Dear SMTEK Stockholder:

You are invited to attend a special meeting of stockholders of SMTEK International, Inc. The meeting will be held at [] a.m., Pacific Time, on [], [] [], 2005, at our corporate offices located at 200 Science Drive, Moorpark, California 93201, unless postponed or adjourned to a later date. At the meeting, you will be asked to consider and vote upon a proposal to adopt a merger agreement. If the merger contemplated by the merger agreement is completed, SMTEK will become a wholly owned subsidiary of CTS Corporation. We cannot complete the merger unless SMTEK stockholders first vote to adopt the merger agreement.

Upon successful completion of the merger, you will receive a combination of cash and CTS common stock in exchange for your shares of SMTEK common stock. Pursuant to the merger, each share of SMTEK common stock will be converted into the right to receive \$10.725 in cash and \$[] in CTS common stock. In one limited circumstance, we may have the ability to have CTS pay the merger consideration in all cash instead of cash and CTS common stock. A detailed description of this circumstance is included in this document. Shares of CTS common stock are listed on the New York Stock Exchange under the symbol "CTS." Upon completion of the merger, SMTEK common stock, which is listed on The Nasdaq SmallCap Market under the symbol "SMTI," will be delisted.

The SMTEK board of directors has approved the merger agreement and has determined that the merger agreement and the merger are advisable and in the best interest of SMTEK and its stockholders. YOUR VOTE IS VERY IMPORTANT. In light of the importance of the proposed merger, we urge you to attend the special meeting in person or participate by proxy. Whether or not you plan to attend, after carefully reading and considering the accompanying materials, please vote your shares as soon as possible. Please vote by completing, signing and dating the enclosed proxy card(s) and mailing the proxy card(s) to us, whether or not you plan to attend the special meeting. Returning your proxy card(s) will not affect your right to vote in person if you choose to attend the special meeting. If you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be counted as a vote FOR the adoption of the merger agreement at the special meeting. If you do not return your card, or if you do not specifically instruct your broker how to vote any shares held for you in "street name," your shares will not be voted at the special meeting.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE MERGER

The following questions and answers briefly address some commonly asked questions about the special meeting and the merger. They may not include all the information that is important to you. We urge you to read carefully this entire document, including the annexes and the other documents to which we have referred you. We have included page references in this summary to direct you to a more detailed description of each topic presented elsewhere in this document.

THE MERGER

Q: WHEN IS THE SMTEK SPECIAL MEETING?

A: The SMTEK special meeting will be held on [], 2005 at the location and time indicated on the cover of this document. See page 30.

Q: ON WHAT ARE SMTEK STOCKHOLDERS BEING ASKED TO VOTE?

A: SMTEK stockholders are being asked to adopt the merger agreement at the special meeting. See page 30.

Q: WHO IS ELIGIBLE TO VOTE AT THE SMTEK SPECIAL MEETING?

A: SMTEK stockholders are eligible to vote at the SMTEK special meeting if they were stockholders of record at the close of business on December 22, 2004. See page 31.

Q: WHAT IS THE POSITION OF SMTEK'S BOARD OF DIRECTORS REGARDING THE MERGER?

A: SMTEK's board of directors has unanimously approved the merger agreement and determined that the transactions contemplated by the merger agreement are advisable, fair to and in the best interests of SMTEK and its stockholders. SMTEK's board of directors unanimously recommends that SMTEK stockholders vote FOR the proposal to adopt the merger agreement at the special meeting. See page 32.

Q: WHAT VOTE IS NEEDED BY SMTEK STOCKHOLDERS TO ADOPT THE MERGER AGREEMENT AT THE SPECIAL MEETING?

A: The adoption of the merger agreement requires the approval of at least a majority of the votes entitled to be cast by the holders of outstanding shares of SMTEK common stock. If a SMTEK stockholder does not vote, it will have the same effect as a vote against the adoption of the merger agreement.

In connection with the merger, each of SMTEK's two largest stockholders entered into an agreement pursuant to which each agreed to vote in favor of adoption of the merger agreement. These stockholders own approximately

Edgar Filing: CTS CORP - Form S-4

32.65% and 9.94%, respectively, of the SMTEK common stock outstanding and entitled to vote at the special meeting. See page 63.

Q: WHAT WILL HAPPEN IN THE PROPOSED MERGER?

A: In the proposed merger, SMTEK will merge with a newly formed subsidiary of CTS. After the merger, SMTEK will no longer be a public company and will become a wholly owned subsidiary of CTS. See page 51.

Q: WHAT WILL SMTEK STOCKHOLDERS RECEIVE IN THE MERGER?

A: In the merger, SMTEK stockholders will receive for each share of SMTEK common stock:

- \$10.725 in cash, without interest; and
- \$[] in CTS common stock. In one limited circumstance, we may have the ability to have CTS pay the merger consideration in all cash instead of cash and CTS common stock. A detailed description of this circumstance is included in this document. See page 51.

Q. WHAT HAPPENS AS THE MARKET PRICE OF CTS COMMON STOCK CHANGES?

A. The exchange ratio, and therefore the number of shares of CTS common stock that you will receive in the merger, is based on the average CTS share price over a twenty-day trading period and not on the actual

1

CTS share price on the effective date of the merger or the date on which your SMTEK shares are exchanged for CTS shares. Therefore, the value of the CTS common stock you will receive in the merger in exchange for each share of SMTEK common stock you own may be greater than or less than \$[] per share due to changes in the CTS share price both during and after the measurement period.

Q. HOW WILL I KNOW WHAT THE ACTUAL EXCHANGE RATIO IS?

A. We will issue a press release and file a Current Report on Form 8-K with the SEC immediately prior to the special meeting that will disclose the exchange ratio, assuming that the closing of the merger occurs on the same day as the special meeting. If the closing of the merger is delayed for any reason, then the announced exchange ratio could change. Additionally, you can call D.F. King & Co., Inc., the proxy solicitor, to receive hypothetical information about the exchange ratio updated as of the Friday immediately preceding the week of your call.

Q. WHAT WILL HAPPEN TO SMTEK IF WE DO NOT COMPLETE THE MERGER?

A. If we do not complete the merger, SMTEK will remain an independent company and may be required to pay CTS a termination fee of \$900,000. In addition, SMTEK would have to absorb significant costs associated with the proposed merger, such as legal, accounting and financial advisor fees. Also, the price of SMTEK common stock may decline to the extent that its current market price reflects a market assumption that we will complete the merger.

Q: DO SMTEK STOCKHOLDERS HAVE DISSENTERS' APPRAISAL RIGHTS?

A: Yes. SMTEK stockholders who do not vote in favor of the merger agreement and otherwise comply with the requirements of Delaware law will be entitled to dissenters' appraisal rights to receive the statutorily determined "fair

Edgar Filing: CTS CORP - Form S-4

value" of their shares of SMTEK common stock. See page 47.

Q: WILL THE RIGHTS OF SMTEK STOCKHOLDERS CHANGE AS A RESULT OF THE MERGER?

A: Yes. Unless SMTEK elects to convert the merger consideration to all cash in the circumstance described in this document, SMTEK stockholders will become CTS stockholders and their rights as CTS stockholders will be governed by Indiana law and CTS' articles of incorporation and bylaws. A description of those rights begins on page 96. For a copy of CTS' articles of incorporation or bylaws, see "Where You Can Find More Information" beginning on page 103.

Q: WHERE DOES CTS COMMON STOCK TRADE?

A: Shares of CTS common stock trade on the New York Stock Exchange under the symbol "CTS." See page 93.

Q: WHEN DO YOU EXPECT TO COMPLETE THE MERGER?

A: If the merger agreement is adopted at the special meeting, we expect to complete the merger as soon as possible after the satisfaction of the conditions to the merger. We currently anticipate that the merger will be completed in the first quarter of 2005. See page 51.

Q: WHAT ARE THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER TO SMTEK STOCKHOLDERS?

A: Generally, each SMTEK stockholder will recognize capital gain or loss equal to the difference, if any, between the amount by which the sum of the amount of cash received and the fair market value of the shares of CTS common stock received as of the effective time of the merger exceeds the stockholder's adjusted tax basis in the stockholder's shares of SMTEK common stock. We encourage SMTEK stockholders to consult their own tax advisors regarding the tax consequences of the merger to them based on their particular circumstances. See "Material United States Federal Income Tax Consequences" beginning on page 50.

PROCEDURES

Q: WHAT SHOULD I DO NOW?

A: You should read this document carefully and return your completed, signed and dated proxy card(s) by mail in the enclosed postage-paid envelope as soon as possible so that your shares will be represented and voted at the special meeting. You may vote your shares by signing, dating and mailing the enclosed proxy card(s). A number of banks and brokerage firms participate in a program that also permits stockholders whose shares are held in "street name" to direct their vote by the internet or telephone. This option, if available, will be reflected in the voting instructions from the bank or brokerage firm that accompany this document. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may direct the vote of these shares by the internet or telephone by following the voting instructions enclosed with the proxy form from the bank or brokerage firm. See page 32.

Q: IF I AM GOING TO ATTEND THE SPECIAL MEETING, SHOULD I RETURN MY PROXY CARD(S)?

A: Yes. Returning your signed and dated proxy card(s) ensures that your shares will be represented and voted at the special meeting. See page 32.

Edgar Filing: CTS CORP - Form S-4

Q: HOW WILL MY PROXY BE VOTED?

A: If you complete, sign and date your proxy card(s), or, if available, vote by telephone or the internet, your proxy will be voted in accordance with your instructions. If you sign and date your proxy card(s) but do not indicate how you want to vote, your shares will be voted FOR the adoption of the merger agreement at the special meeting. If you vote for the adoption of the merger agreement at the SMTEK special meeting, you will lose the dissenters' appraisal rights to which you would otherwise be entitled. See page 47.

Q: CAN I CHANGE MY VOTE AFTER I MAIL MY PROXY CARD(S) OR, IF AVAILABLE, VOTE BY TELEPHONE OR THE INTERNET?

A: Yes. If you are a record holder of SMTEK common stock, you can change your vote by:

- sending a written notice to the corporate secretary of SMTEK that is received prior to the special meeting and states that you revoke your proxy;
- signing and dating a new proxy card(s) or, if available, vote by telephone or the internet and submitting your proxy so that it is received prior to the special meeting; or
- attending the special meeting and voting in person.

Q: WHAT IF MY SHARES ARE HELD IN "STREET NAME" BY MY BROKER?

A: YOUR BROKER WILL VOTE YOUR SHARES WITH RESPECT TO THE PROPOSALS AT THE SPECIAL MEETING ONLY IF YOU PROVIDE WRITTEN INSTRUCTIONS TO YOUR BROKER ON HOW TO VOTE. You should instruct your broker using the instruction form and envelope provided by your broker. If you do not provide your broker with instructions, under the rules of Nasdaq, your broker will not be authorized to vote with respect to the proposals relating to the merger at the special meeting. If you hold your shares in your broker's name and wish to vote in person at the special meeting, you must contact your broker and request a document called a "legal proxy." You must bring this legal proxy to the special meeting in order to vote in person. See page 32.

Q: WHAT IF I ABSTAIN FROM VOTING OR DO NOT INSTRUCT MY BROKER TO VOTE MY SHARES?

A: If you do not vote or do not instruct your broker how to vote your shares of SMTEK common stock held in street name, it will have the same effect as a vote against the adoption of the merger agreement. See page 32.

Q: WHERE CAN I FIND THE VOTING RESULTS OF THE SPECIAL MEETING?

A: The preliminary voting results of the special meeting will be announced at the special meeting. In addition, SMTEK will publish a press release regarding the final voting results of the special meeting and

post a copy of the press release on its website. See "Where You Can Find More Information" beginning on page 103.

GENERAL

Q: SHOULD I SEND IN MY STOCK CERTIFICATES NOW?

Edgar Filing: CTS CORP - Form S-4

A: No. If the merger is completed, you will be sent written instructions for sending in your stock certificates. See page 53.

Q: WHAT DOES IT MEAN IF I RECEIVE MULTIPLE PROXY CARDS?

A: Your shares may be registered in more than one account, such as brokerage accounts and 401(k) accounts. It is important that you complete, sign, date and return each proxy card you receive, or, if available, vote using the telephone or the internet as described in the instructions included with your proxy card(s). See page 32.

THE MERGER (BEGINNING ON PAGE 34)

GENERAL

On November 16, 2004, the board of directors of SMTEK approved the merger of Cardinal Acquisition, Inc., a newly formed and wholly owned subsidiary of CTS, with and into SMTEK, on the terms and subject to the conditions of the merger agreement. We refer to Cardinal Acquisition, Inc. throughout this document as Acquisition Sub. SMTEK will be the surviving company of the merger and will be a wholly owned subsidiary of CTS. The separate corporate existence of Acquisition Sub will cease at the effective time of the merger.

We encourage you to read the merger agreement, which governs the merger and is attached as Annex A to this document, because it sets forth the terms of the merger of Acquisition Sub with and into SMTEK.

MERGER CONSIDERATION

Holders of SMTEK common stock (other than SMTEK, CTS and dissenting SMTEK stockholders who properly exercise their appraisal rights) will be entitled to receive for each share of SMTEK common stock:

- \$10.725 in cash, without interest; and

5

- \$[] in CTS common stock. The actual number of shares of CTS common stock you will receive will be determined by an exchange ratio, which equals the \$[] value of the stock component of the merger consideration divided by the volume weighted average price of CTS common stock for the 20 consecutive trading day period ending on the trading day immediately prior to the closing of the merger (referred to in this document as the closing VWAP). In one limited circumstance, SMTEK may have the ability to have CTS pay the merger consideration in all cash instead of cash and CTS common stock.

Under the merger agreement, CTS is not required to issue a number of new shares of its common stock that would require CTS to obtain stockholder approval for the issuance of CTS common stock in the merger. CTS stockholder approval would be required under Indiana law if CTS were to issue a number of shares greater than 20% of the number of shares of CTS common stock outstanding at the effective time of the merger. To ensure a CTS stockholder vote is not required, the merger agreement provides that CTS is not required to issue a number of

Edgar Filing: CTS CORP - Form S-4

shares of CTS common stock that would equal or exceed 19.9% of the number of shares of CTS common stock outstanding at the effective time of the merger. This limitation is referred to in this document as the issuance cap. If the exchange ratio without the issuance cap would have resulted in CTS issuing a number of shares of CTS common stock equal to or in excess of the issuance cap, then SMTEK may elect to proceed with the merger subject to the issuance cap, convert the stock component of the merger consideration to cash or terminate the merger agreement. If SMTEK elects to convert the stock component to cash, CTS may then elect to pay a \$3,500,000 cash termination fee to SMTEK and terminate the merger agreement. As of December 6, 2004, there were approximately 35,892,972 shares of CTS common stock outstanding. Therefore, CTS could issue up to approximately 7,142,701 shares of CTS common stock without needing stockholder approval. Based on the number of shares of CTS and SMTEK common stock outstanding as of December 6, 2004 for CTS and November 30, 2004 for SMTEK, approximately 35,892,972 and 2,700,745, respectively, the maximum exchange ratio would be approximately 2.64. Based on the \$[] value of the stock component of the merger consideration, the closing VWAP of CTS common stock would have to be equal to or less than \$[] before the issuance cap is triggered. The closing price of CTS common stock on December 7, 2004 was \$13.09. See "The Merger Agreement -- Merger Consideration."

No fractional shares of CTS common stock will be issued in the merger. All fractional shares of CTS common stock that a SMTEK stockholder is entitled to receive will be aggregated. Any fractional shares of CTS common stock resulting from this aggregation will be paid in cash, without interest, in an amount equal to the fractional share interest multiplied by the closing VWAP of CTS common stock.

RECOMMENDATION OF SMTEK'S BOARD OF DIRECTORS TO SMTEK STOCKHOLDERS (PAGE 32)

SMTEK's board of directors has unanimously approved the merger agreement and determined that the transactions contemplated by the merger agreement are advisable, fair to and in the best interests of SMTEK and its stockholders. SMTEK's board of directors unanimously recommends that SMTEK stockholders vote FOR the proposal to adopt the merger agreement at the special meeting.

OPINION OF SMTEK'S FINANCIAL ADVISOR (BEGINNING ON PAGE 39)

In deciding to approve the merger agreement, SMTEK's board of directors considered an opinion from its financial advisor, Duff & Phelps, LLC, as to the fairness, from a financial point of view, to holders of SMTEK common stock of the consideration to be paid by CTS to SMTEK stockholders pursuant to the merger agreement. The opinion is attached as Annex D to this document. We encourage you to read the opinion in its entirety.

Pursuant to a letter agreement dated September 14, 2004, Duff & Phelps, LLC received from SMTEK a fee of approximately \$100,000. In addition, SMTEK agreed to reimburse Duff & Phelps, LLC for all of its out-of-pocket expenses (including fees and expenses of its counsel) reasonably incurred by it in connection with its services and will indemnify Duff & Phelps, LLC against certain liabilities that may arise out of its engagement.

SHARE OWNERSHIP OF DIRECTORS AND EXECUTIVE OFFICERS OF SMTEK (BEGINNING ON PAGE 84)

At the close of business on the record date for the SMTEK special meeting, directors and executive officers of SMTEK and their affiliates were entitled to vote approximately 2.82% of the shares of SMTEK common stock outstanding on that date. SMTEK's directors and executive officers holding shares of SMTEK common

Edgar Filing: CTS CORP - Form S-4

stock on the record date have indicated that they intend to vote their SMTEK common stock for the proposal to adopt the merger agreement at the special meeting.

INTERESTS OF SMTEK'S DIRECTORS AND EXECUTIVE OFFICERS IN THE MERGER (PAGE 45)

When considering the recommendation of SMTEK's board of directors with respect to the merger, SMTEK stockholders should be aware that some of SMTEK's directors and executive officers have interests in the merger that are different from, or in addition to, their interests as SMTEK stockholders and the interests of SMTEK stockholders generally. SMTEK's board of directors was aware of these arrangements during its deliberations on the merits of the merger and in deciding to recommend that you vote for the adoption of the merger agreement at the special meeting.

CONDITIONS TO COMPLETION OF THE MERGER (BEGINNING ON PAGE 58)

Completion of the merger depends on a number of conditions being satisfied or waived. In addition to customary conditions relating to material compliance by each party with its covenants in the merger agreement, these conditions include the following:

- adoption of the merger agreement at the SMTEK special meeting by at least a majority of the votes entitled to be cast by the holders of outstanding shares of SMTEK common stock;
- receipt of any required consents and approvals of governmental entities;
- absence of any judgment, order, decree, statute, law, ordinance, rule or regulation preventing the consummation of the merger, which we refer to as "restraints," or limiting the ownership or operation by CTS or SMTEK of any material portion of their businesses or assets or compelling CTS or SMTEK to dispose of or hold separate any material portion of their businesses or assets as a result of the merger, which we refer to as "competitive restraints," so long as the parties have used their reasonable best efforts to prevent or remove any such restraint;
- approval for listing of the shares of CTS common stock to be issued in the merger on the New York Stock Exchange upon official notice of issuance;
- continued effectiveness of the registration statement of which this document is a part and the absence of a stop order by the Securities and Exchange Commission suspending the effectiveness of the registration statement; and
- accuracy of each party's representations and warranties in the merger agreement, except as would not have a material adverse effect on the party making the representations.

TERMINATION OF THE MERGER AGREEMENT (BEGINNING ON PAGE 59)

Before the effective time of the merger, the merger agreement may be terminated:

- by the mutual written consent of CTS and SMTEK;
- by either CTS or SMTEK if:
 - the parties fail to consummate the merger on or before April 29, 2005 or such later date, if any, as CTS and SMTEK may agree, which we refer to as the "termination date," unless the failure is the result of a

Edgar Filing: CTS CORP - Form S-4

breach of the merger agreement by the party seeking the termination;

- the SMTEK special meeting has concluded and the adoption of the merger agreement by SMTEK stockholders was not obtained; or

7

- any restraint preventing the consummation of the merger or a competitive restraint has become final and nonappealable, provided that the right to terminate the merger agreement is not available to a party whose breach of the merger agreement results in or causes the restraint;

- by CTS if:

- SMTEK has breached or failed to perform any of its covenants or other agreements in all material respects or has breached its representations and warranties relating to its capital structure in any respect or has breached any of its other representations and warranties and the breach would reasonably be expected to have or result in a material adverse effect on SMTEK, and in each case the breach and failure to perform is not cured within 30 days after receipt of written notice or is incapable of being cured by the termination date;

- SMTEK's board of directors or any committee of SMTEK's board of directors has:

- withdrawn or modified in any manner adverse to CTS, or publicly proposed to withdraw or modify in a manner adverse to CTS, its approval of the merger agreement or its recommendation to SMTEK stockholders regarding the merger; or
- recommended, adopted or approved or proposed publicly to recommend, adopt or approve, any company takeover proposal (as defined in the merger agreement);

- a tender or exchange offer relating to SMTEK's securities has been commenced and SMTEK's board of directors does not recommend rejection of the tender or exchange offer within ten business days;

- SMTEK has breached its obligations set forth in the merger agreement not to solicit a competing transaction to the merger; or

- SMTEK has elected to convert the merger consideration to all cash in the event the exchange ratio, without regard to the issuance cap, would have required CTS to issue a number of shares of CTS common stock in excess of the issuance cap;

- by SMTEK if:

- CTS has breached or failed to perform any of its covenants or other agreements in all material respects or has breached any of its representations or warranties and the breach would reasonably be expected to have or result in a material adverse effect on CTS, and in each case the breach or failure to perform is not cured within 30 days after receipt of written notice or is incapable of being cured by the termination date; or

- the exchange ratio, without regard to the issuance cap, would have required CTS to issue a number of shares of CTS common stock in excess of the issuance cap.

Edgar Filing: CTS CORP - Form S-4

TERMINATION FEES AND EXPENSES (BEGINNING ON PAGE 60)

SMTEK

SMTEK must pay CTS a \$900,000 termination fee if the merger agreement is terminated by CTS because of, or the merger agreement is terminated by either CTS or SMTEK for any reason at a time when CTS could have terminated the merger agreement because of, the following:

- SMTEK's board of directors or any committee of SMTEK's board of directors has:
 - withdrawn or modified in any manner adverse to CTS or publicly proposed to withdraw or modify in a manner adverse to CTS its approval of the merger agreement or its recommendation to SMTEK stockholders regarding the merger; or
 - recommended, adopted or approved or proposed publicly to recommend, adopt or approve any company takeover proposal;

8

- a tender or exchange offer relating to SMTEK's securities has been commenced and SMTEK's board of directors does not recommend rejection of the tender or exchange offer within ten business days; or
- SMTEK has breached its obligations set forth in the merger agreement not to solicit a competing transaction to the merger.

In addition, SMTEK must pay CTS a \$900,000 termination fee if prior to the termination, a third party publicly announced an intention to make a company takeover proposal and within 12 months of the termination SMTEK enters into a definitive agreement with respect to, or consummates, any company takeover proposal and the merger agreement was terminated:

- by either CTS or SMTEK because the parties failed to consummate the merger on or before the termination date (other than because of the failure of the continued effectiveness of the registration statement of which this document is a part, the registration statement is subject to a stop order or a proceeding seeking a stop order suspending the effectiveness of the registration statement or the NYSE fails to approve for listing the shares of CTS common stock to be issued in the merger);
- by either CTS or SMTEK because the SMTEK special meeting has concluded and the adoption of the merger agreement by SMTEK stockholders was not obtained; or
- by CTS because SMTEK breached or failed to perform any of its covenants or other agreements in all material respects or breached its representations and warranties relating to its capital structure in any respect or breached any of its other representations and warranties and the breach would reasonably be expected to have or result in a material adverse effect on SMTEK, and in each case the breach or failure to perform was not cured within 30 days after receipt of written notice or was incapable of being cured by the termination date.

CTS

CTS must pay SMTEK a \$900,000 termination fee if:

Edgar Filing: CTS CORP - Form S-4

- SMTEK terminates the merger agreement because, or SMTEK or CTS terminate the merger agreement for any reason at any time that, the exchange ratio, without regard to the issuance cap, would have required CTS to issue shares of CTS common stock in excess of the issuance cap, provided, however, that SMTEK has not elected to convert the merger consideration to all cash; or
- SMTEK terminates the merger agreement because the parties failed to consummate the merger by the termination date because of the failure of the continued effectiveness of the registration statement of which this document is a part, the registration statement is subject to a stop order or proceeding seeking a stop order suspending the effectiveness of the registration statement or the NYSE fails to approve for listing the shares of CTS common stock to be issued in the merger.

CTS must pay SMTEK a \$3,500,000 termination fee if CTS terminates the merger agreement because SMTEK elects to convert the merger consideration to all cash in the event that the exchange ratio, without regard to the issuance cap, would have required CTS to issue a number of shares of CTS common stock equal to or exceeding the issuance cap and the merger agreement is not then otherwise terminable by CTS.

In general, each of CTS and SMTEK will bear its own expenses in connection with the merger agreement and the related transactions except that CTS and SMTEK will share equally the costs and expenses in connection with filing, printing and mailing of the registration statement and this document.

NO SOLICITATION BY SMTEK (BEGINNING ON PAGE 61)

The merger agreement restricts the ability of SMTEK to solicit or engage in discussions or negotiations with a third party regarding a proposal to acquire a significant interest in SMTEK. However, if SMTEK receives an acquisition proposal from a third party that SMTEK's board of directors determines in good faith (after consultation with its outside counsel and its financial advisor) constitutes a superior proposal or would reasonably be expected to lead to a superior proposal and SMTEK complies with specified procedures

9

contained in the merger agreement, SMTEK may furnish nonpublic information to that third party and engage in negotiations regarding an acquisition proposal with that third party, subject to specified conditions.

THE STOCKHOLDER'S AGREEMENTS (BEGINNING ON PAGE 63)

In connection with the merger, each of the Thomas M. Wheeler Trust U/T/D 4/9/86 and The Gene Haas Trust DTD 3-9-99 entered into agreements with CTS whereby each of them agreed to vote and to grant CTS an irrevocable proxy to vote their respective shares of SMTEK common stock:

- in favor of adoption of the merger agreement;
- against the approval of any action, agreement or proposal that would result in a breach of any representation, warranty, covenant or obligation of SMTEK in the merger agreement or that would delay or hinder the consummation of the merger or that would preclude the fulfillment of a condition precedent to the closing of the merger; and
- against any action, agreement or proposal made in opposition to or in competition with the merger, including any company takeover proposal or superior proposal.

Edgar Filing: CTS CORP - Form S-4

As of December 22, 2004, the record date for the SMTEK special meeting, the Thomas M. Wheeler Trust and The Gene Haas Trust were entitled to vote approximately 32.65% and 9.94%, respectively, of the shares of SMTEK common stock outstanding and entitled to vote at the special meeting. The Thomas M. Wheeler Trust's obligations under its stockholder's agreement, including voting and restrictions on transfer, are subject to options to purchase 97,000 of the trust's shares of SMTEK common stock granted by the trust to third parties prior to the execution of the stockholder's agreement.

In addition, each of the stockholder's agreements restricts the ability of the trusts from soliciting or engaging in discussions or negotiations with a third party regarding a proposal to acquire a significant interest in SMTEK and prevents the trusts from acquiring any shares of CTS common stock.

ACCOUNTING TREATMENT (PAGE 46)

The merger will be accounted for as a business combination using the "purchase" method of accounting. CTS will be the acquirer for financial accounting purposes.

COMPARISON OF RIGHTS OF STOCKHOLDERS (BEGINNING ON PAGE 96)

As a result of the merger, the holders of SMTEK common stock will become holders of CTS common stock, unless SMTEK elects to convert the merger consideration to all cash in the limited circumstance described above. Unlike SMTEK, which is a Delaware corporation, CTS is an Indiana corporation and is governed by Indiana law. Following the merger, the rights of SMTEK stockholders will be governed by Indiana law and the articles of incorporation and bylaws of CTS.

For a summary of the material differences between the rights of SMTEK stockholders and CTS stockholders, see "Comparison of Rights of Stockholders" beginning on page 96.

The CTS board of directors has the power to determine the amount and frequency of the payment of dividends. Decisions regarding whether or not to pay dividends and the amount of any dividends are based on compliance with agreements governing CTS' indebtedness, earnings, cash requirements, results of operations, cash flows, financial condition and other factors that the board of directors considers important. CTS' credit facility permits it to pay regular quarterly dividends in amounts not in excess of \$0.03 per share, which CTS has paid each quarter for the prior three fiscal years. Although CTS currently anticipates that dividends consistent with its past practice will continue, it cannot assure you that dividends will be paid in future periods in any particular amount, or at all.

On March 1, 2004, SMTEK issued warrants to purchase 15,000 shares of common stock at an exercise price of \$7.95 per share to Silverman Heller Associates in consideration of investor relations services to be rendered over the following 14 months. Each of these warrants will be converted into an amount in cash equal to the value of the merger consideration minus the \$7.95 per share exercise price of the warrants. Silverman Heller Associates has represented that it is an "accredited investor" within the meaning of Rule 501(a) under the Securities Act. In issuing these securities, SMTEK relied on an exemption from the registration requirements pursuant to Rule 506 under Section 4(2) of the Securities Act.

We derived the unaudited condensed combined results of operations pro forma financial data for the nine months ended September 26, 2004 for CTS from CTS' unaudited condensed consolidated financial statement for the nine months ended September 26, 2004 and for the nine months ended September 24, 2004 for SMTEK from the historical statements of operations for the twelve months ended June 25, 2004 less the six months ended December 31, 2003 plus the three months ended September 24, 2004. We derived the unaudited condensed combined balance sheet pro forma financial data from CTS' unaudited condensed consolidated financial statements as of September 26, 2004 and from SMTEK's unaudited condensed consolidated financial statements as of September 24, 2004. The financial data has been prepared as if the proposed merger had occurred on January 1, 2003 for the results of operations data and as of September 26, 2004 for the balance sheet data. The process of valuing SMTEK's tangible and intangible assets and liabilities as well as evaluating accounting policies for conformity is still in the preliminary stages. Material revisions to CTS' current estimates could be necessary as the valuation process and accounting policy review are finalized. THE UNAUDITED PRO FORMA RESULTS OF OPERATIONS DATA AND BALANCE SHEET DATA SET FORTH BELOW IS NOT NECESSARILY INDICATIVE OF THE RESULTS THAT ACTUALLY WOULD HAVE BEEN ACHIEVED HAD THE PROPOSED MERGER BEEN CONSUMMATED ON JANUARY 1, 2003 FOR THE RESULTS OF OPERATIONS DATA AND AS OF

COMPARATIVE PER SHARE INFORMATION

The following table presents income from continuing operations and book value per common share data separately for CTS and SMTEK on a historical basis, and CTS and SMTEK on an unaudited pro forma combined basis per CTS common share and on an unaudited pro forma combined basis per SMTEK equivalent share. The unaudited pro forma earnings per share data for the nine months ended September

Edgar Filing: CTS CORP - Form S-4

26, 2004 for CTS and nine months ended September 24, 2004 for SMTEK and the year ended December 31, 2003 for CTS and the twelve months ended December 31, 2003 for SMTEK reflect the assumption that the merger was effective as of January 1, 2003. The unaudited pro forma per share data gives effect to the proposed merger as a purchase under generally accepted accounting principles in the United States.

The unaudited pro forma CTS income per share data is based upon the historical weighted average number of CTS common shares outstanding, adjusted to include the number of CTS common shares that would be issued in the proposed merger based upon an assumed hypothetical exchange ratio of 0.266. We have calculated the unaudited equivalent pro forma per share data for SMTEK based on the unaudited pro forma CTS per share data and an assumed hypothetical exchange ratio of 0.266. The exchange ratio is calculated by dividing the \$[] stock value portion of the merger consideration by the volume weighted average price of CTS common stock for the 20 trading day period ending on the trading day immediately prior to the closing date of the merger. The hypothetical exchange ratio was calculated by assuming this 20 trading day average price was \$[13.45], the volume weighted average price of CTS common stock in the 20 trading day period ending on the trading day immediately prior to the filing of this document with the SEC.

You should read the information below together with the historical financial statements and related notes of CTS and SMTEK contained in each company's periodic filings with the Securities and Exchange Commission and incorporated into this document by reference. See "Where You Can Find More Information" beginning on page 103. The unaudited pro forma combined data below is presented for illustrative purposes only. The companies may have performed differently had they actually been combined during the periods presented below. YOU SHOULD NOT RELY ON THIS INFORMATION AS BEING INDICATIVE OF THE HISTORICAL RESULTS THAT WOULD HAVE BEEN ACHIEVED HAD THE COMPANIES ALWAYS BEEN COMBINED OR THE FUTURE RESULTS THAT THE COMBINED COMPANY WILL EXPERIENCE AFTER THE PROPOSED MERGER. See "Risk Factors -- The unaudited condensed combined pro forma financial data included in this document is preliminary and CTS' actual financial position and results of operations may differ significantly from the unaudited condensed combined pro forma financial data included in this document" on page 20.

RISK FACTORS

In deciding whether to adopt the merger agreement at the special meeting, we urge you to carefully consider all of the information we have included and incorporated by reference in this document. See "Where You Can Find More Information" beginning on page 103. In addition, we urge you to carefully consider the following material risks relating to the merger and the business of the combined company.

CTS' FAILURE TO SUCCESSFULLY INTEGRATE SMTEK ON A TIMELY BASIS INTO CTS' OPERATIONS COULD REDUCE CTS' PROFITABILITY.

CTS expects that the acquisition of SMTEK will result in certain synergies, business opportunities and growth prospects. CTS, however, may never realize these expected synergies, business opportunities and growth prospects. CTS may experience increased competition that limits its ability to expand its business, CTS may not be able to capitalize on expected business opportunities including retaining SMTEK's current customers, assumptions underlying estimates of expected cost savings may be inaccurate, or general industry and business conditions may deteriorate. In addition, integrating operations will require significant efforts and expenses on the part of both CTS and SMTEK. Personnel may leave or be terminated because of the merger. CTS' management may have its attention diverted while trying to integrate SMTEK. If these factors limit CTS' ability to integrate the operations of SMTEK successfully or on a timely basis, CTS' expectations of future results of operations, including certain cost savings and synergies expected to result from the merger, may not be met. In addition, CTS' growth and operating strategies for SMTEK's business may be different from the strategies that SMTEK currently is pursuing. If CTS' strategies are not the proper strategies for SMTEK, it could have a material adverse effect on the business, financial condition and results of operations of CTS.

THE MERGER IS SUBJECT TO CERTAIN CLOSING CONDITIONS THAT, IF NOT SATISFIED OR WAIVED, WILL RESULT IN THE MERGER NOT BEING COMPLETED, WHICH MAY CAUSE THE MARKET PRICE OF CTS COMMON STOCK OR SMTEK COMMON STOCK TO DECLINE.

The merger is subject to customary conditions to closing, including the receipt of required approvals of the stockholders of SMTEK. If any condition to the merger is not satisfied or, if waiver is permissible, if any condition is not waived, the merger will not be completed. In addition, CTS and SMTEK may terminate the merger agreement in certain circumstances. If CTS and SMTEK do not complete the merger, the market price of CTS common stock or SMTEK common stock may fluctuate to the extent that the current market prices of those shares reflect a market assumption that the merger will be completed. CTS and SMTEK

Edgar Filing: CTS CORP - Form S-4

will also be obligated to pay certain investment banking, financing, legal and accounting fees and related expenses in connection with the merger, whether or not the merger is completed. Further, in specified circumstances, SMTEK and CTS may be required to pay to the other a termination fee if the merger agreement is terminated.

CERTAIN DIRECTORS AND EXECUTIVE OFFICERS OF SMTEK HAVE INTERESTS AND ARRANGEMENTS THAT ARE DIFFERENT FROM SMTEK STOCKHOLDERS AND THAT MAY HAVE INFLUENCED THEIR DECISION TO SUPPORT OR APPROVE THE MERGER.

When considering the recommendation of SMTEK's board of directors with respect to the merger, SMTEK stockholders should be aware that some of SMTEK's directors and executive officers have interests in the merger that are different from, or in addition to, their interests as SMTEK stockholders and the interests of SMTEK stockholders generally. See "The Merger -- Interests of SMTEK's Directors and Executive Officers in the Merger" on page 45.

As a result, those directors and executive officers may be more likely to support and to vote to adopt the merger agreement than if they did not have these interests. SMTEK stockholders should consider whether these interests may have influenced those directors and officers to support or recommend adoption of the merger agreement. As of the close of business on the record date for the SMTEK special meeting, these directors and executive officers were entitled to vote approximately 2.82% of the then-outstanding shares of SMTEK common stock.

19

THE UNAUDITED CONDENSED COMBINED PRO FORMA FINANCIAL DATA INCLUDED IN THIS DOCUMENT IS PRELIMINARY AND CTS' ACTUAL FINANCIAL POSITION AND RESULTS OF OPERATIONS MAY DIFFER SIGNIFICANTLY FROM THE UNAUDITED CONDENSED COMBINED PRO FORMA FINANCIAL DATA INCLUDED IN THIS DOCUMENT.

CTS is still in the preliminary stages of the process of valuing SMTEK's tangible and intangible assets and liabilities and evaluating SMTEK's accounting policies. CTS may need to revise materially its current estimates of those assets and liabilities as the valuation process and accounting policy review are finalized. The unaudited condensed combined pro forma operating data contained in this document is not necessarily indicative of the results that actually would have been achieved had the proposed merger been consummated on the dates indicated, or that may be achieved in the future. CTS can provide no assurances as to how the operations and assets of both companies would have been run if they had been combined, or how they will be run in the future, which, together with other factors, could have a significant effect on the results of operations and financial position of the combined company.

THE NUMBER OF SHARES OF CTS COMMON STOCK THAT WILL BE ISSUED TO SMTEK STOCKHOLDERS IN THE MERGER DEPENDS ON THE EXCHANGE RATIO, WHICH WILL NOT BE DETERMINABLE UNTIL AFTER THE SPECIAL MEETING.

The exchange ratio for the portion of the merger consideration to be paid in CTS common stock is based on the volume weighted average price of CTS common stock for the 20 consecutive trading days ending on the trading day immediately preceding the closing date of the merger (referred to in this document as the closing VWAP). Accordingly, the exchange ratio will not be determinable at the time of the special meeting.

THE VALUE OF THE CTS COMMON STOCK THAT YOU RECEIVE IN THE MERGER MAY BE LESS THAN THE MARKET PRICE AT THE TIME THE MERGER IS COMPLETED.

The exchange ratio for CTS common stock to be issued in the merger is based on the closing VWAP. The price of CTS stock will change during this period and

Edgar Filing: CTS CORP - Form S-4

will continue to fluctuate until you receive your shares. Therefore, the price of CTS common stock at the time you receive your shares may be higher or lower than the price determined using the closing VWAP.

SMTEK STOCKHOLDERS MAY NOT KNOW WHETHER THEY WILL RECEIVE ALL CASH WHEN THEY VOTE AT THE SPECIAL MEETING.

Under the merger agreement, SMTEK may elect to convert the merger consideration to all cash if the exchange ratio, without any limitation, would have required CTS to issue a number of shares of common stock equal to or exceeding 19.9% of the shares of CTS common stock outstanding immediately prior to the closing of the merger. As discussed above, the exchange ratio will not be determined until after the special meeting. Therefore, it is possible that SMTEK stockholders will not know when they vote at the special meeting whether they will receive cash and shares of CTS common stock or all cash upon the closing of the merger.

THE MARKET PRICE FOR SHARES OF CTS COMMON STOCK MAY BE AFFECTED BY FACTORS DIFFERENT FROM THOSE AFFECTING SHARES OF SMTEK COMMON STOCK, AND THE MARKET VALUE OF CTS COMMON STOCK MAY DECREASE AFTER THE CLOSING DATE OF THE MERGER.

Upon completion of the merger, the holders of SMTEK common stock will become holders of CTS common stock, unless SMTEK elects to receive the merger consideration in all cash in the limited circumstance described above. CTS is involved in more businesses and markets than SMTEK and the results of CTS' operations after the merger may be affected by factors different from those currently affecting the results of SMTEK's operations. The market value of the shares of CTS common stock that you receive in the merger could decrease following the closing date of the merger. For a discussion of the businesses of CTS and SMTEK and factors to consider in connection with those businesses, please see the documents incorporated by reference into this document and listed under the section captioned "Where You Can Find More Information," beginning on page 103.

