Dear Stockholder:

You are cordially invited to attend the 2004 annual meeting of stockholders, which will be held in the Forum Room of Wells Fargo Bank, 1740 Broadway, Denver, Colorado on Wednesday, May 26, 2004, at 3:00 p.m. local time.

At the meeting you and the other stockholders will vote on the election of eight directors and approval of a Restricted Stock Plan for the issuance of restricted stock and restricted stock unit awards to employees, consultants and directors. The approval of the Restricted Stock Plan will not increase the number of shares of common stock authorized for grant of stock to employees, consultants or directors, as shares under this plan will be limited to and inclusive of shares previously authorized under the stock option plans. You will also have the opportunity to hear reports on St. Mary's operations and to ask questions of general interest. You can find other more specific information about the meeting in the accompanying proxy statement, and can find detailed information about St. Mary in the enclosed annual report.

Please complete and sign the enclosed proxy card and return it promptly in the accompanying envelope, or use the telephone or Internet voting systems described on the proxy card. This will ensure that your shares are represented at the meeting even if you cannot attend.

Thank you for your cooperation in returning your proxy card or voting by telephone or the Internet as promptly as possible. We hope to see many of you at our meeting in Denver.

Very truly yours,

Mark A. Hellerstein

Proxy Statement

General

This proxy statement contains information about the 2004 annual meeting of stockholders of St. Mary Land & Exploration Company to be held in the Forum Room of the Wells Fargo Bank, 1740 Broadway, Denver, Colorado on Wednesday, May 26, 2004, at 3:00 p.m. local time. The St. Mary Board of Directors is using this proxy statement to solicit proxies for use at the annual meeting. In this proxy statement, "St. Mary"

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

and "the Company" both refer to St. Mary Land & Exploration Company. This proxy statement and the enclosed proxy card are being mailed to you on or about April 15, 2004.

Purpose of the Annual Meeting

At the Company's annual meeting, stockholders will vote on:

the election of directors as outlined in the accompanying notice of meeting;

approval of a Restricted Stock Plan to issue restricted stock and restricted stock unit awards to employees, consultants and directors. The approval of this plan will not result in increased dilution because it will not increase the number of shares available for grant to employees, consultants or directors since the shares will be limited to those currently available under previously approved stock option plans; and

any other business that properly comes before the meeting.

As of the date of this proxy statement, the Company is not aware of any business to come before the meeting other than the items noted above.

Who Can Vote

Only stockholders of record at the close of business on the record date of April 12, 2004, are entitled to receive notice of the annual meeting and to vote the shares of St. Mary common stock they held on that date. As of April 12, 2004, there were 28,540,682 shares of St. Mary common stock issued and outstanding. Holders of St. Mary common stock are entitled to one vote per share and are not allowed to cumulate votes in the election of directors. The enclosed proxy card shows the number of shares that you are entitled to vote.

How to Vote

If your shares of St. Mary common stock are held by a broker, bank or other nominee (in "street name"), you will receive information from them on how to instruct them to vote your shares.

If you hold shares of St. Mary common stock in your own name (as a "stockholder of record"), you may give instructions on how your shares are to be voted by marking, signing, dating and returning the enclosed proxy card in the accompanying postage-paid envelope or following the telephone or Internet voting procedures described on the proxy card. The telephone and Internet voting procedures are designed to ensure that proxies are handled properly under Delaware law by authenticating votes cast by use of a personal identification number and allowing stockholders to confirm that their

1

instructions have been properly recorded. If you vote by telephone or the Internet, you do not have to mail in your proxy card.

If you hold shares in both street name and as a stockholder of record, you must vote separately for each set of shares.

A proxy, when properly completed and not revoked, will be voted in accordance with its instructions. If no voting instructions on a particular matter are given on a properly executed and unrevoked proxy card, the shares represented by the proxy will be voted on that particular matter as follows:

FOR the election as directors of the nominees named in this proxy statement under the caption "Nominees for Election as Directors," and

FOR approval of the Restricted Stock Plan.

Revoking a Proxy

You may revoke a proxy before the vote is taken at the meeting by:

submitting a new proxy with a later date either signed and returned by mail or transmitted using the telephone or Internet voting procedures before the meeting;

by voting in person at the meeting; or

by filing a written revocation with St. Mary's corporate secretary.

Your attendance at the annual meeting will not automatically revoke your proxy.

Voting Requirements

Election of Directors The St. Mary By-Laws provide that the election of directors shall be decided by the vote of the holders of a majority of the shares present in person or by proxy at the meeting and entitled to vote. Any shares present but not voted for approval, including withheld votes and broker non-votes, will have the same effect as if the shares were voted against approval.

Approval of Restricted Stock Plan Under New York Stock Exchange rules, the approval of the Restricted Stock Plan requires the affirmative vote of a majority of the votes cast on the Restricted Stock Plan, and that the total votes cast represent over 50% of all shares entitled to vote. Abstentions and broker non-votes will have the effect of votes against approval of the Restricted Stock Plan.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. A quorum will exist if stockholders of one-third of the outstanding shares of common stock are present at the meeting in person or by proxy. Abstentions and broker "non-votes" count as present for establishing a quorum. A broker non-vote occurs on a matter when a broker is not permitted to vote on that matter without instruction from the beneficial owner of the shares and no instruction is given. Under New York Stock Exchange rules, a broker is not permitted to vote shares held in street name on the Restricted Stock Plan without instructions from the beneficial owner. Shares held by St. Mary in its treasury are not entitled to vote and do not count toward a quorum. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

Payment of Proxy Solicitation Costs

St. Mary will pay all costs of soliciting proxies. The solicitation will be made by mail. In addition to mailing proxy solicitation material, St. Mary officers, directors and employees may also solicit proxies in

person, by telephone, or by other electronic means of communication. St. Mary will ask banks, brokers, other institutions, nominees and fiduciaries to forward the proxy material to their principals and obtain authority to execute proxies. St. Mary will reimburse them for reasonable expenses. St. Mary has also retained The Altman Group, Inc. to assist in the solicitation of proxies for an estimated fee of \$10,000 plus reimbursement of reasonable expenses.

ELECTION OF DIRECTORS

All directors of the Company are elected annually. At this meeting, eight directors are to be elected to serve for one year or until their successors are elected and qualified. The Company's nominees for these directorships are identified below; all of whom except William D. Sullivan are currently serving in that capacity. Arend J. Sandbulte, age 70, is a current director who is retiring from the Board of Directors after 15 years of service, based on the normal retirement age of directors, and will not stand for re-election to the Board of Directors.

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

The Board of Directors has a Nominating and Corporate Governance Committee that selects the director nominees. This Committee performed its nominating committee functions during 2003 and early 2004. The Committee selects each nominee based on the nominee's skills, achievements and experience, with the objective as set forth in the Company's Corporate Governance Guidelines that the Board as a whole should have broad and relevant experience in high policymaking levels in business and a commitment to representing the long-term interests of the stockholders. The Committee believes that each nominee should have experience in positions of responsibility and leadership, an understanding of the Company's business environment and a reputation for integrity.

The Committee evaluates each potential nominee individually and in the context of the Board as a whole. The objective is to recommend a group that will effectively contribute to the long-term success of the Company and represent stockholder interests. In determining whether to recommend a director for re-election, the Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board.

When seeking candidates for director, the Committee solicits suggestions from incumbent directors, management, stockholders or others. The Committee has authority under its charter to retain a search firm for this purpose. A search firm was utilized in early 2004 to screen and identify new candidates to replace Mr. Sandbulte. This work included the preparation of formal write-ups and background searches of the candidates. After conducting an initial evaluation of potential candidates, the Committee interviewed a select number of candidates that it believed might be suitable to serve as a director. If the Committee believes a candidate would be a valuable addition to the Board of Directors, it recommends his or her candidacy to the full Board of Directors.

William D. Sullivan is standing for election to the Board of Directors for the first time. Mr. Sullivan was initially recommended to the Committee for consideration by Mr. Seidl, chairman of the Committee. Mr. Seidl received several recommendations of Mr. Sullivan from industry contacts. The Committee recommended Mr. Sullivan for candidacy to the Board of Directors as a culmination of the process outlined above. The entire Committee and Board believe that Mr. Sullivan will make a valuable addition to the Board of Directors.

The Committee will consider suggestions by stockholders of possible future nominees. No such suggestions were received during 2003 from a beneficial owner of more than 5% of St. Mary's stock. Stockholder suggestions should be delivered on or before November 1 in any year before the next annual meeting. In addition, St. Mary's by-laws permit stockholders to nominate directors for election at an annual meeting, provided that advance written notice of the nomination containing the information required under the by-laws is received by the Secretary of St. Mary not less than 75 days nor more than 105 days before the first anniversary date of the immediately preceding annual meeting. Accordingly, proper notice of a stockholder nomination for election as director at the 2005 annual meeting must be received by St. Mary between February 10, 2005 and March 12, 2005.

