GENERAL INFORMATION

This Proxy Statement is furnished to the shareholders of Evans Bancorp, Inc., a New York corporation (the Company), in connection with the solicitation of proxies for use at the Nineteenth Annual Meeting of Shareholders (the Annual Meeting) to be held at Cradle Beach Camp, 8038 Old Lake Shore Road, Angola, New York, on **Thursday, April 26, 2007 at 9:00 a.m.** and at any adjournments thereof. The enclosed proxy is being solicited by the Board of Directors of the Company.

Shares of common stock represented by a proxy in the form enclosed, properly executed, will be voted in the manner instructed, or if no instructions are indicated, in favor of the election of the director nominees named therein. The proxy given by the enclosed proxy card may be revoked at any time before it is voted by delivering to the Secretary of the Company a written revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any shareholder of record may vote in person at the Annual Meeting, whether or not he or she has previously given a proxy.

This Proxy Statement and the enclosed proxy are first being mailed to shareholders on or about April 4, 2007.

VOTING SECURITIES

Only holders of shares of common stock of record at the close of business on March 12, 2007 are entitled to notice of and to vote at the Annual Meeting and at all adjournments thereof. At the close of business on March 12, 2007, the Company had 2,729,483 shares of common stock outstanding. For all matters to be voted on at the Annual Meeting, holders of common stock are entitled to one vote per share. A quorum of shareholders is necessary to hold a valid Annual Meeting. A majority of shares entitled to vote, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Broker non-votes and abstentions will be counted as being present or represented at the Annual Meeting for purposes of establishing a quorum.

Under the Company's By-Laws and the laws of the State of New York, directors of the Company are elected by a plurality of the votes cast at the meeting by holders of shares of common stock entitled to vote in the election. That means the five director nominees will be elected if they receive more affirmative votes than any other nominees. A broker non-vote occurs on an item when a broker is not permitted to vote on that item without instruction from the beneficial owner of the shares and no instruction is given. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

Table of Contents**SECURITY OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS**

The following table sets forth information with respect to beneficial ownership of the Company's common stock as of March 12, 2007 for (i) each director and nominee, (ii) the Named Executive Officers identified in the Summary Compensation Table below and (iii) all executive officers and directors as a group. To the Company's knowledge, no person, other than William F. Barrett, owns more than 5% of the total number of shares of common stock outstanding. Beneficial ownership is determined under the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. The number of shares beneficially owned by each person as of March 12, 2007 includes shares of common stock that such person has the right to acquire on or within 60 days after March 12, 2007 upon the exercise of options. For each individual included in the table below, percentage ownership is calculated by dividing the number of shares beneficially owned by such person by the sum of the 2,729,483 shares of common stock outstanding on March 12, 2007 plus the number of shares of common stock that such person or group has the right to acquire on or within 60 days after March 12, 2007.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent of the Company's common stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that during fiscal 2006 all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with by such persons, except that William F. Ms. Militello and Messrs. Brothman, Nasca, Taylor and Waring are currently members of the Board. The Board of Directors has adopted a Nominating Committee Charter, which is included as Appendix B to this Proxy Statement. The Nominating Committee will consider whether to nominate any person recommended by a shareholder for election to the Company's Board of Directors in accordance with the provisions of the Company's By-Laws. Under the Company's By-Laws, shareholder nominations for directors to be elected at an Annual Meeting of shareholders must be submitted to the Secretary of the Company in writing not less than 14 days nor more than 50 days immediately preceding the date of the Annual Meeting. If less than 21 days notice of the Annual Meeting is given to shareholders, nominations shall be mailed or delivered to the Secretary of the Company not later than the close of business on the seventh day following the day on which the notice of meeting was mailed. Such notification shall contain the following information to the extent known by the notifying shareholder: (a) name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the total number of shares of common stock of the Company that will be voted for each proposed nominee; (d) the name and residence address of the notifying shareholder; and (e) the number of shares of common stock of the Company owned by the notifying shareholder. Additionally, the Company's By-Laws require that, in order to serve as a director of the Company, an individual must own at least \$10,000 aggregate market value of the Company's common stock and must be less than 70 years of age. Nominations not made in accordance with the By-Laws of the Company may be disregarded by the presiding officer of the meeting, in his/her discretion, and upon his/her instruction, the inspectors of election may disregard all votes cast for each such nominee. However, in the event that any such nominee is nominated by more than one shareholder, the nomination shall be honored, and all votes cast in favor of such nominee shall be counted if at least one nomination for that person complies with the provisions of the By-Laws of the Company.

