It is anticipated that this Proxy Statement, the Notice of Annual Meeting, the proxy card and the Company's Annual Report to Stockholders will be mailed to stockholders of the Company on or about September 30, 2003.

Record Date

Only stockholders of record at the close of business on September 11, 2003 (the Record Date) are entitled to vote at the Annual Meeting.

Proxies properly executed and returned in a timely manner (or in the case of votes timely cast telephonically or by Internet by registered stockholders as described in the proxy card) will be voted at the Annual Meeting in accordance with the directions given. If no direction is indicated, proxies will be voted for the election of the nominees named herein as directors and for ratification of Ernst & Young LLP as the Company's independent public accountants for the fiscal year ending June 30, 2004. A quorum is required to conduct business at the Annual Meeting.

Voting Requirements

If a properly executed proxy is returned (or voted by telephone or Internet) and the stockholder has abstained from voting on any matter, the shares represented by such proxy will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter. Audit Committee Report

As the Company's Audit Committee, our primary function is to assist the Board in fulfilling its oversight responsibilities by reviewing the Company's financial reporting and audit processes, system of internal controls and ethical behavior. Management is responsible for the Company's financial statements and the financial reporting process, including the system of internal controls. We also monitor the preparation by management of the Company's quarterly and annual financial statements. The independent auditors are responsible for expressing an opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States. We also are responsible for reviewing the scope of audit services in conjunction with management and the auditor and discussing with the auditor any relationships or services that may impact the objectivity and independence of the auditor.

In fulfilling our oversight role, we met and held discussions with the Company's management and auditors. Management advised us that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and we reviewed and discussed the consolidated financial statements and key accounting and reporting issues with management and the auditors. We discussed privately with the auditors matters deemed significant by the auditors, including those matters required to be discussed pursuant to Statement on Auditing Standards No. 61 and No. 90 (Communication with Audit Committees), as amended.

The auditors also provided us with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed with the auditors matters relating to their independence (there were no non-audit services rendered by the auditors for the fiscal year ended June 30, 2003).

Based on our review with management and the auditors of the Company's audited consolidated financial statements and the auditors' report on such financial statements, and based on the discussions described above, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2003 for filing with the Securities and Exchange Commission.

Stock Option Plan

The Stock Option Plan is designed as a means to attract, retain and motivate key employees and directors. The Compensation Committee is currently responsible for administering and interpreting the Stock Option Plan.

Options are granted under the Stock Option Plan on such terms and at such prices as determined by the Compensation Committee, except that the per share exercise price of the options cannot be less than the fair market value of the Class A Common Stock on the date of grant. Each option is for a term of not less than five years nor more than ten years, as determined by the Compensation Committee. The Stock Option Plan provides that options granted vest in four equal annual installments beginning on the first anniversary of the date of grant, unless otherwise provided by the Board of Directors or the Compensation Committee. However, in the event of a change of control (as such term is defined in the Stock Option Plan), all outstanding options become immediately exercisable. Options granted under the Stock Option Plan are not transferable other than by will or by the laws of descent and distribution.

The number of shares of Class A Common Stock authorized under the Company's Stock Option Plan is 9,000,000. As of September 11, 2003, the Company had granted, net of cancellations, options to purchase an aggregate of 7,320,273 shares of the Class A Common Stock with exercise prices ranging from \$9.31 per share to \$26.38 per share, leaving 1,679,727 options available for future grants.

Compensation Committee Report on Executive Compensation

The Compensation Committee is composed of two outside (non-management) directors of the Company. The Committee's responsibilities include reviewing and making recommendations to the Board of Directors generally with respect to the compensation of the Company's executive officers. The Board of Directors reviews these recommendations and approves all executive compensation action.

The Company's executive compensation program is designed to align compensation with the Company's business strategy, values and management initiatives. Historically, the components of the Company's compensation program for executive officers have included base compensation and stock options.

Table of Contents

Base Compensation

The Committee has evaluated and determined appropriate ranges of pay for all categories of management to facilitate a Company-wide systematic salary structure with appropriate internal alignment. In determining appropriate pay ranges, the Committee annually examines market compensation levels for executives who are currently employed in similar positions in public companies with comparable revenues, net income and market capitalization.