3

The proxies will be voted in favor of the nominees unless a contrary specification is made in the proxy. All nominees have consented to serve as directors of the Company if elected. However, if any nominee is unable to serve or for good cause will not serve as a director, the persons named in the proxy intend to vote in their discretion for a substitute who will be designated by the Board of Directors.

The Board of Directors recommends voting "FOR" electing the nominees.

Board of Directors

The Board is comprised of a majority of independent directors. The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are each comprised solely of independent directors. The written charters for all three independent committees can be found on the Company's website at www.stmaryland.com together with the Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics and Executive Committee Charter. Selection of Directors

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

The Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee shall be responsible for identifying and recommending Directors for nomination by the Board for election as members of the Board. Stockholders may nominate persons for election to the Board in accordance with the Company's By-Laws. The Board will evaluate each potential nominee individually and in the context of the Board as a whole. In determining whether to recommend a Director for re-election, the Nominating and Corporate Governance Committee also considers the Director's past attendance at meetings and participation in and contributions to the activities of the Board.

Presiding Director at the Non-Management Directors' Executive Sessions

The Nominating and Corporate Governance Committee is comprised solely of independent directors. All non-management directors meet in executive session immediately before each regularly scheduled meeting of the Board of Directors. Mr. Seidl as chairman of the Nominating and Corporate Governance Committee presided at these executive sessions.

5

Communication with the Directors of the Company

The Board of Directors welcomes questions or comments about the Company and its operations. Those interested may contact the Board of Directors as a whole, non-management directors or any one or more specified individual directors by sending a letter to the intended recipients' attention in care of St. Mary Corporate Secretary, 1776 Lincoln Street, Suite 700, Denver, CO 80203. All such communications other than commercial advertisements will be forwarded to the appropriate director or directors for review.

BOARD AND COMMITTEE MEETINGS

The full Board of Directors met six times during 2003. All directors attended 100 percent of the Board meetings and not less than 75 percent of the committee meetings held during the director's tenure on the Board and its committees.

It is the Company's policy that each director is expected to attend the Annual Meeting of Stockholders. Each director attended the 2003 Annual Meeting of Stockholders.

The Board has an Audit Committee, Nominating and Corporate Governance Committee, Compensation Committee and an Executive Committee. As noted previously, the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee are each comprised solely of independent directors.

Each of the committees and the entire Board evaluated its performance in 2003. The performance evaluations were supervised by the Nominating and Corporate Governance Committee and discussed by the full Board. The following table sets forth the members of each committee and the number of meetings held in 2003.

The Audit Committee assists the Board in fulfilling its oversight responsibilities for financial reporting by the Company. Audit Committee members are prohibited from serving on more than three audit committees of public companies. We do not have any Audit Committee members that serve on any other company's audit committee. The Audit Committee is solely responsible for the engagement and discharge of independent auditors and reviews the quarterly and annual financial results. The committee reviews the audit plan and the results of the audit with the independent auditors, the independence of the auditors, the range of audit fees, the scope and adequacy of St. Mary's system of internal accounting controls, and the Company's risk management policies. The Audit Committee is currently composed of five directors, each of whom is independent as defined by the NYSE listing standards. See the Audit Committee Report contained in this proxy statement.

6

The Board of Directors has determined that each of the current Audit Committee members is an audit committee financial expert as the term is defined by SEC rules.

The Nominating and Corporate Governance Committee's primary function is to nominate the individuals to be elected to the directors and to oversee all corporate governance policies of the Board of Directors. The committee meets in conjunction with each regular Board meeting.

The Compensation Committee's primary function is to oversee the administration of the Company's employee benefit plans and to establish the Company's compensation policies. The Compensation Committee recommends to the Board the compensation arrangements for senior management and directors, adoption of compensation plans in which officers and directors are eligible to participate, and the granting of equity based compensation or other benefits under compensation plans. See the "Report of the Compensation Committee on Executive Compensation" contained in this proxy statement.

The Executive Committee has the authority to act on behalf of the Board of Directors and the Company with respect to matters as to which it has been authorized to act by the Board of Directors, provided that such matters are not in conflict with the certificate of incorporation or by-laws of the Company or applicable laws, regulations or rules and listing standards of the New York Stock Exchange.

There are no arrangements or understandings between any director and any other person pursuant to which that director was or is to be elected.

DIRECTOR COMPENSATION

Employee directors do not receive additional compensation for serving on the Board of Directors or any committee. Each non-employee director received 1,200 shares of St. Mary common stock in 2003 for serving as a director and is paid \$750 for each meeting attended. Non-employee directors serving on a committee are paid \$600 for each committee meeting attended and \$375 for telephonic meetings. Directors are reimbursed for expenses incurred in attending Board and committee meetings.

Members of the Board of Directors also participate in the Company's Stock Option Plan. In 2003, non-employee directors received a total number of options based on a formula. The formula considered the average salary of the CEO and COO of peer companies of St. Mary. The resultant average salary number is applied to the formula for granting options in order to determine the total number of options available to the non-employee directors. This resulting number of options was divided by six to determine the number of grants each non-employee director will receive. These options have an exercise price equal to the fair market value of St. Mary common stock on the date of grant and vest over a three-year period in the same manner as for employee participants, except that the options of a director who retires after five years of service shall become fully vested upon retirement. For 2003, each non-employee director was granted under this arrangement an option to purchase 5,714 shares of St. Mary common stock at an exercise price of \$28.50 per share. On January 1, 2004, Mr. Boone was granted an option to purchase 5,714 shares of common stock at a price of \$28.50 per share. This grant was intended to compensate Mr. Boone on a consistent basis as other non-employee directors.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors has responsibility for reviewing, evaluating and recommending to the Board of Directors the director and officer compensation plans, policies and programs and for recommending to the Board the specific compensation arrangements for executive officers and directors. After consideration of the Compensation Committee's recommendations, the full Board of Directors reviews and approves the compensation of all elected officers, including the executive officers named in the Summary Compensation

Table presented in this proxy, and also determines the compensation for the Board itself.

The Compensation Committee oversees the administration of the Company's executive compensation programs including programs for cash bonuses, stock options and the Net Profits Interest Bonus Plan. The Compensation Committee annually evaluates the chief executive officer's performance in light of goals and objectives previously established and recommends to the Board of Directors the chief executive officer's compensation based on such evaluation. The Compensation Committee also reviews the performance of the Company's pension and 401(k) plans with the trustees of those plans. In addition, the Compensation Committee approves the grants of stock options made to all employees under the Company's stock option plans.

The goals of the Company's integrated management compensation programs include the following:

To attract and retain talented management personnel;

To encourage management to obtain superior returns for St. Mary's stockholders; and,

To promote preservation and growth of the Company's income producing assets.

Salaries

In order to emphasize performance-based incentive compensation, base salaries of executive officers are targeted not to exceed the median salaries of similar officers in industry companies having a financial position and performance comparable to that of the Company. With the assistance and information from external consultants and based on survey data from the Company's industry peer group, the Compensation Committee determines the salary ranges for various positions. The Compensation Committee then reviews management's recommendations for executive officer salaries and the performance summaries on which they are based. The Compensation Committee makes final

12

salary recommendations to the full Board of Directors based on officer experience, sustained performance and comparisons to peers both inside and outside the Company.

Incentive Compensation

The Company has established three incentive compensation plans. These have the potential to substantially increase annual compensation if the economic performance of the Company and the performance of the affected employees so warrants. These plans have certain specific objectives.

1. The Company has established a Cash Bonus Plan. Each year the Board of Directors evaluates the overall performance of the Company for the year as well as of the Company's individual regions and with the assistance of the Compensation Committee determines the total cash bonus available to be allocated to employees. The participation of each designee in the total allocated bonus is a function of overall, regional and individual performance during the year.

2. The Stock Option Plan is intended to reward executive officers and key employees of the Company for long-term increases in the value of the Company's stock. The Stock Option Plan focuses on appreciation of the market price of the Company's stock over a period of up to ten years and is designed to encourage management's concern for long-term appreciation of the stockholders' interests. As implemented by the Board of Directors, if the average stock appreciation during this period is 15% per year, relative to a base price established by the Compensation Committee, then the persons granted stock options at the beginning of the period generally will, at the end of five years, have the opportunity to realize an amount of appreciation through exercise of their stock options approximately equal to 100% of their base salaries at the time the stock options were granted. In addition, an Incentive Stock Option Plan ("ISO Plan") has been established as a companion option plan with the Stock Option Plan. The ISO Plan is an alternative to the Stock Option Plan for those employees designated by the Board of Directors to be granted stock options, with such employees electing at the time of grant whether the options granted will be either an equal number of: (a) non-tax qualified options granted under the above-described Stock Option Plan or (b) incentive stock options granted under the ISO Plan. In May 2003, the Board of Directors amended the stock option plans to prohibit any repricing of outstanding options to reduce the exercise price without

stockholder approval.

