Item 12. Results of Operations and Financial Condition

On August 10, 2004, HearUSA, Inc. (the Company) announced its financial results for the fiscal quarter ended June 26, 2004. A copy of the Company's press release is furnished with this Form 8-K as Exhibit 99.1 and incorporated by reference herein.

The attached press release contains forward-looking statements within the meaning of the Securities Litigation Reform Act of 1995, including those concerning the Company's expectation of continuing growth in revenues in the 2004 third quarter, of revenues exceeding \$18.5 million for the third quarter of 2004, that the breakeven point for the Company will be reduced to less than \$19 million, and that revenues and profitability should improve later in this fiscal year and for 2005 as a result of possible increases by healthcare providers in hearing aid benefits now under discussion. Such statements involve certain risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Potential risks and uncertainties include such factors as market demand for the Company's goods and services; changes in the pricing environment; general economic conditions in those geographic regions where the Company's centers are located; the impact of competitive products; and other risks and uncertainties described in the Company's filings with the Securities and Exchange Commission, including the Company's annual report on Form 10-K for the 2003 fiscal year.
