Dear Stockholders:

You are cordially invited to attend the 2009 Annual Meeting of Stockholders of SPIRIT AEROSYSTEMS HOLDINGS, INC., which will be held on Tuesday, April 21, 2009, at the Hyatt Regency Reston, Lake Thoreau Room, located at 1800 Presidents Street, Reston, VA 20190, at 11:00 A.M. Eastern Time.

Details of the business to be conducted at the Annual Meeting are given in the attached Notice of Annual Meeting of Stockholders and Proxy Statement.

Your Board of Directors recommends a vote for the election of the nominees for directors and ratification of the selection of the Company's independent registered public accounting firm. You will have an opportunity to submit questions or comments on matters of interest to stockholders generally.

Your vote is important. Whether or not you plan to attend the Annual Meeting in person, I urge you to complete, sign and date the enclosed proxy card and return it promptly in the enclosed envelope. If you decide to attend the Annual Meeting, you will be able to vote in person, even if you have previously submitted your proxy card.

On behalf of the Board of Directors, I would like to express our appreciation for your continued interest in the affairs of the Company. I look forward to greeting as many of our stockholders as possible.

Sincerely,

Jeffrey L. Turner  
President and Chief Executive Officer

The use of cameras at the Annual Meeting is prohibited and they will not be allowed into the meeting or any other related areas, except by credentialed media. We realize that many cellular phones have built-in digital cameras, and while these phones may be brought into the venue, the camera function may not be used at any time.

**PROXY STATEMENT FOR 2009 ANNUAL MEETING OF STOCKHOLDERS**

**General Information Regarding the Annual Meeting**

This Proxy Statement, which was first mailed to stockholders on or about March 20, 2009 (the Mailing Date ), is furnished in connection with the solicitation of proxies by the Board of Directors (the Board ) of SPIRIT AEROSYSTEMS HOLDINGS, INC. (the Company ), to be voted at the Company s 2009 Annual Meeting of Stockholders, which will be held at 11:00 A.M. Eastern Time on Tuesday, April 21, 2009, at the Hyatt Regency Reston, Lake Thoreau Room, located at 1800 Presidents Street, Reston, VA 20190, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

Any stockholder signing and returning the enclosed proxy has the power to revoke it by (1) giving written notice of revocation of such proxy to the Company s Corporate Secretary at the address set forth above, (2) completing, signing and submitting a new proxy card relating to the same shares and bearing a later date, or (3) attending the Annual Meeting and voting in person, although attendance at the meeting will not, by itself, revoke a proxy. The shares represented by the enclosed proxy will be voted as specified therein if said proxy is properly signed and received by the Company prior to the time of the Annual Meeting and is not properly revoked. The expense of this proxy solicitation will be borne by the Company. The Company s principal executive offices are located at 3801 South Oliver, Wichita, KS 67210.

The Board has fixed the close of business on March 13, 2009 as the record date for determining the holders of common stock entitled to notice of and to vote at the Annual Meeting. On March 13, 2009, there were 102,899,582 shares of Class A Common stock outstanding, held of record by 149 stockholders. Each outstanding share of Class A Common stock is entitled to one vote. On March 13, 2009, there were 34,257,219 shares of Class B Common stock outstanding, held of record by 212 stockholders, excluding shares issued to certain employees and directors of the Company which are subject to certain vesting requirements, and during the pendency of such requirements, may not be voted. Each outstanding share of Class B Common stock is entitled to ten votes. Each outstanding share of Class B Common stock is convertible, at any time after vesting, at the option of the holder, into one share of Class A Common stock.

**Vote Required for Approval**

The presence, in person or by proxy, of stockholders entitled to cast a majority of the votes which all stockholders are entitled to cast at the Annual Meeting is necessary to constitute a quorum for the transaction of business. The Company will count abstentions and broker non-votes only for the purpose of determining the presence or absence of a quorum. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker does not exercise discretion to vote those shares on a particular matter. Under the rules of the New York Stock Exchange ( NYSE ), brokers may exercise discretion to vote shares as to which instructions are not given with respect to the election of directors and the ratification of the selection of our independent registered public accounting firm.

With respect to Proposal 1 the election of the ten members of the Board, a plurality of the votes cast in person or by proxy at the Annual Meeting is necessary for election of each member. Stockholders are not entitled to cumulate votes in electing directors. Any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact

on the election of the members of the Board.

Proposal 2 will be approved if stockholders entitled to cast a majority of the votes which all stockholders present, in person or by proxy, are entitled to vote on the matter, vote FOR such Proposal. Abstentions and broker non-votes will not be counted as votes FOR or AGAINST Proposal 2. However, because

## **Table of Contents**

abstentions and broker non-votes will be counted as present at the Annual Meeting, they will have the effect of votes AGAINST Proposal 2.

Votes cast by proxy or in person at the Annual Meeting will be received and tabulated by BNY Mellon Shareowner Services, the Company's transfer agent and the inspector of elections for the Annual Meeting.

## **Householding of Annual Meeting Materials**

Some brokers and other nominee record holders may be participating in the practice of householding proxy statements. This means that only one copy of the Proxy Statement may have been sent to multiple stockholders in a stockholder's household. The Company will promptly deliver a separate copy of the Proxy Statement to any stockholder who contacts the Company's Investor Relations Department by writing to Spirit AeroSystems, Investor Relations, P.O. Box 780008, Wichita, KS, 67278-0008, or by calling (316) 523-1797 or by sending an email request to investorrelations@spiritaero.com. If a stockholder is receiving multiple copies of the Proxy Statement at the stockholder's household and would like to receive a single copy of the Proxy Statement for a stockholder's household in the future, the stockholder should contact his or her broker, other nominee record holder, or the Company's Investor Relations Department to request mailing of a single copy of the Proxy Statement.

## **PROPOSAL 1: ELECTION OF DIRECTORS**

The Board currently consists of ten directors and will consist of ten directors following the Annual Meeting. The Corporate Governance and Nominating Committee has nominated each of the ten persons listed below for election as directors. If elected at the Annual Meeting, each of the ten nominees will hold office until the next Annual Meeting of Stockholders, and until their successors are elected and qualified. All of the nominees have served as directors of the Company since the last Annual Meeting of Stockholders.

Each nominee for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, it is the intention of the proxy holders to vote such proxy for such other person or persons as designated by the present Board to fill such vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the nominees named below. A director must receive a plurality of the votes of the shares entitled to vote on the election of a director and voted in favor thereof in order to be elected.

## **Recommendation of the Board of Directors**

**THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES.**

## **CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS**

### **Corporate Governance Information**

The Company's Corporate Governance Guidelines and the charters of the four standing committees of the Board describe the governance practices the Company follows. The Corporate Governance Guidelines and committee charters are intended to ensure that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations and to make decisions that are independent of the Company's management. The Corporate Governance Guidelines also are intended to align the interests of the Company's directors and management with those of the Company's stockholders. The Corporate Governance Guidelines establish the practices the Board follows with respect to the obligations of the Board and each director; Board composition and selection; Board meetings and involvement of senior management; chief executive officer performance evaluation and succession planning; Board committee composition and meetings; director compensation; director orientation and education; and director access to members of management and to independent advisors. The Board annually conducts a self-evaluation to assess compliance with the Corporate Governance Guidelines and identify opportunities to improve Board performance.

The Corporate Governance Guidelines and committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving oversight practices. The Corporate Governance Guidelines comply with corporate governance requirements contained in the listing standards of the NYSE and make enhancements to the Company's corporate governance policies. Current copies of the Company's Corporate Governance Guidelines and Code of Ethics and Business Conduct are available under the Investor Relations portion of the Company's website, [www.spiritaero.com](http://www.spiritaero.com), and are available in print free of charge to the Company's stockholders by written request to the Company at Spirit AeroSystems Holdings, Inc., 3801 South Oliver, Wichita, KS 67210, Attn: Corporate Secretary.

### **Director Independence**

The Company is deemed to be a controlled company under the rules of the NYSE because more than fifty percent of the voting power of the Company is held by Onex Corporation, Onex Partners LP, and their affiliates (collectively, Onex). See Information Regarding Beneficial Ownership of Principal Stockholders, Directors, and Management below. Therefore, the Company qualifies for the controlled company exception to the board of directors and committee composition requirements under the rules of the NYSE. Pursuant to this exception, the Company is exempt from the rules that would otherwise require that the Board be comprised of a majority of independent directors and that the Company's Compensation Committee and the Corporate Governance and Nominating Committee be comprised solely of independent directors, as defined under the rules of the NYSE. The controlled company exception does not modify the independence requirements for the Company's Audit Committee, and the Company intends to comply with the requirements of the Sarbanes-Oxley Act of 2002 and the NYSE rules, which require that the

Company's Audit Committee be comprised of independent directors exclusively.

The Board has analyzed the independence of each director and nominee and has determined that the following directors and nominees meet the standards of independence under the Company's Corporate Governance Guidelines and applicable NYSE listing standards, including that each such director or nominee is free of any

## **Table of Contents**

relationship that would interfere with his individual exercise of independent judgment: Mr. Raborn, Mr. Evans, Mr. Kadish, Mr. Johnson, Mr. Chadwell and Mr. Welch.

Although the Company is a controlled company within the meaning of NYSE rules and qualifies for an exception to certain board of directors and committee composition requirements under such rules, independent directors currently comprise a majority of the Board, and will continue to comprise a majority following the Annual Meeting if all of the nominees for directors are elected. On the other hand, the Company's Compensation Committee and Corporate Governance and Nominating Committee are not comprised solely of independent directors.

## **Nomination of Directors**

The Corporate Governance and Nominating Committee is responsible for identifying and evaluating qualified potential candidates to serve on the Board and recommending to the Board for its selection those nominees to stand for election as directors at the Company's Annual Meeting of Stockholders. While the Corporate Governance and Nominating Committee has established no minimum eligibility requirements for candidates to serve on the Board, in performing its duties, the Corporate Governance and Nominating Committee considers any criteria approved by the Board including but not limited to the candidate's judgment, skill, education, diversity, age, relationships, experience with businesses and other organizations; whether the candidate meets the independence requirements of applicable legal and listing standards; the organization, structure, size, and composition of the Board and the interplay of the candidate's experience with the experience of other Board members; the qualifications and areas of expertise needed to further enhance the deliberations of the Board; whether the candidate maintains a security clearance with the United States Department of Defense ( DoD ); the requirements of the Special Security Agreement among Onex, the Company, and the DoD (the Special Security Agreement ); and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Each potential candidate to serve on the Board must satisfy the requirements of the Company's certificate of incorporation and bylaws, conform to high standards of integrity and ethics, and have a commitment to act in the best interest of the Company and its stockholders. Furthermore, potential candidates are evaluated based on whether they, when considered with all other members of the Board, allow the Company to satisfy the requirements of the Special Security Agreement, which among other things, (i) regulates the number of directors who are representatives of Onex, the number of DoD-approved directors who previously had no relationship with the Company or any entity controlled by Onex ( Outside Directors ), and the number of directors who are cleared officers of the Company ( Officer/Directors ); (ii) requires notice to and approval of the DoD concerning the appointment and replacement of Outside Directors; and (iii) stipulates DoD personnel security clearance-eligibility requirements for Outside Directors and Officer/Directors.

The Corporate Governance and Nominating Committee will consider stockholder recommendations for candidates to the Board on the same basis that it considers all other candidates recommended to it. To recommend a director candidate to the Corporate Governance and Nominating Committee, the stockholder must provide the Company with a written notice that contains (1) the name and address of the nominating stockholder and person to be nominated; (2) the number and class of all shares of each class of common stock of the Company beneficially owned by the person to be nominated, if any; (3) a representation that the nominating stockholder is a stockholder of record of the Company's stock entitled to vote at a meeting to elect directors of the Company, a statement of the number and class of all shares of each class of common stock of the Company beneficially owned by the nominating stockholder, and an assertion that the stockholder intends to appear in person or by proxy at the meeting to nominate the person specified in the notice; (4) a description of all arrangements or understandings between the nominating stockholder, the person to be nominated, and any other person or persons (naming such person or persons) to which the nomination is to be made by the stockholder; (5) such other information regarding the person to be nominated by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee

been nominated, or was intended to be nominated, by the Board; and (6) the signed consent of the person to be nominated to serve as a director of the Company, if so elected, to be named in the Company's proxy statement (whether or not nominated), and the signed consent of the nominating stockholder to be named in

## **Table of Contents**

the Company's proxy statement (whether or not the Board chooses to nominate the recommended nominee). If a stockholder wishes to formally nominate a candidate, he or she must follow the procedures described in the Company's bylaws.

