**KIRKLAND S REPORTS THIRD QUARTER SALES**

JACKSON, Tenn. (November 6, 2003) Kirkland s, Inc. (NASDAQ/NM: KIRK) today announced sales for the 13-week and 39-week periods ended November 1, 2003.

Net sales for the third quarter ended November 1, 2003, increased 12.2% to \$84.1 million from \$74.9 million for the third quarter ended November 2, 2002. Comparable store sales for the third quarter of 2003 increased 2.7%, in line with the upwardly revised expectations the Company announced on October 20. Kirkland s comparable store sales increased 9.2% for the third quarter of 2002.

Net sales for the 39-week period ended November 1, 2003, increased 9.6% to \$236.4 million from \$215.8 million for the 39-week period ended November 2, 2002. Comparable store sales for the 39 weeks ended November 1, 2003, increased 2.2% compared with a 14.4% increase in the prior-year period.

Kirkland s also affirmed its previously issued guidance for third quarter net income of \$0.07 to \$0.09 per diluted share, before taking into account an anticipated one-time charge of \$0.04 per diluted share related to the expected termination of the Company s current warehouse leases in connection with the lease of a new distribution center. The Company will release its third quarter financial results after the market closes on December 4, 2003, and discuss its outlook for the fourth quarter on its regularly scheduled earnings conference call at 10:00 a.m. EST on December 5, 2003.

Commenting on the announcement, Robert Alderson, Kirkland s President and Chief Executive Officer, said, The strong third quarter sales for the last two years made for a tough comparison this quarter. Sales trends were healthy throughout most of the period leading to solid year over year improvement, but the pace of business slowed somewhat during the last two weeks of the quarter. We believe we are properly positioned for our peak season, but the finish to this quarter and the absence of sustained improvement in job growth and consumer spending continue to suggest a cautious outlook for the fourth quarter.
