The terms "Universal," "our company," "we," "us" and "our," when used in this supplement, refer to Universal Compression Holdings, Inc. and its subsidiaries, including Universal Compression, Inc., as a combined entity, except where it is made clear that the term means only the parent company, UCH.

ADJOURNMENT AND RECONVENING OF THE SPECIAL MEETING

The special meeting will be convened on the date and time, and at the location, specified under "General Information" above. However, in light of the updated financing transactions and pro forma financial information described under "Recent Developments" below, we will not submit the issuance of 13,750,000 shares of our common stock and the amendment of our Incentive Stock Option Plan to a vote when the special meeting is convened on February 6, 2001. Instead, the only action that will be taken at such meeting will be to adjourn the meeting until February 9, 2001, on which date the special meeting will reconvene at the Drury Inn, 100 Highway 6, Houston, Texas 77079, at 9:00 a.m., local time. The record date for the special meeting, the reconvened special meeting on February 9, 2001 and any further adjournments or postponements remains the close of business on December 8, 2000.

Shareholders who are entitled to vote at the special meeting, and who have not already voted or who wish to change their vote, can use the enclosed proxy card. Shareholders who have already voted using the proxy card sent to them with the proxy statement need not vote again unless they wish to change their vote.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSED ISSUANCE OF 13,750,000 SHARES OF OUR COMMON STOCK IN CONNECTION WITH THE WGC ACQUISITION AND FOR THE PROPOSED AMENDMENT TO OUR INCENTIVE STOCK OPTION PLAN.

You can vote by proxy or in person at the reconvened special meeting on February 9, 2001. If you return your signed proxy card before the reconvened special meeting, the proxy holders will vote your shares as you direct. Your

directions your broker provides. If you do not provide instructions to your broker, your shares will not be voted on the proposals and will have no effect on the result of the vote, provided that holders of at least a majority of the shares entitled to vote at the special meeting cast votes.

Our Board of Directors does not presently intend to bring any business before the special meeting other than that referred to in the proxy statement, as modified by this supplement.

RECENT DEVELOPMENTS

We have been negotiating the financing transactions that are necessary to consummate our acquisition of Weatherford Global Compression Services, L.P. and certain related entities ("WGC"). We intend to raise at least \$427 million under a new operating lease facility to be funded primarily through an offering of approximately \$350 million in senior secured notes by an unaffiliated entity. We also intend to enter into a new secured revolving credit facility of up to \$125 million and a new asset-backed securitization operating lease facility of up to \$200 million (the "ABS Operating Lease Facility"). We initially expect to fund approximately \$75 million under the ABS Operating Lease Facility and expect to have no amounts initially outstanding under the new revolving credit facility. The proceeds from the two new operating lease facilities will be used to refinance certain existing indebtedness and restructure existing operating lease obligations of Universal and WGC.

On January 2, 2001, Universal Compression, Inc., a Texas corporation and wholly owned subsidiary of Universal Compression Holdings, Inc. ("UCI"), commenced an offer to purchase all of its existing 9 7/8% Senior Discount Notes due 2008. UCI also solicited the consent of the holders of the 9 7/8% Senior Discount Notes to amend the indenture governing the notes to eliminate substantially all the restrictive covenants.

On January 26, 2001, UCI announced that it had terminated its offer to purchase its 9 7/8% Senior Discount Notes. The related consent solicitation expired at 5:00 p.m., New York City time, on January 24, 2001. Our pending acquisition of WGC and related financing transactions are not conditioned upon the completion of the tender offer and consent solicitation. The requisite consents from the holders of the 9 7/8% notes for the proposed amendment to the indenture governing the notes were not received prior to the extended deadline.

The existing 9 7/8% notes will remain outstanding and, upon consummation of the pending WGC acquisition, will be subject to the right of the holders to require Universal to repurchase the notes at 101% of the accreted value, plus accrued and unpaid interest, if any, pursuant to the terms of the indenture. To the extent holders exercise such right, we intend to fund such repurchase of the 9 7/8% notes under our new revolving credit facility or the ABS Operating Lease Facility. As a result of the termination of the tender offer and expiration of the consent solicitation, we adjusted the amount we initially expected to fund under the ABS Operating Lease Facility.