In its evaluation of prospective director candidates, the Nominating Committee considers an individual's independence (as defined in NASDAQ listing standards), skills and experience relative to the needs of the Company. The process whereby the Nominating Committee identifies candidates may include identification of individuals well-known in the community in which the Company operates and individuals recommended to the Nominating Committee by current directors or officers who know those individuals through business or other professional relationships, as well as recommendations of individuals to the Nominating Committee from shareholders and customers. Nominees meet personally with the members of the Nominating Committee and are interviewed to determine their satisfaction of the criteria referred to above. There is no difference in the nominee evaluation process if the candidate is nominated by a shareholder or otherwise.

Board Meetings and Attendance at Board of Director and Committee Meetings. The Company's Board of Directors met twelve times during fiscal 2006. The Bank's Board of Directors met twelve times during

fiscal 2006. Each incumbent director attended at least 75% of: (1) the aggregate of all meetings of the Company's Board of Directors (held during the period for which he or she served as a director) and (2) all meetings held by the committees of the Company's Board of Directors on which he or she served (during the periods that he or she served).

Availability of Committee Charters and Other Corporate Governance Documents. In addition to including the charters for the Audit Committee and the Nominating Committee as appendices to this Proxy Statement, current copies of the charters for the Audit Committee and Nominating Committee, copies of the Company's Chief Executive Officer/Treasurer Code of Ethics and Code of Conduct, the Policy for Communication to the Board of Directors, and the process for reporting questionable accounting or audit matters are available in the Governance Documents section of the Company's website at www.evansbancorp.com. The Company will post a current copy of the charter for its Human Resource Committee upon adoption.

Director Fees. Each director of the Company also serves as a member of the Board of Directors of the Bank. Non-employee directors do not receive compensation for meetings of the Bank's Board of Directors, but do receive committee fees.

During fiscal 2006, non-employee directors were compensated at the rate of \$1,000 per meeting of the Company's Board of Directors, except that Mr. Biddle, who also serves as Secretary of the Bank, received \$1,250 per meeting of the Company's Board of Directors. Non-employee directors were compensated at a rate of \$350 per committee meeting of the Company's Board of Directors and of the Bank's Board of Directors, except that the chairperson of each committee received \$550 per meeting. In addition to director meeting fees, Mr. Brothman received \$38,500 in 2006 for serving as the Chairman of the Board of Directors of the Company and of the Bank. Mr. Brothman does not receive committee meeting fees. Also, the Company paid a bonus to non-employee Directors of \$1,800 each for fiscal 2006. Employee directors do not receive fees for their Board committee participation.

Director Compensation. The following table contains information concerning the total compensation earned by each individual who served as a director of the Company during 2006, other than directors who are also Named Executive Officers:

- (1) Mr. Nasca was appointed to the Board of Directors in September 2006. Mr. Nasca began serving as President of the Company and the Bank on December 1, 2006, and Chief Executive Officer April 1, 2007. The fees recorded above occurred for board activities prior to Mr. Nasca becoming an employee of the Company on December 1, 2006.

- (2) Deferred Compensation Plan. The Company maintains a non-qualified deferred compensation plan whereby the directors may elect to defer 1% to 100% of their fees until retirement or termination of service. The Company credits such deferrals at a rate determined at the beginning of each plan year which is based

on the prime rate then in effect. During 2006, amounts credited under the deferred compensation plan at interest rates greater than 120% of the applicable federal long-term rate in effect have been reported for directors who elect to participate in the Change in Pension Value and Non-Qualified Deferred Compensation Earnings column for the amounts credited at the rate paid less 120% of the applicable federal long-term rate.

Fiscal 2007 directors' fees have not changed from fiscal 2006, except that fees paid to the secretary of the Bank are now \$1,300 per meeting. The Company's Board of Directors, through unanimous consent, agreed not to grant stock options to its non-employee directors during fiscal 2006.

**COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION**

The Human Resource Committee of the Board of Directors serves as the Company's Compensation Committee. The members of the Human Resource Committee are: William F. Barrett, Phillip Brothman, LaVerne G. Hall, Nancy W. Ware and Thomas H. Waring, Jr. None of the members of the Human Resource Committee is or has been an officer or employee of the Company or any of its subsidiaries. Mr. Brothman was a partner of the law firm of Hurst Brothman & Yusick, which, prior to February 2004, served as general counsel to the Company and received legal fees in exchange for such services, and is currently a partner of the law firm of Harris Beach PLLC, which, since February 2004, has served as general counsel to the Company and receives legal fees in exchange for such services. See Transactions with Related Persons.

During fiscal 2006, none of the Company's executive officers served on the compensation committee (or equivalent) or on the board of directors of another entity whose executive officers served on the Human Resource Committee or the Company's Board of Directors.

COMPENSATION COMMITTEE REPORT

The Human Resource Committee of the Board of Directors, which serves as the Company's Compensation Committee, has reviewed and discussed the section of this Proxy Statement entitled Compensation Discussion and Analysis with

management. Based on this review and discussion, the Human Resource Committee recommended to the Board of Directors that the section entitled "Compensation Discussion and Analysis" be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

Compensation Discussion and Analysis. The Human Resource Committee has primary responsibility for assisting the Company in developing and evaluating potential candidates for executive positions, including the Company's Named Executive Officers (the "NEOs"), and for overseeing the development of executive succession plans. As part of this responsibility, the Committee individually reviews the performance of the senior executive officers, including the NEOs, and approves compensation actions for them, including all of the policies under which executive compensation is paid or awarded. The Committee also oversees management's decisions concerning the performance and compensation of other company employees,

administers the Company's incentive compensation and other stock-based plans, at the advice of the Stock Option and Long-Term Incentive Plan Committee, and regularly evaluates the effectiveness of the Company's overall executive compensation program.

The Company believes that the quality, skills and dedication of senior executive officers are critical factors affecting the long-term value of the Company. The Company's key compensation goals are to attract superior executive talent; retain key leaders; reward past performance; and align executives' long-term interests with those of the Company's shareholders. The Company uses a variety of compensation elements to achieve these goals, including base salary, annual bonuses, stock options, deferred salary plans and a supplemental executive retirement plan, all of which will be discussed in detail below.

The Committee's decisions on senior executive officer compensation, including NEO compensation, are based primarily upon the Committee's assessment of each executive's leadership and operational performance and potential to enhance long-term shareholder value. The Committee relies upon its judgment about each individual and not on rigid formulas or short-term changes in business performance in determining the amount and mix of compensation elements and whether each particular payment or award provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value. Key factors affecting the Committee's judgment include the executive's: performance compared to the financial, operational and strategic goals established for the executive by the Board of Directors at the beginning of the year; contribution to the Company's financial results, particularly with respect to key metrics such as asset growth, earnings, and return on capital; effectiveness in leading our initiatives to increase customer value; and commitment to community leadership.

The Committee also considers each NEO's current salary and prior-year bonus, the appropriate balance between incentive compensation for long-term and short-term performance, and the compensation paid to the NEO's peers within the bank and insurance industries, based on selected industry surveys. In addition, the Committee reviews a tally sheet setting forth the compensation payable to and the benefits accruing to, the NEO, including (1) estimated annual benefit under the Bank's Supplementary Executive Pension Plan, based on current service, (2) current year value of vested outstanding equity-based grants, (3) current year value of participation in the Company's Employee Stock Purchase Plan, (4) the change in current deferred compensation balances and accruals on the deferred amounts, and (5) the value of certain prerequisites.

