Report of Ernst & Young LLP, Independent Registered Public Accounting Firm

We have audited the accompanying statements of net assets available for benefits of the Expedia Retirement Savings Plan (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

**Expedia Retirement Savings Plan
Notes to Financial Statements
December 31, 2006**

1. Description of the Plan

The following description of the Expedia Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on August 9, 2005 and is a defined contribution plan covering substantially all U.S. employees of Expedia, Inc. and its participating affiliates (the Company) who have reached the age of 18 (21 prior to January 1, 2006.) The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2006, new employees are automatically enrolled in the Plan upon satisfying its eligibility requirements and are deemed to enter into a pre-tax salary reduction agreement with the Company to contribute 3% of compensation (as defined in the Plan) and to make an election to invest in a default investment fund determined by the Plan's administrative committee unless an employee affirmatively makes a separate pre-tax salary deferral election. The default investment fund is the Fidelity Freedom Fund.

Spin-Off From IAC/InterActiveCorp

On December 21, 2004, IAC/InterActiveCorp (IAC) announced its plan to separate into two independent public companies to allow each company to focus on its individual strategic objectives. We refer to this transaction as the Spin-Off. A new company, Expedia, Inc., was incorporated under Delaware law to hold substantially all of IAC's travel and travel-related businesses. On August 9, 2005, the Spin-Off was completed. On August 15, 2005, IAC transferred the net assets of the Company's participating employees from the InterActiveCorp Retirement Savings Plan (IAC Plan) to the Plan. The fair value of net assets transferred from the IAC Plan to the Plan related to these participants was \$61,164,078 in 2005, with additional transfers of \$29,640 in 2006.

Contributions

Participants can make pre-tax deferrals ranging from 1% to 16% and after-tax contributions ranging from 1% to 10% of their compensation (as defined in the Plan document) through payroll deductions. Participants can direct their contributions to any of the Plan's investment fund options and may change their investment options at any time. The Company makes matching contributions in an amount equal to 50% of the first 6% of pre-tax compensation deferred by participants in each payroll period, subject to regulatory limitations. The Company may also make discretionary contributions, which are determined by the Company's Board of Directors. During the year ended December 31, 2006 no discretionary contributions were made to the Plan. Participants can direct Company contributions to any of the Plan's investment fund options in the same manner as they direct their own contributions.

Vesting

Participant contributions are fully vested at the time of contribution. Generally, participants are 100% vested in the Company contributions in their accounts plus actual earnings thereon after two years of credited service. Certain participants have different vesting periods for the Company contributions in their accounts.

Table of Contents

**Expedia Retirement Savings Plan
Notes to Financial Statements
December 31, 2006**

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Allocations are determined in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are first made available to reinstate previously forfeited account balances of qualifying participants who have left the Company and subsequently returned. The remaining amount, if any, is used to reduce the Company's future contributions and to pay Plan expenses. Cumulative forfeited accounts were \$328,712 and \$97,708 at December 31, 2006 and 2005, respectively.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. With the exception of loans used to purchase a primary residence, which can have terms up to 15 years, loan terms are limited to a maximum of five years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with commercial prevailing rates as determined in accordance with the terms of the Plan. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any outstanding loans are due and payable within ninety days following the termination date.

Payment of Benefits

Upon participants' retirement, death, disability or termination of employment, they may elect to withdraw their entire vested account balances in the form of a lump sum payment, provided that to the extent a participant's account is invested in Expedia stock, the participant may elect to receive such portion of Expedia stock. Participants reaching the age of 59^{1/2} may elect to withdraw some or all of their vested account balances while still employed. In the event of hardship (as defined by the Plan) participants may withdraw some or all of the vested portion of their vested account balances, subject to the requirements of the Plan. Participants may withdraw some or all of their rollover or after-tax contributions at any time.

Administrative Expenses

Administrative expenses include fees to administer the Plan and the investment funds. Substantially all costs of administering the Plan, including professional and other expenses, are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of applicable law. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan or by a fund within a defined-contribution plan are required to be reported at fair value. However, contract value, which is equal to contributions plus earnings less withdrawals and expenses, is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through its participation in the Fidelity Managed Income Portfolio II (the MIP II), a common/collective trust fund. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment in the MIP II as well as the adjustment of the investment in the MIP II from fair value to contract value relating to the investment contracts held by the MIP II. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Reclassifications

As required by the FSP, certain prior year balances have been reclassified to conform to the current year presentation of certain investments at fair value and contract value in the statements of net assets available for benefits.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. The Plan's interest in the MIP II is calculated by applying the Plan's ownership percentage in the MIP II to the total fair value of the MIP II. The underlying assets owned by the MIP II consist primarily of readily marketable fixed income securities with quoted market prices. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. The participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded as of their trade-date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Table of Contents

**Expedia Retirement Savings Plan
Notes to Financial Statements
December 31, 2006**

3. Investments

The Plan's investments (including investments purchased, sold, and held during the period) appreciated in fair value as determined by quoted market prices for the year ended December 31, 2006 as follows:

	Net Realized and Unrealized Appreciation in Fair Value of Investments
Registered investment companies	\$ 5,209,333
Expedia, Inc. common stock	40,334
	\$ 5,249,667

The following investments represent 5% or more of the fair value of the Plan's net assets at December 31, 2006 and 2005:

	2006	2005
Fidelity Diversified International Fund	\$ 12,022,245	\$ 9,055,623
Fidelity Low-Priced Stock Fund	9,171,599	7,832,160
Fidelity Dividend Growth Fund	6,641,175	5,704,495
Fidelity ContraFund	8,522,087	5,609,656
Spartan U.S. Equity Index Fund	6,619,079	5,588,345
Fidelity Blue Chip Growth Fund	5,863,050	5,287,017
Fidelity Investment Grade Bond Fund	4,847,564	4,377,191
Fidelity Mid-Cap Stock Fund	5,284,041	3,489,236
Lord Abbett Mid-Cap Value Fund A	*	3,432,339

* Lord Abbett Mid-Cap Value Fund A did not represent 5% or more of the fair value of the Plan's net assets as of December 31, 2006.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Income Tax Status

Edgar Filing: Expedia, Inc. - Form 11-K

In accordance with new determination letter program procedures set forth by the Internal Revenue Service (IRS), the Plan will be able to apply for a determination letter from the IRS stating that the Plan s terms conform to the requirements of Section 401(a) of the Internal Revenue Code (the Code) in 2008. The Plan administrator believes that the Plan has been designed to comply with the requirements of Section 401(a) of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan s operations into compliance with these requirements.

6. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2006:

	2006
Net assets available for benefits per the financial statements	\$ 90,929,249
Plus: Difference between fair value and contract value of the MIP II related to its investment in fully benefit-responsive investment contracts	44,065
Net assets available for benefits, per the Form 5500	\$ 90,973,314