20

THE PRICE OF CTS COMMON STOCK HAS BEEN VOLATILE AND MAY CONTINUE TO FLUCTUATE SIGNIFICANTLY, WHICH MAY CAUSE YOU TO LOSE A SIGNIFICANT PORTION OF YOUR INVESTMENT.

The market price for CTS common stock has been and may continue to be volatile. From January 1, 2002 to December 7, 2004 the sale price of CTS common stock ranged from a low of \$3.65 per share to a high of \$19.56 per share. CTS common stock may continue to be subject to fluctuations as a result of a variety of factors, including factors beyond its control. These include:

- changing conditions in CTS' industries and its customers' businesses such as competition, demand for products and services, and technological advances;
- changes in CTS' revenues and earnings, including changes as a result of restructuring programs;
- changes in market valuations of related companies;
- announcements by CTS or its competitors of new products or technical innovations or of significant acquisitions, strategic partnerships or joint ventures;
- general conditions in equity markets, particularly in CTS' industries;

Edgar Filing: CTS CORP - Form S-4

- general U.S. and worldwide economic conditions;
- changes in CTS' customer base, including any loss of a major customer, a significant increase or decrease in business from a major customer or changes in CTS' contracts with customers;
- introduction and market acceptance of CTS' customers' new products and changes in demand for CTS' customers' existing products;
- effectiveness in managing CTS' manufacturing processes and related assets, including its inventory and fixed assets;
- adverse or unfavorable publicity regarding CTS or its products or services;
- additions or departures of key personnel;
- changes in financial estimates by securities analysts and deviations in revenues or earnings from levels expected by securities analysts; and
- future sales of CTS common stock.

CTS may fail to meet expectations of its stockholders or of analysts at some time in the future, and its stock price could decline as a result. In addition, sales of a substantial number of shares of CTS common stock in the public market or the appearance that these shares are available for sale could adversely affect the market price for CTS common stock.

ANTI-TAKEOVER PROVISIONS COULD DELAY, DETER OR PREVENT A CHANGE IN CONTROL OF CTS EVEN IF THE CHANGE IN CONTROL WOULD BE BENEFICIAL TO CTS STOCKHOLDERS.

CTS is an Indiana corporation subject to Indiana state law. Some provisions of Indiana law could interfere with or restrict takeover bids or other change in control events affecting CTS. One statutory provision prohibits, except under specified circumstances, CTS from engaging in any mergers, sale of assets, recapitalizations and reverse stock splits with any stockholder who owns 10% or more of CTS common stock or any affiliate of the stockholder. Also, provisions in CTS' articles of incorporation, bylaws, and other agreements to which CTS is a party, could delay, deter or prevent a change in control of CTS, even if a change in control would be beneficial to stockholders. CTS has opted out of Indiana's "control share acquisition" provisions, which restrict the voting rights of shares acquired in transactions which cause the beneficial owner of the shares to exceed specified ownership thresholds. CTS could, however, by action of its board of directors, elect to have those provisions apply. In addition, CTS has a shareholder rights agreement that under certain circumstances would significantly impair the ability of third parties to acquire control of CTS without prior approval of CTS' board of directors. In addition, CTS' articles of incorporation allow it to issue up to an additional 22.4 million shares of common stock and 25.0 million shares of preferred stock without stockholder

21

approval. CTS' board of directors has the authority to determine the price and terms under which the additional common or preferred stock may be issued. Issuance of this common and preferred stock could make it more difficult for a third party to acquire control of CTS.

BECAUSE CTS CURRENTLY DERIVES A SIGNIFICANT PORTION OF ITS REVENUES FROM A SMALL NUMBER OF CUSTOMERS, ANY DECREASE IN ORDERS FROM THESE CUSTOMERS COULD HAVE AN ADVERSE EFFECT ON CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING

Edgar Filing: CTS CORP - Form S-4

RESULTS.

CTS depends on a small number of customers for a large portion of its business, and changes in the level of its customers' orders have, in the past, had a significant impact on its results of operations. CTS' 15 largest customers represent a substantial portion of its sales, approximately 71% of net sales in 2003, 73% of net sales in 2002 and 75% of net sales in 2001. CTS' two largest customers are Hewlett-Packard Company and Motorola, Inc., which represented approximately 33% and 13%, respectively, of its net sales in 2003. If a major customer significantly cancels, delays or reduces the amount of business it does with CTS, there could be an adverse effect on CTS' business, financial condition and operating results. Such adverse effect likely would be material if one of CTS' largest customers significantly reduced its amount of business. Significant pricing and margin pressures exerted by a key customer could also materially adversely affect CTS' operating results. In addition, CTS generates significant accounts receivable from sales to its major customers. If one or more of CTS' largest customers were to become insolvent or otherwise unable to pay or were to delay payment for services, CTS' business, financial condition and operating results could be materially adversely affected.

CTS' CUSTOMERS HAVE CANCELED AND MAY IN THE FUTURE CANCEL THEIR ORDERS, CHANGE PRODUCTION QUANTITIES OR LOCATIONS OR DELAY PRODUCTION.

CTS generally does not obtain firm, long-term purchase commitments from its customers, and has often experienced reduced lead times in customer orders. Customers cancel their orders, change production quantities and delay production for a number of reasons. Uncertain economic and geopolitical conditions have resulted, and may continue to result, in some of CTS' customers delaying the delivery of some of the products CTS manufactures for them and placing purchase orders for lower volumes of products than previously anticipated. Cancellations, reductions or delays by a significant customer or by a group of customers have harmed, and may continue to harm, CTS' results of operations by reducing the volumes of products manufactured by CTS, as well as by causing a delay in the recovery of its expenditures for inventory in preparation for customer orders and lower asset utilization resulting in lower gross margins. In addition, customers may require that manufacturing of their products be transitioned from one facility to another to achieve cost and other objectives. Such transfers result in inefficiencies and costs due to resulting excess capacity and overhead at one facility and capacity constraints and the inability to fulfill all orders at another. In addition, CTS makes significant decisions, including determining the levels of orders that it will seek and accept, production schedules, component procurement commitments, personnel needs and other resource requirements, based on its estimates of customer requirements. The short-term nature of CTS' customers' commitments and the changes in demand for their products reduce CTS' ability to estimate accurately future customer requirements. This makes it difficult to schedule production and maximize utilization of CTS' manufacturing capacity. Anticipated orders may not materialize and delivery schedules may be deferred as a result of changes in demand for CTS' products or its customers' products. CTS often increases staffing and capacity, and incurs other expenses to meet the anticipated demand of its customers, which cause reductions in its gross margins if customer orders are delayed or canceled. On occasion, customers require rapid increases in production, which may stress CTS' resources and reduce margins. CTS may not have sufficient capacity at any given time to meet its customers' demands. In addition, because many of CTS' costs and operating expenses are relatively fixed over the short term, a reduction in customer demand harms its gross profit and operating income until such time as adjustments can be made to activity or operating levels and structural costs.

Edgar Filing: CTS CORP - Form S-4

BECAUSE CTS DERIVES A SUBSTANTIAL PORTION OF ITS REVENUES FROM CUSTOMERS IN THE AUTOMOTIVE, COMPUTER AND COMMUNICATIONS INDUSTRIES, IT IS SUSCEPTIBLE TO TRENDS AND FACTORS AFFECTING THOSE INDUSTRIES AS WELL AS THE SUCCESS OF ITS CUSTOMERS' PRODUCTS.

Net sales to the automotive, computer and communications industries represent a substantial portion of CTS' revenues. Factors negatively affecting these industries and the demand for products also negatively affect CTS' business, financial condition and operating results. Any adverse occurrence, including industry slowdown, recession, political instability, costly or constraining regulations, armed hostilities, terrorism, excessive inflation, prolonged disruptions in one or more of CTS' customers' production schedules or labor disturbances, that results in significant decline in the volume of sales in these industries, or in an overall downturn in the business and operations of CTS' customers in these industries, could materially adversely affect CTS' business, financial condition and operating results. For example, the trend toward consolidation in the computer and communications industries could result in a lower level of acceptance of CTS' products, reduced product requirements, purchasing delays by combined entities or the loss of one or more customers. Also, the automotive industry is generally highly unionized and some of CTS' customers have, in the past, experienced labor disruptions. Furthermore, the automotive industry is highly cyclical in nature and sensitive to changes in general economic conditions, consumer preferences and interest rates. CTS' customers are primarily original equipment manufacturers, or OEMs, in the automotive, computer and communications industries. CTS' future sales are dependent on the success of its customers. CTS' customers may discontinue or modify their products containing products that CTS manufactures or develop products requiring new manufacturing processes. In addition, the computer and communications industries are subject to rapid technological change and changes in demand for CTS' products. If CTS' customers are unable to develop products that keep pace with the changing technological environment, its customers' products could lose market acceptance, and the demand for CTS' products could decline significantly. If CTS is unable to offer technologically advanced, easily adaptable and cost-effective products in response to changing customer requirements, demand for its products will decline.

CTS MAY BE UNABLE TO COMPETE EFFECTIVELY AGAINST COMPETITORS IN ITS COMPONENTS AND SENSORS SEGMENT.

CTS' components and sensors segment operates in highly competitive industries that are characterized by price erosion and rapid technological change. CTS competes against many domestic and foreign companies, some of which have substantially greater manufacturing, financial, research and development and marketing resources than CTS. Additionally, many of CTS' customers are seeking to consolidate their business among one or more preferred or qualified suppliers. If any customer becomes dissatisfied with CTS' prices, quality or timeliness of delivery, among other things, it could award future business or even move existing business to CTS' competitors. Moreover, some of CTS' customers could choose to manufacture and develop particular products themselves rather than purchase them from CTS. Increased competition could result in price reductions, reduced profit margins and loss of market share, each of which could materially adversely affect CTS' business, financial condition and operating results. In addition, some of CTS' competitors have engaged, and may in the future engage, in merger and acquisition transactions. Consolidations by competitors are likely to create entities with increased market share, customer bases, proprietary technology, marketing expertise and sales force size. These developments may materially adversely affect CTS' ability to compete against these competitors. CTS cannot assure you that its products will continue to compete successfully with its competitors' products, including OEMs, many of which are significantly larger than CTS and have greater financial and other resources than CTS.

Edgar Filing: CTS CORP - Form S-4

CTS IS SUBJECT TO INTENSE COMPETITION IN THE EMS INDUSTRY.

CTS competes against many providers of electronics manufacturing services. Some of its competitors have substantially greater manufacturing and financial resources and in some cases have more geographically diversified international operations than CTS. CTS' competitors, such as Benchmark Electronics, Inc., Solecron, Inc., Sanmina -- SCI Corporation and Teradyne, Inc., include both large global EMS providers and smaller EMS companies that often have a regional, product, service or industry specific focus. CTS also faces competition from the manufacturing operations of its current and future OEM customers, which may

23

elect to manufacture their own products internally rather than outsource the manufacturing to EMS providers. In addition, CTS could face competition in the future from other large global EMS providers, such as Celestica, Inc., Flextronics International Ltd. and Jabil Circuit, Inc., which currently provide services to some of CTS' largest customers for different products, as well as competition from smaller EMS companies such as Plexus Corp., Reptron Electronics, Inc. and LaBarge, Inc. CTS may be at a competitive disadvantage with respect to price when compared to manufacturers with lower cost structures, particularly those with significant offshore facilities located where labor and other costs are lower. Competition may intensify further if more companies enter the markets in which CTS' operates. CTS' failure to compete effectively could materially adversely affect its business, financial condition and operating results.

CTS MAY BE UNABLE TO KEEP PACE WITH RAPID TECHNOLOGICAL CHANGES THAT COULD MAKE SOME OF ITS PRODUCTS OR PROCESSES OBSOLETE BEFORE IT REALIZES A RETURN ON ITS INVESTMENT.

The technologies relating to some of CTS' products have undergone, and are continuing to undergo, rapid and significant changes. Specifically, end markets for electronic components and assemblies are characterized by technological change, frequent new product introductions and enhancements, changes in customer requirements and emerging industry standards. The introduction of products embodying new technologies and the emergence of new industry standards could render CTS' existing products obsolete and unmarketable before CTS can recover any or all of its research, development and commercialization expenses on capital investments. Furthermore, the life cycles of CTS' products and the products CTS manufactures for others vary, may change and are difficult to estimate. CTS' future success will depend upon its ability to develop and introduce new products and product enhancements on a timely basis that keep pace with technological developments and emerging industry standards and address increasingly sophisticated requirements of CTS' customers. CTS has incurred, and expects to continue to incur, expenses typical of the electronics industry associated with research and development activities and the introduction and promotion of new products. There can be no assurance that the expenses incurred will not exceed research and development cost estimates or that new products will achieve market acceptance and generate sales sufficient to offset development costs. CTS also cannot assure you that it will not experience difficulties that could delay or prevent the successful development, introduction and marketing of these new products or product enhancements or that CTS' new products or product enhancements will adequately meet the requirements of the marketplace and achieve market acceptance. There can be no assurance that products or technologies developed by others will not render CTS' products non-competitive or obsolete. If CTS is unable, for technological or other reasons, to develop and market new products or product enhancements in a timely and cost-effective manner, CTS' business, financial condition and operating results could be materially adversely affected.

CTS SELLS PRODUCTS TO CUSTOMERS IN CYCLICAL INDUSTRIES, WHICH ARE SUBJECT TO SIGNIFICANT DOWNTURNS THAT COULD MATERIALLY ADVERSELY AFFECT CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS.

CTS sells products to customers in cyclical industries, which have experienced economic and industry downturns. These markets for CTS' electronic components and sensors and electronics manufacturing services products have softened in the past and may again soften in the future. CTS incurred sizeable net losses in each of 2001 and 2002 of approximately \$45.4 million and \$17.9 million, respectively, due in part to economic and industry downturns. CTS may face reduced end-customer demand, underutilization of CTS' manufacturing capacity, changes in CTS' revenue mix and other factors that could adversely affect CTS' results of operations in the near term. CTS cannot predict whether it will achieve profitability in future periods. Deterioration of revenues and earnings, beyond current levels, could have a negative effect on CTS' business, financial condition and operating results. This could also have a negative effect on the price of CTS common stock and could also make it difficult for CTS to service its debt. Violation of the covenants in CTS' credit facility could require substantial fees to CTS' banks until the violation is corrected. In the event the violation cannot be corrected, all of the indebtedness under CTS' credit facility, its 6 1/2% convertible subordinated debentures and notes, as well as certain other indebtedness, may be accelerated. If CTS' indebtedness is accelerated, CTS cannot be certain that it will have sufficient funds to pay the accelerated indebtedness or that it will have the ability to refinance the accelerated indebtedness on terms favorable to CTS or at all.

24

CTS' OPERATING RESULTS VARY SIGNIFICANTLY FROM PERIOD TO PERIOD.

CTS experiences fluctuations in its operating results. Some of the principal factors that contribute to these fluctuations are:

- changes in demand for CTS' products;
- CTS' effectiveness in managing manufacturing processes, costs and timing of CTS' component purchases so that components are available when needed for production, while mitigating the risks of purchasing inventory in excess of immediate production needs;
- the degree to which CTS is able to utilize its available manufacturing capacity;
- changes in the cost and availability of components, which often occur in the electronics manufacturing industry and which affect CTS' margins and its ability to meet delivery schedules;
- general economic and served industry conditions; and
- local conditions and events that may affect CTS' production volumes, such as labor conditions and political instability.

In addition, due to the significant differences in the operating income margins in CTS' two reporting segments, the mix of sales between CTS' components and sensors segment and CTS' EMS segment affect CTS' operating results from period to period. In addition, although CTS' restructuring activities and relocation of some of its manufacturing operations to Asia should result in improved operating income margins in CTS' components and sensors segment, CTS can provide no assurances that this will occur.

CTS MAY FURTHER RESTRUCTURE ITS OPERATIONS, WHICH MAY MATERIALLY ADVERSELY

Edgar Filing: CTS CORP - Form S-4

AFFECT CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS.

In 2001, 2002 and 2003, CTS recorded restructuring and impairment charges of \$40.0 million, \$18.3 million and \$4.6 million, respectively, relating to costs incurred to effect operational improvements and related organizational realignments, primarily in CTS' components and sensors segment. CTS completed these restructuring actions, including the relocation of certain manufacturing operations, in 2003. CTS may incur additional restructuring and impairment charges in the future if circumstances warrant. If CTS restructures its operations in the future and is unsuccessful in implementing restructuring plans, CTS may experience disruptions in its operations and higher ongoing costs, which may materially adversely affect CTS' business, financial condition and operating results.

CTS FACES RISKS RELATING TO ITS INTERNATIONAL OPERATIONS.

Because CTS has significant international operations, its operating results and financial condition could be materially adversely affected by economic, political, health, regulatory and other factors existing in foreign countries in which CTS operates. CTS' international operations are subject to inherent risks, which may materially adversely affect CTS, including:

- political and economic instability in countries in which CTS' products are manufactured;
 - expropriation or the imposition of government controls;
 - changes in government regulations;
 - export license requirements;
 - trade restrictions;
 - earnings expatriation restrictions;
 - exposure to different legal standards;
 - less favorable intellectual property laws;
- 25
- health conditions and standards;
 - currency controls;
 - fluctuations in exchange rates;
 - increases in the duties and taxes CTS pays;
 - high levels of inflation or deflation;
 - greater difficulty in collecting CTS' accounts receivable and longer payment cycles;
 - changes in labor conditions and difficulties in staffing and managing CTS' international operations;
 - limitations on insurance coverage against geopolitical risks, natural disasters and business operations; and
 - communication among and management of international operations.

Edgar Filing: CTS CORP - Form S-4

In addition, these same factors may also place CTS at a competitive disadvantage to some of CTS' foreign competitors. To respond to competitive pressures and customer requirements, CTS may further expand internationally at low cost locations, particularly in Asia. If CTS continues to expand in these locations, CTS may incur additional capital expenditures. CTS cannot assure you that it will realize the anticipated strategic benefits of CTS' international operations or that its international operations will contribute positively to, and not adversely affect, CTS' business, financial condition and operating results. Furthermore, because a significant portion of CTS' products are manufactured in Asia, primarily in China and Taiwan, any conflict or uncertainty in these countries, including public health or safety concerns, such as Severe Acute Respiratory Syndrome (SARS), or natural disasters, such as earthquakes, could have a material adverse effect on CTS' business, financial condition and operating results. In addition, if the government of any country in which CTS' products are manufactured or sold sets technical standards for products made in or imported into their country that are not widely shared, some of CTS' customers may suspend imports of their products into that country, require manufacturers in that country to manufacture products with different technical standards or disrupt cross-border manufacturing partnerships, which, in each case, could materially adversely affect CTS' business, financial condition and operating results.

CTS IS EXPOSED TO FLUCTUATIONS IN FOREIGN CURRENCY EXCHANGE RATES THAT HAVE ADVERSELY AFFECTED, AND MAY CONTINUE TO ADVERSELY AFFECT, CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS.

CTS transacts business in various foreign countries. CTS presents its consolidated financial statements in U.S. dollars, but a portion of CTS' revenues and expenditures are transacted in other currencies. As a result, CTS is exposed to fluctuations in foreign currencies. CTS has currency exposure arising from both sales and purchases denominated in currencies other than the U.S. dollar. Volatility in the exchange rates between the foreign currencies and the U.S. dollar could harm CTS' business, financial condition and operating results. Furthermore, to the extent CTS sells its products in foreign markets, currency fluctuations may result in CTS' products becoming too expensive for foreign customers. For example, CTS' EMS business located in the United Kingdom sells primarily in U.S. dollars while most of the operating expenses and some material purchases are made in UK pound sterling. Accordingly, when the U.S. dollar weakens against the UK pound sterling, CTS' EMS segment operating results generally worsen. As the U.S. dollar strengthens against the UK pound sterling and the Euro, CTS' components and sensors segment operating results generally worsen. CTS also manufactures products in China, most of which CTS sells in U.S. dollars. An appreciation of the Chinese RMB against the U.S. dollar would increase CTS' expenses when translated into U.S. dollars.

IF CTS IS UNABLE TO PROTECT ITS INTELLECTUAL PROPERTY OR IT INFRINGES, OR IS ALLEGED TO INFRINGE, ON ANOTHER PERSON'S INTELLECTUAL PROPERTY, CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS COULD BE MATERIALLY ADVERSELY AFFECTED.

The success of CTS' business depends, in part, upon CTS' ability to protect trade secrets, copyrights and patents, obtain or license patents and operate without infringing on the intellectual property rights of others.

CTS relies on a combination of trade secrets, copyrights, patents, nondisclosure agreements and technical measures to protect CTS' proprietary rights in its products and technology. The steps taken by CTS in this regard may not be adequate to prevent misappropriation of CTS' technology. In addition, the laws

Edgar Filing: CTS CORP - Form S-4

of some foreign countries in which CTS operates do not protect CTS' proprietary rights to the same extent as do the laws of the United States. Although CTS continues to evaluate and implement protective measures, CTS cannot assure you that these efforts will be successful. CTS' inability to protect its intellectual property rights could diminish or eliminate the competitive advantages that CTS derives from its technology, cause CTS to lose sales or otherwise harm CTS' business.

CTS believes that patents will continue to play an important role in its business. However, CTS cannot assure you that it will be successful in securing patents for claims in any pending patent application or that any issued patent will provide CTS with any competitive advantage. CTS also cannot assure you that the patents will not be challenged by third parties or that the patents of others will not materially adversely affect CTS' ability to do business. CTS may become involved in litigation in the future to protect its intellectual property or because others may allege that CTS infringes on their intellectual property. These claims and any resulting lawsuit could subject CTS to liability for damages and invalidate CTS' intellectual property rights. If an infringement claim is successfully asserted by a holder of intellectual property rights, CTS may be required to cease marketing or selling certain products, pay a penalty for past infringement and spend significant time and money to develop a non-infringing product or process or to obtain licenses for the technology, process or information from the holder. CTS may not be successful in the development of a non-infringing alternative, or licenses may not be available on commercially acceptable terms, if at all, in which case CTS may lose sales and profits. In addition, any litigation could be lengthy and costly and could materially adversely affect CTS even if CTS is successful in the litigation.

CTS IS SUBJECT TO A VARIETY OF ENVIRONMENTAL LAWS AND REGULATIONS THAT EXPOSE CTS TO POTENTIAL FINANCIAL LIABILITY.

CTS' operations are regulated by a number of federal, state, local and foreign environmental and safety laws and regulations that govern, among other things, the discharge of hazardous materials into the air and water as well as the handling, storage and disposal of these materials. These laws and regulations include the Clean Air Act, the Clean Water Act, the Resource, Conservation and Recovery Act and the Comprehensive Environmental Response, Compensation and Liability Act, as well as analogous state and foreign laws. Compliance with these environmental laws is a major consideration for CTS because it uses hazardous materials in its manufacturing processes. If CTS violates environmental laws or regulations, CTS could be held liable for substantial fines, damages, and costs of remedial actions. CTS' environmental permits could also be revoked or modified, which could require CTS to cease or limit production at one or more of its facilities, thereby materially adversely affecting CTS' business, financial condition and operating results. Environmental laws and requirements, including environmental laws in the European Union and other foreign jurisdictions, have generally become more stringent over time and could continue to do so, imposing greater compliance costs and increasing risks and penalties associated with any violation, which also could materially affect CTS' business, financial condition and operating results. In addition, because CTS is a generator of hazardous wastes, even if CTS fully complies with applicable environmental laws and requirements, CTS may be subject to financial exposure for costs, including costs of investigation and any remediation, associated with contaminated sites at which hazardous substances from CTS' operations have been stored, treated or disposed of. CTS may also be subject to exposure for such costs at sites that CTS currently owns or operates or formerly owned or operated. Such exposure may be joint and several, so that CTS may be held responsible for more than its share of the contamination or even for the entire contamination. CTS has been notified by the Environmental Protection Agency, state environmental agencies and, in some cases, generator groups that CTS is or may be a potentially responsible party regarding hazardous substances at several sites not owned or operated by CTS, as

Edgar Filing: CTS CORP - Form S-4

well as several sites that CTS owns. Although CTS estimates its potential liability with respect to environmental violations or alleged violations and other environmental liabilities and reserves for such matters, CTS cannot assure you that its reserves will be sufficient to cover the actual costs that it incurs as a result of these matters. CTS also cannot assure you that additional contamination will not be found in the

27

future, either at sites currently known to CTS or at other sites. Any liability CTS may have for such matters could materially adversely affect CTS' business, financial condition and operating results.

CTS INTENDS TO EXPLORE ACQUISITIONS, JOINT VENTURES AND OTHER TRANSACTIONS THAT COMPLEMENT OR EXPAND CTS' BUSINESS. CTS MAY NOT BE ABLE TO COMPLETE THESE TRANSACTIONS AND THESE TRANSACTIONS, IF EXECUTED, POSE SIGNIFICANT RISKS AND MAY MATERIALLY ADVERSELY AFFECT CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS.

CTS intends to explore opportunities to buy other businesses or technologies that could complement, enhance or expand CTS' current business or product lines or that might otherwise offer CTS growth opportunities. CTS may have difficulty finding these opportunities or, if CTS does identify these opportunities, CTS may not be able to complete the transactions for reasons including a failure to secure financing. Any transactions that CTS is able to identify and complete may involve a number of risks, including:

- the diversion of CTS' management's attention from CTS' existing business to integrate the operations and personnel of the acquired or combined business or joint venture;
- possible adverse effects on CTS' operating results during the integration process; and
- CTS' possible inability to achieve the intended objectives of the transaction.

In addition, CTS may not be able to successfully or profitably integrate, operate, maintain and manage CTS' newly acquired operations or employees. CTS may not be able to maintain uniform standards, controls, procedures and policies, and this may lead to operational inefficiencies. In addition, future acquisitions may result in dilutive issuances of equity securities or the incurrence of additional debt.

CTS MAY EXPERIENCE RAW MATERIAL SHORTAGES AND SHORTAGES OF REQUIRED ELECTRONIC COMPONENTS, WHICH COULD CAUSE CTS TO DELAY SHIPMENTS TO CUSTOMERS AND REDUCE CTS' BUSINESS, FINANCIAL CONDITION AND OPERATING RESULTS.

In the past, from time to time, there have been shortages in certain raw materials used in the manufacture of CTS' components and sensors and certain electronic components purchased by CTS and incorporated into assemblies and subassemblies. Unanticipated raw material or electronic component shortages may prevent CTS from making scheduled shipments to customers. CTS' inability to make scheduled shipments could cause CTS to experience a shortfall in revenue, increase CTS' costs and adversely affect CTS' relationship with affected customers and CTS' reputation as a reliable service provider. Raw material and electronic component shortages may also increase CTS' cost of goods sold because CTS may be required to pay higher prices for raw materials or electronic components in short supply and order these raw materials or electronic components in greater quantities to compensate for variable delivery times. As a result, raw material or electronic component shortages could adversely affect

Edgar Filing: CTS CORP - Form S-4

CTS' operating results for a particular period due to the resulting revenue shortfall and increased costs.

CTS' INDEBTEDNESS MAY ADVERSELY AFFECT ITS FINANCIAL HEALTH.

As of November 30, 2004, CTS' debt balance was \$94.6 million, consisting of \$60.0 million of 2.125% convertible senior subordinated notes, \$25.0 million of 6 1/2% convertible subordinated debentures, \$9.0 million of borrowings under CTS' revolving credit facility and \$0.6 million of borrowings under a foreign credit facility. The level of CTS' indebtedness could, among other things:

- increase CTS' vulnerability to general economic and industry conditions, including recessions;
- require CTS to use cash flow from operations to service its indebtedness, thereby reducing its ability to fund working capital, capital expenditures, research and development efforts and other expenses;
- limit CTS' flexibility in planning for, or reacting to, changes in its business and the industries in which it operates;
- place CTS at a competitive disadvantage compared to competitors that have less indebtedness; and

28

- limit CTS' ability to borrow additional funds that may be needed to operate and expand its business.

CTS' CREDIT FACILITY AND THE AGREEMENTS GOVERNING CTS' 6 1/2% CONVERTIBLE SUBORDINATED DEBENTURES CONTAIN PROVISIONS THAT COULD MATERIALLY RESTRICT CTS' BUSINESS.

CTS' credit facility contains a number of significant covenants that, among other things, limit CTS' ability to:

- dispose of assets;
- incur additional debt (including pursuant to capital leases);
- guarantee third-party obligations;
- repay other debt or amend subordinated debt instruments;
- create liens on assets;
- make investments, loans or advances;
- make acquisitions or engage in mergers or consolidations;
- make capital expenditures; and
- engage in certain transactions with CTS' subsidiaries and affiliates.

In addition, under CTS' credit facility, CTS is required to meet a number of financial ratios and tests. The agreements governing CTS' 6 1/2% convertible subordinated debentures contain covenants that, among other things, limit CTS' ability to:

- pay dividends on, redeem or repurchase capital stock;

Edgar Filing: CTS CORP - Form S-4

- make payments with respect to any indebtedness that ranks junior to CTS' 6 1/2% convertible subordinated debentures; and
- engage in certain transactions with CTS' subsidiaries and affiliates.

The restrictions contained in CTS' credit facility and in the agreements governing CTS' 6 1/2% convertible subordinated debentures could limit CTS' ability to plan for or react to market conditions or meet capital needs or could otherwise restrict CTS' activities or business plans. These restrictions could adversely affect CTS' ability to finance its operations, strategic acquisitions, investments or other capital needs or to engage in other business activities that could be in CTS' interests. CTS' ability to comply with these covenants may be affected by events beyond its control. If CTS breaches any of these covenants or restrictions, it could result in an event of default under CTS' credit facility, the agreements governing CTS' 6 1/2% convertible subordinated debentures, the indenture for the notes or documents governing any other existing or future indebtedness. A default, if not cured or waived, may permit acceleration of CTS' indebtedness. In addition, CTS' lenders could terminate their commitments to make further extensions of credit under CTS' credit facility. If CTS' indebtedness is accelerated, CTS cannot be certain that it will have sufficient funds to pay the accelerated indebtedness or that it will have the ability to refinance accelerated indebtedness on terms favorable to CTS or at all.

LOSS OF CTS' KEY MANAGEMENT AND OTHER PERSONNEL, OR AN INABILITY TO ATTRACT KEY MANAGEMENT AND OTHER PERSONNEL, COULD MATERIALLY AFFECT CTS' BUSINESS.

CTS depends on its senior executive officers and other key personnel to run its business. CTS does not have long-term retention contracts with its key personnel. The loss of any of these officers or other key personnel could adversely affect CTS' operations. Competition for qualified employees among companies that rely heavily on engineering and technology is at times intense, and the loss of qualified employees or an inability to attract, retain and motivate additional highly skilled employees required for the operation and expansion of CTS' business could hinder CTS' ability to conduct research activities successfully and develop marketable products.

THE SPECIAL MEETING

DATE, TIME AND PLACE OF THE SPECIAL MEETING

The special meeting of SMTEK stockholders will be held at [] a.m., Pacific Time, on [], [], 2005 at SMTEK's corporate offices located at 200 Science Drive, Moorpark, California 93021, for the following purposes:

- to consider and vote upon a proposal to adopt the merger agreement;
- to consider and vote upon a proposal to approve adjournments or postponements of the SMTEK special meeting, if necessary to permit further solicitation of proxies if there are not sufficient votes at the time of the SMTEK special meeting to approve the above proposal;
- to consider and take action upon any other business that may properly come before the SMTEK special meeting or any reconvened meeting following an adjournment or postponement of the SMTEK special meeting.

30

RECORD DATE AND VOTING RIGHTS

The SMTEK board of directors has fixed December 22, 2004 as the record date for determining the stockholders of SMTEK who are entitled to notice of, and to vote at the SMTEK special meeting. Therefore, only SMTEK stockholders of record at the close of business on December 22, 2004 will receive notice of, and be able to vote, at the SMTEK special meeting or any adjournments or postponements of the SMTEK special meeting. At the close of business on the record date there were 2,745,745 shares of SMTEK common stock outstanding. Holders of SMTEK common stock are entitled to one vote per share.

A majority of these shares must be present at the SMTEK special meeting, either in person or by proxy, in order for there to be a quorum at the meeting. Shares of SMTEK common stock with respect to which the holders are present in

Edgar Filing: CTS CORP - Form S-4

person at the SMTEK special meeting, but not voting, and shares of SMTEK common stock for which SMTEK has received proxies but with respect to which holders of the shares have abstained will be counted as present at the SMTEK special meeting for purposes of determining whether a quorum exists. Broker non-votes (i.e., shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not instructed to vote on a particular proposal and the broker or nominee does not have discretionary voting power) will also be counted for purposes of determining whether a quorum exists.

Adoption of the merger agreement requires the approval of the holders of at least a majority of the votes entitled to be cast by the holders of outstanding shares of SMTEK common stock. Approval of adjournments or postponements of the SMTEK special meeting, if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the SMTEK special meeting to approve the above proposal requires the affirmative vote of a majority of shares present in person or by proxy at the SMTEK special meeting and actually voted on the proposal. Abstentions and broker non-votes will have the same effect as votes against the proposal to adopt the merger agreement, but will have no effect on the outcome of the proposal relating to adjournments or postponements of the SMTEK special meeting, if necessary, to permit further solicitation of proxies.

As of the record date for the SMTEK special meeting, SMTEK's directors and executive officers had the right to vote approximately 77,309 shares of the then outstanding SMTEK common stock at the SMTEK special meeting. As of the record date of the SMTEK special meeting, these shares represented approximately 2.82% of the SMTEK common stock outstanding and entitled to vote at the meeting. SMTEK's directors and executive officers holding shares of SMTEK common stock on the record date have indicated that they intend to vote their shares for the proposal to adopt the merger agreement at the special meeting.

In connection with the merger, SMTEK's two largest stockholders, the Thomas M. Wheeler Trust U/D/T 4/9/86 and The Gene Haas Trust 3-9-99, entered into agreements with CTS whereby each of them agreed to vote and to grant CTS an irrevocable proxy to vote their respective shares of SMTEK common stock:

- for the adoption of the merger agreement;
- against the approval of any action, agreement or proposal that would result in a breach of any representation, warranty, covenant or obligation of SMTEK in the merger agreement or that would delay or hinder the consummation of the merger or that would preclude the fulfillment of a condition precedent to the closing of the merger; and
- against any action, agreement or proposal made in opposition to or in competition with the merger, including any company takeover proposal or superior proposal.

As of the record date for the SMTEK special meeting these stockholders had the right to vote approximately 881,812 and 268,369 shares, respectively, of SMTEK common stock at the SMTEK special meeting. As of the record date these shares represented approximately 32.65% and 9.94%, respectively, of the SMTEK common stock outstanding and entitled to vote at the meeting. The Thomas M. Wheeler Trust's obligations under its stockholder's agreement, including voting and restrictions on transfer, are subject to options to purchase 97,000 of the trust's shares of SMTEK common stock granted by the trust to third parties prior to the execution of the stockholder's agreement.

Edgar Filing: CTS CORP - Form S-4

VOTING YOUR PROXY

You may vote in person at the SMTEK special meeting or by proxy. We recommend you vote by proxy even if you plan to attend the special meeting. If you vote by proxy, you may change your vote if you attend the special meeting.

You may vote by proxy by completing and mailing the enclosed proxy card(s). If you properly complete, sign, date and return your proxy card(s) in time to vote, one of the individuals named as your proxy will vote your shares of SMTEK common stock as you have directed. You may vote for or against the proposals submitted at the special meeting or you may abstain from voting.

HOW TO VOTE

Complete, sign, date and return your proxy card(s) in the enclosed envelope. If you hold shares of SMTEK common stock through a broker or other custodian, please follow the voting instructions provided by that firm. If you do not sign, date and return your proxy card(s), or if your shares are held in a stock brokerage account or held by a bank, broker or other nominee, or, in other words, in "street name" and you do not instruct your bank, broker or other nominee on how to vote those shares, those shares will not be voted at the special meeting.

A number of banks and brokerage firms participate in a program that also permits stockholders whose shares are held in "street name" to direct their vote by the internet or telephone. This option, if available, will be reflected in the voting instructions from the bank or brokerage firm that accompany this document. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may direct the vote of these shares by the internet or telephone by following the voting instructions enclosed with the proxy form from the bank or brokerage firm. The internet and telephone proxy procedures are designed to authenticate stockholders' identities, to allow stockholders to give their proxy voting instructions and to confirm that those instructions have been properly recorded. Votes directed by the internet or telephone through such a program must be received by 11:59 p.m., New York City time, on [], 2005. Requesting a legal proxy prior to the deadline described above will automatically cancel any voting directions you have previously given by the internet or by telephone with respect to your shares. Directing the voting of your shares will not affect your right to vote in person if you decide to attend the meeting; however, you must first obtain a signed and properly executed legal proxy from your bank, broker or other nominee to vote your shares held in street name at the special meeting.

If you submit your proxy but do not make specific choices, your proxy will be voted FOR each of the proposals presented.

SMTEK'S BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED THE MERGER AGREEMENT AND DETERMINED THAT THE TRANSACTIONS CONTEMPLATED BY THE MERGER AGREEMENT ARE ADVISABLE, FAIR TO AND IN THE BEST INTERESTS OF SMTEK AND ITS STOCKHOLDERS. SMTEK'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SMTEK STOCKHOLDERS VOTE FOR THE PROPOSAL TO ADOPT THE MERGER AGREEMENT AT THE SPECIAL MEETING.

REVOKING YOUR PROXY

If you are a record holder of shares of SMTEK common stock, you can change your vote by:

- sending a written notice to the corporate secretary of SMTEK that is received prior to the special meeting and states that you revoke your proxy;

Edgar Filing: CTS CORP - Form S-4

- signing and dating a new proxy card(s), or, if available, voting by telephone or the internet and submitting your proxy so that it is received prior to the special meeting; or
- attending the special meeting and voting in person.

32

If your shares are held in street name by your broker, you will need to contact your broker to revoke your proxy.

OTHER VOTING MATTERS

VOTING IN PERSON

If you plan to attend the SMTEK special meeting and wish to vote in person, we will give you a ballot at the special meeting. However, if your shares of SMTEK common stock are held in street name, you must first obtain a legal proxy authorizing you to vote the shares in person, which you must bring with you to the SMTEK special meeting.

PEOPLE WITH DISABILITIES

We can provide reasonable assistance to help you participate in the special meeting if you tell us about your disability and how you plan to attend. Please call or write to SMTEK's corporate secretary at least two weeks before the special meeting at the number or address provided on the inside front cover page of this document.

PROXY SOLICITATIONS

In addition to this mailing, SMTEK's directors, officers and employees (who will not receive any additional compensation for their services) may solicit proxies personally, electronically or by telephone. SMTEK will bear the entire cost of soliciting proxies. SMTEK has also engaged D.F. King & Co., Inc. to assist in the solicitation of proxies. SMTEK will pay this firm \$5,500 plus \$4.00 per completed call to retail holders of SMTEK common stock and certain other customary fees and expenses. SMTEK will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses for sending proxy materials to the beneficial owners of SMTEK common stock. The extent to which these proxy-soliciting efforts will be necessary depends upon how promptly proxies are submitted. You should submit your completed proxy card(s) without delay by mail.

SMTEK STOCKHOLDERS SHOULD NOT SUBMIT ANY SMTEK STOCK CERTIFICATES WITH THEIR PROXY CARDS.

OTHER BUSINESS, ADJOURNMENT AND POSTPONEMENTS

We are not aware of any other business to be acted upon at the special meeting. If, however, other matters are properly brought before the special meeting, your proxies will have discretion to vote or act on those matters according to their best judgment.

