Item 2.02. Results of Operations and Financial Condition

Brown-Forman Corporation issued a press release today, February 22, 2005 reporting results of its operations for the fiscal quarter ended January 31, 2005. A copy of this Brown-Forman Corporation press release is attached hereto as Exhibit 99.1.

Item 2.06 Material Impairments

On February 21, 2005, management determined that Brown-Forman Corporation's consolidated financial statements for the quarter ended January 31, 2005 should reflect a charge of \$37 million for impairment of goodwill associated with the Company's Lenox, Incorporated retail business. This is a non-cash impairment charge that will not result in any future cash expenditures.

The impairment charge reflects lowered expectations for the future prospects of the company-owned Lenox retail outlet business in light of changing consumer buying patterns and a related shift in business strategy by the Lenox management. The \$37 million represents the excess of the book value of the goodwill over the fair value, as estimated using discounted projected future cash flows based on the revised long-term outlook for the business.

Item 7.01 Other Events

On February 22, 2005, Brown-Forman Corporation issued a press release announcing the decision of its Board of Directors to explore strategic alternatives with respect to the Company's wholly-owned subsidiary Lenox, Incorporated, including a possible sale of Lenox, Incorporated. A copy of this Brown-Forman Corporation press release is attached hereto as Exhibit 99.2.

To assist in the continuity of management during this process, the Company has entered into bonus arrangements with key executives of Lenox, Incorporated, contingent upon their remaining with the Company through the closing of a sale. In addition, Lenox, Incorporated is entering into retention agreements with certain of its management employees with respect to their continued employment after a closing.
