If the Company makes any substantive amendments to, or grants a waiver (including an implicit waiver) from, a provision of our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), we will disclose such amendment or waiver on our website and in a Current Report on Form 8-K filed with the Securities and Exchange Commission (SEC).

Change in Control During Fiscal 2007

On March 27, 2007, pursuant to the terms of a Merger Agreement and Plan of Reorganization, we were part of a three-way merger with Fropix Corporation, or Fropix, a development stage research and development company, controlled by The Frost Group, LLC, and Acuity Pharmaceuticals, Inc., or Acuity, a development stage research and development company (collectively referred to as the Acquisition). Per that agreement, we issued capital stock to acquire all of the issued and outstanding capital stock of Fropix and Acuity. After the Acquisition, we began doing business as OPKO Health, Inc., or OPKO, and changed our name as such.

Director Independence

In evaluating the independence of each of our directors, the Board of Directors considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board of Directors also examined transactions and relationships between directors or their known affiliates and members of the Company's senior management and their known affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent under applicable laws and regulations and AMEX listing standards. The Board of Directors affirmatively determined that a majority of our directors, including Messrs. Robert A. Baron, Thomas E. Beier, Richard C. Pfenniger, Jr., Michael Reich and Drs. Pascal J. Goldschmidt and Richard A. Lerner, are independent directors within the meaning of the listing standards of AMEX and applicable law. The Board had also determined that Dr. Melvin Rubin and David Eichler, who each served on our Board during all or part of 2007, were independent under applicable law and AMEX listing standards. In making the independence determinations, the Board considered a number of factors and relationships, including (i) Dr. Frost's service as a member of the Board of Trustees for the University of Miami and its Service Committee, a 501(c)(3) entity for which Dr. Goldschmidt serves as an executive officer; (ii) Michael Reich's familial relationship with Sam Reich, the Company's EVP, Ophthalmics; and (iii) Dr. Frost's service on the board of directors for Continucare Corporation, an entity for which Mr. Pfenniger serves as Chairman, Chief Executive Officer, and President. Dr. Frost abstains from participating in any Service Committee or Board of Trustee decisions which may implicate Dr. Goldschmidt's compensation. As required by the AMEX, the Company's independent directors meet at least annually in executive session without the presence of its non-independent directors or management.

Board of Directors Voting

We currently have ten directors comprising the entirety of our Board. The Frost Group, LLC (the Frost Group), an entity controlled by our Chairman and CEO and several of our members of senior management, has agreed to vote for two of the directors, Messrs. Paganelli and Baron, under the Board of Director composition provisions of a voting agreement between the Frost Group and the Company. In addition, four of our current directors, Drs. Frost and Hsiao and Messrs. Reich and Rubin, were elected to the Board pursuant to the merger agreement entered into in connection with the Acquisition. See Certain Relationships and Related Party Transactions.

Meetings and Committees of the Board of Directors

Our Board met ten times during fiscal 2007. We intend for the independent directors of the Board to meet separately from Board meetings from time to time at their discretion. In fiscal 2007, all incumbent directors attended 75% or more of the Board meetings and meetings of the committees on which they served, other than Dr. Hsiao and Dr. Goldschmidt.

Although we encourage each member of our Board of Directors to attend our annual meetings of stockholders, we do not have a formal policy requiring the members of our Board of Directors to attend. We did not hold an annual meeting of stockholders during fiscal 2007.

Table of Contents**Standing Committees of the Board of Directors**

Our Board of Directors maintains several standing committees, including a compensation committee, a nominating and governance committee, and a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, and the rules and regulations promulgated thereunder. These committees and their functions are described below. Our Board of Directors may also establish various other committees to assist it in its responsibilities. Our Board of Directors has adopted a written charter for each of its standing committees. The full text of each charter is available on our website at <http://www.opko.com>.