All director candidate recommendations and formal nominations for membership to the Board for the 2010 Annual Meeting of Stockholders must be sent to the Company at the address set forth below and received by the date specified for stockholder proposals. See Stockholders Proposals to Be Presented at the Next Annual Meeting below. The presiding officer of the Annual Meeting of Stockholders may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

## **Communications with the Board**

Stockholders and other interested persons may send communications to the Board, the chairman of the Board, individual members of the Board, members of any committee of the Board, or one or more non-management directors by letter addressed to Investor Relations at Spirit AeroSystems Holdings, Inc., 3801 South Oliver, Wichita, KS 67210, or by contacting Investor Relations at (316) 523-1797. These communications will be received and reviewed by the Company's Investor Relations office. The receipt of concerns about the Company's accounting, internal controls, auditing matters, or business practices will be reported to the Company's Audit Committee. The receipt of other concerns will be reported to the appropriate committee(s) of the Board. The Company's employees also can raise questions or concerns confidentially or anonymously using the Company's Ethics Hotline. The hotline provides the Company's employees, suppliers and other stakeholders with a mechanism for reporting unethical activities and/or financial irregularities to the Board anonymously. Such persons are able to file reports via a web based process or a toll free telephone number. Data reported to the hotline is reviewed quarterly with the Audit Committee and with the Company's independent registered public accounting firm to help ensure that the Company's ethics and compliance programs remain effective. The hotline is operated by a third-party service provider and is available 24 hours a day, 7 days a week and 365 days a year. Receipt of communications clearly not appropriate for consideration by members of the Board, such as unsolicited advertisements, inquiries concerning the products and services of the Company, or harassing communications, are not forwarded to members of the Board.

## **Committees of the Board**

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee and the Government Security Committee. At the April 22, 2008 Board meeting, membership of certain Board committees was adjusted by the Board. At that time Messrs. Evans and Raborn were reappointed and Messrs. Chadwell and Welch were appointed to the Audit Committee, Messrs. Fulchino and Johnson were reappointed and Mr. Wright was appointed to the Compensation Committee and Messrs. Wright, Fulchino, Gephardt and Kadish were reappointed to the Governance and Nominating Committee. Mr. Gephardt was subsequently appointed to the Compensation Committee on September 9, 2008. The Government Security Committee became a standing committee of the Company on February 5, 2008, before which it was a committee of the board of directors of Spirit AeroSystems, Inc. ( Spirit ), the Company's wholly-owned subsidiary and operating company. At the April 22, 2008 Board meeting, Messrs. Evans, Johnson, Kadish, Raborn and Turner were reappointed and Messrs. Chadwell and Welch were appointed to the Government Security Committee. Seven meetings of the Audit Committee, seven meetings of the Compensation Committee, four meetings of the Corporate Governance and Nominating Committee, and four meetings of the Government Security Committee were held in fiscal year 2008.

Below is a description of the duties and composition of each standing committee of the Board. Each committee has authority to engage legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities. Directors hold committee memberships for a term of one year.

*Audit Committee.* In accordance with the Company's Audit Committee Charter, the Audit Committee is responsible for (1) selecting the independent registered public accounting firm; (2) approving the overall scope of the audit; (3) assisting the Board in monitoring the integrity of the Company's financial statements, the

**Table of Contents**

independent registered public accounting firm's qualifications and independence, the performance of the independent registered public accounting firm, the Company's internal audit function, and the Company's compliance with legal and regulatory requirements; (4) annually reviewing the independent registered public accounting firm's report describing the auditing firm's internal quality-control procedures and any material issues raised by the most recent internal quality-control review or peer review of the auditing firm; (5) reviewing and discussing with management and the independent registered public accounting firm the adequacy of the Company's internal controls over financial reporting and disclosure controls and procedures; (6) overseeing the Company's internal audit function; (7) discussing the annual audited financial and quarterly statements with management and the independent registered public accounting firm; (8) discussing earnings press releases, as well as financial information and earnings guidance provided to analysts; (9) discussing policies with respect to risk assessment and risk management; (10) meeting periodically and separately with management, internal auditors, and the independent registered public accounting firm; (11) reviewing with the independent registered public accounting firm any audit problems or difficulties and management's response thereto; (12) setting clear hiring policies for employees or former employees of the independent registered public accounting firm; (13) reviewing procedures for the receipt, retention, and treatment of complaints, including anonymous complaints from employees, concerning accounting, accounting controls, and audit matters; (14) reviewing, with the Company's counsel and management, management's assessment of compliance with laws, regulations and the Company's policies relative to payments to foreign consultants; (15) handling such other matters that are specifically delegated to the Audit Committee by the Board from time to time; and (16) reporting regularly to the full Board.

As required by the Company's Audit Committee Charter, in 2008 the Audit Committee conducted an annual self-evaluation of the performance of the Audit Committee, including its effectiveness and compliance with the Audit Committee Charter, and reviewed and reassessed the adequacy of the Audit Committee Charter. As a result, the Audit Committee recommended to the Board certain improvements to the committee's charter and the Board amended the Audit Committee Charter on April 21, 2008.

The Company's Audit Committee consists of Messrs. Chadwell, Evans, Raborn and Welch, with Mr. Raborn serving as chairman. All of the committee members have been determined to be independent within the meaning of the NYSE listing standards, and Mr. Raborn has been determined to be an audit committee financial expert, as such term is defined in Item 407(d)(5) of SEC Regulation S-K. The Audit Committee has a written Audit Committee Charter, the current copy of which can be found under the Investor Relations portion of the Company's website, [www.spiritaero.com](http://www.spiritaero.com), and is available in print, without charge, to any stockholder who requests it, upon receipt of a phone call or written request from such person. Such request may be made to the Company's Investor Relations Department by writing to Spirit AeroSystems, Investor Relations, P.O. Box 780008, Wichita, KS, 67278-0008, or by calling (316) 523-1797 or by sending an email request to [investorrelations@spiritaero.com](mailto:investorrelations@spiritaero.com).

*Compensation Committee.* In accordance with the Company's Compensation Committee Charter, the Compensation Committee is responsible for (1) developing and modifying, as appropriate, a competitive compensation philosophy and strategy for the Company's executive officers; (2) reviewing and approving goals and objectives with respect to compensation for the Company's chief executive officer; (3) reviewing and approving the evaluation process and compensation structure for the Company's officers; (4) reviewing and approving employment contracts and other similar arrangements between the Company and its executive officers; (5) recommending to the Board any incentive plan, including equity-based plans, and amendments to such plans; (6) administration of incentive compensation plans, including the granting of awards under equity-based plans; (7) reviewing and approving any benefit plans or perquisites offered to the Company's executive officers; (8) reviewing and recommending to the Board compensation paid to non-employee Directors; (9) preparing the Compensation Committee's report for inclusion in the Company's proxy statement; (10) such other matters that are specifically delegated to the Compensation Committee by the Board; and (11) reporting regularly to the full Board.

*Corporate Governance and Nominating Committee.* In accordance with the Company's Corporate Governance and Nominating Committee Charter, the Company's Corporate Governance and Nominating Committee's purpose is to assist the Board by identifying individuals qualified to become members of the Board consistent with the criteria established by the Board and to develop the Company's corporate governance principles. The Corporate Governance and Nominating Committee is responsible for (1) evaluating the composition, size, and governance of the Board and its committees; (2) identifying, evaluating, and recommending candidates for election to the Board; (3) making recommendations regarding future planning and the appointment of Directors to the Board's committees; (4) establishing a policy for considering stockholder recommendations for nominees for election to the Board; (5) recommending ways to enhance communications and relations with the Company's stockholders; (6) overseeing the Board performance and self-evaluation process and developing orientation and continuing education programs for Directors; (7) reviewing the Company's Corporate Governance Guidelines and providing recommendations to the Board regarding possible changes; (8) reviewing and monitoring compliance with the Company's Code of Ethics and Business Conduct and Insider Trading Policy; and (9) reporting regularly to the full Board.

As required by the Corporate Governance and Nominating Committee Charter, in 2008 the Corporate Governance and Nominating Committee prepared and reviewed with the Board an annual performance evaluation of the committee, which compared the performance of the committee with the requirements of the Corporate Governance and Nominating Committee Charter. As a result, the Corporate Governance and Nominating Committee recommended to the Board certain improvements to the committee's charter and the Board amended the Company's Corporate Governance and Nominating Committee Charter on October 20, 2008.

The Company's Corporate Governance and Nominating Committee consists of Messrs. Fulchino, Gephardt, Kadish and Wright, with Mr. Wright serving as chairman. One of the members of the Corporate Governance and Nominating Committee, Mr. Kadish, is independent within the meaning of NYSE listing standards. Messrs. *Other Committees.* The Board may establish other committees as it deems necessary or appropriate from time to time.

## **Board Meetings and Attendance; Annual Meeting Attendance**

During the fiscal year 2008, there were five formal meetings of the Board and several actions by unanimous written consent. None of the incumbent directors attended fewer than 75 percent of the aggregate of (i) the total number of meetings (whether regular or special meetings) of the Board (held during the period for which such person was a director), and (ii) the total number of meetings held by all committees of the Board on which the director served (during the period that such director served). The Company held its Annual Meeting of Stockholders for the fiscal year 2007 on April 22, 2008, and with the exception of Cornelius (Connie Mack) McGillicuddy, III, a director who did not stand for re-election at the Company's 2008 Annual Meeting, it was attended by all of the then members of the Board and the two new nominees for election as directors of the Company. The Company encourages the members of the Board to attend its annual meetings of the stockholders.

## **Executive Sessions of Non-Management Directors**

The non-management directors meet in executive session at least four times a year and generally at the end of every Board meeting, to consider such matters as they deem appropriate, without the Company's chief executive officer or other management present. In accordance with NYSE listed company rules, non-management directors are all those who are not executive officers of the Company. Among the items that the non-management directors meet privately in executive sessions to review is the performance of the Company's chief executive officer and recommendations of the Compensation Committee concerning compensation for employee directors and other elected officers. Robert Johnson, who serves as the chairman of the Board, acts as the chair of the executive sessions of the non-management directors.

## **Arrangements and Understandings**

Pursuant to an understanding between Onex, the controlling stockholder of the Company, and the Company, Mr. Wright was appointed to the Board, will continue to serve as a member of the Board until each subsequent Annual Meeting of Stockholders of the Company and until his successor is elected and qualified, and will be nominated to stand for re-election as a director of the Company at each such Annual Meeting, unless Mr. Wright resigns prior thereto or an alternative nomination is made by Onex.

## **COMPENSATION OF NON-MANAGEMENT DIRECTORS**

Non-management directors' compensation is set by the Board at the recommendation of the Compensation Committee. In developing its recommendations, the Compensation Committee is guided by the following goals: compensation should fairly pay directors for work required in companies similar in size and scope to the Company; compensation should align directors' interests with the long-term interest of stockholders; and the structure of the compensation should be simple, transparent, and easy for stockholders to understand.

The Compensation Committee reviews and recommends to the Board for its approval all compensation of the Company's non-employee directors, but no member of the Compensation Committee may act to fix his or her own compensation except as uniformly applied to all of the Company's non-employee directors.

In 2005, the Board adopted a Director Stock Plan to provide certain non-employee directors of Spirit with the opportunity to acquire equity in the Company through grants of restricted shares of the Company's Class B Common stock. Similar to the Company's Executive Incentive Plan for executive officers, unless otherwise provided in the agreement covering the grant of shares under the Director Stock Plan, director recipients of restricted stock grants under the plan, as originally adopted, generally acquired an interest in these shares only upon certain liquidity events specified under the plan in which Onex liquidates a portion of their investment in the Company. If, upon such a liquidity event, the Onex entities have received a positive return on the portion

**Table of Contents**

of their investment in the Company that they have liquidated, recipients will receive an interest in a portion of restricted stock granted to them equal to the portion of Onex's investment liquidated in the liquidity event. In addition, the remainder of the non-vested stock vests on the first date on which (1) the directors are no longer subject to restrictions on transfer pursuant to a written agreement with the Company or the underwriter(s) of a public offering and (2) Onex has received a positive return on its investment, taking into account both amounts received by Onex on account of shares and the value of shares which Onex continues to hold. As a result of the Company's initial public offering, the directors acquired an interest in 100% of the Class B restricted shares granted to them under the Director Stock Plan, as originally adopted. On April 21, 2008, the Board amended the Director Stock Plan to allow for grants of restricted stock units, provide for the grants of restricted shares of the Company's Class A Common stock or restricted stock units to comprise one-half of each non-employee director's annual director fee and eliminate performance conditions in favor of a one-year service condition. Upon ceasing to serve as a director, a recipient will forfeit any restricted stock which was granted to him within the one year period prior to his ceasing to serve as a director and in which he has not before then acquired an interest. Former directors will also forfeit any restricted stock granted prior to the April 2008 amendment to the Director Stock Plan in which they have not acquired an interest within five years of ceasing to serve as a director. Under the plan since inception, the Company's and Spirit's non-employee directors have received grants of an aggregate of 390,000 shares of Class B restricted Common stock, 2,602 restricted stock units and 18,214 shares of Class A restricted Common stock. Because of his affiliation with Onex and the Company's management arrangements with Onex (see Certain Relationships and Related Transactions below), Mr. Wright received no restricted stock grants from the Company.

