We prepared this table based on information supplied to us by the selling securityholders named in the table below on or prior to November 27, 2007. Information about the selling securityholders may change over time. If required, any changed or new information given to us will be set forth in supplements to the prospectus supplement or amendments to the registration statement of which the prospectus, prospectus supplement and the supplements thereto, are a part, if and when necessary.

We have assumed for purposes of the table below that the selling securityholders will sell all of the debentures and all of the common stock issuable upon conversion of the debentures pursuant to this supplement no. 22, the prospectus supplement and the prospectus, and that any other shares of our common stock beneficially owned by the selling securityholders will continue to be beneficially owned.

(1) Information concerning other selling securityholders will be set forth in additional supplements to the prospectus supplement from time to time, if required.

(2) The sum of the listed principal amounts of notes beneficially owned by the selling securityholders named in the table combined with those previously listed in the prospectus dated March 30, 2006, including supplements thereto, exceeds \$1,600,000,000 because certain selling

securityholders may have transferred notes or otherwise reduced their position prior to selling pursuant to this prospectus, and as a result we received beneficial ownership information from additional selling securityholders.

However, the maximum principal amount of notes that may be sold under this prospectus will not exceed \$1,600,000,000.

- (3) Assumes conversion of all of the holder's debentures at a conversion rate of 31.7162 shares of common stock per \$1,000 principal amount at maturity of the debentures. This conversion rate is subject to adjustment as described under

Description of debentures Conversion rights in the prospectus supplement. As a result, the number of shares of common stock issuable upon conversion of the debentures may increase or decrease in the future. Excludes shares of common stock that may be issued by us upon the repurchase of the debentures as described under

Description of debentures Fundamental change permits holders to require us to repurchase debentures and fractional shares.

Holder will receive a cash adjustment for any fractional share amount resulting from conversion of the debentures, as described under Description of debentures Conversion rights.

(4) Calculated based on Rule 13d-3(d)(i) of the Exchange Act. The number of shares of common stock beneficially owned by each holder named above is less than 1% of our outstanding common stock calculated based on 5,883 million shares of common stock outstanding as of January 27, 2006. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder's debentures, but we did not assume conversion of any other holder's debentures.

(5) For purposes of computing the number and percentage of debentures and shares of common stock to be held by the selling securityholders after the conclusion of the offering, we have assumed for purposes of the table above that the selling securityholders named above will sell all of the debentures and

all of the common stock