Audit Committee

Our audit committee oversees our corporate accounting and financial reporting process. Our audit committee met six times during fiscal 2007. The responsibilities of our audit committee are set forth in a written charter adopted by our Board of Directors and reviewed and reassessed annually by the audit committee. Our audit committee:

evaluates the qualifications, independence and performance of our independent registered public accounting firm;

determines the engagement of our independent registered public accounting firm;

approves the retention of our independent registered public accounting firm to perform any proposed permissible non-audit services;

reviews our systems of internal controls established for finance, accounting, legal compliance, and ethics;

reviews our accounting and financial reporting processes;

provides for effective communication between our Board of Directors, our senior and financial management, and our independent auditors;

discusses with management and our independent auditors the results of our annual audit and the review of our quarterly financial statements;

reviews the audits of our financial statements;

Table of Contents

implements a pre-approval policy for certain audit and non-audit services performed by our registered independent public accounting firm; and

reviews and approves any related party transactions that we are involved in.

Our audit committee is composed of Messrs. Pfenniger, Baron, Beier, and Reich. Our Board of Directors has determined that Messrs. Pfenniger and Beier, each of whom is independent as independence for audit committee members is defined in AMEX listing standards, is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Compensation Committee

Our compensation committee reviews and either approves, on behalf of the Board of Directors, or recommends to the Board of Directors for approval, (i) annual salaries, bonuses, and other compensation for our executive officers, and (ii) individual equity awards for our employees and executive officers. Our compensation committee also oversees our compensation policies and practices. Our compensation committee met seven times during fiscal 2007. Our compensation committee may from time to time establish a subcommittee to perform any action required to be performed by a committee of non-employee directors pursuant to Rule 16b-3 under the Securities Exchange Act of 1934 and outside directors pursuant to Rule 162(m) under the Internal Revenue Code.

Our compensation committee also performs the following functions related to executive compensation:

coordinates the Board of Directors' role in establishing performance criteria for executive officers;

reviews and approves the annual salary, bonus, stock options, and other benefits, direct and indirect, of our executive officers, including our Chief Executive Officer;

reviews and recommends new executive compensation programs; reviews the operation and efficacy of our executive compensation programs;

establishes and periodically reviews policies in the area of senior management perquisites;

reviews and approves material changes in our employee benefit plans;

administers our equity compensation and employee stock purchase plans; and

reviews the adequacy of the compensation committee and its charter and recommends any proposed changes to the Board of Directors not less than annually.

In deciding upon the appropriate level of compensation for our executive officers, the compensation committee reviews our compensation programs relative to our strategic objectives and market practice and other changing business and market conditions. In addition, the compensation committee also takes into consideration the recommendations of our Chief Executive Officer concerning compensation actions for our other executive officers and may engage compensation consultants if the committee deems it appropriate.

Our compensation committee is composed of Dr. Lerner (Chairman), Dr. Goldschmidt, and Mr. Beier. We believe that the composition and functioning of our compensation committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, the AMEX, and the SEC's rules and regulations, including those regarding the independence of our compensation committee members.

Compensation Committee Interlocks and Insider Participation

The current members of our compensation committee are Dr. Lerner, Mr. Beier, and Dr. Goldschmidt. Dr. Melvin L. Rubin was a member of the compensation committee until his resignation from the Board of Directors on September 25, 2007. None of these individuals was at any time during fiscal 2007 or at any time prior thereto, an officer or employee of ours.

Corporate Governance and Nominating Committee

Our corporate governance and nominating committee's responsibilities include the selection of potential candidates for our Board of Directors, making recommendations to our Board of Directors concerning the structure

Table of Contents

and membership of the other Board committees, and considering director candidates recommended by others, including our Chief Executive Officer, other Board members, third parties, and stockholders. Our corporate governance and nominating committee is composed of Mr. Baron (Chairman), Dr. Goldschmidt, and Dr. Lerner. Our corporate governance and nominating committee did not meet during fiscal 2007 but took action by written consent on one occasion. We believe that the composition of our corporate governance and nominating committee complies with applicable requirements of the Sarbanes-Oxley Act of 2002, the AMEX, and the SEC's rules and regulations, including those regarding the independence of our corporate governance and nominating committee members.