Commencing in 2004, the Compensation Committee intends to use restricted stock unit awards as the primary stock based incentive plan providing the stockholders approve the Restricted Stock Plan. The annual grant of restricted stock unit awards will be based on the same basic formula that the Cash Bonus Plan utilizes. This formula will only provide for a grant if the Company's measured performance for the preceding period exceeds certain defined criteria. Unlike the grants under the Stock Option Plan, there exists a possibility for no awards to be made in a given year if the established criteria for grants are not achieved.

3. The Net Profits Interest Bonus Plan is designed to reward the contributions made by various management personnel to the Company's financial success. Plan participants share in the net profits derived from all oil and gas activity for a calendar year, after payout to the Company of 100% of related costs and expenses. Specifically, after the Company has received cash flows returning 100% of all costs and expenses associated with a designated pool for a particular year, 10% of the future cash flow from those properties is distributed among the pool participants. This cash flow is distributed based on a portion of each participant's relative weighted salary, as well as on subjective individual performance criteria. After the Company has recovered 200% of the total costs and expenses for the pool, including prior distributions under the plan at the 10% level, 20% of the future net cash flow is distributed among pool participants based on the criteria outlined above. Acknowledging that senior management has the primary accountability for profitable operations and investments, the salaries of the president, the executive vice-president and certain other vice-presidents as deemed appropriate by the Compensation Committee are weighted at 100% and the salaries of all other participants are

13

weighted at two-thirds of actual base salary or less as well as on subjective individual and regional performance criteria. Payout with respect to a net profits pool established for a year will generally not occur until several years later, at which time payments to participants with respect to such early year pools will commence. Because these payments are based on the performance of previous capital investments, they may not bear a direct relationship to the Company's performance in the actual year payouts are made. Payouts under the plan have begun as soon as two years, but typically begin approximately four to six years following the year in which the initial capital investment take place.

The committee's goal is that, over time, the combined amounts of compensation received by Company executives from the stock compensation plans and the Net Profits Interest Bonus Plan will approximate the value of stock options and other long-term incentives received by executives at peer companies in the oil and gas industry with similar financial position and performance to that of the Company.

Compensation of the Chief Executive Officer

The compensation of Mark A. Hellerstein, chairman of the Board of Directors, president and chief executive officer, consists of the same components and criteria as other executive officers, including base salary, cash bonus, stock options and net profits interest bonus. His base salary is reviewed annually by the Compensation Committee and is targeted to approximate the median salary of the chief executive officers of industry companies having a financial position and performance comparable to that of the Company, with a greater emphasis on incentive compensation tied to the Company's performance. Mr. Hellerstein's base salary in 2003 increased \$29,000 or 8.8% over 2002. His total cash and net profits interest bonuses earned increased by approximately \$1.1 million in 2003 compared with 2002 primarily because of the increased cash bonus award and the significant effect of recent oil and gas commodity prices on the net profit interests bonus pools as compared to prior years. Since the Company met its corporate goals, Mr. Hellerstein was granted a \$179,500 bonus under the cash bonus plan for 2003. Oil and gas production increased by 40 percent to 76.9 Mcfe and total proved reserves grew by 21 percent as a result of drilling and acquisition activity. These items coupled with controlled cost increases and exceptionally strong commodity prices helped the Company achieve a substantial increase in its net asset value per share.

A significant portion of Mr. Hellerstein's compensation is at risk. The annual cash bonus calculation contemplates payment percentages ranging from zero to 50% of base compensation and is determined based on the change in net asset value of the Company over the year. Additionally, a substantial portion of Mr. Hellerstein's total compensation is derived from payments made under the Net Profits Interest Bonus Plan. The design of this plan was to align the interest of the stockholders and management to provide an incentive to management to deliver value to the stockholders. Payouts under the plan begin only after the Company has recovered 100% of its capital investment, lease operating costs and production taxes. As a result, the amount invested in the properties, the performance of the properties, the ability to control costs and the impact of commodity prices all have a direct impact on payouts under the plan. Payouts under the plan begin as soon as two years, but typically begin approximately six years following the initial capital investment.

During 2003, the Compensation Committee and the Board of Directors used an independent compensation consultant to compare St. Mary's executive compensation package to that of comparable peer companies in the oil and gas industry. The Company's compensation system was considered to be appropriate relative to its peer competitors, adjusted for the size and performance of St. Mary.

Conclusion

St. Mary's executive compensation is linked to individual and corporate performance and stock price appreciation. Compensation is set in comparison to similar industry companies. The

14

Compensation Committee intends to continue the policy of linking executive compensation to individual and corporate performance, as well as to stockholder returns. The Committee also contends that there is merit in providing cash bonus incentives to key employees in a manner that is partially independent of the fluctuations in the business cycles of the oil and gas industry.

RETIREMENT PLANS**Pension Plan**

The Company's Pension Plan is a qualified, non-contributory defined benefit plan which is available to substantially all employees. This plan was amended in 1994 to conform to the changes required by the Tax Reform Act of 1986 and to reduce the plan formula. The Company also has a supplemental pension plan for certain executive officers to provide for benefits in excess of Internal Revenue Code limits.

The qualified plan provides a benefit after 25 years of service equal to 35% of final average compensation, subject to Internal Revenue Code limits. Final average compensation is the average of the highest three consecutive years of the 10 years preceding termination of employment. For each named executive officer, the level of compensation used to determine benefits payable under the qualified pension plan is that officer's average of the base salaries (excluding bonus) shown in the Summary Compensation Table.

The supplemental plan provides executives hired before 1995, after completing 15 years of service and reaching age 65, a benefit equal to 40% of final average compensation plus 37% of final average compensation integrated with the social security wage base without regard to compensation limitations provided under the qualified plan, less the benefit provided by the qualified plan. For executives hired after 1994, the supplemental benefit is calculated using the formula for the qualified plan without the limitation imposed by Section 415 of the Internal Revenue Code, less the benefit provided by the qualified plan.

The following table shows the estimated maximum annual benefits payable upon retirement at age 65 as a straight life annuity to participants in the pension plans for the indicated levels of average annual compensation and years of service.

Remuneration	Estimated annual pension benefits for executives hired before 1995 with 15 years of service	Estimated annual pension benefits for executives hired after 1994 with 25 years of service

401(k) Plan

The Company's 401(k) Profit Sharing Plan is a defined contribution pension plan subject to the Employee Retirement Income Security Act of 1974. The 401(k) Plan allows eligible employees to contribute up to 60 percent of their income on a pre-tax basis through contributions to the 401(k) Plan. Contributions are limited to amounts determined by Internal Revenue Code regulations. The Company matches each employee's contributions up to six percent of the employee's pre-tax income. Company contributions vest over an employee's first five years of employment.

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

On September 1, 1991, St. Mary entered into an employment agreement with Mark A. Hellerstein. His current salary is \$367,000 per year. Compensation is reviewed annually. Mr. Hellerstein participates in St. Mary's benefit plans and is entitled to bonuses and incentive compensation as determined by the Board of Directors. The agreement is terminable at any time upon 30 days' notice by either party. Upon termination of the agreement by St. Mary for any reason whatsoever (other than death, disability or misconduct by Mr. Hellerstein), St. Mary is obligated to continue to pay his compensation, including insurance benefits, for a period of one year.

St. Mary has established a change in control executive severance policy and entered into change of control severance agreements whereby certain officers of St. Mary, including the officers named in the Summary Compensation Table, are entitled to receive severance payments in the event that their employment is terminated within two and one-half years after a change in control of the Company (a) without "cause" by the Company or (b) for "good reason" by the officer (e.g. an adverse change in the officer's status after a change in control), each as defined in the agreements. The severance payments would equal up to two and one-half years annual base salary, depending on the length of time employment continues after the change in control provided that in no event would the severance payments equal less than one year's annual base salary. In addition, all insurance and fringe benefits will be provided for a period of one year.

A change in control is defined to include (i) an acquisition of more than fifty percent of the common stock or assets of the Company in a reorganization, merger or consolidation of the Company or (ii) a change in more than fifty percent of the composition of the Board of Directors of the Company other than as a result of the election of new members of the Board of Directors by a vote of the incumbent members of the Board of Directors or by stockholders of the Company pursuant to the recommendation of the incumbent members of the Board of Directors.