In connection with the proposed financing transactions, we have updated our unaudited pro forma financial information contained in the proxy statement. The section entitled "Selected Unaudited Pro Forma Combined Condensed Financial Information of Universal Compression Holdings, Inc." on page 17 of the proxy statement is revised to give effect to the events recited above under "Recent

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEFA14A

Developments" by replacing in its entirety the table set forth on page 17 of the proxy statement with the following:

SELECTED UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL INFORMATION OF UNIVERSAL COMPRESSION HOLDINGS, INC.

The pro forma financial data set forth in the table below has been derived from the Unaudited Pro Forma Combined Condensed Financial Statements and the notes thereto which are included in this proxy statement, as modified by this supplement. You should read those statements for a further description of the financial data summarized here. The selected unaudited pro forma statements of operations data for the six months ended September 30, 2000 and the year ended March 31, 2000 give effect to UCH's initial public offering, the WGC acquisition and related financing transactions as if the transactions had occurred on April 1, 2000 for purposes of the six months ended September 30, 2000 and on April 1, 1999 for the year ended March 31, 2000. The unaudited pro forma balance sheet as of September 30, 2000 gives effect to UCH's initial public offering, the WGC acquisition and the related financing transactions as if the transactions had occurred on September 30, 2000. Because the fiscal years of Universal and WGC differ, WGC's historical operating results for the year ended March 31, 2000 include its first quarter results of 2000, combined with its results for the nine months ended December 31, 1999. The pro forma financial data shown in the table below are not necessarily indicative of what our results of operations or financial position would have been had the WGC acquisition been completed as of the date reflected or that may be achieved in the future. Please see "Unaudited Pro Forma Combined Condensed Financial Information" in this supplement for a description of the pro forma adjustments to the historical financial statements of Universal and WGC showing the effect of the WGC acquisition and the related financing transactions. You should also read the historical financial statements and accompanying disclosures contained in the proxy statement. You should also read Universal's Annual Report on Form 10-K for the fiscal year ended March 31, 2000, as amended, Universal's Quarterly Report on Form 10-Q for the quarter ended September 30, 2000 and Universal's Current Reports on Form 8-K filed since such date.

The section entitled "Risk Factors" commencing on page 18 of the proxy statement is amended to give effect to the events recited above under "Recent Developments" in this supplement by adding the following risk factor:

TO THE EXTENT THAT HOLDERS OF UCI'S 9 7/8% SENIOR DISCOUNT NOTES REQUIRE UCI TO REPURCHASE THE NOTES FOLLOWING THE ACQUISITION OF WGC, WE MUST FINANCE SUCH REPURCHASE.

The completion of the WGC acquisition will result in a change of control of UCI under the indenture for the 9 7/8% Senior Discount Notes. As such, each holder of the 9 7/8% Senior Discount Notes will have the right to require UCI to repurchase such holder's 9 7/8% Senior Discount Notes at a price equal to 101% of their accreted value, plus accrued and unpaid interest, if any, to the date of repurchase. To the extent that holders of UCI's 9 7/8% Senior Discount Notes require UCI to repurchase the notes, we currently intend to finance any such repurchase through the use of commitments under our proposed new revolving credit facility or our proposed ABS Operating Lease Facility. There can, however, be no assurance as to the terms and conditions that will be available to us for any such financing.

The section entitled "Unaudited Pro Forma Combined Condensed Financial Information" commencing on page 43 is revised to give effect to the events recited above under "Recent Developments" in this supplement by replacing in their entirety the data and tables beginning on page 43 and ending on page 50 of the proxy statement with the following:

UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL INFORMATION

The following unaudited pro forma combined condensed financial statements are based on the historical consolidated financial statements and the notes thereto of Universal and WGC (or "Enterra" in reference to the parent company of WGC) and have been prepared to illustrate the effect of the WGC acquisition and the related financing transactions. The unaudited pro forma combined condensed financial statements should be read in conjunction with the historical financial statements and accompanying disclosures contained in the proxy statement. You should also read Universal's Annual Report on Form 10-K for the fiscal year ended March 31, 2000, as amended, its Quarterly Report on Form 10-Q for the quarter ended September 30, 2000 and its Current Reports on Form 8-K filed since such date.