The corporate governance and nominating committee identifies director nominees through a combination of referrals, including by stockholders, existing members of the Board of Directors, management, third parties, and direct solicitations, where warranted. Once a candidate has been identified, the corporate governance and nominating committee review the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation. The corporate governance and nominating committee usually believes it to be appropriate for committee members to interview the proposed nominee before making a final determination whether to recommend the individual as a nominee to the entire Board of Directors to stand for election to the Board of Directors. The committee does not plan to evaluate candidates identified by the corporate governance and nominating committee differently from those recommended by a stockholder or otherwise.

During March 2008, the corporate governance and nominating committee met and determined to recommend to the Board that it nominate each of the incumbent directors for election at the Annual Meeting.

Director Selection Criteria

The corporate governance and nominating committee will review and make recommendations to the Board of Directors regarding the appropriate qualifications, skills, and experience expected of individual members and of the Board of Directors as a whole with the objective of having a Board of Directors with sound judgment and diverse backgrounds and experience to represent stockholder interests.

The corporate governance and nominating committee believes that nominees for election to the Board of Directors should possess sufficient business or financial experience and a willingness to devote the time and effort necessary to discharge the responsibilities of a director. This experience can include, but is not limited to, service on other boards of directors or active involvement with other boards of directors, experience in the industries in which the Company conducts its business, audit and financial expertise, clinical experience, operational experience, or a scientific or medical background. The corporate governance and nominating committee does not believe that nominees for election to the Board of Directors should be selected through mechanical application of specified criteria. Rather, the corporate governance and nominating committee believes that the qualifications and strengths of individuals should be considered in their totality with a view to nominating persons for election to the Board of Directors whose backgrounds, integrity, and personal characteristics indicate that they will make a positive contribution to the Board of Directors.

Stockholder Nominations

The corporate governance and nominating committee will consider director candidates recommended by stockholders. Stockholders who wish to recommend candidates for election to the Board of Directors must do so in writing. The recommendation should be sent to the Secretary of the Company, OPKO Health, Inc., 4400 Biscayne Boulevard, Suite 1180, Miami, Florida 33137, who will forward the recommendation to the corporate governance and nominating committee. The recommendation must set forth (i) the name and address as they appear on the Company's books of the stockholder making the recommendation and the class and number of shares of capital stock of the Company beneficially owned by such stockholder and (ii) the name of the candidate and all information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors under the federal proxy rules. The recommendation must be accompanied by the candidate's written consent to being named in the Company's proxy statement as a nominee for election to the Board of Directors and to serving as a director, if elected. Stockholders must also comply with all requirements of the Company's Amended and Restated Bylaws with respect to nomination of persons for election to the Board of Directors.

Stockholder Communications with the Board

Edgar Filing: Opko Health, Inc. - Form DEF 14A

Stockholders may initiate in writing any communication with our Board of Directors or any individual director by sending the correspondence to OPKO Health, Inc., 4400 Biscayne Blvd., Suite 1180, Miami, Florida 33137, Attention: Kate Inman, Secretary. This centralized process assists our Board of Directors in reviewing and responding to stockholder communications in an appropriate manner. If a stockholder would like the letter to be forwarded directly to one of the Chairmen of the three standing committees of the Board, he or she should so

indicate. If no specific direction is indicated, the Secretary's office will review the letter and forward it to the appropriate Board member(s).

Employee Communications with the Audit Committee

The audit committee has established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting and auditing matters. These procedures are described in our OPKO Health, Inc. Policy for Reporting Questionable Accounting and Auditing Practices and Policy Prohibiting Retaliation Against Reporting Employees.

Certain Relationships and Related Party Transactions

A trust controlled by Dr. Phillip Frost, our Chairman of the Board and Chief Executive Officer, Jane H. Hsiao, our Vice Chairman and Chief Technical Officer, Steven D. Rubin, our Executive Vice President Administration and a member of our Board of Directors, and Rao Uppaluri, our Senior Vice President and Chief Financial Officer, are members of The Frost Group, LLC, or the Frost Group, an entity which beneficially owns approximately 11% of our common stock. Furthermore, the trust that is a principal member of the Frost Group beneficially owns approximately 43% of our common stock.