The key elements of our NEO compensation program are:

1. **Base Salary.** Base salaries for our executives are established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions.
2. **Annual Bonus.** The Company pays annual bonuses to incent and reward performance for the year. Bonuses are paid in cash in February for the prior year's performance and are based upon the Committee's evaluation of each executive's individual performance during the year, in the context of the Committee's assessment of the overall performance of the Company and the executive's business unit or function in meeting the specific financial and other key goals established for the Company and the executive's business unit or function by the Board of Directors. This evaluation also includes an assessment of how the executive performed compared to the financial, operational and strategic goals and objectives established by the Board of Directors for the executive at the beginning of the year.
3. **Stock Options.** The highest performing employees and those with highest potential are eligible for discretionary stock option awards, which are granted at a strike price equal to the market value on the date of grant. These options, which generally have ten year vesting schedules and specific forfeiture rules, represent a powerful shareholder alignment incentive. Every year, the Stock Option and Long-Term Incentive Plan Committee agrees on the maximum number of options available for allocation.

Table of Contents

The overall number depends on the financial situation of the Company, a competitive assessment, and the ability to purchase underlying shares on the market.

4. **Executive Deferred Salary Plan.** Under the Company's Deferred Compensation Plan, participating NEOs are able to defer, at their election, up to 100% of their base salary. This deferred salary amount accrues interest at a rate of 8.25%, which is based on the prime rate plus 1%. The interest rate is set at the beginning of each year and compounded annually, but interest income is not earned, and does not vest, unless the executive remains with the Company until vesting. Termination before the vesting date will result in an immediate payout of the deferred salary amount with no interest income payable, with exceptions for death, disability, and transfer to a successor employer. The Committee believes that this plan including the interest rate and vesting rule is an effective retention device.
5. **Supplemental Executive Retirement Plan (the SERP).** Messrs. Tilley, Glass, and Miller are participants of the SERP in order to increase their retirement benefits above amounts available under the Company's tax-qualified and other pension programs. The SERP is unfunded and is not qualified for tax purposes. An executive's annual benefit, when combined with amounts payable under the Company's tax-qualified and other pension programs and Social Security, will equal 70% of the executive's average last five years' salary before retirement at age 65. Because executives are generally not eligible for benefits under the SERP if they leave the Company prior to reaching age 60, the Committee believes that the SERP is one of the Company's most effective executive retention tools.
6. **Perquisites.** The Company provides its NEOs with perquisites that it believes are reasonable, competitive and consistent with its overall executive compensation program. The Company believes that its perquisites allow senior executive officers to operate more effectively. These perquisites may include a car allowance and/or club memberships.

Each year, the Committee meets in a session to review each NEO's performance in order to establish compensation for the following year. At this meeting, the Chief Executive Officer is asked to provide an individual performance review for each senior executive. After this discussion with the CEO, the Committee meets in executive session to review similar information regarding the CEO. The Committee considered the level of salaries and bonuses appropriate for the executive team because of the following positive results in fiscal 2005:

Strong total asset, net loan, and deposit growth of 9.2%, 18.0% and 11.6%, respectively.

Earnings grew 6.9% to \$4.8 million.

Non-interest income growth of 21.8%.

Return on average equity of 13.34%.

Additionally, the Committee considered the executive's leadership in meeting the operational and strategic goals established for him by the Company's Board of Directors in the beginning of 2006.

Employment Agreements. The Company believes in today's competitive market that a key tool to help retain senior executives and protect proprietary information and customer relationships is the use of clear and concise employment contracts. Mr. Tilley and Mrs. Glass both have employment agreements with the Bank. A discussion of the material terms of these agreements is set forth in this Proxy Statement under the section "Employment Agreements" following the Summary Compensation table below

(1) The assumptions used to calculate the present value of accumulated benefits is set forth in Note 11 to the Consolidated Financial Statements of the Company in its Annual Report on Form 10-K, which was filed with the SEC on March 22, 2007.

The following describes the material factors necessary to understand the pension benefits that are provided to the Named Executive Officers under the Bank's defined benefit pension and supplemental executive retirement plans. **Defined Benefit Pension Plan.** The Bank maintains a defined benefit pension plan (the Pension Plan) for all eligible employees, including employees of its subsidiaries. An employee becomes vested in a pension benefit after five years of service. Upon retirement at age 65, vested participants are entitled to receive a monthly benefit. The following table indicates the annual retirement benefit that would be payable under the Pension Plan, pursuant to the amended benefit formula discussed below, upon retirement at age 65 in fiscal year 2006, expressed in the form of a single life annuity

for the average annual earnings and years of credited service. The benefits listed below are not subject to deduction for Social Security or other offset amounts.

