Table of Contents**Item 1.01. Entry into a Material Definitive Agreement**

On May 14, 2007, in connection with the closing of the acquisition (the Acquisition) described below in Item 2.01, SkillSoft Public Limited Company, a corporation incorporated under the laws of the Republic of Ireland (the Company), entered into a Credit Agreement (the Credit Agreement) among the Company, its subsidiary SkillSoft Corporation, as borrower (the Borrower), Credit Suisse, as administrative agent and collateral agent (the Agent), Credit Suisse Securities (USA) LLC, as sole bookrunner and sole lead arranger, Keybank National Association, as syndication agent, Silicon Valley Bank, as documentation agent, and the lenders party thereto (the Lenders). The Credit Agreement provides for a \$225 million senior secured credit facility comprised of a \$200 million term loan facility and a \$25 million revolving credit facility. Proceeds of the Credit Agreement will be used to finance the Acquisition and for general corporate purposes. In connection with the Acquisition, SkillSoft Corporation borrowed the entire \$200 million available under the term loan facility. The term loan bears interest at a rate per annum equal to, at the election of the Borrower, (i) an alternative base rate plus a margin of 1.75% or (ii) adjusted LIBOR plus a margin of 2.75%, and revolving loans bear interest at a rate per annum equal to, at the election of the Borrower, (i) an alternative base rate plus a margin of 1.50% to 1.75% or (ii) adjusted LIBO plus a margin of 2.50% to 2.75%. The alternative base rate is the greater of Credit Suisse's prime rate and the federal funds effective rate plus 0.50%. Overdue amounts under the Credit Agreement bear interest at a rate per annum equal to 2.00% plus the rate otherwise applicable to such loan.

The Borrower is required to pay the Lenders a commitment fee at a rate per annum of 0.50% on the average daily unused amount of the revolving credit facility commitments of such Lenders during the period for which payment is made, payable quarterly in arrears. The term loan is payable in 24 consecutive quarterly installments of (i) \$500,000 in the case of each of the first 23 installments, on the last day of each of September, December, March, and June commencing September 30, 2007 and ending on March 31, 2013, and (ii) the balance due on May 14, 2013. The revolving credit facility terminates on May 14, 2012, at which time all outstanding borrowings under the revolving credit facility are due. The Borrower may optionally prepay loans under the Credit Agreement at any time, without penalty. The loans are subject to mandatory prepayment in certain circumstances.

The Credit Agreement contains customary representations and warranties as well as affirmative and negative covenants. Affirmative covenants include, among others, with respect to the Company and its subsidiaries, maintenance of existence, financial and other reporting, payment of obligations, maintenance of properties and insurance, maintenance of a credit rating, and interest rate protection. Negative covenants include, among others, with respect to the Company and its subsidiaries, limitations on incurrence or guarantees of indebtedness, limitations on liens, limitations on sale and lease-back transactions, limitations on investments, limitations on mergers, consolidations, asset sales and acquisitions, limitations on dividends, share redemptions and other restricted payments, limitations on affiliate transactions, limitations on hedging transactions, and limitations on capital expenditures. The Credit Agreement also includes a leverage ratio covenant and an interest coverage ratio covenant (the ratio of the Company's consolidated EBITDA to its consolidated interest expense as calculated pursuant to the Credit Agreement). The Credit Agreement contains customary events of default, including, among others, inaccuracy of representations and warranties in any material respect, non-payment of principal, interest or other amounts when due, violation of covenants, cross-defaults with other material indebtedness, certain undischarged judgments, the occurrence of certain ERISA or bankruptcy or insolvency events and the occurrence of a Change in Control (as defined in the Credit Agreement). Upon the occurrence and during the continuance of an event of default under the Credit Agreement, the Lenders may declare the loans and all other obligations under the Credit Agreement immediately due and payable. A bankruptcy or insolvency event of default causes such obligations automatically to become immediately due and payable.

The obligations of the Borrower under the Credit Agreement are guaranteed by the Company, the domestic subsidiaries of the Company, and certain other material subsidiaries pursuant to a Guarantee and Collateral Agreement, dated May 14, 2007 (the Guarantee and Collateral Agreement), among the Company, the subsidiary guarantors party thereto from time to time (the Guarantors), and the Agent on behalf of the Lenders, and in addition by certain foreign law guarantees issued by certain of the Guarantors. The loans and the other obligations of the Borrower under the Credit Agreement and related loan documents and the guarantee obligations of the Company and

Guarantors are secured by substantially all of the tangible and intangible assets of the Borrower, the Company,

and each Guarantor (including, without limitation, intellectual property and the capital stock of certain subsidiaries) pursuant to the Guarantee and Collateral Agreement, and pursuant to certain foreign debentures and charges against their assets.

The foregoing descriptions of the Credit Agreement and the Guarantee and Collateral Agreement do not purport to be complete statements of the parties' rights under such agreements and are qualified in their entirety by reference to the full text of the Credit Agreement and the Guarantee and Collateral Agreement, which are filed as Exhibits 10.1 and 10.2 hereto, respectively.

In conjunction with the Credit Agreement the Company entered into a \$160 million Hedge Contract at a rate of 5.1015% to limit its exposure to the possible fluctuations of the LIBOR. Under the terms of the Credit Agreement the Company is required to hedge a minimum of 50% of the Term Loan for a period of 2 years.