Prior to the consummation of the Acquisition in March 2007, we were a public shell company whose assets consisted of cash and nominal other assets. On February 9, 2007, we sold 19,440,491 shares of our common stock for \$8.0 million, constituting 51% of our issued and outstanding shares of capital stock on a fully diluted basis, to a small group of investors led by the Frost Group. The stock sale was made pursuant to the terms of a stock purchase agreement dated August 14, 2006, as amended as of November 30, 2006. In connection with the above sale we also issued 100,000 shares of our common stock to two Board members.

On February 9, 2007, the Frost Group entered into a voting agreement with us pursuant to which the Frost Group agreed to vote its shares of our common stock for the election of John Paganelli and Robert Baron as directors. The voting agreement continues for a period of three years.

On March 27, 2007, pursuant to the terms of a Merger Agreement and Plan of Reorganization, we were part of a three-way merger with Fropix Corporation, or Fropix, a development stage research and development company, controlled by the Frost Group, and Acuity Pharmaceuticals, Inc., or Acuity, a development stage research and development company, referred to as the Acquisition. Per that agreement, we issued new capital stock to acquire all of the issued and outstanding capital stock of Fropix and Acuity. After the merger, we began doing business as OPKO Health, Inc., or OPKO, and changed our name as such.

In connection with the consummation of the Acquisition, we assumed the rights and obligations of Acuity under the line of credit Acuity had with the Frost Group. We also amended and restated the Frost Group line of credit to provide additional available borrowing capacity. Under this amended and restated line of credit, we gained access to a total of \$12.0 million in available borrowings and we assumed Acuity's existing obligation to repay \$4.0 million outstanding under the line of credit. In 2007 we drew down the available amount under the line for a total of \$12.0 million borrowed. We are obligated to pay interest upon maturity, capitalized quarterly on outstanding borrowings under the line of credit at a 10% annual rate, which is due June 11, 2009. In connection with the assumption and amendment of the line of credit, we granted warrants to purchase 4,000,000 shares of our common stock to the Frost Group.

In June 2007, we paid a \$125,000 filing fee payable to the Federal Trade Commission in connection with filings to be made by us and Dr. Frost, our Chairman and Chief Executive Officer, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 ("HSR"). The filings permit Dr. Frost and his affiliates to acquire additional voting securities upon expiration of the HSR waiting period which expired on July 12, 2007.

In November 2007, we entered into an office lease (the "Lease") with Frost Real Estate Holdings, LLC, an entity affiliated with Dr. Phillip Frost, the Company's Chairman of the Board and Chief Executive Officer. The Lease is for approximately 8,300 square feet of space in an office building in Miami, Florida, where the Company's principal executive offices are located. We had previously been leasing this space from Frost Real Estate Holdings on a month-to-month basis while the parties were negotiating the lease. The Lease provides for payments of approximately \$18,000 per month in the first year increasing annually to \$24,000 per month in the fifth year, plus

Table of Contents

applicable sales tax. The rent is inclusive of operating expenses, property taxes, and parking. The rent for the first year has been reduced to reflect a \$30,000 credit for the costs of tenant improvements.

On December 5, 2007, members of the Frost Group made a \$20 million investment in the Company. Under the terms of the investment, we issued 10,869,565 shares of the Company's common stock, par value \$.01, at \$1.84 per share, representing an approximately 40% discount to the average trading price of our stock on the American Stock Exchange for the five trading days leading up to the closing of the investment. The shares issued in the investment are restricted securities, subject to a two year lockup, and no registration rights have been granted. Immediately following this investment, members of the Frost Group were collectively deemed to beneficially own in the aggregate approximately 62% of our outstanding common stock.

We reimburse Dr. Frost for Company-related use by Dr. Frost and our other executives of an airplane owned by a company that is beneficially owned by Dr. Frost. We reimburse Dr. Frost in an amount equal to the cost of a first class airline ticket between the travel cities for each executive, including Dr. Frost, traveling on the airplane for Company-related business. We do not reimburse Dr. Frost for personal use of the airplane by Dr. Frost or any other executive. Nor do we pay for any other fixed or variable operating costs of the airplane. During 2007, we reimbursed Dr. Frost approximately \$118,000 for Company-related travel by Dr. Frost and other Opko executives.