The unaudited pro forma combined condensed balance sheet as of September 30, 2000 and the unaudited pro forma combined condensed statements of operations for the six months ended September 30, 2000 and the fiscal year ended March 31, 2000 have been prepared to give effect to the transactions set forth below as if those transactions had occurred at the balance sheet date and at the beginning

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEFA14A

of the income statement periods. Because the fiscal years of Universal and WGC differ, WGC's historical operating results for the fiscal year ended March 31, 2000 include its first quarter results of 2000, combined with its results for the nine months ended December 31, 1999.

The unaudited pro forma combined condensed financial statements presented herewith give effect to:

- the initial public offering of UCH's common stock and concurrent debt restructuring and operating lease facility, which occurred in May 2000, as well as UCH's common stock split and conversion of UCH's preferred stock and non-voting common stock that occurred concurrently with our initial public offering;
- the transfer of GSI and related assets to Weatherford entities other than Enterra and its subsidiaries prior to the WGC acquisition as described more fully in "The Merger Agreement -- Certain Pre-Closing Transfers" (page 65 of the proxy statement); and
- completion of the WGC acquisition and the related financing transactions.

We have not included in the unaudited pro forma combined condensed financial statements the annual cost savings and other synergies of an estimated \$20 million that Universal's management expects to realize by the end of fiscal 2002 as a result of the WGC acquisition. While Universal believes these savings and synergies will occur, we cannot assure you they will be realized either as quickly or as fully expected, if at all. The unaudited pro forma combined condensed financial statements also do not give effect to our acquisition of Gas Compression Services, Inc. ("GCSI") on September 15, 2000. The unaudited pro forma condensed combined financial statements presented below do not reflect future events that may occur after the WGC acquisition.

At this time, Universal's management is finalizing negotiations with several financial institutions to determine the appropriate debt structure of the combined company. For purposes of the accompanying unaudited pro forma combined condensed financial information the assumptions are (a) a new \$427 million operating lease facility with an unaffiliated entity primarily funded through an offering of approximately \$350 million of senior secured notes by such entity, (b) a new \$125 million secured revolving credit facility and (c) a new \$200 million asset-backed securitization operating lease facility. We have assumed that none of the current holders of our 9 7/8% Senior Discount Notes will exercise their right to require Universal to repurchase the outstanding bonds at 101% of the accreted value, plus accrued and unpaid interest, if any, pursuant to the terms of the indenture following consummation of the WGC acquisition. At this time, we cannot determine the final terms of the new indebtedness and operating lease

5

8

arrangements, or the final amount of our existing senior notes, if any, that the holders of such notes may require us to repurchase, which amount could vary significantly.

We have accounted for the WGC acquisition using the purchase method of accounting. WGC's property, plant and equipment balances have been adjusted to their estimated fair values. In addition, WGC's reported current assets and current liabilities are assumed to be their estimated fair values included in the unaudited pro forma combined condensed financial statements. The final allocation of the purchase price of the merger will differ from the amounts represented in the unaudited pro forma combined condensed financial statements.

The accompanying unaudited pro forma combined condensed financial

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEFA14A

statements should be read in conjunction with the historical consolidated financial statements of Universal and WGC and the notes thereto, which are included in the proxy statement. The unaudited pro forma combined condensed financial statements are provided for informational purposes only and do not purport to represent what our financial position or results of operations would actually have been had the WGC acquisition occurred on such dates or to project our results of operations or financial position for any future period.

References to "Enterra" in the pro forma combined condensed financial statements mean WGC as defined in the "Recent Developments" section of, and used elsewhere in, this proxy statement, as modified by this supplement.