Stock Options

Stock options align the interests of employees and stockholders by providing value to the employee when the stock price increases. All options are granted with exercise prices equal to 100% of the fair market value of the Class A Common Stock on the date of grant.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits an employer's income tax deduction for compensation paid to certain key executives of a public company to \$1,000,000 per executive per year. The Company has no executives whose salaries currently approach this level and, accordingly, has not addressed what approach it will take with respect to Section 162(m), except to the extent the Stock Option Plan contains standard limits and provisions on awards which are extended to enable such awards to be exempt from the Section 162(m) deduction limits.

Compensation of Chairman of the Board and Chief Executive Officer

The Compensation Committee's approach to executive compensation is designed to focus management's attention on and reward strong financial performance, overall leadership, strategic planning and increased shareholder value. Stock ownership is a fundamental principle underlying the philosophy and structure of the Company's compensation. Ownership ensures alignment with the interests of stockholders and reinforces the Company's aim of people working together.

Mr. Huizenga has been awarded periodic grants of stock options since he became Chairman of the Board and Chief Executive Officer in September 1996, but has not been paid a salary or bonus. He was awarded stock options entitling him to purchase 250,000 shares of Class A Common Stock exercisable at a price of \$11.16 during the year ending June 30, 2003, compared to stock options entitling him to purchase 250,000 shares of Class A Common Stock exercisable at a price of \$9.32 during the year ending June 30, 2002.

While the U.S. economic recession compounded by geopolitical concerns has made for an exceedingly difficult business environment, Mr. Huizenga together with his management team, achieved several key objectives during the fiscal year ended June 30, 2003. Mr. Huizenga led the Company to achieve solid financial performance in spite of the challenging macroeconomic landscape. Pre-tax income from continuing operations, before charges for the early retirement of debt, totaled \$14.5 million for the fiscal year ended June 30, 2003, compared to \$8.9 million for the year ended June 30, 2002. The fiscal year was also marked by additional strategic investments in the Company's resort portfolio, including a \$20.0 million comprehensive guestroom renovation at the Registry Resort and a state-of-the-art marina renovation at the Bahia Mar Resort and Yachting Center. The marina renovation is expected to be completed in the Fall of 2003 and cost \$18.0 million. In addition to undertaking capital projects, two non-core land parcels were sold during the year and the nearly \$13.0 million in net proceeds were used to further reduce debt and repurchase Company stock. Management was also successful in improving the Company's financial flexibility by extending its \$146 million revolving credit facility to June 2005. The Compensation Committee's knowledge of Mr. Huizenga's successful business background, together with their observation of his performance during his tenure with the Company, assures the Committee of his ability to provide the Company with strong leadership.

RELATED TRANSACTIONS

The following is a summary of material agreements and transactions between or among the Company and related parties. It is the Company's policy to enter into any such transactions with related parties on terms that, on the whole, are no less favorable than those that would be available from unaffiliated parties. Based on management's experience and the terms of the Company's transactions with unaffiliated parties, it is management's belief that all of the transactions described below involving the Company met that standard at the time such transactions were effected.

The Company paid a management fee to Huizenga Holdings, Inc., a corporation whose sole shareholder is the Company's Chairman and Chief Executive Officer, H. Wayne Huizenga, equal to \$1.9 million, \$2.7 million and \$3.7 million for the fiscal years ended June 30, 2003, 2002 and 2001, respectively. Following the resignation of Richard C. Rochon as President of the Company (where he served without salary), and as President of Huizenga Holdings, Inc., the management agreement was amended to limit the management fee payable for the fiscal year ended June 30, 2003 to the lesser of 1% of total revenue, or \$1.9 million. The limit on the management fee for the fiscal year ended June 30, 2003 was principally due to Mr. Rochon's resignation. Prior to that, the management fee was equal to 1% of total revenue of the Company. It is anticipated that the management agreement and fee will continue to be reviewed annually by the Company. Pursuant to the agreement, Huizenga Holdings, Inc. primarily provides certain administrative, financing, tax, legal, investor relations and strategy related services to the Company.