Our Policies Regarding Related Party Transactions

In April 2007, we adopted a written statement of policy with respect to related party transactions, which is administered by our audit committee. Under our related party transaction policy, a Related Party Transaction is any transaction, arrangement, or relationship between us or any of our subsidiaries and a Related Person, not including any transactions involving less than \$60,000 when aggregated with all similar transactions, or transactions that have received pre-approval of our audit committee. A Related Person is any of our executive officers, directors or director nominees, any stockholder beneficially owning in excess of 5% of our stock or securities exchangeable for our stock, any immediate family member of any of the foregoing persons, and any firm, corporation, or other entity in which any of the foregoing persons is an executive officer, a partner or principal or in a similar position, or in which such person has a 5% or greater beneficial ownership interest in such entity.

Pursuant to our related party transaction policy, a Related Party Transaction may only be consummated if:

Our audit committee approves or ratifies such transaction in accordance with the terms of the Policy; or

the chair of our audit committee pre-approves or ratifies such transaction and the amount involved in the transaction is less than \$100,000, provided that for the Related Party Transaction to continue it must be approved by our audit committee at its next regularly scheduled meeting.

If advance approval of a Related Party Transaction is not feasible, then that Related Party Transaction will be considered and, if our audit committee determines it to be appropriate, ratified, at its next regularly scheduled meeting. If we decide to proceed with a Related Party Transaction without advance approval, then the terms of such Related Party Transaction must permit termination by us without further material obligation in the event our audit committee ratification is not forthcoming at our audit committee's next regularly scheduled meeting.

Transactions with related persons, though not classified as Related Party Transactions by our related party transaction policy and thus not subject to its review and approval requirements, may still need to be disclosed if required by the applicable securities laws, rules, and regulations.

DIRECTOR COMPENSATION

On September 19, 2007, our Board of Directors, upon recommendation of the compensation committee, approved certain changes in non-employee director compensation. Previously, non-employee directors received an option to acquire 15,000 shares of the Company's common stock, and the chairman of each of the committees of the Board received an option to acquire an additional 5,000 shares of Company common stock. Effective as of September 19, 2007, (i) each non-employee director is entitled to receive: (a) an annual retainer of \$10,000, payable in quarterly installments; and (b) an option to acquire 40,000 shares of the Company's common stock upon initial appointment to the Board and an option to acquire 20,000 shares each year thereafter; and (ii) the chairman of each committee of the Board shall receive \$5,000 annually, payable in quarterly installments.

The following table sets forth information with respect to compensation of non-employee directors of the Company during fiscal year 2007.

- (3) Each of the directors, other than Dr. Rubin, received a total of 40,000 stock options during 2007 to acquire our common stock on different dates and at different stock prices. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of ten percent (10%) or more of our common stock (collectively, Reporting Persons) to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and any other equity securities. Based on a review of the copies of the reports furnished to us, the Reporting Persons complied with all applicable Section 16(a) filing requirements except for (i) one late Form 4 filing for each of Drs. Hsiao, Lerner and Uppaluri, Mr. Rubin and The Frost Group, LLC; (ii) five late Form 4 filings for Mr. Paganelli, and (iii) three late Form 4 filings for Dr. Frost.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

Our compensation philosophy is to attract and retain talented and dedicated executives who will work to achieve our desired business direction, strategy, and performance. The primary goals of our compensation program for our Named Executive Officers are (i) to attract, motivate, and retain talented executives with the skill sets and expertise we need to meet our scientific and business objectives; (ii) to be competitive in the marketplace; (iii) to tie annual and long-term cash and equity incentives to the achievement of specified performance objectives that will result in increased stockholder value; and (iv) to be cost-effective. To achieve these goals, we have formed a compensation committee that recommends executive compensation packages to our Board of Directors. These packages are generally based on a mix of salary, discretionary bonus, and equity awards. Although we have not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, we maintain compensation plans that tie a substantial portion of our executives' overall compensation to the achievement of corporate goals.