Any adjournment may be made from time to time by approval of the stockholders holding a majority of the voting power present in person or by proxy at the special meeting, whether or not a quorum exists, without further notice other than by an announcement made at the special meeting. In addition, if the adjournment of the SMTEK special meeting is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the adjourned meeting must be given to each SMTEK stockholder of

Edgar Filing: CTS CORP - Form S-4

record entitled to vote at the SMTEK special meeting. If a quorum is not present at the SMTEK special meeting, SMTEK stockholders may be asked to vote on a proposal to adjourn or postpone the special meeting to solicit additional proxies. If a quorum is not present at the SMTEK special meeting, the holders of a majority of the shares entitled to vote who are present in person or by proxy may adjourn or postpone the special meeting. If a quorum is present at the special meeting but there are not sufficient votes at the time of the special meeting to approve the other proposal(s), holders of SMTEK common stock may also be asked to vote on a proposal to approve the adjournment or postponement of the special meeting to permit further solicitation of proxies.

33

THE MERGER

BACKGROUND OF THE MERGER

In early February 2004, CTS approached SMTEK to discuss a potential business combination. On February 2, 2004, CTS and SMTEK signed a Confidentiality Agreement in which each party agreed to keep certain information received from the other party confidential in order to conduct due diligence investigations regarding any potential business transaction between the parties. The parties conducted very preliminary discussions before determining that they could not reach a mutually agreeable transaction at that time.

On August 11, 2004, Donald Schwanz, CTS' Chairman and Chief Executive Officer, and Edward Smith, then Chief Executive Officer and President of SMTEK, met in Boston, Massachusetts to discuss the merits of a possible strategic transaction between CTS and SMTEK.

During the week of August 22, 2004, representatives of CTS' management met with representatives of SMTEK's management at SMTEK's Moorpark, California headquarters to conduct further discussions regarding a possible strategic transaction between CTS and SMTEK.

On August 25, 2004, Messrs. Schwanz and Vinod Khilnani, Senior Vice President and Chief Financial Officer of CTS, met with two independent members of SMTEK's Board, James P. Burgess, SMTEK's Chairman of the Board, and Steve Waszak, at a hotel in Detroit, Michigan to conduct further discussions regarding a possible strategic transaction between CTS and SMTEK. The representatives of CTS' management and the independent members of SMTEK's Board discussed CTS' background and its strategy with respect to its components and sensors and EMS divisions, SMTEK's background and its current strategic plans, recent financial performance, SMTEK's management team and plans for continued discussions.

On August 26, 2004, Mr. Schwanz met with Mr. Smith at SMTEK headquarters in Moorpark, California to conduct further discussions regarding a possible strategic transaction between CTS and SMTEK.

On August 31, 2004, SMTEK announced that Mr. Smith would resign as Chief Executive Officer and President of SMTEK effective September 20, 2004.

On September 2, 2004, CTS and SMTEK entered into a Confidentiality Agreement that superseded the February 2, 2004 Confidentiality Agreement. This Confidentiality Agreement contained standstill provisions restricting CTS, for a period of two years, from taking any action to acquire SMTEK's assets or stock, or control SMTEK's Board or management, without a specific invitation from SMTEK.

From September 7, 2004, until the merger agreement was executed, representatives of CTS and SMTEK conducted certain business, financial and legal

Edgar Filing: CTS CORP - Form S-4

due diligence on the other party.

On September 8, 2004, SMTEK's Board of Directors met telephonically and appointed a Special Committee of the Board consisting of three independent SMTEK directors, Messrs. Burgess, Waszak and Kimon Anemogiannis, to evaluate and consider a potential strategic transaction with CTS and to report back to the Board of Directors. During that meeting, the Board authorized management to retain Duff & Phelps, LLC as the company's financial advisor and to perform a limited market check. After the telephonic Board of Directors' meeting, SMTEK's three independent directors met telephonically in executive session. During that call, the Special Committee discussed commencing a market check to determine if there were other companies interested in pursuing discussions for a strategic transaction with SMTEK.

Effective September 18, 2004, SMTEK's Board of Directors appointed Kirk Waldron, SMTEK's then Senior Vice President and Chief Financial Officer, as interim President of SMTEK, replacing Mr. Smith, who remained a SMTEK Board member.

Between September 15, 2004, and October 18, 2004, SMTEK's Special Committee, Board of Directors and management and certain representatives of Duff & Phelps and certain representatives of SMTEK's outside legal counsel met periodically to discuss the status of issues related to a potential strategic transaction between CTS and SMTEK. At certain of these meetings, Duff & Phelps presented preliminary financial analyses regarding SMTEK to the Special Committee. In addition, during this period, members of SMTEK's

34

Special Committee and representatives of Duff & Phelps met periodically with representatives of CTS, including CTS' financial advisor, to discuss various issues related to a possible transaction.

During a call on October 18, 2004, among SMTEK's Special Committee, Mr. Waldron and certain of SMTEK's legal and financial advisors, the Special Committee discussed Duff & Phelps' preliminary financial analysis of SMTEK. Based on this discussion, the Special Committee determined to discontinue strategic transaction discussions with CTS.

On October 21, 2004, SMTEK's Board of Directors met telephonically with Mr. Waldron and a representative of SMTEK's legal advisors. Mr. Waldron addressed the status of Duff & Phelps' financial analysis and the ongoing limited market check being conducted.

On October 25, 2004, SMTEK's Board of Directors met telephonically with Mr. Waldron and a representative of SMTEK's legal advisors. The parties discussed a potential strategic transaction and Mr. Waldron explained that there had been no other interest expressed for a strategic transaction from those contacted in the limited market check. Additionally, Mr. Waszak explained that CTS was no longer expressing interest in a strategic transaction.

On October 26, 2004, a member of SMTEK's Special Committee and a representative of SMTEK's financial advisors met telephonically with Mr. Schwanz regarding whether a strategic transaction remained viable and whether the parties could come to terms that were in the best of interests of the stockholders of both companies.

On October 28, 2004, SMTEK's Board of Directors met telephonically with Mr. Waldron and a representative of SMTEK's legal advisors. A member of SMTEK's Special Committee summarized his recent conversations with Mr. Schwanz and reported that Mr. Schwanz had conveyed that the CTS Board of Directors was again

Edgar Filing: CTS CORP - Form S-4

considering a potential strategic transaction with SMTEK. Mr. Schwanz requested that a particular member of SMTEK's Special Committee come to Chicago, Illinois on Saturday, October 30, 2004, to further discuss a possible transaction. SMTEK's Board agreed that some of the members of the Special Committee would contact CTS and schedule a meeting to further discussions regarding a potential strategic transaction.

On October 29, 2004, two members of SMTEK's Special Committee met with Mr. Schwanz, Mr. Khilnani and a representative of CTS' financial advisor at the Chicago Hilton. Mr. Waldron joined the meeting telephonically. The SMTEK group presented and the parties discussed various transaction variables and valuation metrics as well as broad outlines of an exchange ratio collar. A member of SMTEK's Special Committee reported to SMTEK's Board that no formal offer had been made by CTS.

On November 2, 2004, SMTEK's Special Committee, Mr. Waldron and certain of SMTEK's legal and financial advisors met telephonically to discuss the status of issues related to a potential strategic transaction between CTS and SMTEK. During the call, the committee discussed with the representative of SMTEK's financial advisors the general parameters that were discussed with CTS. The members of SMTEK's Special Committee asked extensive questions of the financial and legal advisors regarding these parameters.

From November 3, 2004 through November 11, 2004, members of CTS' management and members of the Special Committee of SMTEK, along with their respective financial advisors, met telephonically to continue to discuss due diligence and negotiate terms of a potential strategic transaction between CTS and SMTEK, including the exchange ratio, restrictions on SMTEK's ability to pursue other alternative transactions, representations and warranties, covenants, termination provisions and conditions to the closing of the merger.

On November 11, 2004, SMTEK held a regularly scheduled board meeting to review financial, sales and operating results for the first quarter. During that meeting, a member of SMTEK's Special Committee updated SMTEK's Board on the progress of his ongoing discussions with Mr. Schwanz and that the parties had reached a general understanding on some of the primary issues. On this date, CTS' legal advisors circulated a draft of the proposed merger agreement to SMTEK's legal advisors and SMTEK's management.

35

From November 12, 2004 through November 16, 2004, members of management of SMTEK and CTS, along with their respective legal and financial advisors, resumed discussions telephonically and in Moorpark, California. During that time, the parties continued to conduct due diligence and negotiate the principal terms of agreements and other related documents, including the exchange ratio, restrictions on SMTEK's ability to pursue alternative transactions, representations and warranties, covenants, termination provisions and conditions to the closing of the merger.

On November 16, 2004, SMTEK's Special Committee met telephonically with its financial and legal advisors to consider the terms of a proposed transaction with CTS and to review the significant negotiation points regarding the proposed Agreement and Plan of Merger, the Stockholder's Agreement with the Thomas M. Wheeler Trust, SMTEK's largest stockholder, and the results of SMTEK's internal due diligence and due diligence conducted by Mr. Waldron, a member of SMTEK's Special Committee and SMTEK's legal and financial advisors on CTS. The Special Committee also determined that the terms of the transaction proposed by CTS were favorable to SMTEK's stockholders and that the merger provided strategic and business opportunities for SMTEK that otherwise did not exist. SMTEK's legal advisors outlined the terms of the proposed Agreement and Plan of Merger,

Edgar Filing: CTS CORP - Form S-4

including conditions to closing, termination fees, representations and warranties, the impact of the transaction on option holders and the stockholder's agreement. The Special Committee instructed Duff & Phelps to make their presentation of their fairness determination to the full Board of Directors immediately following the conclusion of the Special Committee meeting. Prior to the meeting, the Special Committee reviewed Duff & Phelps' presentation and fairness opinion and the Agreement and Plan of Merger. Having extensively questioned SMTEK's legal and financial advisors regarding the proposed transactions, the Special Committee unanimously recommended to the Board of Directors to approve the merger subject to the Board of Director's review of the fairness presentation from Duff & Phelps and receipt of a fairness opinion.

Immediately following the Special Committee meeting on November 16, 2004, SMTEK's full Board of Directors met telephonically to consider the terms of the proposed transaction with CTS. At this meeting, SMTEK's management, and legal and financial representatives discussed the results of negotiations with CTS and the terms of the proposed merger, including status and timing of the transaction, pricing and valuation of the proposed merger, strategic and business opportunities with CTS, pros and cons of the merger; representatives of Duff & Phelps reviewed and discussed the alternative transactions investigated by Duff & Phelps at the direction of the Board of Directors, presented an analysis of the financial terms of the proposed merger and delivered its oral opinion, subsequently confirmed in writing as of November 16, 2004, as to the fairness of the merger consideration, from a financial point of view, as of such date, to SMTEK's stockholders; and representatives of legal counsel outlined the terms of the proposed merger agreement, including conditions to closing, termination fees, representations and warranties, the impact of the transaction on SMTEK option holders and the stockholder's agreement signed by the Thomas M. Wheeler Trust. The Board, having reviewed Duff & Phelps' presentation materials and fairness opinion and the Agreement and Plan of Merger before the meeting, and having extensively questioned the Special Committee and SMTEK's legal and financial advisors, unanimously (i) approved the proposed terms of the merger and the transactions related thereto in substantially the form presented, (ii) recommended the merger agreement to SMTEK's stockholders for adoption, (iii) authorized the calling of a Special Meeting of stockholders for the purpose of having SMTEK's stockholders vote on the merger, and (iv) authorized SMTEK's officers to complete the negotiation and execution of the Agreement and Plan of Merger.

Following the adjournment of the SMTEK Board of Directors meeting on November 16, 2004, Mr. Waldron and representatives of SMTEK's legal advisors met with Mr. Schwanz, Mr. Khilnani and other representatives of CTS at the Hyatt Hotel in Westlake, California, where the Agreement and Plan of Merger, which had previously been approved by the CTS Board of Directors, was signed and other ancillary documents were signed and exchanged.

On the morning of November 17, 2004, SMTEK and CTS issued press releases announcing the transaction and filed Current Reports on Form 8-K with the Securities and Exchange Commission containing the Agreement and Plan of Merger, the Stockholder's Agreement and their respective press release.

36

REASONS FOR THE MERGER

The SMTEK board of directors believes that a merger with CTS' subsidiary, Cardinal Acquisition is advisable and fair to, and in the best interests of, SMTEK and its stockholders. At a meeting held on November 16, 2004, SMTEK's board of directors unanimously approved the merger agreement and determined that the merger is advisable and fair to, and in the best interests of, SMTEK and its stockholders and resolved to recommend that SMTEK's stockholders vote FOR the

Edgar Filing: CTS CORP - Form S-4

adoption of the merger agreement.

In making its determination to adopt the merger agreement, the SMTEK board of directors considered reasons why the merger should be beneficial to SMTEK and its stockholders. These potential benefits include the following:

- the benefit to SMTEK stockholders from the larger public float and greater liquidity of shares of CTS common stock compared to the small public float and limited liquidity of shares of SMTEK common stock;
- the opportunity for SMTEK stockholders to receive what the board considered to be an attractive premium over the market price for shares of SMTEK common stock, which had traded at prices ranging from \$12.03 to \$13.85 over the 20 trading day period prior to November 15, 2004, with an average closing price of \$12.95 per share, and closed on November 16, 2004 at \$13.07 per share;
- the opportunity for SMTEK stockholders, due to their receipt of CTS stock in connection with the merger, to participate in the future growth of the business conducted by CTS and SMTEK following the merger and to benefit from the potential appreciation in value of shares of CTS common stock;
- the belief by SMTEK's senior management, subject to receipt of the fairness opinion of SMTEK's financial advisor and approval of SMTEK's board of directors, that using the merger agreement's formula to set the price paid for SMTEK common stock at between \$14.20 and \$15.00 per share, and using the volume-weighted average price of CTS stock over a short period prior to the closing of the merger as the basis for determining the exchange ratio, provided benefits to SMTEK's stockholders that outweighed the use of a floating base price or an average closing price of CTS common stock over a period prior to public announcement of the transaction for the purpose of setting the exchange ratio because in senior management's reasonable estimation such pricing mechanisms involved a greater risk of a loss in value to SMTEK's stockholders between the announcement and closing of the transaction; and
- the belief by SMTEK's directors and senior management that, in combination with CTS' greater financial, marketing, distribution and operational resources, the transaction would result in enhanced opportunities for SMTEK to achieve its long-term strategic objectives.

In the course of considering the proposed transaction with CTS, SMTEK's board reviewed historical, present and projected financials of SMTEK, historical and short- and long-term strategic objectives of SMTEK, the opportunities in the marketplace that SMTEK is pursuing and the risks associated with such opportunities. The board also reviewed with its management, the board's financial advisor and SMTEK's legal advisors a number of additional factors relevant to the merger, including:

- information concerning conditions in the electronics manufacturing services industry and electronics industries in general, which indicated that these industries historically have been subject to significant economic fluctuations, and senior management's view that SMTEK, due to its relatively small size and limited service offerings, was vulnerable to adverse changes in these industries;
- information concerning the recent and historical stock price performance, volatility and trading volume of SMTEK common stock and CTS common stock, which indicated that the market for CTS' stock had significantly greater liquidity than the market for SMTEK's stock;

Edgar Filing: CTS CORP - Form S-4

- comparisons of historical financial and operational measures for SMTEK and CTS including revenues and earnings, technology, management and competitive position, which indicated that:
 - CTS had greater operational and financial stability than SMTEK due in part to CTS' broader product and service base and participation in more diverse markets, which stability would help to offset the volatility experienced in the electronic manufacturing services markets in which SMTEK competes; and
 - CTS had more extensive financial, sales and marketing resources that could be allocated to enhance SMTEK's ability to market its existing services and introduce new services;
- the views of senior management, the board and SMTEK's outside advisors that there was a significant likelihood that the merger would be completed;
- the opinion of Duff & Phelps that, as of November 16, 2004, and subject to the considerations set forth in their opinion, the purchase price of between \$14.20 and \$15.00 of cash and CTS common stock for each outstanding share of SMTEK common stock was fair to the stockholders of SMTEK from a financial point of view (without giving effect to any impacts of the merger on any particular stockholder other than its capacity as a stockholder);
- due diligence information relating to CTS gathered for and reviewed by SMTEK's Special Committee that included certain Securities Exchange Act filings, historical stock price information, business and stock performance information presented by members of CTS' senior management to analysts and SMTEK's senior management and competitive analyses performed by SMTEK's senior management and presented to the board from time to time as part of SMTEK's periodic review of its business;
- the terms of the merger agreement, including the parties' representations, warranties and covenants, and the conditions to the parties' respective obligations to consummate the merger, the provisions relating to SMTEK's ability to consider alternative proposals and the termination provisions and related break-up fees, which senior management and the board, after consulting with SMTEK's outside legal counsel and financial advisor, deemed to be reasonable and balanced;
- the prospects of SMTEK as an independent company, including:
 - the challenges SMTEK faces by competing in volatile electronics manufacturing services markets with a relatively limited services offering, resulting in volatility of SMTEK's operational and financial results from period to period; and
 - SMTEK's more limited resources to market existing services and to introduce new services; and
- the anticipated impact of the merger on SMTEK's customers and employees.

The SMTEK board also considered a number of potentially negative factors in its deliberations concerning the merger, including:

- the fact that stockholders of SMTEK will not receive the full benefit of any future growth in the value of their equity that SMTEK might have achieved as an independent company, and the potential disadvantage to

Edgar Filing: CTS CORP - Form S-4

SMTEK stockholders who receive CTS common stock in the event that CTS does not perform as well in the future as SMTEK might have performed as an independent company;

- the risk that the merger might not be completed;
- the possibility that some provisions of the merger agreement, including the nonsolicitation and termination fee provisions, might have the effect of discouraging other parties potentially interested in merging with or acquiring SMTEK from pursuing such an opportunity;
- the potential loss of customers, suppliers, revenues and business opportunities for SMTEK as a result of uncertainty in the marketplace resulting from the announcement of the merger, and the possible exploitation of such uncertainty by SMTEK's and CTS' competitors;

38

- the possibility of management and employee disruption associated with the merger and integration of the operations of the companies, and the risk that, despite the efforts of the combined company, key management, technical and other personnel of SMTEK might not continue with the combined company;
- the risk that the strategic objectives sought to be achieved by the merger may not be realized;
- the \$14.20 to \$15.00 value of the merger consideration is less than the valuation range indicated by the Comparable Control Transaction analysis presented by Duff & Phelps, but which the board believed was offset by the fact that the value of the merger consideration compared favorably to the valuation ranges for all of the other valuation methodologies considered by Duff & Phelps, that Duff & Phelps indicated to the board that only limited data was available for the Comparable Control Transaction analysis and that Duff & Phelps had indicated that its fairness opinion was based on the totality of its analyses and not any specific valuation methodology; and
- other applicable risks described in the section of this proxy statement/prospectus titled "Risk Factors."

SMTEK's board concluded that overall these risks were outweighed by the potential benefits of the merger, and unanimously adopted the merger agreement and determined that the merger was advisable and fair to, and in the best interests of, SMTEK and its stockholders.

The above discussion includes all of the material information and factors considered by SMTEK's board. In view of the variety of factors considered in connection with its evaluation of the merger agreement, SMTEK's board did not find it practicable to and did not quantify or otherwise assign relative weight to the specific factors considered in reaching its determination. In addition, the SMTEK board did not attempt to quantify the synergies that the combination of SMTEK and CTS may realize because the board did not deem the financial synergies from the merger to be of significance to its own deliberations or to SMTEK's stockholders from the standpoint of their becoming CTS stockholders as a result of the transaction. The SMTEK board did not reach any specific conclusion on each factor considered, or any aspect of any particular factor, but conducted an overall analysis of these factors. In addition, individual members of SMTEK's board may have given different weight to different factors.

FAIRNESS OPINION OF DUFF & PHELPS

Edgar Filing: CTS CORP - Form S-4

In deciding to approve the merger, SMTEK's board of directors considered an opinion from its financial advisors, Duff & Phelps, LLC. Founded in 1932, Duff & Phelps is one of the leading middle market investment banking and independent financial advisory firms in the United States. Duff & Phelps has significant expertise and experience in fairness opinions, business valuations, solvency opinions, structuring ESOP/ERISA transactions, private capital raise, buy-side and sell-side merger and acquisition advisory services, and intangible asset and intellectual property valuations. Headquartered in Chicago, Duff & Phelps has offices in New York, Los Angeles, San Francisco, and Seattle. In 2003, Duff & Phelps rendered approximately 400 opinions, including fairness opinions, business valuation opinions, solvency opinions, tax-related financial opinions, and other financial opinions.

Duff & Phelps rendered a written opinion to the board of directors of SMTEK that, as of November 16, 2004, the merger consideration is fair to the stockholders of SMTEK from a financial point of view (without giving effect to any impacts of the merger on any particular stockholder other than in its capacity as a stockholder). The opinion of Duff & Phelps is directed to the SMTEK board, and does not constitute a recommendation as to how to vote with respect to any matter relating to the proposed merger or an indication that the consideration paid is the best possible attainable under any circumstances. Duff & Phelps' opinion is attached as Annex D hereto and is incorporated herein by reference. SMTEK STOCKHOLDERS ARE ENCOURAGED TO READ THIS OPINION IN ITS ENTIRETY.

The following is a summary of the material financial analyses performed by Duff & Phelps in connection with rendering its opinion. IN ORDER TO BETTER UNDERSTAND THE FINANCIAL ANALYSES PERFORMED BY DUFF & PHELPS, THE TEXT BELOW SHOULD BE READ TOGETHER WITH THE OPINION LETTER DELIVERED TO THE BOARD OF DIRECTORS OF SMTEK ON NOVEMBER 16, 2004 AND INCLUDED WITH THIS PROXY STATEMENT/PROSPECTUS AS ANNEX D. THE DUFF & PHELPS

39

OPINION IS BASED ON THE TOTALITY OF THE VARIOUS ANALYSES THAT IT PERFORMED, AND NO PARTICULAR PORTION OF THE ANALYSIS HAS ANY MERIT STANDING ALONE. Duff & Phelps has consented to the use of its opinion in this proxy statement/prospectus.

While the following summary describes the analysis and factors that Duff & Phelps deemed material in its presentation to the SMTEK board, it is not a comprehensive description of all analyses and factors considered by Duff & Phelps. Several analytical methodologies were employed and no one method of analysis should be regarded as critical to the overall conclusion reached by Duff & Phelps. Each analytical technique has inherent strengths and weaknesses, and the nature of the available information may further affect the value of particular techniques. The conclusion reached by Duff & Phelps is based on all analyses and factors taken, as a whole, and also on application of Duff & Phelps' own experience and judgment. This conclusion may involve significant elements of subjective judgment and qualitative analysis. Duff & Phelps gives no opinion as to the value or merit standing alone of any one or more parts of the analysis it performed.

The basis and methodology for Duff & Phelps' opinion have been designed specifically for the express purposes of SMTEK's board of directors and may not translate to any other purposes. Duff & Phelps conducted only a limited market test at the direction of the SMTEK Board of Directors to determine whether or not a better price could have been obtained. The Board of Directors of SMTEK rejected a broad market check based upon the potential negative impact that such a test may have on SMTEK's employees, customers, suppliers and competitive

Edgar Filing: CTS CORP - Form S-4

position within the industry. Duff & Phelps contacted a select number of potential financial and strategic buyers that were approved by the SMTEK Board of Directors, but no potential acquirers expressed a formal indication of interest to acquire SMTEK.

Duff & Phelps was retained by the SMTEK board of directors under an engagement letter dated as of September 14, 2004. One of SMTEK's engagement letters with Duff & Phelps provides that, for its services as exclusive financial consultant, Duff & Phelps is entitled to receive \$100,000 due and payable as follows: \$25,000 in cash upon execution of the engagement letter, \$25,000 upon the Board of Directors requesting that Duff & Phelps prepare an opinion and the remaining \$50,000 in cash upon delivery of the opinion, whether or not the opinion is favorable. SMTEK has also agreed to reimburse Duff & Phelps for its out-of-pocket expenses and to indemnify and hold harmless Duff & Phelps and its affiliates and any other person, director, employee or agent of Duff & Phelps or any of its affiliates, or any person controlling Duff & Phelps or its affiliates, for certain losses, claims, damages, expenses and liabilities relating to or arising out of services provided by Duff & Phelps as financial advisor to SMTEK. The terms of the fee arrangement with Duff & Phelps, which SMTEK and Duff & Phelps believe are customary in transactions of this nature, were negotiated at arm's length between SMTEK and Duff & Phelps, and the SMTEK board was aware of these fee arrangements.

Duff & Phelps was retained based on Duff & Phelps' experience as a financial advisor in connection with mergers and acquisitions and in securities valuations generally. Duff & Phelps is a nationally recognized investment banking firm that is regularly engaged to render financial opinions in connection with mergers and acquisitions, tax matters, corporate planning, and other purposes. Previously, Duff & Phelps had not provided financial advisory services to SMTEK or CTS.

40

- Reviewed the financial terms of certain business combinations to the extent publicly available involving companies with businesses Duff & Phelps considered relevant to its inquiry.

The Duff & Phelps opinion is necessarily based upon market, economic and other conditions that were in effect on, and information made available to Duff & Phelps as of, the date of the opinion. You should understand that subsequent developments could materially affect the assumptions used in preparing its fairness opinion and may affect the conclusion expressed in the Duff & Phelps opinion, and that Duff & Phelps disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting its opinion and assumes no obligation to update, revise or reaffirm its opinion. The Duff & Phelps opinion is limited to the fairness of the merger consideration to the stockholders of SMTEK from a financial point of view (without giving effect to any impacts of the merger on any particular stockholder other than in its capacity as a stockholder) as of November 16, 2004.

OPINION AND ANALYSIS OF DUFF & PHELPS

In accordance with customary investment banking practice, Duff & Phelps employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial and comparative analyses utilized by Duff & Phelps in arriving at its opinion. It does not purport to be a complete description of the analyses performed by Duff & Phelps. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth below, without considering the analyses as a whole, could create a misleading or an incomplete view of the process underlying Duff & Phelps' fairness opinion.

In arriving at its fairness opinion, Duff & Phelps considered the results of all such analyses taken as a whole. Furthermore, in arriving at its fairness

Edgar Filing: CTS CORP - Form S-4

opinion, Duff & Phelps did not attribute any particular weight to any analysis or factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. No company or transaction used in the analyses as a comparison is identical to SMTEK or the merger. The analyses were prepared solely for purposes of Duff & Phelps providing its opinion to the board as to the fairness of the merger from a financial point of view, and do not purport to be appraisals or to necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by such analyses. Such analyses are based upon numerous factors or events beyond the control of SMTEK, its advisors or any other person, and are inherently uncertain. Actual future results may be materially different from those forecasts.

Discounted Cash Flow Analysis

Duff & Phelps performed a discounted cash flow analysis of the projected debt-free net cash flows of SMTEK. SMTEK management provided Duff & Phelps with financial projections, and Duff & Phelps informed the board that it considered such projections and consulted with SMTEK management regarding the assumptions underlying the forecasts in its consideration of the future debt-free net cash flows for SMTEK. To value the equity of SMTEK, these debt-free net cash flows were discounted to their present value at a rate that reflects both the current return requirements of the market and risks inherent in the investment in SMTEK. The present value of these cash flows represented the invested capital value (debt plus equity) of SMTEK. Subtracting interest-bearing debt and adding cash and cash equivalents from invested capital value resulted in an indication of total equity value of SMTEK. Duff & Phelps also estimated the terminal value of SMTEK's business in 2009.

The estimated terminal value and future debt-free net cash flows were discounted to the present at a rate that reflects the relative risk associated with these flows as well as the rates of return that securityholders could expect to realize on alternative investment opportunities.

The range of discount rates applied in Duff & Phelps' analysis was based on the estimated weighted average cost of capital of SMTEK, which reflects the company's costs of debt and equity, as well as the actual proportions of debt and equity comprising the hypothetical optimal capital structure of SMTEK. The cost of equity is the rate of return an equity investor would require to invest in SMTEK. To determine the cost of equity, Duff & Phelps considered alternate investment opportunities and assessed comparable public companies' cost of capital, comparing them to the risk of an investment in SMTEK and employed the Capital Asset Pricing Model to develop the cost of equity.

Factoring in all of the relevant considerations resulted in a range of discount rates of 15% to 17%. This estimated range of discount rates was applied to the cash flows estimated for the discounted cash flow analysis.

This analysis resulted in a value per share for SMTEK common stock of approximately \$10.98 to \$16.36.

Comparable Publicly Traded Company Analysis

Duff & Phelps selected publicly traded companies based on comparability to SMTEK. Although no single company chosen is identical to SMTEK, these companies may share many of the same operating characteristics and may be affected by many of the same economic forces. The following 18 publicly traded

Edgar Filing: CTS CORP - Form S-4

companies were identified that had similar product lines, customer bases or other business attributes that would cause an investor to group the companies in the same broad industry class for investment purposes:

Flextronics International	CTS Corp.
Sanmina-SCI Corp.	Suntron Corp.
Colectron Corp.	SMTC Corp.
Celestica Inc.	Three-Five Systems Inc.
Jabil Circuit Inc.	Key Tronic Corp.
SYNNEX Corp.	Sparton Corp.
Benchmark Electronics Inc.	La Barge Inc.
Plexus Corp.	Sigmatron International Inc.
Pemstar Inc.	Nortech Systems Inc.

Duff & Phelps compared certain financial and operating ratios for SMTEK with the corresponding financial and operating ratios for the publicly traded companies listed above and calculated valuation multiples for each of the publicly traded companies. Duff & Phelps determined representative levels of SMTEK's revenue, earnings before interest and taxes ("EBIT"), projected EBIT, earnings before interest, taxes, depreciation and amortization ("EBITDA"), projected EBITDA, net income, and projected net income and applied appropriate valuation multiples to SMTEK's representative levels. A range of per share value for SMTEK common stock was determined to be \$11.55 to \$18.99 based upon the analysis of comparable publicly traded companies. None of the comparable companies is, of course, identical to SMTEK.

Control Premium Analysis

Duff & Phelps analyzed recent control premiums paid for stock in the public marketplace for transactions occurring from June 30, 2001 to November 15, 2004 in which an acquirer gained a controlling interest in a target. Duff & Phelps concluded that a 20% to 40% control premium was appropriate to apply to the marketable minority interest value indications of SMTEK derived from the comparable public company and discounted cash flow analyses.

Comparable Control Transactions Analysis

The comparable control transactions analysis is similar to the comparable public company analysis but considers the pricing of change of control transactions. The comparable control analysis involved the screening and selection of change-of-control transactions that were the most similar to the proposed transaction. It is unusual that a company involved in a change-of-control transaction is identical, or a close substitute, to the subject company. Typically, however, companies involved in change-of-control transactions can be identified which have a similar product line, customer base, or other business attribute which would cause an investor to group the companies in the same broad industry class for investment purposes.

Duff & Phelps reviewed approximately 36 controlling interest transactions that have occurred in industries with similar characteristics during the time between January 1, 2001 and November 12, 2004. Approximately 17 of these companies disclosed transaction values and five disclosed enough information to calculate some valuation multiples. Appropriate valuation multiples were applied to representative levels of SMTEK's revenue, EBIT, projected EBIT, EBITDA, projected EBITDA, net income, and projected net income to determine indications of value for SMTEK.

In determining the appropriate valuation multiples to apply in the control

Edgar Filing: CTS CORP - Form S-4

transaction analysis of SMTEK, Duff & Phelps considered the multiple information derived from the comparable transactions in conjunction with those exhibited by the comparable public companies. Based upon Duff & Phelps' analysis of comparable control transactions, a range of per share value of SMTEK common stock was indicated to be \$15.73 to \$19.17.

SMTEK Current and Historical Trading Prices

In the 52 weeks ending on November 15, 2004, SMTEK's common shares traded at stock prices ranging from \$5.00 to \$15.00 per share. SMTEK's closing prices over the 20-day period prior to November 15, 2004, ranged from \$12.03 to \$13.85, with an average closing price of \$12.95 per share. SMTEK's common stock's price closed at \$13.07 per share on November 16, 2004.

Summary

The valuation ranges derived from the above referenced analyses can be summarized as follows:

Discounted Cash Flow analysis.....	\$10.98 to \$16.36
Comparable Public Company.....	\$11.55 to \$18.99
Comparable Control Transaction analysis.....	\$15.73 to \$19.17
Recent Trading Prices.....	\$12.03 to \$13.85

These ranges compared to a proposed transaction price in the range of \$14.20 to \$15.00.

Conclusion

Based on its analysis and relying upon the accuracy and completeness of all information provided to Duff & Phelps, it is Duff & Phelps' opinion that, as of November 16, 2004, the merger consideration is fair to the public stockholders of SMTEK from a financial point of view (without giving effect to any impacts of the merger on any particular stockholder other than in its capacity as a stockholder).

The proposed transaction price range of \$14.20 to \$15.00 compared favorably to the price ranges of all of the analyses but for the Comparable Control Transaction analysis. In reaching its opinion, Duff & Phelps considered the analyses as a whole, including the fact that only limited data was available for the Comparable Control Transaction analysis and the fact that the price ranges derived from the other analyses compared favorably to the price range of the proposed Transaction.

The foregoing summary is qualified by reference to the written opinion dated as of November 16, 2004, of Duff & Phelps, which is attached as Annex D to this document.

In preparing its forecasts, performing its analysis and rendering its opinion with respect to the merger, Duff & Phelps:

- relied upon the accuracy, completeness, and fair presentation of all information data, advice, opinions and representations obtained from public sources or provided to it from private sources, including the management of SMTEK, and did not attempt to independently verify such information;

Edgar Filing: CTS CORP - Form S-4

- assumed that any estimates, evaluations and projections furnished to Duff & Phelps were reasonably prepared and based upon the last currently available information and good faith judgment of the person furnishing the same; and
- assumed that the final versions of all documents reviewed by Duff & Phelps in draft form conform in all material respects to the drafts reviewed.

Duff & Phelps also assumed that information supplied and representations made by SMTEK's management were substantially accurate regarding SMTEK and the merger.

In performing its analyses, Duff & Phelps made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of Duff & Phelps or of any party involved in the merger. Duff & Phelps has also assumed that all of the conditions precedent required to implement the merger will be satisfied and that the merger will be completed in accordance with the merger agreement without material modification or waiver. The opinion should not be construed as a valuation opinion, credit rating, solvency opinion, an analysis of SMTEK's creditworthiness or otherwise as tax advice or accounting advice. Analyses relating to the value of businesses do not purport to be appraisals or to reflect the prices at which these businesses actually may be sold in the

44

future, and these estimates are inherently subject to uncertainty. Furthermore, Duff & Phelps' opinion does not address the relative merits of the merger as compared to any alternative business strategies that might exist for SMTEK or the effect of any other business combination in which SMTEK might engage.

Duff & Phelps' opinion to the board of directors of SMTEK was one of many factors taken into consideration by the board of directors of SMTEK in making its determination to approve the merger.

INTERESTS OF SMTEK'S DIRECTORS AND EXECUTIVE OFFICERS IN THE MERGER

When considering the recommendation of SMTEK's board of directors, you should be aware that SMTEK's directors and executive officers identified below have interests in the merger that may be different from, or be in addition to, your interests as a stockholder of SMTEK.

To help ensure a successful integration of SMTEK into CTS, CTS has signed employment agreements with Kirk Waldron, Richard Fitzgerald and Robert Miller, the three executive officers of SMTEK, that will become effective upon the completion of the merger. The employment agreement with each of Messrs. Fitzgerald and Miller is for a period of two years and contains a commitment to grant to such officer 12,500 restricted stock units under the CTS 2004 Omnibus Long-Term Incentive Plan. Mr. Waldron's employment agreement contains no grant of restricted stock units and is for a three-month period after the effective date of the merger.

In addition, CTS has elected not to assume any stock options granted under SMTEK's 2003 Equity Incentive Plan, Amended and Restated 1996 Stock Incentive Plan, or Amended and Restated 1998 Non-Employee Directors Stock Plan. Therefore, all such options, whether or not vested, including those held by SMTEK's directors and executive officers, will be vested upon consummation of the merger in accordance with the plans' provisions and will automatically convert into the right to receive cash upon completion of the merger to the extent the exercise price is less than the aggregate consideration per share payable in the merger.

Edgar Filing: CTS CORP - Form S-4

Robert Howard, a member of SMTEK's Board of Directors, is the President of TMW Enterprises, Inc., a company controlled by Thomas M. Wheeler, the trustee of the Thomas M. Wheeler Trust U/T/D 4/9/86. In connection with the merger, the trust entered into a stockholder's agreement, whereby it agreed, among other things, to vote and granted CTS an irrevocable proxy to vote its shares in favor of adopting the merger agreement. As of December 22, 2004, the record date for the SMTEK special meeting, the trust was entitled to vote 881,812 or approximately 32.65% of the shares of SMTEK common stock outstanding and entitled to vote at the special meeting. See "The Stockholder's Agreements."

Under the terms of the merger agreement, CTS agreed to maintain in effect for a period of at least six years after the effective time of the merger, directors' and officers' liability insurance covering acts or omissions occurring prior to the effective time of the merger with respect to SMTEK's directors and officers that are currently covered by SMTEK's directors' and officers' liability insurance policies on terms with respect to coverage and amount no less favorable than those of the insurance coverage provided at the date of the merger agreement, provided that CTS will not be required to expend in any one year an amount in excess of 200% of the annual premiums paid by SMTEK at the date of the merger agreement for the insurance and, provided, that, if the annual premiums of insurance coverage exceed that amount, CTS will be obligated to obtain a policy with the greatest coverage available for a cost not exceeding the limit set forth above. See "The Merger Agreement -- Indemnification and Insurance."

The SMTEK board of directors was aware of these arrangements during their deliberations on the merits of the merger and in deciding to recommend that you vote for the adoption of the merger agreement at the special meeting.

FINANCIAL PROJECTIONS

During the course of discussions between SMTEK and CTS that led to the execution of the merger agreement, SMTEK provided CTS with certain business and financial information that was not publicly available. SMTEK also provided these forecasts to its financial advisor. Set forth below is a summary of these

45

forecasts. These forecasts should be read together with the financial statements of SMTEK referred to in this document.

THESE FORECASTS WERE NOT PREPARED WITH A VIEW TO PUBLIC DISCLOSURE OR COMPLIANCE WITH PUBLISHED GUIDELINES OF THE SECURITIES AND EXCHANGE COMMISSION OR THE GUIDELINES ESTABLISHED BY THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS REGARDING PROJECTIONS, OR GENERALLY ACCEPTED ACCOUNTING PRINCIPLES, AND ARE INCLUDED IN THIS DOCUMENT IN ACCORDANCE WITH THE POSITION TAKEN BY THE COMMISSION'S STAFF ONLY BECAUSE THEY WERE PROVIDED BY SMTEK TO CTS. THE FORECASTS ARE SPECULATIVE IN NATURE AND ARE NOT MEANT TO PORTRAY ALL OF THE POSSIBLE OUTCOMES. WHILE PRESENTED WITH NUMERICAL SPECIFICITY, THESE FORECASTS ARE BASED UPON A VARIETY OF ESTIMATES AND ASSUMPTIONS RELATING TO THE BUSINESS OF SMTEK, WHICH MAY NOT BE REALIZED AND ARE SUBJECT TO SIGNIFICANT FINANCIAL, MARKET, ECONOMIC AND COMPETITIVE UNCERTAINTIES AND CONTINGENCIES WHICH ARE DIFFICULT OR IMPOSSIBLE TO PREDICT ACCURATELY, MANY OF WHICH ARE BEYOND THE CONTROL OF SMTEK. ACCORDINGLY, STOCKHOLDERS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE ON THESE FORECASTS. THERE CAN BE NO ASSURANCE THAT THESE FORECASTS WILL BE REALIZED, AND ACTUAL RESULTS MAY VARY MATERIALLY FROM THOSE SHOWN. GENERALLY, THE FARTHER OUT THE PERIOD TO WHICH FINANCIAL PROJECTIONS RELATE, THE MORE UNRELIABLE THOSE PROJECTIONS BECOME DUE TO THE NUMEROUS FACTORS AND ASSUMPTIONS UPON WHICH FORECASTS ARE BASED, WHICH BECOME MORE DIFFICULT TO ACCURATELY PREDICT. THE INCLUSION OF THE FORECASTS SET FORTH BELOW SHOULD NOT BE REGARDED

Edgar Filing: CTS CORP - Form S-4

AS A REPRESENTATION BY SMTEK, CTS OR ANY OF THEIR RESPECTIVE AFFILIATES OR REPRESENTATIVES THAT THE FORECASTED RESULTS WILL BE ACHIEVED.

