Unaudited Pro Forma Condensed

Combined Financial Information

The following unaudited pro forma condensed consolidated balance sheet as of September 30, 2005 is based on the unaudited historical consolidated balance sheet of Landmark and First Manhattan as of that date assuming that the Merger consummated on January 1, 2006 had occurred on September 30, 2005.

The following unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2005 and the year ended December 31, 2004 reflect the combination of Landmark and First Manhattan as if the purchase had occurred at the beginning of the respective periods. The unaudited condensed consolidated statements of earnings give effect to the purchase accounting adjustments recognized in the transaction.

These pro forma financial statements should be read in conjunction with the historical consolidated financial statements and related notes of Landmark Bancorp, Inc. in Landmark's December 31, 2004 Form 10-K, and in conjunction with the historical consolidated financial statements of First Manhattan and related notes included herein.

Goodwill and core deposit intangible recognized with respect to the merger were approximately \$8.0 million. Core deposit intangible will be amortized from the acquisition date on an accelerated method using a 10-year amortization period. In the opinion of Landmark's management, the estimates used in the preparation of these financial statements are reasonable under the circumstances.

The combined company expects to achieve annualized benefits from the Merger including operating cost savings and revenue enhancements totaling approximately \$1,200,000. These pro forma financial statements do not reflect any potential cost savings or revenue enhancements that are expected to result from the combination of operations of Landmark and First Manhattan. No assurance can be given with respect to the ultimate level of cost savings and revenue enhancements to be realized. As a result, these pro forma financial statements are not necessarily indicative of either the results of operations or financial condition that would have been achieved had the Merger in fact occurred on the dates indicated, nor do they purport to be indicative of results of operations or financial condition that may be achieved in the future by the combined company.
