Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(a) On February 28, 2008, director Richard T. Swope submitted a letter indicating that he will not stand for re-election at the 2008 Annual Meeting of Stockholders of American Ecology Corporation (the Company). Mr. Swope's letter is attached as Exhibit 17.1 to this report. At the February 26-27, 2008 Board meeting, Mr. Swope disagreed with the Board of Director's action to combine the position of Chairman and Chief Executive Officer, and the reconstitution of the Corporate Governance Committee that was approved at the February 22, 2008 special meeting of the Board. Mr. Swope, who joined the Board in 2005, continues to serve on the Compensation Committee and Audit Committee of the Board.

In a February 29, 2008 letter to the Chairman of the Corporate Governance Committee, director Kenneth C. Leung acknowledged that he will not be standing for re-election at the Company's 2008 Annual Meeting of Stockholders. Mr. Leung's letter is attached as Exhibit 17.2 to this report. Mr. Leung has served on the Board since 2005 and was Chairman since May 2006. As a non-independent director, he serves on no committees of the Board.

The external growth opportunity referenced by Mr. Leung in his letter is under evaluation consistent with public statements by management that the Company is seeking acquisitions with a high potential to be accretive to earnings per share. As of the date of this report, no action has been taken by the Board of Directors with respect to this opportunity. The other Board actions referenced by Mr. Leung in his letter, the appointment of Stephen Romano as Chairman and the reconstitution of the Corporate Governance Committee, were approved by a majority of the Company's directors at Board meetings that were properly noticed in accordance with the Company's by-laws. The Company has provided Mr. Swope and Mr. Leung with a copy of the disclosures set forth above.