PERFORMANCE GRAPH

The following performance graph compares the cumulative total stockholder return on St. Mary's common stock for the period December 31, 1998 to December 31, 2003 with the cumulative total return of the Dow Jones Secondary Oil Index, the Standard Industrial Classification Code (1311) for Crude Petroleum and Natural Gas (the industry peer group index presented in previous years) and the Standard & Poor's 500 Stock Index. The Dow Jones Secondary Oil Index has been selected as an industry peer group index for presentation in the current and future years since The Dow Jones Secondary Oil Index is comprised of oil and gas companies that we believe are more representative of our peers. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Set forth below is a description of transactions entered into between St. Mary and certain of its officers and directors during the last fiscal year. Some of these transactions will continue in effect and may result in conflicts of interest between St. Mary and these individuals. Although these persons owe fiduciary duties to St. Mary and its stockholders, we cannot assure you that conflicts of interest will always be resolved in favor of St. Mary.

As a result of their prior employment with another company with which St. Mary engaged in a number of transactions, Ronald D. Boone, a director of St. Mary, and two vice presidents of St. Mary own royalty interests in certain of St. Mary's properties, which were earned as part of the prior employer's employee benefit programs. One vice president also owns certain working interests through participation in acquisitions made by his former employer. Those persons have no royalty participation or working interest in any new St. Mary properties.

18

Mr. Boone also owns 25% of Princeton Energy LLC, which owns the oil and gas working interests that he acquired as a result of his prior employment. Although Mr. Boone does not manage this entity, he may participate in any investment decisions made by them.

St. Mary's by-laws provide that no director, officer or employee may pursue for his or her own account a business or investment opportunity if he or she has obtained knowledge of such opportunity through his or her affiliation with the Company. In addition, no officer or employee of St. Mary may pursue for his or her own account an oil and gas opportunity as to which his or her knowledge of the opportunity was not obtained through his or her affiliation with the Company unless (a) with respect to an officer of St. Mary, the officer's pursuit of the opportunity has been approved by the Board of Directors and (b) with respect to a non-officer of St. Mary, the employee's pursuit of the opportunity has been approved by a senior officer of St. Mary with full knowledge of such opportunity. These restrictions do not apply to the acquisition of less than one percent of the publicly traded stock of another company.

OTHER MATTERS TO BE VOTED ON

Approval of Restricted Stock Plan

Overview

St. Mary's stockholders are being asked to approve a Restricted Stock Plan to authorize the issuance of shares of St. Mary common stock to employees, consultants and directors as equity-based incentive compensation through restricted stock and restricted stock unit awards under the plan.

The plan covers a stated total of 5,600,000 shares of common stock, which is the same total number of shares covered by St. Mary's stock option plans as previously approved by the stockholders in 2003. However, the plan provides that the number of shares actually available under the plan be reduced to the extent that options are issued under the stock option plans. In addition, to the extent that shares are issued under the plan, the shares available under the stock option plans will be reduced. Therefore, approval of the Restricted Stock Plan will not result in an

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

increase in the total number of shares authorized for issuance to employees, consultants and directors, but rather will allow for alternate forms of equity-based incentive compensation subject to the previously approved total share limit under the stock option plans.

As of December 31, 2003, there were 839,934 remaining shares available for grant under the stock option plans, which are also be the number of shares that will be available for awards under the Restricted Stock Plan. To the extent there are grants, cancellations or forfeitures under the stock option plans or the Restricted Stock Plan, the remaining shares available for grant under all plans change accordingly. In anticipation of the adoption of the Restricted Stock Plan, St. Mary discontinued its prior practice of making regular quarterly grants of stock options to employees effective January 1, 2004. St. Mary currently intends to grant restricted stock unit awards under the plan to employees and directors beginning in June 2004. St. Mary expects that the amount of the grants will be based on certain Company and individual performance measures, including net asset value and other corporate, regional and individual performance measures. Such grant amounts have not been determined as of the date of this proxy statement. Although St. Mary does not currently intend to resume making regular option grants, the stock option plans will remain in effect to allow for possible future option grants in the event that the Board determines that it is in St. Mary's best interests to do so.

The total number of shares subject to options granted during 2003 was 858,431. However, since recipients of restricted stock and restricted stock unit awards can realize the total current value of the underlying stock awarded once any required vesting or holding periods are satisfied, whereas recipients of stock options realize value only to the extent that the value of the stock exceeds the exercise price which is generally equal to the stock trading price on the option grant date, St. Mary expects that the

19

number of shares subject to awards under the Restricted Stock Plan during a year will be substantially less than the number of shares that were previously subject to option grants during a year since fewer shares should be required for awards under the Restricted Stock Plan to achieve the same relative levels of desired compensation value as for previous option grants. Accordingly, St. Mary believes that the actual dilution to stockholders resulting from awards under the Restricted Stock Plan will not be greater than would otherwise result from continued regular employee options grants under the stock option plans for similar desired levels of incentive compensation.

On April 8, 2004, the Board of Directors approved the plan. Under applicable New York Stock Exchange rules, St. Mary must obtain stockholder approval of the Restricted Stock Plan. In addition, stockholder approval of the plan is necessary to allow St. Mary to ensure that compensation paid under the plan can be eligible for the "performance-based compensation" exemption from the limits on tax deductibility imposed by Section 162(m) of the Internal Revenue Code.

Plan Summary

The following is a summary of the principal features of the plan, a copy of which is attached to this proxy statement as Annex B. In addition, St. Mary will furnish a copy of the plan to any stockholder upon written request to St. Mary's Corporate Secretary.

Purpose

The purpose of the plan is to enhance the Company's stockholder value by attracting, retaining and motivating key employees, consultants and directors of St. Mary and its subsidiaries, and to encourage and enable them to acquire a proprietary interest in St. Mary by issuing shares of common stock to them as incentive compensation.

Eligibility and Participation

All current employees, consultants and directors of St. Mary or any subsidiary of St. Mary are eligible to participate in the plan and be granted awards under the plan. Participants will be selected by the Board of Directors in its sole discretion from among those eligible to participate who in the judgment of the Board are or were in a position to contribute materially to St. Mary's continued growth and development and to its long-term success.

During 2003, a total of 154 persons received stock options under the stock option plans, and St. Mary anticipates a similar number will be designated to participate in and receive awards under the Restricted Stock Plan in 2004. The number of participants receiving awards and the amount of awards granted are subject to the discretion of the Board at the time of the awards.

Administration

The Board is responsible for administering the plan, but at the discretion of the Board the plan may be administered by a committee of two or more non-employee directors appointed by the Board. St. Mary anticipates that the Compensation Committee of the Board of Directors will administer the plan. Subject to the provisions of the plan, the Board or the Committee will have complete discretion in determining the terms and conditions and number of shares issued under awards granted under the plan.

Shares of Stock Available

The total number of shares authorized for issuance under the plan is 5,600,000, which is the same number of total shares authorized for issuance under the stock option plans. Such number is reduced under the plan to the extent that options are issued under the stock option plans. In addition, to the extent that shares of stock are issued under the plan, the shares of stock available under the stock option plans will be reduced. As of December 31, 2003, the stock option plans had a total of 839,934 remaining shares available for option grants, which will be the number of shares available for awards under the Restricted Stock Plan, as adjusted for grants, cancellations and forfeitures.

If an award expires, is forfeited or is terminated without the shares of stock with respect to such award being or remaining issued, the unissued shares of stock will become available for other awards under the plan. In the event of any change in the outstanding shares due to a stock dividend or split, recapitalization, reclassification or other similar change or adjustment in capitalization, the number of shares available under the plan will be correspondingly adjusted by the Board.

The maximum number of shares that may be issued, including issuances pursuant to the settlement of restricted stock units previously awarded under the plan, to any one participant during any calendar year is 100,000 shares.

Awards

Awards under the plan may be granted to eligible participants from time to time as determined by the Board. Subject to the terms and provisions of the plan, the Board has complete discretion in determining the terms and conditions and number of shares of stock subject to each award. The Board in its discretion may grant awards of restricted stock or restricted stock units.

Restricted Stock Awards

Restricted stock awards may be issued for services rendered with any or no additional purchase price as may be determined by the Board in its discretion, and may be subject to certain restrictions and to a risk of forfeiture. A restricted stock award agreement may provide for forfeiture of the restricted stock upon termination of the participant's employment or other relationship with the Company or nonperformance of specified performance goals or measures established by the Board. A restricted stock award agreement may also provide for (i) vesting periods which require the passage of time and/or the occurrence of events in order for the restricted stock to vest and become no longer subject to forfeiture and (ii) holding periods during which the restricted stock may not be sold or otherwise transferred.