In the fall of 2004, SMTEK provided CTS with the following consolidated financial information:

	FISCAL YEAR ENDED				
	2005	2006	2007	2008	2009
Net revenues.....	\$126,535	\$148,019	\$173,213	\$202,673	\$237,176
Operating income.....	7,635	10,179	12,312	15,305	20,734
Net income.....	6,341	8,887	11,095	14,109	19,427

The forecast income statement was prepared by SMTEK's management in connection with the proposed transaction. In its ordinary course of business, SMTEK does not prepare long-term projections for external use. CTS largely depended on its own valuation of SMTEK's business while utilizing the forecasts provided by SMTEK as a reference. The forecast income statement makes certain assumptions, including, among others, revenue growth rates in fiscal years 2006 through 2009 of 17% per annum, with no corresponding increases in costs or expenses as a percentage of revenue; that the utilization of excess capacity would result in a decrease in overhead costs as a percentage of sales even if other costs such as materials and labor increase and, therefore, cost of sales as well as operating expenses would be relatively flat as a percentage of sales; and that interest expense would decline over the period presented as borrowings for working capital purposes are projected to decline. Interest expense and income tax expense are subtracted from operating income to derive net income. In this model, income tax expense represents California state income taxes. SMTEK has not, and is under no obligation to, update this forecast as of a more recent date.

The prospective financial information included in this document has been prepared by, and is the responsibility of, SMTEK. Neither PricewaterhouseCoopers LLP nor KPMG LLP has examined or compiled the accompanying prospective financial information and, accordingly, neither PricewaterhouseCoopers LLP nor KPMG LLP expresses an opinion or any other form of assurance with respect to the prospective financial information. Each of PricewaterhouseCoopers LLP's report and KPMG LLP's report with respect to SMTEK that has been incorporated by reference in this document relates to SMTEK's historical financial information. Neither report extends to the prospective financial information and should not be read to do so.

ACCOUNTING TREATMENT

The merger will be accounted for as a business combination using the "purchase" method of accounting. CTS will be the acquirer for financial accounting purposes.

DISSENTERS' APPRAISAL RIGHTS OF SMTEK STOCKHOLDERS

Under the General Corporation Law of the State of Delaware, which we refer to throughout this document as the "DGCL," any SMTEK stockholder who does not wish to accept the merger consideration has the right to dissent from the merger and to seek an appraisal of, and to be paid the fair value (exclusive of any

Edgar Filing: CTS CORP - Form S-4

element of value arising from the accomplishment or expectation of the merger) for their shares of SMTEK common stock, so long as the stockholder complies with the provisions of Section 262 of the DGCL.

Holders of record of SMTEK common stock who do not vote in favor of the merger and who otherwise comply with the applicable provisions of Section 262 of the DGCL will be entitled to exercise dissenters' appraisal rights under Section 262 of the DGCL. A person having a beneficial interest in shares of SMTEK common stock held of record in the name of another person, such as a broker, bank or other nominee, must act promptly to cause the record holder to follow the steps summarized below properly and in a timely manner to perfect dissenters' appraisal rights.

THE FOLLOWING DISCUSSION IS NOT A COMPLETE STATEMENT OF THE LAW PERTAINING TO DISSENTERS' APPRAISAL RIGHTS UNDER THE DGCL AND IS QUALIFIED IN ITS ENTIRETY BY THE FULL TEXT OF SECTION 262 OF THE DGCL, WHICH IS REPRINTED IN ITS ENTIRETY AS ANNEX E AND INCORPORATED INTO THIS DOCUMENT BY REFERENCE. ALL REFERENCES IN SECTION 262 OF THE DGCL AND IN THIS SUMMARY TO A "SHAREHOLDER," "STOCKHOLDER" OR "HOLDER" ARE TO THE RECORD HOLDER OF THE SHARES OF COMMON STOCK AS TO WHICH DISSENTERS' APPRAISAL RIGHTS ARE ASSERTED.

Under Section 262 of the DGCL, holders of shares of SMTEK common stock who follow the procedures set forth in Section 262 of the DGCL will be entitled to have their SMTEK common stock appraised by the Delaware Court of Chancery and to receive payment in cash of the "fair value" of these shares of SMTEK common stock, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any, as determined by that court.

Under Section 262 of the DGCL, when a proposed merger is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders who was a shareholder on the record date for this meeting with respect to shares for which dissenters' appraisal rights are available, that dissenters' appraisal rights are so available, and must include in this required notice a copy of Section 262 of the DGCL.

This document constitutes the required notice to the holders of these shares of SMTEK common stock and the applicable statutory provisions of the DGCL are attached to this document as Annex E. Any SMTEK stockholder who wishes to exercise their dissenters' appraisal rights or who wishes to preserve their right to do so should review the following discussion and Annex E carefully, because failure to timely and properly comply with the procedures specified in Annex E will result in the loss of dissenters' appraisal rights under the DGCL.

A holder of SMTEK common stock wishing to exercise dissenter's appraisal rights must not vote in favor of the adoption of the merger agreement and must deliver to SMTEK before the taking of the vote on the merger agreement at the SMTEK special meeting a written demand for appraisal of their SMTEK common stock. This written demand for appraisal must be separate from any proxy or vote abstaining from the vote on the merger or against the merger. This demand must reasonably inform SMTEK of the identity of the shareholder and of the shareholder's intent thereby to demand appraisal of their shares. A holder of SMTEK common stock wishing to exercise dissenters' appraisal rights must be the record holder of these shares of SMTEK common stock on the date the written demand for appraisal is made and must continue to hold these shares of SMTEK common stock through the effective date of the merger. Accordingly, a holder of SMTEK common stock who is the record holder of SMTEK common stock on the date the written demand for appraisal is made, but who thereafter transfers these shares of SMTEK common stock prior to consummation of the merger, will lose any right to appraisal in respect of these shares of SMTEK common stock.

Edgar Filing: CTS CORP - Form S-4

Only a holder of record of SMTEK common stock is entitled to assert dissenters' appraisal rights for the shares of SMTEK common stock registered in that holder's name. A demand for appraisal should be executed by or on behalf of the holder of record, fully and correctly, as the holder's name appears on the holder's stock certificates. If the shares of SMTEK common stock are held of record in a fiduciary capacity, such as by a

47

trustee, guardian or custodian, execution of the demand should be made in that capacity, and if the SMTEK common stock is held of record by more than one holder as in a joint tenancy or tenancy in common, the demand should be executed by or on behalf of all joint holders. An authorized agent, including one or more joint holders, may execute a demand for appraisal on behalf of a holder of record. The agent, however, must identify the record holder or holders and expressly disclose the fact that, in executing the demand, the agent is acting as agent for the holder or holders. A record holder such as a broker who holds SMTEK common stock as nominee for several beneficial owners may exercise dissenters' appraisal rights with respect to the shares of SMTEK common stock held for one or more beneficial owners while not exercising dissenters' appraisal rights with respect to the SMTEK common stock held for other beneficial owners. In this case, the written demand should set forth the number of shares of SMTEK common stock as to which appraisal is sought. When no number of shares of SMTEK common stock is expressly mentioned, the demand will be presumed to cover all SMTEK common stock in brokerage accounts or other nominee forms held by such record holder, and those who hold shares in brokerage accounts or other nominee forms and who wish to exercise dissenters' appraisal rights under Section 262 of the DGCL are urged to consult with their brokers to determine the appropriate procedures for the making of a demand for appraisal by such a nominee.

ALL WRITTEN DEMANDS FOR APPRAISAL SHOULD BE SENT OR DELIVERED TO SMTEK INTERNATIONAL, INC., 200 SCIENCE DRIVE, MOORPARK, CALIFORNIA 93021, ATTENTION: CORPORATE SECRETARY.

Within ten days after the effective date of the merger, the surviving company will notify each former SMTEK stockholder who has properly asserted dissenters' appraisal rights under Section 262 of the DGCL and has not voted in favor of the merger agreement, of the date the merger became effective.

Within 120 days after the effective date of the merger, but not thereafter, the surviving company or any former SMTEK stockholder who has complied with the statutory requirements summarized above may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the SMTEK common stock that are entitled to dissenters' appraisal rights. None of CTS, Acquisition Sub or SMTEK is under any obligation to and none of them has any present intention to file a petition with respect to the appraisal of the fair value of the SMTEK common stock. Accordingly, it is the obligation of stockholders wishing to assert dissenters' appraisal rights to take all necessary action to perfect and maintain their dissenters' appraisal rights within the time prescribed in Section 262 of the DGCL.

Within 120 days after the effective date of the merger, any former SMTEK stockholder who has complied with the requirements for exercise of dissenters' appraisal rights will be entitled, upon written request, to receive from the surviving company a statement setting forth the aggregate number of shares of SMTEK common stock not voted in favor of the adoption of the merger agreement and with respect to which demands for appraisal have been timely received and the aggregate number of former holders of these shares of SMTEK common stock. These statements must be mailed within ten days after a written request therefor has been received by the surviving company or within 10 days after expiration of

Edgar Filing: CTS CORP - Form S-4

the period for delivery of demands for appraisal under Section 262 of the DGCL, whichever is later.

If a petition for an appraisal is filed timely with the Delaware Court of Chancery by a former SMTEK stockholder and a copy thereof is served upon the surviving corporation, the surviving corporation will then be obligated within 20 days of service to file with the Delaware Register in Chancery a duly certified list containing the names and addresses of all former stockholders who have demanded appraisal of their shares of SMTEK common stock and with whom agreements as to value have not been reached. After notice to such former stockholders as required by the Delaware Court of Chancery, the Delaware Court of Chancery may conduct a hearing on such petition to determine those former stockholders who have complied with Section 262 of the DGCL and who have become entitled to dissenters' appraisal rights thereunder. The Delaware Court of Chancery may require the former stockholders who demanded appraisal of their shares of SMTEK common stock to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceeding. If any former shareholder fails to comply with such direction, the Delaware Court of Chancery may dismiss the proceedings as to such former shareholder.

After determining which, if any, former SMTEK stockholders are entitled to appraisal, the Delaware Court of Chancery will appraise their shares of SMTEK common stock, determining their "fair value,"

48

exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. SMTEK stockholders considering seeking appraisal should be aware that the fair value of their shares of SMTEK common stock as determined under Section 262 of the DGCL could be more than, the same as or less than the value of the consideration they would receive pursuant to the merger agreement if they did not seek appraisal of their shares of SMTEK common stock and that investment banking opinions as to fairness from a financial point of view are not necessarily opinions as to fair value under Section 262 of the DGCL. The Delaware Supreme Court has stated that "proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court" should be considered in the appraisal proceedings.

In addition, Delaware courts have decided that a shareholder's statutory appraisal remedy may or may not be a dissenter's exclusive remedy, depending on the factual circumstances.

The costs of the appraisal action may be determined by the Delaware Court of Chancery and taxed upon the parties as the Delaware Court of Chancery deems equitable. Upon application of a former SMTEK stockholder, the Delaware Court of Chancery may also order that all or a portion of the expenses incurred by any former SMTEK stockholder in connection with an appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts used in the appraisal proceeding, be charged pro rata against the value of all of the shares of SMTEK common stock entitled to appraisal.

Any holder of SMTEK common stock who has duly demanded an appraisal in compliance with Section 262 of the DGCL will not, after the consummation of the merger, be entitled to vote the shares of SMTEK common stock subject to this demand for any purpose or be entitled to the payment of dividends or other distributions on those shares of SMTEK common stock (except dividends or other distributions payable to holders of record of SMTEK common stock as of a record date prior to the effective date of the merger).

Edgar Filing: CTS CORP - Form S-4

If any stockholder who properly demands appraisal of their SMTEK common stock under Section 262 of the DGCL fails to perfect, or effectively withdraws or loses, their right to appraisal, as provided in Section 262 of the DGCL, that stockholder's shares of SMTEK common stock will be converted into the right to receive the consideration payable with respect to those shares of SMTEK common stock in accordance with the merger agreement (without interest). A SMTEK stockholder will fail to perfect, or effectively lose or withdraw, their right to appraisal if, among other things, no petition for appraisal is filed within 120 days after the effective date of the merger, or if the stockholder delivers to SMTEK or the surviving company, as the case may be, a written withdrawal of their demand for appraisal. Any attempt to withdraw an appraisal demand in this matter more than 60 days after the effective date of the merger will require the written approval of the surviving company and, once a petition for appraisal is filed, the appraisal proceeding may not be dismissed as to any holder absent court approval.

Failure to follow the steps required by Section 262 of the DGCL for perfecting dissenters' appraisal rights may result in the loss of these rights, in which event a SMTEK stockholder will be entitled to receive the consideration payable with respect to their shares of SMTEK common stock in accordance with the merger agreement (without interest).

DELISTING AND DEREGISTRATION OF SMTEK COMMON STOCK

If the merger is completed, SMTEK common stock will be delisted from The Nasdaq SmallCap Market and will be deregistered under the Securities Exchange Act of 1934. The stockholders of SMTEK will become stockholders of CTS, unless SMTEK elects to convert the merger consideration to all cash in the limited circumstances described in this document, and their rights as stockholders will be governed by applicable Indiana law and by CTS' articles of incorporation and bylaws. See "Comparison of Rights of Stockholders" beginning on page 96.

49

FEDERAL SECURITIES LAWS CONSEQUENCES; RESALE RESTRICTIONS

All shares of CTS common stock that will be distributed to SMTEK stockholders in the merger will be freely transferable, except for restrictions applicable to "affiliates" of SMTEK and except that resale restrictions may be imposed by securities laws in non-U.S. jurisdictions insofar as subsequent trades are made within these jurisdictions. Persons who are deemed to be affiliates of SMTEK may resell shares of CTS common stock received by them only in transactions permitted by the resale provisions of Rule 145 or as otherwise permitted under the Securities Act of 1933. Persons who may be deemed to be affiliates of SMTEK generally include executive officers, directors and holders of more than 10% of the outstanding shares of SMTEK. The merger agreement requires SMTEK to cause each of its directors and executive officers who SMTEK believes may be deemed to be affiliates of SMTEK to execute a written agreement to the effect that those persons will not sell, assign or transfer any of the shares of CTS common stock issued to them in the merger unless that sale, assignment or transfer has been registered under the Securities Act of 1933, is in conformity with Rule 145 or is otherwise exempt from the registration requirements under the Securities Act of 1933.

This document does not cover any resales of the shares of CTS common stock to be received by SMTEK stockholders in the merger, and no person is authorized to make any use of this document in connection with any resale.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of material United States federal income tax

Edgar Filing: CTS CORP - Form S-4

consequences of the merger to SMTEK stockholders whose shares of common stock are converted into the right to receive cash and shares of CTS common stock (or solely cash) under the merger agreement. The discussion does not purport to consider all aspects of United States federal income taxation that might be relevant to SMTEK stockholders. The discussion is based on current law, which is subject to change, possibly with retroactive effect. The discussion applies only to stockholders who hold shares of SMTEK common stock as capital assets. This discussion does not apply to certain types of stockholders (such as insurance companies, tax-exempt organizations, financial institutions, traders, broker-dealers, persons who hold or have held SMTEK common stock as part of a straddle or a hedging, integrated constructive sale or conversion transaction for tax purposes, and persons who acquired SMTEK common stock in compensatory transactions) who may be subject to special rules.

This discussion does not address the tax consequences to any stockholder who, for United States federal income tax purposes, is a non-resident alien individual, foreign corporation, foreign partnership or foreign estate or trust, and does not address any aspect of state, local or foreign taxation.

In general, a stockholder who surrenders SMTEK common stock for a combination of cash and shares of CTS common stock (or solely cash) pursuant to the merger will recognize a capital gain or loss for United States federal income tax purposes equal to the difference, if any, between (A) the sum of (i) the amount of cash received and (ii) the fair market value, as of the effective time of the merger, of the shares of CTS common stock received, and (B) the stockholder's adjusted tax basis in SMTEK common stock surrendered therefor. Gain or loss will be determined separately for each block of shares (i.e., shares acquired at the same cost in a single transaction) surrendered for the consideration described above pursuant to the merger. Such gain or loss will be long-term capital gain or loss if a stockholder's holding period for the shares is more than one year at the time of the completion of the merger and otherwise will constitute short-term capital gain or loss. Capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. There are limitations on the deductibility of capital losses.

Backup United States federal withholding tax at a rate of 28% may apply with respect to certain payments, including cash and shares of CTS common stock received in the merger, unless a stockholder of SMTEK common stock (1) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact or (2) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding and that the stockholder is a U.S. person (including a U.S. resident alien) and otherwise complies with applicable requirements of the backup withholding rules. Each of

50

SMTEK's stockholders and, if applicable, other payees should complete and sign the Substitute Form W-9 that will be included as part of the letter of transmittal to be returned to the exchange agent, in order to provide the information and certification necessary to avoid backup withholding tax, unless an exemption applies and is established in a manner satisfactory to the exchange agent.

Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided that you furnish the required information to the IRS.

THE UNITED STATES FEDERAL INCOME TAX CONSEQUENCES SET FORTH ABOVE ARE FOR GENERAL INFORMATION PURPOSES ONLY AND ARE NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES RELATING TO THE MERGER. BECAUSE INDIVIDUAL

Edgar Filing: CTS CORP - Form S-4

CIRCUMSTANCES MAY DIFFER, WE URGE EACH STOCKHOLDER TO CONSULT WITH THEIR TAX ADVISOR REGARDING THE APPLICABILITY OF THE RULES DISCUSSED ABOVE TO THE STOCKHOLDER AND THE PARTICULAR TAX EFFECTS TO THE STOCKHOLDER OF THE MERGER, INCLUDING THE APPLICATION OF STATE, LOCAL AND FOREIGN TAX LAWS.

THE MERGER AGREEMENT

The following is a summary of the merger agreement, a copy of which is attached as Annex A to this document and is incorporated into this document by reference. We urge you to read carefully this entire document, including the annexes and the other documents to which we have referred you. See "Where You Can Find More Information" beginning on page 103.

THE MERGER; CLOSING

Upon the terms and subject to the conditions of the merger agreement, and in accordance with the DGCL, at the effective time of the merger, Acquisition Sub will merge with and into SMTEK. SMTEK will continue as the surviving company and will be a wholly owned subsidiary of CTS. The separate corporate existence of Acquisition Sub will cease.

The closing of the merger will occur no later than the second business day following the date on which all of the conditions to the merger, other than conditions that, by their terms, cannot be satisfied until the closing date, have been satisfied or waived, unless the parties agree on another time. CTS and SMTEK expect to complete the merger in the first quarter of 2005. However, we cannot assure you that such timing will occur or that the merger will be completed as expected.

As soon as practicable on or after the closing date of the merger, CTS and SMTEK will file a certificate of merger with the Secretary of State of the State of Delaware. The effective time of the merger will be the time CTS and SMTEK file the certificate of merger or at a later time CTS and SMTEK may agree and specify in the certificate of merger.

DIRECTORS AND OFFICERS

The directors and officers of Acquisition Sub immediately prior to the effective time of the merger will be the directors and officers of the surviving company, until the earlier of their death, resignation or removal or until their respective successors are duly elected and qualified, as the case may be.

MERGER CONSIDERATION

Upon the effectiveness of the merger, each share of SMTEK common stock (other than shares owned by CTS, shares held by SMTEK as treasury shares and shares held by any dissenting SMTEK shareholder that has properly exercised dissenters' appraisal rights in accordance with the DGCL) will be converted into the right to receive from CTS the merger consideration, consisting of the following:

- \$10.725 in cash, without interest; and

51

- a number of fully paid, non-assessable shares of CTS common stock equal to an exchange ratio which equals the \$[] stock value component of the merger consideration divided by the "closing VWAP," which is the volume weighted average price of CTS common stock for the 20 consecutive trading days in the period ending on the trading day immediately prior to the closing date of the merger, as reported by Bloomberg, Inc.; provided,

Edgar Filing: CTS CORP - Form S-4

however that the exchange ratio shall be less than the maximum exchange ratio as described below.

If the exchange ratio would have been equal to or greater than the maximum exchange ratio but for the provision in the previous sentence, then SMTEK may have the ability in its sole discretion to have CTS pay the merger consideration in all cash instead of cash and shares of CTS common stock. If SMTEK elects to convert the merger consideration to all cash, CTS can terminate the merger agreement if it pays SMTEK a \$3.5 million termination fee. The maximum exchange ratio means 0.199 multiplied by a fraction, the numerator of which is the total number of shares of CTS common stock outstanding immediately prior to the effective time of the merger and the denominator of which is the total number of shares of SMTEK common stock outstanding immediately prior to the effective time of the merger.

No fractional CTS common shares will be issued in the merger. All CTS common shares that a SMTEK stockholder is entitled to receive will be aggregated. Any fractional CTS common shares resulting from this aggregation will be paid in cash, without interest, in an amount equal to the fractional share interest multiplied by the closing VWAP.

EXCHANGE PROCEDURES

At the effective time of the merger, CTS will enter into an agreement with the exchange agent providing that CTS will deposit with the exchange agent at the effective time of the merger, for the benefit of the holders of SMTEK common stock, cash and certificates representing CTS common shares payable or issuable in the merger in exchange for outstanding shares of SMTEK common stock. In addition, CTS will provide additional amounts, needed from time to time by the exchange agent to pay, without interest, cash in lieu of fractional shares or any dividends or distributions on CTS common shares with a record date after the effective time of the merger and a payment date on or before the date the relevant SMTEK stock certificate was surrendered.

At the effective time of the merger, no further registrations of transfers on the stock transfer books of the surviving company of SMTEK common stock will be made. If, after the effective time of the merger, SMTEK stock certificates are presented to the surviving company in the merger or the exchange agent for any reason, they will be canceled and exchanged as described above, except as otherwise provided by law.

EXCHANGE OF SHARES

As soon as reasonably practicable after the effective time of the merger, the exchange agent will mail to each holder of record of a SMTEK stock certificate whose shares of SMTEK common stock were converted into the right to receive the merger consideration, a letter of transmittal and instructions explaining how to surrender SMTEK stock certificates in exchange for the merger consideration.

After the effective time of the merger, upon surrender of a SMTEK stock certificate to the exchange agent, together with a letter of transmittal, duly executed, and other documents as may reasonably be required by the exchange agent, the holder of the SMTEK stock certificate will be entitled to receive the merger consideration, dividends and other distributions on CTS common shares with a record date on or after the effective time of the merger, and cash, without interest, in lieu of fractional shares.

SMTEK stockholders desiring to receive payment upon the surrender of stock certificates registered in the name of another person will receive payment if the stock certificates have been properly endorsed or are otherwise in proper form and the stockholders:

Edgar Filing: CTS CORP - Form S-4

- pay any transfer or other taxes required because the payment is made to a person other than the registered holder of the SMTEK stock certificate; or

52

- establish to the satisfaction of the exchange agent that any transfer or other taxes described above have been paid or are not applicable.

SMTEK STOCK CERTIFICATES SHOULD NOT BE RETURNED WITH THE ENCLOSED PROXY CARD(S). SMTEK STOCK CERTIFICATES SHOULD BE RETURNED WITH A VALIDLY EXECUTED TRANSMITTAL LETTER AND ACCOMPANYING INSTRUCTIONS THAT WILL BE PROVIDED TO SMTEK STOCKHOLDERS FOLLOWING THE EFFECTIVE TIME OF THE MERGER.

TREATMENT OF SMTEK STOCK OPTIONS; WARRANTS

Prior to the effective time of the merger, in accordance with the terms of the SMTEK stock plans and warrant agreement, each outstanding SMTEK stock option and warrant will fully accelerate and vest and will be deemed exercisable and converted into the right to receive an amount in cash equal to the excess of the sum of \$[], over the per share exercise price of the SMTEK stock option and SMTEK warrant, as applicable.

SMTEK has agreed to obtain the consents required of holders of SMTEK stock options and warrants, as applicable, to effectuate the foregoing. SMTEK has agreed to cause the company stock plans and warrant agreement to terminate as of the effective time of the merger and to ensure that following the effective time of the merger no person shall have any right to acquire any equity securities of SMTEK, the surviving company of their respective subsidiaries.

In addition, pursuant to the terms of the merger agreement, CTS has agreed not to amend or otherwise modify those rights for a period of six years after the effective time of the merger in any manner that would adversely affect the rights of individuals who on or prior to the effective time of the merger were directors, officers, employees or agents of SMTEK, unless the modification is required by law.

CTS has agreed to maintain in effect for a period of at least six years after the effective time of the merger, directors' and officers' liability insurance covering acts or omissions occurring prior to the effective time of the merger with respect to those persons who are currently covered by SMTEK's directors' and officers' liability insurance policies on terms with respect to coverage and amount no less favorable than those of the insurance coverage provided at the date of the merger agreement, provided that CTS will not be required to expend in any one year an amount in excess of 200% of the annual premiums paid by SMTEK at the date of the merger agreement for the insurance and, provided, that, if the annual premiums of insurance coverage exceed that amount, CTS will be obligated to obtain a policy with the greatest coverage available for a cost not exceeding the limit set forth above.

AFFILIATE AGREEMENTS

SMTEK has agreed to deliver to CTS at least 45 days prior to the merger closing date a letter identifying all persons who are, at the date the merger agreement is submitted for adoption by SMTEK stockholders, "affiliates" of SMTEK for purposes of Rule 145 of the rules and regulations under the Securities Act of 1933. SMTEK has also agreed to use reasonable efforts to cause each of those persons to deliver to CTS at least 30 days prior to the merger closing date a written agreement that restricts the affiliate's ability to sell, assign,

transfer or otherwise dispose of any CTS common shares received by the affiliate in connection with the merger, except:

- pursuant to an effective registration under the Securities Act of 1933;
- in conformity with the volume and other limitations of Rule 145; or
- in a transaction which, in the opinion of counsel reasonably acceptable to CTS or as described in a "no-action" or interpretive letter from the Staff of the Securities and Exchange Commission specifically issued with respect to a transaction to be engaged in by the affiliate, is not required to be registered under the Securities Act of 1933.

STANDSTILL AND CONFIDENTIALITY AGREEMENTS

Prior to the effective time of the merger, SMTEK agreed not to terminate, amend, modify or waive any provision of any confidentiality or standstill agreement to which it or any of its subsidiaries is a party, other than the confidentiality agreement between SMTEK and CTS, pursuant to its terms or by written agreement of SMTEK and CTS, confidentiality agreements under which SMTEK does not provide any confidential information to third parties or standstill agreements that do not relate to the equity securities of SMTEK or any of its subsidiaries. Prior to the effective time of the merger, SMTEK agreed to enforce, to the fullest extent permitted under applicable law, the provisions of those agreements, including by obtaining injunctions to prevent any breaches of the agreements and specific enforcement of the terms and provisions of the agreements in any court of the United States of America or of any state having jurisdiction.

EMPLOYEE BENEFIT MATTERS

CTS agreed to cause the surviving company to honor all employee compensation and SMTEK company benefit plans in accordance with their terms as in effect immediately before the effective time of the merger, subject to any amendment or termination as may be permitted by their terms.

For a period of not less than 12 months following the effective time of the merger, CTS agreed to provide to those individuals who were employees of SMTEK immediately before the effective time of the merger, compensation and employee benefits no less favorable in the aggregate than those provided to the employees immediately before the effective time of the merger.

Employees of SMTEK immediately before the effective time of the merger who are provided benefits under CTS employee benefit plans after the merger will receive credit for their service with SMTEK and its affiliates before the effective time of the merger for purposes of eligibility, vesting and benefit accrual (other than benefit accrual under a CTS defined benefit plan) to the same extent as they were entitled, before the effective time of the merger, to credit for service under any similar or comparable SMTEK benefit plan.

At and after the effective time, each employee of SMTEK immediately before the effective time of the merger will be eligible to participate, without any waiting period, in any and all CTS benefit plans to the extent coverage under the CTS benefit plans replaces coverage under a similar or comparable SMTEK benefit plan in which such employee participated immediately before the effective time of the merger.

For purposes of each CTS benefit plan providing medical, dental, pharmaceutical and/or vision benefits to any SMTEK employee described above, CTS

Edgar Filing: CTS CORP - Form S-4

agreed to cause all pre-existing condition limitations and exclusions and all actively-at-work requirements of the plan to be waived for the employee and his or her covered dependents (but only to the extent that the limitations, exclusions and requirements would have been waived (or inapplicable) under the comparable SMTEK benefit plan). CTS also agreed to cause any eligible expenses incurred by the employee and his or her covered dependents during the portion of the plan year of the SMTEK plan ending on the date the employee's participation in the corresponding CTS plan begins to be taken into account under the CTS plan for purposes of satisfying all deductible, coinsurance and maximum out-of-pocket requirements applicable to the employee and his or her covered dependants for the applicable plan year as if the amounts had been paid in accordance with the CTS plan.

57

CONDITIONS TO COMPLETION OF THE MERGER

The obligations of CTS and SMTEK to complete the merger are subject to the satisfaction or waiver on or prior to the closing date of the merger of the following conditions:

- adoption of the merger agreement at the SMTEK special meeting by at least a majority of the votes entitled to be cast by the holders of outstanding shares of SMTEK common stock;
- the consents, approvals and actions of, filings with and notices to any governmental entity required of CTS or SMTEK to consummate the merger and the other transactions contemplated by the merger agreement, the failure of which to be obtained or taken is reasonably expected to have or result in, individually or in the aggregate, a material adverse effect on the surviving company and its subsidiaries, taken as a whole, must have been obtained in form and substance reasonably satisfactory to CTS;
- no judgment, order, decree, statute, law, ordinance, rule or regulation, entered, enacted, promulgated, enforced or issued by any court or other governmental entity of competent jurisdiction or other legal restraint or prohibition (each of which is referred to as a "restraint" in this document) is in effect preventing the consummation of the merger or prohibiting or limiting the ownership or operation by CTS or SMTEK of any material portion of the business or assets of CTS or SMTEK to dispose of or hold separate any material portion of the business or assets of CTS or SMTEK, taken as a whole, as a result of the merger or any other transactions contemplated by the merger agreement or which otherwise is reasonably likely to have or result in, individually or in the aggregate, a material adverse effect on SMTEK or CTS (referred to in this document as a competitive restraint); provided, however, that each of CTS and SMTEK has used its reasonable best efforts to prevent the entry of any of the restraints listed above and to appeal as promptly as possible any of the restraints that may be entered;
- the registration statement of which this document forms a part is not subject to any stop order or proceedings seeking a stop order; and
- the shares of CTS common stock issuable to SMTEK's stockholders as contemplated by the merger agreement must have been approved for listing on the New York Stock Exchange, subject to official notice of issuance.

The obligation of CTS to effect the merger is further subject to satisfaction or waiver of the following conditions:

- the representations and warranties of SMTEK with respect to its

Edgar Filing: CTS CORP - Form S-4

capitalization must be true and correct in all respects both when made and as of the closing date of the merger as though made on and as of the closing date of the merger, and all other representations and warranties of SMTEK set forth in the merger agreement must be true and correct in all respects (without giving effect to any materiality or material adverse effect qualifications contained in them) both when made and at and as of the closing date of the merger, as if made at and as of the closing date of the merger (except to the extent expressly made as of an earlier date, in which case as of that date), except where the failure of the other representations and warranties to be so true and correct would not reasonably be expected to have or result in, individually or in the aggregate, a material adverse effect on SMTEK;

- SMTEK must have performed in all material respects all of its obligations required to be performed by it under the merger agreement at or prior to the closing date of the merger; and
- SMTEK must have furnished CTS with a certificate dated the closing date of the merger signed on its behalf by an executive officer to the effect that the conditions set forth above in the two immediately preceding bullets have been satisfied.

The obligation of SMTEK to effect the merger is further subject to satisfaction or waiver of the following conditions.

- the representations and warranties of CTS set forth in the merger agreement must be true and correct in all respects (without giving effect to any materiality or material adverse effect qualifications contained in them) both when made and at and as of the closing date of the merger, as if made at and

58

as of the closing date of the merger (except to the extent expressly made as of an earlier date, in which case as of that date), except where the failure of the representations and warranties to be so true and correct would not have or result in, individually or in the aggregate, a material adverse effect on CTS;

- CTS must have performed in all material respects all obligations required to be performed by it under the merger agreement at or prior to the closing date of the merger; and
- CTS must have furnished SMTEK with a certificate dated the closing date of the merger signed on its behalf by an executive officer to the effect that the conditions set forth above in the two immediately preceding bullets have been satisfied.

Neither CTS nor SMTEK, as applicable, may rely on the failure of any condition set forth above to be satisfied if the failure was caused by its failure to comply with its obligations to consummate the merger and the other transactions contemplated by the merger agreement.

For the purposes of the merger agreement and this document, "material adverse change" or "material adverse effect" means, when used in connection with CTS or SMTEK, any change, effect, event, occurrence or state of facts that is, or would reasonably be expected to be, materially adverse to the business, financial condition, results of operations or prospects of the party and its subsidiaries taken as a whole; provided, however, that in no event will any of the following, alone or in combination, be deemed to constitute, nor will any of the following be taken into account in determining whether there has been or

Edgar Filing: CTS CORP - Form S-4

will be a material adverse effect on the party:

- a decrease in the party's stock price or the failure to meet or exceed Wall Street research analysts' earnings or other estimates or projections (excluding the underlying change, effect, event, occurrence or state of facts giving rise to such decrease or failure); and
- any change, event, violation, inaccuracy, circumstance or effect that results from:
 - the public announcement or pendency of the transactions contemplated by the merger agreement
 - changes affecting the electronic manufacturing services industry generally; or
 - changes generally affecting the United States economy or Thailand economy.

TERMINATION OF THE MERGER AGREEMENT

Before the effective time of the merger, the merger agreement may be terminated:

- by the mutual written consent of CTS and SMTEK;
- by either CTS or SMTEK if:
 - the merger has not been consummated by the termination date; provided, however, that the right to terminate the merger agreement is not available to any party whose breach of any provision of the merger agreement results in or causes the failure of the merger to be consummated by the termination date;
 - the SMTEK special meeting has concluded and the adoption of the merger agreement was not obtained;
 - any restraint preventing the consummation of the merger or a competitive restraint has become final and nonappealable, provided that the right to terminate the merger agreement is not available to a party whose breach of any provision of the merger agreement results in or causes the restraint;
- by CTS if:
 - SMTEK has breached or failed to perform any of its covenants or other agreements such that the condition with respect to SMTEK's obligations set forth above would not be satisfied or has breached its representations and warranties such that the condition with respect to SMTEK's representations and warranties set forth above would not be satisfied, and in each case the breach or

59

failure to perform is not cured within 30 days after receipt of written notice or is incapable of being cured by the termination date;

- SMTEK's board of directors or any committee of SMTEK's board of directors has made an adverse recommendation (as defined below);
- a tender or exchange offer relating to SMTEK's securities has been

Edgar Filing: CTS CORP - Form S-4

commenced by a person unaffiliated with CTS or SMTEK and SMTEK's board of directors does not send to its security holders pursuant to Rule 14e-2 under the Securities Act of 1933, within ten business days after the tender offer is first published, sent, or given, a statement disclosing that SMTEK recommends rejection of the tender or exchange offer;

- SMTEK has breached its obligations set forth in the merger agreement with respect to solicitations of alternative transactions (described below under the heading "No Solicitation by SMTEK"); or
 - SMTEK has elected to convert the merger consideration to all cash in the event the exchange ratio would have been equal to or greater than the maximum exchange ratio without regard to the issuance cap.
- by SMTEK if:
- CTS has breached or failed to perform any of its covenants or other agreements such that the condition with respect to CTS' obligations set forth above would not be satisfied or has breached any of its representations or warranties such that the condition with respect to CTS' representations and warranties set forth above would not be satisfied, and in each case the breach or failure to perform is not cured within 30 days after receipt of written notice or is incapable of being cured by the termination date; or
 - the exchange ratio would have been equal to or greater than the maximum exchange ratio without regard to the issuance cap; provided, however, that this termination right is not available to SMTEK if it has elected to convert the merger consideration to all cash.

TERMINATION FEES AND EXPENSES

SMTEK

SMTEK must pay CTS a \$900,000 termination fee if the merger agreement is terminated by CTS because of, or the merger agreement is terminated by either CTS or SMTEK for any reason at a time when CTS could have terminated the merger agreement because of, the following:

- SMTEK's board of directors or any committee of SMTEK's board of directors has made an adverse recommendation;
- a tender or exchange offer relating to SMTEK's securities has been commenced by a person unaffiliated with CTS or SMTEK and SMTEK's board of directors does not send to its security holders pursuant to Rule 14e-2 under the Securities Act of 1933, within ten business days after the tender offer is first published, sent, or given, a statement disclosing that SMTEK recommends rejection of the tender or exchange offer;
- SMTEK has breached its obligations set forth in the merger agreement with respect to solicitations of alternative transactions (described below under the heading "No Solicitation by SMTEK"); or
- SMTEK has elected to convert the merger consideration to all cash in the event the exchange ratio would have been equal to or greater than the maximum exchange ratio without regard to the issuance cap.

SMTEK must pay CTS a \$900,000 termination fee if prior to the termination a third party publicly announced an intention (whether or not conditional) to make a company takeover proposal and within

12 months of the termination SMTEK enters into a definitive agreement with respect to, or consummates, any company takeover proposal and the merger agreement was terminated:

- by either CTS or SMTEK because the merger has not been consummated on or before the termination date (other than because of the failure of the continued effectiveness of the registration statement of which this document is a part, the registration statement is subject to a stop order or proceeding seeking a stop order suspending the effectiveness of the registration statement or the NYSE fails to approve for listing the shares of CTS common stock to be issued in the merger);
- by either CTS or SMTEK because the SMTEK stockholders meeting has concluded and the adoption of the merger agreement was not obtained; or
- by CTS because SMTEK has breached or failed to perform any of its covenants or other agreements such that the condition with respect to SMTEK's obligations set forth above would not be satisfied or has breached its representations and warranties such that the condition with respect to SMTEK's representations and warranties set forth above would not be satisfied, and in each case the breach or failure to perform is not cured within 30 days after receipt of written notice or is incapable of being cured by the termination date.

CTS

CTS must pay SMTEK a \$900,000 termination fee if:

- SMTEK terminates the merger agreement because, or SMTEK or CTS terminate the merger agreement for any reason at any time that, the exchange ratio would have been equal to or greater than the maximum exchange ratio without regard to the issuance cap, provided, however, that SMTEK has not elected to convert the merger consideration to all cash; or
- SMTEK terminates the merger agreement because the merger has not been consummated by the termination date because of the failure of the continued effectiveness of the registration statement of which this document is a part, the registration statement is subject to a stop order or proceeding seeking a stop order suspending the effectiveness of the registration statement or the NYSE fails to approve for listing the shares of CTS common stock to be issued in the merger.

CTS must pay SMTEK a \$3,500,000 termination fee if CTS terminates the merger agreement because SMTEK elects to convert the merger consideration to all cash in the event that the exchange ratio would have been equal to or greater than the maximum exchange ratio without regard to the issuance cap and the merger agreement is not then otherwise terminable by CTS.

In general, each of CTS and SMTEK will bear its own expenses in connection with the merger agreement and the related transactions except that CTS and SMTEK will share equally the costs and expenses in connection with filing, printing and mailing of the registration statement and this document.