Following a 2007 compensation review of non-management directors, the Compensation Committee determined that for 2008 and beyond, the Company should replace the initial private equity compensation arrangement and meeting attendance fees with arrangements appropriate for recruiting and retaining public company directors. The Compensation Committee reviewed benchmark Board compensation data from Towers Perrin (using a peer group established by revenue level), Heidrick & Struggles (S&P500), and Spirit's peer group of listed aerospace & defense companies at the 75th percentile level to account for growth projections, the international nature of Spirit's business, and the desire to maintain the high quality of board appointments.

Commencing with the election of directors on April 22, 2008, non-management directors receive an annual board retainer fee of \$150,000 for their service as members, with the exception of Mr. Wright, in respect of whom the annual board retainer fee is paid in cash to Onex Partners Advisor LP. Other than with respect to Mr. Wright, annual board retainer fees are paid 50% in cash and 50% in shares of restricted common stock or restricted stock units, which are subject to time-vesting requirements. Directors also have the option to receive all of their compensation in the form of restricted stock or restricted stock units. Non-management directors who serve on the committees of the Board or as chairs of one of its committees receive additional individual retainer fees. Commencing with the election of directors on April 22, 2008, the chairman of the Board receives an additional annual retainer fee of \$30,000, the chairman of the Audit Committee receives an additional annual retainer fee of \$15,000, the chairman of each of the Board's other committees receives an additional annual retainer fee of \$7,500 and non-management directors who serve on the Audit Committee receive an additional annual retainer fee of \$10,000. Mr. Wright's fee for serving as the chairman of the Corporate Governance and Nominating Committee is paid to Onex Partners Advisor LP. In 2008, the Company eliminated additional fees for attending Board or committee meetings. The annual board retainer fees and additional individual retainer fees are payable quarterly, beginning with the first quarter that commences after the election of directors. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their director services. Occasionally, certain perquisites or personal benefits are provided to non-management directors under the same general standards as perquisites or personal benefits are provided to the Company's executive officers.

No additional or other compensation is paid to the Company's management who are also members of the Board. All compensation paid to management directors is described in the executive compensation tables and narrative below. Fees earned or paid to non-management directors in 2008 are listed in the Director Compensation for Fiscal Year

2008 table below.

**Table of Contents****Director Compensation for Fiscal Year 2008**

The following table presents information concerning compensation attributable to the Company's non-management directors for the fiscal year ended December 31, 2008.

- (6) The amount of perquisites and other personal benefits has been excluded for each director for whom the total value of all perquisites and other personal benefits was less than \$10,000.
- (7) Represents Company payment in 2008 of Mr. Gephardt's tax penalties and interest incurred as a result of the Company's erroneous issuance to Mr. Gephardt of an Internal Revenue Service Form 1099 in connection with the vesting of Mr. Gephardt's shares of the Company's Common stock received in 2006.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Related-party transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors and executive officers or their immediate family members. The Board reviews such matters as they pertain to related-party transactions as defined by Item 404(b) of the SEC's Regulation S-K. Certain of the related-party transactions disclosed in this Proxy Statement were in existence either prior to the acquisition of the assets of Spirit from Boeing (the Boeing Acquisition) in June 2005 or the initial public offering of the Company's Class A Common stock in November 2006. In deciding whether to continue to allow these related-party transactions involving a director, executive officer, or their immediate family members, the Board considered, among other factors:

information about the goods or services proposed to be or being provided by or to the related party or the nature of the transactions;

the nature of the transactions and the costs to be incurred by the Company or payments to the Company;

an analysis of the costs and benefits associated with the transaction and a comparison of comparable or alternative goods or services that are available to the Company from unrelated parties;

the business advantage the Company would gain by engaging in the transaction; and

**Table of Contents**

an analysis of the significance of the transaction to the Company and to the related party.

The Board determined that the related party transactions disclosed herein are on terms that are fair and reasonable to the Company, and which are as favorable to the Company as would be available from non-related entities in comparable transactions. The Board believes that there is a Company business interest supporting the transactions and the transactions meet the same Company standards that apply to comparable transactions with unaffiliated entities. Although the aforementioned controls are not written, each determination was made by the Board and reflected in its minutes. The Board is in the process of preparing a written related party transaction policy that will be communicated to the appropriate level of management and will be posted on the Company's internal policy website.

Below are the transactions that occurred since the beginning of the fiscal year 2008, or any currently proposed transactions, in which, to the Company's knowledge, the Company was or is a party and the amount involved exceeded \$120,000, and in which any director, director nominee, executive officer, holder of more than 5% of any class of the Company's Common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

On September 18, 2006, Spirit entered into a distribution agreement with Aviall Services, Inc., a wholly-owned subsidiary of Aviall, Inc. ( Aviall ). Aviall is a provider of global parts distribution and supply chain services for the aerospace industry. Spirit appointed Aviall as its exclusive distributor to sell, market, and otherwise distribute certain aftermarket products worldwide, excluding the United States and Canada. The contract extends until September 18, 2011 and automatically renews on an annual basis thereafter unless terminated by either party. Mr. Fulchino, the president and chief executive officer of Aviall, is a member of the Board. In 2008, the revenues to the Company under the agreement were approximately \$5.6 million.

Onex Partners II LP (an affiliate of Onex) owns approximately a 49% interest in Hawker Beechcraft, Inc. ( Hawker ). Spirit's Prestwick facility provides wing components for the Hawker 800 Series manufactured by Hawker. For the twelve months ended December 31, 2008, sales to Hawker were \$27.7 million. In addition, Mr. Wright who is a member of the Company's Board is also a member of the board of directors of Hawker.

Since February 2007, Mr. Schmidt, the Company's executive vice president and chief financial officer, has been a member of the board of directors of one of the Company's suppliers, Precision Cast Parts Corp., a manufacturer of complex metal components and products. For the twelve months ended December 31, 2008, the Company purchased \$58 million of products from this supplier.

Mr. Turner, the Company's president and chief executive officer, is a member of the Board of Directors of INTRUST Bank, a Wichita, Kansas bank that provides banking services to Spirit. In connection with the banking services provided to Spirit, the Company pays fees consistent with commercial terms that would be available to unrelated third parties.

Boeing owns and operates significant information technology systems utilized by Spirit and, as required under the acquisition agreement for the Boeing Acquisition, is providing those systems and support services to Spirit under a certain Transition Services Agreement. A number of services covered by the Transition Services Agreement have now been established by Spirit, and Spirit is scheduled to continue to use the remaining systems and support services it has not yet established. Spirit incurred a fee of \$20.3 million for services performed for the period ended December 31, 2008.

Andrew John (Jack) Focht is the spouse of Gloria Farha Flentje, the Company's Senior Vice President - Corporate Administration and Human Resources. Since 1998, Mr. Focht has served as special counsel to Foulston Siefkin LLP, a

law firm utilized by the Company and at which Ms. Flentje was previously a partner. Although Mr. Focht is not a partner, has no right to participate in management, and holds no other positions in the firm, he has phantom units that entitle him to an undivided share in the net profits of the firm, including the net profits attributable to fees received from the Company. In 2008, the firm received approximately \$2.1 million in fees from the Company for legal services, and Mr. Focht's phantom unit interest in those fees was \$20,485, before taking into account firm expenses.

In addition, the Company paid approximately \$300,000, including reimbursement of expenses, to Onex during the fiscal year 2008 for various consulting services rendered by it to the Company.

**Table of Contents****STOCK OWNERSHIP****Information Regarding Beneficial Ownership of Principal Stockholders, Directors and Management**

The following table sets forth, as of March 13, 2009 (unless otherwise stated below), information regarding the beneficial ownership of the Company's Class A Common stock and Class B Common stock by all directors, the Company's chief executive officer, chief financial officer, and the three most highly compensated executive officers other than the chief executive officer and chief financial officer, who were serving as executive officers at the end of the last fiscal year (collectively, the named executive officers), and the Company's directors and all executive officers as a group. It also sets forth the ownership of any person or group who is known by the Company to be the beneficial owner of more than five percent of either class of the Company's Common stock, together with such beneficial owner's address.

relationship that qualified as a related-party transaction. See Certain Relationships and Related Transactions concerning this relationship.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act of 1934, as amended (the Exchange Act ), or Section 16(a), requires that directors, executive officers, and persons who own more than ten percent of any registered class of a company s equity securities, or reporting persons, file with the SEC initial reports of beneficial ownership and report changes in beneficial ownership of common stock and other equity securities. Such reports are filed on Form 3, Form 4 and Form 5 under the Exchange Act, as appropriate. Reporting persons holding the Company s stock are required by the Exchange Act to furnish the Company with copies of all Section 16(a) reports they file.

To the Company s knowledge, based solely on the Company s review of copies of these reports, and written representations from such reporting persons, the Company believes that, except as stated in the paragraph below, all filings required to be made by reporting persons holding the Company s stock were timely filed for the year ended December 31, 2008, in accordance with Section 16(a).

Each of Messrs. Johnson and Kadish, members of the Board, filed a Form 4 in February 2009 to report the conversion in April and July 2008, respectively, of his 12,965 shares of Class B Common stock, granted to him in August 2007, into Class A Common stock. The grants and the vesting of these shares were reported on Form 4 s filed on behalf of each of Messrs. Johnson and Kadish in March 2008, while the grants pursuant to which Messrs. Johnson and Kadish initially acquired these shares and the vesting conditions attached to the shares were previously disclosed in the Company s filings with the SEC.

### **COMPENSATION DISCUSSION & ANALYSIS**

*This Compensation Discussion and Analysis contains statements regarding our performance targets and goals. These targets and goals are discussed in the limited context of our compensation program and should not be considered statements of our management s expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts.*

#### **Overview**

The Compensation Committee of the Board has responsibility for establishing, implementing and monitoring compliance with our compensation philosophy. The Compensation Committee seeks to ensure that the compensation paid to named executive officers is reasonable and competitive. Generally, the Compensation Committee strives for internal equity among our named executive officers and, accordingly, the types of compensation and benefits offered to our named executive officers are consistent among the group.

#### **General Philosophy and Objectives**

The Compensation Committee carries out the Board s overall responsibility relating to compensation of our executive officers. The Compensation Committee s philosophy and primary objectives in establishing compensation policies for our executive officers are to:

Attract, retain, and motivate highly qualified executive officers by offering total compensation that is competitive with that offered by similarly situated companies and that maintains a substantial portion of total

compensation at-risk;

Provide differentiated compensation levels to reflect differing performance levels and responsibilities among our executive officers;

Promote and reward the achievement of our short and long-term objectives that the Board and management believe will lead to sustained profitability and long-term growth in stockholder value

## **Table of Contents**

through the incorporation of measurable performance objectives into the compensation arrangement; and

Align the interests of our executive officers with those of our stockholders by tying executive compensation to stockholder return and value.

As discussed later in this Compensation Discussion and Analysis, on an aggregate basis, the Compensation Committee sets total compensation of our executive officers, after taking into consideration prior grants under the EIP, at market median levels, with base salaries below the market median and the variable portion of our executive officers compensation above the market median. In addition, the Compensation Committee offers long-term incentives for retention purposes.

### **Role of Executive Officers and the Compensation Committee in Compensation Decisions**

With respect to the compensation of our executive officers, the Compensation Committee is responsible for developing and modifying, as appropriate, a competitive compensation philosophy and strategy, which includes:

Making recommendations to the full Board on the performance goals and objectives for compensation of our chief executive officer. In setting the chief executive officer's compensation, the Compensation Committee annually evaluates his performance under the goals and objectives established by the Board, reviews the chief executive officer's self-evaluation, and makes a recommendation to the full Board. The Compensation Committee also recommends to the full Board whether to award the chief executive officer an annual discretionary bonus.

Making recommendations to the full Board concerning equity incentive compensation plans (including the granting of awards under such plans) and administering incentive compensation plans.