Restricted Stock Unit Awards

A restricted stock unit award will represent the rights for shares of stock to be delivered upon settlement of the award at the end of a specified deferral period, subject to a risk of forfeiture and cancellation. The Board may permit the participant to elect to further defer settlement subject to such terms and conditions as the Board may specify. In addition, unless otherwise determined by the Board, if the Board reasonably determines that any settlement of restricted stock units would result in payment of compensation to a participant which is not deductible by the Company under Section 162(m) of the Internal Revenue Code, such settlement shall be deferred to the extent necessary to avoid payment of such non-deductible compensation, with such deferral continuing only until such date as settlement can be effected without loss of deductibility by the Company under Section 162(m) of the Code.

A restricted stock unit award may provide for cancellation of the restricted stock units upon termination of the participant's employment or other relationship with the Company or nonperformance of specified performance goals or measures established by the Board. A restricted

stock unit award may also provide for vesting periods which require the passage of time and/or the occurrence of events in order for the restricted stock units to vest and become no longer subject to cancellation. Restricted stock units will not be credited with dividend equivalents unless specifically provided for in the award agreement.

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

A restricted stock unit award may provide that settlement may be made (i) solely through the issuance of shares of stock or (ii) at the mutual election of the participant and the Company, in a combination of shares of stock and cash. In no event shall the total value of restricted stock unit award settlements with any one participant during any calendar year exceed the value at the time of settlement of the maximum number of shares issuable to any one participant during any calendar year under the plan.

Award Agreements

Each award under the plan will be evidenced by a written award agreement that specifies the number of shares of stock to which the award applies, and such vesting or other restrictions and other terms and conditions which the Board may impose. If not otherwise specified by the Board, the following terms and conditions will apply to awards:

Vesting

An award will vest pursuant to a vesting schedule as determined by the Board, which vesting schedule may provide that (i) an award held by a participant who retires from employment with the Company after having both reached the age of sixty and completed twelve years of service with the Company will continue to vest in accordance with the vesting schedule set forth in the applicable award agreement notwithstanding the termination of the participant's employment with the Company, provided that prior to full vesting of the award such participant does not after such retirement become employed on a full-time basis by a competitor of the Company prior to reaching age sixty-five, and (ii) an award held by a non-employee director of the Company who resign from the Board after completing at least five years of service to the Company will become fully vested.

St. Mary currently plans to grant regular restricted stock unit awards which provide that the recipient will not be able to sell the underlying shares to be issued upon vesting and settlement of the award until three years from the date of grant.

Termination

An outstanding award that has not vested and been settled will be cancelled upon the Company's termination of the employment of the participant. If terminated for cause, any awards that are vested but not yet settled are forfeited.

Acceleration

An outstanding award will become fully vested and settled irrespective of its other provisions (i) immediately prior to the completion of the merger or sale of substantially all of the stock or assets of the Company in a transaction in which the Company is not the survivor, except for the merger of the Company into a wholly owned subsidiary (and the Company shall not be considered the surviving corporation for such purpose if the Company is the survivor of a reverse triangular merger), or (ii) upon termination of the participant's employment with the Company because of death, disability or normal retirement upon reaching the age of sixty-five.

22

Transferability

An outstanding award that has not vested and been settled or is otherwise restricted by the terms of the award agreement as to transferability will not be transferable by the participant, and the participant will not be permitted to sell, transfer, pledge or otherwise encumber such award or the shares of stock issuable in settlement thereof, other than (i) to the person or persons to whom the participant's rights under such award pass by will or the laws of descent and distribution, (ii) to the spouse or the descendants of the participant or to trusts for such persons to whom or which the participant may transfer such award, (iii) to the legal representative of any of the foregoing, or (iv) pursuant to a qualified domestic relation order or similar order or agreement.

The Board, in its discretion, is free to specify terms and conditions other than and in addition to those set forth above.

Performance-Based Compensation

The Board may designate whether an award is intended to be "performance-based compensation," as that term is used in Section 162(m) of the Internal Revenue Code. Any award designated as intended to be "performance-based compensation" will be conditioned on the achievement of one or more objective performance goals or measures as established in advance by the Compensation Committee of the Board of Directors. The performance goals or measures that may be used by the Committee for such award will be based on any one or more of the following, as selected by the Committee: (i) increases in, or levels of, net asset value (which includes a cash flow measurement component), net asset value

per share, pretax earnings, net income and/or earnings per share of the Company and/or one or more regional operations and/or subsidiaries; and/or (ii) control of operating and/or nonoperating expenses of the Company and/or one or more regional operations and/or subsidiaries. For an award intended to be "performance-based compensation," the grant of the award and the establishment of the performance goals or measures will be made during the period required under Section 162(m) of the Code and pursuant to the other provisions thereof.

Rights of Participants

Nothing in the plan will interfere with or limit in any way the right of the Company to terminate any employee's employment or consultant's engagement at any time, nor confer upon any employee or consultant any right to continue to be employed or engaged by the Company.

Amendment and Termination

The Board may at any time terminate and from time to time may amend or modify the plan. Unless terminated earlier by the Board, the plan will terminate upon the expiration of ten years after the date of the adoption of the plan. Any amendment or modification of the plan by the Board may be accomplished without approval of the stockholders, except that stockholder approval will be required in the event that (i) the amendment or modification would increase the total number of shares of stock available for issuance under the plan or (ii) stockholder approval of such amendment or modification is required by any law or regulation governing the Company or by any applicable listing standard of a national securities exchange or market on which the stock is listed for trading.

No amendment, modification or termination of the plan will in any manner adversely affect any outstanding award under the plan without the consent of the participant holding the award.

Principal Federal Income Tax Consequences

The principal federal income tax consequences of the granting of awards and the issuance of shares of St. Mary common stock under the plan are discussed below. This discussion is based on the Internal Revenue Code of 1986 and IRS regulations in effect on the date of this proxy statement.

Restricted Stock Awards

Unless a participant who receives a restricted stock award makes an election under Section 83(b) of the Code as described below, there will be no federal income tax consequences to either the participant or St. Mary upon the grant of the restricted stock award until expiration of the restricted or vesting period and the satisfaction of any performance goals or other conditions applicable to the restricted stock. At that time, the participant generally will recognize ordinary income equal to the then fair market value of the shares of stock and, subject to Sections 162(m) and 280G of the Code and St. Mary satisfying applicable reporting requirements, St. Mary will be entitled to a corresponding deduction. In general, any dividends paid to the participant while the restrictions or other conditions applicable to the restricted stock apply will be taxable compensation income to the participant, and St. Mary will be entitled to a corresponding deduction with respect to such dividends, subject to Sections 162(m) and 280G of the Code.

If the participant makes an election under Section 83(b) of the Code with respect to the restricted stock, the participant will recognize ordinary income equal to the fair market value of the restricted stock as of the date of grant and St. Mary generally will be entitled to a corresponding deduction, subject to Section 162(m) of the Code. In addition, cash dividends paid to the participant would be taxable at a current maximum rate of 15% applicable to dividend income. St. Mary would not be entitled to a deduction with respect to any dividends paid to the participant if a Section 83(b) election is made with respect to the restricted stock.

Upon a subsequent sale of restricted stock after any vesting and holding periods are satisfied, any gain or loss realized by the participant will be a capital gain or loss, long-term or short-term, depending on whether the restricted stock was held for more than one year from the date of grant if a Section 83(b) election is made or for more than one year from the date of vesting if no Section 83(b) election is made. The basis of the restricted stock for purposes of calculating gain or loss from the sale will be the fair market value of those shares at the time of grant if a Section 83(b) election is made or at the time of vesting if a Section 83(b) election is not made.

Restricted Stock Unit Awards

Edgar Filing: ST MARY LAND & EXPLORATION CO - Form DEF 14A

There will be no federal income tax consequences to the participant or the Company upon the grant of restricted stock units. Participants generally will recognize ordinary income, taxable as compensation, at the time that the restricted stock units are settled and payment for the restricted stock units is received in an amount equal to the aggregate amount of any cash and the fair market value of the shares of stock received. Subject to Sections 162(m) and 280G of the Code and the Company satisfying applicable reporting requirements, the Company will be entitled to a deduction equal to the amount included in the participant's income at that time.

Upon a subsequent sale of stock received upon settlement of a restricted stock unit award, any gain or loss realized by the participant will be a capital gain or loss, long-term or short-term, depending on whether the stock was held for more than one year from the date of settlement. The basis of the stock for purposes of calculating gain or loss from the sale will be the amount recognized as ordinary income with respect to the receipt of the shares.

