Item 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

This form 8-K/A hereby amends and restates in its entirety Item 2.05 of the current report on Form 8-K filed by Vulcan Materials Company on June 13, 2005, to provide estimates required to be reported under Item 2.05, which were not available to be included in the Form 8-K filed on June 13, 2005 and as a result were omitted as permitted by Item 2.05.

See Item 2.01 in the June 13, 2005 8-K filing, which is hereby incorporated by reference.

The decision to enter into the Asset Purchase Agreement and sell the Chemicals Business was based primarily on Vulcan's desire to focus its resources on its construction materials business. As a result of this transaction, Vulcan expects to incur approximately \$21.3 million of pre-tax exit and disposal charges consisting of \$7.8 million of SFAS 88 expense (Statement of Financial Accounting Standards No. 88, "Employers' Accounting for Settlements & Curtailments of Defined Benefit Pension Plans and for Termination Benefits"), \$8.0 million for employee severance expenses, primarily referable to outstanding stock-based incentives, and \$5.5 million for various transaction fees. Approximately \$16.1 million of the above charges were recognized by the end of the second quarter 2005, \$4.5 million will be recognized in the third quarter 2005, \$0.5 million in the fourth quarter 2005, with the remaining costs of \$0.2 million recognized in the first quarter of 2006. Approximately \$7.9 million of the charges are for cash expenditures and the remaining \$13.4 million are for non-cash charges.

In addition to the above, Vulcan is potentially liable for a cash transaction bonus payable in the future to certain key chemicals employees. This contingent payment is directly attributable to the cash receipts realized from the two earn-outs described in the original June 13, 2005 8-K filing. At the current valuations of the earn-outs, the calculated transaction bonus would be \$0. Based on the likely possible range of cash receipts from the earn-outs, the range for the contingent payment is between \$0 and \$5 million.