Reviewing and approving with our chief executive officer the performance evaluation process, compensation structure and compensation recommendations with respect to our other officers. This includes approving the annual salary, bonus, incentive, equity compensation, benefit plans and perquisites and other similar arrangements for such executive officers.

Reviewing and approving with our chief executive officer annual discretionary cash bonuses. The Compensation Committee has annually approved a pool to award as discretionary cash bonuses to employees of our company and those of our subsidiaries, including executive officers, based upon a recommendation by our chief executive officer. The Compensation Committee approves all individual discretionary bonuses granted from this pool.

Our executive officers do not play a role in their own compensation determinations, other than preparing self-evaluations and discussing individual performance objectives and results with the chief executive officer. Our chief executive officer participates in determining the compensation of the other executive officers.

In establishing the overall philosophy and strategy of our executive officer compensation, the Compensation Committee takes into consideration the counsel and recommendations of our chief executive officer, chief financial officer, and senior vice president—corporate administration and human resources, in addition to recommendations of other members of the Board.

The Compensation Committee continues to examine existing and new compensation programs and objectives to ensure that our compensation philosophy and objectives remain appropriate and consistent with our overall philosophy and objectives.

### **Role of Compensation Consultants**

We utilized the services of Towers Perrin to benchmark our executive compensation, evaluate our existing pay philosophy, and assess our long-term incentive plan design alternatives during 2008. This information was also used by the Compensation Committee in establishing our executive officers' base salaries and target goals for compensation plan awards.

Our human resources department also had a compensation co-sourcing arrangement with Mercer Human Resources Consulting during 2008, through which we obtained industry intelligence on compensation from a wide variety of sources for day-to-day executive recruitment requirements.

**Table of Contents**

Towers Perrin and Mercer Human Resources Consulting are engaged by our management, with the prior and on-going approval of the Compensation Committee. We do not currently use the services of any other compensation consultants in matters affecting executive officer compensation.

**Market Benchmarking and Positioning**

In benchmarking executive compensation to determine competitive levels of incentives and compensation to attract executive talent and retain our executive officers, the Compensation Committee considered portions of national, proprietary compensation surveys. Specifically, data was prepared principally using a Towers Perrin Executive Compensation custom survey on aerospace, transportation, industrial manufacturing and general industry companies. The following companies were included in the Towers Perrin custom survey:

3M	Eaton	L-3 Communications	Textron
Alliant Techsystems	Flowserve	Lockheed Martin	Thomas & Betts
American Axle & Manufacturing	General Dynamics	Louisiana-Pacific	Timken
ArvinMeritor	Goodrich	Manitowoc	Toro
Boeing	Harsco	Northrop Grumman	Trinity Industries
Brady	Hexcel	Parker Hannifin	TRW Automotive
Cameron International	Honeywell International	Raytheon	United Technologies
Caterpillar Logistics Services	Idex	Rockwell Automation	USG
Curtiss-Wright	Ingersoll-Rand	Rockwell Collins	Valmont Industries
Donaldson	ITT	Terex	Visteon

Compensation amounts from the survey were size-adjusted to Spirit's revenues so that the compensation would correlate appropriately to Spirit's size relative to the various companies in the survey.

Where data from the custom survey was insufficient, we considered data from a Towers Perrin survey on general industry companies with sales between \$1 billion and \$5 billion. We also considered Mercer Human Resources Consulting surveys on Executive, Human Resources and Finance positions of comparably sized general industry companies and other broader, general industry market data for select industries, as appropriate.

The Compensation Committee believes that overall executive compensation should be designed, in the aggregate, to be competitive with comparable companies, to reward effective execution of our goals and the individual objectives set for our executive officers, and to recognize exceptional performance and results.

The Compensation Committee sets the total compensation of our executive officers, which includes base salary and annual incentive awards, at an aggregate level, after taking into consideration prior grants under the EIP, comparable to that of the median for executive positions at the companies included in the compensation surveys used. In determining the compensation of individual executives, experience, skills, responsibilities, competencies, performance and organizational structure are considered.

**Company's At-Risk Philosophy**

Under our pay-at-risk philosophy, executive officers have the opportunity to earn in excess of market median levels for similar positions when exceeding the achievement of both shorter-term performance objectives and longer-term stockholder value. In general, the base salary, as the fixed component of the compensation package of our executive officers, is maintained at levels slightly below the market median, although in most cases, higher than base salary in

prior years.

To this end, a significant portion of our executive officers' target annual compensation (base salary plus annual cash and stock incentive awards, excluding discretionary bonus awards) is at-risk as it is based on Company and/or individual performance. The actual value realized from annual incentive awards could be zero if minimum performance levels for payouts are not met. The portion of target annual compensation at-risk generally increases with the executive officer's position level and impact on our performance. This provides

**Table of Contents**

significantly more upside potential and downside risk for more senior positions because these executives have a greater influence on our performance as a whole. However, our executive officers' target annual compensation is reviewed against industry benchmarks and the portion of the target annual compensation placed at-risk is determined to be reasonable to encourage the executive officers' prudent approach to risk taking. The table below shows the percentage of 2008 target annual compensation of our chief executive officer and our other named executive officers that was at-risk (variable compensation as a percentage of target annual compensation). The percentages listed below do not take into account prior grants under the EIP, which are performance-based and are considered by the Compensation Committee when they set target annual compensation for our executive officers.

<b>Name</b>	<b>Title</b>	<b>% of Target Annual Compensation at Risk</b>
Jeffrey L. Turner	President & CEO	66.6%
Ulrich (Rick) Schmidt	EVP & CFO	51.2%
Jonathan A. Greenberg	SVP, General Counsel & Secretary	0%
John Lewelling	SVP/GM AeroStructures Segment	45.4%
Ronald C. Brunton	EVP & Chief Operations Officer	33.9%

**Elements Used to Achieve the Philosophy and Objectives**

The Compensation Committee believes that the compensation of our executive officers should consist of base salary, annual cash and stock incentives, special discretionary awards, and longer-term equity incentives.

<b>Element</b>	<b>Plan</b>	<b>Award Level and Timing</b>
<i>Base Salary</i>	<i>N/A</i>	Generally set at a level that is slightly below market median levels. With the exception of significant promotions and new hires, base salaries generally are determined at the first meeting of the Compensation Committee each year following the availability of the financial results for the prior year. We set base salaries slightly below market median levels in order to maintain total compensation packages at market median levels, while providing stronger incentives for performance than comparable companies.
<i>Annual Cash and Stock Incentive Awards</i>	<i>Short-Term Incentive Plan (STIP)</i>	Each executive officer has a targeted STIP award expressed as a percentage of base salary. The target is based on the position level and market compensation. Each year the Board pre-establishes performance objectives, targeted achievement levels, and weightings to be used for the annual incentive award determination, based on a recommendation from the Compensation Committee. Generally, the Compensation Committee determines awards at its first meeting each year following the availability of our financial results for the prior year. We typically grant awards in the form of cash and stock. We use the STIP to reward performance on an annual basis, as well as for short-term retention purposes.
	<i>Special Discretionary Award</i>	If we meet our Company-wide target performance, executive officer discretionary cash awards may be made from a pool equal to 10% of aggregate base salaries of our executive officers. If we exceed such target performance, the discretionary bonus pool may be increased to as much as

20% of aggregate base salaries of our executive officers. Generally, the Compensation Committee determines awards at its first meeting each year following the availability of the financial results for the prior year. We use discretionary bonuses to reward outstanding individual performance on an annual basis.

**Table of Contents**

<b>Element</b>	<b>Plan</b>	<b>Award Level and Timing</b>
<i>Long-Term, Equity-Based Incentive Compensation</i>	<i>Executive Incentive Plan (EIP)</i>	We introduced the EIP at the time of the Boeing Acquisition. Under the EIP, executive officers were entitled to purchase Company stock and received grants of restricted Company stock. The granted stock was subject to vesting conditions based on length of service and investment returns to Onex. No stock has been purchased or granted under the EIP since July 31, 2006, although approximately 29% of the initial grants remain subject to vesting.
	<i>Amended and Restated Long-Term Incentive Plan (LTIP)</i>	We originally introduced the LTIP as a retention tool for certain key employees. Executive officers have previously participated in the EIP as the vehicle for long-term incentive awards and therefore, in the past the LTIP generally has not been used for the grant of annual incentive awards to executive officers. In 2008, the LTIP became our key long-term incentive award vehicle and we began to use it for grants of stock awards to our executive officers as a replacement for the EIP, as well as to executives who did not have the opportunity to participate in the EIP. Shares granted under the LTIP are subject to time-based vesting conditions. We currently use the LTIP for retention purposes and to reward our executive officers for achievement of sustainable profit growth over a period of more than one year.

*Base Salaries*

As a result of the 2007 review of our executive compensation, the Compensation Committee determined that for 2008 and beyond, executive base salaries should be set closer to, but still below, market median levels (in the aggregate) for retention purposes, while still retaining the compensation at-risk philosophy. In light of this determination, in 2008 and 2009, we fixed base salaries for executive officers at a level that is closer to market median levels than base salaries were in prior years. This is the case for all but one of our named executive officers, whom we hired from outside of the Company and whose base salary already reflects market median levels. As a new company, we needed to attract high caliber candidates with certain skill sets and as a result, this named executive officer has a highly leveraged package with a base salary that more closely reflects the market median.

*Annual Incentive Awards*

Short-Term Incentive Plan (STIP). We target annual incentive awards at a level that, when combined with base salaries, is intended to yield total annual compensation that, after taking into account prior grants under the EIP, is slightly below the market median when personal and Company performance goals are not met, approximates the market median upon achievement of targeted personal and Company performance levels, and exceeds the market median upon achievement in excess of targeted personal and Company performance levels.

The STIP authorizes the grant of awards consisting of restricted stock, cash or both, as determined by the Compensation Committee. Each year the Board pre-establishes performance objectives, targeted achievement levels, and weightings to be used for the annual incentive award determination, based on a recommendation from the Compensation Committee. In assessing our performance against objectives following the close of each year, the Compensation Committee considers actual results against the specific budgetary objectives and whether significant unforeseen obstacles or favorable circumstances altered the expected difficulty of achieving the desired results. The Compensation Committee then determines the percentage of the target award that will be paid to each of our executive officers for the Company performance component of the annual incentive award based on its overall assessment of our

performance.

Although the established target goals and the factors set forth below are the primary factors which the Compensation Committee currently uses in establishing the cash and restricted stock incentive awards, the Compensation Committee reserves the right to recommend different performance goals each year and to take into consideration any other factors as it may choose in recommending performance goals to the Board and in

**Table of Contents**

making actual cash and restricted stock grants. This allows the Compensation Committee flexibility when recommending the goals to take into consideration unforeseen or extraordinary circumstances. Because the Compensation Committee and the Board retain full discretion with respect to annual incentive awards and because we have adopted SFAS No. 123(R), the stock portion of these awards is not deemed granted for financial accounting reporting purposes until the date that the shares have been issued, which was in February 2008 for 2007 performance and in February 2009 for 2008 performance.

The Compensation Committee recommended performance goals to the Board in 2008 based on two primary factors: (1) earnings before interest and taxes (EBIT) and (2) free cash flow (cash flow from operations less net capital expenditures). For 2008, the Compensation Committee and the Board weighted the two factors as follows: EBIT 75% and free cash flow 25%. Subject to the Board's discretion, the possible payout range was from 0 for poor performance, to 100% for target performance to a maximum of 200% for exceeding target performance.

The following table sets forth the 2008 targets and actual results for our performance measures.

<b>Performance Measure</b>	<b>Target (\$ in millions)</b>	<b>Actual Results (\$ in millions)</b>	<b>Percentage of Target Which Would Have Been Payable Based on Actual Results</b>
EBIT	\$544.0	404.5	0%
Free Cash Flow	\$(218.0)	91.0	200%

Our actual financial performance for 2008 based on the two factors (EBIT and free cash flow) weighted as described above would have corresponded to a payout of 50% in accordance with the schedule pre-determined by the Board. However, in the last four months of 2008, a strike by certain employees of our largest customer, Boeing, which was beyond the control of Spirit's management, had a negative impact on EBIT. To mitigate the impact of the Boeing strike, based on a recommendation of the Compensation Committee, the Board determined to make an adjustment to the awards which would have been earned by our officers under the STIP based on the previously established performance targets. The Board projected that based on Spirit's actual results through August 2008, before the strike occurred, STIP participants were on target to earn awards equal to approximately 121% of pre-established target levels. Accordingly, in calculating the actual awards granted under the STIP, the Board gave credit to our officers for the 121% rate over the first eight months of 2008 based on results achieved during that period. The Board then took a weighted average of the 121% rate for the first eight months of 2008 and a 0% rate for the last four months of 2008, and granted awards at approximately 81% of target levels.

