Item 1.01 Entry into a Material Definitive Agreement

On July 27, 2015, Acorda Therapeutics, Inc. (the “Company”), Neuronex, Inc. (“Neuronex”) and Moise A. Khayrallah, as the “Stockholders’ Representative,” entered into Amendment No. 1 (the “Amendment”) to the Agreement and Plan of Merger (the “Merger Agreement”) dated as of February 15, 2012, among the Company, one of its wholly-owned subsidiaries, Neuronex, and the Stockholders’ Representative.

Pursuant to the Merger Agreement, in December 2012 the Company acquired Neuronex and its development program for Diazepam Nasal Spray (branded as Plumiaz by the Company). Plumiaz is a proprietary nasal spray formulation of diazepam that the Company is developing as a treatment for people with epilepsy who experience seizure clusters, also known as acute repetitive seizures. Pursuant to the Amendment, the Stockholders’ Representative, on behalf of the former Neuronex equity holders, agreed to certain modifications to the Company’s future contingent payment obligations regarding the development and potential commercialization of Plumiaz, described below. In consideration of those modifications, pursuant to the Amendment the Company has agreed to pay the former Neuronex equity holders \$8,750,000.

Under the Merger Agreement, the former equity holders of Neuronex will be entitled to receive payments from the Company, in addition to payments the Company has already made under the Merger Agreement, upon the achievement of specified regulatory, manufacturing-related, and sales milestones with respect to Diazepam Nasal Spray products (Plumiaz). Pursuant to the Merger Agreement as amended by the Amendment, the Company is obligated to pay (i) up to \$3 million in specified regulatory and manufacturing-related milestone payments, a reduction from up to \$18 million in such payments that were originally specified in the Merger Agreement, and (ii) up to \$100 million upon the achievement of specified sales milestones, a reduction from up to \$105 million in such payments that were originally specified in the Merger Agreement.

Under the Merger Agreement, the former equity holders of Neuronex will also be entitled to receive tiered royalty-like earnout payments on worldwide net sales of Diazepam Nasal Spray products (Plumiaz), if any. The rates for these payments pursuant to the Merger Agreement originally ranged from the upper single digits to lower double digits, but were modified pursuant to the Amendment and now range from the mid single digits to mid double digits. These payments are payable on a country-by-country basis until the earlier to occur of ten (10) years after the first commercial sale of a product in such country and the entry of generic competition in such country as defined in the Merger Agreement.

Neuronex, the Company's wholly-owned subsidiary since the acquisition, licenses patent, patent application, other intellectual property and other rights relating to Diazepam Nasal Spray products from SK Biopharmaceuticals Co., Ltd., or SK. Neuronex has milestone and royalty payment obligations under the SK license that are separate from the Company’s payment obligations described above under the Merger Agreement, as amended.