24

Section 162(m) Limitation

In general, Section 162(m) of the Code limits to \$1 million the federal income tax deductions that may be claimed in any tax year of the Company with respect to compensation payable to any employee who is chief executive officer or one of the other four highest paid executive officers of the Company on the last day of that tax year. This limit does not apply to certain performance-based compensation paid under a plan that meets the requirements of Section 162(m) of the Code and the regulations promulgated thereunder. The Company believes that the restricted stock and restricted stock units to be awarded under the Restricted Stock Plan may qualify for the performance-based compensation exception to the Section 162(m) limitations provided the compensation is contingent on attaining one or more performance goals. The business criteria on which such performance based compensation would be based are described above under the caption Performance Bases Compensation, and the maximum amount of compensation that could be paid to any participant in any calendar year if the performance goals are attained is reflected in the plan provisions regarding the maximum number of shares that may be issued to any one participant in any calendar year. Certain computational components of the business criteria on which such performance-based compensation may be based reflect information which the Compensation Committee believes is confidential commercial or business information, the disclosures of which would adversely affect the Company. Under the provisions of the plan the Board has the ability to grant awards that would not qualify for the performance-based compensation exception.

Golden Parachute Tax and Section 280G of the Code

If an award is accelerated as a result of a change in control of St. Mary, all or a portion of the value of the award at that time may be a "parachute payment" under Section 280G of the Code for certain employees and other individuals who perform services for the Company. Section 280G generally provides that if parachute payments equal or exceed three times an award holder's average W-2 compensation for the five tax years preceding the year of the change in control, the Company will not be permitted to claim its deduction with respect to any "excess parachute payments" made to the individual. An "excess parachute payment" generally is the portion of a parachute payment that exceeds such individual's historical average compensation. Section 280G of the Code generally applies to employees or other individuals who perform services for the Company if within the 12-month period preceding the change in control the individual is an officer of the Company, a stockholder owning more than 1% of the stock of the Company, or a member of the group consisting of the lesser of the highest paid 1% of the employees of the Company or the highest paid 250 employees of the Company. A recipient of an excess parachute payment is subject to a 20% excise tax on such excess parachute payment under Section 4999 of the Code.

The discussion set forth above is intended only as a summary and does not purport to be a complete enumeration or analysis of all potential tax consequences relevant to recipients of awards under the Restricted Stock Plan. We have not undertaken to discuss the tax treatment of awards under the plan in connection with a merger, consolidation or similar transaction. Such treatment will depend on the terms of the transaction and the method of dealing with the awards in connection therewith.

Securities Registration

We plan to register under the Securities Act of 1933 the issuance of shares of stock under the plan. Accordingly, participants will be able to sell shares issued under the plan once any vesting and holding periods are satisfied, subject to other requirements of the Securities Act.

25

Board Recommendation

Since the Board of Directors believes that the Restricted Stock Plan will attract, retain and further motivate employees, consultants and directors and enhance stockholder value, the Board of Directors recommends that stockholders vote **FOR** approval of the Restricted Stock Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, directors, executive officers and persons holding more than 10% of St. Mary common stock must report their initial ownership of the common stock and any changes in that ownership in reports which must be filed with the SEC and St. Mary. The SEC has designated specific deadlines for these reports and St. Mary must identify in this proxy statement those persons who did not file these reports when due.

Based solely on a review of reports filed with the Company, all directors, executive officers and 10% owners timely filed all reports regarding transactions in the Company's securities required to be filed for 2003 by Section 16(a) under the Securities Exchange Act of 1934, except as follows. There was a late report for Mark Hellerstein in 2003 for 70 shares purchased by his broker to reinvest dividends received from St. Mary. A report for an option grant to Robert L. Nance to acquire up to 6,036 shares was also filed late. Even though it was initially filed by the deadline, it inadvertently did not include all option shares. We promptly amended the Form 4 filing thereafter. Finally, a Form 3 filing required to be made by Flying J Oil & Gas Inc. to report the issuance of 3,380,818 shares of St. Mary common stock to Flying J in January 2003 was filed late.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities with respect to (1) the integrity of the Company's financial statements and financial reporting process and systems of internal controls regarding finance, accounting and compliance with legal and regulatory requirements, (2) the qualifications, independence and performance of the Company's independent accountants, (3) the performance of the Company's internal audit function and (4) other matters as set forth in the charter of the Audit Committee approved by the Board of Directors and attached to this proxy statement as Annex A.

Management is responsible for the Company's financial statements and the financial reporting process, including the systems of internal controls and disclosure controls and procedures. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company for the year ended December 31, 2003, with management and the independent accountants. The Audit Committee also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in

the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the SEC.

INDEPENDENT ACCOUNTANTS

As previously reported in St. Mary's Current Report on Form 8-K filed with the SEC on May 30, 2002, on May 23, 2002, St. Mary dismissed Arthur Andersen LLP ("Andersen") as St. Mary's independent accountants. The St. Mary Audit Committee and Board of Directors approved this dismissal.

Andersen's report on St. Mary's financial statements for the fiscal years ended December 31, 2001 and 2000, did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty or audit scope. In addition, there were no modifications as to accounting principles except that the audit report of Andersen for the fiscal year ended December 31, 2001, contained an explanatory paragraph with respect to the change in the method of accounting for derivative instruments effective January 1, 2001, as required by the Financial Accounting Standards Board.

During the fiscal year ended December 31, 2001, and the interim period from January 1, 2002, to the date of the dismissal of Andersen on May 23, 2002, there were no disagreements between St. Mary and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which if not resolved to the satisfaction of Andersen would have caused them to make reference to the subject matter thereof in connection with their reports.

As previously reported in St. Mary's Current Report on Form 8-K filed with the SEC on June 3, 2002, St. Mary engaged Deloitte & Touche LLP as St. Mary's new independent accountants on June 3, 2002. The St. Mary Audit Committee and Board of Directors approved this new engagement.

To the knowledge of management, neither Deloitte & Touche LLP nor any of its members has any direct or material indirect financial interest in St. Mary nor any connection with St. Mary in any capacity other than as independent public accountants. A representative of Deloitte & Touche LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if he desires to do so and to respond to appropriate questions.

27

The Company paid the following fees to the independent accountants for the audit of the consolidated financial statements and for other services provided in the years ended December 31, 2003 and 2002. All services and fees including tax service fees were pre-approved by the Audit Committee.

	2003	2002
Audit Fees	\$ 130,000	\$ 118,906
Audit Related Fees	27,130	53,767
Tax Fees	26,757	7,500
All Other Fees, including financial systems Design and implementation		
Total Fees	\$ 183,887	\$ 180,173

Audit related fees were primarily related to the audit and review of St. Mary's employee benefit plans. The tax fees include basic compliance services and assistance with technical research. The Audit Committee has concluded that the provision of these non-audit services is compatible with maintaining the accountants' independence.

AUDIT COMMITTEE PRE-APPROVAL POLICY AND PROCEDURES

The charter of the Audit Committee provides that the Audit Committee shall approve the fees and any other significant compensation to be paid to the independent accountants, and shall approve in advance any non-audit services to be performed by the independent accountants. Such pre-approval requirement for non-audit services may be waived only if the non-audit services meet a de minimus exception allowed by law. Accordingly, it is the Audit Committee's policy that, prior to the engagement of the independent accountants, the Audit Committee shall review

and pre-approve all audit and permissible non-audit services to be provided by the independent accountants (including the related fees and other terms of such services).

In connection with this policy, the following procedures are followed: (i) each year the Audit Committee reviews and pre-approves a schedule of services and estimated fees for proposed audit and non-audit services to be provided by the independent accountants during the next annual audit cycle, which schedule is detailed as to the particular services to be performed by the independent accountants; (ii) actual amounts paid to the independent accountants are monitored by financial management of the Company and reported to the Audit Committee; (iii) any services proposed to be provided by the independent accountants and the related fees that have not been pre-approved during the annual review by the Audit Committee must be pre-approved by the Audit Committee in advance of any work performed; and, (iv) incremental fees for previously approved services that are expected to exceed the previously approved fee estimate must also be pre-approved by the Audit Committee.

FUTURE STOCKHOLDER PROPOSALS

St. Mary must receive any St. Mary stockholder proposal for the annual meeting of stockholders in 2005 before November 1, 2004, for the proposal to be included in the St. Mary proxy statement and form of proxy for that meeting. St. Mary's by-laws require that advance written notice in proper form of stockholder proposals for matters to be brought before an annual stockholders meeting be received by the Secretary of St. Mary not less than 75 days nor more than 105 days before the first anniversary date of the immediately preceding annual stockholders meeting. Accordingly, notice of stockholder proposals for the 2005 annual meeting must be received by St. Mary between February 10, 2005, and March 12, 2005.