The 2008 incentive cash and restricted stock awards (the values of which are disclosed in the tables below) were confirmed by the Board and the Compensation Committee in February 2009. We selected this schedule because it enables the Board and the Compensation Committee to consider our prior year performance and our expectations for the upcoming year. The 2007 incentive cash and restricted stock awards were granted 18 days following the Compensation Committee's meeting in February 2008. The 2008 incentive cash and restricted stock awards were granted 18 days following the Compensation Committee's meeting in February 2009. The Compensation Committee's schedule is determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental.

In assessing our annual incentive target goals for 2009, the Compensation Committee considered performance against objectives following the close of the 2008 year, actual results against the specific budgetary objectives and whether

significant unforeseen obstacles or favorable circumstances altered the expected difficulty of achieving the desired results. The Compensation Committee recommended to the Board a revision of the performance measures. Therefore, for 2009 there will be four factors to measure Company performance, weighted as follows: EBIT 25%; EBIT as a percentage of revenues 25%; free cash flow 25%; and business segment free cash flow 25%. Business segment free cash flow is defined as the total of business segment operating income for each of our business segments, in each case adjusted for the cash flow effects of certain items particular to the business segments, limited to changes in inventory and accounts receivable, depreciation and capital expenditures.

**Table of Contents**

Following our Compensation Committee's 2007 review of executive compensation, base salary as the fixed component of the compensation package of our executive officers is maintained at levels set closer to, but still below, the market median, to retain the compensation at-risk philosophy. Under our pay-at-risk philosophy, executive officers will continue to have the opportunity to earn in excess of market median compensation when they exceed both shorter-term performance objectives and longer-term stockholder value goals, because incentive awards will continue to be a significant component of their compensation. Reducing annual incentive awards has allowed us to bring base salaries closer to market median levels without significantly increasing total compensation. This change has not significantly impacted the executive compensation of any of the Company's named executive officers, with the exception of Mr. Brunton, the Company's executive vice president and chief operations officer, whose compensation package was increased to reflect the Company's overall market share of the industry in which it operates, based on data from the Towers Perrin Surveys described under Market Benchmarking and Positioning.

Except with regard to our chief executive officer, whose employment agreement requires that annual awards be paid 50% in cash and 50% in restricted stock, annual incentive awards are generally payable 50% in cash and 50% in restricted stock, at the discretion of the Compensation Committee. The awards are denominated in dollars and the restricted stock portion is converted into actual shares based on the fair market value of our Common stock. For the 2007 awards that were paid in 2008, the fair market value was set by the Board to be the average of the opening and closing trading prices of the Class A Common stock traded on February 12, 2008, which was the third trading day after our quarterly earnings announcement. For the 2008 awards that were paid in 2009, the fair market value was set by the Board to be the average of the opening and closing trading prices of the Class A Common stock on February 10, 2009, which was the third trading day after our quarterly earnings announcement. The actual number of stock awards paid in 2008 can be seen on the Grants of Plan-Based Awards for Fiscal Year 2008 table below. The 2007 STIP award was confirmed by the Board on February 4, 2008. The 2008 STIP award was confirmed by the Board on February 3, 2009. Under the STIP, the stock portion of the award vests upon completion of one year of service following the date of the award. If a participant ceases to be employed after an award, but prior to vesting, the entire stock portion of the award is forfeited. This risk of forfeiture helps satisfy our goal of retaining executive talent and assures that the interests of our executive officers are closely tied to the return and value provided to our stockholders. The 2006 STIP stock award granted in 2007 vested on February 22, 2008. The 2007 STIP stock award granted in 2008 vested on February 22, 2009.

At the annual meeting of the Company's stockholders held on April 22, 2008, the Company's stockholders approved an increase in the number of shares available under the STIP from 800,000 to 2,800,000 and the modification of the class of common stock to be granted to STIP plan participants from Class B Common Stock to Class A Common Stock.

*Special Discretionary Award*

In order to recognize performance and contribution toward achievement of our goals, executive officers have the opportunity to earn an additional cash award for significant individual performance. If, in the sole discretion of the Compensation Committee upon consultation with the chief executive officer, we meet our Company-wide target performance, executive officer discretionary awards are made from a pool equal to 10% of aggregate base salaries of our executive officers. If, in the sole discretion of the Compensation Committee upon consultation with our chief executive officer, we achieve outstanding performance, executive officer discretionary awards are made from a pool not exceeding 20% of aggregate base salaries of our executive officers. Individual executive officer discretionary awards are made based upon the recommendation of our chief executive officer and approved by the Compensation Committee. The Compensation Committee separately reviews the chief executive officer's performance to determine whether any discretionary award for the chief executive officer is appropriate and makes the award. We intend for potential awards to be significant enough to further motivate the recipient and be tied to the impact of specific individual achievements and results that further our objectives. There is no restriction on the factors that the chief executive officer and/or the Compensation Committee may consider.

## **Table of Contents**

For the Special Discretionary Award granted in 2009 for 2008 performance, the Compensation Committee approved executive officer discretionary awards from a pool of approximately 8.1% of aggregate base salaries of our executive officers.

### *Long-Term, Equity-Based Incentive Compensation*

We believe that long-term, equity-based incentive compensation is an important component of our executive compensation because it has the effect of retaining executive officers, aligning executive officers' financial interests with the interests of our stockholders, and rewarding the achievement of our long-term strategic goals. Payment of long-term incentive awards is based on Company performance and is targeted at levels comparable to those of the market median for comparable positions, utilizing the same compensation data we use for setting total annual compensation. Historically, our primary longer-term, equity-based program for existing executive officers has been the EIP.

Executive Incentive Plan (EIP). The EIP was introduced at the time of the Boeing Acquisition, to provide an opportunity for our key executive officers to acquire an equity interest in the Company, as a way to ensure that they would remain with the Company, and to attract other key executive officers. Under the EIP, executive officers were entitled to purchase Company stock and received grants of restricted Company stock which were subject to vesting conditions described below.

Participants in the EIP purchased shares of restricted Company stock with cash and/or traded the transferred, frozen value of their Boeing SERP (non-qualified supplemental employee retirement plan) for phantom shares of Company stock. The EIP provides for up to a four-to-one match on the participant's stock or phantom stock investment. Matching grants vest upon certain liquidity events specified under the plan in which entities affiliated with Onex liquidate a portion of their investment in the Company. Upon such a liquidity event, recipients may receive an interest in all or a portion of the shares granted to them, which portion is determined pursuant to a formula (the EIP Vesting Formula) based on the portion of the Onex entities' investment liquidated, the return on the Onex entities' investment, and the recipient's period of service with Spirit if no longer employed with Spirit. If the liquidity event is a change in control (as defined in the plan), recipients may receive an interest in all remaining shares granted to them. In addition, recipients may receive an interest in granted shares on June 16, 2015, if no change in control has occurred by then. On October 20, 2008, the Board amended the EIP to remove the change in control requirement from the EIP. Thus, to the extent EIP participants have been granted restricted stock under the EIP in which they have not yet acquired an interest as of June 16, 2015, they will acquire an interest in that stock on that date, regardless of whether a change in control has occurred. Additionally, as it is anticipated that restricted stock granted under the EIP may become taxable to participants in future years, even though the participants have not yet fully acquired an interest in that stock under the terms of the plan, the Board amended the EIP to allow a portion of the shares granted under the EIP to be sold as necessary to pay a participant's withholding tax liability at such time as a participant incurs income tax liability under applicable law with respect to the shares. However, an EIP participant has the option to pay cash to cover the withholding tax liability, in which case no shares may be sold in connection with that tax event, and participants will not fully acquire an interest in those shares unless and until otherwise provided under the terms of the plan. The failure of a participant to satisfy the withholding tax liability by either selling shares or paying cash results in the forfeiture under the EIP of all shares to which the participant would otherwise incur income tax liability. Because the EIP was established to retain key executive officers at the time of the initial acquisition of our business and initially to attract additional key executive officers, it was closed to participation shortly after the acquisition of the aerostructures division of BAE Systems (Operations) Limited (Spirit Europe) in April 2006. No stock has been purchased or granted under the EIP since July 31, 2006.

We completed an initial public offering in November 2006 that resulted in a partial vesting (approximately 43%) of the EIP matching stock that we granted to our named executive officers. In May 2007, certain of our stockholders

completed a secondary offering which resulted in an additional partial vesting (approximately 28%) of the EIP matching stock that we granted to our named executive officers. Following the initial public offering and secondary offering, 29% of the matching stock granted to our named executive officers remains subject to vesting conditions. However, as a result of the returns earned by the Onex entities in the initial

## **Table of Contents**

public offering and the secondary offering, the element of the EIP Vesting Formula based on the return realized on the Onex entities' investment will be satisfied at the highest level for all subsequent liquidity events, assuming no additional investment in the Company is made by the Onex entities and subject to the right of the Compensation Committee to exercise discretion as to whether the return on investment capital requirement of the EIP is satisfied.

Details of resultant payouts can be found in the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008 .

Amended and Restated Long-Term Incentive Plan (LTIP). The LTIP was implemented for grants of stock awards for some key employees. Executive officers previously participated in the EIP as a long-term incentive vehicle and therefore, generally, until 2008 the LTIP had not been used for the executive officers.

As part of the 2007 executive compensation review, the Compensation Committee determined that for 2008 and beyond, the LTIP is an important component of compensation, particularly as the EIP fully vests. The LTIP is used to provide long-term, equity-based incentive compensation in keeping with our executive compensation philosophy for the entire executive group. As the STIP provides the at-risk component of the executive package, the LTIP, which is a time-based vesting plan, is primarily used for attraction and retention purposes.

We granted restricted stock awards with multi-year vesting schedules under the LTIP to all of our executive officers for 2008, and expect to continue this practice in future years. Typically, one-third of the shares granted vests on each of the 2nd, 3rd and 4th anniversaries of the grant date. However, grants of LTIP awards to EIP participants take into account EIP grants which remain unvested, and LTIP grants to these participants generally do not begin to vest until approximately one year after the service component of the vesting formula for the remaining EIP grants is satisfied.

At the annual meeting of the Company's stockholders held on April 22, 2008, the Company's stockholders approved an increase in the number of shares available under the LTIP from 400,000 to 3,400,000 and the modification of the class of common stock to be granted to LTIP plan participants from Class B Common stock to Class A Common Stock.

### *Other Compensation Elements*

Payments for Executive Recruitment. We seek to obtain some of the most highly qualified executive talent in a highly competitive industry. While we seek to find executive talent from our succession planning pool, we also must seek to attract executive talent from other companies, including our competitors, who have proven records of skill and performance. To satisfy our goal of attracting highly qualified executive talent, the Compensation Committee strongly believes that the initial compensation package provided to an executive officer must be significant enough to cause such executive officer to leave his or her current employment in which he or she may have significant tenure and significant value tied to long-term incentive and other compensation arrangements—most of which would be forfeited upon joining us.

Therefore, we have structured a variety of compensation arrangements and approved payments to recruit executive talent. Several of these compensation arrangements provided for the transfer of equivalent benefits that several of our executive officers enjoyed while they worked for Boeing. See the discussion accompanying the Nonqualified Deferred Compensation and Pension Plan table below. In other cases, the Compensation Committee has approved cash payments designed to compensate individual executive officers for compensation that they would forgo by leaving their current employers. For the named executive officers, those payments for 2008 (and with regard to named executive officers who were also named executive officers in 2006 and 2007, those payments for 2006 and 2007) are listed in the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008 below. Payments designed to compensate for forgone salary and general benefits are listed under the All Other Compensation column of that table, and payments designed to compensate for forgone bonuses are listed under the Bonus column of that table. The Compensation Committee believes that its decision to adopt those compensation arrangements and approve those

payments was reasonable and necessary to achieve overall Company goals and was consistent with our compensation philosophy.

**Table of Contents**

**Perquisites and Personal Benefits.** Perquisites and other benefits represent a small part of the overall compensation package for our executive officers, and are offered only after consideration of business need. The Compensation Committee annually reviews the perquisites and other personal benefits that we provide to our executive officers. For 2006, 2007 and 2008, the primary perquisites and personal benefits were private use of aircraft and other travel expenses, Company-provided automobiles, Company contributions to defined contribution plans and life insurance coverage, financial planning services provided by the Company, relocation expenses, and club memberships. We maintain certain country club memberships for the purpose of business entertainment which memberships, by club rules, are in our executive officers' names. When an executive officer uses a club membership exclusively for Company business purposes, it is our policy not to attribute the cost of such membership to the executive officer as personal income. When an executive officer also uses a membership for personal reasons, we attribute the value of the membership to the executive officer as additional income. For each of 2006, 2007 and 2008, we authorized two club memberships—one each to our chief executive officer and our chief financial officer. For 2006, 2007 and 2008, Mr. Turner did not make personal use of his club membership and Mr. Schmidt did make personal use of his club membership. The amounts attributed to Mr. Schmidt are shown in the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008 below.