Benchmarking of Cash and Equity Compensation

Our compensation committee reviews executive compensation levels on an annual basis to ensure they remain competitive in our industry. Data for this review is prepared and provided to the compensation committee by our Vice President, Human Resources, with input from our Chief Executive Officer, as well as other members of senior management. This data details relevant market rates for executive base salaries, annual cash incentive, long-term incentive, and total compensation for companies of similar size in our industry. The sources for this data include the Executive Compensation Survey, a survey of 67 biotech companies ranging in size from less than \$20 million in revenues with less than 150 employees to over \$500 million in revenue with over 1,000 employees. The data we used for our analysis focused on 24 companies with less than \$20 million in revenues and less than 150 employees. We believe that criteria used by the Executive Compensation Survey were effective in yielding a comprehensive survey group of companies, or peer groups, comparable to the Company. Utilizing the compiled information, the compensation committee reviews the various components of executive compensation to determine the base salary, annual cash incentive, long term incentive, and equity compensation.

We may retain the services of third-party executive compensation specialists from time to time in connection with the establishment of cash and equity compensation and related policies, although we have not previously done so.

Elements of Compensation

We evaluate individual executive performance with a goal of setting compensation at levels the Board of Directors and the compensation committee believe are comparable with executives in other companies of similar size and stage of development. At the same time, our Board of Directors and compensation committee takes into account our relative performance and our own strategic goals. The primary elements of our compensation plans are base salary, discretionary annual bonus, and equity compensation, each of which is described in greater detail below.

Base Salary. We establish and maintain competitive annual base salaries for our Named Executive Officers by utilizing available resources, which include surveys as discussed above. While base salaries are not primarily performance-based, we believe it is important to provide adequate, fixed compensation to executives working in a highly volatile and competitive industry such as ours. We provide fixed salary compensation to our Named Executive Officers based on their responsibilities and individual experience, taking into account competitive market compensation paid by other companies for similar positions within the pharmaceutical industry. Although it is the general intent of the compensation committee to position base salaries at approximately the competitive median of the Company's peer groups based on data reviewed, the base salaries for the Company's Named Executive Officers in 2007 are below the median of our peer group. Because we are a development stage company and generated little revenue in 2007, we are trying to place emphasis on incentive forms of compensation, such as stock option grants. For 2008, none of the Named Executive Officers were granted increases in their base salaries.

Discretionary Annual Bonus. In addition to base salaries, our compensation committee has the authority to award discretionary annual bonuses to our Named Executive Officers based on corporate and individual performance. Incentives, as a percent of salary, increase with executive rank so that, as rank increases, a greater portion of total annual cash compensation is based on annual corporate and individual performance. Furthermore, as an executive's

rank increases, a greater percentage of that executive's cash bonus is based on corporate

Table of Contents

performance, rather than individual performance. Because we are a development stage company and generated little revenue during fiscal 2007, the compensation committee determined not to award annual cash incentive bonuses for fiscal 2007 and to focus on other forms of incentive compensation, such as stock option grants.

Equity Compensation. We believe that equity compensation should be a primary component of our executive compensation program. Stock options are a critical element of our long-term incentive strategy. The primary purpose of stock options is to provide Named Executive Officers and other employees with a personal and financial interest in our success through stock ownership, thereby aligning the interests of such persons with those of our stockholders. This broad-based program is a vital element of our goal to empower and motivate outstanding long-term contributions by our Named Executive Officers and other employees. The compensation committee believes that the value of stock options will reflect our financial performance over the long-term. Under our employee stock option program, options are granted at fair market value at the date of grant, and options granted under the program become exercisable only after a vesting period. Consequently, employees benefit from stock options only if the market value of our common stock increases over time. With respect to these stock options, we recognize compensation expense based on the Statement of Financial Accounting Standard 123R, Share-Based Payments (SFAS 123R). The compensation committee typically grants stock options to our Named Executive Officers under our 2007 Equity Incentive Plan. For all executives, other than the Chief Executive Officer, the compensation committee considers the recommendations of our Chief Executive Officer based on his subjective assessment of their performance. We have not granted any restricted stock or restricted stock awards pursuant to our equity benefit plans. However, our compensation committee, in its discretion, may in the future elect to make such grants to our Named Executive Officers if it deems it advisable.

Employment Agreements. We have not entered into an employment agreement with any of our executive officers.