NO SOLICITATION BY SMTEK

SMTEK agreed to cause its officers, directors, employees, financial advisors, attorneys, accountants and other advisors, investment bankers, representatives and agents to cease all then existing activities with any parties with respect to or that could lead to a company takeover proposal. In

Edgar Filing: CTS CORP - Form S-4

addition, SMTEK has agreed that it will not, and will not permit its officers, directors, employees, financial advisors, attorneys, accountants and other advisors, investment bankers, representatives and agents to, directly or indirectly:

- solicit, initiate or encourage (including by way of furnishing information), or take any other action designed to facilitate, any inquiries or the making of any proposal that constitutes, or would be reasonably likely to lead to, a company takeover proposal;
- enter into any agreement, arrangement or understanding with respect to any company takeover proposal or enter into any agreement, arrangement or understanding requiring it to abandon, terminate or fail to consummate the merger or any other transaction contemplated by the merger agreement; or

61

- initiate or participate in any way in any discussions or negotiations regarding, or furnish or disclose to any person (other than to CTS) any information with respect to, or take any other action to facilitate or in furtherance of any inquiries or the making of any proposal that constitutes, or could reasonably be expected to lead to, any company takeover proposal.

Notwithstanding the foregoing, SMTEK may, at any time prior to obtaining SMTEK stockholder approval at the SMTEK special meeting, in response to an unsolicited bona fide written company takeover proposal that the board of directors of SMTEK determines in good faith (after consultation with its outside counsel and a financial advisor of nationally recognized reputation) constitutes or would reasonably be expected to lead to a "superior proposal" (as defined below), and which company takeover proposal was made after the date of the merger agreement and did not otherwise result from a breach of SMTEK's obligations described in this section if and only to the extent that its board of directors determines in good faith (after consultation with outside legal counsel) that it is required to do so in order to comply with its fiduciary duties to its stockholders under the DGCL and subject to compliance with SMTEK's obligations described in this section:

- furnish information with respect to SMTEK to the person making the company takeover proposal (and its representatives) pursuant to a customary confidentiality agreement not less restrictive of the person than the confidentiality agreement between SMTEK and CTS, provided that all the information has previously been provided to CTS or is provided to CTS at substantially the same time; and
- participate in discussions or negotiations with the person making the company takeover proposal (and its representatives) regarding the company takeover proposal.

As used in this document, "company takeover proposal" means any inquiry, proposal or offer from any person relating to any:

- direct or indirect acquisition or purchase of a business that constitutes 15% or more of the net revenues, net income or the assets of SMTEK;
- direct or indirect acquisition or purchase of 15% or more of any class of equity securities of SMTEK or any of its subsidiaries;
- any tender offer or exchange offer that if consummated would result in any person beneficially owning 15% or more of any class of equity

Edgar Filing: CTS CORP - Form S-4

securities of SMTEK or any of its subsidiaries; or

- any merger, consolidation, business combination, asset purchase, recapitalization, liquidation, dissolution or similar transaction involving SMTEK or any of its subsidiaries, other than the transactions contemplated by the merger agreement.

As used in this document "superior proposal" means a bona fide written proposal from any person to acquire, directly or indirectly, including pursuant to a tender offer, exchange offer, merger consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction, for consideration consisting of cash and/or securities, all of the combined voting power of SMTEK then outstanding or all or substantially all of the assets of SMTEK that the board of directors of SMTEK determines in its good faith judgment (after consulting with and receipt of written advice from a nationally recognized investment banking firm), taking into account all legal, financial and regulatory and other aspects of the proposal and the person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation), would be more favorable to the stockholders of SMTEK than the transactions contemplated by the merger agreement (including any adjustment to the terms and conditions proposed by CTS in response to such company takeover proposal) and is reasonably likely to receive all required governmental approvals on a timely basis and is otherwise reasonably capable of being consummated on the terms proposed; and for which financing, to the extent required, is then committed.

SMTEK has agreed that neither SMTEK's board of directors nor any committee of SMTEK's board of directors will make an adverse recommendation or approve or recommend, or propose to approve or recommend, or allow SMTEK to execute or enter into any acquisition agreement (as defined below).

62

However, in the event that SMTEK's board of directors receives a company takeover proposal that it determines in good faith (after consultation with outside counsel and a financial advisor of nationally recognized reputation) to be a superior proposal, and which company takeover proposal was made after the date of the merger agreement and did not otherwise result from a breach of SMTEK's obligations described in this section, SMTEK's board of directors may, if and only to the extent that it determines in good faith (after consulting with outside legal counsel) that it is required to do so in order to comply with its fiduciary duties to the SMTEK stockholders under the DGCL, make an adverse recommendation, if SMTEK provides written notice advising CTS that the SMTEK board of directors intends to take such action and specifying the reasons therefor, including the terms and conditions of any superior proposal that is the basis of the proposed action by the SMTEK board of directors. Any amendment to the financial terms or any other material term of the superior proposal requires a new written notice to CTS containing the same information, updated to reflect the amendment.

For purposes of this document, "adverse recommendation" means that SMTEK's board of directors or any committee of SMTEK's board of directors has:

- withdrawn (or modified in a manner adverse to CTS), or publicly proposed to withdraw (or modify in a manner adverse to CTS), the approval, recommendation or declaration of advisability by the board or any committee of the board of the merger agreement, the merger or the other transactions contemplated by the merger agreement; or
- recommended, adopted or approved, or proposed publicly to recommend, adopt or approve, any company takeover proposal.

Edgar Filing: CTS CORP - Form S-4

For purposes of this document, "acquisition agreement" means any letter of intent, memorandum of understanding, agreement in principle, merger agreement, acquisition agreement, option agreement, joint venture agreement, partnership agreement or other similar agreement constituting or related to, or that is intended to or would reasonably be expected to lead to, any company takeover proposal (other than a confidentiality agreement referred to above).

SMTEK has agreed to promptly (but in any event within one calendar day) advise CTS in writing of the receipt, directly or indirectly, of any inquiries, requests, discussions, negotiations or proposals relating to a company takeover proposal, or any request for nonpublic information relating to SMTEK by any person that informs SMTEK or its representatives that the person is considering making, or has made, a company takeover proposal, or an inquiry from a person seeking to have discussions or negotiations relating to a possible company takeover proposal.

THE STOCKHOLDER'S AGREEMENTS

The following is a summary of each of the stockholder's agreements entered into with the Thomas M. Wheeler Trust U/T/D 4/9/86 and The Gene Haas Trust DTD 3-9-99, copies of which are attached as Annex B and Annex C, respectively, to this document and are incorporated into this document by reference. We urge you to read carefully this entire document, including the annexes and the other documents to which we have referred you. See "Where You Can Find More Information" beginning on page 103.

AGREEMENT TO VOTE AND PROXY

In connection with the merger agreement, CTS and each of the trusts entered into a stockholder's agreement, pursuant to which each trust agreed that prior to the earlier to occur of the effective time of the merger or the termination of the merger agreement, at any meeting (whether annual or special and whether or not an adjourned or postponed meeting) of the SMTEK stockholders, however called, and in any action taken by the written consent of SMTEK stockholders without a meeting, it would appear at the meeting or otherwise

63

cause its respective shares of SMTEK common stock to be counted as present for purposes of establishing a quorum and vote or consent or cause to be voted or consented its shares:

- in favor of the adoption of the merger agreement, and to the extent that a vote is solicited in connection with the applicable stockholder's agreement or the merger agreement, any other action required or desirable in furtherance of those agreements;
- to the extent a vote is solicited in connection with the approval of any action, agreement or proposal that would result in a breach of any representation, warranty, covenant or obligation of SMTEK in the merger agreement or that would delay or hinder the consummation of the merger or that would preclude fulfillment of a condition precedent to the closing under the merger agreement, against the approval of the action, agreement or proposal; and
- against approval of any action, agreement or proposal made in opposition to or in competition with the merger, including, without limitation, any company takeover proposal and superior proposal.

Each trust also agreed not to enter into any agreement or understanding

Edgar Filing: CTS CORP - Form S-4

with any person to vote or give instructions in any manner inconsistent with its obligations described above.

In addition, each trust delivered a proxy to CTS to vote its shares in accordance with the foregoing. The proxy is irrevocable to the fullest extent permitted by applicable law, except that it will be automatically revoked upon termination of the applicable stockholder's agreement in accordance with its terms.

Under the terms of the stockholder's agreements, each trust, agreed to and agreed to cause its subsidiaries, and its and their officers, directors, employees, financial advisors, attorneys, accountants and other advisors, investment bankers, representatives and agents retained by the trust or any of its subsidiaries (referred to below as the "representatives") to, immediately cease and cause to be terminated immediately all existing activities, discussions and negotiations with any parties conducted prior to the date of the applicable stockholder's agreement with respect to, or that could reasonably be expected to lead to, any company takeover proposal.

In addition, each trust, agreed not to and not to permit any of its subsidiaries and its and their representatives to, directly or indirectly:

regarding, or furnish or disclose to any person (other than CTS) any information with respect to, or take any other action to facilitate or in furtherance of any inquires or the making of any proposal that constitutes, or could reasonably be expected to lead to, any company takeover proposal.

Each trust also agreed to promptly (but in any event within one calendar day) advise CTS in writing of the receipt, directly or indirectly, of any inquiries, requests, discussions, negotiations or proposals relating to a company takeover proposal, or any request for nonpublic information relating to SMTEK by any person that informs it or its representatives that they are considering making, or have made, a company takeover proposal, or an inquiry from a person seeking to have discussions or negotiations relating to a possible company takeover proposal. The notice is to be made orally and confirmed in writing, and to indicate the specific terms and conditions of the foregoing and the identity of the other party or parties involved and to promptly furnish to CTS a copy of the written inquiry, request or proposal along with copies of any information provided to or by any third party relating to the foregoing. Each trust agreed to keep CTS fully informed of the status and details (including amendments and proposed amendments) of any request or information related to the foregoing requested of the trust, including by providing a copy of all material documentation or correspondence relating to the requests.

STANDSTILL

Subject to limited exceptions, prior to the earlier to occur of the effective time of the merger or the termination of the merger agreement, except with the prior written consent of CTS, each trust agreed that neither it, nor any of its respective representatives or affiliates, will:

- acquire, or offer, propose or agree to acquire, by purchase or otherwise, any securities of CTS entitled to be voted generally in the election of directors of CTS or any direct or indirect options or other rights to acquire any such securities; or

Each stockholder's agreement and irrevocable proxy executed and delivered to CTS in connection with the applicable stockholder's agreement will terminate upon the earlier to occur of the effective time of the merger or the termination of the merger agreement in accordance with its terms.

OPTIONS

The Thomas M. Wheeler Trust's obligations under its stockholder's agreement, including voting and restrictions on transfer, are subject to options to purchase 97,000 of the Thomas M. Wheeler Trust's SMTEK common shares granted by the Thomas M. Wheeler Trust to third parties prior to the execution of the stockholder's agreement. Under the stockholder's agreement, the Thomas M. Wheeler Trust may transfer and deliver any SMTEK common shares subject to an option upon the exercise of the option, unencumbered by the Thomas M. Wheeler Trust's obligations under the stockholder's agreement, whether before or after the record date for a stockholders' meeting for the purpose of voting on the matter described above under "Agreement to Vote and Proxy." SMTEK common shares subject to options that are not exercised will be treated like the SMTEK common shares covered by the stockholder's agreement that are not subject to options.

INFORMATION ABOUT CTS

BUSINESS

We are a global manufacturer of electronic components and sensors primarily for the automotive, computer and communications markets. Founded in 1896, we are headquartered in Elkhart, Indiana and have engineering and manufacturing operations in North America, Asia and Europe.

We operate our business through two reportable segments: (1) components and sensors and (2) electronics manufacturing services, or EMS. Through our components and sensors segment, we design and manufacture a broad product line of components and sensors, principally electronic and electro-mechanical sensors and actuators used in cars and some commercial vehicles; electronic components used in mobile handsets and various products in the communications infrastructure and computer markets; switches, resistive technology based termination devices used in several electronic end markets, cursor control devices used in computer, consumer and industrial applications; and ceramic components and assemblies used in medical, industrial and other applications. Our principal customers in the components and sensors segment include OEMs in the automotive industry and their largest direct suppliers, known as Tier 1 suppliers, and OEMs and contract manufacturers in the computer and communications industries. Our automotive product manufacturing operations are located in the United States, Canada, Mexico, Scotland, Taiwan and China. Our electronic components manufacturing operations are located primarily in Asia, with some smaller operations in the United States.

Through our EMS segment, we assemble electronic and mechanical components into finished sub-assemblies, such as printed circuit board assemblies, and perform the final assembly of products under contract manufacturing agreements with OEMs. Our EMS segment also provides global supply-chain management services, such as the development and sourcing of required materials, the coordination of new product launches and transportation services. Our EMS segment serves OEMs in the computer and communications markets and, with increasing frequency, the networking, medical diagnostic and imaging, industrial and security, and automotive industries. Our EMS operations are located in the United States, Scotland, Singapore and China.

STRATEGY

We focus on niche markets with growth potential where we believe our strengths in applications engineering, materials technology and manufacturing execution, as well as our global presence, position us to achieve profitability and growth by providing value that differentiates us from our competitors.

In our components and sensors segment, we focus on the following strategic initiatives:

Aggressively introduce innovative products. We have invested in research and development and enhanced our product development process to increase the rate at which we introduce new products. We also seek to increase opportunities to supply additional materials or labor services by providing end products that provide additional value to our customers. Our integrated accelerator pedal module is an example of a product with increased value. This product combines an accelerator pedal and our pedal position sensor in a single modular unit that electronically transmits accelerator motion to the automotive engine. The module sells for approximately two times the average price of our stand-alone pedal position sensors. Another example of products that provide greater value to

Edgar Filing: CTS CORP - Form S-4

customers is our line of crystal-based frequency control modules, which incorporate into high-level assemblies our precision frequency control electronic components, essentially timekeeping devices that determine the sequence of operations within electronic equipment. These modules sell for two to seven times the price of the frequency control components that form a part of the modules.

Expand our auto sensors business in Asia. While the market for automobiles in China is still small relative to North America and Europe, car sales in China grew by approximately 70% in 2003 to reach 2.1 million units. We believe that our significant infrastructure in Asia and our experience as a significant supplier of automotive sensors in North America and Europe positions us to capitalize on the rapid growth in auto sales in China. In 2002 and 2003, we expanded our direct sales presence in Shanghai, China and Nagoya,

66

Japan, and initiated automotive manufacturing operations in our facilities in Kaohsiung, Taiwan and Dongguan, China.

Broaden our customer base. We are focused on developing new customers and increasing our market penetration. Our sales engineers service our largest customers by designing and developing products to meet specific customer requirements. By maintaining sales offices in the United States, Scotland, China, Hong Kong, Japan, Taiwan and Singapore, we intend to create a global engineering presence that can respond to specific design needs from both new and existing customers around the world.

Pursue growth opportunities in the communications infrastructure market. We believe that our strong technology, extensive applications knowledge and ability to manufacture and deliver products and services in an efficient manner position us well to expand our market share in the communications infrastructure market. Recently, we capitalized on opportunities in this market through the introduction of our new line of crystal-based frequency control modules.

Consolidate electronic components manufacturing operations in Asia to lower costs. We have components and sensors production capabilities in the United States, Canada, Mexico, Scotland, Taiwan, China and Singapore. Since late 2001, we have consolidated our frequency control products and most of our ceramics components manufacturing operations in Asia, where we have significant manufacturing capabilities. The consolidation of operations in Asia has resulted in lower overhead and labor costs. To improve our manufacturing cost position further, we are continuing to transfer additional product manufacturing capacity to China.

Our EMS business model focuses on customers that produce a number of varied products, but with low or medium volumes in any particular product line or model. These customers require a full supply-chain capability, similar to their larger competitors. To grow this business, we have implemented the following key strategies:

Capitalize on our global manufacturing strengths and supply-chain capabilities. We believe that few of our EMS competitors offer integrated, global and full supply-chain services to customers that produce a number of varied products. The largest EMS providers typically focus on customers with very high volume and low product variation. Smaller EMS providers generally lack the broad supply-chain service capability and global presence desired by customers seeking an EMS provider that can grow with them.

Expand our customer base. We will continue to support large existing customers, such as Hewlett-Packard and Motorola, in the computing and

Edgar Filing: CTS CORP - Form S-4

communications markets, while seeking to expand and diversify our customer base. In particular, we intend to target OEMs in the medical, industrial and security and automotive markets, which have the high product mix and low to medium volumes requirements well suited to our EMS capabilities.

Expand geographically to better serve customers. We believe that our network of strategically positioned facilities can reduce costs, simplify and shorten an OEM's supply chain and reduce the time required to bring a product to market. We intend to pursue geographic expansion to support our global customers with cost-effective and timely delivery of quality products and services that they require worldwide, as well as to lower our manufacturing costs. In 2004, to meet the needs of a major customer, we extended our EMS capabilities into Singapore. We now deliver finished products for this customer from multiple locations.

In addition, with respect to both our components and sensors and EMS segments, we intend to selectively pursue strategic acquisitions. We seek acquisitions that give us the opportunity to access new customers and markets, broaden our manufacturing and service capabilities and geographic presence, further develop our existing customer relationships or utilize excess capacity. We intend to evaluate and pursue acquisition opportunities on a selective and strategic basis.

67

COMPONENTS AND SENSORS PRODUCTS

We design, manufacture and sell electronic components and sensors that are primarily used within the automotive, computer and communications markets. The following is a description of some of our products:

Our automotive products include:

- sensors used in engine air and fuel management systems, such as throttle position and exhaust gas recirculation sensors;
- sensors used in position measurement systems, such as seat position sensors;
- integrated accelerator pedal modules, which transmit accelerator motion to the automotive engine;
- belt tension sensors, which measure seat belt tension to assist in proper airbag deployment;
- fuel level sensors, which provide accurate fuel level measurement; and
- active manifold actuators, which, when used in combination with our throttle position sensors, control engine airflow under dynamic engine conditions to improve performance and reduce emissions.

Our electronic components include:

- crystal-based frequency control components and assemblies, such as ovenized oscillators and frequency control modules used primarily in communications infrastructure applications;
- ceramic duplexers and filters used in mobile handsets and other communications applications;
- resistor technology based products, including high-density resistor

Edgar Filing: CTS CORP - Form S-4

arrays used as terminating devices in computing and electronic storage systems;

- human interface devices, such as cursor controls used in computers and games;
- various switches and potentiometers used in commercial and industrial applications; and
- ceramic components and assemblies used in various applications, such as ink jet printers, sonar applications and medical ultrasound equipment.

EMS

In our EMS segment, we design and build printed circuit assemblies and complex backplanes for high-end computing and communications equipment, primarily using components and materials designed and manufactured by other parties. Printed circuit assembly involves attaching electronic components, such as integrated circuits, capacitors, microprocessors, resistors and memory modules, to printed circuit boards. Printed circuit boards are made of laminated materials and contain electrical circuits and connections that interconnect and transmit electrical signals among the components that are assembled on the printed circuit boards. Backplanes are very large printed circuit boards that serve as the backbones of sophisticated electronics products and provide interconnections for printed circuit boards, integrated circuits and other electronic components.

We offer our EMS customers comprehensive and integrated design and manufacturing services, from initial product design to volume production and direct order fulfillment. In the EMS process, we provide specialized design and engineering services to our customers to complement their initial product development efforts; we work with our customers' product development engineers to optimize product designs to improve the manufacturing efficiency and to reduce the manufacturing costs of these products; we build tests to identify product defects and failures; we build and test prototypes for our customers; and we provide final assembly and testing of our customers' products.

INTELLECTUAL PROPERTY

We hold various United States and foreign patents relating to certain of the products which we have designed and manufactured, as well as certain of the processes and equipment used in our manufacturing

68

technology. In addition, we have registered trademarks in the United States and various other countries throughout the world. For other proprietary processes, we rely primarily on trade secret protection. We believe that our success is not materially dependent on the existence or duration of any patent, group of patents or trademarks.

RECENT DEVELOPMENTS

On July 9, 2004, we announced that our board of directors authorized the repurchase of up to 1.0 million shares of our outstanding common stock, for cash, in the open market on the New York Stock Exchange and in privately negotiated transactions. The 1.0 million shares represents approximately 3% of our 36.1 million outstanding shares of our common stock as of July 9, 2004. As of November 29, 2004, we had repurchased 183,000 shares of our common stock under this repurchase plan.

Edgar Filing: CTS CORP - Form S-4

Our business has improved considerably in recent months. Among other indications of this improvement:

- sales increased by 17.5% for the nine months ended September 26, 2004 from the nine months ended September 28, 2003, due primarily to the implementation of our growth strategies and an economic upturn in our served markets;
- reduced depreciation and other expenses attributable to the facilities we closed as a part of our restructuring initiatives and a general improvement in the management and allocation of our fixed costs have improved earnings;
- our belt tension sensor has been selected for application on 22 vehicle models;
- our new integrated accelerator pedal modules have captured positions in 22 vehicle models;
- our automotive product sales in Asia increased from approximately \$2 million in 2001 to over \$10 million in 2003. For the first nine months of 2004, sales into Asia were over \$9 million; and
- our EMS business continues to grow with nine new customers added in 2003, and 11 were added in the first nine months of 2004, including customers from the medical, automotive and industrial and security markets.

RECENT RESTRUCTURING ACTIVITIES

In 2001, 2002 and 2003, we recorded restructuring and impairment charges of \$40.0 million, \$18.3 million and \$4.6 million, respectively, primarily relating to our components and sensors segment. In 2003, we recorded an impairment charge to reduce the carrying value of certain assets in the components and sensors segment to their estimated fair value following the final production of previously announced discontinued products and a reassessment of the current market value of certain equipment held for sale. The 2001 and 2002 restructuring programs primarily involved the relocation and consolidation of certain manufacturing operations to realize operational improvements and realign our manufacturing capacity. Also, in 2001 and 2002, we recognized expenses of \$10.7 million and \$1.3 million, respectively, for inventory write downs, equipment relocation and other employee costs related to our restructuring initiatives. Of the restructuring and impairment charges and operating expenses described above, \$23.1 million involved the expenditure of funds, while the remainder were non-cash in nature. We completed these restructuring programs in 2003.

DIRECTOR COMPENSATION

Employee directors receive no additional compensation for serving on the CTS board of directors or board committees. Non-employee directors receive the following fees for their service on the Board:

-	Annual Board Retainer.....	\$22,500
-	Annual Retainer for each Audit Committee Member.....	\$4,000
-	Annual Retainer for each Finance, Nominating and Governance and Compensation Committee Member.....	\$2,500
-	Additional Annual Retainer for Audit Committee Chairman.....	\$3,000
-	Additional Annual Retainer for Finance, Nominating and Governance and Compensation Committee Chairman.....	\$2,000
-	Meeting Fee for each Board or Committee Meeting.....	\$1,500

In 1990, CTS adopted the Stock Retirement Plan for Non-employee Directors. Under that plan, a deferred stock account is established for each non-employee director. Except as described below, 800 common stock units are credited annually to each non-employee director's account. Each account is credited annually with additional common stock units representing cash dividends on CTS common stock paid in the previous

calendar year. Deferred common stock units are not distributable until after the director leaves the CTS board of directors. CTS accrued \$79,040 in 2003 for the common stock units credited to the deferred stock accounts of non-employee directors, including units to be credited for quarterly 2003 dividends.

In 2002, the CTS board established a \$30,000 annual stock-based compensation target for each non-employee director in order to bring non-employee director compensation up to competitive levels and to balance cash and stock compensation in accordance with prevalent board compensation practices. To achieve this target, each year the value of the 800 common stock units to be credited under the Stock Retirement Plan for Non-employee Directors is calculated based on the closing price of CTS common stock on the New York Stock Exchange on the credit date. If the calculated value of the common stock units exceeds \$33,000, the number of common stock units credited to each director is reduced as necessary to achieve a value of approximately \$30,000. If the calculated value of the common stock units is less than \$30,000, each non-employee director receives a stock option award sufficient to make up the difference between that value and \$30,000, based on the closing price of CTS common stock on the New York Stock Exchange on the credit date. On February 26, 2003, each non-employee director received an option grant for the year 2003 of 7,700 shares at a purchase price of \$7.75 per share. The options vest in substantially equal installments over the next four years beginning February 26, 2004.

Effective in 2003, the CTS board of directors adopted a policy providing that all committee meetings, including special meetings called by the committee chairman, are compensated at the regular meeting fee rate. Special activity by the committee chairman, as well as any special activity by another committee member which is requested or approved by the committee chairman, is also compensated at the regular meeting fee rate. The policy is intended to ensure that non-employee directors are adequately compensated for additional meetings and activities outside the scope of their ordinary duties as directors.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

Edgar Filing: CTS CORP - Form S-4

The Committee's Responsibilities: The Compensation Committee of the CTS board has responsibility for setting and administering CTS' executive compensation policies. The Committee is composed entirely of independent directors. Reports of the Committee's actions and decisions are presented to the full board. The purpose of this report is to summarize the principles, specific program objectives and other factors considered by the Committee in reaching its determinations regarding executive compensation.

Compensation Philosophy: The Committee has implemented executive compensation programs which are intended to:

- Encourage strong financial and operational performance of CTS;
- Link compensation to the interests of shareholders;
- Emphasize performance-based compensation; and
- Provide a competitive level of total compensation necessary to attract and retain talented and experienced executives.

Compensation Methodology: The Committee believes that CTS' executive compensation programs reflect this philosophy and provide executives with strong incentives to maximize CTS' performance and enhance shareholder value. The executive compensation programs consist of both annual and long-term components and include performance-based and equity-based components. Historically, the Committee has

73

reviewed market data and assesses CTS' competitive position in the area of executive compensation. CTS also retains independent compensation and benefits consultants to assist in evaluating executive compensation programs. The Committee uses an independent consultant to provide additional assurance that CTS' executive compensation programs are reasonable and appropriate.

COMPONENTS OF COMPENSATION:

- **Base Salary:** Annual base salary is designed to compensate CTS executives for their qualifications, responsibilities and performance. CTS' objective is to compensate executives within the mid-level of the range of base salaries paid for similar positions at similar companies.
- **Annual Incentives:** CTS has maintained an annual management incentive plan for a number of years which provides cash compensation incentives based on the financial performance of CTS. Under the 2003 Management Incentive Plan, specific financial objectives based on CTS' earnings per share (EPS) and/or the contribution to EPS of specific business units were established by the Compensation Committee. For 2003, CTS achieved the established EPS target and certain business units achieved their established contribution to EPS targets. Each of the executive officers qualified for a bonus under the terms of the 2003 Management Incentive Plan.
- **Long-Term, Stock-Based Compensation:** CTS historically has used two forms of long-term, stock-based incentives, restricted stock grants and stock options, under shareholder approved plans. The Committee believes that stock ownership and stock-based compensation are valuable tools for motivating employees to improve the long-term performance of CTS. The Committee also believes that they are the best way to tie a significant amount of an executive's potential income to enhanced shareholder value.

Edgar Filing: CTS CORP - Form S-4

CTS' stock compensation plans have change of control provisions under which, upon a change of control of CTS, benefits thereunder accelerate and vest immediately.

- The Committee has generally awarded stock options which provide for a purchase price equal to market value of the stock on the date of the grant and which vest over a four-year period. During 2003, options for a total of 139,000 shares were granted to CTS' Chief Executive Officer and four other most highly compensated executive officers, referred to in this document as the named executive officers. The number of shares previously awarded to the named executive officers, their market value, vesting schedules and related bonuses, are set forth in the Summary Compensation Table below. Restricted stock grants have been used selectively to provide incentives to key employees who contribute or are expected to contribute materially to the success of CTS. In 2003, restricted stock grants were made to the named executive officers, as described in the Summary Compensation Table below. The Committee is aware of the recent debate concerning the equity-linked compensation practices of publicly traded companies and intends to review developments in this area.
- CTS has adopted a new long-term incentive plan which will replace CTS' current restricted stock and stock option plans.

Compensation for the Chief Executive Officer (CEO): The Committee annually reviews and makes recommendations to the board of directors regarding the CEO's compensation. CTS strives to establish the base salary of the CEO at approximately the fiftieth percentile of CEO base salaries paid by similarly situated companies. In September 2001, Donald K. Schwanz entered into an employment agreement to serve as Chief Executive Officer of CTS, the terms of which are summarized below. At that time, use of CEO comparative compensation data supplied by Towers Perrin led to the establishment of Mr. Schwanz's base salary at \$630,000. The Board annually reviews Mr. Schwanz's base salary. In 2002, the Board made no adjustment to Mr. Schwanz's base salary. In 2003, the Board increased Mr. Schwanz' annual base salary to \$670,000. CTS' annual management incentive plan provides cash bonuses based on the financial performance of CTS. The Committee establishes the performance measures and approves the payout under the plan for each executive officer. Mr. Schwanz received a bonus of \$534,947 for fiscal year 2003 under the 2003 Management Incentive Plan. In determining long-term, stock-based compensation, the Committee considers CTS' financial performance and relative shareholder return, the value of similar awards to CEOs at comparable companies and the

74

awards given to the CEO in past years. In 2003, Mr. Schwanz received stock options on 72,000 shares and a grant of 10,000 shares of restricted stock.

Deductibility of Certain Executive Compensation: Federal income tax law caps at \$1,000,000 the deductible compensation per year for each of the named executive officers, subject to certain exceptions. In developing and implementing executive compensation policies and programs, the Compensation Committee considers whether particular payments and awards are deductible for federal income tax purposes, along with other relevant factors. Consistent with this policy, the Committee has taken what it believes to be appropriate steps to maximize the deductibility of executive compensation. While it is the general intention of the Committee to meet the requirements for deductibility, the Committee may approve payment of non-deductible compensation from time to time if circumstances warrant. The Committee will continue to review and monitor its policy with respect to the deductibility of compensation.

Employment Agreement With Donald K. Schwanz. Mr. Schwanz has an employment agreement with CTS which provides that for five years beginning on October 1, 2001 Mr. Schwanz will be employed by CTS as President and Chief Executive Officer, at an initial annual salary of \$630,000. During the term of the agreement, if Mr. Schwanz's employment is terminated as a result of his death or disability, for good reason (as defined) or by CTS without cause (as defined), Mr. Schwanz will receive severance benefits equal to his then current annual salary for the remainder of the term, plus an annual bonus for each year remaining in the term equal to the largest cash and stock bonus that he received for any year during the term, but no less than \$330,000. In addition, if Mr. Schwanz's employment is terminated by Mr. Schwanz for good reason or by CTS without cause, Mr. Schwanz may instead receive a lump sum equal to 3 1/3 times the sum of his then current annual salary and the largest cash and stock bonus that he received for any year during the term, but no less than \$330,000. Any payments to Mr. Schwanz upon a change in control are increased to compensate Mr. Schwanz for any excise tax payable by him pursuant to Section 280G of the Internal Revenue Code of 1986, as amended. The payments and benefits to Mr. Schwanz under his employment agreement are reduced automatically by any corresponding payments or benefits under his severance agreement described below.

Mr. Schwanz's employment agreement also provides for an enhanced pension benefit under which for every year of service he accrues after June 30, 2002, an extra year will be credited to him for pension calculation purposes.

Change in Control Severance Agreements. Each of the active named executive officers has executed a severance agreement with CTS, which becomes operative only upon a change in control of CTS. The term of each agreement is automatically extended each January 1 unless notice is given otherwise. Severance benefits are provided if within three years of a change in control, a

Edgar Filing: CTS CORP - Form S-4

covered executive terminates his employment for good reason (as defined) or his employment is terminated for any reason other than cause (as defined), disability or death. Severance benefits include:

- a lump sum equal to three times the sum of the greater of base salary at the time of the change in control or average base salary over the three years prior to termination plus the greater of average incentive pay over the three years prior to the change in control or target incentive pay for the year in which the change in control occurred;
- continued participation for 36 months following termination in welfare benefit plans and similar benefit programs;
- a lump sum payment equal to the increase in actuarial value of the benefits under CTS' qualified and supplemental retirement plans that the executive would have received had he remained employed;

76

- a lump sum payment (\$105,000 for Mr. Schwanz and \$67,500 for the other named executive officers) in lieu of any perquisites the executive would otherwise have been provided;
- outplacement services;
- reimbursement of legal, tax and estate planning expense related to the severance agreement;
- reimbursement of relocation expenses incurred during the 36 month period following termination;
- a lump sum payment equal to target incentive pay for the year in which the termination occurs, prorated based on actual service during the year; and
- accelerated vesting, exercise rights and lapse of restrictions on equity based compensation awards.

In addition, if any payments made to a covered executive are subject to excise tax under Section 4999 of the Internal Revenue Code, CTS will make an additional payment to put the executive in the same after-tax position as if no excise tax had been imposed.

STOCK OPTIONS

The following table reflects information about stock options awarded to the named executive officers in 2003. These stock options are exercisable in four substantially equal annual installments commencing on June 12, 2004, in accord with the terms set forth in the stock option agreements. Upon termination of employment due to death, total and permanent disability or a change in control of CTS (as defined), the option would become fully vested on an accelerated basis and would be exercisable anytime before its expiration. Upon termination of employment due to qualified retirement (as defined), the option would continue to vest on its schedule and would be exercisable anytime before its expiration. Upon termination of employment for any other reason, the option would be exercisable within the three month period following the termination date, but only to the extent vested as of the termination date.

(1) Potential realizable value is determined by assuming an initial value equal to the option price per share, the market closing price for CTS common stock on the date of grant, and applying the stated annual appreciation rate compounded annually for the remaining term of the option, subtracting the exercise price and multiplying the remainder by the number of shares subject to options granted. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock and overall stock market conditions.

Covered compensation is essentially equal to the salary and bonus columns in the Summary Compensation Table above, together with the cash payments received in connection with the lapse of transfer restrictions on restricted shares as described in footnote (2) to the Summary Compensation Table. These benefits are not subject to any deduction for social security or other offsets. The years of service credited to the named executive officers as of December 31, 2003 are: Donald K. Schwanz -- 3.56 years; Vinod M. Khilnani -- 2.78 years; Donald R. Schroeder -- 31.44 years; James L. Cummins -- 26.78 years; and Richard G. Cutter -- 4.56 years.

Section 415 of the Internal Revenue Code generally places a limit of \$165,000 on the amount of annual pension benefits that may be paid from the plan. Section 401(a)(17) of the Code limits the amount of annual compensation that may be taken into account in calculating a benefit under the Plan to \$200,000. The plan includes a supplemental benefit for named participants that allows for payment of benefit amounts, to the extent permitted by the Code in excess of the benefit amounts that would be permitted by those provisions. Each of the named executive officers also participates in an unfunded supplemental retirement plan adopted in 2003 which provides that the participant will receive a benefit equal to the difference between his actual benefit under the plan and the benefit that would have been payable under the plan without regard to these limits, and, with the exception of Mr. Schwanz, the participant's benefit is enhanced by increasing the percentage of compensation included in the benefit formula by .1% for each full year of participation in the unfunded plan to a maximum of 1.75% of highest average monthly pay. As described under the heading

78

"Employment Agreement with Donald K. Schwanz," the unfunded supplemental retirement plan may be used to pay enhanced retirement benefits in special situations.

INFORMATION ABOUT SMTEK

BUSINESS

SMTEK International, Inc., a Delaware corporation, is an electronics manufacturing services (EMS) provider to original equipment manufacturers (OEMs) in the medical, industrial instrumentation, telecommunications, security, financial services automation and aerospace and defense industries, including integrated solutions across the entire product life cycle, from design to manufacturing to end-of life service, for the worldwide high criticality, high reliability, high complexity segment of the EMS industry.

We have four wholly owned operating subsidiaries: SMTEK, Inc. (aka SMTEK Moorpark), located in Moorpark, California; SMTEK New England, located in Marlborough, Massachusetts; SMTEK Santa Clara, located in Santa Clara, California; and SMTEK International Thailand Limited, located in Ayutthya, Thailand.

We were incorporated in California in 1959 and were reincorporated in Delaware in 1986. We changed our name from Data-Design Laboratories, Inc. to DDL Electronics, Inc. in December 1993, and in October 1998 we changed our name to SMTEK International, Inc. Our executive office is currently located at 200 Science Drive, Moorpark, California 93021, telephone (805) 532-2800. Our internet address is www.smtek.com. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and any amendments to those reports, are available, free of charge, as soon as practicable after such material is electronically filed with, or furnished to, the SEC. Our SEC reports as well as our Code of Ethics

Edgar Filing: CTS CORP - Form S-4

and Conduct, can be accessed through the investor relations section of our web site. The information found on our web site is not part of this document or any other report of ours filed with or furnished to the SEC.

On August 31, 2004, our Chief Executive Officer and President, Edward J. Smith, announced that he was resigning from his executive officer positions effective September 20, 2004. Mr. Smith continues to serve as a member of our Board of Directors. Our Board of Directors designated Kirk A. Waldron, our Senior Vice President and Chief Financial Officer, to serve as our interim President. This change has not materially adversely affected our business.

CERTAIN BUSINESS DEVELOPMENTS

On October 24, 2001, we completed a transaction to purchase certain assets, but not assume any liabilities, of Century Electronics Manufacturing, Inc., an EMS company that filed for bankruptcy protection. As part of this transaction, we also purchased substantially all of the common stock of Century's subsidiary in Thailand. The aggregate purchase price of this transaction was approximately \$3.2 million.

On November 19, 2002 we announced that we were consolidating our San Diego facility into our other California operations in Moorpark and Santa Clara. This transition was completed by March 31, 2003.

On April 9, 2003, we sold our facility in Northern Ireland. The sale is shown in our audited financial statements included in our Annual Report on Form 10-K, incorporated by reference into this document, as a discontinued operation. The loss from discontinued operations in 2003 was \$1.3 million, net of taxes, and the net gain on the sale was \$106,000.

On January 9, 2004, we sold our subsidiary Jolt Technology, Inc. (aka SMTEK Fort Lauderdale), located in Fort Lauderdale, Florida, for approximately \$940,000 in cash. The loss on the sale of Jolt was approximately \$85,000 which was recognized in the year ended June 30, 2004.

INDUSTRY OVERVIEW

ELECTRONICS MANUFACTURING SERVICES (EMS) INDUSTRY

SMTEK operates in a single business segment, the EMS industry. The EMS industry can be classified into two general segments: high-volume/low complexity and low-to-medium volume/high complexity. We focus on the low-to-medium volume/high complexity market. Competition in this market is highly fragmented and intense. Customer bases tend to be highly concentrated, with two or three customers typically accounting for a significant portion of an EMS provider's total revenue. By contrast, our top five customers represented less than 50% of our revenues in fiscal 2004.

Two principal assembly techniques are employed in the EMS industry: surface mount technology (SMT), which accounts for the majority of manufacturing; and through-hole technology. We believe that the low-to-medium volume/high complexity EMS market is continuing to move toward SMT as the preferred manufacturing technique, due in part to the fact that semiconductors have continued to shrink in size, which tightens manufacturing tolerances and necessitates the use of automation for efficient production. Our production processes are predominantly SMT.

DESCRIPTION OF EMS PRODUCTS AND SERVICES

Production of electronic assemblies for a customer is only performed when a

Edgar Filing: CTS CORP - Form S-4

firm order is received and accepted. Electronic assemblies are produced based on one of two general methods: either "turnkey" (where we provide all materials, labor and equipment associated with producing the customers' product) or "consigned" (where we provide only labor and equipment for manufacturing electronic assemblies and the customer provides the materials).

Our EMS operations provide both turnkey and consignment electronics manufacturing services using surface mount and through-hole interconnection technologies. We conduct our domestic business through our facilities in Moorpark, Marlborough and Santa Clara and our foreign business, SMTEK International

82

Thailand Limited subsidiary in Ayutthya, Thailand. Our EMS operations do not fabricate any of the components used in these processes.

The materials procurement element of our turnkey services consists of the planning, purchasing, expediting, warehousing and financing of the components and materials required to assemble a board-level or system-level assembly. Customers have increasingly required us and other EMS providers to purchase some or all components directly from component manufacturers or distributors and to finance the components and materials. The distribution network for components and materials is comprised of many distributors and provides us with multiple sources for our raw materials. We have consignment programs with six distributors of components and the two largest of these distributors house consignment warehouses within our facility. These consignment programs and warehouses increase the likelihood of procuring components in a reasonable timeframe to meet our manufacturing schedule.

Customers usually incur costs in establishing a relationship with an EMS provider and there is a learning curve for both the customer and the EMS provider in terms of producing the product, redesigns and refinements of products. Once a relationship is established, we believe that customers experience difficulty in expeditiously and effectively reassigning a turnkey project to a new assembler or in taking on the project themselves. Providing a high level of quality and service to our customers has been a positive contributing factor in the retention and expansion of business with established customers. The relative difficulty for customers to change EMS providers also tends to limit our ability to attract and recruit new customers away from their existing EMS providers or from in-house assembly operations.