**Retirement Plans.** We adopted a supplemental executive retirement plan (SERP) in connection with the Boeing Acquisition in order to attract certain employees from Boeing. The SERP provides deferred compensation benefits to those of our executive officers and certain other members of management that previously participated in Boeing's Supplemental Executive Retirement Plan for Employees of Boeing, prior to the Boeing Acquisition. Also in connection with the Boeing Acquisition, we adopted the Pension Value Plan (PVP) for those former employees of Boeing who did not retire from Boeing by August 1, 2005. Both the SERP and the PVP are frozen plans, so no additional employees are becoming participants in the plans and no current participants are accruing any additional benefit. The PVP allowed the transfer of pension values from Boeing pension plans. The PVP is fully paid for by us and our employees are vested after reaching five years of service. We list the benefit numbers for the named executive officers in the Pension Benefits table below and the additional narrative following that table.

We provide our executive officers, including our named executive officers, benefits provided to all other salaried, non-union employees, including medical and dental insurance and tax-qualified defined contribution participation and matching (our 401(k) plan). These benefits are important for retaining our executive officers and enhancing their compensation through tax excluded or tax deferred vehicles. Our contributions to our 401(k) plan on behalf of the named executive officers are described in the All Other Compensation column of the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008 below. This plan furthers our objectives of attracting and retaining well-qualified employees and executive officers and is consistent with our compensation philosophy.

**Compensation in Connection with Termination of Employment and Change-In-Control**

We do not maintain any programs of broad application specifically designed to provide compensation in connection with the termination of employment or a change in control of the Company. Our view toward creating sustainable growth and long-term stockholder value has been deemed best served by encouraging the attraction and retention of high quality executive officers through performance-based incentives without overemphasizing compensation at terminal events, such as termination or change in control.

Nonetheless, we recognize that an appropriate incentive in attracting talent is to provide reasonable protection against loss of income in the event the employment relationship terminates without fault of the employee. Thus, compensation practices in connection with termination of employment generally have been designed on a case-by-case basis as the Compensation Committee deems necessary to achieve our goal of attracting highly-qualified executive talent. We have provided for termination compensation through individual employment agreements in the form of salary and benefit continuation for a moderate period of time following involuntary termination of an executive officer's

employment. We have also agreed to individual severance arrangements at the time of termination of employment, taking into account the specific facts and circumstances surrounding termination, including other compensation available at such time.

## **Table of Contents**

To the extent our compensation arrangements provide for a payment or earning event in connection with a change in control, our intent generally has been to reward employees for the long-term performance that culminates in the change in control event and to provide that reward at a time of sufficient liquidity (when value also is being returned to stockholders). For example, we designed our EIP to encourage long-term performance by deferring the vesting of awards until the occurrence of a liquidity event (including a change in control), but even then only to the extent objective performance goals are obtained. Similarly, payment of value attributable to phantom stock investments under our SERP is deferred until a liquidity event occurs and is then made at the earliest time permitted in accordance with applicable income tax rules (generally the earlier of a separation from service or a qualifying change in control).

No arrangements providing for a payment or earning event in connection with a change in control are designed to require a double trigger (a combination of a change in control with some other event, such as a separation from employment or change in responsibilities) in order to realize value (except to the extent applicable income tax rules require deferral of payment to termination of employment). We are of the view that our management and workforce add materially to the value of our business as a going concern, and that value may be impaired if employees are encouraged to leave in order to realize value. We have designed our compensation arrangements to strike a balance between encouraging retention and providing appropriate protection. The EIP, for example, which takes an employee's years of service with the Company into account in determining vesting upon a liquidity event, provides full service credit for employees that continue their employment through the date of a liquidity event (even if full credit has not yet been earned), thereby providing an incentive to remain employed through the date of the liquidity event (which might be a change in control). The EIP also provides an acceleration of credited service (to the extent not yet earned) in the event employment is involuntarily terminated (actually or constructively) following a change in control, thereby ensuring that an employee involuntarily terminated following a change in control is not adversely affected as to future liquidity events because the employee did not have a full opportunity to earn full service credit for vesting purposes.

You can find additional information regarding our practices in providing compensation in connection with termination of employment and change in control under the heading Potential Payments on Termination or Change-in-Control below.

## **Accounting and Tax Treatment of Compensation**

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of a company's three other most highly compensated executive officers (other than its chief financial officer) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders). For compensation reported in fiscal years 2006, 2007 and 2008, the grants of stock and the payments of incentive cash awards were designed to satisfy the Internal Revenue Service requirements for deductible compensation.

Upon our inception, we adopted SFAS No. 123(R), *Share-Based Payment*, which generally requires companies to measure the cost of employee and non-employee services received in exchange for an award of equity instruments based on the grant-date fair value and to recognize this cost over the requisite service period or immediately if there is no service and there are no other performance requirements. The notes to our consolidated financial statements, included in our Annual Report on Form 10-K for fiscal year 2008 filed with the SEC, contain further information concerning our policies with respect to SFAS No. 123(R).

**Compensation Committee Report**

The Compensation Committee establishes and oversees the design and functioning of our executive compensation program. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with our management. Based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2009 Annual Meeting of Stockholders and also be incorporated by reference in our Annual Report on Form 10-K for the fiscal year 2008.

- (1) 2008 STIP cash awards, paid in February 2009, were granted and earned in 2008. The actual cash awards for the named executive officers for 2008 are reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008.
- (2) The STIP restricted stock awards are denominated in dollars and then converted and paid in shares of Class B Common stock. Mr. Turner was granted 17,294 shares, Mr. Schmidt was granted 11,359 shares, Mr. Lewelling was granted 7,387 shares and Mr. Brunton was granted 6,566 shares under the STIP in February 2008 for 2007 performance.
- (3) The LTIP restricted stock awards will vest annually at a rate of 33% beginning May 5, 2011 if such named executive officer remains employed on each annual vesting date. If the named executive officer acquires an

interest in all shares granted to such person under the EIP before 2010, the LTIP restricted stock awards will vest annually at a rate of 33%, beginning on May 5, 2010, if such named executive officer remains employed on each annual vesting date.

- (4) The LTIP restricted stock awards granted to Mr. Greenberg will vest annually at a rate of 33% beginning on May 5, 2010, if Mr. Greenberg remains employed on each annual vesting date.
- (5) Represents the grant date fair value of each equity award computed in accordance with SFAS 123(R), and includes amounts from awards granted in 2008. Additional information concerning the Company's accounting for stock awards may be found in Note 14 to the Company's consolidated financial statements in our Annual Report on Form 10-K for 2008.

2008 STIP restricted stock awards are not included in the foregoing table because they were granted in February 2009. The restricted stock awards were denominated in dollars and then converted and paid in shares of Class A Common stock, at \$12.98 per share, the average of the opening and closing trading prices of our Class A Common stock on February 10, 2009, which was the third trading day after our earnings announcement. Mr. Turner was granted 32,862 shares, Mr. Schmidt was granted 21,584 shares, Mr. Greenberg was granted 14,036 shares, Mr. Lewelling was granted 14,036 shares and Mr. Brunton was granted 20,943 shares in February 2009 for 2008 performance.

(1) As reported by Boeing under a Boeing Prior Plan (as defined below), and includes service with Boeing. See narrative below.

Effective June 17, 2005, pension assets and liabilities were spun-off from three of Boeing's qualified plans (each, a Prior Plan) into four Spirit qualified plans for each Spirit employee who did not retire from Boeing by August 1, 2005. Each Prior Plan was frozen as of June 16, 2005, for future service credits and pay

## **Table of Contents**

increases. Effective December 31, 2005, all four qualified plans were merged together into the Spirit AeroSystems Holdings, Inc. Pension Value Plan ( PVP ).

One of our named executive officers, the chief executive officer, is a participant in the PVP. Mr. Brunton retired from Boeing and is not a participant in the PVP. Our other three named executive officers were not employees of Boeing. Benefits under the PVP applicable to Mr. Turner are based upon a Prior Plan benefit plus a Cash Balance benefit. An actuarial determination of the Prior Plan benefit was completed by Boeing based on service and final average pay through December 31, 1998, and indexed for changes in base pay through June 16, 2005. The Prior Plan amounts are payable as a life annuity beginning at normal retirement (age 65), with the full benefit payable upon retirement on or after age 60. Under the Cash Balance benefit formula, employees received Benefit Credits based on their age at the end of each plan year through June 16, 2005. The annual Benefit Credit was a specified percentage of eligible pay, ranging from 3% at ages younger than 30 to 11% upon reaching age 50. Eligible pay included base pay and executive incentive pay, limited to Code s Section 401(a)(17) limits. The Benefit Credits ceased upon freezing of the Prior Plan; however, employees continue to receive Interest Credits each year. The Interest Credits for each year are based on the 30-year Treasury Rate as of November of the prior year, with a minimum of 5.25% and maximum of 10%. The Cash Balance account is converted to a life annuity upon an active employee s retirement using a factor of 11.

The PVP is fully paid for by the Company and employees are vested after reaching five years of service. Vesting service continues to accumulate after June 16, 2005, for continued employment. At least as early as November 30, 2006 (the end of the PVP s fiscal year), Mr. Turner (32.4167 years for vesting) was fully vested in his benefit.

The normal retirement age under the Plan is 65. There are various early retirement ages allowed under the plan for the various benefits provided to employees. Mr. Turner is currently entitled to early retirement benefits. The Prior Plan benefit is reduced by 2% for each year that benefits commence prior to age 60. Mr. Turner is currently 57 years of age. Projected annual benefits payable upon retirement at age 60 are \$81,199 for Mr. Turner. If he retires at age 65, the annual benefit amount is \$86,776.

For purposes of the calculations shown in the Pension Benefits table, we assume that the named executive officer elects a single life annuity form of payment. The present value determination is based on the RP 2000 Mortality Table projected to 2010 with white collar adjustment and a 6.07% interest rate. The Interest Credit rate used in the calculations is 5.25% for each future year. The present values were calculated assuming the named executive officer retires and commences receipt of benefits at age 60.

We also maintain the SERP, which provides supplemental, nonqualified retirement benefits to executives who (1) had their benefits transferred from a Boeing nonqualified plan to the SERP and (2) did not elect to convert their SERP benefit into phantom shares as of June 17, 2005. Benefits under this plan were also frozen as of the date of the Boeing Acquisition. There are no SERP annuity benefits payable in the future to the named executive officers.

### *Other Retirement Benefits*

We sponsor the Spirit AeroSystems Holdings, Inc. Retirement & Savings Plan ( RSP ), a qualified plan covering certain eligible employees. Under the RSP, we make a matching contribution of 75% of the employee s contributions to a maximum 6% of compensation match based on employee contributions of 8% of compensation. Compensation for this plan is base pay, subject to compensation limits prescribed by the IRS. The matching contributions are immediately 100% vested.

Non-matching contributions, based on an employee s age and vesting service, are made at the end of each calendar year for certain employee groups. Each named executive officer is eligible for these contributions for each year that he (1) is employed by us as of December 31 and (2) receives a year of vesting service. If age plus vesting service totals

less than 60, employees receive 1.5% of base salary as a non-matching Company contribution; if age plus vesting service totals at least 60 but less than 80, employees receive 3% of base salary; and if age plus vesting service totals at least 80, employees receive a 4.5% of base salary contribution.

**Table of Contents**

These contributions are 25% vested at two years, 50% vested at three years, 75% vested at four years, and 100% vested at five years of vesting service, which includes prior service with Boeing.

In addition, we contribute amounts for certain employees eligible for transition contributions. In general, employees who became our employees on June 17, 2005, did not retire from Boeing, and had at least five years of vesting service as of that date are eligible for such transition contributions. Mr. Turner is our only named executive officer entitled to such transition contributions. Transition contributions are paid at the end of each calendar year for a number of years equal to the employee's vesting service as of June 17, 2005, up to a maximum of 15 years. For vesting service from 5-9 years, such transition contribution is 1.5% of base salary per year; for 10-14 years, it is 2.5% of base salary per year; and for at least 15 years, it is 3.5% of base salary per year. These contributions become vested after three years of vesting service with us or upon reaching age 60, if earlier.