The Company paid Callaghan & Partners, Ltd. \$326,000 and \$448,000 during the years ended June 30, 2002 and 2001, respectively, which represented 1.5% of the budgeted construction and development cost of certain approved projects. No amounts were paid or owed during the fiscal year ended June 30, 2003. Dennis J. Callaghan, a director of the Company, is President of Callaghan & Partners, Ltd., an entity founded by Mr. Callaghan to acquire, develop, finance, renovate and manage resorts, hotels and residential and commercial properties in the United States and abroad.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than five percent of the Class A Common Stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of change in ownership of the Class A Common Stock. Such persons are required by regulations of the Securities and Exchange Commission to furnish the Company with copies of all such reports they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company, all Section 16(a) filings with respect to the Company's fiscal year ended June 30, 2003 were timely made.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's Bylaws provide that the Board of Directors shall consist of one or more members, the exact number of which may be determined from time to time by the Company's stockholders or the Board of Directors. On July 25, 2003, the Board of Directors nominated all of its then present members for re-election as directors for a term expiring at the Company's 2004 Annual Meeting of Stockholders or until a successor of each has been elected and qualified. All nominees have indicated their willingness to serve and, unless otherwise specified on the proxy, it is the intention of the proxy holders to vote for the nominees listed below. The confirmed nominees for the Board of Directors for the term expiring at the Company's 2004 Annual Meeting of Stockholders or until a successor of each is duly elected and qualified are as follows:

Steven R. Berrard
Dennis J. Callaghan
Michael S. Egan
Harris W. Hudson
H. Wayne Huizenga
George D. Johnson, Jr.
Henry Latimer
Peter H. Roberts
Richard C. Rochon

Biographical information relating to each of these nominees for director appears earlier in this Proxy Statement under the heading BIOGRAPHICAL INFORMATION REGARDING DIRECTORS AND EXECUTIVE OFFICERS.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES FOR DIRECTOR NAMED ABOVE. PROXY CARDS EXECUTED AND RETURNED (OR INTERNET AND TELEPHONE VOTING FOR REGISTERED HOLDERS OF COMMON STOCK) WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

PROPOSAL TWO

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Sarbanes-Oxley Act provides that each corporation's audit committee is directly responsible for appointing the independent public accountants. Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Audit Committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in their discretion may direct the appointment of a different

independent accounting firm at any time during the year if

Table of Contents

it determines that such a change would be in the best interests of the Company and its stockholders. It is anticipated that a representative from Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if so desired and will be available to respond to any appropriate questions. Ernst & Young LLP replaced Arthur Andersen LLP as the Company's independent public accountants on June 26, 2002. Arthur Andersen LLP acted as independent accountants of the Company from 1996 until June 2002.

STOCKHOLDER PROPOSALS

In accordance with rules promulgated by the Securities and Exchange Commission, any stockholder who wishes to submit a proposal for inclusion in the proxy material to be distributed by the Company in connection with its 2004 Annual Meeting of Stockholders must do so no later than June 1, 2004, which represents 120 calendar days before September 30 (the date of this Proxy Statement). Any such proposal should be submitted in writing to the Secretary of the Company at its principal executive offices.

In addition, the Company's Bylaws require that in order for any business to be properly brought before any meeting of stockholders, including nominations for the election of directors, a stockholder must provide written notice delivered to the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting (*provided, however*, that in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by the corporation).

The stockholder notice must include the stockholder's name and address as it appears on the Company's records and the class and number of shares of the Company's capital stock beneficially owned by such stockholder. In addition, (a) for proposals other than nominations for the election of directors, such notice must include a description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and any material interest of the stockholder in such business, and (b) for proposals relating to stockholder nominations for the election of directors, such notice must also include, with respect to each person nominated, the information required by Regulation 14A under the Exchange Act.

OTHER MATTERS

Management does not intend to present any other items of business and knows of no other matters that will be brought before the Annual Meeting. However, if any additional matters are properly brought before the Annual Meeting, the persons named in the enclosed proxy shall vote the proxies in their discretion in the manner they believe to be in the best interests of the Company. The accompanying form of proxy has been prepared at the direction of the Board of Directors and is sent to you at the request of the Board of Directors.
