis over periods ranging from four to seven years. As discussed in Note 2 below, the allocation of the purchase price among the identifiable intangible assets and resulting amortization expense is based on preliminary estimates of the fair market value and estimated useful lives of those assets.
- (C) To reduce interest income for the cash used in the acquisition of NewVectors and increased interest expense for the long-term debt issued in the transaction.
- (D) To record the related tax effects of the pro forma adjustments to the condensed combined statements of operations at the estimated effective tax rate of 39%.

**Note 2 Basis of Presentation**

The total estimated purchase price for the acquisition has been allocated on a preliminary basis to assets and liabilities based on management's best estimates of their fair values with the excess purchase price over the net assets acquired allocated to goodwill. The allocation of the purchase price among the identifiable intangible assets is based on preliminary estimates of the fair market value of those assets. Final determination of the allocation of the purchase price will be based on independent appraisals that are expected to be completed during TechTeam's third quarter of 2007.