Severance and Change-in-Control Benefits. None of our current executive officers are entitled to severance or change of control benefits.

401(k) Profit Sharing Plan. We have adopted a tax-qualified 401(k) Profit Sharing Plan (the 401(k) Plan) covering all qualified employees. The effective date of the 401(k) Plan is January 2008. Participants may elect a salary reduction of at least 1% as a contribution to the 401(k) Plan, up to the statutorily prescribed annual limit for tax-deferred contributions (\$15,500 for employees under age 50 and an additional \$5,000 for employees 50 and above in 2008). In 2008, the Company adopted the Roth contribution for employee elections. The 401(k) Plan permits employer matching of up to 4% of a participant's salary up to the statutory limits. In 2008, we elected a safe harbor contribution at 4% of annual compensation. All of our safe harbor contributions are immediately vested.

Other Compensation. All of our Named Executive Officers have standard benefits that are offered to all full-time, exempt employees. These standard benefits include health, dental and life insurance, and short and long term disability. We intend to continue to maintain the current benefits and perquisites for our Named Executive Officers; however, our compensation committee, in its discretion, may in the future revise, amend, or add to the benefits and perquisites of any Named Executive Officer if it deems it advisable.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally does not allow a deduction for annual compensation in excess of \$1,000,000 paid to our executive officers. This limitation on deductibility does not apply to certain compensation, including performance based compensation under a plan approved by our stockholders. It is expected that equity grants under our 2007 Equity Incentive Plan will qualify for the performance-based exceptions from the Section 162(m) limitations. Our policy is generally to preserve the federal income tax deductibility of compensation and to qualify eligible compensation for the performance-based exception in order for compensation not to be subject to the limitation on deductibility imposed by Section 162(m) of the Internal Revenue Code. We may, however, approve compensation that may not be deductible if we determine that the compensation is in our best interests as well as the best interests of our stockholders.

Table of Contents**INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

The audit committee has selected Ernst & Young LLP (Ernst & Young), as the Company s independent registered public accounting firm to audit our financial statements for fiscal 2008. We expect that a representative of Ernst & Young will attend the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

On April 9, 2007, the Board of Directors of the Company approved the decision to dismiss Rotenberg & Co., LLP (Rotenberg & Co.) and to engage Ernst & Young as the Company s independent registered public accounting firm to audit our financial statements for the fiscal year ended December 31, 2007. Rotenberg & Co. served as our independent auditors for 2006. Our stockholders, acting by majority written consent, ratified this appointment of Ernst & Young as the Company s independent registered public accounting firm effective June 5, 2007.

The reports of Rotenberg & Co. for the fiscal years ended December 31, 2006 and 2005 did not contain any adverse opinion or disclaimer of opinion and were not modified or qualified as to uncertainty, audit scope, or accounting principles. From September 23, 2005 through the end of the fiscal year ended December 31, 2006, there were no disagreements with Rotenberg & Co. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Rotenberg & Co., would have caused Rotenberg & Co. to make reference to the subject matter of the disagreements in connection with its report and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

On April 9, 2007, the Company requested that Rotenberg & Co. furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the above statements. A copy of such letter, dated April 11, 2007, was filed as an exhibit to a Current Report on Form 8-K filed by the Company on April 13, 2007.

During the fiscal years ended December 31, 2005 and 2006 and from January 1, 2007 through April 9, 2007, neither the Company nor anyone acting on its behalf consulted Ernst & Young regarding (1) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s consolidated financial statements or (2) any matter that was either the subject of a disagreement with Rotenberg & Co. on accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which, if not resolved to the satisfaction of Rotenberg & Co., would have caused Rotenberg & Co. to make reference to the matter in its report, or a reportable event as defined in Item 304(a)(1)(v) of Regulation S-K of the Securities and Exchange Commission. On April 11, 2007, the Company provided a copy of the foregoing disclosure to Ernst and Young and provided Ernst and Young with an opportunity to furnish a letter addressed to the Securities and Exchange Commission containing any new information, clarification of the Company s expression of its views, or the respects in which it does not agree with the statements made by the Company. Ernst and Young advised the Company that it reviewed the foregoing disclosures and had no basis on which to submit such a letter addressed to the Securities and Exchange Commission in response to Item 304 of SEC Regulation S-K.