RSP matching contributions, non-matching contributions, and Transition Contributions are included in the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008 above as a component of All Other Compensation for the eligible named executive officer.

We make post-retirement medical coverage available to all employees who retire from the Company at age 55 or later, provided they have at least 10 years of service. Employees pay the full cost of coverage for this benefit—we do not pay any subsidy. For employees previously employed by Boeing whom we hired as of June 17, 2005, we provide subsidized post-retirement medical coverage upon early retirement after attaining age 62 with 10 years of service. Subject to paying the same employee premiums as an active employee, the early retiree may maintain their medical coverage until attainment of age 65. This subsidized coverage is available to Mr. Turner and Mr. Brunton, provided they retire from the Company on or after age 62.

**Nonqualified Deferred Compensation**

The following table presents information concerning each of our defined contribution or other plans that provides for the deferral of compensation of our named executive officers on a basis that is not tax qualified.

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
Jeffrey L. Turner, President & CEO			5,929.40	0	107,046
Ulrich (Rick) Schmidt, EVP & CFO					
Jonathan A. Greenberg, SVP, General Counsel & Secretary					
John Lewelling, SVP/GM AeroStructures Segment					
Ronald C. Brunton, EVP & Chief Operations Officer					

We also sponsor the Spirit AeroSystems Holdings Deferred Compensation Plan ( DCP ). This nonqualified plan allows eligible employees to defer receipt of a portion of their base salary or short-term incentive compensation. In addition, the DCP allows for discretionary contributions by the Company into a separate account in the DCP. Deferred amounts and amounts which we contribute to our employees' accounts in the DCP are credited with a rate of return equal to 120% of the applicable federal long-term rate for October of the prior fiscal year. For 2008, the interest crediting rate

was 5.86%. Accumulated amounts are payable to the participant in either a lump sum or installments upon separation from employment with the Company, or at the end of the deferral period selected by the participant upon enrollment in the DCP.

Contributions to the DCP labeled as Registrant Contributions (if any) are included as part of All Other Compensation in the Summary Compensation Table for Fiscal Years 2006, 2007 and 2008. There were no above-market earnings (defined by SEC rule as that portion of interest that exceeds 120% of the applicable federal long-term rate) under the plan during fiscal year 2008, as we used 120% of the applicable federal long-term rate to determine the amounts to be contributed.

**Potential Payments on Termination or Change-in-Control**

**Termination of Employment**

Spirit maintains employment agreements with the named executive officers, except for Mr. Brunton, pursuant to which certain payments may be made, or benefits provided, in the event the executive's employment is terminated. In addition, upon termination of employment, amounts may become payable to the named executive officers pursuant to the SERP and/or the DCP.

*Employment Agreements*

Employment agreements entered into by Spirit with Messrs. Turner, Schmidt and Greenberg provide for varying types and amounts of payments and additional benefits upon termination of employment, depending on the circumstances of the termination.

Voluntary Termination by the Executive. In the event of voluntary termination by Mr. Turner or Mr. Schmidt, payment of one-half of the bonus that otherwise would have been payable pursuant to the STIP will be made (pro-rated for a partial year). Salary and benefits are continued only through the date of termination.

Involuntary Termination by Spirit for Cause. In the event of involuntary termination by Spirit for cause, no amounts are payable by reason of termination, other than salary and benefits payable through the date of termination. Generally, each of the named executive officers' employment agreements define termination for cause to mean (1) the executive committing a material breach of his employment agreement or acts involving moral turpitude, including fraud, dishonesty, disclosure of confidential information, or the commission of a felony, or direct and deliberate acts constituting a material breach of his duty of loyalty to Spirit; (2) the executive willfully or continuously refusing to or willfully failing to perform the material duties reasonably assigned to him by the Board or the Company, as applicable, that are consistent with the provisions of his employment agreement where the refusal or failure does not result from a disability (as discussed below); or (3) the inability of the executive to obtain and maintain appropriate United States security clearances. Messrs. Turner's and Schmidt's employment agreements state that their termination is not deemed to be for cause unless and until there shall have been delivered to the executive a copy of a resolution, duly adopted by the Board. Although Mr. Schmidt's employment agreement requires that he seek to obtain and maintain appropriate United States security clearance, the termination of Mr. Schmidt's employment agreement for his failure to do so (without regard to any underlying facts for such failure) would constitute a termination without cause. Mr. Greenberg's employment agreement provides that Mr. Greenberg's inability or failure to obtain and maintain appropriate licensing to provide legal services in the State of Kansas as an employee of the Company also constitutes cause.

Expiration of Employment Agreement or Involuntary Termination by Spirit without Cause. In the event Mr. Turner's or Mr. Schmidt's employment terminates due to expiration of his respective employment agreement or involuntary termination by Spirit without cause, base salary generally will be continued for 24 months. Mr. Turner's employment agreement is currently scheduled to expire on June 16, 2010, subject to annual automatic one-year extensions effective on the date that is one year before the then scheduled expiration date. Mr. Schmidt's employment agreement is currently scheduled to expire on August 15, 2010, subject to annual automatic one-year extensions effective on the date that is one year before the then scheduled expiration date. In the event Spirit terminates Mr. Greenberg's employment without cause, his base salary generally will be continued for 12 months. In addition, Mr. Turner or Mr. Schmidt will receive a bonus payment pursuant to the

STIP equal to the full amount of the bonus that otherwise would have been payable under the STIP (if any) for the year of termination, and a bonus payment pursuant to the STIP for each subsequent year (pro rated for any partial year) during which salary continuation payments are made (with such payments determined on the assumption that target performance is achieved for such years). Each of Messrs. Turner, Schmidt and Greenberg will continue to receive medical and dental benefits during the period that salary continuation payments are made (subject to early termination in the event of new employment), with premiums paid by Spirit in

**Table of Contents**

the same proportion that premiums are paid on similar coverage for other executive officers. For Mr. Schmidt, life insurance benefits also will be continued in the event of involuntary termination without cause, with premiums paid by Spirit in the same proportion that premiums are paid for other executive officers.

In addition to the foregoing payments and benefits, upon termination of Mr. Schmidt's employment under these circumstances, vesting is accelerated with respect to any shares of stock previously granted to Mr. Schmidt under the STIP. Further, upon involuntary termination of either Mr. Turner or Mr. Schmidt without cause, additional years of service under the EIP may be credited (which may increase the portion of restricted shares in which they acquire an interest upon a future liquidity event).

In the event of the involuntary termination of Mr. Greenberg's employment without cause, then solely for purposes of time-based vesting under the STIP and LTIP with respect to any shares of stock granted to Mr. Greenberg under the STIP or LTIP before the date of termination, Mr. Greenberg will be treated as remaining in continuous active employment with the Company for 12 months after the date of termination.

Furthermore, in addition to the foregoing payments and benefits, upon termination of Mr. Schmidt's employment because of expiration of his employment period without renewal or termination without cause by Spirit, Mr. Schmidt has the option to sell to Spirit (the Put Option) and Spirit has the option to purchase from Mr. Schmidt (the Call Option), in either case for a period of 180 days following termination of his employment, all or any portion of the shares of stock in the Company held by Mr. Schmidt at that time (not including shares granted pursuant to the EIP in which Mr. Schmidt has not yet acquired an interest) for an amount equal to the closing price per share of our Class A Common stock as of the date the Put Option or Call Option is exercised.

Generally, any termination of any of the employment agreements with the named executive officers by Spirit other than for cause, death, disability, or expiration of the employment period without renewal constitutes a termination without cause. Mr. Schmidt's employment agreement specifically provides that the termination of his employment agreement by Spirit without cause includes if (1) his duties and responsibilities are materially and adversely altered without his consent, (2) his base salary is materially reduced by Spirit (other than as part of a general reduction to all executive officers) without his consent, (3) Spirit commits a material breach of his employment agreement, or (4) certain adverse employment actions (as described in more detail below) occur with respect to Mr. Schmidt following a change in control (as defined in the EIP). Mr. Greenberg's employment agreement specifically provides that termination of his employment agreement by Spirit without cause includes Mr. Greenberg's voluntary termination of his employment if, prior to April 14, 2010 or within 12 months following a change in control (as defined below) at any time Mr. Greenberg is not offered continued employment with Spirit (or its successor) in the position of Senior Vice President, General Counsel and Secretary having comparable or more favorable duties, responsibilities, compensation and geographic location or is assigned to a position not meeting these requirements. For purposes of Mr. Greenberg's employment agreement, change in control is defined as a transaction pursuant to which a person, entity or group of persons or entities (excluding Onex and the Onex entities), acquires (i) more than 50% of the total voting power of the stock of Spirit or the Company, whether by merger, consolidation, recapitalization, reorganization, sale or transfer of equity interests or otherwise) or (ii) all or substantially all of the assets of Spirit.

Except for Mr. Schmidt's and Mr. Greenberg's employment agreements, none of the other named executive officers' employment agreements attempt to define circumstances constituting constructive termination by Spirit. However, each of the named executive officers' employment agreements are governed by Kansas law, which recognizes the concept that a termination by the employee may constitute a constructive termination by the employer under certain circumstances.

For purposes of the EIP and the DCP, a termination for cause means a separation from service involving (i) gross negligence or willful misconduct in the exercise of the executive's responsibilities; (ii) breach of fiduciary duty with

respect to Spirit; (iii) material breach of any provision of an

**Table of Contents**

employment or consulting contract; (iv) the commission of a felony crime or crime involving moral turpitude; (v) theft, fraud, misappropriation, or embezzlement (or suspicion of the same); (vi) willful violation of any federal, state, or local law (except traffic violations and other similar matters not involving moral turpitude); or (vii) refusal to obey any resolution or direction of the executive's supervisor or the Board. The Compensation Committee determines, in its sole discretion, whether an executive has incurred a separation from service that is a termination for cause under the EIP and DCP.

**Disability.** In the event Mr. Turner's or Mr. Schmidt's employment terminates due to disability, base salary, medical benefits, and life insurance benefits generally are continued until age 65. For this purpose, disability means the inability to render the services required under the employment agreement for a period of 180 days during any 12-month period. In addition to the foregoing payments and benefits, upon termination of Mr. Schmidt's employment due to disability, vesting is accelerated with respect to any shares of stock previously granted to Mr. Schmidt under the STIP, and he may be credited with additional years of service under the EIP (which may increase the portion of restricted shares in which he acquires an interest upon a future liquidity event). Upon termination of Mr. Schmidt's employment due to disability, he may exercise the Put Option and Spirit may exercise the Call Option. If Mr. Greenberg's employment is terminated at a time when Mr. Greenberg is receiving income-replacement benefits under the Company's long-term disability insurance program by reason of total disability, solely for purposes of time-based vesting under the STIP and LTIP with respect to any shares of stock granted to Mr. Greenberg under the STIP or LTIP before the date of termination, Mr. Greenberg will be treated as remaining in continuous active employment with the Company for 12 months after the date of termination.

**Death.** In the event Mr. Turner's or Mr. Schmidt's employment terminates due to death, base salary will be continued for the remaining term of the agreement. In addition, a bonus payment will be made to such executive's estate pursuant to the STIP equal to the full amount of the bonus that otherwise would have been payable under the STIP (if any) for the year of termination, and a bonus payment for one subsequent year will be made pursuant to the STIP (with such payment determined on the assumption that target performance is achieved for such year). Furthermore, additional years of service credit may be given to Mr. Turner or Mr. Schmidt for vesting purposes under the EIP (which may increase the portion of restricted shares in which an interest is acquired upon a future liquidity event). If Mr. Greenberg's employment is terminated due to death, Mr. Greenberg's estate will be entitled to receive the same benefits which Mr. Greenberg would be entitled to receive in the event his employment is terminated as a result of a disability.

In the event of Mr. Schmidt's termination of employment due to death, vesting is accelerated with respect to any shares of stock previously granted to Mr. Schmidt under the STIP, and medical benefits for Mr. Schmidt's family generally will be continued during the period that base salary is continued, with premiums paid by Spirit in the same proportion that premiums are paid on similar coverage for other executive officers. If Mr. Schmidt's employment terminates due to his death, his personal representative may exercise the Put Option and Spirit may exercise the Call Option.

The continued receipt of payments and benefits by Messrs. Turner and Schmidt upon termination of employment due to expiration of their employment agreements or involuntary termination without cause and by Mr. Greenberg upon involuntary termination without cause is conditioned upon satisfaction, for a period of 24 months after termination of employment, of a covenant not to compete and a covenant not to solicit customers or employees of Spirit.