The following table includes net sales to major customers as a percentage of consolidated net sales for the last three fiscal years. Our customer base is primarily domestic and we have no customers outside of the United States that represented 10% or more of our total revenues in the past three fiscal years.

We market our EMS services through both direct sales personnel and through independent sales representatives. Our marketing strategy is to develop close relationships with, and to increase sales to, certain existing and new major OEM customers. This includes becoming involved at an early stage in the design of these customers' new products. We believe this strategy is necessary to keep abreast of rapidly changing technological needs and to develop new EMS processes, so as to enhance our EMS capabilities and our position in the industry. As a result of this strategy, however, fluctuations experienced by one or more of our customers in demand for their products may have adverse effects on our sales and profitability.

BACKLOG

At June 30, 2004, 2003 and 2002, our backlog was \$44.0 million, \$29.5 million and \$40.1 million, respectively. Backlog is comprised of orders believed to be firm for products that have scheduled shipment dates within the next six to twelve months. We expect to ship a substantial portion of the backlog within 90 days, although the continuation of current economic conditions or the occurrence of other risk factors may alter those expectations.

Some orders in the backlog may be cancelled under certain conditions. In addition, the timing of orders from major customers may result in significant fluctuations in our backlog and operating results from period to period.

Edgar Filing: CTS CORP - Form S-4

Accordingly, we believe that backlog may not be a reliable indicator of future operating results.

NOTES TO UNAUDITED CONDENSED COMBINED PRO FORMA FINANCIAL STATEMENTS

The unaudited condensed combined pro forma financial statements included herein have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission.

1. BASIS OF PRO FORMA PRESENTATION

On November 16, 2004, the board of directors of SMTEK approved the merger of Cardinal Acquisition, Inc., a newly formed and wholly owned subsidiary of CTS, with and into SMTEK, on the terms and subject to the conditions of the merger agreement. SMTEK will be the surviving company of the merger and will be a wholly owned subsidiary of CTS.

Edgar Filing: CTS CORP - Form S-4

CTS expects to utilize approximately \$37.7 million of cash, borrow approximately \$15.3 million under its existing senior secured revolving credit facility, and issue approximately 741,000 shares of CTS common stock at an estimated market value of \$13 per share to finance the transaction.

The unaudited condensed combined pro forma balance sheet as of September 26, 2004 was prepared by combining the historical unaudited condensed consolidated balance sheet data as of September 26, 2004 for CTS and as of September 24, 2004 for SMTEK with applicable adjustments to reflect the proposed merger as if it had occurred on September 26, 2004.

The unaudited condensed combined pro forma statements of income for the twelve months ended December 31, 2003 and the nine months ended September 26, 2004 give effect to the acquisition as if it had occurred on January 1, 2003. The unaudited condensed combined pro forma statement of income for the twelve months ended December 31, 2003 includes historical statements of earnings for CTS for the year ended December 31, 2003 and historical statements of operations for SMTEK for the twelve months ended June 27, 2003 less the six months ended December 31, 2002 plus the six months ended December 31, 2003. The unaudited condensed combined pro forma statement of income for the nine months ended September 26, 2004 includes historical unaudited condensed consolidated statements of earnings for CTS for the nine months ended September 26, 2004 and historical statements of operations for SMTEK for the twelve months ended June 25, 2004 less the six months ended December 31, 2003 plus the three months ended September 24, 2004.

2. PURCHASE PRICE ALLOCATION

The following represents the preliminary allocation of the purchase price paid for SMTEK based on the estimated fair values of the acquired assets and assumed liabilities of SMTEK as of September 24, 2004. Actual fair values will be determined as more detailed analysis is completed and additional information of the fair values of SMTEK assets and liabilities becomes available.

The unaudited condensed combined pro forma financial statements reflect a total initial purchase price of \$62.7 million, consisting of the following: (i) the payment of the initial cash consideration of \$35.2 million, (ii) estimated transaction costs of \$2.5 million, (iii) SMTEK debt assumed by CTS of \$15.3 million, and (iv) approximately 741,000 shares of CTS common stock issued at an estimated value of \$13 per share, or \$9.7 million. Under the purchase method of accounting, the initial purchase price is allocated to SMTEK's net

tangible and intangible assets based upon their estimated fair value as of the measurement date of the acquisition. The preliminary purchase price allocation as of September 26, 2004 is as follows:

	AT SEPTEMBER 26, 2004

Current assets.....	\$34,153
Property, plant and equipment.....	6,014
Amortizable intangible assets.....	10,000
Goodwill.....	31,132
Other long-term assets.....	442

Edgar Filing: CTS CORP - Form S-4

Total assets acquired.....	81,741
Current liabilities.....	18,982
Long-term liabilities.....	--

Total liabilities acquired.....	18,982

Net asset acquired.....	\$62,759
	=====

The allocation of the purchase price was based on a preliminary evaluation of assets acquired and liabilities assumed. CTS has preliminarily allocated \$10.0 million to amortizable intangible assets relating to customer lists and factory certifications and the entire intangible amount of \$31.1 million to goodwill. The \$10.0 million of amortizable intangible assets are expected to be amortized over 10 years on a straight-line basis. The goodwill represents the purchase price over the fair value of the tangible and intangible assets acquired. In accordance with FAS No. 142, "Goodwill and Other Intangible Assets," goodwill will not be amortized but will be tested for impairment at least annually. The purchase price allocation presented above is preliminary and final allocation of the purchase price will be based upon the following: (i) the actual fair value of the net tangible and intangible assets acquired, (ii) liabilities assumed as of the date of the acquisition, (iii) the fair value of CTS common stock on the acquisition date, and (iv) changes in the number of shares of SMTEK common stock and common stock options outstanding on the measurement date. Any change in the fair value of net assets of SMTEK will change the amount of the purchase price allocable to goodwill. The final purchase accounting adjustments may differ from the pro forma adjustments presented herein.

There were no historical transactions between CTS and SMTEK.

DESCRIPTION OF CTS CAPITAL STOCK

The following is a summary of the terms and provisions of CTS' capital stock. The rights of CTS stockholders are governed by Indiana law, CTS' articles of incorporation and CTS' bylaws. This summary is qualified in its entirety by

Edgar Filing: CTS CORP - Form S-4

reference to the governing corporate instruments of CTS to which we have referred you and applicable provisions of Indiana Business Corporation Law. To obtain a copy of CTS' articles of incorporation and bylaws, see "Where You Can Find More Information" beginning on page 103.

COMMON STOCK

CTS common stock is traded on the New York Stock Exchange under the symbol "CTS." The registrar and transfer agent is National City Bank. The holders of CTS common stock are entitled to one vote for each share of common stock held of record on all matters submitted to a vote of CTS shareholders. Common stockholders have no conversion, preemptive, subscription or redemption rights. All outstanding shares of CTS common stock are duly authorized, validly issued, fully paid and nonassessable.

Upon satisfaction of CTS' obligations to preferred stockholders, the common stockholders may receive dividends when declared by the board of directors. If CTS liquidates, dissolves or winds-up its business, holders of CTS common stock will share equally in the assets remaining after CTS pays all of its creditors and satisfies all of its obligations to preferred shareholders.

PREFERRED STOCK

The CTS board of directors can, without approval of shareholders, issue one or more series of preferred stock. The board can determine the number of shares of each series and the rights, preferences and limitations of each series, including dividend rights, voting rights, conversion rights, redemption rights and any liquidation preferences and the terms and conditions of issue. In some cases, the issuance of preferred stock could delay, defer or prevent a change in control of CTS and make it harder to remove present management, without further action by CTS shareholders. Under some circumstances, preferred stock could also decrease the amount of earnings and assets available for distribution to holders of CTS common stock if CTS liquidates or dissolves and could also restrict or limit dividend payments to holders of CTS common stock.

The CTS board of directors has designated 750,000 shares of Series A Junior Participating Preferred Stock for potential issuance in connection with the CTS rights agreement described below. CTS has not issued any shares of preferred stock to date, and CTS does not plan to issue any shares of preferred stock other than pursuant to the rights agreement described below.

Each share of Series A Junior Participating Preferred Stock, when issued, will be non-redeemable and entitled to cumulative dividends and will rank junior to any series of preferred stock senior to it. In connection with the declaration of a dividend on CTS common stock, a preferential dividend will be payable on the Series A Junior Participating Preferred Stock in an amount equal to the greater of:

- \$1.00 per share; and
- an amount equal to 100 times the dividend declared on the common stock, subject to adjustment in certain circumstances.

Subject to customary anti-dilution provisions, in the event of liquidation, the holders of the Series A Junior Participating Preferred Stock will be entitled to a preferential liquidation payment equal to the greater of (a) 100 times the then applicable Purchase Price for the rights plus accrued and unpaid dividends and (b) an amount equal to 100 times the liquidation payment made on the common stock, if any.

INDIANA BUSINESS CORPORATION LAW, RIGHTS AGREEMENT AND THE ARTICLES OF INCORPORATION AND BYLAWS

GENERAL

In general, the CTS articles of incorporation and bylaws provide that:

- the board of directors fixes the number of directors within a specified range (CTS currently has nine directors);
- the existing directors will fill any vacancy or newly created directorship with a new director; and
- only the chairman of the board, the board of directors or the president may call a meeting of the board of directors.

CTS is an Indiana corporation, and CTS is subject to the Indiana Business Corporation Law. Under the laws of Indiana, the articles of incorporation generally can be amended only with the approval of the CTS board of directors and the CTS shareholders. The CTS bylaws provide that the bylaws cannot be amended without the approval of a majority of the CTS board of directors.

Provisions of the Indiana Business Corporation Law, the CTS articles of incorporation, bylaws and the rights agreement described below may discourage or make more difficult the acquisition of control of CTS through a tender offer, open market purchase, proxy contest or otherwise. These provisions are intended to discourage or may have the effect of discouraging certain types of coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of CTS first to negotiate with the board of directors of CTS. CTS management believes that the foregoing measures, many of which are substantially similar to the takeover-related measures in effect for many other publicly-held companies, provide benefits by enhancing CTS' ability to negotiate with a person making an unfriendly or unsolicited proposal to take over or restructure CTS. CTS believes that these benefits outweigh the disadvantages of discouraging these proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Provisions of the Indiana Business Corporation Law, in addition to provisions of CTS' articles of incorporation, bylaws and rights agreement, address corporate governance issues, including the rights of shareholders. Some of these provisions could hinder management changes while others could have anti-takeover effects. The key provisions are summarized below.

RIGHTS AGREEMENT

On August 28, 1998, the CTS board of directors declared a dividend distribution of one right for each share of CTS common stock outstanding on September 10, 1998, and directed the issuance of one right for each share of common stock CTS issues or delivers prior to the occurrence of certain events. Each right entitles the registered holder to purchase from CTS one one-hundredth of a share of CTS Series A Junior Participating Preferred Stock at a purchase price of \$125.00 per right, subject to adjustment in certain circumstances. The description and terms of the rights are set forth in the rights agreement, dated as of August 28, 1998, as amended, that CTS entered into with State Street Bank and Trust Company, as rights agent.

Under the rights agreement, the rights currently trade together with CTS common stock and are not exercisable. In the absence of further action by the CTS board of directors, the rights generally would become exercisable and allow the holder to acquire shares of CTS common stock at a discounted price if a person or group acquires 15% or more of CTS outstanding common stock. Rights

Edgar Filing: CTS CORP - Form S-4

held by persons that exceed the 15% threshold will be void. Under certain circumstances, the rights will entitle the holder to buy shares in an acquiring entity at a discounted price.

The rights agreement also includes an exchange option. In general, after the rights become exercisable, the CTS board of directors may, at its option, effect an exchange of part or all of the rights (other than rights that have become void) for shares of CTS common stock. Under this option, CTS would issue one share of CTS common stock for each right, subject to adjustment in certain circumstances.

94

The CTS board of directors may, at its option, redeem all of the rights for \$.01 per right, generally at any time prior to the rights becoming exercisable. The rights will expire on August 27, 2008, unless earlier redeemed, exchanged or amended by the CTS board of directors.

The rights will cause substantial dilution to any person or group that attempts to acquire CTS without the approval of the CTS board of directors. As a result, the overall effect of the rights may be to render more difficult or discourage any attempt to acquire CTS, even if such acquisition may be favorable to the interests of CTS and the CTS stockholders. It is possible that these provisions may discourage others from making a tender offer for or acquisitions of substantial amounts of CTS common stock, or may delay or hinder changes in control of management. Because the CTS board of directors can redeem the rights or approve certain offers, the rights should not interfere with a merger or other business combination approved by the CTS board of directors.

BYLAW PROVISIONS

The Indiana Business Corporation Law permits the board of directors to issue rights, options or warrants for the purchase of shares or other securities of a corporation or any successor in interest. It also permits the board of directors to adopt procedures restricting transactions which would result in a "change of control" as defined therein. Article XXI of the CTS bylaws provides that the CTS board of directors may include provisions in the terms of those rights, options or warrants that, in any transaction or proposed transaction that would result in a change in control if consummated, require the approval of the "continuing directors" of the corporation for the redemption or exchange of the rights, options or warrants or the amendment of the corresponding contracts, warrants or instruments. The period requiring this approval may not exceed three years after the later of:

- the time that the "continuing directors" no longer constitute the majority of the directors of the corporation; or
- there is an "interested shareholder."

Under the CTS bylaws, a "continuing director" is defined as a director who:

- is not an "interested shareholder" or any affiliate, associate, representative or nominee of an "interested shareholder" or any affiliate of an "interested shareholder"; and
- is either a member of the CTS board of directors as of the date of issuance of the rights, options or warrants or subsequently becomes a member of the CTS board of directors if his or her election or nomination was approved or recommended by a majority of the CTS board of directors (including a majority of continuing directors then on the CTS board and excluding any member whose election resulted from any actual or

Edgar Filing: CTS CORP - Form S-4

threatened proxy or other election contest).

Under Chapter 43 of the Indiana Business Corporation Law, an "interested shareholder" is defined as any person that is:

- the beneficial owner of 10% or more of the voting power of the corporation; or
- an affiliate or associate of the corporation and at any time within the five years preceding the date in question was the beneficial owner of 10% or more of the voting power of the corporation at that time.

BUSINESS COMBINATIONS IN INDIANA

Chapter 43 of the Indiana Business Corporation Law restricts certain "business combinations," including mergers, sale of assets, recapitalization and reverse stock splits with interested shareholders. Under Chapter 43, a corporation cannot engage in any business combination with an interested shareholder within five years of the date the person became an interested shareholder unless the corporation's board of directors approves, in advance of the person becoming an interested shareholder, either the business combination or the purchase of shares that made the person an interested shareholder. In the absence of the board's approval, a corporation may engage in a business combination with an interested shareholder after the date that is five

95

years after the date the person became an interested shareholder if either the disinterested shareholders approve the business combination (but they cannot do so until five years after the date the person became an interested shareholder) or among other things, the consideration to be received by the disinterested shareholders in the business combination, which must be in cash or the same form as the interested shareholder used to acquire the largest number of the shareholder's shares, is at least equal to the higher of the highest price paid for shares by the interested shareholder or the highest market value per share on either the date of the business combination or the date the person became an interested shareholder.

Chapter 42 of the Indiana Business Corporation Law also contains provisions regulating "control share acquisitions," which are transactions causing the voting power of any person acquiring beneficial ownership of shares of a public corporation in Indiana to meet or exceed certain threshold voting percentages (20%, 33% or 50%). Shares acquired in a control share acquisition have no voting rights unless the voting rights are granted by a majority vote of all outstanding shares other than those held by the acquiring person or any officers or employee-directors of the corporation. As permitted under the Indiana Business Corporation Law, the CTS bylaws opt out of Chapter 42 for all control share acquisitions after March 3, 1987. A majority of the CTS board of directors may amend the bylaws so that Chapter 42 would apply.

The Indiana Business Corporation Law specifically authorizes directors, in considering whether an action is for the best interest of a corporation, to consider the effects of any corporate action on shareholders, employees, suppliers and customers of the corporation, communities in which offices or other facilities of the corporation are located and any other factors the directors consider pertinent. Under the Indiana Business Corporation Law, directors may be held personally liable for breaches of their duties as directors only if their actions constitute willful misconduct or if they recklessly disregard their duties.

COMPARISON OF RIGHTS OF STOCKHOLDERS

Edgar Filing: CTS CORP - Form S-4

As a result of the merger, holders of SMTEK common stock will become holders of CTS common stock, unless SMTEK elects to receive the merger consideration in all cash in the limited circumstances described in this document. See "The Merger Agreement -- Merger Consideration." The rights of holders of CTS common stock are governed by applicable Indiana law and the provisions of CTS' articles of incorporation and bylaws.

The following is a summary of the material differences between the rights of CTS stockholders and SMTEK stockholders. These differences arise principally from differences between Indiana and Delaware corporate laws and the differences between CTS' articles of incorporation and bylaws and SMTEK's certificate of incorporation and bylaws.

The following does not provide a complete description of the specific rights of CTS stockholders under CTS' articles of incorporation and bylaws as compared with the rights of SMTEK stockholders under SMTEK's certificate of incorporation and bylaws. This summary is qualified in its entirety by reference to the governing corporate instruments of CTS and SMTEK to which we have referred you. You should read those documents for a complete understanding of all of the differences between the rights of CTS stockholders and those of SMTEK stockholders. See "Where You Can Find More Information" beginning on page 103.

AUTHORIZED CAPITAL STOCK

CTS. CTS' articles of incorporation authorize it to issue up to 75,000,000 shares of common stock, without par value, and 25,000,000 shares of preferred stock, without par value. The CTS board of directors has designated 750,000 shares of the CTS preferred stock as Series A Junior Participating Preferred Stock for potential issuance in connection with the CTS rights agreement described above. See "Description of CTS Capital Stock -- Rights Agreement."

SMTEK. SMTEK's certificate of incorporation authorizes it to issue up to 20,000,000 shares of common stock, par value \$0.01 per share, and 1,000,000 shares of preferred stock, par value \$1.00 per share. The SMTEK board of directors has designated 250,000 shares of the SMTEK preferred stock as Series A Preferred Stock.

96

VOTING RIGHTS

CTS. Under CTS' bylaws, members of the board of directors will be elected by a plurality vote at the annual meeting.

Under CTS' articles of incorporation and bylaws, the holders of common stock shall be entitled to vote at all meetings of the shareholders and shall be entitled to cast one vote for each share of stock held by them respectively and registered in their respective names on the books of CTS as of the record date fixed by the CTS board of directors.

SMTEK. Under SMTEK's certificate of incorporation, the members of the board of directors are elected by cumulative voting at the annual meeting.

Other than when electing directors, under Delaware law and SMTEK's certificate of incorporation, each share of SMTEK common stock entitles the holder to one vote.

SHAREHOLDER MEETINGS

ANNUAL AND SPECIAL MEETINGS

Edgar Filing: CTS CORP - Form S-4

CTS. CTS' bylaws provide that annual meetings shall be held on the last Friday in April of each year or at such other time established for such meeting by the CTS board of directors. CTS' articles of incorporation and bylaws provide that the annual meeting shall be held at the place stated in the notice of the meeting. CTS' bylaws provide that special meetings may be called by the chairman of the board of directors, by the president or by the board of directors, whenever in the opinion of such person or body such meeting is necessary.

SMTEK. SMTEK's bylaws provide that annual meetings may be held at such time, date and place as the SMTEK board of directors determines by resolution; SMTEK special meetings shall be held at such place as may from time to time be designated by the person or persons calling the meeting and specified in the notice of the special meeting. SMTEK's certificate of incorporation and bylaws provide that special meetings may be called at any time by the board of directors or by a majority of the members of the board. Special meetings may not be called by any other person or persons or in any other manner.

QUORUM

CTS. CTS' bylaws provide that at all shareholders' meetings a quorum shall consist of a majority of all of the shares of stock outstanding and entitled by the articles of incorporation to vote on the business to be transacted at the meeting. CTS' bylaws further provide that shareholders may be represented at any meeting by their duly appointed attorney-in-fact.

SMTEK. SMTEK's bylaws provide that, in general, the holders of record of a majority in voting interest of the shares of stock of SMTEK entitled to be voted thereat, present in person or by proxy, shall constitute a quorum.

NOTICE OF SHAREHOLDER PROPOSALS

CTS. CTS' bylaws provide that only business properly brought before annual or special meetings will be considered at the meeting. To be properly brought before an annual meeting, business must be specified in a timely notice of the meeting given at the direction of the CTS board of directors, otherwise properly brought before the meeting by the presiding officer or by or at the direction of the CTS board of directors or otherwise properly requested to be brought before the meeting by a CTS shareholder. A proper request requires that the CTS shareholder must have been a shareholder of record at the time notice was given for the annual meeting, been entitled to vote at the annual meeting, and have given timely notice in writing to CTS' secretary of the business the CTS shareholder requests to be brought before the meeting. In general, notice of the CTS shareholder's request must have been received at CTS' principal executive offices not less than 90 calendar days nor more than 135 calendar days prior to the anniversary date of the immediately preceding annual meeting. Only matters specified in the notice for special meetings given by or at the direction of the chairman of the board, the president or the CTS board of directors or otherwise properly brought before special meetings

97

by the presiding officer or by or at the direction of CTS' board of directors will be considered at special meetings.

CTS' bylaws provide that, to be in proper form, shareholder notices must contain for each matter:

- a description in reasonable detail of the business desired to be brought before the annual meeting and the reasons for conducting the business at the annual meeting;
- the name and address of the proposing shareholder and the beneficial

Edgar Filing: CTS CORP - Form S-4

owner, if any, on whose behalf the proposal is made;

- the class and number of shares beneficially owned by the shareholder and by the beneficial owner, if any, on whose behalf the proposal is made;
- a description of the material interest in the matter of the shareholder and the beneficial owner, if any, on whose behalf the proposal is made; and
- other information required under federal securities laws.

SMTEK. SMTEK's bylaws provide that only stockholders of record who deliver timely notices to SMTEK shall be entitled to present a stockholder proposal at any stockholders' meeting. In general, notice of the SMTEK stockholder's proposal to be presented at an annual meeting must have been delivered to the SMTEK secretary at SMTEK's principal executive offices not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. A SMTEK stockholder's notice of a proposal to be presented at a special meeting must have been delivered to the SMTEK secretary at SMTEK's principal executive offices not earlier than the 90th day prior to the special meeting and not later than the close of business on the later of the 60th day prior to the special meeting or the tenth day following the date on which public announcement of the date of the special meeting is first made.

ACTIONS BY WRITTEN CONSENT

CTS. Under Indiana law, action required or permitted to be taken at a shareholders' meeting may be taken without a meeting if the action is taken by all the shareholders entitled to vote on the action. The action must be evidenced by one or more written consents describing the action taken, signed by all the shareholders entitled to vote on the action, and delivered to the corporation for inclusion in the minutes or filing with the corporate records. CTS' regulations do not prohibit CTS' stockholders from acting by written consent.

SMTEK. Under Delaware law, unless the certificate of incorporation provides otherwise, any action by stockholders to be taken at a meeting of stockholders, may be taken without a meeting if written consents stating the action to be taken are signed by stockholders having not less than the minimum number of votes necessary to take that action at a meeting at which all shares entitled to vote were present and voted. SMTEK's certificate of incorporation and bylaws provide that no action may be taken by the SMTEK stockholders by written consent.

MATTERS RELATING TO THE BOARD OF DIRECTORS

NUMBER

CTS. CTS' articles of incorporation provide for not less than three nor more than 15 directors and the CTS bylaws provide that the precise number will be determined by the board. CTS' board of directors currently consists of nine directors. CTS' board members are elected by plurality voting, meaning that the director nominees receiving the greatest number of votes are elected.

SMTEK. SMTEK's bylaws provide that the number of directors shall be five. Under SMTEK's certificate of incorporation, the members of the board of directors are elected by means of cumulative voting. At all elections of members of the board of directors, a holder of any class or series of stock will be entitled to cast the number of votes that is equal to the number of votes they could cast in an ordinary election of directors, multiplied by the number of directors to be elected in the election. The holder may cast all of such

votes for a single nominee for director or may distribute the votes amongst the nominees as such holder may see fit. The five director nominees receiving the greatest number of votes are elected to the board.

QUORUM

CTS. CTS' bylaws provide that not less than one-half of the whole board of directors shall constitute a quorum for the transaction of any business, except filling board vacancies.

SMTEK. SMTEK's bylaws provide the presence of a majority of the authorized number of directors shall be required to constitute a quorum for the transaction of business, except filling board vacancies.

VACANCIES

CTS. CTS' bylaws provide that any vacancy occurring in the board of directors shall be filled by a majority vote of the members of the board. A quorum for purposes of filling director vacancies shall consist of a majority of the whole board, less the vacancies.

SMTEK. SMTEK's bylaws provide that any vacancy in the board of directors shall be filled only by a vote of the majority of the remaining directors. The vacancy can be filled by the remaining directors even if they do not constitute a quorum.

REMOVAL OF DIRECTORS

CTS. Under Indiana law, shareholders or directors may remove one or more directors with or without cause unless the articles of incorporation provide otherwise. CTS' articles of incorporation and bylaws are silent on director removal.

SMTEK. Delaware law provides that any director or the entire board of directors may be removed, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of directors, except if the board is divided in classes, then unless the certificate of incorporation otherwise provides, stockholders may effect the removal of a director only for cause or if a corporation has cumulative voting, no director may be removed without cause if the votes cast against the director's removal would be sufficient to elect such director. SMTEK's certificate of incorporation and bylaws are silent on director removal.

ANTI-TAKEOVER MATTERS

CONTROL SHARE ACQUISITIONS

CTS. See "Description of CTS Capital Stock -- Business Combinations in Indiana."

SMTEK. No similar provision is applicable to SMTEK under Delaware law or SMTEK's certificate of incorporation or bylaws.

TRANSACTIONS WITH INTERESTED STOCKHOLDERS

CTS. See "Description of CTS Capital Stock -- Bylaws" and "Description of CTS Capital Stock -- Business Combinations in Indiana."

SMTEK. Section 203 of the DGCL generally prohibits a business combination

Edgar Filing: CTS CORP - Form S-4

between a corporation and an "interested shareholder" within three years of the time that person became an interested stockholder. An interested stockholder generally includes a person who beneficially owns 15% or more of the outstanding voting stock of the corporation. This provision does not apply in some circumstances, including if:

- the corporation's board of directors approved the interested stockholder transaction prior to the date the interested stockholder acquired its shares;
- as a result of the interested stockholder transaction, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (excluding shares owned by persons who are both directors and officers and by certain employee stock plans); or

99

- the interested stockholder transaction is approved by the board of directors and the affirmative vote of two-thirds of the outstanding voting stock of the disinterested stockholders at an annual or special meeting.

RIGHTS PLANS

CTS. See "Description of CTS Capital Stock -- Rights Agreement."

SMTEK. SMTEK does not have a rights plan.

CONSTITUENCIES PROVISIONS

CTS. See "Description of CTS Capital Stock -- Business Combinations in Indiana."

SMTEK. No similar provision is applicable to SMTEK under Delaware law or SMTEK's certificate of incorporation or bylaws.

DISSENTERS' RIGHTS

CTS. Indiana law affords dissenters' rights of appraisal upon certain mergers, consolidations, sales and other dispositions of assets requiring shareholder approval and share exchanges. Indiana law, however, does not grant dissenters' rights in respect of shares of any class of stock, such as shares of CTS common stock, that is registered on a national securities exchange registered under the Securities Exchange Act of 1934.

SMTEK. See "The Merger -- Dissenters' Appraisal Rights of SMTEK Stockholders."

AMENDMENTS TO CONSTITUENT DOCUMENTS

CTS. Indiana law provides that an amendment to a corporation's articles of incorporation is permitted if the board of directors proposes and recommends the amendment to the shareholders and a majority of the votes entitled to be cast on the amendment by any voting group with respect to which the amendment would create dissenters' rights approve the amendment.

Indiana law provides that only a corporation's board of directors may amend or repeal the corporation's bylaws, unless the corporation's articles of incorporation provide otherwise. CTS' articles of incorporation are silent on the subject of amending its bylaws. The CTS bylaws provide that the bylaws

Edgar Filing: CTS CORP - Form S-4

cannot be amended without the approval of a majority of the CTS board of directors.

SMTEK. Delaware law provides that an amendment to a corporation's certificate of incorporation requires that the board of directors adopt a resolution setting forth the proposed amendment and that a majority of the voting power of the then outstanding capital stock of the corporation approve the amendment, although the certificate of incorporation may provide for a greater vote. SMTEK's certificate of incorporation is silent on the subject of amendments to it.

SMTEK's bylaws provide that they may be altered, amended or repealed and new bylaws made only by the affirmative vote of a majority of the board or by an affirmative vote of the stockholders holding a majority of the issued and outstanding SMTEK shares at any annual meeting or special meeting, provided that notice of such proposed amendment, modification, repeal or adoption is timely given. Bylaws made or altered by the stockholders may be altered or repealed by either the board or the stockholders.

DIVIDENDS AND REPURCHASE OF SHARES

CTS. Indiana law permits dividends but a dividend may not be made if, after giving it effect, the corporation would not be able to pay its debts as they become due in the usual course of business or the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution. CTS'

100

bylaws provide that the board of directors may declare and pay dividends out of the unreserved and unrestricted earned surplus of CTS.

SMTEK. Delaware law permits a corporation to pay dividends out of surplus or, if there is no surplus, out of net profits for the current year or the prior year. Dividends may not be paid if the payment reduces the corporation's capital below the amount of capital represented by all classes of stock having a preference on distribution of assets over the class to receive the dividend. Further, a corporation may not repurchase its own shares if the capital of the corporation is impaired or if the repurchase would impair the capital of the corporation.

LIMITATION OF LIABILITY OF DIRECTORS AND OFFICERS

CTS. CTS' bylaws provide that it shall indemnify its officers and directors to the fullest extent permitted by applicable law. Indiana law provides, in general, that each director and officer of a corporation may be indemnified against liabilities (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with the defense or settlement of any threatened, pending or completed legal proceedings in which he or she is involved by reason of the fact that he or she is or was a director or officer, if he or she acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interest of the corporation, and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe that his or her conduct was unlawful. If the legal proceeding, however, is by or in the right of the corporation, the director or officer may not be indemnified in respect of any claim, issue or matter as to which he or she has been adjudged to be liable for negligence or misconduct in the performance of his or her duty to CTS unless

Edgar Filing: CTS CORP - Form S-4

a court determines otherwise.

CTS' articles of incorporation provide that, to the fullest extent permitted by applicable law, no director or officer of CTS will be personally liable to the corporation or its shareholders for monetary damages for any breach of his fiduciary duty as a director or officer provided, however, that such provision does not apply to any liability of a director or officer (a) for breach of fiduciary duty if such breach constitutes willful misconduct or recklessness or (b) for the payment of distributions to shareholders in violation of Section 23-1-28-3 of the Indiana Business Corporation Law.

Pursuant to separate indemnification agreements with CTS, each officer and director of CTS is indemnified from all liabilities arising out of the activities reasonably taken in the performance of their respective duties as officers and directors of CTS.

CTS also maintains insurance for officers and directors against certain liabilities, including liabilities under the Securities Act. The effect of this insurance is to indemnify any officer or director of CTS against expenses, including, without limitation, attorneys' fees, judgments, fines and amounts paid in settlement, incurred by an officer or director upon a determination that such person acted in good faith. The premiums for such insurance are paid by CTS.

SMTEK. Delaware law allows a corporation to limit the personal liability of a director for breach of fiduciary duty to the corporation. Delaware law generally permits indemnification if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to a criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. Directors or officers adjudged liable to the corporation are not entitled to indemnification unless, and only to the extent that, the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability in view of all the circumstances of the case, they are fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

SMTEK's certificate of incorporation provides that a director of SMTEK shall not be personally liable for breach of fiduciary duty to the corporation.

SMTEK's bylaws provide that directors and officers shall be indemnified to the fullest extent permitted by law when involved in any action, suit or proceeding as a director or officer of SMTEK. The bylaws further provide that any indemnification (unless ordered by a court) shall be made by SMTEK only as authorized in

101

the specific case upon a determination by a majority vote of the disinterested board of directors if they constitute a quorum, independent legal counsel or the stockholders.

AGREEMENT AND PLAN OF MERGER

AGREEMENT AND PLAN OF MERGER (this "AGREEMENT"), dated as of November 16, 2004, by and among CTS Corporation, an Indiana corporation ("PARENT"), Cardinal Acquisition, Inc., a Delaware corporation and wholly owned subsidiary of Parent ("MERGER SUB"), and SMTEK International, Inc., a Delaware corporation (the "COMPANY").

W I T N E S S E T H:

WHEREAS, the respective Boards of Directors of the Company and Parent have each determined that a business combination between Parent and the Company is in the best interests of their respective companies and stockholders and accordingly have agreed to effect the merger of Merger Sub with and into the Company (the "MERGER"), upon the terms and subject to the conditions set forth in this Agreement and in accordance with the General Corporation Law of the State of Delaware (the "DGCL"), whereby the separate corporate existence of Merger Sub shall cease and each issued and outstanding share of common stock, par value \$0.01 per share, of the Company ("COMPANY COMMON STOCK"), other than Dissenting Shares and any shares of Company Common Stock owned by Parent or any direct or indirect subsidiary of Parent or held in the treasury of the Company, will be converted into the right to receive the Merger Consideration as provided in Section 2.1 of this Agreement;

WHEREAS, the Board of Directors of the Company has determined that the Merger is advisable and fair to and in the best interests of the Company and its stockholders;

WHEREAS, the Company, Parent and Merger Sub desire to make certain representations, warranties, covenants and agreements in connection with the Merger and also to prescribe various conditions to the Merger; and

WHEREAS, as a material inducement for Parent and Merger Sub to enter into this Agreement, concurrently with the execution and delivery of this Agreement, certain stockholders of the Company have entered into a stockholders agreement with Parent (the "STOCKHOLDERS AGREEMENT"), which includes, among other things, an irrevocable proxy granting to Parent the right to vote all of the Company Common Stock of such Company stockholders in favor of the adoption and approval of this Agreement and the Merger.

NOW, THEREFORE, in consideration of the mutual representations, warranties, covenants and agreements contained in this Agreement, and for other good and

Edgar Filing: CTS CORP - Form S-4

valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and upon the terms and subject to the conditions set forth herein, the parties hereto agree as follows:

ARTICLE I

THE MERGER

SECTION 1.1 The Merger. In accordance with the DGCL, Merger Sub will be merged with and into the Company at the Effective Time and the separate corporate existence of Merger Sub will thereupon cease. Following the Effective Time, the Company will be the surviving corporation (the "SURVIVING CORPORATION").

SECTION 1.2 Closing. The closing of the Merger (the "Closing") will take place at a time and on a date to be specified by the parties, which is to be no later than the second Business Day after satisfaction or waiver (subject to applicable Law) of the conditions (excluding conditions that, by their terms, cannot be satisfied until the Closing Date) set forth in Article VI, unless another time or date is agreed to by the parties to this Agreement. The Closing will be held at the offices of Jones Day, 901 Lakeside Avenue, Cleveland, Ohio 44114, or such other location to which the parties to this Agreement agree in writing. The date on which the Closing occurs is hereinafter referred to as the "Closing Date." "Business Day" means any day other than Saturday, Sunday or any federal holiday.

SECTION 1.3 Effective Time. Subject to the provisions of this Agreement, as soon as practicable on or after the Closing Date, the parties shall (i) file a certificate of merger (the "Certificate of Merger") in such form as is required by, and executed in accordance with, the relevant provisions of the DGCL and the terms of

A-9

this Agreement and (ii) make all other filings or recordings required under the DGCL. The Merger will become effective at such time as the Certificate of Merger is duly filed with the Secretary of State of the State of Delaware, or at such subsequent date or time as the Company, Parent and Merger Sub agree and specify in the Certificate of Merger (the date and time the Merger becomes effective is hereinafter referred to as the "Effective Time").

SECTION 1.4 Effects of the Merger. The Merger will have the effects set forth in the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the property, rights, privileges, powers and franchises of the Company and Merger Sub will be vested in the Surviving Corporation, and all debts, liabilities and duties of the Company and Merger Sub will become the debts, liabilities and duties of the Surviving Corporation.

SECTION 1.5 Certificate of Incorporation and By-laws. The certificate of incorporation of the Company will be the certificate of incorporation of the Surviving Corporation and will be amended as of the Effective Time to read in its entirety like the certificate of incorporation of Merger Sub except that Article First of such certificate of incorporation will read in its entirety as follows: "The name of the Corporation is SMTEK International, Inc." until thereafter changed or amended as provided therein or by applicable Law. The bylaws of Merger Sub, as in effect immediately before the Effective Time, will be the bylaws of the Surviving Corporation, until thereafter changed or amended as provided therein, by the certificate of incorporation or by applicable Law.

SECTION 1.6 Directors and Officers of the Surviving Corporation. The directors of Merger Sub immediately prior to the Effective Time will be the directors of the Surviving Corporation, until the earlier of their death,

Edgar Filing: CTS CORP - Form S-4

resignation or removal or until their respective successors are duly elected and qualified, as the case may be. The officers of Merger Sub immediately prior to the Effective Time will be the officers of the Surviving Corporation, until the earlier of their death, resignation or removal or until their respective successors are duly elected and qualified, as the case may be.

ARTICLE II

EFFECT OF THE MERGER ON THE CAPITAL STOCK OF THE CONSTITUENT CORPORATIONS; SURRENDER OF CERTIFICATES AND PAYMENT

SECTION 2.1 Effect on Capital Stock. At the Effective Time, by virtue of the Merger and without any action on the part of the holder of any shares of capital stock of the Company, Parent or Merger Sub:

(a) Merger Sub's Common Stock. Each share of Merger Sub's common stock, par value \$0.01 per share ("MERGER SUB COMMON STOCK"), outstanding immediately prior to the Effective Time will be converted into and become one fully paid and nonassessable share of common stock of the Surviving Corporation.

(b) Cancellation of Treasury Stock and Owned Stock. Each share of Company Common Stock that is owned by Parent or any direct or indirect subsidiary of Parent immediately prior to the Effective Time and any Company Common Stock held in the treasury of the Company immediately prior to the Effective Time will automatically be canceled and retired and will cease to exist, and no consideration will be delivered in exchange therefor.

(c) Conversion of Company Common Stock. Subject to Section 2.2(e), each issued and outstanding share of Company Common Stock (other than shares to be canceled in accordance with Section 2.1(b) and Dissenting Shares that are owned by Dissenting Stockholders that have properly exercised appraisal rights pursuant to Section 262 of the DGCL) will be converted into the right to receive (i) a number of fully paid, non-assessable shares of common stock, no par value, of Parent ("PARENT COMMON STOCK") equal to the Exchange Ratio (the "STOCK CONSIDERATION"), and (ii) \$10.725 in cash without interest from Parent (the "CASH CONSIDERATION" and, together with the Stock Consideration, the "MERGER CONSIDERATION"). The "EXCHANGE RATIO" shall be equal to the Stock Value divided by the Closing VWAP; provided, however, that the Exchange Ratio shall be less than the Maximum

A-10

Exchange Ratio. If the Exchange Ratio would have been equal to or greater than the Maximum Exchange Ratio but for the proviso in the previous sentence, then the Company may, in its sole discretion, require that, in lieu of the Stock Consideration, Parent make a cash payment in an amount equal to the Stock Value (as calculated below) in addition to the Cash Consideration (the "CASH ELECTION"), and the term Merger Consideration shall include this cash payment as opposed to the Stock Consideration. All Company Common Stock converted into the right to receive the Merger Consideration pursuant to this Section 2.1(c) shall cease to be outstanding and shall be canceled and retired and shall cease to exist, and each holder of a certificate that immediately prior to the Effective Time represented such Company Common Stock ("COMPANY CERTIFICATE") shall thereafter cease to have any rights with respect to such Company Common Stock, except the right to receive the Merger Consideration to be issued in consideration therefor and any dividends or other distributions to which holders of Company Common Stock become entitled in accordance with this Article II upon the surrender

of such Company Certificate. "STOCK VALUE" means the sum of (x) \$3.575 plus (y) 0.25 multiplied by the Post-Signing VWAP minus (z) 0.25 multiplied by \$13.4329; provided, however, that the Stock Value shall not be less than \$3.475 or greater than \$4.275. SECTION 2.2 Exchange of Certificates.