28

OTHER MATTERS

Management does not know of any matters other than the election of directors and approval of the Restricted Stock Plan to be brought before the annual meeting of stockholders. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the enclosed proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.

ANNEX A

ST. MARY LAND & EXPLORATION COMPANY

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

As Amended by the Board of Directors on January 22, 2004

I. Audit Committee Purpose

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities with respect to:

The integrity of the Company's financial statements and financial reporting process and systems of internal controls regarding finance, accounting and compliance with legal and regulatory requirements.

The qualifications, independence and performance of the Company's independent auditors.

The performance of the Company's internal audit function.

The Company's financial risk assessment and risk management policies.

The Company's compliance with legal and regulatory requirements relating to the above matters.

Establishing and maintaining an avenue of communication among the independent auditors, individuals performing the finance, accounting, financial reporting and internal audit functions, management and the Board of Directors.

II. Audit Committee Authority

The Audit Committee has the authority to conduct any investigation and to take any other action appropriate to fulfill its responsibilities, and it shall have direct access to the independent auditors as well as to any person in the Company. The Audit Committee has the authority to retain, at the Company's expense, special independent legal, accounting and other advisers and experts it deems necessary to advise and assist the Committee in the performance of its responsibilities. The Company shall provide for appropriate funding, as determined by the Audit Committee, for the payment of compensation to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, compensation to any advisers retained by the Audit Committee, and ordinary administrative expenses of the Audit Committee that are necessary or appropriate in carrying out its duties.

III. Audit Committee Composition and Meetings

The Audit Committee members shall meet the independence requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934, Rule 10A-3(b)(1) of the Securities and Exchange Commission ("SEC"), the rules of the New York Stock Exchange and other applicable laws, rules and regulations. Each member of the Audit Committee shall also meet the financial literacy requirements of the New York Stock Exchange. The Audit Committee shall be comprised of at least three Directors appointed by the Board, each of whom shall be an independent non-executive Director without any relationship or activity which, in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a member of the Committee. ARTICLE V
SHARES OF STOCK AVAILABLE

5.1 *Total Number of Shares.* The total number of shares of Stock hereby made available and reserved for issuance pursuant to Awards granted under the Plan shall be 5,600,000 shares. Notwithstanding anything to the contrary contained in the foregoing, to the extent that options are granted or have been granted under the Company's Stock Option Plan, as amended on May 22, 2003, and as it may be amended from time to time thereafter (the "Stock Option Plan"), or the Company's Incentive Stock Option Plan, as amended on May 22, 2003, and as it may be amended from time to time thereafter (the "Incentive Stock Option Plan"), the shares of Stock reserved for issuance pursuant to Awards granted under this Plan shall be reduced. In addition, to the extent that shares of Stock are issued pursuant to Awards granted under this Plan, the shares of Stock reserved for issuance under the Stock Option Plan and the Incentive Stock Option Plan shall be reduced. The aggregate number of shares of Stock available under the Plan shall be subject to adjustment as provided in Section 5.4.

5.2 *Annual Maximum Number of Shares Issuable to a Single Participant.* The maximum number of shares of Stock that may be issued pursuant to this Plan including issuances pursuant to the settlement of Restricted Stock Units previously awarded under the Plan to any one Participant during any calendar year shall be 100,000 shares. Such number of shares of Stock shall be subject to adjustment as provided in Section 5.4.

5.3 *Unused Shares.* If an Award shall expire or be forfeited or terminated for any reason without all shares of Stock with respect thereto being or remaining issued, the unissued shares of Stock subject thereto shall (unless the Plan shall have terminated) become available for other Awards under the Plan.

5.4 *Adjustment in Capitalization.* In the event of any change in the outstanding shares of Stock of the Company by reason of a stock dividend or split, recapitalization, reclassification or other similar change or adjustment in capitalization, the number of shares of Stock set forth in this Article V shall be correspondingly adjusted by the Board, whose determination shall be conclusive. In any such case, the number and kind of shares of Stock that are subject to any outstanding Award that has not vested and/or been settled shall be proportionately and appropriately adjusted.

ARTICLE VI AWARDS

6.1 *Grant of Awards.* Subject to Article V, Awards may be granted to current employees, consultants and members of the Board of the Company and any subsidiary thereof at any time and from time to time as determined by the Board. Subject to the terms and provisions of the Plan, the Board shall have complete discretion in determining the terms and conditions and number of shares of Stock subject to each Award. In making such determinations, the Board may take into account the nature of services rendered by such current employees, consultants and members of the Board, their present and potential contributions to the Company and such other factors as the Board in its discretion shall deem relevant.

6.2 *Types of Awards.* Subject to the terms and provisions of the Plan, the Board in its discretion may grant Awards of Restricted Stock and/or Restricted Stock Units.

37

(a) *Restricted Stock Awards.*

(i) *Nature of Restricted Stock.* Restricted Stock may be issued for services rendered with any or no additional purchase price as shall be determined by the Board in its discretion, and may be subject to certain restrictions and to a risk of forfeiture as set forth in the Award Agreement. A Participant to whom a Restricted Stock Award is granted shall, upon issuance of a stock certificate for the shares of Stock issued, have all of the rights of ownership with respect to the shares of Stock subject to such Restricted Stock Award, including the right to vote the same and receive any dividends paid thereon, subject, however, to the terms, conditions and restrictions contained in this Plan and in the applicable Award Agreement.

(ii) *Forfeiture and Vesting.* A Restricted Stock Award Agreement may provide for forfeiture of the Restricted Stock upon termination of the Participant's employment or other relationship with the Company or nonperformance of specified performance goals or measures established by the Board. A Restricted Stock Award Agreement may also provide for (i) vesting periods which require the passage of time and/or the occurrence of events in order for the Restricted Stock to vest and become no longer subject to forfeiture and (ii) holding periods during which the Restricted Stock may not be sold or otherwise transferred.

(iii) *Certificates and Settlement.* Upon an Award of Restricted Stock, the Company shall deliver to the Participant a certificate evidencing the shares of Stock subject to the Award and such certificate shall be imprinted with an appropriate legend referring to or setting forth the applicable restrictions to which such shares are subject. After the shares of Stock are no longer subject to such restrictions, the Company shall, in accordance with the terms and conditions of the Award Agreement and upon the request of the Participant and the surrender by the Participant of the original certificate, settle the completed Restricted Stock Award by providing the Participant with a new certificate for the shares with such legend removed.

(b) *Restricted Stock Unit Awards.*

(i) *Nature of Restricted Stock Units; Accounts.* Each Restricted Stock Unit awarded shall represent a right for one share of Stock to be delivered upon settlement of the Award at the end of the Deferral Period, subject to a risk of forfeiture and cancellation and to the other terms and conditions set forth in the Plan and the Award Agreement. The Company shall establish and maintain a Participant account to record Restricted Stock Units and transactions and events affecting such units. Restricted Stock Units and other items reflected in the account will represent only bookkeeping entries by the

Company to evidence unfunded obligations of the Company.

(ii) *Deferral Period and Settlement Date.* Except as otherwise provided under the Plan, Restricted Stock Units (if not previously cancelled) shall be settled on or about the date or dates set forth in the Award Agreement. The Board may permit the Participant to elect to further defer settlement (thereby extending the Deferral Period), subject to such terms and conditions as the Board may specify. In addition, unless otherwise determined by the Board, if the Board reasonably determines that any settlement of Restricted Stock Units would result in payment of compensation to a Participant which is not deductible by the Company under Section 162(m) of the Code, such settlement shall be deferred to the extent necessary to avoid payment of such non-deductible compensation, with such deferral continuing only until such date as settlement can be effected without loss of deductibility by the Company under Section 162(m) of the Code.

(iii) *Cancellation and Vesting.* A Restricted Stock Unit Award Agreement may provide for cancellation of the Restricted Stock Units upon termination of the Participant's employment or other relationship with the Company or nonperformance of specified performance goals or

38

measures established by the Board. A Restricted Stock Unit Award Agreement may also provide for vesting periods which require the passage of time and/or the occurrence of events in order for the Restricted Stock Units to vest and become no longer subject to cancellation.

(iv) *Dividend Equivalents.* Restricted Stock Units shall not be credited with Dividend Equivalents unless specifically provided for in the Award Agreement, and then only upon such terms and conditions as set forth in the Award Agreement.