Spirit's employment agreement with Mr. Lewelling provides for the payment of certain compensation and benefits to Mr. Lewelling only upon termination of employment by Spirit without cause within two years after the effective date of his agreement. As Mr. Lewelling has been employed by Spirit for longer than two years under his employment agreement, no additional compensation or benefits will be payable to Mr. Lewelling pursuant to his employment agreement by reason of termination of his employment with Spirit.

**Table of Contents**

Neither the Company nor Spirit has an employment agreement with Mr. Brunton. Accordingly, upon termination of employment for any reason, salary and benefits are continued only through the date of termination.

*Supplemental Executive Retirement Plan*

Pursuant to the SERP, Mr. Turner holds 228,675 phantom stock units. Upon a **Change in Control** following a **Liquidity Event** (as defined in the SERP), Mr. Turner is entitled to receive payment with respect to each of those phantom stock units in an amount equal to (i) the market value of one share of Class B Common stock in the Company (determined as of the business day immediately preceding the date of payment), plus (ii) the amount of all dividends (other than stock dividends), if any, actually paid on one share of Class B Common stock in the Company during the period from June 16, 2005 through the date payment is made. A **Change in Control** under the SERP is a transaction pursuant to which a person, or more than one person acting as a group (in either case, however, excluding Onex), acquires (i) more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), or (ii) all or substantially all of the assets of the Company or Spirit and all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company. A **Liquidity Event** under the SERP includes the initial public offering consummated by the Company on November 27, 2006. Thus, Mr. Turner will be entitled to payment under the SERP with respect to his phantom stock units upon any future **Change in Control**. Payment under the SERP will be made in a single lump sum in cash or stock as soon as administratively practicable following the change in control.

*Deferred Compensation Plan*

Pursuant to the DCP, the named executive officers participating in the DCP are entitled to receive payment of amounts credited to their deferred compensation accounts under the DCP upon a separation from service with Spirit and its affiliates. Amounts are payable in a lump sum or in up to 15 annual installment payments, as elected by each participant (subject to the terms and conditions set forth in the DCP).

Payment to a participant of any employer matching or discretionary contributions made under the DCP is subject to satisfaction by the participant of noncompetition and nonsolicitation requirements during the term of the participant's employment and for so long as the participant receives payments under the DCP and confidentiality requirements. In addition, the participant must not have been terminated for cause.

*Summary Tables*

The following tables summarize the amounts potentially payable upon termination of employment for each of Messrs. Turner, Schmidt and Greenberg, assuming termination occurred on December 31, 2008. For purposes of presenting amounts payable over a period of time (e.g., salary continuation), the amounts are shown as a single total but not as a present value (i.e., the single sum does not reflect any discount).

**Change in Control**

Neither the Company nor Spirit maintains a change in control agreement or any other similar plan or arrangement intended specifically to provide income protection for executive officers upon a change in control. However, under the SERP, a change in control may result in payment of amounts with respect to phantom stock granted under the SERP. Under the EIP, a change in control may provide participants the opportunity to acquire an interest in restricted shares granted under the EIP and/or may increase the opportunity to acquire an interest in restricted shares upon a future liquidity event. In addition, Spirit's employment agreements with Messrs. Schmidt and Greenberg treat certain adverse employment action in connection with a change in control as an involuntary termination without cause for purposes of determining amounts payable pursuant to those agreements.

**Executive Incentive Plan**

Pursuant to the EIP, participants have the opportunity to acquire an interest in restricted shares granted under the EIP upon the occurrence of a Liquidity Event. A Liquidity Event is defined under the EIP to include a Change in Control. A Change in Control is defined under the EIP as a transaction pursuant to which a person, or more than one person acting as a group (in either case, however, excluding Onex), acquires (i) more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), or (ii) all or substantially all of the assets of the Company or Spirit and all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company. Thus, upon a Change in Control under the EIP, participants may have the opportunity to acquire an interest in restricted shares granted under the EIP. On October 20, 2008, the Board amended the EIP to remove the change in control requirement from the EIP. Thus, to the extent EIP participants have been granted restricted stock under the EIP in which they have not yet acquired an interest as of June 16, 2015, they may acquire an interest in that stock on that date, regardless of whether a change in control has occurred.

Upon the occurrence of a Liquidity Event under the EIP (including a Change in Control), the number of restricted shares in which a participant acquires an interest (if any) depends on three factors, including a service factor (based on the number of years of service credited or deemed credited as of the Liquidity

**Table of Contents**

Event ). Participants who are employed on the date of a Liquidity Event are deemed to have fully satisfied the service factor for purposes of determining the number of restricted shares in which such participant acquired an interest with respect to that Liquidity Event. In addition, upon a Change in Control, special rules apply for purposes of applying the service factor in the event of a subsequent Liquidity Event.

For each participant employed on the date of the Change in Control who either is not offered continued employment in a comparable position or continues employment after the Change in Control but, within 12 months, is either involuntarily terminated without cause or is assigned to a position that is not a comparable position, the service factor is deemed fully satisfied upon future liquidity events.

For each participant employed on the date of the Change in Control who is offered a comparable position but declines to accept it, the service factor is not deemed fully satisfied upon future liquidity events, but a more accelerated schedule applies for purposes of determining the extent to which the service factor has been satisfied.

Accordingly, a Change in Control under the EIP may increase the extent to which a participant may acquire an interest in restricted shares under the EIP upon a future Liquidity Event.

*Ulrich (Rick) Schmidt Employment Agreement*

Pursuant to Spirit's employment agreement with Mr. Schmidt, his employment will be treated as involuntarily terminated without cause if, following a change in control (as defined in the EIP), either he is not offered continued employment in a comparable position or he continues to perform services following the change in control but is, within 12 months following the change in control, assigned to a position that is not a comparable position. As more fully described above, certain additional payments and benefits are due upon an involuntary termination of Mr. Schmidt's employment without cause. Accordingly, a change in control may result in the payment of those additional amounts if Mr. Schmidt's employment does not continue in a comparable position following such change in control.

*Jonathan A. Greenberg Employment Agreement*

Pursuant to Spirit's employment agreement with Mr. Greenberg, his employment will be treated as involuntarily terminated without cause if, following a change in control (as defined under Expiration of Employment Agreement or Involuntary Termination by Spirit without Cause ), either he is not offered continued employment in a comparable position or within 12 months following the change in control, he is assigned to a position that is not a comparable position. As more fully described above, certain additional payments and benefits are due upon an involuntary termination of Mr. Greenberg's employment without cause. Accordingly, a change in control may result in the payment of those additional amounts if Mr. Greenberg's employment does not continue in a comparable position following such change in control.

*Summary Table*

The following table summarizes the compensation that may become payable to the named executive officers upon a change in control, assuming the change of control occurred on December 31, 2008.

Assumes all remaining equity interest in us held by Onex is disposed of in a transaction occurring as of December 31, 2008, and Return on Invested Capital equals or exceeds 26%. Therefore, EIP participants acquire an interest in all remaining shares of restricted stock. Value per share of restricted stock assumed to be \$10.17 (the closing price for our Class A Common stock on December 31, 2008).
- (3) Sum of amounts payable in connection with involuntary termination without cause, other than amounts payable as a result of the crediting of additional years of service for vesting purposes under the EIP, which are already included in the EIP column.
- (4) Sum of amounts payable in connection with involuntary termination without cause.

**Change in Responsibilities**

As discussed above, under Spirit's employment agreements with Messrs. Schmidt and Greenberg, if Mr. Schmidt or Mr. Greenberg is assigned to a position following a change in control that is not a comparable position, he may be treated as terminated without cause. The compensation payable to each of them in that event is summarized in the immediately preceding table.

**PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**Overview**

PricewaterhouseCoopers LLP currently serves as the Company's independent registered public accounting firm, and that firm conducted the audit of the Company's accounts for fiscal year 2008. The Audit Committee has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year 2009, and the Board is asking stockholders to ratify that selection. Selection of the Company's independent registered public accounting firm is not required to be submitted to a vote of the stockholders of the Company for ratification. Although the Sarbanes-Oxley Act of 2002, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and supervise the Company's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of PricewaterhouseCoopers LLP for ratification by stockholders as a matter of good corporate practice.

If a majority of votes cast on this matter are not cast in favor of the selection of PricewaterhouseCoopers LLP, the Audit Committee and the Board will reconsider the selection of such firm as the Company's independent registered public accounting firm. Even if stockholders vote on an advisory basis in favor of the selection, the Audit Committee may, in its discretion, direct the selection of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and the stockholders.

The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have an opportunity to make a statement, and will be available to respond to appropriate questions.

Unless otherwise instructed, the proxy holders will vote proxies received by them **FOR** the proposal. The affirmative vote of a majority of the votes of the shares of common stock represented at the meeting is required to approve the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the current fiscal year.

**Report of the Audit Committee**

The Board has a separately-designated standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee assists the Board in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to any governmental body or the public, the Company's systems of internal controls regarding finance, accounting, legal and regulatory compliance, and ethics that the Board and the Company's management have established, and the Company's auditing, accounting, and financial reporting processes generally. The Audit Committee annually selects the Company's independent registered public accounting firm and evaluates the independence, qualifications, and performance of the Company's internal auditors and the independent registered public accounting firm. The Audit Committee establishes procedures for and oversees receipt, retention, and treatment of complaints received by the Company regarding accounting, internal control, or auditing matters and the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the Company's audited financial statements as of and for the year ended December 31, 2008, as well as the representations of management regarding the Company's internal control over financial reporting. The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls, management's representations regarding internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm all items required by the standards of the Public Company Accounting Oversight Board, including the Statement on Auditing Standards, No. 61, as amended by AICPA, Professional Standards, Vol. 1, AU section 380, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, *Communication with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm its independence from the Company and its management.

The Audit Committee has relied on management representations that the financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America and on the opinion of the independent registered public accounting firm included in their report to the Company's audited financial statements.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the SEC, and selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2009.

- (2) For 2007, amount is primarily for assistance with the Company's secondary offering and Registration Statement on Form S-1, technical accounting and reporting consultations and acquisition related due diligence associated with certain manufacturing sites in Europe. For 2008, amount is primarily for assistance with non-recurring technical reviews requested by the Company.
- (3) Represents fees and expenses for preparation and review of tax returns and filings, tax consultations and advice related to compliance with tax laws, and tax planning strategies. For fiscal year 2007, no fees or expenses were incurred for tax services.
- (4) No fees or expenses were incurred in this category for fiscal years 2007 and 2008.

The Audit Committee has concluded the provision of the non-audit services listed above is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

**Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm**

The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. Each year, the Audit Committee approves the terms on which the independent registered public accounting firm is engaged for the ensuing fiscal year. All non-audit services must be approved by the Audit Committee.

**OTHER MATTERS**

## **General**

The Board does not intend to bring any other business before the meeting, and so far as is known to the Board, no matters are to be brought before the meeting except as specified in the notice of the meeting. In addition to the scheduled items of business, the meeting may consider stockholder proposals (including proposals omitted from the Proxy Statement and form of proxy pursuant to the proxy rules of the SEC) and matters relating to the conduct of the meeting. As to any other business that may properly come before the meeting, it is intended that proxies will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

## **The Company's Solicitation of Proxies**

The Proxy accompanying this Proxy Statement is solicited by the Board. Proxies may be solicited by officers, directors, and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. The Company will pay persons holding shares of common stock in their names or in the names of nominees, but not owning such shares beneficially, such as brokerage houses, banks, and other fiduciaries, for the expense of forwarding solicitation materials to their principals. All of the costs of solicitation of proxies will be paid by the Company.

**Table of Contents**

**Stockholders Proposals to Be Presented at the Next Annual Meeting**

*Stockholders Proposals.* Proposals of stockholders intended to be presented at the Company's 2010 Annual Stockholder Meeting (i) must be received by the Company at its offices no later than November 20, 2009 (120 days preceding the one year anniversary of the Mailing Date), (ii) may not exceed 500 words, (iii) must satisfy the conditions established by the Securities and Exchange Commission for stockholder proposals to be included in the Company's Proxy Statement and form of proxy for that meeting, and (iv) must otherwise contain certain information specified in the Company's By-laws.

*Discretionary Proposals.* Stockholders intending to commence their own proxy solicitations and present proposals from the floor of the 2010 Annual Stockholder Meeting in compliance with Rule 14a-4 promulgated under the Exchange Act must notify the Company of such intentions before February 4, 2010 (the first business day following 45 days preceding the one year anniversary of the Mailing Date). After such date, the Company's proxy in connection with the 2010 Annual Stockholder Meeting may confer discretionary authority on the Board to vote.