The following table presents fees for professional audit services provided by Ernst & Young for the audit of our annual financial statements during fiscal 2007 and fiscal 2006 (in thousands):

	FY 2007	FY 2006
Audit Fees	\$ 327,043	\$ 15,000
Audit Related Fees		
Tax Fees		
All Other Fees		
Total	\$ 327,043	\$ 15,000

Audit Fees included fees for services rendered for the audit of our annual consolidated financial statements, the review of financial statements included in our quarterly reports on Form 10-Q, and consents and other services normally provided in connection with statutory and regulatory filings or engagements for those fiscal years. The audit fees for 2006 relate to the audit of Froprix Corporation who was deemed the accounting acquiror in the Acquisition for

financial statement reporting purposes.

Table of Contents

Audit-Related Fees would principally include fees for due diligence in connection with potential transactions and accounting consultations.

Tax Fees would include fees for services rendered for tax compliance, tax advice, and tax planning. We obtain these types of services from a professional services firm other than Ernst & Young.

All Other Fees would include fees for all other services rendered to us that do not constitute Audit Fees, Audit-Related Fees, or Tax Fees.

In considering the nature of the services provided by Ernst & Young, the audit committee determined that such services are compatible with the provision of independent audit services. The audit committee discussed these services with Ernst & Young and management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Audit Committee Policy for Pre-approval of Independent Auditor Services

The audit committee of the Board of Directors is required to pre-approve all audit and non-audit services provided by the Company's independent auditors in order to assure that the provision of such services does not impair the auditor's independence. The audit committee has established a policy regarding pre-approval of permissible audit, audit-related, and other services provided by the independent auditors, which services are periodically reviewed and revised by the audit committee. Unless a type of service has received general pre-approval under the policy, the service will require specific approval by the audit committee. The policy also includes pre-approved fee levels for specified services and any proposed service exceeding the established fee level must be specifically approved by the committee.

AUDIT COMMITTEE REPORT

The following Audit Committee Report shall not be deemed to be soliciting material or to be filed with the SEC or incorporated by reference in any other filing by us under the Securities Act of 1933 or Securities Exchange Act of 1934.

The members of the audit committee of the Board are Messrs. Pfenniger, Baron, Beier, and Reich. The primary purpose of the audit committee is to assist the Board in its general oversight of the Company's accounting and financial reporting processes. The audit committee's functions are more fully described in its charter, which the Board has adopted. The audit committee reviews and reassesses the adequacy of its charter on an annual basis. The Board annually reviews the AMEX listing standards' definition of independence for audit committee members and has determined that each member of the audit committee is independent under that standard.

Management is responsible for the preparation, presentations, and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations.

The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent annual audit of the Company's consolidated financial statements and expressing an opinion on the conformity of those financial statements with United States generally accepted accounting principles. The audit committee's policy is that all services rendered by the Company's independent auditor are either specifically approved or pre-approved and are monitored both as to spending level and work content to maintain the appropriate objectivity and independence of the independent auditor. The audit committee's policy provides that the audit committee has the ultimate authority to approve all audit engagement fees and terms and that the audit committee shall review, evaluate, and approve the engagement proposal of the independent auditor.

In conjunction with its activities during fiscal 2007, the audit committee reviewed and discussed our interim unaudited and annual audited financial statements with the Company's independent registered public accounting firm with and without management present, and with management. The members of the audit committee discussed the agreed upon quarterly procedures and annual audit procedures performed by the independent registered public accounting firm in connection with the quarterly interim unaudited and annual audited financial statements with management of the Company and its independent registered public accounting firm. The members of the audit committee also discussed with the Company's independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Accounting Oversight Board in Rule 3200T. In addition, the audit committee received from the Company's independent registered public accounting firm the written disclosures and the letter required by Independence Standards Board No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committee*) and discussed its independence with the independent registered public accounting firm. Based on the foregoing reviews and discussions, the audit committee recommended to the Board, and the Board approved, that the fiscal 2007 annual audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2007 for filing with the SEC.