Years of Service at Normal Retirement

<i>Final Average Compensation</i>	<i>10</i>	<i>20</i>	<i>30</i>	<i>40</i>
\$ 30,000	\$ 3,000	\$ 6,000	\$ 9,000	\$ 9,000
\$ 50,000	\$ 5,000	\$10,000	\$15,000	\$15,000

\$150,000	\$15,000	\$30,000	\$45,000	\$45,000
\$220,000	\$22,000	\$44,000	\$66,000	\$66,000

Pension Benefit Formula: 1% of compensation times years of service (max 30).

Prior to an amendment to the Pension Plan, effective May 1, 1994, the monthly benefit under the Pension Plan was 3% of average monthly compensation multiplied by years of service up to a maximum of 15 years of

Table of Contents

service. In 1994, the Pension Plan was amended to change the benefit to 1% of average monthly compensation (as defined under the Pension Plan, generally the highest five consecutive compensation years out of the latest ten compensation years at retirement) multiplied by years of service up to a maximum of 30 years of service. However, the benefits already accrued by employees prior to this amendment were not reduced by the amendment.

Compensation generally is the compensation reported on Form W-2 as gross pay. In calculating a participant's benefit, annual compensation in excess of a limit set annually by the Secretary of the Treasury of the United States may not be considered. That limit (the IRS Compensation Limit) was \$220,000 for 2006. In addition, benefits provided under the Pension Plan may not exceed a benefit limit under the Internal Revenue Code (which was \$175,000 payable as a single life annuity beginning at normal retirement age in 2006). The Social Security Wage Base is the maximum amount of annual earnings or wages that is subject to the old age, survivors and disability insurance taxes that is in effect under the Social Security Act at the beginning of the plan year.

A participant is eligible for early retirement under the Pension Plan if the participant retires before normal retirement age but after attaining age 59 and completing 5 years of service. An early retirement benefit is reduced 1/15th per year for each year that the benefit commences prior to normal retirement age. At December 31, 2006, Messrs. Tilley and Glass had attained eligibility for early retirement under the Pension Plan, and Messrs. Miller, DeBacker and Kasperczyk were not eligible for early retirement. The Named Executive Officers are not eligible for unreduced Pension Plan benefits at any age before normal retirement age.

Benefits under the Pension Plan are 100% vested after an employee has completed at least five years of service. All of the Named Executive Officers are 100% vested in their benefits in the Pension Plan.

The Company does not credit service in the Pension Plan beyond the actual number of years an employee has participated in the plan or the plan of an acquired company that was merged into the Pension Plan. The years of credited service for all of the Named Executive Officers are based only on their service while eligible for participation in the Pension Plan or the prior pension plan of an acquired company. Generally, a participant must be paid for at least 1,000 hours of work during a plan year to be credited with a year of service for purposes of the Pension Plan.

Benefits under the Pension Plan are paid over the lifetime of the Named Executive Officer or the lifetimes of the Named Executive Officer and a beneficiary, as elected by the Named Executive Officer. If the Named Executive Officer is married on the date payments are to begin under the Pension Plan, payment will be in the form of a joint and 50% survivor annuity with the spouse as beneficiary, unless the Named Executive Officer elects another form of payment with the consent of the spouse. If benefits are paid in a form in which a benefit is to be paid to a beneficiary after the death of the Named Executive Officer, benefits are reduced from the amount payable as a lifetime benefit solely to the Named Executive Officer in accordance with the actuarial factors that apply to all participants in the Pension Plan. The Pension Plan generally does not make distributions in the form of a one-time lump sum payment. A participant's benefit is payable as an annuity with monthly benefit payments, unless the present value of the normal retirement benefit is less than \$5,000.

Benefits under the Pension Plan are funded by an irrevocable, tax-exempt trust. The Pension Plan benefits of all participants, including those benefits of Named Executive Officers, are payable from the assets held by the tax-exempt trust.