(v) *Settlement and Certificates.* Settlement of a Restricted Stock Unit Award shall be made in accordance with the terms and conditions of the applicable Award Agreement. A Restricted Stock Unit Award Agreement may provide that settlement may be made (A) solely through the issuance of shares of Stock or (B) at the mutual election of the Participant and the Company, in a combination of shares of Stock and cash. In no event shall the total value of Restricted Stock Unit Award settlements with any one Participant during any calendar year exceed the value at the time of settlement of the maximum number of shares of stock issuable to any one participant during any calendar year pursuant to Section 5.2 of the Plan. Upon the settlement of a Restricted Stock Unit Award, the Company shall deliver to the Participant a certificate for the number of shares of Stock issued to the Participant in settlement of the Award.

6.3 *Award Agreement; Terms and Conditions to Apply Unless Otherwise Specified.* As determined by the Board on the date of grant, each Award shall be evidenced by an Award Agreement which shall set forth the terms and conditions of such Award, including the number of shares of Stock to which the Award applies, the date or dates upon which such Award shall vest and the circumstances (including termination of employment or failure to satisfy one or more restrictive covenants or other ongoing obligations) under which the Award shall not vest, the time and manner of settlement of the Award, such transfer restrictions which the Board may impose and any other terms or conditions which the Board may impose. All such terms and conditions shall be determined by the Board at the time of grant of the Award. Award Agreements need not be identical to other Award Agreements either in form or substance.

(a) If not otherwise specified by the Board, the following terms and conditions shall apply to Awards granted under the Plan:

(i) *Vesting of Award.* An Award shall vest pursuant to a vesting schedule as determined by the Board, which vesting schedule may provide that (A) an Award held by a Participant who retires from employment with the Company after having both reached the age of sixty and completed twelve years of service with the Company shall continue to vest in accordance with the vesting schedule set forth in the applicable Award Agreement notwithstanding the termination of the Participant's employment with the Company, provided that prior to full vesting of the Award such Participant does not after such retirement become employed on a full-time basis by a competitor of the Company prior to reaching age sixty-five, and (B) an Award held by a Non-Employee Director of the Company who resigns from the Board after completing at least five years of service to the Company shall become fully vested.

(ii) *Termination.* An outstanding Award that has not vested and been settled shall be cancelled upon the Company's termination of the employment of the Participant for cause.

(iii) *Acceleration*. An outstanding Award shall become fully vested and settled irrespective of its other provisions (A) immediately prior to the completion of the merger or sale of substantially all of the Stock or assets of the Company in a transaction in which the Company is not the survivor, except for the merger of the Company into a wholly owned subsidiary (and the Company shall not be considered the surviving corporation for purposes hereof if the Company is the survivor of a reverse triangular merger), or (B) upon termination of the

39

Participant's employment with the Company or a subsidiary thereof because of death, disability or normal retirement upon reaching the age of sixty-five.

(iv) *Transferability*. An outstanding Award that has not vested and been settled or is otherwise restricted by the terms of the Award Agreement as to transferability shall not be transferable by the Participant, and the Participant shall not be permitted to sell, transfer, pledge or otherwise encumber such Award or the shares of Stock issuable in settlement thereof, other than (A) to the person or persons to whom the Participant's rights under such Award pass by will or the laws of descent and distribution, (B) to the spouse or the descendants of the Participant or to trusts for such persons to whom or which the Participant may transfer such Award, (C) to the legal representative of any of the foregoing, or (D) pursuant to a qualified domestic relations order as defined under Section 414(p) of the Code or similar order or agreement relating to the provision of child support, alimony payments or marital property right to a spouse, former spouse, child or other dependent of the Participant. Any such transfer shall be made only in compliance with the Securities Act and the requirements therefor as set forth by the Company.

- (b) The Board shall be free to specify terms and conditions other than and in addition to those set forth above, in its discretion.
- (c) All Award Agreements shall incorporate the provisions of the Plan by reference.

6.4 *No Fractional Shares*. In no event shall the Company issue fractional shares of Stock pursuant to any Award under the Plan. In the event that any fractional shares would otherwise result from the application of the terms of an Award, the Company shall instead pay cash in lieu of fractional shares on such basis as the Board may determine in its discretion.

6.5 *Performance-Based Compensation*. The Board may designate whether an Award is intended to be "performance-based compensation," as that term is used in Section 162(m) of the Code. Any Award designated as intended to be "performance-based compensation" shall be conditioned on the achievement of one or more objective performance goals or measures as established in advance by the Committee. The performance goals or measures that may be used by the Committee for such Award shall be based on any one or more of the following, as selected by the Committee: (a) increases in, or levels of, net asset value, net asset value per share, pretax earnings, net income and/or earnings per share of the Company and/or one or more regional operations and/or subsidiaries; and/or (b) control of operating and/or nonoperating expenses of the Company and/or one or more regional operations and/or subsidiaries. For an Award intended to be "performance-based compensation," the grant of the Award and the establishment of the performance goals or measures shall be made during the period required under Section 162(m) of the Code and pursuant to the other provisions thereof, and the Committee shall be composed solely of two or more "outside directors" within the meaning of Section 1.162-27(e)(3) of the Treasury Regulations under Section 162(m) of the Code.

ARTICLE VII

STOCKHOLDER PRIVILEGES

A Participant to whom an Award is granted under the Plan shall not have stockholder privileges with respect to any shares of Stock covered by the Award until the date of issuance of a stock certificate for the shares of Stock issued pursuant to the Award Agreement.

ARTICLE VIII

RIGHTS OF PARTICIPANTS

Nothing in the Plan shall interfere with or limit in any way the right of the Company or a subsidiary thereof to terminate any employee's employment or consultant's engagement at any time,

nor confer upon any employee or consultant any right to continue to be employed or engaged by the Company or a subsidiary thereof.

ARTICLE IX
AMENDMENT AND TERMINATION OF THE PLAN

9.1 *Amendment and Termination.* The Board may at any time terminate and from time to time may amend or modify the Plan. Unless terminated earlier by the Board, the Plan shall terminate upon the expiration of ten years after the date of the adoption of the Plan. Any amendment or modification of the Plan by the Board may be accomplished without approval of the stockholders of the Company, except that stockholder approval shall be required in the event that (a) the amendment or modification would increase the total number of shares of Stock available for issuance under the Plan or (b) stockholder approval of such amendment or modification is required by any law or regulation governing the Company or by any applicable listing standard of a national securities exchange or market on which the Stock is listed for trading.

9.2 *No Impairment of Outstanding Awards.* No amendment, modification or termination of the Plan shall in any manner adversely affect any outstanding Award under the Plan without the consent of the Participant holding the Award.

ARTICLE X
ACQUISITION, MERGER OR LIQUIDATION

In the event that an acquisition, merger or liquidation occurs with respect to the Company, the Board may, in its sole discretion, provide that any of the following actions shall be taken by the Company as a result, or in anticipation, of any such event to ensure the fair and equitable treatment of Participants:

- (a) acceleration of vesting and settlement of outstanding Awards;
- (b) offer to purchase outstanding Awards from the Participants for the Awards' equivalent cash value, as determined by the Board, as of the date of the acquisition, merger or liquidation, or another specified date; or
- (c) make adjustments or modifications to outstanding Awards, such as providing for the assumption of outstanding Awards by an acquiror and conversion of the underlying shares of Stock to securities of the acquiror, as the Board deems appropriate to maintain and protect the rights and interests of the Participants following such event.

Any such action approved by the Board shall be conclusive and binding on the Company, its subsidiaries and all Participants. For purposes of this Article X, an "acquisition" shall mean any transaction in which substantially all of the Company's assets are acquired or in which a controlling amount of the Company's outstanding shares of Stock are acquired, whether by direct purchase, through a merger or similar corporate transaction or otherwise, in each case by a single person or entity or an affiliated group of persons and entities. For purposes of this Article X, a controlling amount shall mean more than fifty percent of the issued and outstanding shares of Stock of the Company.

ARTICLE XI
SECURITIES REGISTRATION

11.1 *Securities Registration.* In the event that the Company shall deem it necessary or desirable to register under the Securities Act, or any other applicable statute, any Awards or any shares of Stock with respect to which an Award may be or shall have been granted, or to qualify any such Awards or shares of Stock under the Securities Act or any other statute, then the Participant shall cooperate with

the Company and take such action as is necessary to permit registration or qualification of such Awards or shares of Stock.

11.2 *Representations.* Unless the Company has determined that the following representation is unnecessary, each person receiving an Award under the Plan may be required by the Company, as a condition to the issuance of shares of Stock pursuant to the Award, to make a representation in writing (i) that he or she is acquiring such shares for his or her own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof within the meaning of the Securities Act, and (ii) that before any transfer in connection with the resale of such shares, he or she will obtain the written opinion of counsel for the Company, or other counsel acceptable to the Company, that such shares may be transferred without registration thereof. The Company may also require that the certificates representing such shares contain legends reflecting the foregoing.

ARTICLE XII
TAX WITHHOLDING
