In a press release issued on February 13, 2009, Nabors Industries Ltd. (the Company) announced that it expects its fourth quarter results to be \$0.80 to \$0.82 per diluted share excluding a preliminary estimate of non-cash charges totaling \$1.14. The non-cash, pre-tax charges amount to approximately \$400 million and arise from oil and gas ceiling test adjustments and goodwill impairments that will have roughly equal impacts on the quarter's EPS. The largest pre-tax impact will be reflected in the Company's Earnings from Unconsolidated Affiliates as a result of an estimated \$227 million (\$0.53 per diluted share) non-cash reserve impairment associated with its oil and gas joint ventures and a \$21 million (\$0.05 per diluted share) impairment of the reserves in its wholly owned subsidiary. Both charges will be reported in its Oil and Gas Segment. Over 90% of the impairment was related to gas properties in the U.S., with the remainder associated with joint venture holdings in Colombia. The goodwill impairment will total approximately \$157 million (\$0.56 per diluted share) solely associated with its Canadian operations. A copy of the press release is attached hereto as Exhibit 99.1, is incorporated herein by reference, and is hereby filed.