Supplemental Executive Retirement Plans. The Bank maintains a Supplemental Executive Retirement Plan (the SERP) in which each of Messrs. Tilley, Glass and Miller is a participant. Under the SERPs, each of Messrs. Tilley, Glass and Miller is entitled to an annual benefit payment equal to 70% of his final average earnings, currently defined as the highest average of five consecutive years out of the last ten worked, reduced

Table of Contents

by 50% of his annual Social Security benefit, the amount of his annual benefit under the Pension Plan, and the value of his annual benefit attributable to employer matching contributions to the Bank's 401(k) Plan, at or after attaining age 65. There are provisions for reduced early retirement benefits after attaining age 60 but prior to age 65, provided, however, that such benefits are reduced by 2% for each point by which the participant's age and years of service are less than 75. Upon a participant's entitlement to a benefit under the SERP, his benefit shall be paid in the form of either (i) a single life annuity with 15 payments guaranteed, or (ii) a lump sum payment which is actuarially equivalent to the annuity form of payment described in clause (i). The SERP also allows for payment of such benefit to a designated beneficiary under certain circumstances, such as upon the death of the employee.

Executive Life Insurance Plan. The Company provides an endorsement split-dollar benefit to certain officers and directors in connection with bank-owned life insurance maintained by the Bank. This benefit carries with officers and directors post-retirement. See Summary Compensation Table for a summary of the economic benefit received by Messrs. Tilley, Glass, DeBacker and Miller. The benefit for all non-employee directors is in the amount of \$200,000. The amounts for the benefit of Named Executive Officers is 3.75 times base salary for those hired prior to May 1, 1992 and 2.0 times base salary for those hired after May 1, 1992. The amount of the benefits for Messrs. Tilley, Glass and Miller are \$845,000; \$332,000; and \$413,000, respectively.

Employee Savings Plan. The Bank also maintains a 401(k) salary deferral plan to assist employees, including employees of its subsidiaries, in saving for retirement. All employees are eligible to participate on the first of the month following date of hire. Eligible employees can contribute up to the maximum amount allowable under the Internal Revenue Code. After one year of service, the Bank makes matching contributions equal to an automatic 1% of an employee's base compensation plus 25% of the employee's contribution up to 4% of their annual base compensation. Participants are always 100% vested both in their own contributions and the Bank's matching contribution.

Individual account earnings will depend on the performance of the particular funds in which the participant invests. Specific guidelines govern adjustments to contribution levels, investment decisions and withdrawals from the plan. The benefit is paid as an annuity unless the employee elects one of the optional forms of payment available under the plan. See Summary Compensation Table for a summary of the amounts contributed by the Bank to the Employee Savings Plan for the benefit of Messrs. Tilley, Glass, DeBacker and Miller.

Deferred Compensation Plan. The Company's Non-qualified Deferred Compensation Plan allows Named Executive Officers to elect to defer 1% to 100% of their base salary until retirement or termination of service. The Company credits such deferrals at a rate determined at the beginning of each plan year by the Human Resource Committee, which is based on the prime rate then in effect. During fiscal 2006, amounts credited under the Deferred Compensation Plan at interest rates greater than 120% of the applicable federal long-term rate in effect have been reported for the Named Executive Officers in the Summary Compensation Table in the Change in Pension Value and Non-qualified Deferred Compensation column for the amounts credited at the rate paid less 120% of the applicable federal long-term rate. Named Executive Officers are 100% vested in their deferred account balance, including credited interest, immediately. Named Executive Officers may choose 5, 10 or 15 years or lump sum payment option.

TRANSACTIONS WITH RELATED PERSONS

The Company's written policies and procedures with respect to transactions with related persons requires the review and approval or ratification by the Audit Committee for any transaction in which the Company will be a participant and any related person has or will have a material interest (direct or indirect), other than transactions involving less than \$5,000 when aggregated with all similar transactions. Related persons include the Company's directors, director nominees and executive officers and their immediate family members, as well as persons owning more than 5% of the Company's common stock and any immediate family member of such shareholder.