(a) Exchange Agent. Prior to the Effective Time, Parent will designate a national bank or trust company to act as agent of Parent for purposes of, among other things, mailing and receiving transmittal letters and distributing the Merger Consideration to the Company stockholders (the "EXCHANGE AGENT"). As of the Effective Time, Parent and the Exchange Agent shall enter into an agreement which will provide that Parent shall deposit with the Exchange Agent as of the Effective Time, for the benefit of the holders of shares of Company Common Stock, for exchange in accordance with this Article II, through the Exchange Agent, cash and certificates representing the shares of Parent Common Stock (such cash and shares of Parent Common Stock, together with any dividends or distributions with respect thereto with a record date after the Effective Time, and any cash proceeds thereof being hereinafter referred to as the "EXCHANGE FUND") issuable pursuant to Section 2.1 in exchange for outstanding shares of Company Common Stock.

(b) Exchange Procedures.

(i) As soon as reasonably practicable after the Effective Time, the Exchange Agent will mail to each holder of record of a Company Certificate whose shares of Company Common Stock were converted into the right to receive Merger Consideration (A) a letter of transmittal (which will specify that delivery will be effected, and risk of loss and title to the Company Certificates will pass, only upon proper delivery of the Company Certificates to the Exchange Agent and will be in such form and have such other provisions as Parent and the Company may specify consistent with this Agreement) and (B) instructions for use in effecting the surrender of the Company Certificates in exchange for the Merger Consideration.

(ii) After the Effective Time, and upon surrender in accordance with Section 2.2(b)(i) of a Company Certificate for cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Company Certificate will be entitled to receive in exchange therefor the Merger Consideration that such holder has the right to receive therefor pursuant to the provisions of this Article II, certain dividends or other distributions, if any, in accordance with Section 2.2(c) and cash in lieu of any fractional share of Parent Common Stock in accordance with Section 2.2(e), and the Company Certificate so surrendered will forthwith be canceled. In the

Edgar Filing: CTS CORP - Form S-4

event of a transfer of ownership of shares of Company Common Stock that are not registered in the transfer records of the Company, payment may be issued to a person other than the person in whose name the Certificate so surrendered is registered (the "Transferee") if such Company Certificate is properly endorsed or otherwise in proper form for transfer and the Transferee pays any transfer or other taxes required by reason of such payment to a person other than the registered holder of such Company Certificate or establishes to the satisfaction of the Exchange Agent that such tax has been paid or is not applicable. Until surrendered as contemplated by this Section 2.2(b), each Company Certificate will be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration that the holder thereof has the right to receive in respect of such Company Certificate pursuant to the provisions of this Article II, certain dividends or other distributions, if any, in accordance with Section 2.2(c) and cash in lieu of any fractional share of Parent Common Stock in accordance with Section 2.2(e). No interest will be paid or will accrue on any cash payable to holders of Company Certificates pursuant to the provisions of this Article II.

(c) Dividends; Other Distributions. No dividends or other distributions with respect to Parent Common Stock with a record date after the Effective Time will be paid to the holder of any unsurrendered Company Certificate with respect to the shares of Parent Common Stock represented thereby, and, in the case of Company Certificates representing Company Common Stock, no cash payment in lieu of fractional shares will be paid to any such holder pursuant to Section 2.2(e), and all such dividends, other distributions and cash in lieu of fractional shares of Parent Common Stock will be paid by Parent to the Exchange Agent and will be included in the Exchange Fund, in each case until the surrender of such Company Certificate in accordance with this Article II. Subject to the effect of applicable escheat or similar laws, following surrender of any such Company Certificate, there will be paid to the holder of the certificate representing whole shares of Parent Common Stock issued in exchange therefor, without interest, (i) at the time of such surrender, the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such whole shares of Parent Common Stock and, in the case of Company Certificates representing Company Common Stock, the amount of any cash payable in lieu of a fractional share of Parent Common Stock to which such holder is entitled pursuant to Section 2.2(e) and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such whole shares of Parent Common Stock.

(d) No Further Ownership Rights in Company Common Stock. All shares of Parent Common Stock issued and all Cash Consideration paid upon the surrender for exchange of Company Certificates in accordance with the terms of this Article II (including any cash paid pursuant to Section 2.2(c) and Section 2.2(e)) will be deemed to have been issued or paid, as the case may be, in full satisfaction of all rights pertaining to the shares of Company Common Stock, theretofore represented by such Company Certificates, subject, however, to Parent's obligation to pay any dividends or make any other distributions with a record date prior to the Effective Time that may have been declared or made by the Company on such shares of Company Common Stock that remain unpaid at the Effective Time, and there will be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares of Company Common Stock that were outstanding immediately prior to the Effective Time. If, after the Effective Time, Company Certificates are presented to the Surviving Corporation or the Exchange Agent for any reason, they will be canceled and exchanged as provided in this Article II, except as otherwise provided by Law.

(e) No Fractional Shares.

(i) No certificates or scrip representing fractional shares of Parent Common Stock will be issued upon the surrender for exchange of Company

Edgar Filing: CTS CORP - Form S-4

Certificates, no dividend or distribution of Parent will relate to such fractional share interests and such fractional share interests will not entitle the owner thereof to vote or to any rights of a stockholder of Parent.

(ii) In lieu of the issuance of fractional shares, the Exchange Agent shall sell such number of whole shares of Parent Common Stock in the open market in order to pay each holder of Company Common Stock entitled to receive a fractional share of Parent Common Stock an amount in cash equal to the product obtained by multiplying (A) the fractional share interest to which such former holder (after taking into

A-12

account all shares of Company Common Stock held at the Effective Time by such holder) would otherwise be entitled by (B) the Closing VWAP.

(iii) As soon as practicable after the determination of the amount of cash, if any, to be paid to holders of Company Certificates formerly representing Company Common Stock with respect to any fractional share interests, the Exchange Agent shall make available such amounts to such holders of Company Certificates formerly representing Company Common Stock subject to and in accordance with the terms of Section 2.2(c).

(f) Termination of Exchange Fund. Any portion of the Exchange Fund that remains undistributed to the holders of the Company Certificates for six months after the Effective Time will be delivered to Parent, upon demand, and any holders of the Company Certificates who have not theretofore complied with this Article II may thereafter look only to Parent for payment of their claim for Stock Consideration, Cash Consideration, any dividends or distributions with respect to Parent Common Stock and any cash in lieu of fractional shares of Parent Common Stock.

(g) No Liability. None of Parent, the Surviving Corporation or the Exchange Agent will be liable to any person in respect of any shares of Parent Common Stock, any dividends or distributions with respect thereto, any cash in lieu of fractional shares of Parent Common Stock or any cash from the Exchange Fund, in each case, delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(h) Investment of Exchange Fund. The Exchange Agent shall invest any cash included in the Exchange Fund, as directed by Parent, on a daily basis. Any interest and other income resulting from such investments will be paid to Parent.

(i) Lost Certificates. If any Company Certificate has been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Company Certificate to be lost, stolen or destroyed and, if required by the Surviving Corporation, the posting by such person of a bond in such reasonable amount as the Surviving Corporation may direct as indemnity against any claim that may be made against it with respect to such Company Certificate, the Exchange Agent shall issue, in exchange for such lost, stolen or destroyed Company Certificate the Merger Consideration and, if applicable, any unpaid dividends and distributions on shares of Parent Common Stock deliverable in respect thereof and any cash in lieu of fractional shares, in each case, due to such person pursuant to this Agreement.

SECTION 2.3 Certain Adjustments. If after the date of this Agreement and at or prior to the Effective Time, the outstanding shares of Parent Common Stock or Company Common Stock are changed into a different number of shares by reason of any reclassification, recapitalization, split-up, stock split, subdivision, combination or exchange of shares, or any dividend payable in stock or other

Edgar Filing: CTS CORP - Form S-4

securities is declared thereon or rights issued in respect thereof with a record date within such period, or any similar event occurs (any such action, an "ADJUSTMENT EVENT"), each of the Exchange Ratio, Stock Consideration and the Cash Consideration will be adjusted accordingly, without duplication, to provide to the holders of Company Common Stock the same economic effect and percentage ownership of Parent Common Stock as contemplated by this Agreement prior to such reclassification, recapitalization, split-up, stock split, subdivision, combination, exchange or dividend or similar event.

SECTION 2.4 Dissenters' Rights. Shares of Company Common Stock that have not been voted for adoption of this Agreement and with respect to which appraisal has been properly demanded in accordance with Section 262 of the DGCL ("Dissenting Shares") will not be converted into the right to receive the Merger Consideration at or after the Effective Time unless and until the holder of such shares (a "Dissenting Stockholder") withdraws his demand for such appraisal (in accordance with Section 262(k) of the DGCL) or becomes ineligible for such appraisal. If a holder of Dissenting Shares withdraws (in accordance with Section 262(k) of the DGCL) his, her or its demand for such appraisal or becomes ineligible for such appraisal, then, as of the Effective Time or the occurrence of such event, whichever last occurs, each of such holder's Dissenting Shares will cease to be a Dissenting Share and will be converted into and represent the right to receive the Merger Consideration, without interest thereon. The Company shall give Parent prompt notice of any demands for appraisal, attempted withdrawals of such demands and any other instruments received by the Company relating to stockholders' rights of appraisal. Parent and the Company shall cooperate

A-13

in conducting all negotiations and proceedings with respect to demand for appraisal under the DGCL; provided, however, that Parent shall control all financial settlements with respect to such negotiations and proceedings. The Company shall not, except with the prior written consent of Parent, make any payment with respect to any demands for appraisals of Dissenting Shares, compromise or offer to settle or settle any such demands or approve any withdrawal of any such demands.

SECTION 2.5 Further Assurances. At and after the Effective Time, the officers and directors of the Surviving Corporation will be authorized to execute and deliver, in the name and on behalf of the Company or Merger Sub, any deeds, bills of sale, assignments or assurances and to take and do, in the name and on behalf of the Company or Merger Sub, any other actions and things to vest, perfect or confirm of record or otherwise in the Surviving Corporation any and all right, title and interest in, to and under any of the rights, properties or assets acquired or to be acquired by the Surviving Corporation as a result of, or in connection with, the Merger.

SECTION 2.6 Withholding Rights. The Surviving Corporation, Parent or the Exchange Agent, as the case may be, shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any person such amounts, if any, as it is required to deduct and withhold with respect to the making of such payment under the Internal Revenue Code of 1986, as amended (the "Code"), or any provision of state, local or foreign tax Law. To the extent that amounts are so withheld by the Surviving Corporation, Parent or the Exchange Agent, as the case may be, such amounts withheld shall be treated for purposes of this Agreement as having been paid to such person in respect of which such deduction and withholding was made by the Surviving Corporation, Parent or the Exchange Agent, as the case may be.

The Company and each of the Company Subsidiaries is duly qualified or licensed to do business and is in good standing (with respect to jurisdictions that recognize such concept) in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except for those jurisdictions where the failure to be so qualified or licensed or to be in good standing, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. The Company has made available to Parent prior to the execution of this Agreement complete and correct copies of its Certificate of Incorporation and By-laws, each as amended to date.

(b) Subsidiaries. Section 3.1(b) of the Company Disclosure Letter, sets forth all the subsidiaries of the Company (each a "COMPANY SUBSIDIARY," collectively, the "COMPANY SUBSIDIARIES," and together with the Company, the "COMPANY ENTITIES"), specifying those that are Significant Subsidiaries (as defined in Rule 1-02 of Regulation S-X under the Securities Exchange Act of 1934, as amended (the "EXCHANGE ACT")). This Agreement has been duly executed and delivered by the Company, and, assuming the due authorization, execution and delivery by Parent and Merger Sub, constitutes the legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as the enforcement thereof may be limited by applicable bankruptcy, insolvency,

A-15

reorganization, moratorium or similar laws generally affecting the rights of creditors and subject to general equity principles. The execution and delivery of this Agreement does not, and the consummation of the

Edgar Filing: CTS CORP - Form S-4

transactions contemplated by this Agreement and compliance with the provisions of this Agreement will not, (i) conflict with the certificate of incorporation or by-laws (or comparable organizational documents) of any of the Company Entities, (ii) result in any breach, violation or default (with or without notice or lapse of time, or both) under, or give rise to a right of termination, cancellation or creation or acceleration of any obligation or right of a third party or loss of a benefit under, or result in the creation of any Lien upon any of the properties or assets of any of the Company Entities under, any loan or credit agreement, note, bond, mortgage, indenture, lease or other agreement, instrument, permit, concession, franchise, license or other authorization applicable to any of the Company Entities or their respective properties or assets or (iii) subject to the governmental filings and other matters referred to in the following sentence, conflict with or violate any judgment, order, decree or Law applicable to any of the Company Entities or their respective properties or assets, other than, in the case of clauses (ii) and (iii), any such conflicts, violations, defaults, rights, losses or Liens that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company and that would not prevent or materially delay consummation of the transactions contemplated by this Agreement. No consent, approval, order or authorization of, action by or in respect of, or registration, declaration or filing with, any federal, state or local or foreign government, any court, administrative, regulatory or other governmental agency, commission or authority or any non-governmental United States or foreign self-regulatory agency, commission or authority or any arbitral tribunal (each, a "GOVERNMENTAL ENTITY") or any third party is required by the Company in connection with the execution and delivery of this Agreement by the Company or the consummation by the Company of the transactions contemplated hereby, except for: (i) the filing with the Securities and Exchange Commission (the "SEC") of (A) a proxy statement relating to the Stockholders Meeting (such proxy statement, as amended or supplemented from time to time, the "PROXY STATEMENT") and (B) such reports under Section 13(a), 13(d), 15(d) or 16(a) or such other applicable sections of the Exchange Act, as may be required in connection with this Agreement and the transactions contemplated hereby, including but not limited to a filing on Form 8-K announcing the transactions contemplated by this Agreement; (ii) the filing of the Certificate of Merger with the Secretary of State of the State of Delaware; (iii) the consents, approvals, orders or authorizations set forth on Section 3.1(d) of the Company Disclosure Letter; and (iv) such consents, approvals, orders or authorizations the failure of which to be made or obtained, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company and would not prevent or materially delay consummation of the transactions contemplated by this Agreement.

(e) SEC Reports and Financial Statements; Undisclosed Liabilities; Internal Controls.

(i) The Company has timely filed all required reports, schedules, forms, statements and other documents (including exhibits and all other information incorporated therein) under the Securities Act of 1933, as amended (the "SECURITIES ACT"), and the Exchange Act, with the SEC since January 1, 2001 (as such reports, schedules, forms, statements and documents have been amended since the time of their filing, collectively, the "COMPANY SEC DOCUMENTS"). As of their respective dates, or if amended prior to the date of this Agreement, as of the date of the last such amendment, the Company SEC Documents complied in all material respects with the requirements of the Securities Act or the Exchange Act, as the case may be, and the rules and regulations of the SEC promulgated thereunder applicable to such Company SEC Documents, and none of the Company SEC Documents when filed, or as so amended, contained any untrue statement of a material fact or omitted to state a material fact required to be stated

Edgar Filing: CTS CORP - Form S-4

No Company Subsidiary is required to make any filings with the SEC. Except (A) as reflected in such financial statements or in the notes thereto or (B) for liabilities incurred in connection with this Agreement or the transactions contemplated hereby, neither the Company nor any Company Subsidiary has any liabilities or obligations of any nature (whether accrued, absolute, contingent or otherwise) that, individually or in the aggregate, would reasonably be expected to have or result in a material adverse effect on the Company.

(iii) The records, systems, controls, data and information of the Company and the Company Subsidiaries are recorded, stored, maintained and operated under means (including any electronic, mechanical or photographic process, whether computerized or not) that are under the exclusive ownership and direct control of the Company or the Company Subsidiaries or their accountants (including all means of access thereto and therefrom) except for any non-exclusive ownership and non-direct control that would not reasonably be expected to have a material adverse effect on the Company's system of internal controls described in the following sentence. As and to the extent described in the Company SEC Documents, the Company and the Company Subsidiaries have devised and maintain a system of internal controls and procedures sufficient to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements in accordance with GAAP. The Company (A) has designed disclosure controls and procedures to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to the management of the Company by others within those entities, (B) has disclosed within the Company SEC Documents any change in the Company's internal control over financial reporting that has materially affected or is reasonably likely to materially affect the Company's internal control over financial reporting, and (C) has disclosed, based on its most recent evaluation prior to the date hereof, to the Company's auditors and the audit committee of the Company's Board of Directors (1) any significant deficiencies and material weaknesses in the design or operation of internal controls which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information and (2) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting. The Company has made available to Parent a summary of any such disclosure made by management to the Company's auditors or audit committee of the Company's Board of Directors since January 1, 2003.

Edgar Filing: CTS CORP - Form S-4

The information supplied or to be supplied by the Company in writing and designated specifically for inclusion or incorporation by reference in the registration statement on Form S-4 to be filed with the SEC by Parent in connection with the issuance of Parent Common Stock in the Merger (the "FORM S-4") will not contain any untrue statement of a material fact or omit to state any material fact required to be stated or necessary to make the statements, in light of the circumstances under which they are made, not misleading. The Proxy Statement will, at the date it is first mailed to the Company's stockholders or at the time of the Stockholders Meeting, not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading. The Proxy Statement will comply as to form in all material respects with the requirements of the Exchange Act and the rules and regulations thereunder, except that no representation or warranty is made by the Company with respect to statements made or incorporated by reference therein based on information supplied by Parent or Merger Sub specifically for inclusion or incorporation by reference in the Proxy Statement.

(g) Absence of Certain Changes or Events. Since June 25, 2004, (i) each of the Company Entities has conducted its respective operations only in the ordinary course consistent with past practice, (ii) there has not been a material adverse change relating to the Company, (iii) none of the Company Entities has

A-17

taken action that if taken after the date of this Agreement would constitute a violation of Section 4.1(a), (iv) except in connection with or as expressly permitted in this Agreement, no Company Entity has incurred nor will there have arisen any liabilities (direct, contingent or otherwise) material to the Company Entities, taken as a whole, and (v) no Company Entity has engaged in any material transaction or entered into any material agreement or commitments outside the ordinary course of business (except for the transactions contemplated by this Agreement).

(h) Compliance with Applicable Laws; Litigation.

(i) The operations of the Company Entities have not been and are not being conducted in violation of any Law (including, but not limited to, the Sarbanes-Oxley Act of 2002 and the USA PATRIOT Act of 2001) or any Permit, except where such violations, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. None of the Company Entities has received any written notice, or has knowledge of any claim, alleging any such violation.

(ii) The Company Entities hold all licenses, permits, variances, consents, authorizations, waivers, grants, franchises, concessions, exemptions, orders, registrations and approvals of Governmental Entities or other persons necessary for the conduct of their respective businesses as currently conducted ("Permits"), except where the failure to hold such Permits, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. None of the Company Entities has received written notice that any Permit will be terminated or modified or cannot be renewed in the ordinary course of business, and the Company has no knowledge of any reasonable basis for any such termination, modification or nonrenewal, except for such terminations, modifications or nonrenewals as, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. The execution, delivery and performance of this Agreement

Edgar Filing: CTS CORP - Form S-4

and the consummation of the transactions contemplated hereby do not and will not violate any Permit, or result in any termination, modification or nonrenewals thereof, except for such violations, terminations, modifications or nonrenewals thereof as, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company.

(iii) No action, demand, requirement or investigation by any Governmental Entity and no suit, action or proceeding by any person, in each case, with respect to the Company or any Company Subsidiary or any of their respective properties is pending or, to the knowledge of the Company, threatened.

(i) Employee Benefit Plans.

(i) Section 3.1(i)(i) of the Company Disclosure Letter sets forth a true and complete list of (A) each United States bonus, pension, profit sharing, deferred compensation, incentive compensation, stock ownership, stock purchase, stock option, phantom stock, retirement, vacation, employment, disability, death benefit, hospitalization, medical insurance, life insurance, welfare, severance or other material employee benefit plan, agreement, arrangement or understanding maintained by the Company or any Company Subsidiary or to which the Company or any Company Subsidiary contributes or is obligated to contribute, and (B) each change of control agreement providing benefits to any current or former employee, officer or director of the Company or any Company Subsidiary, to which the Company or any Company Subsidiary is a party or by which the Company or any Company Subsidiary is bound (collectively, the "COMPANY BENEFIT PLANS"). For purposes of this Agreement, the term "FOREIGN PLAN" refers to each plan, agreement, arrangement or understanding that is subject to or governed by the Laws of any jurisdiction other than the United States and that would have been treated as a Company Benefit Plan had it been a United States plan, agreement, arrangement or understanding. Section 3.1(i)(i) of the Company Disclosure Letter sets forth a true and correct list of the Foreign Plans. Neither the Company nor any Company Subsidiary has any material liability with respect to any plan, agreement, arrangement or understanding of the type described in this paragraph other than the Company Benefit Plans and the Foreign Plans.

A-18

(ii) Each Company Benefit Plan has been administered in accordance with its terms, all applicable Laws, including the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Code, and the terms of all applicable collective bargaining agreements, except for any failures so to administer any Company Benefit Plan that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. The Company and all Company Benefit Plans are in compliance with the applicable provisions of ERISA, the Code and all other applicable Laws and the terms of all applicable collective bargaining agreements, except for any failures to be in such compliance that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. Each Company Benefit Plan that is intended to be qualified under Section 401(a), 401(k) or 4975(e)(7) of the Code has received a favorable determination letter from the IRS as to its qualified status and, to the knowledge of the Company, there exists no facts or circumstances that have caused or could reasonably be expected to cause a failure to be so qualified under Section 401(a), 401(k) or 4975(e)(7) of the Code, except for any such failure that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. All contributions

Edgar Filing: CTS CORP - Form S-4

to, and payments from, the Company Benefit Plans that are required to have been made in accordance with such Company Benefit Plans, ERISA or the Code have been timely made other than any failures that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company. All trusts providing funding for Company Benefit Plans that are intended to comply with Section 501(c)(9) of the Code are exempt from federal income taxation and, together with any other welfare benefit funds (as defined in Section 419(e)(1) of the Code) maintained in connection with any of the Company Benefit Plans, have been operated and administered in compliance with all applicable requirements such that neither the Company, any Company Subsidiary, any Company Benefit Plan nor such trust or fund is subject to any material taxes, penalties or other liabilities imposed as a consequence of failure to comply with such requirements. No welfare benefit fund (as defined in Section 419(e)(1) of the Code) maintained in connection with any of the Company Benefit Plans has provided any "disqualified benefit" (as defined in Section 4976(b)(1) of the Code) for which the Company or any Company Subsidiary has or had any liability for the excise tax imposed by Section 4976 of the Code which will not be fully satisfied prior to Closing.

(iii) Neither the Company nor any trade or business, whether or not incorporated, which, together with the Company, would be deemed to be a "single employer" within the meaning of Section 4001(b) of ERISA (an "ERISA Affiliate") has incurred any material liability under Title IV of ERISA (other than for premiums pursuant to Section 4007 of ERISA which have been timely paid) or Section 4971 of the Code that will not be fully satisfied prior to the Closing, and no condition exists that presents a risk to the Company or any ERISA Affiliate of the Company of incurring any such liability. No Company Benefit Plan has or has incurred an accumulated funding deficiency within the meaning of Section 302 of ERISA or Section 412 of the Code, nor has any waiver of the minimum funding standards of Section 302 of ERISA and Section 412 of the Code been requested of or granted by the Internal Revenue Service with respect to any Company Benefit Plan, nor has any lien in favor of any Company Benefit Plan arisen under Section 412(n) of the Code or Section 302(f) of ERISA. Neither the Company nor any ERISA Affiliate has been required to provide security to any defined benefit pension plan pursuant to Section 401(a)(29) of the Code. With respect to each Company Benefit Plan that is subject to Title IV or Section 302 of ERISA or Section 412 or 4971 of the Code, the actuarial present value of all accrued benefits under such Company Benefit Plan (whether or not vested), based upon the actuarial assumptions used for funding purposes in the most recent actuarial report prepared for such Company Benefit Plan does not exceed the fair market value of the assets of such Company Benefit Plan by a material amount. With respect to each Company Benefit Plan that is subject to Title IV of ERISA, there has been no "reportable event" within the meaning of Section 4043 of ERISA and the regulations and interpretations thereunder which has not been fully and accurately reported in a timely fashion (other than reportable events with respect to which the 30-day notice requirement has been waived), as required, or which, whether or not reported, would constitute grounds for the Pension Benefit Guaranty Corporation (the "PBGC") to institute termination proceedings with respect to such Company Benefit Plan.

(iv) No Company Benefit Plan provides medical or life insurance benefits (whether or not insured) with respect to current or former employees or officers or directors after retirement or other termination of service, other than any such coverage required by Law, and with respect to any Company Benefit Plan set forth on Section 3.1(i)(iv) of the Company Disclosure Letter, the Company and the Company Subsidiaries have reserved

Edgar Filing: CTS CORP - Form S-4

all rights necessary to amend or terminate each of such plans without the consent of any other person.

(v) The consummation of the transactions contemplated by this Agreement will not, either alone or in combination with another event, (A) entitle any current or former employee, officer or director of the Company or the Company Subsidiaries to severance pay, unemployment compensation or any other payment, except as expressly provided in this Agreement, or (B) accelerate the time of payment or vesting, or increase the amount of compensation due any such employee, officer or director.

(vi) Neither the Company nor any Company Subsidiary is a party to any agreement, contract or arrangement (including this Agreement) that could result, separately or in the aggregate, in the payment of any "excess parachute payments" within the meaning of Section 280G of the Code. No Company Benefit Plan provides for the reimbursement of excise taxes under Section 4999 of the Code or any income taxes under the Code. The disallowance of a deduction under Section 162(m) of the Code for employee remuneration will not apply to any amount paid or payable by the Company or any Company Subsidiary under any Company Benefit Plan.

(vii) With respect to each Company Benefit Plan, the Company has delivered or made available to Parent a true and complete copy of: (A) each writing constituting a part of such Company Benefit Plan, including, without limitation, all Company Benefit Plan documents and trust agreements; (B) the most recent Annual Report (Form 5500 Series) and accompanying schedule, if any; (C) the most recent annual financial report, if any; (D) the most recent actuarial report, if any; and (E) the most recent determination letter from the Internal Revenue Service, if any. Except as specifically provided in the foregoing documents delivered or made available to Parent, there are no amendments to any Company Benefit Plan that have been adopted or approved nor has the Company or any Company Subsidiary undertaken to make any such amendments or to adopt or approve any new Company Benefit Plan.

(viii) No Company Benefit Plan is a multiemployer plan (as defined in Section 4001(a)(3) of ERISA) (a "Multiemployer Plan") or a plan that has two or more contributing sponsors at least two of whom are not under common control, within the meaning of Section 4063 of ERISA (a "Multiple Employer Plan"). None of the Company, the Company Subsidiaries nor any of their respective ERISA Affiliates has, at any time during the last six years, contributed to or been obligated to contribute to any Multiemployer Plan or Multiple Employer Plan. None of the Company, the Company Subsidiaries nor any of their respective ERISA Affiliates has incurred any material withdrawal liability under a Multiemployer Plan that will not be fully satisfied prior to Closing. None of the Company, the Company Subsidiaries nor any of their respective ERISA Affiliates would incur any material withdrawal liability (within the meaning of Part 1 of Subtitle E of Title IV of ERISA) if the Company, the Company Subsidiaries or any of their respective ERISA Affiliates withdrew (within the meaning of Part 1 of Subtitle E of Title IV of ERISA) on the Closing Date from each Multiemployer Plan to which the Company, the Company Subsidiaries or any of their respective ERISA Affiliates has an obligation to contribute on the date of this Agreement. To the knowledge of the Company, no Multiemployer Plan to which the Company, the Company Subsidiaries or any of their respective ERISA Affiliates contributes is in reorganization (within the meaning of Section 4241 of ERISA) or is reasonably likely to commence reorganization.

(ix) There are no pending or, to the knowledge of the Company, threatened claims (other than claims for benefits in the ordinary course), lawsuits or arbitrations that have been asserted or instituted, or to the

Edgar Filing: CTS CORP - Form S-4

Company's knowledge, no set of circumstances exists that may reasonably give rise to a claim or lawsuit, against the Company Benefit Plans, any fiduciaries thereof with respect to their duties to the Company Benefit Plans or the assets of any of the trusts under any of the Company Benefit Plans that could reasonably be expected to result in any material liability of the Company or any Company

A-20

Subsidiaries to the PBGC, the United States Department of Treasury, the United States Department of Labor, any Multiemployer Plan, any Company Benefit Plan or any participant in a Company Benefit Plan.

(x) There have been no prohibited transactions or breaches of any of the duties imposed on "fiduciaries" (within the meaning of Section 3(21) of ERISA) by ERISA with respect to the Company Benefit Plans that would result in a material liability or excise tax under ERISA or the Code being imposed on the Company or any of the Company Subsidiaries.

(xi) With respect to any insurance policy that has, or does, provide funding for benefits under any Company Benefit Plan, no insurance company issuing any such policy is, to the knowledge of the Company, in receivership, conservatorship, liquidation or similar proceeding and, to the knowledge of the Company, no such proceedings with respect to any such insurer are imminent.

(xii) With respect to each Foreign Plan: (A) all amounts required to be reserved under each book reserved Foreign Plan have been so reserved in accordance with reasonable accounting practices prevailing in the country where such Foreign Plan is established; (B) each Foreign Plan required to be registered with a Governmental Entity has been registered, has been maintained in good standing with the appropriate Governmental Entities, and has been maintained and operated in accordance with its terms and applicable Law, except for any failures to do so that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company; (C) the fair market value of the assets of each funded Foreign Plan that is a defined benefit pension plan (or termination indemnity plan), and the liability of each insurer for each Foreign Plan that is a defined benefit pension plan (or termination indemnity plan) and is funded through insurance or the book reserve established for each Foreign Plan that is a defined benefit pension plan (or termination indemnity plan) that utilizes book reserves, together with any accrued contributions, are not materially less than the amount necessary to procure or provide for the liability for accrued benefits with respect to those current and former employees of the Company and the Company Subsidiaries that participate in such Foreign Plan according to the reasonable actuarial or other applicable assumptions and valuations most recently used to determine employer contributions to, or the funded status or book reserve of, such Foreign Plans; (D) each Foreign Plan complies with all applicable Laws, except for any failures to do so that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Company; (E) all contributions required to have been made to such Foreign Plan have been timely made; and (F) there are no actions, suits or claims pending or, to the knowledge of the Company, threatened.

Other than compensation and benefits received in the ordinary course of business as an employee or director of the Company or the Company Subsidiaries, no director, officer or other affiliate (as hereinafter defined) of the Company or any "associate" (as hereinafter defined) of any director, officer or other affiliate of the Company, directly or indirectly, has any interest in: (i) any contract, arrangement or understanding with, or relating to the business or operations of the Company or any Company Subsidiary; (ii) any loan, arrangement, understanding, agreement or contract for or relating to indebtedness of the Company or any Company Subsidiary; or (iii) any property (real, personal or mixed), tangible, or intangible, used or currently intended to be used in, the business or operations of the Company or any Company Subsidiary. For purposes of this Section 3.1(r), the terms "affiliate" and "associate" shall have the same meaning as set forth in Rule 12b-2 promulgated under the Securities Exchange Act; provided,

Edgar Filing: CTS CORP - Form S-4

however, that for purposes of this Section 3.1(r), the term "associate" shall not include any corporation or organization of which any person is a beneficial owner of ten percent or more of any class of securities of such corporation or organization unless such person holds ten percent or more of such securities as of the date hereof.

(s) Voting Requirement. The affirmative vote at the Stockholders Meeting of at least a majority of the votes entitled to be cast by the holders of outstanding shares of Company Common Stock is the only vote of the holders of any class or series of the Company's capital stock necessary to adopt and approve this Agreement and the Merger and the transactions contemplated hereby (the "STOCKHOLDER APPROVAL").

(t) State Takeover Statutes. The Board of Directors of the Company has taken all necessary action so that no "fair price," "moratorium," "control share acquisition" or other anti-takeover Law (each, a "TAKEOVER STATUTE") (including the interested stockholder provisions codified in Section 203 of the DGCL) or any anti-takeover provision in the Company's Certificate of Incorporation or By-laws is applicable to this Agreement, the Merger, the Stockholders Agreement and the transactions contemplated by this Agreement and the Stockholders Agreement. No other Takeover Statute is applicable to this Agreement, the Merger, the Stockholders Agreement or the other transactions contemplated by this Agreement or the Stockholders Agreement. The Board of Directors of the Company has (i) duly and validly approved this Agreement, (ii) determined that the transactions contemplated by this Agreement are advisable and in the best interests of the Company and its stockholders, (iii) unanimously resolved to recommend to such stockholders that they vote in favor of the Merger and (iv) taken all corporate action required to be taken by the Board of Directors of the Company for the consummation of the transactions contemplated by this Agreement.

(v) Brokers. Except for Duff & Phelps, LLC and Duff & Phelps Securities, LLC, no broker, investment banker, financial advisor or other person is entitled to any broker's, finder's, financial advisor's or other similar fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of the Company. SECTION 3.2 Representations and Warranties of Parent and Merger Sub. Except as set forth in the Parent SEC Documents (as defined below) filed prior to the date of this Agreement, each of Parent and Merger Sub hereby represents and warrants to the Company as follows:

(a) Organization, Standing and Corporate Power. Each of Parent and Merger Sub is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation and has the requisite corporate authority to carry on its business as now being conducted. Each of Parent and Merger Sub is duly qualified or licensed to

Edgar Filing: CTS CORP - Form S-4

do business and is in good standing (with respect to jurisdictions that recognize such concept) in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except for those jurisdictions where the failure to be so qualified or licensed or to be in good standing, individually or in the aggregate, would not reasonably be expected to prevent or materially delay the consummation by Parent and Merger Sub of the transactions contemplated by this Agreement.

(b) Authority; Noncontravention. Each of Parent and Merger Sub has all requisite corporate power and authority to enter into this Agreement and to consummate the transactions contemplated by this Agreement. The execution and delivery of this Agreement by Parent and Merger Sub and the consummation by Parent and Merger Sub of the transactions contemplated hereby have been duly authorized by all necessary corporate action on the part of Parent and Merger Sub, respectively. This Agreement has been duly executed and delivered by each of Parent and Merger Sub, and, assuming the due authorization, execution and delivery by the Company, constitutes the legal, valid and binding obligation of Parent and Merger Sub enforceable against Parent and Merger Sub in accordance with its terms, except as the enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws generally affecting the rights of creditors and subject to general equity principles. The execution and delivery of this Agreement does not, and the consummation of the transactions contemplated by this Agreement and compliance with the provisions of this Agreement will not, (i) conflict with the Articles of Incorporation or By-laws of Parent, (ii) conflict with the Certificate of Incorporation or By-laws of Merger Sub, (iii) result in any breach, violation or default (with or without notice or lapse of time, or both) under, or give rise to a right of termination, cancellation or creation or acceleration of any obligation or loss of a benefit under, or result in the creation of any Lien upon any of the properties or assets of Parent or Merger Sub under any loan or credit agreement, note, bond, mortgage, indenture, lease or other agreement, instrument, permit, concession, franchise, license or similar authorization applicable to Parent, Merger Sub or their respective properties or assets, or (iv) subject to the governmental filings and other matters referred to in the following sentence, conflict with or violate any judgment, order, decree or Law applicable to Parent, Merger Sub or their respective properties or assets, other than, in the case of clauses (iii) and (iv), any such conflicts, violations, defaults, rights, losses or Liens that, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on Parent or Merger Sub and that would not prevent or materially delay consummation of the transactions contemplated by this Agreement. No consent, approval, order or authorization of, action by or in respect of, or registration, declaration or filing with, any Governmental Entity or third party is required by Parent or Merger Sub in connection with the execution and delivery of this Agreement by Parent and Merger Sub or the consummation by Parent and Merger Sub of the transactions contemplated hereby, except for (i) the filing with the SEC of the Form S-4; (ii) the filing of the Certificate of Merger with the Secretary of the State of Delaware; and (iii) such consents, approvals, orders or authorizations the failure of which to be made or obtained, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on Parent or Merger Sub and would not prevent or materially delay consummation of the transactions contemplated by this Agreement.

(c) SEC Reports and Financial Statements; Undisclosed Liabilities; Internal Controls.

(i) Parent has timely filed all required reports, schedules, forms,

Edgar Filing: CTS CORP - Form S-4

statements and other documents (including exhibits and all other information incorporated therein) under the Securities Act and the Exchange Act, with the SEC since January 1, 2001 (as such reports, schedules, forms, statements and documents have been amended since the time of their filing, collectively, the "PARENT SEC DOCUMENTS").

A-28

As of their respective dates, or if amended prior to the date of this Agreement, as of the date of the last such amendment, the Parent SEC Documents complied in all material respects with the requirements of the Securities Act or the Exchange Act, as the case may be, and the rules and regulations of the SEC promulgated thereunder applicable to such Parent SEC Documents, and none of the Parent SEC Documents when filed, or as so amended, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

(ii) The financial statements of the Parent included in the Parent SEC Documents comply as to form, as of their respective date of filing with the SEC, in all material respects with applicable accounting requirements and the published rules and regulations of the SEC with respect thereto, have been prepared in accordance with GAAP (except, in the case of unaudited statements, as permitted by Form 10-Q of the SEC) applied on a consistent basis during the periods involved (except as may be indicated in the notes thereto), and fairly present in all material respects the consolidated financial position of Parent and its subsidiaries as of the dates thereof and the consolidated statements of income, cash flows and stockholders' equity for the periods then ended (subject, in the case of unaudited statements, to normal recurring year-end audit adjustments). No Parent subsidiary is required to make any filings with the SEC. Except (A) as reflected in such financial statements or in the notes thereto or (B) for liabilities incurred in connection with this Agreement or the transactions contemplated hereby, neither Parent nor any Parent subsidiary has any liabilities or obligations of any nature (whether accrued, absolute, contingent or otherwise) that, individually or in the aggregate, would reasonably be expected to have or result in a material adverse effect on Parent.

(iii) The records, systems, controls, data and information of the Parent and the Parent subsidiaries are recorded, stored, maintained and operated under means (including any electronic, mechanical or photographic process, whether computerized or not) that are under the exclusive ownership and direct control of the Parent or the Parent subsidiaries or their accountants (including all means of access thereto and therefrom) except for any non-exclusive ownership and non-direct control that would not reasonably be expected to have a material adverse effect on the system of internal accounting controls described in the following sentence. As and to the extent described in the Parent SEC Documents, the Parent and the Parent subsidiaries have devised and maintain a system of internal accounting controls sufficient to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements in accordance with GAAP. Parent (A) has designed disclosure controls and procedures to ensure that material information relating to Parent, including its consolidated subsidiaries, is made known to the management of Parent by others within those entities, and (B) has disclosed, based on its most recent evaluation prior to the date hereof, to the Parent's auditors and the audit committee of the Parent's Board of Directors (1) any significant deficiencies in the design or operation of internal controls which could adversely affect in any material respect the Parent's ability to record, process, summarize and report financial data

Edgar Filing: CTS CORP - Form S-4

and has identified for the Parent's auditors any material weaknesses in internal controls and (2) any fraud, whether or not material, that involves management or other employees who have a significant role in the Parent's internal controls.

(d) Information Supplied. None of the information supplied or to be supplied by Parent or Merger Sub in writing and designated specifically for inclusion or incorporation by reference in (i) the Form S-4 will, at the time the Form S-4 becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated or necessary to make the statements, in light of the circumstances under which they are made, not misleading or (ii) the Proxy Statement will, at the date it is first mailed to the Company's stockholders or at the time of the Stockholders Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading. The Form S-4 will comply as to form in all material respects with the requirements of the Securities Act and the rules and regulations thereunder, except that no representation or warranty is made by Parent or Merger Sub with respect to statements

A-29

made or incorporated by reference therein based on information supplied by the Company specifically for inclusion or incorporation by reference in the Form S-4.

(e) Compliance with Applicable Laws; Litigation.

(i) The operations of the Parent and its subsidiaries (collectively, the "PARENT ENTITIES") have not been and are not being conducted in violation of any Law (including, but not limited to, the Sarbanes-Oxley Act of 2002 and the USA PATRIOT Act of 2001) or any Permit, except where such violations, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Parent. None of the Parent Entities has received any written notice, or has knowledge of any claim, alleging any such violation.

(ii) The Parent Entities hold all Permits necessary for the conduct of their respective businesses as currently conducted, except where the failure to hold such Permits, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Parent. None of the Parent Entities has received written notice that any Permit will be terminated or modified or cannot be renewed in the ordinary course of business, and the Parent has no knowledge of any reasonable basis for any such termination, modification or nonrenewal, except for such terminations, modifications or nonrenewals as, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Parent. The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby do not and will not violate any Permit, or result in any termination, modification or nonrenewals thereof, except for such violations, terminations, modifications or nonrenewals thereof as, individually or in the aggregate, would not reasonably be expected to have or result in a material adverse effect on the Parent.

(iii) No action, demand, requirement or investigation by any Governmental Entity and no suit, action or proceeding by any person, in each case, with respect to any Parent Entity or any of their respective properties is pending or, to the knowledge of the Parent, threatened.

Edgar Filing: CTS CORP - Form S-4

(f) Available Funds. Parent and Merger Subsidiary have available to them, or, as of the Effective Time will have available to them, all funds necessary for the payment of the aggregate Cash Consideration and have funds available to them to satisfy all their obligations under this Agreement which are required to be complied with prior to the Closing.

(xiv) authorize, or commit or agree to take, any of the foregoing actions.

(b) Other Actions. Except as required by Law, the Company, Parent and Merger Sub shall not, and, in the case of the Company, shall not permit any Company Subsidiary to, voluntarily take any action that would reasonably be expected to result in any of the conditions to the Merger set forth in Article VI not being satisfied.

(c) Advice of Changes. Each of the Company, Parent and Merger Sub shall promptly advise the other parties to this Agreement orally and in writing to the extent it has knowledge of any change or event having, or which, insofar as can reasonably be foreseen would reasonably be expected to have a material adverse effect on such party or on the truth of their respective representations and warranties or the ability of the conditions set forth in Article VI to be satisfied; provided, however, that no such notification will affect the representations, warranties, covenants or agreements of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement.

SECTION 4.2 No Solicitation by the Company.

(a) Company Takeover Proposal. The Company shall, and shall cause the Company Subsidiaries, and its and their officers, directors, employees, financial advisors, attorneys, accountants and other advisors, investment bankers, representatives and agents retained by the Company or any of the Company Subsidiaries (collectively, "REPRESENTATIVES") to, immediately cease and cause to be terminated immediately all existing activities, discussions and negotiations with any parties conducted heretofore with respect to, or that could reasonably be expected to lead to, any Company Takeover Proposal. From and after the date of this Agreement, the Company shall not, nor shall it permit any of the Company Subsidiaries to, nor shall it authorize or permit any of its or the Company Subsidiaries' Representatives to, directly or indirectly, (i) solicit, initiate or encourage (including by way of furnishing information), or take any other action designed to facilitate, any inquiries or the making of any proposal that constitutes, or would be reasonably likely to lead to, a Company Takeover Proposal, (ii) enter into any agreement, arrangement or understanding with respect to any Company Takeover Proposal or enter into any agreement, arrangement or understanding requiring it to abandon, terminate or fail to consummate the Merger or any other transaction contemplated by this Agreement, or (iii) initiate or participate in any way in any discussions or negotiations regarding, or furnish or disclose to any person (other than a party to this Agreement) any information with respect to, or take any other action to facilitate or in furtherance of any inquiries or the making of any proposal that constitutes, or could reasonably be expected to lead to, any Company Takeover

Edgar Filing: CTS CORP - Form S-4

Proposal; provided, however, that, at any time prior to obtaining the Stockholder Approval, in response to an unsolicited bona fide written Company Takeover Proposal that the Board of Directors of the Company determines in good faith (after consultation with outside counsel and a financial advisor of nationally recognized reputation) constitutes or would reasonably be expected to lead to a Superior Proposal, and which Company Takeover Proposal was made after the date hereof and did not otherwise result from a breach of this Section 4.2, the Company may, if and only to the extent that its Board of Directors determines in good faith (after consulting with outside legal counsel) that it is required to do so in order to comply with its fiduciary duties to the stockholders of the

A-32

Company under the DGCL, and subject to compliance with Section 4.2(c), (i) furnish information with respect to the Company and the Company Subsidiaries to the person making such Company Takeover Proposal (and its representatives) pursuant to a customary confidentiality agreement not less restrictive of such person than the Confidentiality Agreement; provided, however, that all such information has previously been provided to Parent or is provided to Parent prior to or substantially concurrent with the time it is provided to such person, and (ii) participate in discussions or negotiations with the person making such Company Takeover Proposal (and its representatives) regarding such Company Takeover Proposal.

(b) Definitions. As used herein, (i) "SUPERIOR PROPOSAL" means a bona fide written proposal from any person to acquire, directly or indirectly, including pursuant to a tender offer, exchange offer, merger consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction, for consideration consisting of cash and/or securities, all of the combined voting power of the Company then outstanding or all or substantially all of the assets of the Company (A) that the Board of Directors of the Company determines in its good faith judgment (after consulting with and receipt of written advice from a nationally recognized investment banking firm), taking into account all legal, financial and regulatory and other aspects of the proposal and the person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation), would be more favorable to the stockholders of the Company than the transactions contemplated by this Agreement (including any adjustment to the terms and conditions proposed by Parent in response to such Company Takeover Proposal) and is reasonably likely to receive all required governmental approvals on a timely basis and otherwise reasonably capable of being consummated on the terms proposed, and (B) for which financing, to the extent required, is than committed and (ii) "COMPANY TAKEOVER PROPOSAL" means any inquiry, proposal or offer from any person relating to any (A) direct or indirect acquisition or purchase of a business that constitutes 15% or more of the net revenues, net income or the assets of the Company and the Company Subsidiaries, taken as a whole, (B) direct or indirect acquisition or purchase of 15% or more of any class of equity securities of the Company or any of the Company Subsidiaries, (C) any tender offer or exchange offer that if consummated would result in any person beneficially owning 15% or more of any class of equity securities of the Company or any of the Company Subsidiaries, or (D) any merger, consolidation, business combination, asset purchase, recapitalization, liquidation, dissolution or similar transaction involving the Company or any of the Company Subsidiaries, other than the transactions contemplated by this Agreement.

(c) Actions by the Company. Neither the Board of Directors of the Company nor any committee thereof shall (i) (A) withdraw (or modify in a manner adverse to Parent), or publicly propose to withdraw (or modify in a manner adverse to Parent), the approval, recommendation or declaration of advisability by such Board of Directors or any such committee thereof of this Agreement, the Merger

Edgar Filing: CTS CORP - Form S-4

or the other transactions contemplated by this Agreement or (B) recommend, adopt or approve, or propose publicly to recommend, adopt or approve, any Company Takeover Proposal (any action described in this clause (i) being referred to as a "COMPANY ADVERSE RECOMMENDATION CHANGE") or (ii) approve or recommend, or propose to approve or recommend, or allow the Company or any of the Company Subsidiaries to execute or enter into, any letter of intent, memorandum of understanding, agreement in principle, merger agreement, acquisition agreement, option agreement, joint venture agreement, partnership agreement or other similar agreement constituting or related to, or that is intended to or would reasonably be expected to lead to, any Company Takeover Proposal (other than a confidentiality agreement, referred to in Section 4.2(a)) (an "ACQUISITION AGREEMENT"). Notwithstanding the foregoing, in the event that the Board of Directors of the Company receives a Company Takeover Proposal that the Board of Directors of the Company determines in good faith (after consultation with outside counsel and a financial advisor of nationally recognized reputation) to be a Superior Proposal, and which Company Takeover Proposal was made after the date hereof and did not otherwise result from a breach of this Section 4.2, the Board of Directors of the Company may, if and only to the extent that the Board of Directors of the Company determines in good faith (after consulting with outside legal counsel) that it is required to do so in order to comply with its fiduciary duties to the stockholders of the Company under the DGCL, make a Company Adverse Recommendation Change, if the Company provides written notice (a "NOTICE OF ADVERSE RECOMMENDATION") advising Parent that the Board of Directors of the Company intends to take such action and specifying the reasons therefor, including the terms and conditions of any Superior Proposal that is the basis of the proposed action by the Board of Directors (it being understood and agreed

A-33

that any amendment to the financial terms or any other material term of such Superior Proposal shall require a new Notice of Adverse Recommendation).

(d) Notice of Company Takeover Proposal. From and after the date of this Agreement, the Company shall promptly (but in any event within one calendar day) advise Parent and Merger Sub in writing of the receipt, directly or indirectly, of any inquiries, requests, discussions, negotiations or proposals relating to a Company Takeover Proposal, or any request for nonpublic information relating to any of the Company Entities by any person that informs the Company or its Representatives that such person is considering making, or has made, a Company Takeover Proposal, or an inquiry from a person seeking to have discussions or negotiations relating to a possible Company Takeover Proposal. Such notice shall be made orally and confirmed in writing, and shall indicate the specific terms and conditions thereof and the identity of the other party or parties involved and promptly furnish to Parent and Merger Sub a copy of any such written inquiry, request or proposal and copies of any information provided to or by any third party relating thereto, including copies of any subsequent material documentation or correspondence relating thereto.

(e) Rule 14e-2(a), Rule 14d-9 and Other Applicable Law. Nothing contained in this Section 4.2 shall prohibit the Company from (i) taking and disclosing to its stockholders a position contemplated by Rule 14e-2 (a) or Rule 14d-9 promulgated under the Exchange Act or (ii) making any disclosure to the stockholders of the Company if, in the good faith judgment of the Board of Directors (after consultation with outside counsel), such disclosure would be required under applicable Law; provided, however, that compliance with such rules and Laws shall not in any way limit or modify the effect that any action taken pursuant to such rules and Laws has under any other provision of this Agreement.

(f) Return or Destruction of Confidential Information. The Company agrees that immediately following the execution of this Agreement it shall request each person which has heretofore executed a confidentiality agreement in connection

Edgar Filing: CTS CORP - Form S-4

with such person's consideration of acquiring the Company to return or destroy all confidential information heretofore furnished to such person by or on the Company's behalf.

ARTICLE V

ADDITIONAL AGREEMENTS

SECTION 5.1 Preparation of the Form S-4 Proxy Statement; Stockholders Meeting.

(a) Form S-4 Proxy Statement. As soon as practicable following the date of this Agreement, the Company and Parent shall prepare and file with the SEC the Proxy Statement and Parent shall prepare and file with the SEC the Form S-4, in which the Proxy Statement will be included as a prospectus. Each of the Company and Parent shall use reasonable best efforts to have the Form S-4 declared effective under the Securities Act as promptly as practicable after such filing. The Company shall use all reasonable best efforts to cause the Proxy Statement to be mailed to the Company's stockholders as promptly as practicable after the Form S-4 is declared effective under the Securities Act. Parent shall also take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified or to file a general consent to service of process) required to be taken under any applicable state securities laws in connection with the issuance of Parent Common Stock in the Merger and the Company shall furnish all information concerning the Company and the holders of the Company Common Stock as may be reasonably requested in connection with any such action. No filing of, or amendment or supplement to, the Form S-4 will be made by Parent, and no filing of, or amendment or supplement to the Proxy Statement will be made by the Company, in each case, without providing the other party and its respective counsel the reasonable opportunity to review and comment thereon. Parent will advise the Company, promptly after it receives notice thereof, of the time when the Form S-4 has become effective or any supplement or amendment has been filed, the issuance of any stop order, the suspension of the qualification of the Parent Common Stock issuable in connection with the Merger for offering or sale in any jurisdiction, or any request by the SEC for amendment of the Form S-4 or comments thereon and responses thereto or requests by the SEC for additional information. If at any time prior to the Effective Time any information relating to the Company or Parent, or any of their respective affiliates, officers or directors, should be discovered by the Company or Parent which should be set forth in an

A-34

amendment or supplement to the Form S-4 or the Proxy Statement, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information must be promptly filed with the SEC and, to the extent required by Law, disseminated to the stockholders of the Company.

(b) Stockholders Meeting. The Company shall, as soon as practicable following the date of this Agreement, duly call, give notice of, convene and hold a meeting of its stockholders (the "STOCKHOLDERS MEETING") in accordance with Law, the Company's Certificate of Incorporation and the Company's By-laws for the purpose of obtaining the Stockholder Approval and shall, (i) through the Board of Directors of the Company, except as otherwise permitted by Section 4.2(c), recommend to its stockholders the approval and adoption of this Agreement, the Merger and the other transactions contemplated hereby and include in the Proxy Statement such recommendation and (ii) use its reasonable best

Edgar Filing: CTS CORP - Form S-4

efforts to solicit and obtain such adoption. Without limiting the generality of the foregoing, subject to its rights under Section 4.2(c), the Company agrees that its obligations pursuant to the first sentence of this Section 5.1(b) shall not be affected by any Company Adverse Recommendation Change or the commencement, public proposal, public disclosure or communication to the Company or its stockholders of any Company Takeover Proposal.

SECTION 5.2 Letters of the Company's Accountants. The Company shall use its reasonable best efforts to cause to be delivered to Parent two letters from the Company's independent accountants, one dated a date within two Business Days before the date on which the Form S-4 will become effective and one dated a date within two Business Days before the Closing Date, each addressed to Parent, in form and substance reasonably satisfactory to Parent and customary in scope and substance for comfort letters delivered by independent public accountants in connection with registration statements similar to the Form S-4.

SECTION 5.3 Letters of Parent's Accountants. In the event that the Surviving Corporation or any of its successors or assigns (i) consolidates with or merges into any other person and is not the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers or conveys all or substantially all of its properties and assets to any person, then, and in each such case, proper provision will be made so that the successors and assigns of the Surviving Corporation assume the obligations set forth in this Section 5.7.

In furtherance of and without in any way limiting the foregoing, each of the parties shall use its respective reasonable best efforts to prevail in such litigation so as to permit the consummation of the transactions contemplated by this Agreement in the manner contemplated by this Agreement. (a) Company Benefit Plans. The Company shall adopt such amendments to the Company Benefit Plans as are reasonably requested by Parent and as may be necessary to ensure that Company Benefit Plans cover only employees and former employees (and their dependents and beneficiaries) of the Company and the Company Subsidiaries following the consummation of the transactions contemplated by this Agreement. With respect to any Company Common Stock held by any Company Benefit Plan as of the date of this Agreement or thereafter, the Company shall take all actions necessary or appropriate (including such actions as are reasonably requested by Parent) to ensure that all participant voting procedures contained in the Company Benefit Plans relating to such shares, and all applicable provisions of ERISA, are complied with in full.

(b) Affected Employees. Parent and Merger Subsidiary agree that they shall cause the Surviving Corporation to honor all employee compensation and Company Benefit Plans in accordance with their terms as in effect immediately before the Effective Time, subject to any amendment or termination thereof as may be permitted by such terms. For a period of not less than 12 months following the Effective Time, Parent and Merger Subsidiary shall provide, or shall cause to be provided, to those individuals who were employees of the Company and the Company Subsidiaries immediately before the Effective Time (the "AFFECTED EMPLOYEES") compensation and employee benefits no less favorable in the aggregate than those provided to the Affected Employees immediately before the Effective Time.

A-38

(i) At and after the Effective Time, each Affected Employee immediately shall be eligible to participate, without any waiting period, in any and all New Plans to the extent coverage under such New Plan replaces coverage under a similar or comparable Company Benefit Plan in which such Affected Employee participated immediately before the Effective Time (such plans, collectively, the "OLD PLANS"); and

(ii) For purposes of each New Plan providing medical, dental, pharmaceutical and/or vision benefits to any Affected Employee, Parent and Merger Subsidiary shall cause all pre-existing condition limitations and exclusions and all actively-at-work requirements of such New Plan to be waived for such Affected Employee and his or her covered dependents (but only to the extent that such limitations, exclusions and requirements would have been waived (or inapplicable) under the comparable Old Plans), and Parent and Merger Subsidiary shall cause any eligible expenses incurred by

Edgar Filing: CTS CORP - Form S-4

such employee and his or her covered dependents during the portion of the plan year of the Old Plan ending on the date such employee's participation in the corresponding New Plan begins to be taken into account under such New Plan for purposes of satisfying all deductible, coinsurance and maximum out-of-pocket requirements applicable to such employee and his or her covered dependants for the applicable plan year as if such amounts had been paid in accordance with such New Plan.

(b) Governmental and Regulatory Approvals. All consents, approvals and actions of, filings with and notices to any Governmental Entity required of Parent, Merger Sub, the Company or any Company Subsidiary to consummate the Merger and the other transactions contemplated hereby, the failure of which to be obtained or taken is reasonably expected to have or result in, individually or in the aggregate, a material adverse effect on the Surviving Corporation and its subsidiaries, taken as a whole, must have been obtained in form and substance reasonably satisfactory to Parent.

(c) No Injunctions or Restraints. No judgment, order, decree, statute, law, ordinance, rule or regulation, entered, enacted, promulgated, enforced or issued by any court or other Governmental Entity of competent jurisdiction or other legal restraint or prohibition (collectively, "RESTRAINTS") is in effect preventing the consummation of the Merger or prohibiting or limiting the ownership or operation by Parent, Merger Sub, the Company or any of their respective subsidiaries of any material portion of the business or assets of Parent, Merger Sub or the Company and their respective subsidiaries taken as a whole, or compelling the Company, Parent or Merger Sub and their respective subsidiaries to dispose of or hold separate any material portion of the business or assets of the Company, Parent or Merger Sub and their respective subsidiaries, taken as a whole, as a result of the Merger or any of the other transactions contemplated by this Agreement or which otherwise is reasonably likely to have or result in, individually or in the aggregate, a material adverse effect on the Company or Parent, as applicable; provided, however, that each of the parties shall have used its reasonable best efforts to prevent the entry of any such Restraints and to appeal as promptly as possible any such Restraints that may be entered.

Edgar Filing: CTS CORP - Form S-4

waiver of the following conditions:

(a) Representations and Warranties. The representations and warranties of the Company contained in Section 3.1(c) must be true and correct in all respects both when made and as of the Closing Date as though made on and as of the Closing Date, and all other representations and warranties of the Company set forth herein must be true and correct in all respects (without giving effect to any materiality or material adverse effect qualifications contained therein) both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date), except where the failure of such other representations and warranties to be so true and correct would not reasonably be expected to have or result in, individually or in the aggregate, a material adverse effect on the Company.

(b) Performance of Obligations of the Company. The Company must have performed in all material respects all of its obligations required to be performed by it under this Agreement at or prior to the Closing Date.

(c) Officer's Certificate. The Company must have furnished Parent with a certificate dated the Closing Date signed on its behalf by an executive officer to the effect that the conditions set forth in Sections 6.2(a), 6.2(b) and 6.2(c) have been satisfied.

SECTION 6.4 Frustration of Closing Conditions. Neither Parent or Merger Sub nor the Company may rely on the failure of any condition set forth in Sections 6.1, 6.2 or 6.3, as the case may be, to be satisfied if such failure was caused by such party's failure to comply with its obligations to consummate the Merger and the other transactions contemplated by this Agreement, as required by and subject to Section 5.5.

SECTION 8.4 Counterparts. This Agreement may be executed in one or more counterparts, all of which will be considered one and the same agreement and will become effective when one or more counterparts have been signed by each of the parties and delivered to the other parties.

SECTION 8.5 Entire Agreement; No Third-Party Beneficiaries. This Agreement and the Confidentiality Agreement (a) constitute the entire agreement, and supersede all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter of this Agreement and (b) except for the provisions of Section 5.7, are not intended to confer upon any person other than the parties any rights or remedies.

SECTION 8.6 Governing Law. This Agreement is to be governed by, and construed in accordance with, the laws of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflict of laws thereof.

SECTION 8.7 Assignment. Neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned, in whole or in part, by operation of law or otherwise by any of the parties hereto without the prior written consent of the other party. SECTION 8.9 Specific Enforcement. The parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. SECTION 8.10 Amendment. This Agreement may be amended by the parties at any time before or after the Stockholder Approval; provided, however, that, after the Stockholder Approval, there is not to be made any amendment that by Law requires further approval by the stockholders of the Company without further approval of such stockholders. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties.

SECTION 8.11 Extension; Waiver. At any time prior to the Effective Time, a party may (a) extend the time for the performance of any of the obligations or other acts of the other party, (b) waive any inaccuracies in the representations and warranties of the other party contained in this Agreement or in any document delivered pursuant to this Agreement or (c) subject to the proviso of Section 8.10, waive compliance by the other parties with any of the agreements or conditions contained in this Agreement. Any agreement on the part of a party to any such extension or waiver will be valid only if set forth in an instrument in writing signed on behalf of such party. The failure of any party to this Agreement to assert any of its rights under this Agreement or otherwise will not constitute a waiver of such rights.

Ladies and Gentlemen:

Pursuant to the terms of the Agreement and Plan of Merger, dated as of November 16, 2004 (the "MERGER AGREEMENT"), by and among SMTEK International, Inc., a Delaware corporation (the "COMPANY"), Cardinal Acquisition, Inc., a Delaware corporation ("MERGER SUB") and CTS Corporation, an Indiana Corporation ("PARENT"), Merger Sub will merge with and into the Company (the "MERGER"), with the Company as the surviving corporation. As a result of the Merger, the undersigned may receive shares of common stock, no par value per share, of Parent ("PARENT COMMON STOCK") in exchange for shares owned by the undersigned of common stock, par value \$0.01 per share, of the Company (the "COMPANY COMMON STOCK").

The undersigned acknowledges that the undersigned may be deemed an "AFFILIATE" of the Company within the meaning of Rule 145 ("RULE 145") promulgated under the Securities Act of 1933 (the "SECURITIES ACT") by the Securities and Exchange Commission (the "SEC"), although nothing contained herein should be construed as an admission of such fact. If in fact the undersigned is an affiliate of the Company under the Securities Act, the undersigned's ability to sell, assign or transfer Parent Common Stock received by the undersigned in exchange for any shares of the Company Common Stock in connection with the Merger may be restricted unless such transaction is registered under the Securities Act or an exemption from such registration is available. The undersigned understands that such exemptions are limited and the

Edgar Filing: CTS CORP - Form S-4

undersigned has obtained or will obtain advice of counsel as to the nature and conditions of such exemptions, including information with respect to the applicability to the sale of such securities of Rules 144 and 145(d) promulgated under the Securities Act. The undersigned understands that Parent is under no obligation to register the sale, assignment, transfer or other disposition of Parent Common Stock to be received by the undersigned in the Merger or to take any other action necessary in order to make compliance with an exemption from such registration available.

The undersigned hereby represents to and covenants with Parent that the undersigned will not sell, assign, transfer or otherwise dispose of any of Parent Common Stock received by the undersigned in exchange for shares of the Company Common Stock in connection with the Merger except (i) pursuant to an effective registration statement under the Securities Act, (ii) in conformity with the volume and other limitations of Rule 145 promulgated under the Securities Act or (iii) in a transaction which, in the opinion of counsel of Parent or as described in a "no-action" or interpretive letter from the Staff of the SEC specifically issued with respect to a transaction to be engaged in by the undersigned, is not required to be registered under the Securities Act.

In the event of a sale or other disposition by the undersigned of the shares of Parent Common Stock pursuant to Rule 145, the undersigned will supply Parent with evidence of compliance with such Rule, in the

A-47

form of a letter in the form of Annex I hereto or the opinion of counsel or no-action letter referred to above. The undersigned understands that Parent may instruct its transfer agent to withhold the transfer of any shares of Parent Common Stock disposed of by the undersigned, but that (provided such transfer is not prohibited by any other provision of this letter agreement) upon receipt of such evidence of compliance, Parent shall cause the transfer agent to effectuate the transfer of the shares of Parent Common Stock sold as indicated in such letter.

The undersigned acknowledges and agrees that the legend set forth below will be placed on certificates representing the shares of Parent Common Stock received by the undersigned in connection with the Merger or held by a transferee thereof, which legend will be removed by delivery of substitute certificates upon evidence of compliance with Rule 145 under the Securities Act and, if requested by Parent, receipt of an opinion in form and substance reasonably satisfactory to Parent from counsel reasonably satisfactory to Parent to the effect that such legend is no longer required for purposes of the Securities Act.

There will be placed on the certificates for Parent Common Stock issued to the undersigned, or any substitutions therefor, a legend stating in substance:

"The shares represented by this certificate are issued, in a transaction to which Rule 145 promulgated under the Securities Act of 1933 applies. The shares have not been acquired by the holder with a view to, or for resale in connection with, any distribution thereof within the meaning of the Securities Act of 1933. The shares may not be sold, assigned, transferred or otherwise disposed of except in accordance with an exemption from the registration requirements of the Securities Act of 1933."

The undersigned acknowledges that (i) the undersigned has carefully read this letter and understands the requirements hereof and the limitations imposed upon the sale, assignment, transfer or other disposition of Parent Common Stock and (ii) the receipt by Parent of this letter is an inducement to Parent's

obligations to consummate the Merger.

Very truly yours,

Stockholder is the legal owner of the Shares. However, Stockholder has granted to third parties one or more options to purchase, an aggregate of 97,000 of Stockholder's Shares ("collectively, the "Options"). As of the date of this Agreement, none of the Options have been exercised.

The Options obligate Stockholder to deliver unencumbered shares of Company Common Stock to the Option holders upon their exercise of the Options. As a result, each of the Option holders may be a beneficial owner of that portion of Stockholder's Shares which are the subject of their applicable Option.

With respect to Shares covered by the Options, the parties hereto agree that Stockholder may transfer and deliver any Shares subject to an Option upon an Option holder's exercise of such Option, whether before or after the record date for a stockholder's meeting (including any meeting for the same purpose after an adjournment thereof) for the purpose of voting on any subject covered by Section 4.1 of this Agreement (a "Stockholder's Meeting"); provided, however, that to the extent that Stockholder remains the holder of record for any such Shares at such Stockholders' Meeting, Stockholder shall vote such Shares in accordance with the provisions of Section 4.1 of this Agreement.

(ii) to the extent a vote is solicited in connection with the approval of any action, agreement or proposal that would result in a breach of any representation, warranty, covenant or obligation of the Company in the Merger Agreement or that would delay or hinder the consummation of the Merger or that would preclude fulfillment of a condition precedent to the Closing under the Merger Agreement, against the approval of such action, agreement or proposal; and

(iii) against approval of any action, agreement or proposal made in opposition to or in competition with the Merger, including, without limitation, any Company Takeover Proposal (as defined in the Merger Agreement) or Superior Proposal (as defined in the Merger Agreement).

C. Stockholder is entering into this Agreement as a material inducement and consideration to each of Parent and Merger Sub to enter into the Merger Agreement.

NOW, THEREFORE, in consideration of the mutual representations, warranties, covenants and agreements contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and upon the terms and subject to the conditions set forth herein, the parties hereto agree as follows:

1. Definitions. Capitalized terms that are used in this Agreement and are not otherwise defined herein will have the meanings ascribed to such terms in the Merger Agreement.

(a) "Termination Date" means the earlier to occur of (i) the Effective Time; and (ii) the termination of the Merger Agreement in accordance with its terms.

(b) "Transfer" with respect to any security means to directly or indirectly: (i) sell, pledge, encumber, transfer or dispose of, or grant an option with respect to, such security or any interest in such security; or (ii) enter into an agreement or commitment providing for the sale, pledge, encumbrance, transfer or disposition of, or grant of an option with respect to, such security or any interest therein.

2.3 Shares Owned. As of the date hereof, Stockholder is the sole record and beneficial owner of the Shares free and clear of any Liens. Stockholder holds exclusive power to vote the Shares.

3. Representations and Warranties of Parent. Parent hereby represents and warrants to Stockholder as follows:

3.1 Authority; Enforceability. Parent has all requisite corporate power and authority to enter into this Agreement and to consummate the transactions contemplated by this Agreement. The execution and delivery of this Agreement by Parent and the consummation by Parent of the transactions contemplated hereby have been duly authorized by all necessary corporate action on the part of Parent. This Agreement has been duly executed and delivered by Parent, and, assuming the due authorization, execution and delivery by the Stockholders, constitutes the legal, valid and binding obligation of Parent, enforceable against Parent in accordance with its terms, except as the enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws generally affecting the rights of creditors and subject to general equity principles.

decree or Law applicable to Parent or its properties or assets, other than, in the case of clauses (ii) and (iii), any such conflicts, breaches, violations, defaults, rights, losses or Liens that, individually or in the aggregate, would not materially impair the ability of Parent to consummate the transactions contemplated by this Agreement. No consent, approval, order or authorization of, action by or in respect of, or registration, declaration or filing with, any Governmental Entity or any third party is required by Parent in connection with the execution and delivery of this Agreement by Parent or the consummation by Parent of the transactions contemplated hereby, except for the filing with the SEC of such reports under Section 13(a), 13(d), 15(d) or 16(a) of the Exchange Act as may be required in connection with this Agreement and the transactions contemplated hereby and such consents, approvals, orders, or authorizations the failure of which to be made or obtained, individually or in the aggregate, would not materially impair the ability of Parent to consummate the transactions contemplated by this Agreement.

4. Agreement to Vote.

4.1 Voting. (a) Stockholder hereby covenants and agrees that, prior to the Termination Date, at any meeting (whether annual or special and whether or not an adjourned or postponed meeting) of the stockholders of the Company, however called, and in any action taken by the written consent of stockholders of the Company without a meeting, Stockholder will appear at the meeting or otherwise cause the Shares to be counted as present thereat for purposes of establishing a quorum and vote or consent or cause to be voted or consented the Shares:

Board of Directors
SMTEK International, Inc.
200 Science Drive
Moorpark, CA 93021

Ladies and Gentlemen:

The Board of Directors of SMTEK International, Inc. ("SMTEK" or the "Company") has engaged Duff & Phelps, LLC ("Duff & Phelps") as its financial advisor to provide an opinion (the "Opinion") as to the fairness to the shareholders of the Company, from a financial point of view, of the contemplated transaction described below (the "Proposed Transaction") (without giving effect to any impact of the Proposed Transaction on any particular shareholder other than in its capacity as a shareholder).

DESCRIPTION OF THE PROPOSED TRANSACTION

It is our understanding that the Proposed Transaction can be summarized as follows:

- The Proposed Transaction involves the Company merging with and into a wholly owned subsidiary (the "Merger Sub") of CTS Corp. ("CTS" or the "Parent") with the Company as the surviving entity;
- Subject to approval by a majority vote of SMTEK's shareholders, SMTEK shareholders will receive between \$14.20 and \$15.00 for each share of SMTEK common stock. The consideration will be paid by CTS and be comprised of (i) a number of shares of CTS common stock with a market value of not less than \$3.475 or greater than \$4.275 (the "Stock Consideration"), and (ii) \$10.725 in cash (the "Cash Consideration" and, together with the Stock Consideration, the "Merger Consideration");
- If the payment of the aggregate Stock Consideration in connection with closing the Proposed Transaction would result in CTS issuing a number of shares equal to or greater than 19.9% of CTS's outstanding shares, then SMTEK may request that the value of the Stock Consideration be paid in

Edgar Filing: CTS CORP - Form S-4

cash rather than in the form of CTS common stock (the "All-cash Alternative");

- Fractional share interests of CTS common stock which would be received as a portion of the Stock Consideration will be paid in cash;
- All outstanding options and warrants that are "in the money" will become exercisable and have the right to receive cash in an amount equal to the Merger Consideration less the exercise price;
- Certain SMTEK shareholders will enter into an agreement with CTS (the "Stockholders Agreement") which provides for, among other things, for such SMTEK shareholder to vote his shares in favor of the Proposed Transaction;
- A break-up fee in the amount of \$900,000 would apply and become payable to CTS by SMTEK, or to SMTEK by CTS, in the event that the Proposed Transaction is terminated in certain circumstances;
- If SMTEK has elected the All-cash Alternative and the Proposed Transaction is not otherwise terminable by CTS, then CTS would have the right to terminate the Proposed Transaction and pay a break-up fee in the amount of \$3,500,000 to SMTEK.

Duff & Phelps also took into account its assessment of general economic, market and financial conditions, as well as its experience in securities and business valuation, in general, and with respect to similar transactions, in particular. This Opinion should not be construed as a valuation opinion, credit rating, solvency opinion, an analysis of the Company's credit worthiness or otherwise as tax advice or as accounting advice. In rendering this Opinion, Duff & Phelps relied upon the fact that the Board of Directors and the Company have been advised by counsel as to all legal matters with respect to the Proposed Transaction, including whether all

D-2

procedures required by law to be taken in connection with the Proposed Transaction have been duly, validly and timely taken; and Duff & Phelps has not made, and assumes no responsibility to make, any representation, or render any opinion, as to any legal matter.

In preparing its forecasts, performing its analysis and rendering its Opinion with respect to the Proposed Transaction, Duff & Phelps: (i) relied upon the accuracy, completeness, and fair presentation of all information, data, advice, opinions and representations obtained from public sources or provided to it from private sources, including Company management, and did not attempt to independently verify such information, (ii) assumed that any estimates, evaluations and projections furnished to Duff & Phelps were reasonably prepared and based upon the last currently available information and good faith judgment of the person furnishing the same, and (iii) assumed that the final versions of all documents reviewed by us in draft form conform in all material respects to the drafts reviewed. Duff & Phelps' Opinion further assumes that information

Edgar Filing: CTS CORP - Form S-4

supplied and representations made by Company management are substantially accurate regarding the Company and the Proposed Transaction. Neither Company management nor its Board of Directors placed any limitation upon Duff & Phelps with respect to the procedures followed or factors considered by Duff & Phelps in rendering its Opinion.

In our analysis and in connection with the preparation of this Opinion, Duff & Phelps has made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of any party involved in the Proposed Transaction. Duff & Phelps has also assumed that all of the conditions precedent required to implement the Proposed Transaction will be satisfied and that the Proposed Transaction will be completed in accordance with the Draft Merger Agreement without material modification or waiver.

The basis and methodology for this Opinion have been designed specifically for the express purposes of the Board of Directors and may not translate to any other purposes.

To the extent that any of the foregoing assumptions or any of the facts on which this Opinion is based proves to be untrue in any material respect, this Opinion cannot and should not be relied upon.

Duff & Phelps has prepared this Opinion effective as of the date of this letter. The Opinion is necessarily based upon market, economic, financial and other conditions as they exist and can be evaluated as of such date, and Duff & Phelps disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting the Opinion which may come or be brought to the attention of Duff & Phelps after the date hereof, or to update, revise or reaffirm this Opinion.

This letter should not be construed as creating any fiduciary duty on Duff & Phelps' part to any party.

It is understood that this Opinion is only for the information of the Board of Directors in connection with its consideration of the Proposed Transaction. This Opinion is not a recommendation as to how any stockholder should vote or act with respect to any matters relating to the Proposed Transaction, or whether to proceed with the Proposed Transaction or any related transaction, nor does it indicate that the terms of the Proposed Transaction are the best possible attainable under any circumstances. The decision as to whether to proceed with the Proposed Transaction or any related transaction may depend on an assessment of factors unrelated to the financial analysis on which this Opinion is based.

This Opinion may be included in its entirety in any proxy statement or other document distributed to shareholders of the Company in connection with the Proposed Transaction or required by law or regulation to be filed with the Securities and Exchange Commission, and you may summarize or otherwise reference the existence of this Opinion in such documents provided that any such summary or reference language shall be subject to prior approval by Duff & Phelps. Said approval shall not be unreasonably withheld. Except as described above, without our prior consent, this Opinion may not be quoted or referred to, in whole or in part, in any written document, relied upon by any person other than the Board of Directors, or used for any other purpose. Notwithstanding anything to the contrary contained herein or in any other agreement between the parties hereto, both Duff & Phelps and the Company (and each of their employees, representatives or other agents) may disclose to any and all persons, entities and governmental bodies, without limitation of any kind,

Edgar Filing: CTS CORP - Form S-4

the "tax treatment" and "tax structure" (in each case within the meaning of Treasury Regulation Section 1.6011-4) of the transactions contemplated herein.

In rendering this Opinion, Duff & Phelps has acted on behalf of the Board of Directors of the Company and will receive a fee from the Company for our services.

CONCLUSION

Based upon and subject to the foregoing, Duff & Phelps is of the opinion that the Proposed Transaction is fair to the shareholders of the Company from a financial point of view, without giving effect to any impacts of the Proposed Transaction on any particular shareholder other than in its capacity as a shareholder.

ANNEX E

SECTION 262 OF THE GENERAL CORPORATION LAW OF THE STATE OF DELAWARE

APPRAISAL RIGHTS

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to sec. 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to sec. 251 (other than a merger effected pursuant to sec. 251(g) of this title), sec. 252, sec. 254, sec. 257, sec. 258, sec. 263 or sec. 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the

Edgar Filing: CTS CORP - Form S-4

constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of sec. 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to sec.sec. 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under sec. 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

E-1

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably

Edgar Filing: CTS CORP - Form S-4

informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to sec. 228 or sec. 253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise

E-2

entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to

Edgar Filing: CTS CORP - Form S-4

withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

Edgar Filing: CTS CORP - Form S-4

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

E-3

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The following summary of the material provisions of the Registrant's bylaws relating to indemnification of directors and officers, the Registrant's articles of incorporation, the Registrant's indemnification agreements with officers and directors and the Indiana Business Corporation Law is not intended to be exclusive and is qualified in its entirety by such bylaws, articles of incorporation, indemnification agreements and statutes.

The Registrant's bylaws provide that the Registrant shall indemnify its officers and directors to the fullest extent permitted by applicable law. Chapter 37 of the Indiana Business Corporation law provides, in general, that each director and officer of a corporation may be indemnified against liabilities (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with the defense or settlement of any threatened, pending or completed legal proceedings in which he or she is involved by reason of the fact that he or she is or was a director or officer, if he or she acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interest of the corporation, and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe that his or her conduct was unlawful. If the legal proceeding, however, is by or in the right of the corporation, the director or officer may not be indemnified in respect of any claim, issue or matter as to which he or she has been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Registrant unless a court determines otherwise.

The Registrant's articles of incorporation provide that, to the fullest extent permitted by applicable law no director or officer of the Registrant will be personally liable to the corporation or its shareholders for monetary damages for any breach of his fiduciary duty as a director or officer provided, however, that such provision does not apply to any liability of a director or officer (a) for breach of fiduciary duty if such breach constitutes willful misconduct or recklessness or (b) for the payment of distributions to shareholders in violation of Section 23-1-28-3 of the Indiana Business Corporation Law.

Pursuant to separate indemnification agreements with the Registrant, each officer and director of the Registrant is indemnified from all liabilities arising out of the activities reasonably taken in the performance of their respective duties as officers and directors of the Registrant.

The Registrant also maintains insurance for officers and directors against certain liabilities, including liabilities under the Securities Act. The effect of this insurance is to indemnify any officer or director of the Registrant against expenses, including, without limitation, attorneys' fees, judgments, fines and amounts paid in settlement, incurred by an officer or director upon a determination that such person acted in good faith. The premiums for such insurance are paid by the Registrant.

For the undertaking with respect to indemnification, see Item 22 herein.

- (g) (1) The undersigned Registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this Registration Statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the

applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

- (2) The undersigned Registrant hereby undertakes that every prospectus: (i) that is filed pursuant to paragraph 1 immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

II-2

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the information statement-prospectus pursuant to Item 4, 10(b), 11 or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the Registration Statement through the date of responding to the request.

The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the Registration Statement when it became effective.