Under the Company's related person policy, a related person transaction may be consummated or continue if the Audit Committee shall have approved or ratified the transaction in accordance with the following guidelines: in considering whether to approve or ratify related person transactions, the Audit Committee will take into account, among other factors: whether the related person transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; whether the related person transaction has been reviewed and approved by the Company's subsidiary banking institution in accordance with Federal Reserve Regulation O and the process and procedure established by such subsidiary banking institution to insure compliance with Regulation O; whether the related person transaction is approved by the disinterested members of the Board of Directors; or whether the related person transaction involves compensation approved by the Company's Human Resource Committee.

The Audit Committee meets annually with management to discuss and review related person transaction for that calendar year, including the proposed aggregate value of such transactions. After review and discussion, the Audit Committee will determine, based on the above guidelines, whether to approve or ratify each related person transaction, and at each subsequently scheduled meeting, management will update the Audit Committee, as necessary, as to any material change to related person transactions and any proposed related person transactions.

In the event a related person transaction is proposed during the interim period between regularly scheduled Audit Committee meetings, such transactions may be presented to the Audit Committee by management for approval or preliminarily entered into by management subject to ratification by the Audit Committee in accordance with the above guidelines; provided that if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

In particular, the Audit Committee approved the provision of certain life insurance policies from Massachusetts Mutual Life Insurance Company, Inc. for which Thomas H. Waring, Jr., a director, serves as agent on terms and conditions normal and customary in the ordinary course of business for the purchase of life insurance. The total premium paid was approximately \$230,000 in fiscal 2006, which amounted to less than 5% of the firm's gross revenue.

Table of Contents

Additionally, the Audit Committee approved the services of Harris Beach, PLLC as its general counsel, for which Phillip Brothman, director, is a partner, and the provision of services are considered normal and customary in the ordinary course of business. The fees paid to Harris Beach PLLC for legal services in fiscal 2006, approximately \$140,000, amounted to less than 5% of the firm's gross revenues for fiscal 2006.

The Bank has had, and in the future expects to have, banking and fiduciary transactions with Directors and Executive Officers of the Company and some of their affiliates. All such transactions have been in the ordinary course of business and on substantially the same terms (including interest rates and collateral on loans) as those prevailing at the time for comparable transactions with unrelated third parties, and do not involve more than a normal risk of collectivity or present other unfavorable features.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

overseeing the independent auditor's qualifications and independence,

overseeing the performance of the Company's internal audit function, and

overseeing the Company's system of disclosure controls and system of internal controls regarding finance, accounting, legal compliance, and ethics that management and the Board have established.

The Audit Committee has reviewed and discussed with the Company's management and KPMG LLP, the Company's independent auditors, the audited consolidated financial statements of the Company contained in the Company's Annual Report on Form 10-K for the 2006 fiscal year. Fees Billed by KPMG LLP. The following table shows the fees that KPMG LLP billed the Company for audit and other services provided for fiscal years 2006 and 2005. Audit fees consist of professional services rendered for the audit of the Company's annual consolidated financial statements, review of the Company's financial statements included in the Company's quarterly reports on Form 10-Q and services associated with SEC registration statements and other SEC filings. Tax fees consist of tax compliance, tax advice and planning services.

	2006	2005
Audit Fees	\$ 118,000	\$ 98,500
Audit-Related Fees		
Tax Fees	54,228	
All Other Fees		
Total	\$ 172,228	\$ 98,500

All fees listed in the table above were pre-approved by the Company's Audit Committee.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence and has concluded that such services did not impair KPMG LLP's independence. The Audit Committee's pre-approval policy details the types of audit, audit-related, tax and other services that have the general pre-approval of the Audit Committee, and the cost limits for those services. Unless a type of service to be provided by the independent auditors has received general pre-approval, it requires specific pre-approval by the Audit Committee. Also, any proposed services exceeding pre-approved cost levels require specific pre-approval by the Audit Committee.

Solicitation other than by mail may be made by directors, officers or by regular employees of the Company, who will receive no additional compensation therefor, by personal or telephone solicitation, the cost of which is expected to be nominal.

The Board of Directors knows of no other matters to be presented for shareholder action at the Annual Meeting, other than the election of directors. However, if other matters do properly come before the meeting or any adjournments thereof, the Board of Directors intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.
